CARRIZOZO. LINCOLN COUNTY, NEW MEXICO, NOVEMBER 17, 1911

NUMBER 42

MINOR STATE OFFICERS IN DOUBT

The unprecedentedly slow returns and the bungling manner provided, under the terms of the constitution, for making them, have thrown a cloud over the result in the first state election in New Mexico.

That W. C. McDonald has been elected governor by over 3,000 all concede. It is also conceded that E. C. de Baca, the democratic candidate for lieutenant governor has been elected by several hundred; that O. N. Marron, treasurer, Antonio Lucero, secretary of state, and Alvan N. White, Superintendent of Public Instruction, all democrats, are also among the lucky ones.

The other state officers are in doubt, and the republicans claim the election of Frank W. Clancy, attorney general; William G. Sargent, auditor; Robert P. Ervien, land commissioner; two of the supreme court justices, Parker and Roberts, as well as two of the corporation commissioners, Williams and Groves; and one of the congressmen, George Curry. The democrats claim the election of their full state ticket, with possibly two exceptions, the attorney general and one congressman.

The fact that many precincts in the territory have not yet made returns to the territorial secretary; that in a number of the big republican counties, where the returns were held back and from such places the republican state committee claims to have some inside information, showing enormously increased republican majorities; that such conditions have existed before; and that their repetition at this time has created a spirit of distrust and suspicion, and as a result the democrats and progressive republicans have raised a \$10,000.00 fund to be used for the investigation of these alleged irregularities and to prosecute election frauds wherever and by whom committed. If reports are true, Don Solamon's kingdom will quite likely lose a portion of its population, as will also other counties of New Mexico that have cast a larger vote than they have a total population; all of which will necessitate increased accommodations at that institution at Santa Fe over which these ballot box stuffers have so long had control.

The returns are to be canvassed by Governor Mills, Secretary Jaffa and Chief Justice Pope, and the date fixed for the opening of the ballot boxes is November 27th. How long it will take to canvass the returns from the twenty-six counties can only be conjectured, but that it will use up the better part of a week seems a liberal estimate. Until the official count is made, all is, therefore, guesswork.

WHAT SHE SAID.

The Lover—Den you say dat my suit is in vain?

The Lass—Not exactly, but I did say if you little, bow-legged, pie-faced mut didn't quit follerin' me around I'd bounce a brick on yer forehead!

Overheard in Venice.

"Isn't it romantic, John, dear," said she, as they sat in the little Venetian garden, "to sit here and listen to these Italian troubadours singing their ballads bathed in the moonlight?"

"Yes, dear," replied John, with a deep-drawn sigh. "But I sometimes wish they'd bathe in something besides moonlight, don't you. It might be less romantic, but it would be a darn sight more hygienic."—Harper's Weekly.

The Kind.

"Don't laugh at Miss Gladys Gooseberry as trivial. She is a scientific woman."

"She scientific? What kind?"

"You must admit she is a chemical blonde."

SOME BREAD RECIPES

FOODS MORE OR LESS OUT OF THE ORDINARY.

Raised Tea Biscuits Will Be Appreciated—For Boston Brown Bread—Popovers a Delicacy That is Popular With All.

Raised Tea Biscuits.—Ingredients one cupful of scalded milk, one-fourth cupful of butter, three yeast cakes, one tablespoonful of sugar, one-half teaspoonful of salt, white of one egg, and four cupfuls of flour.

Make a nice sponge, letting it stand in a warm place in a pan placed in warm water; then add the flour, knead it for twenty minutes, and divide into biscuit-sized pieces. Let these rise in the baking pan until twice the first size, and bake.

A single loaf of raised bread may be made of the same ingredients in this manner.

Boston Brown Bread.—Ingredients two cupfuls of white cornmeal, two cupfuls of yellow meal, two cupfuls of graham flour, one cupful of molasses, one cupful of sour milk and one of sweet milk, two cupfuls of boiling water, salt to taste and one teaspoonful of soda.

Mix the two meals, the flour and the salt well together; add the boiling water. Put the sweet milk and molasses together and add them to first things. Then dissolve the soda in the sour milk and put these in. Put the mixture into a round covered tin bucket and steam it for three hours; uncover and bake in the oven for half an hour. This bread may be eaten hot or cold and be toasted when stale. In New England baked beans go with it.

Pulled Bread.—Take a perfectly fresh loaf of baker's French bread. Break off irregular pieces of the spongy inside and dry them in a very slow oven until a delicate brown. These must be reheated in the oven when served, and the "pull" is good with chocolate, coffee, tea or bouillon. The inside of fresh homemade biscuits left over from a meal may be treated in the same way, and the crusts of them toasted and kept for shells for creamed dishes.

Popovers.—Ingredients two cupfuls of milk, two cupfuls of flour, two eggs (whites and yolks beaten separately,) salt to taste.

Mix salt and flour well together. Put the beaten yolks with the milk and then add them slowly to the flour, making a smooth batter. Then turn in the whipped whites, folding these gently into the mixture. Put the batter immediately into hot greased pans, half filling them, and bake in hot oven for thirty minutes. As popovers fall when cold they must be eaten as soon as baked.

Raised Cornbread.—Ingredients one cupful of fine sifted cornmeal, one and a half cupfuls of milk, two eggs, one tablespoonful of butter, one teaspoonful of baking powder, one teaspoonful of sugar, salt.

Scald the milk and pour it over the meal. Let cool and then add the butter (melted), salt, sugar, baking powder and yolks of eggs. Stir all together quickly and thoroughly; and then fold in the whites of the eggs beaten to a stiff froth. Bake in a flat pan in a hot oven for thirty minutes.

Canape Careme.

A fanciful concoction is "canape Careme," which calls for the chopped meat of half a small lobster, a truffle and two tiny pickles. Dredge them with pepper and salt and mix all with two tablespoonfuls of mayonnaise dressing. Spread the mixture over round pieces of toast about two inches in diameter and decorate the center of each canape with half a teaspoonful of caviare.

SEEMS EASIER TO REMEMBER

Remarks of Writer in Cleveland Plain Dealer Appear to Contain Much Sense.

There is a new science called mnemonics, which is trying to get itself introduced into our public schools. We have no knock on this science—only it seems to us to be a roundabout way of arriving at facts that you ought to remember right off the bat. It appears to work something in this manner:

"When was Lincoln born?" asks the teacher.

"I—I f-f-forget," whines the pupil.

"Naturally you do. Go at it right. How many Muses are there in mythology?"

"Nine."

"Right. Now double that number."

"Twice-nine's-eighteen."

"Right again. Multiply it by 100."

"1809."

"Good. Add the number of Muses to that."

"1909."

"Aha! That's when Lincoln was born. Why don't you learn the scientific way of getting at these things?"

As we said in the first place, it's a noble science, but we'd rather remember dates.—Cleveland Plain Dealer.

RASH ALL OVER BABY'S BODY

Itched So He Could Not Sleep

"On July 27, 1909, we left Boston for a trip to England and Ireland, taking baby with us. After being in Ireland a few days a nasty rash came out all over his body. We took him to a doctor who gave us medicine for him. The trouble started in the form of a rash and was all over baby's body, head and face, at different times. It irritated, and he would scratch it with all his might. The consequence was it developed into sores, and we were afraid it would leave nasty scars on his face.

"When we reached England we took baby to another doctor, who said his condition was due to change of food and climate, and gave more medicine. The rash got no better, and it used to itch and burn at night so bad that the child could not sleep. He was completely covered with it at different times. It was at this time that my mother advised us to try Cuticura Soap and Ointment. After using Cuticura Soap and Cuticura Ointment for about nine months the places disappeared. There are not any scars, or other kind of disfigurement, and baby is completely cured by the Cuticura Soap and Ointment. We have no further trouble with baby's skin. Nothing stopped the itching, and allowed baby to sleep but Cuticura Soap and Cuticura Ointment." (Signed) Mrs. Margaret Gunn, 29 Burrell St., Roxbury, Mass., March 12, 1911.

Although Cuticura Soap and Ointment are sold everywhere, a sample of each, with 32-page book, will be mailed free on application to Cuticura," Dept. 14 K, Boston.

The Crushing Proof.

"Here, Willie, you come right away from that bad boy!"

"He ain't a bad boy, mamma. He's a nice boy. He gave me half his orange an' a big bite of his candy."

"Mercy, the child is a Socialist! Come away from him this instant!"—Cleveland Plain Dealer.

Early Standards of Mendacity.

DOCTORS FAILED TO HELP HER

Cured by Lydia E. Pinkham's Vegetable Compound

Pound, Wis.—"I am glad to announce that I have been cured of dyspepsia and female troubles by your medicine. I had been troubled with both for fourteen years and consulted different doctors, but failed to get any relief. After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I can say I am a well woman."

I can't find words to express my thanks for the good your medicine has done me. You may publish this if you wish."—Mrs. HERMAN SIETH, Pound, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

AT A CRITICAL PERIOD.

Of Peculiar Interest to Women.

Mrs. Mary I. Remington Egleberry St., Gilroy, Cal., says: "I suffered so severely from pain and soreness over the kidneys that it was a task for me to turn in bed. My kidneys acted very frequently, but the secretions were retarded and passages scalded. I was weak and run down. After taking other remedies without benefit, I began using Doan's Kidney Pills and was completely cured. I was going through the critical period of a woman's life at the time and after using Doan's Kidney Pills there was a miraculous change for the better in my health."

Not in Circulation There.

An error of a new clerk in the mailing department of an eastern publisher was responsible, the other day, for the mailing of a prospectus to a world-famous statesman, who had been dead for some years. The letter was returned a few days later with the following indorsement: "In Heaven, 1911. Gentlemen: As your publications are not permitted to circulate here, I believe it would be useless for me to subscribe for them. Yours respectfully," and here followed the name of the famous statesman.

Why is it that so many people suffer with lame back? Hamlin's Wizard Oil will cure it and for Aches, Sprains, Bruises, Cuts, Burns, etc., there is nothing better.

PICNIC HINT OF SOME VALUE

Mix the French Dressing Before Starting and Have it All Ready for Use.

Instead of taking separate bottles of oil and vinegar, with the requisite seasonings for a French dressing, and measuring and mixing it just before using, try what a Little Wise Lady taught a Busy Planner. "Measure all your ingredients, and put them in a tightly corked bottle or small preserve jar," she said. "The salt and sugar will dissolve thoroughly long before you reach the woods."

"When your salad is ready for its dressing simply take the bottle or jar and give it a thorough churning. The mixture will be perfect. Of course, the colder it has been kept the better. I invented this plan after seeing my neighbor pour a little vinegar into her oil bottle, to take up the last teaspoonful that always takes so long to run down and out, when one is in a hurry. She shook it well and poured the 'emulsion' thus formed into the mayonnaise she was mixing, leaving nothing in the bottle."

"It is a far better plan than warming the bottle in order to hasten its emptying."

COOKING BREAKFAST IN BED

Electric Appliances Do Away With an Immense Amount of Former Necessary Labor.

Surely no one should have trouble in keeping a cook in a house with all electric appliances, like that described in *Suburban Life*. The author says: "In connection with the wiring of the house, a switch was located in the maid's bedroom at the head of her bed. When she first woke in the morning she could turn this switch and start the coffee and cereals before getting out of bed. She would get these dishes ready before retiring for the night, and then simply insert the plugs in the electric dishes ready for turning the switch the next morning. Thus she was always sure of avoiding delay, which is not always true with a coal range. At the best, the fire in the coal range would be just about 'coming up' by the time the maid was dressed and in the kitchen. With the electric outfit, the coffee and the cereal were practically ready to serve."

Stuffed Eggplant.

Select purple fruit and of small size. Halve them and, sprinkling them lightly with salt, turn them cut side down on a fine sieve, put a heavy plate on them and let them drain for an hour. Wipe them dry, take from each a tablespoonful of the center, chop it fine and for each tablespoonful allow the same amount of bread crumbs, a teaspoonful each of chopped onions, olives and of olive oil, a little salt and a dusting of paprika. Mound this dressing on each half, arrange the halves in a baking pan, pour in water to the depth of an inch, add a generous piece of butter, salt and pepper, and place the pan in a hot oven; twenty minutes should be sufficiently long to cook the eggplant thoroughly.

Roast Beef Stew.

Cut cold roast beef in good-sized slices and put them in a stewpan, add three sliced and parboiled onions, three sliced carrots, six parboiled potatoes, one teaspoon of salt and sufficient water to cover. Cover closely, let simmer for three-quarters of an hour, put the vegetables and meat in a hot dish, thicken the stock and add more seasoning if necessary.

Cabbage a la Cauliflower.

Take a small head of cabbage and shave it up fine, put into rapidly boiling water and boil just 15 minutes; do not salt the water; drain through a colander. Put a tablespoon of butter into a cup of milk and heat; when it is just to a boil add the cabbage; stir well, remove from the fire, add salt and serve on hot dish.

MUNYON PREACHES HOPE PHILOSOPHY

New Association Gaining Many Members.

FAITH'S CURATIVE POWER

NOTED HEALTH EXPERT GIVES REASON FOR BIG SUCCESS IN MEDICINE

Tremendous success has attended the organization of the new Munyon "Hope Cult." Professor Munyon claims that he has secured more converts than he even anticipated, and says that his "Hope Cult" is growing in leaps and bounds. It is said that the total membership of the association throughout the United States is now well over the half million mark. In a statement for publication Prof. Munyon said:

"I want to talk to every sick, ailing and despondent person in this city. I want to preach my new creed to them. I want to tell them about my new philosophy of health, which is the fruit of a lifetime of study and experience in dealing with sick folk."

"I want to expound the Great Truth that I have learned that there is more curative power in an ounce of Hope than in pounds of Dope. That sick people should not take medicine except a medium through which the great curative power of Hope may be made effective. Medicines are necessary in the present state of the world's progress because they give a patient physical support and strength and renewed vigor with which to brace up the will power. One knows, from the action of the proper medicines, that he or she is feeling better by this inspired hope and faith, which complete the cure."

"I think that probably a million persons at least in the United States have declared themselves cured by my medicines, and I know that these people have had the best remedies medical science had to offer. I have always contended that if there is any virtue in medicine my followers should have the best, but I verily believe that more than one-half of those who have been lifted to health from the bondage of chronic illness, through taking my medicines, have been really cured by the knowledge that they had the utmost in medical lore at their command, and the Hope this inspired."

"I am not in any sense a practicing physician. I employ at my laboratories in Philadelphia a large staff of expert physicians and chemists, and I have many other physicians in various cities of the United States detailed to give free advice to the sick and afflicted. My headquarters are at Munyon's Laboratories, 53d and Jefferson Sts., Phila., Pa., and I have there a staff of duly registered physicians and consulting experts, and to all who desire it I offer the best of medical advice absolutely free of charge."

Write today, addressing Prof. J. M. Munyon personally and your letter will have a special care.

To Much for Bill.

"I dunno how Bill's a-goin' to vote in this election," said the campaign worker. "I've hearn te" he's on the fence."

Why the Waiter Was Worried.

With a smile on his rubicund features, the hotel manager was enjoying forty winks. Trade was booming. The place was full. Good!

Knocks on the door of his sanctum recalled him to earth. In staggered a perspiring waiter.

"P-p-p-lease, sir," he stammered, "I'm in a terrible fix. A gent has just ordered roast mutton."

"Well, what of it?" snapped the manager. "There's plenty of it, isn't there?"

"Y-es, sir," breathed the distracted knight of the napkin, "but he's already had one portion for venison."

Got His Number.

The supervisor of a school was trying to prove that children are lacking in observation.

To the children he said: "Now, children, tell me a number to put on the board."

Some child said "thirty-six." The supervisor wrote sixty-three.

He asked for another number and seventy-six was given. He wrote sixty-seven.

When a third number was asked a child, who apparently had paid no attention, called out:

"Theventy-theven. Change that, you old thucker."—Everybody's.

THEY WERE GOOD ONES.

We doff our sombrero to the employes of the E. P. & S. W. Railroad. From the Texas line on the southwest to the Texas line on the northeast, the boys were there with the goods—good goods—democratic goods. And the company, itself, played square—not an attempt at coercion. But this company, under the Phelps-Dodge control, has been free from the many charges rightfully applied to other corporations, and is entitled to be classed among good corporations. The company took no part in the recent political battle, and to it we also doff our hat—not because its employes voted the democratic ticket, which covered a multitude of sins—but because it was absolutely neutral.

The Old Town of Lincoln.

In the first state election the historic old town of Lincoln joined the procession—democracy and victory. Not in all the years that the writer has lived in old Lincoln county did the old town of Lincoln do so much for democracy as she did on the 7th. She was faithful and true, and the democracy of Lincoln county owes her a debt of gratitude for the even and substantial vote she gave the democratic ticket on that great day. All hail the boys at the old town—long will they be remembered for the part they played.

Two much Democracy.

A letter reached this office some days before the election but in the general tumult it was overlooked until the smoke of battle had cleared away. It was written by an old subscriber, who, however, does not now live in this county, and it is herewith given, leaving out the address and name of the writer.

Oct. 24, 1911,

Dear friend Jhon Haley.

I've been looking through my record to day and I find out I am behind on the subscription of the carrizozo news. Please send me the bill of how much I owe you and quit sending me your paper. I am tired to read of the democrat politics; Mr Cox army is dead if the democrat win their will be four generals like Mr Cox. The democrats are only destroying the country.

Sheriff Stevens and family were up from Lincoln this week.

Probate court was in session this week, Hon. Doroteo Lucero presiding.

The stork visited the home of Mr. and Mrs. William Kelt, of White Oaks, Monday, and deposited a baby girl.

Henry Lutz, the Lincoln merchant and sheepman, was in town this week. He was investigating a ranch proposition near here.

Hon. Scipio Salazar, democratic candidate at the recent election from this county for the legislature, was up from Lincoln Tuesday.

The Mogollon hunters returned with all kinds of wild meat except bear, and Mac Smith is blamed for not killing bruin. Hey, Mac!

The commissioners held a special session here this week, and attended to a lot of road matters in which various portions of the county are interested.

L. R. Lamay was down from the Mesa yesterday. He has just disposed of 150 head of cattle to Lon Jenkins, of Corona, A. T. Roberts making the deal.

Melvin Franks, commissioner elect from Corona, went to Capitan yesterday morning to receive a bunch of cattle he had purchased from Kemp and Pepper.

Rev. B. W. Allen, pastor of the Methodist church, accompanied by his family, left for the Gulf coast of Texas this week. We have not learned who will succeed the former Methodist pastor here.

Judge J. H. Dills, of Roswell, James Morris and sister, Mrs. Anna Gullaholm, of Kenna and Elida, were here this week to attend district court. No court being in session, the trio returned to their respective homes, starting Wednesday.

Governor-elect McDonald returned Wednesday from Albuquerque, where he had gone to attend a reception given him in the Duke City. Democrats and progressive republicans from all parts of the territory were present to greet the first governor of the state.

James Cooper, Sr., is in town from his ranch near Ancho. He is undergoing treatment from Dr. E. B. Walker, and is suffering from a serious attack of blood poisoning.

Dr. T. H. Williams, a brother-in-law of Dr. M. G. Paden, who has spent the past four months here and at the Agency, practicing his profession of dentistry, left Wednesday for his home at Chickasha, Oklahoma.

New Methodist Minister.

The pastor of the Methodist church who succeeds Rev. B. W. Allen at this station, will reach here tomorrow, and will preach Sunday morning and evening, and a cordial invitation is extended to all. The new minister comes from Stamford, Texas, and his name is R. B. Evans.

Wm. S. Bourne Improving.
Wm. S. Bourne, who was shot two weeks ago today by Jas. P. Walker, is improving rapidly, and will soon be able to leave his bed. The wounds in the shoulder and neck, made by charges of bird shot, were not as serious as at first supposed, the worst feature being loss of blood.

Mr. Walker, who did the shooting, was arranged before Justice Massie, waived examination and was bound over to await the action of the grand jury in the sum of \$1200.00. The whole affair was unfortunate, but could have been much worse, and both principals and their mutual friends are gratified at the favorable outcome.

The Circus Visits Town.

Pursuant to posted bills and published notices, Howes circus landed here Tuesday and gave one performance in the afternoon and departed for other, if not greener fields. For a small town the circus was fair, but the side shows were bum and, in addition, flimflammed the unwary out of a large sum of money. The affair probably took \$5000.00 out of the town and county, 50 percent of it illegitimately. The old be-whiskered skin game got in its deadly work.

Judge Hewitt Probably Elected.

Contrary to reported returns last week, which indicated the defeat of John Y. Hewitt, of White Oaks, for judge of the 3d Judicial District, by Edward L. Medler, of Las Cruces, it now appears that Judge Hewitt has been elected, if later returns are to be credited, by a majority of 14. Both Dona Ana and Torrance counties, according to later returns, show smaller majorities for Medler, while Hewitt's majorities in the counties of Lincoln and Otero have slightly increased over first reports. The closeness of the race necessarily will require the official count to decide, but the figures now at hand give the following result:

	HEWITT	MEDLER
Dona Ana.....	195	
Lincoln.....	167	
Otero.....	139	
Torrance.....	97	
Totals	306	292
Hewitt's majority	14	

Attention! Please.

There are Revival services being conducted at the Baptist church, by Rev. W. D. Dawn of Sterling City Tex. We are conducting this religious campaign in the name of our Lord for the uplifting of humanity. Since the great victory that we have just gained in our state election we feel like that to follow up this victory with a good religious campaign is the proper thing to do. Since we are so fortunate as to be blessed with having the Governor-elect as a citizen of our community. Therefore it will be expected of us to set the pace, not only in political, but also in morals, and religion the name of our city is now a household word, and her name will go down in history because of it being the home of the Hon. W. C. McDonald, the first Governor of the State of New Mexico.

So come to our meetings and help to lift our town and community up to the standard of good citizenship. That is expected of us by all of the best people of our great state.

The Blue Ballot.

Many have enquired as to the fate of the Blue Ballot. It is impossible to tell, even in the vicinity of the vote on the amendment; for many boards failed to furnish the result; but it seems quite certain the amendment carried by over 10,000. In fact, the Blue Ballot was the most popular candidate on either ticket.

Apportionment of School Funds.

I, Jno. A. Haley, Superintendent of Schools for said County, do hereby certify that I have duly apportioned the school fund of said county on this 21st day of October, 1911. The amount of money subject to such apportionment is Fifteen hundred twenty-nine and 22-100 (\$1529.22) dollars. The total number of persons of school age is 2345. The rate per scholar is \$0.65, which is apportioned to the several school districts as below, leaving a balance of \$4.97 for next apportionment:

Commissioners Proceedings.

Proceedings of the Honorable Board of County Commissioners, at the meeting in Carrizozo, N. M., Nov. 13, 1911.

Present: Hon. W. R. White, Chairman; Hon. R. H. Taylor, member; R. A. Dungan, member; W. M. Bennett, deputy sheriff; O. T. Nye, deputy clerk.

In the matter of the road in the Mesa settlement.

The following report of the Viewers was approved by the board.

To the Honorable Board of County Commissioners, Lincoln County, New Mexico.

We, the undersigned, road viewers, appointed by your Honorable Board to view the proposed road between the Capitán Carrizozo road and Bonito and Angus beg to submit the following report:

We recommend that a road be established thirty feet wide along the line proposed as follows, to-wit:

Beginning at the Mesa mill box on the Capitán Carrizozo road in sec. 17, thence SW to a point about 100 yards E. of NW cor. of SW 1/4 SE 1/4, sec. 17, thence South 1/4 mile to SW cor. NW 1/4, NW 1/4 sec. 20, thence SW across SW 1/4, NW 1/4, E 1/4, SW 1/4, sec. 20, to a point about 275 yards W of SE cor. SW 1/4, sec. 20, thence West along sec. line to a point 220 yards east, NW cor. sec. 20, thence S westerly to a point 40 yards south of NW cor. NE 1/4, NE 1/4 sec. 20, thence westerly to a point about 280 yards north of NW cor. NW 1/4, NE 1/4 sec. 20, connecting with the end of Bonito road. Then returning to a point 275 yards west of SE cor. SW 1/4, sec. 20. Thence east to said SE cor. SW 1/4, sec. 20, thence south 1/4 mile along the line between NE 1/4 and NW 1/4, sec. 20, and on west side thereof to connect to Angus.

We find this route to be an easy grade throughout, and as it passes through the following private lands, would recommend that they be allowed damages in the following amounts:

Fred Pfingsten, about 7 acres of land,	\$10 per acre.....	\$ 70.00
Fencing both sides of line, 3 wires,	3 1/2 wire, \$2.85.....	102.60
9.0 posts, 10c.....		0.90
2 culverts to allow stock to pass under.....		65.50
Ed C. Pfingsten, two acres of land.....		20.00
Posts, 160.....		16.00
Wire, 6 sp. \$2.85.....		17.10
W. R. White, one acre land.....		10.00
Posts, 160.....		16.00
Wire, 6 sp. \$2.85.....		17.10

Said parties to put up fence and culverts.

We recommend that the road be opened as possible, as it is very necessary to a number of tax payers.

Notices were duly posted by Ed C. Pfingsten 5 days before viewing.

In the matter of the Carrizozo-White Oaks road.

The following road viewers report was approved by the Board.

To the Honorable Board of County Commissioners, Lincoln County, New Mexico.

Gentlemen:—We, W. M. Reilly, Chas. Spence and Jno. A. Haley, who were appointed to view out a public road between White Oaks and Carrizozo, in accordance with a petition filed with said Board at the regular July, A. D. 1911 meeting of said Board, herewith submit the following report;

Pursuant to the posting of three notices along said proposed route which were posted on the 5th day of August, 1911, notifying all persons that the aforesaid viewers would meet at a point where the present White Oaks, Capitán Carrizozo road crosses the E. P. & S. W. Ry., at the hour of 10 o'clock, on August 14, 1911, for the purpose of viewing said road called for in said petition and that in accordance with said notices the aforesaid viewers did meet at the place, date, and the hour named in said notices, and that they, the said viewers, did then and there go over and view out the said road and recommend as follows, to-wit:

That the proposed new road begin at the crossing of the E. P. & S. W. Ry., where the present Capitán, White Oaks and Carrizozo road crosses said railroad line, thence following the White Oaks-Carrizozo road until said road reached the White Oaks-Carrizozo telephone line; thence following said telephone line so far as practicable in the direction of White Oaks and keeping on the west side of said telephone line when physical conditions warrant until said road diverts from said telephone line at a point about two miles SW of the point where the present White Oaks road crosses the Bonito pipe line, bearing north and crossing said pipe line at the point where the present Carrizozo-White

Oaks road crosses said pipe line; thence following said Carrizozo-White Oaks road, as at present traveled.

The material change in this recommendation is in following the telephone line in crossing a portion of the SW corner of the Homestead location of Walter E. Winfield, and so far as said viewers are aware this is the only change over the present road now traveled where the proposed road crosses any private property, and,

The viewers herewith recommend that the sum of one hundred and twenty five (\$125.00) dollars be paid to said Walter E. Winfield for damages to his land, and for the purpose of reimbursing him for removing his fence from the proposed road.

Respectfully submitted,
(HARLES SPENCE,
JOHN A. HALEY,
Viewers.

In the matter of the Nogal and Parsons road, the report of the viewers is approved with the exception of the damages recommended by said viewers to be paid L. R. Hust, which is fixed by the Board of County Commissioners at \$210.75, the report is as follows:

To the Honorable Board of County Commissioners, Lincoln County, New Mexico

Gentlemen:—We the undersigned commissioners appointed by you to view and mark out the proposed road on the west side of Nogal cañon from Rockford cañon to the town of Nogal, (as per copy of notice attached) met at time and place designated, and proceeded to view and mark out the proposed road and we find that the route is practical and much better as a permanent road than the present one on the east side of the cañon, avoiding many rocky points and bad draws that are very expensive to keep in repair. The proposed route will have an easy grade for the entire distance, and when once graded will be very easy to keep in repair, as it is on the sunny side of the cañon and also much shorter than the present road.

We find that the road crosses land owned by Mr. George Dillard, in sections 18 and 19, and the benefits will equal the damages.

Also land of R. E. Hust in section 17, the damages in excess of benefits being the building of a fence along right away, estimated at \$210.75, and recommended that he be allowed the amount.

Also land controlled by W. C. McDonald, in section 8. It will take about four acres more than will be abandoned by vacating the present road, and we consider a fair cash value of the land to be \$5.00 per acre and recommend that \$20.00 be allowed for the additional land.

Also the land of Henry Emerson in section 8, we consider that the benefits will equal the damages of this property.

We recommend that the sum of \$20.00 be allowed the Parson's Mining Company for powder, fuse and caps, to be used in the blasting on the right of way as they are to do all of the grading in the construction of the proposed road at their expense from Rockford cañon to Nogal, free of expense to the county.

We would also recommend that a survey and record be made of the present road from Rockford to Parsons, so that hereafter no changes can be made without the authority of the County Commissioners. The township map attached shows a sketch of the road as viewed, and marked by us, and we recommend the approval of the proposed route.

Dated September 23, 1911.

CARRIZOZO NEWS

CARRIZOZO - NEW MEXICO

HUNTING WORK IN SUMMER.

A graduate of the University of Minnesota has asked the New York Post and the Chicago Tribune to air his reasons why commencement should be held in the fall instead of in June. He left school in June with such honors as Phi Beta Kappa dangling from his sheepskin, but, like Dawson, '11, says he has found no work yet. He blisters the paper with a scorching argument that summer is not the psychological time to find employment. But suppose this young man had been released from the classroom and campus along in September and had to trawl the jobless route for the following six months, would he not, along about the holidays, deplore a bleak world's unkind worldliness? Would he not prefer to be knee deep in summer, when, if he had to remain idle, he could at least retain a degree of physical comfort? The trouble with too many of these present-day graduates is that they emerge from the dear old alma mater thinking destiny has a greater career carved out than is really in store for them; they are not willing to begin at the bottom, says the Indianapolis Star. Scholastic training is the greatest asset a young man can carry as he strikes out for himself, but with it he must have the determination to begin with little things if he hopes ultimately to reach greater things. A college degree is not always a passport to the presidency of a big industrial corporation, though it is oftentimes a condition precedent.

Following the store robbery and shooting of a policeman in Cleveland by a boy, inflamed by stories of Wild West life and highwaymen, a councilman of that city has introduced an ordinance prohibiting the sale of trashy and immoral books to the youth. There should be such legislation in every city, says the Ohio State Journal. We spend millions to educate a boy right; why not do something to keep him from being educated wrong? We have laws to prevent people from poisoning their bodies; why not a regulation to restrain them from poisoning their minds? To give a boy a book that will make a highwayman of him is a black offense that should not be permitted. It is an attack on society that society should not tolerate. We are greatly excited upon the question what schoolbooks shall be furnished the children. We should be a great deal more excited upon the question of keeping harmful books away from them. Ordinances are needed for this purpose. There is a vast amount of bad citizenship made by bad books, and there are stacks of bad boys.

It is a base libel on the American hen to charge that she could lay about twice as many eggs as she does every year, and is therefore slothful. It is unbelievable that the American Poultry association is responsible for this reflection on her powers. The truth is, the hen's egg output is automatic, being regulated by the treatment her owners give her. On a proper diet, which includes shell-making material, she works with great diligence, according to her breed. If she is expected to pick up a living about the barnyard and to keep herself warm in exposed winter quarters, her tally naturally suffers. The hen is a gold mine only when her owner co-operates with her.

Ventilation is Necessary to Prevent Heating and Spoiling—Two Methods Illustrated.

Corn fodder can be stacked, but it requires care, as ventilation of the stack is necessary to prevent heating and spoiling. A cool way is to make a chimney in the center of the stack, by placing some rails upright in a sort of oval round a tree chaining them to-

gether at the top till the stack is completed. The rails are so placed that an opening is left on each side when the stack is built, for the wind to blow through freely, as shown in the illustration. Arranged in this way, it is nearly impossible for the sown fodder to become injured by heating, if the walls of the stack are not much thicker than the length of the bundles. But it often happens that such trees of the right height are not at hand,

and a much improved modification is obtained by inserting two forked sticks in the ground, about ten feet up to the forks, and at a convenient distance apart, and placing a horizontal pole on them. The length of this pole will determine their distance asunder. Then set a number of rails nearly upright or slightly leaning, with the upper ends against the horizontal pole. Against these vertical rails the oblong stack is built, open at the ends, which the wind freely blows. A series of forks will admit of the stack being made as long as may be desired for any amount of fodder.

Wanted Regular Work.

A farm hand had worked in the field from dawn till darkness, doing the chores by lantern light. "I'm going to quit," he said to the farmer at the end of the month. "You promised me a steady job."

"Well, haven't you got one?" was the astonished reply.

"No," said the man, "there are three or four hours every night that I don't have anything to do but fool my time away sleeping."—From Success Magazine.

Mare With Colt.

Is it fair to expect a mare to do a full day's work and suckle a vigorous and always hungry colt without extra allowances of feed?

PUT CONCRETE TOP ON TANK

Stout Platform Should Be Erected Just Level With Top to Hold Cover Until It Is Set.

In reply to a query as to the best way of putting a concrete top on a circular stone supply tank, about 9 feet in diameter, the Breeder's Gazette makes the following reply:

"Make a stout platform in the tank just level with the top to hold up the cover until it is set. As this platform should be quite tight, it had best be covered with building paper or other such material. As one will want a manhole to take out the lumber, he can cut out the boards where this is to be and replace them by having cleats nailed under them. The form for this manhole should be made tapering and out of 6-inch boards, say 18 inches at bottom and 22 inches at the top. On each side of the manhole lay an inch round rod and have some stout wire fencing cut ready for reinforcing.

After placing an inch of concrete place the bars and the fencing which should be double and then fill in the concrete to 4 inches, if the cover is not to be for sustaining any weight but its own. If it is to be the floor of a building, then put in 6 inches of concrete. As soon as the concrete is set, or after one day, take out the manhole box, line the hole with paper and fill this with concrete, not forgetting to put in some kind of ring by which to lift it. After a week or ten days lift out the cover of the manhole and remove the wooden platform.

"This cover can be made on a platform on the ground and then placed on the tank. To do this it will be best to use a reinforcing of half-inch steel rods placed 6 inches on center each way and tied with wire at intersections and then make the thickness only 3 inches. Use a mixture of one, two and three. That is, one of cement, two of sand and three of crushed stone, none over half an inch in diameter.

BRACKETS FOR CELLAR SHELF

Considerable Work Required in Making Framework If Not Done While Wall Is Being Built.

The erecting of shelves against a cement or stone wall usually requires considerable work in making the framework; this could be replaced by placing three-eighths-inch iron rods in the mortar of the wall when it is built, says the Homestead. These should project far enough so the boards used for shelves can lay on same, in the manner shown in illustration. Where the wall has been constructed the holes can be drilled in same way by employing a miner's drill of the right size; it is then an easy matter to slip the rods into

Handy Brackets for Cellar Shelves.

these holes. As the rods can be removed when desired the shelves can be erected and taken down at will, thus making them a very handy feature in the cellar. The holes should not project over six inches in the wall, which would be ample to hold the shelf and weight upon same, if the rods are spaced three feet apart.

There are two kinds of wheat smut, loose smut and stinking or ball smut. Both can be prevented by treating the seed and rotating the crops. The soil was sandy.

 "Why don't ou get another dog?" said Senator Frye.

A FINE NIGHT-CAP
 The Best Thing in the World to Go to Bed and Sleep On.

"My wife and I find that 4 teaspoonfuls of Grape-Nuts and a cup of hot milk, or some cream, with it, makes the finest night-cap in the world," says an Alleghany, Pa., man.

"We go to sleep as soon as we strike the bed, and slumber like babies till rising time in the morning.

"It is about 3 years now since we began to use Grape-Nuts food, and we always have it for breakfast and before retiring and sometimes for lunch. I was so sick from what the doctors called acute indigestion and brain fag before I began to use Grape-Nuts that I could neither eat, sleep nor work with any comfort.

"I was afflicted at the same time with the most intense pains, accompanied by a racking headache and backache, every time I tried to eat anything. Notwithstanding an unusual pressure from my professional duties, I was compelled for a time to give up my work altogether.

"Then I put myself on a diet of Grape-Nuts and cream alone, with an occasional cup of Postum as a runner-up, and sometimes a little dry toast. I assure you that in less than a week I felt like a new man; I had gained six pounds in weight, could sleep well and think well.

"The good work went on, and I was soon ready to return to business, and have been hard at it, and enjoying it ever since.

"Command me at any time any one enquires as to the merits of Grape-Nuts. You will find me always ready to testify." Name given by Postum Co., Battle Creek, Mich.

GIVES VARIETY IN DESSERT

Almost Numberless Are the Possibilities When a Freezer is Article of General Use.

Now that freezers are to be had at a price so reasonable that every one can afford to have one, no family should be without one, as the height of dessert excellence is reached in many frozen sweets impossible to procure in any but the largest city confectioneries. In fact, in most communities and in the rural districts it is even impossible to get a simple ice, the only thing available being ice cream, in perhaps vanilla and chocolate flavors. With a freezer at home a variety of creams as well as ices, frappes, etc., is possible, and one has the satisfaction of feeling that the best and cleanest materials go into them and they have a delicious "homey" flavor impossible to procure in creams or ices procured at the stores. Listed below are a number of tested recipes, and also hints to the cream used in ice creams, and method of making the cream. If you want the rich, full-bodied delicacy known as Philadelphia ice cream, scald half the cream used. This portion of the cream will increase slightly in quantity when freezing, while the raw cream will almost double its bulk. Ice cream made from scalded cream is too rich for most tastes and unnecessarily costly, while, on the other hand, ice cream made from all raw cream is neither so smooth nor so rich as when half scalded cream is used. For freezing ice cream the ice should be smaller than walnuts and mixed with rock salt, two portions ice to one of salt. After cream is frozen it can be kept hard by covering with larger pieces of ice over top of can, using half as much salt as when freezing cream. Be sure to keep waste hole in tub open during this time. Too large ice or too little salt while freezing means extra labor and buttery, greasy cream, and too much salt makes coarse, watery cream. Water ice or frozen fruit will not freeze so readily as ice cream, therefore use larger proportion of ice and finer ice. Fresh fruits for flavoring should be mashed or cut fine a few hours before using and mixed with sufficient sugar to sweeten and draw out the flavor. All fruit flavors should be added to cream when partially frozen, to avoid any chance of curdling.

Chaudroid of Salmon.
 Use for this one can of salmon or an equal amount of cold boiled fish. Flake, removing skin and bones. Mix in a bowl a teaspoonful of flour, a teaspoonful each of mustard and salt, a few grains of cayenne, one egg lightly beaten, a tablespoonful and a half melted butter, three tablespoonfuls of vinegar and three-fourths of a cup of rich milk. Cook over hot water until the mixture thickens like a soft custard. Stir constantly at first and keep close watch to take from the fire as soon as thickened. Overcooking curdles. Add a tablespoonful of gelatin that has been softened in two tablespoonfuls of cold water, then dissolve over the teakettle. Add to the fish mixture and turn into one large mold or individual ones. When ready to serve turn out and garnish with lettuce, sliced cucumbers or pimientos as preferred. Serve with mayonnaise, French dressing or cucumber sauce.

Table Economies.
 There is one little suggestion to make to the housekeeper. Never buy fruits, vegetables or meats that are out of season. This simple rule followed out carefully will keep down the expenses greatly. It is such a temptation to buy the first box of strawberries to be seen in the market, the first shad, the first asparagus, tomatoes done up in tissue paper that peep out so alluringly! Those same dainties later on will be had almost for the asking. Therefore form the habit of resisting all table delicacies that are out of season, and buy instead only those that are. You will save many dollars as the year runs on.

A Reader Cures His Constipation—Try It Free

Simple Way for Any Family to Retain the Good Health of All Its Members.

The editors of "Health Hints" and "Questions and Answers" have one question that is put to them more often than any other, and which, strangely enough, they find the most difficult to answer. That is "How can I cure my constipation?"
 Dr. Caldwell, an eminent specialist in diseases of the stomach, liver and bowels has looked the whole field over, has practiced the specialty for forty years and is convinced that the ingredients contained in what is called Dr. Caldwell's Syrup Pepsin, has the best claim to attention from constipated people.
 Its success in the cure of stubborn constipation has done much to displace the use of salts, waters, strong cathartics and such things. Syrup Pepsin, by training the stomach and bowel muscles to again do their work naturally, and with its tonic ingredients strengthening the nerves, brings about a lasting cure. Among its strongest supporters are Mr. John Graveline of 98 Milwaukee Ave., Detroit, Mich., Mr. J. A. Vernon of Oklahoma City and thousands of others. It can be obtained of any druggist at fifty cents and one dollar a bottle, or if you want to try it first a free sample bottle can be obtained by writing the doctor. For the free sample address Dr. W. B. Caldwell, 201 Caldwell building, Monticello, Ill.

THANKSGIVING PROCLAMATION.

November 30th, the last Thursday of November of the present year, according to the usual custom, has been set apart by the President as a day of thanksgiving and prayer.

During the last year New Mexico has much to be thankful for. Opportune rains have fallen over the greater part of our area, so that as a rule bountiful crops have rewarded the toil of the husbandman; fruit trees and gardens have produced plentifully, and our herds of cattle and flocks of sheep have increased largely in number, and cattle have brought exceptionally high prices. During the year we have been free from epidemics and plagues and the health of our citizens on the whole has been good.

History has been made during the last twelve months. A constitution for the government of New Mexico has been adopted; state officers have been elected by the people at an election marked by quiet and good order, and in a few weeks the officers so chosen will assume the reins of government.

NOW THEREFORE, I, WILLIAM J. MILLS, Governor of the Territory of New Mexico, in accordance with the usual custom, do hereby proclaim

THURSDAY, NOVEMBER

30th, A. D. 1911,

TO BE

THANKSGIVING DAY,

and a legal holiday in the Territory of New Mexico. The observance of this day is strictly an American custom and it should be observed by all. Schools will be closed and the people generally when they can do so should attend places of worship and give thanks to the Almighty for having safely brought our country through another year and for having given us as a people so many comforts and blessings.

Done at the Executive Office this the 10th day of Novbr., A. D. 1911.

Witness my hand and the Great Seal of the Territory of N. Mex.

WILLIAM J. MILLS.

By the Governor:

NATHAN JAFFA,
Secretary of New Mexico.

Last Will and Testament of John A. Brown.

In The Probate Court in and for Lincoln County, New Mexico.

To whom it may concern:

Notice is hereby given that a paper purporting to be the last will and testament of John A. Brown, late of White Oaks, Lincoln County, New Mexico, deceased, has been filed in my office, and that the same will be proven at the regular term of said Court to be begun and held on the first Monday in January, 1912, at Carrizozo, in said county. All persons having objections to the probating of said will can then and there be heard.
