## The Farmers' Free List.

The democrats in congress do well when they begin tariff revision by putting upon the free list something like one hundred articles largely consumed by farmers. The farmer has been the chief sufferer from the principle of protection and it is only fair that relief should begin with him. The reciprocity treaty is a God-send to him, not so much because it confers great benefits upon him but because it leads to greater reductions. The opponents of the reciprocity agreement have tried to hide behind the farmer, but the "farmers' free list" will drive them from under cover and compel them to vote with the democrats or quit talking about the farmer. Look at the list!

"Plows, harrows, headers, harvesters, reapers, threshing machines, cotton gins and other agricultural implements—15 per cent ad valorem.

"Cotton bagging, gunny cloth and similar fabrics used as coverings, etc.—6-10 of a cent per square yard."

"Grain, buff and split leather—7½ per cent.

"Band, bond, belting, rough and sole leather—5 per cent.

"Boots and shoes made of bovine cattle hides or skins—10 per cent.

"Harness, saddles and saddlery—20 per cent.

"Leather cut into shoe uppers or vamps, etc.—10 per cent. additional duty.

"Barbed fence wire—3-4 of a cent a pound.

"Wire rods, strands or wire rope, woven wire for fencing and other kinds of wire suitable for fencing—3-10 to 6-10 of a cent per pound.

"Fresh beef, veal, mutton, lamb, pork and meats of all kinds—1½ cents per pound.

"Salted, pickled, dried, dressed and preserved meats—25 per cent ad valorem.

"Bacon, hams and shoulders—4 cents a pound.

"Lard—1½ cents a pound.

"Sausage and sausage meats—25 per cent ad valorem.

"Buckwheat flour, wheat flour and semolino—25 per cent.

"Corn meal—40 cents per 100 pounds.

"Rye flour—½ of a cent a pound.

"Oatmeal and rolled oats—1 cent a pound.

"Biscuits, bread, wafers and similar articles, not sweetened—20 per cent.

"Sewing machines—45 per cent.

"Salt (in bulk)—7 cents per 100 pounds.

"Salt (in bags, sacks or barrels)—11 cents per 100 pounds.

"Shingles—50 cents per 1,000.

"Laths—20 cents per 1,000.

"Timber (sawn, sided or

squared, and round timber used for spars or in building wharves) ½ of a cent per cubic foot.

"Sawed boards, planks, deals and other lumber (rough)—50 cents to \$1.25 per 1,000 feet board measure.

"Sawed boards, planks, deals and other lumber (dressed)—50 cents to \$1.50 per 1,000 feet board measure.

The above list shows the additions that are to be made to the free list with the tariff now collected. Meat alone will be a great boon. The fangs of the beef trust will be drawn when the consumer can buy his meat in the open market. The beef trust has taxed the farmer both ways, in buying and in selling. The meat buyers of the city as well as the farmers will be benefited by free meat. Let the good work go on; the democrats are making an excellent beginning.—Commoner.

## California Will Try New Law.

The initiative, referendum and recall for all cities and towns in California becomes a law in thirty days. Governor Johnson has signed the measure passed by the legislature. All elective municipal officers may be recalled four months after they assume office upon petition of twenty-five per cent of the registered voters of the town. The official sought to be recalled will be subject to an election and must leave office immediately if another man receives the majority of votes. The initiative and referendum can be invoked upon petition of 25 per cent of the legislators. Unless the governing body passes or vetoes the measures desired within thirty days, an election will be held to enable the people to pass upon the measures. If the petition carries only 10 per cent of the voters and the governing body refuses to act, the measures come up for a vote of the people at the next regular municipal election.

## Col. Wiggins Bounds Texas.

In an argument the other day about the boundaries of the state of Texas, Col. Wiggins was asked to bound the state and settled the dispute as follows: "On the north by the Redman and tomahawk, sah; on the west by hot tamales, cactus and chile con carne, sah; on the east by the huckleberry swamps and alligators of Louisiana and Arkansas, sah; on the south by the Gulf of Mexico—and if it wasn't for that measly pond of water, would extend to the South Pole, sah. Texas is a wolf. It's her duty to howl. She's one of the old blue hen chickens, sah."

THE STAY AT HOME.

To travel with a well-filled purse, a well-stocked mind, a sharp and intelligent curiosity—that is a delight. To take a sea trip as a tonic—that is rational, too. But to go abroad, as certain persons do by the shipload, for the mere sake of locomotion; to be able to say they have crossed the water (often at the cost of unspeakable agonies); to stand ignorant upon historic battlefields, dumb and unappreciative before the great shrines of art; to pass from city to city without knowledge of their teeming past, from state to state, oblivious of their political relations, their polity, their economic condition—that is incarnate folly afoot. They were better off at home in a hammock. Dr. Samuel Johnson views the matter shrewdly. "The use of traveling," he says, "is to regulate imagination by reality, and instead of thinking how things may be, to see them as they are," says the Philadelphia Press. The doctor lived long before the days of the perfected camera and moving picture. To make the grand tour in his time was almost requisite to a polite and liberal education. It is still desirable, though rather a perquisite. The stay-at-home man and woman, if established in happy environment, occupied with congenial and profitable duties, and unmoled by the diabolic spirit which urges contented folk to roam, have all the best of life at hand and only happiness to lose by roving. Goldsmith found it so and cried: "The first, best country ever is at home."

After deep thought Prof. Prentiss C. Hoyt, of Clark College, propounds the opinion that there is no such thing as American humor. It is not American, but just individual and personal, thinks the professor. It may argue some temerity to contradict a college professor. We seem to remember that one newspaper which so far forgot the properties and eternal verities as to "get gay" with Prof. Oscar Lovell Triggs, of Chicago, was haled into court for it, says the Milwaukee Sentinel. But really Professor Clark gets on debatable ground in denying the existence of that commonly recognized entity, American humor. Surely there is a distinctively American twang to the drollery of our typical American humorists, and a family resemblance that makes their productions recognizable as American in a moment. Artemus Ward and Mark Twain had their separate individualities; but they had their common national characteristic, and their fun is racy of the soil it sprang from.

A Frenchman who is in jail has challenged a Frenchman who is out of jail to fight a duel, and the challengee has asked the authorities to let the challenger loose long enough for a meeting on the field of honor. You simply cannot beat the French for politeness.

FEED APPARATUS FOR SWINE

Device Adapted for Feeding Cattle, But More Particularly Hogs—Delivery is Regulated.

Device shown in the illustration, the idea of Charles G. Howard of Exeter, Neb., provides an apparatus for feeding cattle and more particularly swine, which may be arranged to regulate the rate of delivery of the food; provide an apparatus where the door for delivering the food may be readily and quickly adjusted; and provides a construction which is simple, economical, and durable, says the Scientific American. So far as possible all the members shown in the engraving are constructed from

metal, the sides and top, as well as the framing channels below the floor of the troughs, being of sheet metal, while the rods, bolts, and disk forming the lock for the doors are preferably formed of bar and plate metal.

USEFUL RUBBER CURRY COMB

Home-Made Implement is One of Best Things for Removing Loose Hairs From Horse.

One of the best things for removing the loose hairs from a horse when he is shedding is a rubber having an uneven surface, writes Earl Streit of Newark, Ohio, in the Popular Mechanics. A comb of this kind can be made of a block of wood, 5/8 inch thick, 3

or 4 inches wide and 6 inches long. Tack a piece of corrugated rubber, a piece of rubber stair pad will do, on one surface of the block. Make a handle and fasten it to the other side of the block. The rubber tacked to the block is shown in Fig. 1 and the side view showing the handle in Fig. 2.

Bordeaux Mixture Formula.

There are a number of formulas for Bordeaux mixture, but the standard formula now recommended by the majority of experiment stations for use against most fungous diseases is four pounds of copper sulphate, four pounds of lime and fifty gallons of water. This does not mean that it is absolutely necessary to make up the mixture in 50-gallon amounts. If we need only 50 gallons of the mixture then we would use four pounds each of the sulphate and lime and 50 gallons of water. If we need only 25 gallons of the mixture we would use two pounds each of the sulphate and lime and 25 gallons of water.

VENTILATE THE SHEEP SHED

Structure Should Be So Arranged So As to Give Necessary Fresh Air and Exclude Heavy Rains.

A building devoted to sheep should be arranged so as to give the desired fresh air and prevent the beating rains from getting inside. Ordinary door arrangements will not afford this protection.

Windows or the upper part of the building may be fixed with strong

Ventilated Sheep Shed.

hinges so as to be pushed out and propped open, allowing the fresh air to enter at the bottom of the opening. The top of this kind of a shed may be left open the greater part of the time without harming the flock at all.

GOOD FITTINGS FOR STABLES

Buildings Should Be Well Lighted and High Enough for Ample Ventilation—Size of Doors.

The stables for the stock should be well lighted, high enough for ample ventilation and the stalls wide and long enough for the stock to rest in comfort. The stable doors should be fully four feet in width, hung on rollers; this will prevent an animal from being injured in passing in or out of a half-open door. The winter doors should be solid and slotted in summer. The following dimensions will prove satisfactory: Width of double stall with stanchions for cows, 6 feet; width of feed trough, 18 inches; width of feed passage between two rows of cattle, 4 feet; length of stall from stanchion to gutter for small cows, 5 feet; length of stall from stanchion to gutter for large cows, 6 feet; length of partitions between stalls, 4 feet; width of manure gutter in cow stable, 12 inches; depth of gutter, 8 inches, and walk behind cows, 2 feet. Width of stall for horses, 5 feet; length of stall for horses, 12 feet; size of loose box for mare with colt, 10x12 feet, and size of loose box for cow and calf, 8x10 feet.

A concrete floor put down on a properly graded 8-inch base of cracked stone is not too hard if the cattle are well bedded. The best floor for horses is one of red clay, just made moist enough to pack down firm. A clay floor is best for horses' feet. A stone floor is too hard, and a board floor is too dry. The stable should face south; the doors should open out upon a well-sheltered, dry yard, securely fenced. Running water in the yard, with drain to carry off the overflow, is to be preferred to water in the stable.

DO NOT KILL OUT BOB WHITE

Quail is Strong Ally of Farmer in Fight Against Weeds and if Undisturbed Becomes Tame.

(By DR. W. D. BELL.)

They most certainly should not be killed out. On the other hand they will repay bountifully all effort expended in protecting them and favoring their increase. The farmer should never allow more to be shot for game than the surplus stock, being sure to leave plenty of birds for the next year's nesting. The live birds on the farm are worth much more than the dead birds on the table however well they may be cooked.

The Bobwhite or quail is naturally trustful and where undisturbed becomes remarkably tame. He will rear his young and spend his days close to human dwellings, adding cheer by his merry whistle. More important than this, however, from the money standpoint, the Bobwhite is a strong ally of the farmer in the fight against weeds.

FREE ADVICE TO WOMEN

Women suffering from any form of illness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

**Colds and Chills Bring Kidney Ills**

February, March and April are the backache months, because they are months of colds, chills, grip and pneumonia, with their congesting, weakening influence on the kidneys. Colds, chills, or grip strain the kidneys and start backache, urinary disorders and uric acid troubles. You feel lame, weak and tired and have headache, dizzy feelings, achy muscles and joints; too frequent, painful urinary passages, sediment, etc. Chills hurt the kidneys. Likewise well kidneys often prevent taking cold, by helping to pass off the waste matters of cold congestion. Doan's Kidney Pills are very useful in the raw winter and spring months. They stop backache and urinary disorders, keep the kidneys well and prevent colds from settling on the kidneys. Strong testimony proves it. What better evidence could you ask?

I was emaciated from fever, had a persistent ache in my back and was completely worn out. The urine was in a terrible state, and some days I would pass half a gallon of blood. I left the hospital because they wanted to operate on me. I then went to St. Joseph's Hospital in Omaha and put in three months there without any gain. I was pretty well discouraged when I was advised to use Doan's Kidney Pills, but by the time I had used one box the pain in the back left me. I kept right on, and a perfect cure was the result. You may put anyone in communication with me and I will give them proof that this statement is correct."

**THE SHADOW OF DEATH.**  
A Washington Woman's Remarkable Recovery.  
Mrs. Enos Shearer, Yew St., Centralia, Wash., with one kidney gone, the other badly diseased, and five doctors in consultation, was thought to be in a hopeless state. "My limbs were so swollen," said Mrs. Shearer, "that I could hardly get about. I rapidly grew worse until the doctor said one kidney was entirely gone and the other badly decayed. The end seemed near, and my friends gave me up to die. On my brother's advice I began using Doan's Kidney Pills and after the fourth day I was able to be propped up in bed. Through their use I rapidly improved until at the present time I am active and well, although 65 years old. I can do fully as much work as any woman in Centralia, and enjoy good health."

## THE RECALL.

Much has been said about the recall feature in the Arizona constitution, and particularly as it applies to the judiciary. The federal authorities are said to be much opposed to this proposition. Even Mr. Roosevelt, who likes to be styled the progressive of progressives, mildly censured the people of Arizona for incorporating that popular feature in their constitution. Yet, when this self-same speaker reached California he most heartily approved of the feature in that state.

For our part, while only tentatively endorsing the recall, we are bound to confess that we fail to see any reason for alarm over the question. It may be abused at times, yes; but if its operations should be productive of worse conditions than those from which we are now suffering, then God help the American people! And in this connection, it appears only fair to say that if the recall should be applied to any class of officials the judiciary is certainly not the class that should be exempt. For the judiciary the people have a high regard, which is as it should be, but no reverence, as to a divine institution. When it is wrong, as it sometimes is, it should have no more right to sit back upon its dignity and say "what are you going to do about it?" than any other class of officials. Every official is the servant of the people, and it is a well recognized principle that a servant is responsible to his master.

To those who mildly endorse the recall, but insist that the touch of man should not profane the judicial ermine, we wish to cite one case, and then if they agree—and how easy demands it—that the recall should be invoked in this particular case, why not make it applicable to all flagrant abuses of a similar character?

All the country knows of the Lorimer scandal and most people believe he obtained his seat in the United States senate by the most questionable methods. A number of the members of the Illinois assembly, indeed, confessed to accepting bribes in return for their support of Lorimer. This matter was presented to the United States senate, but that body white-washed the Illinois senator, because, forsooth, it was not shown that Lorimer had a personal knowledge of the bribing. Since that verdict, however, new evidence has been secured, and the names of the men who put up the slush fund discovered. The Illinois assembly issued subpoenas for these men, and just here the court got in a body blow.

These men, their own conscience accusing them, naturally, did not want to undergo the in-

quisition, and to avoid doing so went before a Chicago judge, secured a habeas corpus and thus tied the hands of the people of Illinois, and closed their mouths, as well; for, be it understood, it is not the wisest policy to criticize courts. The immunity bath thus granted by the court is the keystone of their rascality; and, dear reader, do you suppose the honest people of Illinois would not like an opportunity to recall that judge? Do the people of Illinois believe that judge is any better, any freer from the temptations that assail all humanity, any more likely to be infallible, simply because he is on the bench, than he was before he donned the ermine? In other words, does the elevation of any man to the bench allay his prejudices and render him incapable of doing wrong? If these questions can be answered in the affirmative, then the recall should not apply to the judiciary.

## MINING APPLICATION.

Serial Number 024680.

UNITED STATES LAND OFFICE,  
Roswell, New Mexico,  
April 12, 1911.

Notice is hereby given that Chicago and Santa Fe Smelting and Mining Company, by John Y. Hewitt its attorney-in-fact, whose post office address is White Oaks, Lincoln County, New Mexico, has this day filed its application for a patent for the Hawkeye Group of mining claims consisting of the Hawkeye Lode for 1270.90 feet and the Red Rose Lode for 1254.15 feet of said veins, bearing gold, together with the surface ground as shown on the plat on file in this office situated in Jicarilla Mining District, Lincoln County, New Mexico, and described by the field notes on file in this office as survey No. 1388, in unsurveyed township No. 5 S., Range 12 E., New Mexico Principal Meridian. Said survey No. 1388 being described as follows, to-wit:

### HAWKEYE LODGE.

Beginning at corner No. 1, whence the standard  $\frac{1}{4}$  section corner on the South side of Section 34, Township 5 S., Range 12 E., of New Mexico Principal Meridian, bears S. 27° 53' W. 5573.95 feet.

Thence N. 16° 24' W. 1280.7 feet to corner No. 2; Thence N. 58° 10' E.—Var. 13° 10' E.—477.55 feet to corner No. 3.

Thence S. 22° 30' E.—Var 14° E.—1250.81 feet to corner No. 4;

Thence S. 58° 16' W. 618.50 feet to corner No. 1, the place of beginning.

Area of this the Hawkeye Lode claim 15.690 acres.

### RED ROSE LODGE.

Beginning at corner No. 1, whence the  $\frac{1}{4}$  section corner of the South side of Section 34, Township 5 S., Range 12 E., New Mexico Principal Meridian bears S. 15° 50' W. 6730.11 feet.

Thence N. 10° 53' E. 333.30 feet to corner No. 2; Thence S. 65° 21' E. 1254.15 feet to corner No. 3.

Thence S. 10° 53' W., Var. 14° E., 333.30 feet to corner No. 4.

Thence N. 65° 21' W., 1254.15 feet to corner No. 1, the place of beginning. Saving and excepting from this claim all that portion thereof in conflict with the Hawkeye Lode of this survey. Net area of this the Red Rose Lode 9.112 acres.

Total area of this group 24.802 acres. Each of said mining claims is of record in the office of the Recorder of said Lincoln County, New Mexico.

The adjoining claims so far as known, are on the East Meadow Lark Lode, Zig Zag Lode and public lands; on the North, Hard Luck Lode and public lands; on the West, Belle of New Mexico Lode, Hard Luck Lode and public lands; on the South, Belle of New Mexico Lode, Ready Cash Lode and public lands.

Any and all persons claiming adversely the mining ground, veins, lodes, premises or any portion thereof so described, surveyed, platted and applied for, are hereby notified that unless their adverse claims are duly filed according to law and the regulations thereunder, with the Register of the United States Land Office at Roswell, New Mexico, during the sixty days period of the publication hereof they will be barred by reason of the statutes.

**Two Prisoners Escape.**

Casimiro Ramirez and Pablo Warner made their escape from the jailer at Lincoln Monday night. They were taken from the jail to carry a supply of water, the windmill being out of operation, and the water supply exhausted. They made a break for liberty while the jailer was locking the door, and for the time at least made good their escape. It was dark and it was not difficult for them to hide.

Officers are on their trail and are keeping watch at various places for their appearance. It is reported that they secured mounts and soon after getting away, and their recapture may not be so easily accomplished. They were being held on a charge of burglary, the alleged offense having been committed at White Oaks. The regular jailer, in fact, practically all the sheriff's official family, had been summoned to court here, and a new man was acting as jailer. The prisoners evidently understood the situation, selected the proper moment and didn't take time to leave instructions as to their destination.

LATER: The men were recaptured yesterday near Raventon.

Sick headache results from a disordered condition of the stomach, and can be cured by the use of Chamberlain's Stomach and Liver Tablets. Try it. For sale by all dealers.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective. One application will convince you of its merits. Try it. For sale by all druggists.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all dealers.

Postmaster Adams was down from Corona Monday.

Fount A. Miller and Ike N. Wingfield came over yesterday from Ruidoso.

Judge Hewitt was down from White Oaks Monday and represented the board of county commissioners at the bond hearing that day.

Sheriff Stevens arrested a woman on No. 34 yesterday noon. She was apprehended on advice from the El Paso authorities, on the charge of stealing goods.

A. D. Graham, manager of the Colorado Telephone Co. in New Mexico, has been here this week looking after company affairs. He will return to Albuquerque this evening or tomorrow.

A third prisoner made his escape from the Lincoln jail this week. The two who made their escape Monday night have been recaptured, and the officers feel confident they will soon have the third again behind the bars.

H. B. Holt, a leading attorney of Las Cruces, is representing clients in the court. Mr. Holt was district attorney of this district some years ago, and it will be remembered that he made things interesting for the evildoer.

Attorney A. H. Hudspeth and Martin B. Goodin went to Lincoln Sunday, to attend the regular session of probate court the following day. They returned Wednesday and Mr. Goodin left for his home in Missouri, while Mr. Hudspeth attends court here.

## \$15,000 Bond Approved.

"I shall approve the bond." Such were the words of the judge at the conclusion of the testimony in the bond hearing Monday afternoon. The result was to the people of Lincoln as great a surprise as it was a disappointment to the people of Carrizozo. So much of a surprise was it to the people of Lincoln that they had come prepared to file a new bond should the judge fail to approve the one under consideration. There is no use to deny the fact that gloom pervaded the hearts of the people who fondly hoped for a different result. Their cup is full to the brim; yea, verily, it runneth over.

The approval by the court of the \$15,000 indemnity bond stops work on the county buildings until such time as the courts of final resort pass upon the questions at issue. When that will be no one can tell, and if the end is as far from us as the beginning few need care. In the meantime Lincoln retains the records, Carrizozo gets the court and an armistice has been declared.

## Your Name in the Corner Stone.

We will have the corner stone laying of the new Methodist church Sunday afternoon at 3 o'clock. Services will be held in the open air at the building site just northwest of the bank. We expect to have good music and an impressive service.

One thing that will be deposited in the stone is a list of every contributor and the amount contributed by each. If your name is not on this list, please see Bro. Allen at once. If you haven't the cash your subscription is good. You will always be glad that you helped, for this is to be a nice building indeed, made of concrete and nicely finished and furnished. The total cost will be a little over \$5,000.

There will also be preaching in the Baptist church at 11 a. m. and 8 p. m. You are cordially invited to attend these services.  
B. W. ALLEN, Pastor.

## Peace Negotiations.

Judge Francisco Carbajal, the peace envoy from Mexico City arrived in El Paso on the 3rd inst., and was joined soon after by Gov. Miguel Ahumada, of Chihuahua. Gov. Ahumada will act only in an advisory capacity to Judge Carbajal.

Dr. Vasquez Gomez, the envoy of the revolutionists, as well as his advisors, were all in El Paso awaiting to begin the conference.

It is understood both Carbajal and Gomez have full powers to proceed and conclude peace if they can agree under the instructions given them by their principals.

The conference opened yesterday across the river in a cottonwood grove on the river bank below the dam, and opposite the switch tower at the crossing of the Southern Pacific and E. P. & S. W. railways. This location is between Juarez, occupied by the federal troops, and the main camp of the insurrecto troops up the river where Madero maintains his headquarters.

## LOCAL NEWS

Fred Ferguson was over from Capitan a couple of days this week.

T. J. Grafton and W. G. Wells were over from Parsons early in the week.

Fred Pfingsten, foreman of the company farms on the Bonito, was in town Monday.

Le Roy Wade left Friday for Denver, from which point he will travel for his publishing firm.

Robt. Haynie was here a couple of days this week from Capitan, coming in answer to a grand jury summons.

Dr. T. W. Watson, county treasurer, came up from Lincoln Monday, and has his office in the Carrizozo Trading Co. store.

Col. G. W. Prichard is here from Santa Fe, attending court. The colonel is an old time attorney of this county, and attends all the sessions of district court here.

Judge H. W. Hall, formerly a practicing attorney of Carrizozo, but now residing at Douglas, Arizona, arrived Sunday night to be present at the current term of the district court.

Jas. P. Walker is having a cold storage building erected in the rear of his place of business. He will handle beer and ice in quantities for the trade throughout this section.

Martin B. Goodin came in last week from his home at Parkville, Missouri. Mart is an old Lincoln county boy, and has many friends who gave him the glad hand of welcome.

Dr. F. S. Randles returned Monday morning from a ten days trip to Corona and Vaughn. Any one desiring his services in the dental line will find him in his offices over the bank building.

The eight-year-old child of Omer Owen, north of Capitan, died rather suddenly Sunday. The child was ailing for a short time, but the sudden taking off was unlooked for by the parents.

S. A. Simmons, of Fort Stanton, passed through Monday for Palomas Springs. Mr. Simmons is troubled with rheumatism, has been for a number of years and this is his second trip to these famous springs.

John Cole, ranchman and sheepman of the east end, was here yesterday. He expects to return next week and be in attendance upon court for a time. The latch string is always on the outside; come in without knocking, John.

Jas. G. Fitch, a prominent attorney of Socorro, was in town last Saturday. Mr. Fitch was the attorney for the Hamilton heirs in a suit against the Eagle Mining Co., and the property of the company was sold to satisfy a judgment. A. H. Hudspeth, of White Oaks, selling the property as special master.

Omer and Roy Owen are here from Capitan.

A large per cent. of the Lincoln population was up Monday, attending the county seat hearing.

Clement Hightower, the Capitan justice of the peace, is over this week watching the progress of the court.

Mrs. T. S. Anderson and little son, who had visited Mrs. Jno. A. Haley the past week, returned to Capitan Monday.

John C. West and Alfredo Gonzales, two well-known citizens of San Patricio, are here this week, attending the session of district court.

Harry Little left Wednesday for the Elephant Butte dam, via El Paso. He expects to secure employment in the work now in progress there.

Capt. J. L. Van Zant, merchant at Fort Stanton, came over Monday and left that evening for New York. He expects to be absent for a period of two months.

Hal Herrin and Wallace Schotzer were down from the Corona country this week, giving the grand jury the benefit of their knowledge of wrong doing in their section.

Young E. Hurt, formerly of Capitan, but now living in the western part of this territory, is here attending court. He, with his brother, is engaged in ranching at his new home.

Mr. and Mrs. S. T. Gray came over from Capitan yesterday, to be present at the play last night. They expect to remain until Monday.

A. A. Sena, of Las Vegas, territorial mounted policeman, was here the first of the week, a witness before the grand jury.

A baby girl was born to Mr. and Mrs. C. H. Byfield Wednesday night, at the home of Mr. and Mrs. M. B. Foreman. All parties doing well.

Walter E. Winfield came up from Three Rivers Sunday. Mr. Winfield was subpoenaed as a witness before the grand jury, and did not return until yesterday.

Mr. and Mrs. Omer Owen desire to express their gratitude, through the News, to the people of Capitan for the sympathy and comfort extended them during the illness and death of their little daughter.

Harry Keables and wife were up from El Paso the first of the week, but have returned. Mr. Keables has been engaged in business in Capitan the past two years, but was recently advised by his physician to seek a lower altitude. He went to El Paso a few weeks ago, but a return to this altitude brought about the same difficulty from which he formerly suffered. So he again sought a different climate. His friends hope for the best.

## PECULIAR AFTER EFFECTS OF GRIP THIS YEAR.

Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to more serious sickness, such as dreaded Bright's Disease. Local druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample bottle of Swamp-Root, free by mail, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50 cts. and \$1.00. For sale at all druggists. Be sure to mention this paper.

## THOUGHTS OF FOOD.

Dreamy Dupont—Dey say dat a man down east has invented a machine fer photygraffin' what a feller thinks.

Windy Rivers—Well, if dat guy could only photygraf what's on me mind at dis minute he'd git an epicurean masterpiece dat would make yer sit up and take notice.

## DISFIGURED WITH ECZEMA

"Our little boy Gilbert was troubled with eczema when but a few weeks old. His little face was covered with sores even to back of his ears. The poor little fellow suffered very much. The sores began as pimples, his little face was disfigured very much. We hardly knew what he looked like. The face looked like raw meat. We tied little bags of cloth over his hands to prevent him from scratching. He was very restless at night, his little face itched.

"We consulted two doctors at Chicago, where we resided at that time. After trying all the medicine of the two doctors without any result, we read of the Cuticura Remedies, and at once bought the Cuticura Soap and Ointment. Following the directions carefully and promptly we saw the result, and after four weeks the dear child's face was as fine and clean as any little baby's face. Every one who saw Gilbert after using the Cuticura Remedies was surprised. He has a head of hair which is a pride for any boy of his age, three years. We can only recommend the Cuticura Remedies to everybody." (Signed) Mrs. H. Albrecht, Box 883, West Point, Neb., Oct. 26, 1910.

## It Depends on the Liver.

"Is life worth living?—that depends upon the liver." Yes, and that again depends upon what you eat, and how you eat.

Henry Ward Beecher once said: "A man with a bad liver cannot be a good Christian." Henry made some mistakes, but in this statement he was eminently correct. It is only another version of a phrase frequently used by the editor of the Care of the Body: "As a man eateth so is he."—Los Angeles Times.

## HOW TO CARE FOR THE FEET

Nothing So Good as Alcohol Rub After Pedal Extremities Have Been Chilled.

No other part of the body except the waist suffers so much abuse and distortion as the feet. They are susceptible to all sorts of deformities and the subject of all sorts of neglect.

Many people do not bathe them sufficiently often, do not change their stockings with sufficient frequency and do not care for them in other ways as they should.

The soldier who cares for his feet is the one who holds out on the march, and many foreign armies have doctors who see that the men care for their feet. The dead skin which hardens and produces callous spots needs to be removed twice a day if the feet perspire freely.

To rub the feet with alcohol refreshes them wonderfully, and nothing is as good for them as a vigorous alcohol rub after they have been wet or chilled.

A rub with cocoa butter is a fine thing for the feet at all times. Get a cake of this and give them a five-minute rub at least once a week after the daily bath and you will save yourself many a groan.

We should wear rubbers whenever we need them and take them off as soon as we can. The feet must be kept warm and dry.

A famous physician is reported as saying that his income would dwindle to a half if women kept their feet warm. And it may be added that a woman's chance of being a comfortable soul and a jolly person to have around would be improved by three halves if she would wear the right kind of shoes, care for them and her feet properly and try to have everybody else do the same.—New York Mail.

## Almond Tarts.

For tarts make shells of rich puff paste or get patties. Filling for one dozen tarts: Put three tablespoonfuls of almond paste in a double boiler with a little milk to dissolve; add half a pint of rich milk and lumps of butter. When it boils add the beaten yolks of two eggs mixed with three tablespoonfuls of sugar and two of flour; let boil till thick; when cool, add fifteen cents' worth of ground almonds and a few drops of almond extract; fill shells. Whip the whites of the two eggs stiff, add two tablespoonfuls of sugar, spread top and sides of tarts, sprinkle with powdered sugar and set in oven till a light brown.

## Light Fruit Pudding.

Work one-half cup of butter until creamy, add two tablespoonfuls of sugar, two eggs well beaten, one cupful of milk and two cupfuls of flour mixed and sifted with three teaspoonfuls of baking powder; then add three-fourths of a cupful of raisins seeded and cut in pieces; one-fourth of a cupful of citron thinly sliced; fruit to be dredged with one-fourth of a cupful of flour. Turn into a buttered melon mold, tie down cover and steam one and one-half hours. Mold should not be more than two-thirds full.

## Fudge Frosting.

One and one-half tablespoons butter, one-half cup unsweetened cocoa, one-fourth cup confectionery sugar, a few grains of salt, one-fourth cup of milk, one-half teaspoon vanilla. Add cocoa, sugar, salt and milk, heat to boiling point; let boil for eight minutes; remove from fire and beat until creamy; add vanilla and pour over cake.

## Apple Snowballs.

Boil a large cupful of rice in milk until three-quarters done, then strain it off. Pare and core as many apples as needed, put a clove and a little sugar into each apple and pour some rice around it. Tie each ball in a separate cloth and boil in fair water until the apples are tender. Turn onto plates and serve with good brandy sauce.

## Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

#### Scientific Management in Business.

In his paper on "The Human Side of Scientific Management," in the April Century, the second in the series on "The Awakening of the American Business Man," Will Irwin has written equally for employer and employe, maintaining that the present and permanent tendency of this new "scientific management" "is all toward improvement in the lot of the employe, as well as toward improvement in the output of the employe."

### NEW STYLE IN WAISTS

GREAT VARIETY OF DESIGNS NOW BEING SHOWN.

New Bordered Chiffons, Marquisettes and Crepes Being Pressed into Blouse Service With Good Results—Velled Blouse Popular.

The shops just now are showing a great variety of new waists and among them the velled blouse has not been forgotten. These in simple lines are made to have a new air and a suggestion of warmer days by a touch of embroidered batiste or linen used in place of lace. A yoke and cuffs with an insertion in the front and back, give a springlike air. The lovely new bordered chiffons, marquisettes and crepes are also pressed into blouse service with excellent results. The striped silk tailor-made blouse is very much in evidence and it is fashioned of striped taffeta or wash silk, the black and white, blue and white and lavender and white blouses are very dainty looking. They are simply made with a few tucks over the shoulders for fulness, a frill down the left front, rather scant bishop sleeves and a high stock of the same silk, finished with a little bow in front. Striped linens and men's shirtings are also much used for these tailored waists. The dressmakers say that bretelles are going to be very much in vogue for the spring and summer season. They come in an entirely new style and give a very original touch of a gown. They can be worn with any kind of a costume. They are made of velvet ribbon or any other ribbon and may be in black, white or colors.

The new bretelles are passed under the belt and are finished back and front with a large silk tassel. They look particularly well with separate waist and skirt, and in this case, they are best made of either black velvet or satin, and finished with heavy black silk tassels. The ribbon used is usually three inches wide.

Hats made of plaid straw are very much worn in Paris and it is predicted that they will be popular on this side too. Those composed of black and white plaid straw and trimmed with big loops or wings of the same straw, will appear first.

Many of the hats are as ridiculously small as they have been large in the past, and toque and turban forms are the preferred ones. It is, however quite possible that there will be a reaction, since the very small hat is not becoming to every woman and the best dressed woman seeks something which is becoming rather than the latest styles. For the all-flower hats geraniums and violets are the leading millinery flowers.

Some of the very high toques are made of heavy white lace on a wire and maline frame. They are trimmed with big loops of white and black silk ribbon.

Spring suits are made of black and white mohair. Many of the new mohair suits are braid trimmed, and the new mode buckles are very effective.

Many of the new belts have their buckles made of satin, or silk, or they are finished with big medallions of silk or with flat padded pieces that are hand-worked in Oriental colors. Beaded belts are much seen.

#### Lady Fingers.

Beat the yolks of four eggs until lemon colored and thick. Add one-half cup of fine sugar, a pinch of salt and a half teaspoonful of vanilla and beat until very light. Whip the whites of the eggs until stiff, and dry and mix with the yolks. Sift in three-quarters of a cup of pastry flour, already sifted before measuring, and fold in lightly. Put the mixture into a pastry bag and press the batter through into strips about an inch wide and three inches long, on a tin sheet or an inverted dripping pan, covered with white paper. Sprinkle with powdered sugar and bake in a moderate oven.

### Court Opened Monday.

District court for Lincoln county opened Monday in the school building, Judge Edward R. Wright presiding. The grand jury was called and found to be one short. A special venire was issued and William Kahler, Jr., was accepted. The panel completed, T. H. Kirkland was appointed foreman, after which the grand jury was sworn, charged and put to work.

The hearing on the \$15,000.00 bond in the county seat injunction case was taken up, a number of witnesses examined, and at the conclusion of the testimony, the court approved the bond, thus tying up the work on the county building for an indefinite period.

The court, consulting with the members of the bar, then proceeded to set the criminal and civil dockets. No cases were set earlier than next week, at which time the petit jury will be called.

Eleven criminal cases were set for Monday, the 8th; eight were set for Thursday, the 11th; four were set for Monday, the 15th; four were passed for the term; five were dropped with leave to reinstate; four were continued; nolle entered in three and three passed temporarily.

The grand jury had returned seven true bills up to 2:30 Tuesday afternoon, at which time the court took a recess until Saturday morning, Judge Wright returning to Alamogordo. A host of witnesses swarm around the court house, and, as it has been a year since a court was held in this county, the grand jury has a great deal to do, and will likely return a number of bills.

The civil docket was called, and disposed of quite easily, only one possible case to require a jury. The civil docket will take up a very small portion of the court's time, as it will consist principally of motions, reports and defaults.
