FORT STANTON

Mr. John Abel spent Monday, Tuesday and Wednesday at Mesquero attending to business.

Mrs. B. R. Robertson is quite ill at her home in Laundry Ave.

Mrs. F. C. Smith and mother, Mrs. Bragg spent last week in El Paso shopping. They returned to the Post Saturday on the auto.

Mrs. Jolin Abel and daughter Honora spent the first part of the week visiting with her mother, Mrs. Coleman at Alto.

Commanding Officer and daughter, Miss Dougherty returned last Wednesday from El Paso where they had been on business.

The following were the "movies" at the Post Theater last week. Pathe Weekly, Innocence, Jim the burglar, Mr. Jack Buys a dress, and He answered the ad.

Last Sunday being Tuberculosis Day throughout the country, was celebrated with special Non-Sectarian services in the Library Hall. Prominent in the audience was Doctor Martin F. Sloan of the state sanatorium, Towson, Md.

"O You El Paso Oculis!" is the title of the latest poem written by Baron McElhone of No. 4. Also "That good old smoke from my Christmas pipe" will be ready for the press soon.

Professor Davis of the Lincoln High School with a number of friends visited the Post Sunday afternoon.

Miss Catharine Becker formerly nurse at No. 10, is in charge of the Waco Sanatorium at Waco, Texas.

Monday, December 8th was a special day held throughout the Catholic world in honor of the "Immaculate Conception" Masses were celebrated the local Sacred Chapel at 6:15 and 8:30 a. m. by the chaplain.

The Lincoln County Pastor, J. H. Gitma, D. called on here for a few hours visit with Chaplain Freund last Friday.

Miss Ethel Phillips returned last week from Chicago where she spent the past three months, during which time she attended the death and burial of her mother, Mrs. J. J. Hellem.

The topic of conversation here is "Who will be fortunate enough to take the special treatment from Doctor Sloan," the expert sent here by the Surgeon General through the request of our Commanding Officer.

Mr. Edward Mann formerly of No. 4, is reported quite ill at his home in Washington, D. C. His many friends here hope to hear of recovery soon.

The music room at No. 4 is being remodeled, painted and furnished in first class style.

"All patients are advised that a cheerful, hopeful, and obedient patient has a better chance of recovery than one who is morose, despondent, and disobedient."

All patients are admonished

that a consumptive should lead a temperate and regular life.

"It should be remembered that the cure of tuberculosis is a process which requires months and often years; therefore patients should exercise patience, and not expect improvement and sure to be accomplished in a brief period."

Practical Reflections:

"To animate ourselves to suffer in a proper manner, we should often think of the passion of Jesus Christ, who suffered the punishment due to our sins. The afflictions which God sends us are intended either to prove our fidelity or to punish us for our offences."

"We should therefore receive them with humble submission, and in a truly penitential spirit; happy in being allowed to satisfy the justice of God in time, that we may contemplate his bounty for eternity."

"Our greatest trials are from ourselves. The rebellions of our passions, the bitterness of our hearts, our constitutional fretfulness, the wanderings of our imaginations, and the whole man so opposite to God, would be insupportable did we not frequently imitate him who bears with our infirmities."

"Let us then be patient under sufferings, that, so at the last hour, we may enjoy the consolation of having sanctified the evils of this life by a spirit of penance and thus rendered them most available to salvation."

Jean Roberts was over from his Osceuro ranch one day this week. Miss Florence Nabours is in Carrizozo for a visit with the Spence family.

Mr. Monroe Harper returned to the ranch from California recently.

J. O. Nabours and his son are busy rounding up some cattle to take to leased winter pasture.

We were visited Thursday and Friday by the first real snowfall of the winter.

Mr. J. B. Wingfield received a hurried summons to Alamogordo a few days since and we regret to learn that his little daughter Dorothy is seriously ill with scarlet fever.

M. R. Cook is on a visit to Roswell. Mr. Cook made the trip horseback as his automobile was recently put out of commission by fire, while in a Roswell garage.

Jicarilla

We are just coming into the blessed sunlight again, after a week of blizzard and snow. And the "beautiful" lay four or five inches deep on the level and weighted the branches to the ground, in some instances severing them from the trees.

Andrew McBryer came in from Nogal Monday on a visit to home folks, returning to Nogal Friday.

The tracks of a huge panther were seen on the divide between White Oaks and Ancho gulches after the snow. Meandering down the gulch, they came up directly behind the stable on the Norton place.

Mrs. Montoya, whose husband was killed in the Dawson coal

mine explosion, is here on a visit to her husband's relatives and friends. Like a good steward, he gave in a good account of his work having saved one thousand dollars from his wages, and one thousand left by insurance. The consolation bounty given by the company making a neat compromise to combat with the exigencies of life.

We learn that Comrey Brothers are thinking of indulging in the luxury of an automobile, and are now in El Paso investigating the different makes.

E. E. Wilson came in from his camp in the Gallinas Saturday evening for a protracted visit to his home on east side.

Now that Tucumcari is shipping bear-grass in car load lots, and Mesilla is buying and manufacturing products from the soto, why could not some body find a market for the same plants which grow so luxuriously here in Lincoln county? This would be employment "for idle hands to do" when nothing better is possible.

Allen Hightower was looking up some of his lost thorough-bred stock in this vicinity a few days ago.

Why is it that Shakespear's man "drest in a little brief authority" is also so alert on the trigger? Verily, a little authority to a petty nature is like a learned fool, a dangerous thing.

Mrs. Dan Dawson left for El Paso the last of last week, on a visit to her relatives.

Mr. Phil Reasoner is out for a week's stay from White Oaks, the time will be spent doing work on his claims.

Messrs. McDowell and Comrado are getting read to run some of the famous sand from Ancho gulch through their machine.

Mr. Pitts, who has been sojourning here for some time, was joined by his wife a short time ago, and they now occupy one of the houses on the "Enterprise" property. They are from Oklahoma.

Interest Increases in the Great Voting Contest

Many Enquiries About Voting

Who Will Get the \$10 Gold Piece? Trade With Merchants Giving Coupons.

Judging from the interest that has been manifested in the great Prize Voting contest so far, there is going to be a great scramble for the \$10 in gold that is going to be given to the contestant having the largest number of votes on January 5. The special prize is worth winning, and the contestants realize the fact.

The contest is an assured fact. There has never been a contest in this locality where more or better prizes have been offered, or a more strict adherence to justice and equity to all participants. The News desires to emphasize the point that every contestant will be afforded an absolute fair deal.

The name of the judges of the contest will be announced soon. Bear in mind the merchants who are giving coupons with every dollar purchase.

- N. B. Taylor & Sons,
- G. A. Williams,
- John E. Bell,
- Carrizozo Trading Co.,
- Kelly & Sons,
- Ziegler Bros.,
- Rolland Bros.

When you trade at these stores be sure and ask for coupons. Every one little piece of paper bearing 25 votes may win some friend of yours the beautiful Ohermeyer & Sons Grand Piano.

Get your friends to subscribe for The News. For each one year new subscription you will receive 600 votes; renewals for one year, 500 votes; for each one year back subscription 400 votes.

There is already a large list of contestants, but there is opportunity to nominate others. Fill out the nominating blank and send it to this office. Also cut out the vote coupon and cast it for your favorite. In order that every contestant may fully understand the votes during the contest, the News wishes to state that the contestant having the largest number of votes during the contest, will be awarded the piano as first prize the one having the next largest number of votes will have the first choice of the other prizes. The third large

est will have her choice of the remaining prizes, and so on until all the prizes have been distributed.

Use the free coupon in this issue. If you know of any lady who has not been nominated whom you think would make a good race, use the nominating blank in this issue and send her name to this office or bring it in person and it will be entered. It matters not if she be single or married. This is a popular voting contest, not necessarily a young lady voting contest. Read the rules and regulations on page three and govern yourself accordingly. Some one is going to receive these prizes and you can help decide who it will be.

First count in contest will be on Monday, January 5, at which time \$10 in gold will be awarded to the contestant receiving the largest number of votes.

These are the names of the contestants who have been nominated. They are authorized to accept money for subscriptions to the News and give a receipt therefor.

Get busy and vote for your choice. The contest will be conducted squarely and no partiality will be shown. Do it now and help some one reap the benefits of this liberal offer.

ENDS DYSPEPSIA, INDIGESTION, GAS

"Pape's Diapopsin" cures sick, sour stomachs in five minutes—Time It!

"Really does" put bad stomachs in order—really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—makes Pape's Diapopsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate acid, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapopsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapopsin will give you a hundred dollars' worth of satisfaction. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Adv.

Perpetual Motion.

One may well be sure that there is no "perpetual motion machine." For this purpose machines have been constructed from time immemorial, but nothing has ever come of it. Men have gone mad on the subject, but without any practical results. It was demonstrated long ago by Sir Isaac Newton and De la Hire that perpetual motion is impossible of attainment. Even the solar system, the most wonderful machine of which we have any knowledge, will run down in the course of time, some say in about 11,000,000 of years from now.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

Make It Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise for You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandorino hair cleanse." Just try this—moisten a cloth with a little Dandorino and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandorino dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair—growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Knowlton's Dandorino from any store and just try it. Adv.

ELECTRICAL WORLD

BIG CLOCK WITHOUT HANDS

Hours, Minutes and Seconds Are Indicated by Arrangement of Multicolored Electric Bulbs.

One of the largest electric clocks in existence has just been exhibited. It is a marvel of beauty and workmanship. The pendulum weighs over 2,000 pounds. The clock contains 5,138 multicolored electric bulbs, for which 11,000 connections were necessary and over a mile of wire. In making the connections 140 pounds of special screws were required. The dial, although it indicates hours, minutes, and seconds, has no hands.

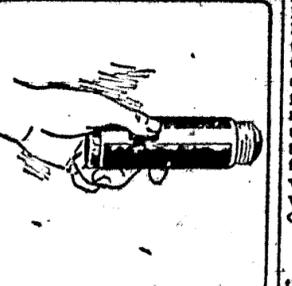

The time in minutes is indicated by 60 series of lights, each series containing 22 globe-covered bulbs, radiating from an ornamental centerpiece to the outer edge of the dial. Shorter rows of different colored lights indicate the hour, and these change their different position 12 times during each 60 minutes, or once every five minutes. The seconds are shown by 60 lights placed at equal distances around the extreme outer edge of the face.

The hour figures are three feet high, outlined in colored lights. Each second of the illumination in the outer circle of light moves forward one bulb, and when this dial has been entirely circled the lights indicating the minutes also advance, and the hour hand, formed by lights, makes its slow journey at five-minute intervals. Despite the huge proportions of the clock it has been found that it keeps absolutely correct time even to the second.

NEW POCKET ELECTRIC LAMP

Continuous Light Is Supplied by Small Dynamo Instead of the Customary Dry Battery.

Instead of the customary dry battery, this ingenious pocket electric lamp is provided with a little dynamo which is driven by a spring. The lamp can be made to give a continuous

Light by simply depressing a lever at regular intervals of about three or four seconds, the action of the lever simultaneously releasing and rewinding the spring. The lamp is 5/8 inches long by 1 1/2 inches in diameter.

a book, and an arm designed to support the lamp in such position that it will illuminate the page. The location of the electric bulb interferes in no way with the turning of the pages.

Canadian Telephone Lines.

There are in Canada 4 telephone lines owned by provincial governments, 27 owned by municipalities, 388 owned by corporations, 123 owned by co-operative companies, 21 owned by partnerships and 119 private lines.

For Quick Washing.

A vertical cylindrical brush, as high as a railroad car, driven by an electric motor and supplied with water as it revolves, has been invented for quickly washing the exterior of railroad rolling stock.

Something Spectacular.

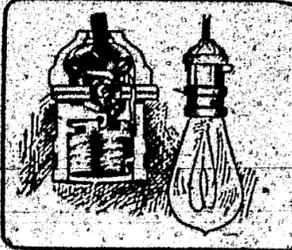

The plans for the illumination of the Panama-Pacific exposition at San Francisco in 1915 call for something entirely new in spectacular effect. Oriental color and soft lighting effects will predominate.

Talking Machine Repairs.

A talking machine may be made to repeat a record through the invention of a German of a disk on which is a return groove to carry the needle automatically from the end back to the starting point.

ALL PORCELAIN

The accompanying cut shows a newly designed, all porcelain, O-H socket constructed for service with heating cooking and motor driven devices. In fact, the socket is rated to carry 554 watts, somewhat more than the energy required by a six-pound pressing iron. The horizontal switch bar enables the current to be turned on with one hand and without twisting or jerking the socket as with a key, says the Popular Electricity. Pressing the white

All Porcelain Socket.

end of the bar turns on the current, while pressing the black end turns it off. The socket is especially adapted to damp locations such as basements, laundries, etc., and can be wiped off with a moist cloth and made to look like new.

The socket is readily installed, as a single screw allows the halves of the casing to be separated, exposing the terminal screws for the drop cord.

Electricity for Drying.

Two applications for electric heating are used in connection with drying iron. One is the use of a portable combination heater and fan, ordinarily employed by hairdressers to dry their customers' hair after washing, to dry the ink on tracings. This "wrinkle" shortens the time required to complete the tracing, as the freshly mixed lines must be dry before T-square or triangle can be moved over the tracing. The other idea is to dry blueprints by going over them with an electric fan; and the fan iron is also useful to straighten out tracings and prints that have been rolled or folded.

Keeps Target Moving.

An electric attachment for a target such as is used on rifle ranges has been designed by an Australian. It keeps the target continually in motion, backward and forward on the track. The figure rotates constantly in action, and it is an entirely different proposition to hit once, especially in a vulnerable spot, than if they were stationary. Such a target is particularly good for use in the militia or the regular army, as in the case of war it is not likely that the enemy would stand still until somebody succeeded in shooting them.

Smallest Central Station.

The smallest electric central station in the United States is at Sacramento, Neb., which is operated by a three-horsepower coal-oil engine, and its total load consists of 20 incandescent lamps.

ELECTRICAL NOTES

Electricity generated in Sweden is delivered in Copenhagen.

Canada now has about one telephone for each 20 persons.

Wooden molding to hide electric wire is prohibited in New York.

There are now more than two million farmers in the United States using the telephone.

There are more than 3,500 books of electrical subjects in the Library of Congress at Washington.

A company has been formed in Copenhagen that will make it a business to clean and disinfect telephones.

Carbons for lights and for electrochemical purposes are being made from tar by a new Swedish process.

That wireless telephoning to and from automobiles is possible has been proved by a Los Angeles experimenter.

Most of the light rays from metallic filament electric lamps are radiated at right angles from the filaments.

There are now over two million farmers using the telephone. Over a hundred thousand farmers installed the telephone last year.

Wireless telegraph outfits will be carried by the sledge parties of the American expedition soon to start on an Arctic exploration trip.

Electrically-operated ironers for flat pieces, such as sheets, table cloths, towels, etc., are now being made in sizes suitable for the home.

Ten of the most powerful electric locomotives ever built, capable of hauling 1,400 ton trains at a speed of 24 miles an hour, have been ordered by a railroad for use at its New York terminal.

DOODLES FOR LIVER, BOWELS

No sick headaches, biliousness, bad taste or constipation by morning.

Get a 12-cent box. Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salt, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your store. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipation. Adv.

His Supposition. "A couple," said Mrs. Simpkins, "got married a few days ago, after a courtship which had lasted 50 years." "I suppose," replied Mr. Simpkins, "the poor old man had become too feeble to hold out any longer."

Must Wait a Bit. The little group at the side of the road waited until Steadily Higgins returned from the nearby farmhouse. "Poor pickings," he muttered as he threw down a scrawny beef bone and a half loaf of bread.

Whore's dat improvement in hand-outs youso promised?" demanded Muggsy Jones.

Happy Higgins shook his head reproachfully. "You getter wait," he said, "till de public adjusters get to de new tariff."

Cleveland Plain Dealer.

Only William. At a singing contest at Frankfurt recently Kaiser Wilhelm, who attended, was served by several high school boys as pages. According to Jugend, he was attracted by the bright face of one of them and asked his name.

"Korner, your majesty," said the boy.

"And your first name is Theodore?" said the emperor, thinking of the patriotic Theodore Korner, whose centennial year this is.

"I'm sorry," replied the uncounted-like youngster, "but it's only William."

When Kaiser William broke into a hearty laugh at the answer the page realized his missed opportunity.—New York Evening Post.

SPEAKS FOR ITSELF Experience of a Southern Man.

"Please allow me to thank the originator of Postum, which in my case, speaks for itself," writes a Fla. man.

"I formerly drank so much coffee that my nervous system was almost a wreck. (Tea is just as injurious because it contains caffeine, the drug found in coffee.) My physician told me to quit drinking it—but I had to have something, so I tried Postum.

"To my great surprise I saw quite a change in my nerves in about 10 days. That was a year ago and now my nerves are steady and I don't have those bilious sick headaches which I regularly had while drinking coffee.

"Postum seems to have body-building properties and leaves the head clear. And I do not have the bad taste in my mouth when I get up mornings. When Postum is boiled good and strong, it is far better in taste than coffee. My advice to coffee drinkers is to try Postum and be convinced."

Name given by Postum Co., Battle Creek, Mich. Write for copy of the little book, "The Road to Wellville."

Postum comes in two forms: Regular Postum—must be well boiled.

Instant Postum is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. Grocers sell both kinds.

"There's a reason" for Postum.

COOKING THE CHICKEN

is necessary in the Preparation of This Excellent Dish.

Take a fowl as plump and tender as you can get, clean it thoroughly and wash inside and out in salt water; wipe dry, rub inside and out with dry salt, set top neck, and let lay over night; the next morning wash off the salt, cut up, taking pains to disjoint it properly, put into a kettle and nearly cover with cold water; rub first with salt, pepper and a little sage; bring to a boil, then set back, closely covered, where it will just simmer until it is done; when it is very tender remove the chicken from the broth, keeping hot; skim off all the fat from the liquor, set it where it will boil up well, season more if needed, and add one pint of cream if possible, or rich milk; let come to a boil, then draw to back of the stove and stir in quickly the well-beaten yolk of an egg and a tablespoon of chopped parsley; have the chicken arranged upon a platter, leaving a hollow in the center; take hot cream of tartar biscuits, split and lay in the hollow upon the platter, and then pour the cream and egg gravy over chicken and biscuits and serve at once. We are very fond of this, and sometimes I add a little rice to the gravy, cooking well in the liquor before adding cream and egg. When I do this I usually make crisp delicately browned triangles of toast and serve in place of the biscuits. Sometimes, when I fry thin, lean slices of bacon until they are crisp and golden brown, then arrange the toast upon the serving dish, place the bacon upon the toast and the chicken upon that, then pour the gravy over all, as usual.—Exchange.

FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, fowtish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this "Fruit Laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleanser" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Adv.

FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, fowtish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this "Fruit Laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleanser" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Adv.

JUDGE CURED HEART TROUBLE. I took about 6 boxes of Dodds Kidney Pills for Heart Trouble from which I had suffered for 5 years. I had dizzy spells, my eyes puffed, my breath was short and I had chills and back-ache. I took the pills about a year ago and have had no return of the palpitations. Am now 63 years old, able to do lots of manual labor, and well and hearty and weigh about 200 pounds. I feel very grateful that I found Dodds Kidney Pills and you may publish this letter if you wish. I am serving my third term as Probate Judge of Gray Co., Iowa truly, PHILIP MILLER, Cimarron, Kas.

Correspond with Judge Miller about this wonderful remedy.

How to Bankrupt the Doctors.

A prominent New York physician says, "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia but treat it at once, Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is not only effective and pleasant and safe to take. For sale by all dealers.

INDIGESTION, GAS

Pape's Dispepain cures sick, sour stomachs in five minutes—Time!

"Ready, steady, go!" but bad stomachs in order—ready does overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—makes Pape's Dispepain the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Dispepain" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Dispepain will give you a hundred dollars' worth of satisfaction. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Adv.

Perpetual Motion.
One may well be sure that there is no "perpetual motion machine." For this purpose machines have been constructed from time immemorial, but nothing has ever come of it. Men have gone mad on the subject, but without any practical results. It was demonstrated long ago by Sir Isaac Newton and De la Hire that perpetual motion is impossible of attainment. Even the solar system, the most wonderful machine of which we have any knowledge, will run down in the course of time, some say in about 11,000,000 of years from now.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

Make It Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise for You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair—growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any store and just try it. Adv.

New Models in Misses and Children's fall and winter coats just arrived, and await your inspection. Ziegler Bros.

T. J. Ballou, of Gerry, Oklahoma, has been here the past week, investigating the Willow Springs coal mine. He is interested in the development of this property, which was patented by Mrs. McIvers.

The Willow Springs coal mine (Mrs. McIvers') has become a steady producer. Deliveries are being made daily and the demand is growing. We hope to be able to report developments on a larger scale in the near future.

The Women's Civic League will meet this afternoon at 3 o'clock at Mrs. W. L. Gumm's office to make arrangements for an entertainment to be given on Christmas evening. Every child in Carrizozo will be remembered.

Harry S. and Ed. F. Comrey were in Monday night, on their return from El Paso to their Ancho ranch. While in the Pass City they purchased a Ford machine. A third of a century on horseback in Lincoln county is, therefore, to be supplanted by a gas machine.

George Hagee and family came over from Little Creek Tuesday, bound for El Centro, California. They were accompanied as far as El Paso by Mrs. George Stuart. Mr. Hagee and family have resided in Lincoln county for the past thirteen years, in the Little Creek country. The best wishes of many friends go with the family to their new home.

- Frank Wollen, Watchman,
- F. E. Richard, Sentry,
- A. T. Roberts, Manager, 3 yr. Installation the 2nd. Tuesday in Jan. 1914.

California Women Seriously Alarmed

"A short time ago I contracted a severe cold which settled on my lungs and caused me great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Mrs. Marie Gerber, Sawtelle, Cal. For sale by all dealers.

\$100.00 Reward

I will pay \$100.00 reward for the arrest and conviction of the dastardly scoundrel, or scoundrels, who, on the night of November 19, 1913, burned down the Hotel Building that was situated on the Townsite of Holloway, N. M., provided the arrest is made on or before Dec. 20, 1914. There were a lady and four children, one of them less than a month old, in this building when it was burned down. I ask the cooperation of all law-abiding citizens in running down such rascals as these who have so little regard for property or the possible loss of life of a mother or some of her babies.
