The Taylor Hardware Store Burglarized

Taylor & Sons hardware store was entered some time Tuesday night by burglars, the entrance having been effected through the south side door. The glass was broken and an ax found near the entrance. An effort had been made to enter the back door and window, as is indicated by marks on each.

Five rifles were missing the next morning when an inventory was taken as was also an electric search light. Of the rifles taken one was a 30-30, one a 22 high power, one a 25-35 and two 22 pump guns. No ammunition was missing, nor was there anything else of value taken.

Officers up and down the line have been notified, but as this is written no trace of burglars nor goods have been found. A well grounded suspicion exists that the burglars—supposed to be two, possibly more—and their foot are not far from the scene of the burglary.

The Western Garage

The Real building on Alamo-gordo avenue, recently fitted up for a garage, is now occupied by the Western Garage. The members of this new firm are Fred B. Shields and Ray R. Sales. Ernest Cole keeps his car at the garage and looks after the service end of the business. The new garage is electrically equipped and the concern is now prepared to repair all kinds of automobiles. The firm starts out with a good patronage, as a visit to the garage will disclose and it has splendid prospects for an increased business.

Murray-Browning

At the home of Mr. and Mrs. John B. Baird, Carrizozo, Tuesday at 3:30 p. m. Mr. Bert Browning and Miss Blanche Murray were married, the sister, uncle and aunt of the bride and a few friends being present; Justice Ed Massie officiating.

The contracting parties came up from Tinnie, their former home, the bride being the eldest daughter of Mr. and Mrs. H. Doyle Murray of Tinnie, while the groom, also of Tinnie, was until recently, engaged in business in that section as a partner of Mr. Murray.

The newly wedded couple left yesterday for El Paso where they will make their home. The news joins with numerous friends in wishing them happiness.

Leases Grand View

J. F. Morse returned this week with his family from Corona, have leased the Grand View hotel and is now ready for business. Mr. Morse and family lived here about two years, having charge of the yard section until last summer, at which time he was transferred to Corona. The family has many friends here who are glad to see them again become residents of Carrizozo.

Notice

All ladies interested in improving the grounds set apart for the cemetery in Carrizozo are asked to meet at the Bank Hall on Monday, March 22 at 3 o'clock. An election of Civic League officers for 1915 will be held at this time. This is a work in which everyone should be interested. Please come and help.

St. Patrick's Ball

Pursuant to invitations sent out by Manager Mudge, of the Railroad Club House, a large crowd gathered Wednesday night in the honor of Ould Ireland and to participate in the pleasure of the dance. The manager displayed an abundance of green, appropriate to the occasion, and also wore an Irish potato in his pocket. All the guests did likewise—that is, green abounded—and some even duplicated the manager as to the potato. It was a great crowd of Fagans and Fogartys, Dolans and Donahues, Hansons and Hogartys, Murphys and Micks. We have heard of no wake since.

Interesting Program

A very interesting program has been arranged by the members of the Junior church and the local orchestra, which will be rendered at the Methodist church at 7:30 p. m. Friday, March 26th. This program consists of vocal solos, mixed quartets, readings, orchestral numbers, and other entertaining features and will be given for the benefit of the Junior church for its improvement of the local play ground and for the purchase of new music and general expenses.

These causes are both worthy, and the admission of 10 cents for children under the age of 12 years and of 20 cents for adults is within reach of all. Come and enjoy this entertainment. Tickets for sale at office of Stadtman & Byron.

Baptist Church

Regular services at the usual hours next Sunday. All are cordially invited to worship with us.

Japan Given Warning

Pekin, China, March 18.—Official information reached Pekin today that the Russian and British ambassador at Tokio called upon Baron Takaaki Kato, Japanese foreign minister, on Saturday, and informed him that if Japan persisted in pressing upon China demands beyond those contained in her original communication to the powers it would be difficult for Japan's allies to negotiate diplomatically with her in the future.

Notice

Services at the Catholic Church on Sunday the 21st. Mass at 8 and 10 a. m. J. H. GIRMA.

The Split Log Drag

The split log drag has contributed more toward the economic maintenance of public highways than any implement of modern usage. It does not require special acts of the legislature, bond issues nor expensive educational campaigns to make it available as usually precedes construction work. A drag can be built or purchased for a few dollars, and is easily operated by any one who can drive a team. We need more drags in this state, and we need them now.—New Mexican.

Will P. Dolan, who left here last fall for Nebraska, returned this week and intends to remain. His return was welcomed by many friends, particularly the base ball fans, all of whom recognize him as the bright and shining star in the local team.

Coal Vein Thickens

The Willow Springs coal mine, which has been actively operated the past winter under the management of J. J. Ayres, is developing into a better property as depth is attained. The vein has gradually thickened as the work has progressed, and it now measures 41 inches. The coal is a good quality, as well, and the promise of still larger operations is flattering. The operators are constantly making shipments to El Paso and finds a ready sale in that market. Besides the shipment of the product to El Paso, the management supplies a large portion of the local market with domestic coal. The growth of this property is a substantial addition to the business of this town and community and promises still better for the future.

School Notes

The attendance in all departments of the school continues to tax the capacity of the school rooms and seating facilities to the extreme. That more room will have to be provided by another year is no longer a debatable question.

New screens for the outside and up-to-date curtains for the inside of the windows have been ordered by the school board and are here. Preparations are being made for their immediate installation and bids are being prepared and work will begin on the putting up of the bell as soon as the contract can be awarded.

By the commencement season the manual training department will have some creditable work to exhibit for the public's inspection. The work continues with intense interest and the good light and excellent standard equipment make conditions ideal for the accomplishment of the best results.

For twenty days perfect attendance it happened that the sophomore and junior and senior classes (the best two being grouped together) were entitled the same day to a half holiday and not because it was the 17th of March. It was also arranged that the freshmen might recite their classes continuously in the afternoon thus allowing them their freedom at 2:30.

The boys basket-ball team will play the Capitan team at Capitan next Saturday and Saturday week the return game will be played on the local playground court. This closes the season, so be sure to avail yourself of this opportunity to witness a good fast game.

The operetta "Pauline" will be presented Friday evening, April 2nd. As this will be by far the most elaborate local talent performance ever given in Carrizozo, be sure to arrange your plans to be there when the doors are opened. Plenty of fun and melody will give you your money's worth several times. Remember the date—April 2nd.

Carrizozo has been pretty effectively cut off from the eastern and southern section of the county the past two weeks, by reason of the snow and mud.

Judge John Y. Hewitt returned Sunday morning from Santa Fe, where he has been representing Lincoln county for the past sixty days in the state legislature. The judge is looking fine, notwithstanding his numerous encounters with the steam roller.

Lecture on Dairying

Professor Latta, of the A. & M. College, Las Cruces, will be here next Wednesday, the 24th, and will deliver a lecture on dairying afternoon and evening of that date at the Crystal Theater. Mr. Trumbull, agricultural expert will also speak on farming and silos and their relation to the dairy business. Everyone interested in the development of this industry, especially the farmers, are urged to attend these meetings.

L. Brown, the local agent, has been working up the creamery proposition and through his activity the Albuquerque Creamery sent a representative here. While here the representative appointed Patty & Adams agents who will receive all cream presented at this station. Cans, scales, tester, etc., have arrived and the agency is now ready to handle the product from the farmers and ranches of the entire county—they will handle all that is brought in.

Therefore, to the farmers, especially, these coming lectures should be profitable and interesting. Inasmuch as this will be, in a sense, a new industry for Lincoln county, and fraught with golden possibilities, we hope to see the town full of farmers and ranchmen on that occasion, and also see every business man in the town lend his aid to the venture. The cow has meant much to Lincoln county—it now means still more.

Johnny Bull may postpone that excursion up the Rhine and content himself with a surer policy—that of starvation.

The Russian is in front of the Turkish coop, while the other allies are coming in the back way. The "spell" from which the "Sick Man of Europe" is now suffering promises to be fatal.

This week the battleship Pennsylvania hit the water from the Newport News station. It is the most powerful fighting craft afloat, but the prayer of every good American is that she may never be required to fire a hostile shot.

News from the

Battle Front

London, Eng., Mar. 18.—The outer forts of Przemysl, Galicia, Austria, toward which a part of the Austro Hungarian army has been struggling in an effort to bring about the relief of the besieged garrison, have at last fallen before the Russians, according to unofficial reports reaching London.

British military experts think the position of the German armies in the east precludes the transfer at this time of any troops to the western arena and that the German plan of dealing Russia a crushing blow before attempting the much discussed spring advance in the west has failed. Five out of six of the new German army corps are said to be engaged on and beyond the frontier of east Prussia, a fact which British observers think will make it difficult for Germany to meet the demands likely to be imposed on her in the west. The British casualty list for five days from March 10-14, inclusive, during which the battles of Nueve Chapelle and St. Eloi were fought, show that 112 officers were killed or died from wounds and that 193 officers were wounded or missing.

The list of casualties among the men has not been published as yet, but some competent critics

Road Board

Owing to bad road conditions which made travel very difficult between here and Lincoln, and the inability of the chairman, Dr. J. W. Laws, to get here in a reasonable time, the board held no meeting Monday, as it had intended. Another obstacle in the way of holding a meeting, also, was that the law has been changed—a change that is said to abolish county road boards—but whether the law carried the emergency clause is not known; and if not the present board will have a 90-day lease of life. The board has, therefore, decided to hold its meeting the first Monday in April, which is also the regular date for the county commissioners to meet. At that time the statutes of the board will be known and the road board will either transact the business before it or turn it over to the board of county commissioners, the latter board, under the new law, taking charge of roads.

Mrs. Leach of Fort Stanton, and Miss Rose Lutz, of Lincoln, were here this week.

Jay Allen was over Monday from Ruidoso. He drove a four horse team, but notwithstanding that, owing to the condition of the roads, he brought only a few hundred pounds and was three days coming over.

Mr. and Mrs. Gumm returned last night from Angus, where they were called last week by the illness of Mrs. Gumm's sister. The sister slightly improved and she was removed to the home of Dr. and Mrs. Laws, Lincoln.

T. E. Kelley left last week for a short visit to the place of his birth, Alvarado, Johnson county, Texas. Before returning, he will make a short stay in Dallas where he took a course of embalming and from an institution in that city he holds a diploma.

The German war department at Berlin gave out a statement today which says:

Western theater of the war: A French advance against our position on the slope of the Lorette hills was repulsed Wednesday.

French aviators threw bombs on the undefended Alsatian town of Schletstadt. Only one bomb took effect, falling on a seminary conducted by women teachers, killing two children and severely wounding 10. In reply, German aviators Wednesday night dropped bombs of big size on the fortresses of Calais.

"Eastern theater of war: Russian attacks on German positions between the Pissia and the Orz rivers, as well as northeast of Przasnysz, continued Wednesday without success. West of the Skwa river we took 900 prisoners of war and east of the Skwa 1000 prisoners and four machine guns.

"Hordes of the Russian imperial militia gained a cheap victory by invading the most northern corner of east Prussia in the direction of Memel. They pillaged and burned villages and estates. As a retaliatory measure, towns on Russian territory occupied by us were compelled to make payment of large sums.

LOCAL & PERSONAL

Father Migeon, parish priest at Tularosa, was here Tuesday. Good four room house for rent. See J. B. Baird. 3-17-21.

Judge Seth F. Crews was here Tuesday to Wednesday from Oscura. Charles Spence and A. J. Lahlun were down Tuesday from White Oaks.

LOST—Child's gold bracelet. Initials "K. B. G." Leave at this office. Reward.

Mrs. Frank W. Gurney and Frank, Jr., are expected up tomorrow from El Paso.

Ben Renfrow was in yesterday and today from the Crockett-Renfrow ranch, west of the malpais.

Walter W. Stadtman is employed at the Kelley Furniture store, during the absence of Jerry in Idaho and Ed in Texas.

Mr. and Mrs. W. A. Franklin returned this week from El Paso and remained here several days before returning to Jicarilla.

The Women's Home Mission Society of the M. E. Church, South, will meet at Mrs. Clarence Spence on March 24, at 3 p. m. All members requested to be present.

John H. Phillips was in town Saturday from Chavez "Spring" ranch. Mr. Phillips says stock is doing fine in his section, notwithstanding the excessive snow fall.

Dan Dawson, Justice of the Peace at Jicarilla, was in town yesterday. Mr. Dawson says the heavy snows made ingress and egress difficult in that famous old placer camp.

Rich Hust was down Tuesday from his Nogal canyon home delivering a load of apples. The fact that last year's apples are still being sold is sufficient endorsement on the keeping qualities.

Take Notice: I have leased my ranch to A. G. McGee, who has the disposition my hay, etc. Anyone wishing to purchase see him. M. B. FORKMAN. 3-12-15.

Pierce Perry came in last evening from the upper Oscura country where he and Ernest Burrell are drilling a well for Spence and Maxwell. They are now down 550 feet and expect to strike a flow of water soon.

F. W. Jones writes from Douglas, Arizona, stating that he and Mrs. Jones and Fred William are pleasantly located in the border city and that he is in the employ of the E. P. & S. W. at that point.

Mr. and Mrs. Ira A. Greer returned Tuesday from the San Andes, where they have been the past month. Mr. Greer, with his brother, purchased the Harkey flock of goats, and has been chasing the hill climbers the past month. He will, for a change, fire an engine out of here, which in itself is no lad's play.

Mrs. R. T. Lucas, accompanied by her sister, Rosalind Burke, returned Sunday evening from El Paso. Mrs. Burke will remain in El Paso for a time with her son who has been in the hospital, but who is now improved to such an extent that he is up and about.

Roads are drying up rapidly and travel thereon will soon be normal. Yesterday was the first day for two weeks that the mail car has made a through trip from Roswell to Carrizozo. A team and rig have been utilized from Nogal to Lincoln, the roads being impassable in that section.

"CASCARETS" FOR LIVER, BOWELS

For sick headache, bad breath, Sour Stomach and constipation.

Get a 10-cent box now. No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish bowels—you always get the desired results with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets to-night; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases, and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All stores sell Cascarets. Don't forget the children—their little insides need a cleansing, too. Adv.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girl! Beautify Your Hair! Make It Soft, Fluffy and Luxuriant—Try the Moist Cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see how hair, fine and downy at first—yes, but really now hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any store and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all Adv.

TAKE A GLASS OF SALTS WHEN BLADDER BOTHERS

Harmless to Flush Kidneys and Neutralize Irritating Acids—Splendid for the System.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.

FOR BETTER ROADS

ROAD BUILDING IN OKLAHOMA

State Superintendent of Public Instruction Takes Steps to Teach Boys Art of Construction.

"Not to be outdone by Missouri and Kansas, the state of Oklahoma is to take up educational work in road-building," said J. E. House of Muskogee, while in Washington recently. "Governor Major of Missouri and Governor Hodges of Kansas stirred the imagination and ambition of the boys of Missouri and Kansas by getting out on the roads and handling pick and shovel in the making of roads. Oklahoma is going to begin at the beginning and teach the boy in the school how to build good roads. The state highway commissioner is co-operating with the state superintendent of public instruction, and the latter has taken up the matter with the county superintendents.

"When the federal government had spent thousands of dollars to encourage scientific farming and when so few farmers adopted the methods advanced, the officials changed their plans and went after the boys in the schools. They sought to teach the new methods to the older persons through the boys in the schools, and they succeeded.

"If the farmers were made to realize the advantages of better farming methods through their boys in the schools, it seems to me there is little doubt they can be brought to appreciate the great advantages that will result from improved roads. For that matter, however, the farmer ordinarily understands that good roads are

advantageous. Education in the benefits of good roads perhaps would be more profitably undertaken in the public schools of the big cities. It is the state legislatures and the federal government that have failed to appreciate the profits that will accrue from good roads. It is far better to spend money on good roads than on great armies and navies, and it would seem that the highways had better be made passable before the government undertakes to make the rivers navigable, for there is more traffic over the country roads than on the rivers."

MOTHER! LOOK AT CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs"

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! It coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore-throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation-poison, sour-bile and fermenting waste will gently move out of the bowels, and you have a well-behaved child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.

SAGE TEA AND SULPHUR DARKENS YOUR GRAY HAIR

Look Years Younger! Try Grandma's Recipe of Sage and Sulphur and—Nobody Will Know.

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair.—Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. IS EPILEPSY CONQUERED?

New Jersey Physician Said to Have Many Cures to His Credit.

Red Bank, N. J. (Special).—Advice from every direction fully confirms previous reports that the remarkable treatment for epilepsy being administered by the consulting physician of the Kline Laboratories, of this city, is achieving wonderful results. Old and stubborn cases have been greatly benefited and many patients claim to have been entirely cured.

Persons suffering from epilepsy should write at once to Kline Laboratories, Branch 48, Red Bank, N. J., for a supply of the remedy, which is being distributed gratuitously.—Adv.

Mistaken Diagnosis—Doctors Guess Wrong Again

About five years ago I wrote to you that I had been a terrible sufferer from kidney and bladder troubles; and that my physician informed me that my left kidney was in such condition that there was no hope for my recovery. I was advised to try your Swamp-Root as a last resort, and after taking four fifty-cent size bottles, I passed a gravel stone which weighed ten grains. I afterwards forwarded you this gravel stone. Have had no return of any trouble since that time and cannot say too much in favor of your wonderful preparation, Swamp-Root, which cures, after physician's fail.

Very truly yours, F. H. HORNE, Route 3, Box 30, Roseboro, N. C. Personally appeared before me, this 31st day of July, 1909, F. H. Horne, who subscribed the above statement and made oath that the same is true in substance and in fact. JAMES M. HALL, Notary Public.

Advantage of Silencer. This crash of the bullet makes the value of the Maxim silencer very little, so far as military efficiency is concerned, in the way that the fiction writer imagines the silencer to be useful, but not to prevent the enemy from discovering the position of the men firing as many fancy.

Its value lies in the fact that it eliminates fully half of the recoil of the rifle from the action of the gas in its chambers, and it gives the officers much better control over the fire, because of the lessened noise of the rifle. It cuts down the roar of the Springfield to about the noise of the 25-20 and thus the roar of the rifles at the firing line is much reduced, and the commands of the officers can be heard.—Outing.

Limits in Literature. "You've read 'The Heavenly Twins'?" asked an Englishman of an Irishman. "Yes, I have." "And the 'Sorrows of Satan'?" "Yes." "And you have read 'Looking Backward'?" "How the devil could I do that?" asked Pat.

Sure Enough. Bacon—it is stated that it takes an average of 5,867 bullets to kill a single man in the present war. Egbert—Why, where in the world are the innocent bystanders?

KNOW NOW And Will Never Forget the Experience. The coffee drinker who has suffered and then been completely relieved by changing from coffee to Postum knows something valuable. There's no doubt about it.

"I learned the truth about coffee in a peculiar way," says a California woman. "My husband who has, for years, been of a bilious temperament decided to leave off coffee and give Postum a trial, and as I did not want the trouble of making two beverages for meals I concluded to try Postum, too. The results have been that while my husband has been greatly benefited, I have myself received even greater benefit."

"When I began to drink Postum I was thin and weak and very nervous. Now I actually weigh 16 pounds more than I did at that time and I am stronger physically and in my nerves, while my husband is free from all his ills."

"We have learned our little lesson about coffee and we know something about Postum, too, for we have used Postum now steadily for the last three years and we shall continue to do so."

"We have no more use for coffee—the drug drink. We prefer Postum and health."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkg.

Postum comes in two forms: Regular Postum—must be well boiled. 15c and 25c packages. Instant Postum—is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. 15c and 25c tins.

The cost per cup of both kinds is about the same. "There's a Reason" for Postum.—Said by Greener.

ADD TO WINTER MENU

APPETIZING PREPARATIONS FOR THE COLD DAYS.

All Are Recipes of Recognized Worth and Are Sure to Be Appreciated by the Family or the Household Guests.

Celery Fritters.—Beat one egg until very light; add one-half cupful of sweet milk, two teaspoonfuls of butter, one saltspoonful of salt and enough flour to make almost a drop batter. Beat it thoroughly and let it stand an hour or more to swell the flour. Beat again before using. Cut the celery into inch pieces and cook in boiling water (salted) until tender. Drain and stir it into a fritter batter. Drop by spoonfuls into deep fat.

Honey Gingerbread.—Four cupfuls of flour, two heaping teaspoonfuls of baking powder, two heaping teaspoonfuls of powdered ginger, half a cupful of Sultana raisins, half a cupful of preserved cherries, a quarter of a cupful of chopped citron peel, half a cupful of butter, three-quarters of a cupful of honey, two eggs, a quarter of a teaspoonful of salt and a quarter of a cupful of milk. Sift the flour, salt, baking powder and ginger into a basin, add the raisins, the peel and cherries, cut in halves. Melt the butter, honey and milk together in a saucepan, then cool and add to the flour with the eggs well beaten. Mix, turn into a buttered and floured cake tin and bake.

Chicken Pot Pie.—Cut and joint a large chicken, cover with water and let it boil gently until tender; season with salt and pepper and thicken the gravy with two tablespoonfuls of flour mixed smooth in a piece of butter the size of an egg. Have ready nice light bread dough, cut with a biscuit cutter an inch thick; drop this into the boiling gravy, having previously removed the chicken to a hot platter; cover and let them boil for half to three-quarters of an hour. Ascertain they are done, lay them on platter with the chicken, pour over the gravy and serve.

Clams on Toast.—Chop a dozen clams and boil them five minutes in their liquor; drain and add to them two tablespoonfuls of fine crumbs, a tablespoonful of butter, salt and pepper to taste and a gill of milk in which one-half tablespoonful of cornstarch has been dissolved. Stir constantly over the fire until the mixture boils, then add a gill of cream; stir for a moment longer and pour upon the toast.

Candied Potato.—Peel and slice thin two or three medium sized potatoes or one large one. Put in a stewpan with enough water to cover. Cook until potatoes can be pierced with a straw, then pour in one cupful of sugar and cook until a thick sirup is formed and the potatoes have a clear look. Do not stir while cooking.

Tongue Fingers.—Fine to use up cold tongue after it has been served hot braised for dinner and then cold sliced, etc. Grate nearly a cupful (over a half) of the remains of a cold tongue very fine and mix it with the yolk of an egg, a large spoonful of cream and finely chopped parsley, dash of salt and pepper. Heat thoroughly and pour on some prepared narrow strips of buttered toast. Then sprinkle thickly with fine bread crumbs stirred in a little melted butter, with a shake of paprika, and brown quickly in a hot oven.

Apple Grunt. This is an old Dutch recipe: Six good-sized apples peeled and sliced, one cupful of molasses, one cupful of sugar, a little salt and cinnamon. Make a dough of one scant pint of flour, one teaspoonful of soda, one teaspoonful cream tartar, one-half teaspoonful salt. Rub one-half teaspoonful of shortening into flour and mix with buttermilk or sour milk to make it right to roll. Put one-half of the apples in a deep agate pan or kettle, season with one-half cupful molasses, one-half cupful sugar, salt and cinnamon. Divide the dough into two parts and roll one-half to size to cover apples. Put in another layer of apples with remainder of molasses, sugar, salt and cinnamon. Cover with other half of dough, with slits cut in top. Put in one cupful of hot water, cover closely and cook on top of stove from thirty to forty-five minutes, taking care not to scorch.

Brown Potato Soup. Peel and dice about five medium-sized potatoes and cut up a little celery; cook in salted water until tender. Put into a hot iron skillet a teaspoonful each of butter and nice lard, and when melted rub into it two tablespoonfuls of flour; keep rubbing and stirring this about in the hot pan until well browned and quite granular. Now be sure the soup is bubbling rapidly when the browned flour is to be sifted in slowly while stirring rapidly; allow to boil for a few minutes and serve.

Fish Chops. One can salmon, one-quarter cupful fine bread crumbs, one-half teaspoonful salt, one cupful thick white sauce, one egg well beaten. Pick the fish with a silver fork and mix with sauce and salt. Beat well and form into chops. Dip into egg; then into crumbs and fry.

Golden Biscuits. Prepare a nice white flaxseed spread on slices of toast and place a roasted egg on each slice. Garnish with water-cress.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa.—"When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache."

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound."—Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

ONE ON SECRETARY DANIELS

Head of the Navy Evidently Not an Expert as to the Odor of Alcoholic Liquors.

A story is going the rounds in Washington about Secretary of the Navy Daniels which may or may not reflect credit on that official, according to the point of view. According to this story the secretary was one morning conferring with an officer and in the middle of his conference interrupted the proceedings to say: "This is the second morning that I have smelled whisky on your breath, sir!"

To which the officer is said to have replied: "I beg your pardon, Mr. Secretary, it was whisky yesterday, but it is gin this morning." No name has been allowed to leak out in connection with this story, and it may be that there is more fiction than fact in it.—Boston Transcript.

NATIONAL CAPITAL AFFAIRS

Many Wonders in Washington's Botanical Garden

WASHINGTON.—Washington has a botanical garden of plant valuables and plant curiosities. It occupies a patch of land, entirely inadequate, the plant experts say, on Pennsylvania avenue almost directly in front of the capitol. Representative James L. Slayden, of Texas has introduced a bill for the removal of the garden to Rock Creek park and the transfer of its control to the department of agriculture.

Visitors to Washington always are interested in the botanical garden. Curiousities and wonders, too, make the place of sharp interest not only to botanists, but to laymen.

The Hottentot prudal tree will interest students of savage jurisprudence to whom Superintendent Hesse will show the little nuts growing on the tree and explain that the Hottentots made persons accused of crime eat them as a test of their innocence. As the nuts are deadly poison and the accused usually died, the trial, it will be seen, was exceedingly simple.

Bridal couples usually are shown the "mother-in-law plant," so named, it is said, because if a person breaks off a leaf and touches it to the tongue, speech is lost for nine days. One of the employees once experimented by stuffing a leaf in his mouth, whereupon the tongue so swelled that it protruded from the mouth and closed it. The man was rushed to a hospital but the plant made good its dread reputation by keeping him ill for the appointed nine days.

One of the greatest curiosities in the great greenhouse is a creeping fig, a little plant with leaves about the size of a dime and a stem no larger than one's little finger. This stem, coming up out of a bed beside a huge granite block upon which rests a large tub of earth, forced its way under the block, lifting several hundred pounds to make room for itself, and came out on the other side. It then wandered all over the block, carpeting it completely with its tiny leaves of green.

The lace or lattice leaf plant of Madagascar lives in the water and looks like a piece of beautiful "drawn work" that some careless visitor had accidentally dropped there.

"Made in America" Gets Impetus in Washington

"MADE in America" is receiving a big impetus and those who have given magic association to the words "foreign" or "imported" are in a fair way to change their point of view.

Mrs. Thomas R. Marshall, wife of the vice-president, and Mrs. P. R. McCumber, wife of the senator from North Dakota, with Mrs. Ollie James of Kentucky and other leaders of official Washington, have all declared that the importance which has heretofore been attached to foreign manufactured goods has been largely psychological, and that not all of their popularity has foundation in fact, and that they intend to do their utmost to relieve the masses of the American people of that silly prejudice which has grown so strongly on them.

Among the Washingtonians who joined this movement are Miss Julia Marlowe, the actress; Mrs. Thomas F. Walsh, Mrs. Thomas K. McLaughlin, Mrs. George Howard, Mrs. Edward Mitchell, Mrs. Reynolds Hitt, Mrs. Robert Roosevelt, Mrs. Mark Hanna, Mrs. D. A. Blodgett, Mrs. J. B. Aleshire and Mrs. William L. Marshall.

The National Made in U. S. A. league, which has its headquarters in Washington, does not compel its members to sign a pledge, or to limit themselves to any action more definite than preference of American products, if they come within the taste, or the means of the individual purchaser.

"To my mind," stated one of the honorary patronesses. "It is exactly similar to 'the purchase in your home town' agitation which is so common in many of our thrifty rural centers. When it covers the whole United States, it is larger in aspect, but in principle virtually the same. It is a good thing to encourage American business and to furnish employment for all."

CALUMET BAKING POWDER

The cook is happy, the other members of the family are happy—appetites sharpen, things brighten up generally. And Calumet Baking Powder is responsible for it all. For Calumet never fails. Its wonderful leavening qualities insure perfectly shortened, faultlessly raised bakings. Cannot be compared with other baking powders, which promise without performing. Even a beginner in cooking gets delightful results with this never-failing Calumet Baking Powder. Your grocer knows. Ask him.

You don't save money when you buy cheap or big-name baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to any other.

No Wonder. "Do you think the world is getting better, Mr. Gadsdon?" "Surest thing you know! It's getting better every day." "In spite of the war?" "Oh, yes." "I'm surprised to find you so optimistic." "You wouldn't be if you knew what I know." "And what is that?" "I've already cleaned up half a million in wheat and expect to make more."

GAS, DYSPEPSIA AND INDIGESTION

"Pape's Diapepsin" settles sour gassy stomachs in five minutes—Time It!

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it. Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unerring action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach troubles has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any dealer and then if anyone should eat something which doesn't agree with them; if what they eat lava like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Adv.

At Last It's Reached. Father Vaughan tells a good story of a certain minister who was preaching on "Perfection." "Did you ever know anyone to be perfect?" he asked. "Did you ever read of any man or woman who was quite perfect?" As he paused and looked around among his audience, a pale-faced woman rose up and said: "Yes, from all accounts, my husband's first wife was perfect."

Find Live Duck in Fish. A strange specimen of the angel fish was caught by Captain Palmer of Sound Beach, who removed from it two ducks. The wicked fish had stolen the ducks from J. Kennedy Tod's Innis Arden estate. One was alive. The fish was struggling in the water when seen by Captain Palmer, and was landed with a pair of ice tongs. The fish is a yard long, and its mouth is 6 by 8 inches. It was frozen in a cake of ice at the Maher Ice plant and is exhibited in the window of a market here.—Greenwich (Conn.) Dispatch to New York World.

Parcel Post Ice Boxes for Perishable Commodities

ALTHOUGH there is now no obstacle to the construction by the post office department of cold storage facilities to take care of perishable parcel post shipments, according to decision of controller of the treasury, it was declared that there are to be no radical steps taken to equip post offices with either elaborate cold storage plants or ice boxes.

Postmaster Praeger at Washington did not wait for a decision as to whether the department had authority to build cold storage plants. He just took materials from his building, used his own force and has constructed one at the post office near the Union station, where perishable products which cannot be delivered immediately are stored until they can be delivered.

The question of cold storage first came up at Denver. At that place there is a railroad running out of the mountain city approximately 226 miles in length, over which there are only two trains a day, one of which leaves about eight o'clock in the morning. It runs over a desert country, where it is difficult to keep the perishable products, in view of the fact that in order to catch the trains it is necessary to mail the parcel post matter at the Denver post office in the evening. The perishable shipments total about one ton a day.

It is probable that where conditions require it ice boxes will now be installed, although it is declared to be the desire of the department to educate that part of the public which uses the parcel post for shipping perishable products to ship them at a time when it will not be necessary to have them lie over at any point, and it is the purpose of the department to make deliveries of such shipments as they arrive at the office of destination.

Sees Fortune in the Black Mud of Anacostia Flats

JOHN Martin hammers a typewriter in the press room of the Municipal building and draws a pay from an afternoon newspaper in the daytime; at night he dreams of a fortune in podigreed corn and potatoes from the black mud of the Anacostia "flats," between the army war college and the government hospital for the insane.

Last summer a fishing expedition took him to the south shore of the eastern branch of the Potomac, where the government has built up acre after acre with mud dredged from the channels of the branch. Congress has been worrying for a long time over the best means of producing revenue from these flats, and when the district commissioners were asked to pass on the question of leasing these acres of river mud for five years Martin got the tip and, having some money laid by, decided to go into agriculture.

Having leased the land for five years, he consulted the agricultural department and was advised to plant corn because there was so much acid in the soil. Martin chartered a negro and two mules and some farm machinery and started ploughing his land in the fall, and the department told him where to buy his corn. An expert said: "You buy 20 bushels of very aristocratic, high-toned seed corn and raise a crop of it. Allowing 13 acres for failure, you've still got 100 acres for the good corn, which ought to average around one hundred and fifty bushels to the acre. This will make 75 bushels of shelled corn to the acre, and with such corn finding a ready market at \$2 a bushel you ought to clean up about fifteen thousand dollars gross on your first crop. Your second crop, of potatoes, should get you about twenty thousand dollars gross."

Fort Stanton

Senior Surgeon D. A. Carmichael, of the United States Public Health Service, A. L. Parsons, of the U. S. Navy and N. V. Perry, Superintendent from the U. S. Treasury Department, after spending ten days at the Post on official business departed last Friday for other Posts west.

Friday evening of the 12th, Mr. and Mrs. Weber of 13 B, gave a dinner to a number of friends on the square in honor of Miss Helen Rice of Parsons and Mrs. Dr. Welch of Dawson, N. M., sisters of Mrs. Weber.

Miss Rose Lutz of Lincoln, spent a few days this week visiting Mr. and Mrs. Harry Leach at 3 A.

Doctor and Mrs. F. H. McKeon of No. 2 entertained a few friends at dinner Saturday evening, March 13th.

Mr. Henry O'Bannon of the Officer's Mess has been confined to his room for the past week with a slight illness.

The Non-sectarian services held in Library hall Sunday evening, March 14, proved again most interesting. Every seat was occupied in the hall and the lecture with the number of new hymns sang by the entire assembly were excellent. The next service as announced by the chapel plan will take place Easter Sunday morning at 11 a. m.

A beautiful axminster carpet, solid green in color, and a gift from Mrs. Elizabeth Ralph of Washington, D. C. for the local chapel arrived last Tuesday.

Wednesday the 17th being St. Patrick's day special services were held in the chapel both in the morning and evening, in honor of the Saint who has many followers in religion at Ft. Stanton.

Dr. Cisero Lincoln, formerly of the local medical staff, is now a member of the medical staff at the Phipps Sanatorium in Denver.

Dr. Currie also formerly of the local staff is now practicing medicine at the town of Burke, Tex.

Three new members have been added in the past month to the Officer's Mess at No. 4. Doctor Reed of El Paso, Messrs. J. W. Colley, of Denver and Lynch of Edgewater, South Carolina.

Dr. F. H. McKeon and Mr. James Hanna took a drive to Lincoln last Sunday afternoon.

Next Sunday 21st will be Passion Sunday and as well National Peace Sunday for the Catholic church of the United States. Services in keeping with the day will be held in the chapel both morning and evening.

"Something doing" at the Vanzant Emporium soon. The Captain will appear in the new regulation uniform.

Miss Delphilla Brockway Aglaure is a member of the chapel choir, and is rendering her sweet solos as only a child can give.

G. U. Babbs, our popular electrician, made complete the lighting system in the local chapel this week, which will add greatly to the decorations and services which are to be out of the ordinary on Easter Morn.

A beautiful gilded cross five feet in length has been placed on the chapel bellfry. It is the gift of a member of the faith, and was made by Mr. Cockran of the Lindsey Art Gallery on Taunton Ave.

Messrs. Smith and Eche, two of our popular violin players, gave a few selections during the moving picture show last Wednesday evening. Mr. Percy Hill also sang several solos which were well received by the audience.

Miss Mary Knight and Miss Helen Rice presided at the organ and piano during the non-sectarian services last Sunday evening. Lieut. J. R. Basse, the chapel organist, is preparing a special

These balmy days are fast preparing the highways around and about us for the autos. Ere long we will hear the hum of the Jew Packards, the mountain Buicks, etc.

Unless the Ashville and Bonito railroad make more trips over the line, we have it from good authority that the local Ford owners are to establish the jitney service.

Why Mr. Lindsey purchased the seven hides may be a question to some, but a few of his pals have taken it seriously to heart that it sure means "Billy" is going to Alaska. Second half of joke later.

The gardeners have been busy this week making flower beds and lawns at No. 4, under the supervision of Mr. Duffy this is made the beauty spot of Lincoln county each spring and summer.

Bandits Raid Town

Santa Fe, N. M., March 17.—A raid upon the Dwyer Mercantile company store and postoffice at Dwyer, Grant county, by Mexicans of the vicinity who had rebelled at a strict smallpox quarantine, and an ensuing fight with posses from Silver City and Deming under Sheriffs McGrath and Stephens, gave rise to reports from Silver City this morning

that an invading band from Old Mexico had attacked Dwyer.

Several ringleaders have been arrested by the posse and others are being pursued. A posse, headed by Deputy Sheriff Justin of Dwyer, fought a pitched battle with the looters seventeen miles south of Dwyer, Justin and a possesman named Tidwell being wounded and several of the Mexicans killed. The robbers, still alive, it is believed, will be apprehended soon and brought to the Grant county jail at Silver City. Quiet has been restored at Dwyer.

The quarantine which caused the trouble was placed on settlements along the Mimbres river owing to a serious attack of smallpox which caused a number of deaths. The looters are said to have secured a quantity of arms and ammunition and considerable money.

Silver City, N. M., March 17.—Three Mexicans are believed to have been killed and two members of a posse were wounded in a fight today between the Dwyer raiders and pursuers. The wounded are Deputy Sheriff Frank Justin and George Tidwell. Several Mexicans were captured.

Late reports minimize the sensational features of the so-called raid. No Americans were killed although the Mexicans evidently were well armed, having stripped the Dwyer store of rifles, revolvers and ammunition. The Mexicans taking part are believed to be natives of Old Mexico, who fled across the line several months ago to escape being pressed into military service by rebel factions in Chihuahua state.

Saved Girl's Life. "I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky. "It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without THEDFORD'S BLACK-DRAUGHT in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy. If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.
