We posted the notices along the road aforesaid as directed in said notice in the manner and for the length of time therein specified, and on the 24th day of July, 1917 we met at the SW corner of the NW 1/4 NW 1/4 of Sec. 22, Twp. 8-S, R. 14 E., N. M. P. Meridian at the hour of 10 o'clock of said day in said notice fixed and proceeded to view out and pass upon the advisability of the proposed change in said road. And it appearing to us that said road would be made shorter and placed on better ground and would also be made straight and the expense of the upkeep of the same be much reduced by said proposed change. We do hereby find and so report that in our opinion said proposed change is advisable and we recommend that the road be so changed as to run on the section line at this place.

No one having appeared at said time and place or at any other time to claim damages or compensation by reason of said proposed change it is therefore reported that no damages be awarded any one by reason of said change in said road.

Most respectfully submitted this September 5th, 1917, WILLY THYSWORTH, C. R. SMITH, R. B. PROVINE, Viewers.

Jicarilla, N. M., August 1, 1917. Mr. Melvin Franks, Chairman, Board of County Commissioners, Lincoln county, New Mexico. Gentlemen: In compliance with the request of the board at the July meeting, 1917, we the undersigned beg to report as follows:

George Haviland posted three notices on the road line July 19, 1917, five days prior to viewing the said road.

We viewed the road on July 24th, 1917 at 10 o'clock a. m., as per your instructions, our findings are as follows:

Fence line of L. W. Simpson is 26 feet 10 inches west of the section line.

bajal is on and across the section line.

The line of Jose Ortiz is 24 feet 10 inches west of the section line. Fence line of Eusebio Caraballal on section line of west side of Section 16.

We find that said section line will make a good road with the exception of the Junction of N 1/2 of Sections 20, and 21, where it is necessary to make a detour to avoid a rock ledge on the north 1/2 of Section 20 claimed by H. L. Hickson.

Mr. H. L. Hickson has kindly moved his fence back to allow for the detour and donated the ground to the county.

The section line viewed beginning at the SW corner of Section 33 T. 5 S. R. 13 E., and running north on section line to the NW corner Section 16 T. 5 S. R. 13 E. We assess no benefits or damages.

We approve the said road. Z. T. LOWRY, E. F. HASKIN, GEO. HAVILAND, Viewers.

The above report having been duly considered and all things being according to law, the above report is hereby approved and the said road is hereby established.

The Liberty Loan

Santa Fe, N. M., October 12, 1917. To the People of New Mexico:

We, the people of the United States, have got to pay this year an insurance premium of seven billion dollars.

What are we insuring—and why?

We are insuring our country, our liberty, our lives, our prosperity, our honor and the honor of our mothers, our wives and our daughters—against the "Hun".

How are we to pay this insurance premium?

Out of our annual income of thirty-eight billion dollars.

But we must meantime live.

So part—and a large part—of this insurance premium must be borrowed or, in other words, raised by the sale of bonds—Liberty Bonds.

How can we buy bonds?

By saving. If you have no savings account, open one right now. If you do have one—just a little one—make it bigger. If you have a big one—make it bigger yet.

The United States Treasury is depending very largely upon the banks to take or sell the Liberty Bonds. The banks are willing and anxious to do it. How can we help the banks and the Treasury?

By saving. You—who are reading this—go to a banker right now and tell him you want to help pay our country's insurance premium; tell him you want to buy a Liberty Bond yourself or start a savings account that will help him to buy a Liberty Bond. He will help you; will show you how, and it will be the best thing you ever did.

Get the savings habit—a mighty good habit—and join the bondholder class—a mighty thrifty class of mighty good citizens. By thus helping your country you will be helping yourself.

Do this so that "government of the people, for the people, by the people shall not perish from the earth".

Respectfully, G. H. VAN STONK, State Bank Examiner.

Mr. and Mrs. E. F. Miller returned Sunday from Las Vegas, where they had spent the week-end.

Membership Growth Requires New Plans For Annual Meeting

Group conferences in various parts of the United States, to which Chapters will be invited to send delegations, are being arranged to take the place of a general conference of Red Cross delegates at Washington this year. The annual meeting in Washington, on December 12, will be confined to formal business.

The previous custom of allowing each Chapter one delegate to this meeting for each hundred members, or fraction thereof, and of making the meeting an occasion for general conference and discussion has become impractical because of the tremendous growth in membership and number of Chapters. Railroad congestion, the crowded condition of Washington hotels, and war-time pressure upon the entire personnel at National Headquarters are also strong contributing factors which make a change necessary.

Under the new plan, each Chapter has been requested to meet between October 1 and 15 for elections, amendments of Chapter by-laws, and such business as may properly come before the meetings.

Arrangements for the group conferences are being worked out by the several Division Managers. There never was a time when more weighty or more perplexing questions have engaged the attention of the Red Cross, and full discussion of them in group conferences should be both interesting and valuable.

For Food Conservation Campaign

The following telegram received from the Hon. Ralph C. Ely, Federal Food Administrator for New Mexico, is self-explanatory: "Santa Fe, N. M., Oct. 15, 1917. County Supt. of Schools, Carrizozo, N. M.:

C. W. Crist, National Representative Food Administration, will be in Carrizozo Friday night, Nineteenth by auto from Roswell to help organize Pledge Campaign. Please assist him in having a good meeting of workers, RALPH C. ELY."

This is a matter of interest to all patriotic citizens of Carrizozo and Lincoln county as well, and all such citizens are earnestly solicited to be present at this meeting at the Methodist Church at 8 o'clock Friday night to hear Mr. C. W. Crist, our National Representative in this great campaign.

J. E. KOONER, Co. Chairman Pledge Card Campaign.

Notice--Sidewalks

At the council meeting Wednesday night the board of trustees delegated full authority to Mayor Lutz with reference to sidewalk building. The time has arrived for work to begin and where individuals have not already built or contracted to build contracts will be let by the mayor.

Ed S. Long is back from the hospital at El Paso where he had an operation on his kidney. He says he is feeling fine, and he looks it.

Messrs. McDonald, Nye, Wetmore and Bryan returned Saturday and Sunday from Albuquerque and Santa Fe. They secured the promise of some aid in

Parent-Teachers' Meeting

The Parent-Teachers' meeting, held Tuesday evening at the court house, was quite well attended by patrons, teachers and pupils.

The program opened with an able address by Supt. Conway on "Child Study"; musical numbers were rendered by Mrs. Mason and Miss Wilson. President Mrs. J. B. French gave a report of the work accomplished the past year. A short business session concluded the program. The officers for the coming year are as follows: Supt. T. W. Conway, President; Mrs. Maude L. Blaney, Chairman of Program Committee; and Miss Mamie E. Humphrey, Secretary.

Woodmen Prospering

The local Woodmen lodge had an interesting meeting Friday night. District Manager G. E. McDonald was present and three candidates were initiated. Following the initiatory ceremonies and the business meeting an excellent banquet was spread of which a large number partook. The lodge voted to purchase a Liberty Bond, which not only indicates its thrift but shows its loyalty and patriotism.

They will meet not only the national heads of the order but also representatives from every branch of the mountain division and will return with much useful information.

Sheriff C. W. Hyde and Mrs. Hyde returned Saturday from Las Vegas and Albuquerque. To Shorten the War

The effect of shortening the war of a heavy over-subscription to the second issue of Liberty Loan Bonds can hardly be over-estimated.

However brave a front Germany may endeavor to present to the outside world and to her own people, the truth is that she is facing fearful odds and is in dire straits. The embargo placed by President Wilson on American shipments to neutrals struck Germany a body blow, and shipments to her from South American countries are going to be stopped or greatly curtailed through our influence and our control over coal supplies needed by their navies and industries. Germany's efforts for peace are dictated largely by fear of America and America's power. The German people are crying for peace, and the time has come or is shortly coming when the German Imperial Government must needs listen to the German people. They are being led now on hopes of victory and stories of dissensions among the American people and a lack of support of our Government by our people.

No more convincing argument could be made to the people of Germany of the hopelessness of victory being obtained by continued fighting than a great over-subscription to the Liberty Loan, demonstrating not only the tremendous power of America but the fact that the American people are wholeheartedly in favor of prosecuting the war with vigor and willing to finance our Government to the limit.

Every purchase of a Liberty Loan Bond not only supplies the needs of war but it shoots a fact into the German mind the fact that the American people are behind the American Army and behind the American President, and that there is no end to this war except the achievement of the ends that America is fighting for. Every purchaser of a Liberty Loan Bond does something to end the war, does something to shorten the war.

It is announced that at a recent meeting of the officials of the El Paso & Southwestern System, held in El Paso, the road subscribed for Liberty Bonds to the extent of \$500,000.00, the same to be distributed through the banks along the lines of the system in New Mexico, El Paso and Arizona. This is the policy of the system, to give their local towns all the credit possible. The distribution will be officially announced later. The road did the same thing when subscribing for the first loan. Dawson, Tucuman, Santa Rosa, Carrizozo, Columbus and Deming are believed to be among the towns to receive credit for substantial portions of this subscription.

Iowa held a prohibition election Monday. The early returns indicated a dry majority of 15,000, but later reports show a majority for the wets of about 800. All the river counties went wet, naturally.

Why not buy a Liberty Bond? Your government needs the money, it's a good investment and payments are easy. There are very good reasons for every one to purchase a bond.

Buy Your Own Cherries

Is a most interesting story of a man who stops buying liquor that he might buy cherries as well as clothes and food for his wife and children. One is almost moved to tears at the joy of the children over the things brot to the house while mother and father are marketing. The children are sure there is a mistake for it was never before for father had spent the money for booze instead. This interesting story, with a number of appropriate songs for same, will be given at the Baptist church at 7:30 p. m., Sunday, October 21. C. O. Thompson, sent out by the anti-saloon league, will give an address on the state-wide prohibition question at 8 p. m.

Battles Which Made the World

VALMY

The Contest in Which the Brave Volunteers Showed They Could Fight and Made Possible the Gallant French Republic Which Battles for Freedom Today.

By CAPT. ROLAND F. ANDREWS

(Copyright, 1917, by McClure Newspaper Syndicate)

On September 20, 1792, France first assumed the title of a republic. On the same day her brave Carmagnole levies fought and won the battle of Valmy...

Valmy was fought in the same region which has seen some of the bloodiest encounters of the present war. It took place in the marshy country of the Aisne and the Aube...

The army which came against the crude French republican volunteers included not only 60,000 Prussians and 45,000 Austrians...

Against these Dumouriez, the sixty-year-old veteran who held the chief French command, could oppose only a total of some 60,000 men badly organized and disciplined...

The invaders advanced in what they believed would be only a march of joy and triumph to Paris in three columns. In the earlier engagements the French fled like sheep...

The same sort of fog which embarrassed the opposing forces of the present war when they clashed on the same ground hung over the battlefield...

The French, remembering the running they had found it advisable to do in the preliminary skirmishing, were nervous and showed it. However, Kellerman and the youthful Duc de Chartres...

Immediately the Prussian columns began an advance, so formidable in its appearance that the French cannoners wavered at their guns.

Unfortunate. Hec—Poor Billy; all the time he was in the woods he said "Sweet Adeline," so as not to be mistaken for a cow. Finally somebody shot him for singing "Sweet Adeline."

"Vive la nation!" The troops caught the spirit. So great was the clamor they raised, and so resolute their appearance that the Prussians, hesitating at a charge up hill against so formidable a foe...

Plan Adopted by a Man Who Found That He Could Not Get Along on His Salary.

There was a story in the American Magazine in which a man who hasn't been able to get along on his salary installed his wife as temporary receiver.

"What you want," said Tudd, smiling, "is to go into the hands of a receiver—a temporary receiver—like your firm did. You said they did, didn't you? How they coming out?"

"That's good. And that's what you need—to go into the hands of a temporary receiver. You ain't a bad business, but you've got yourself all balled up."

we haven't, we cannot. Products on the farm are worth nothing if they cannot find a market. I am convinced that the most important governmental work is in the improvement of the roads.

"The initial outlay in the building of good roads may seem large, but it is small in comparison with the benefits that accrue. In Alaska we have approximately 900 miles of improved roads, varying from the ordinary country dirt road to the best kind of macadam.

Says Phosphates Make Beautiful Women and Strong, Healthy, Vigorous, Robust Men.

Physicians all over the world are prescribing phosphates to build up run down emaciated constitutions and those who have treated their patients with Argo-Phosphate are changing this. Argo-Phosphate with toneless tissues, flabby flesh, into the most beautiful rosy checked and plump round formed women imaginable.

It will in many cases bring a pale, emaciated picture of health in a few days. I have seen women that I expected would have to be kept under treatment for months restored to perfect health in one or two weeks time.
