OFFICIAL COUNTY PAPER DEVOTED TO THE INTERESTS OF LINCOLN COUNTY, NEW MEXICO

VOLUME 19

CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, FRIDAY, OCTOBER 4, 1918.

NUMBER 40

Remember the Tuscania!

Twice, yea, thrice the number of American soldiers must be landed in France as are there now. There must be no more sinking of transports by German submarines. But it means a vastly larger navy to carry our boys safely over.

Join the Fighting Fourth

Germany shall pay dearly for every American boy who perishes. The Beast of Berlin must be caged.

You Can Weld Bonds for the Kaiser

Liberty Bonds will bind the Prussian military masters. Our soldiers and sailors will put them on.

WANT WINTER EGGS?—PLAN NOW

The Type of Pullet to Select Now for Winter Egg Production—Strong, Active and Not Undersized.

KEEP ALL EARLY HATCHED LAYERS

Well-Developed Pullets Should Be Selected for Producing Eggs During Winter.

HANDLE ALL FOWLS GENTLY

Much Depends on Method of Changing From Summer Quarters—Special Attention Should Be Given to Making Hens Comfortable.

Pullets that were hatched early last spring and developed properly during the summer should begin laying in October. These are the pullets that should be selected now to make up the flock that is to produce eggs next winter. Whether they continue to lay next season when eggs are high in price depends upon the way they are fed and the method of changing them from summer conditions to their winter quarters. At this season these are the questions that should receive the attention of every poultry raiser.

It is desirable that pullets be in the house they are to occupy during the winter three or four weeks before they are expected to begin laying. However, if pullets are on good range they should not be deprived of this, and may be removed to their winter quarters when good range becomes scarce. The change should then be made gently and carefully, and special attention given to making the hens comfortable and contented in their new home. If this is done the transfer will have only a slight effect on their egg production.

Give Pullets Good Start. Gentle handling and good treatment will go a long way toward offsetting the unfavorable effects of moving pullets, whether the change to permanent winter quarters is made before or after winter laying begins. Rapid and rough handling should be avoided. A little extra time and care in moving pullets carefully makes a difference of weeks, and sometimes months, in egg production. The new home should be clean, the floor covered with litter, all nests and feeding and water equipment ready for use. A feed of grain should be scattered in the litter and a drinking vessel filled with water before the transfer is made.

When hens are to be changed from one house to another it is best to move them after dark. If only a few birds are to be removed and the distance is short, they may be carried two at a time, not by the feet, with their heads hanging down, but resting in a sitting position on the attendant's hand and wrist. When a large number of birds are to be transferred a convenient box or coop may be used. The birds should not be overcrowded and should be placed in and removed from the box gently.

Laying hens should get a great part of their feed by foraging. When housed in winter quarters the best substitute for this is to make them scratch for the grain in clean litter scattered about the floor. The hens will thus

get the necessary exercise which is essential for good egg production. If hens are placed in winter quarters from free range they should be liberally supplied with vegetable food, which at this time can be easily obtained from the garden. In fact, laying hens should have vegetable or green feeds as much as possible throughout the winter. This makes it possible to feed grain heavily to promote good egg production and yet keep the birds in the best of physical condition.

The problem of feeding is one of great importance, and should be carefully considered, for on it depends to a large extent not only the general health of the birds, but also the economy which promotes success. It is a subject, however, which should be studied with a large amount of common sense, for there are no hard and fast rules which can be laid down as applying to every case. The price of feeds and the general environment should be considered in determining the right rations.

For the largest profit a good proportion of the eggs should be secured during the winter. If two extra eggs per week can be obtained from each hen a good profit will be made, while if the product is increased by only one egg per week in winter, this one egg will pay for all the feed the hen eats. To obtain this greater production not only should the fowls be young and of a good laying breed, but the feeder should have a full knowledge of the proper feed and its preparation.

The nutriment in the feed of laying hens serves a twofold purpose—to repair waste and furnish heat to the body and to supply the egg-making materials. As only the surplus over what is needed for the body is available for egg production, the proper feeds should be fed in sufficient quantities to induce this production.

In supplying feed to fowls there are three kinds of constituents which should be present in certain fairly well fixed proportions if the desired results are to be obtained most economically. These constituents are mineral, nitrogenous and carbonaceous, all of which are contained in corn, wheat, oats and barley, but not in the right proportions to give the greatest egg yield. In addition some animal feed and green feed should be supplied.

TWO WAR-TIME RATIOMS

Green feed, such as cabbage, sprouted oats or any available green vegetables, should be fed with both of these rations. Sprouted oats are also recommended for green feed, but are not as desirable as cabbage or other green vegetables.

Mash.
1 part ground oats 3 parts cornmeal
1 part meat scrap 1 part bran
or fish meal 1 part middlings
Scratch Feed.
1 part cracked corn 1 part heavy oats

The second ration contains less beef scrap.
Mash.
5 parts mixed feed (bran and mid-
dles) 1 part corn meal
1 part beef scrap or fish meal

Scratch Feed.
1 part cracked corn

The Warhorse and the Miller.
Those who delight in reading about patrioters of today should enjoy this fable of Ambrose Bierce, written 30 years ago:

Having heard that the state was about to be invaded by a hostile army of Warhorses, belonging to a Colonel of Militia offered his services to a passing Miller.

"No," said the patriotic Miller, "I will employ no one who deserts his position in the hour of danger. It is sweet to die for one's country."

Something in the sentiment sounded familiar, and, looking at the Miller more closely, the Warhorse recognized his master in disguise.

Makes the laundress happy—that's Red Cross Bag Blue. Makes beautiful, clear white clothes. All good grocers. Adv.

Successful Portable Kitchen.
A portable kitchen was used with success in Wilmington, Del., to teach the children how to conserve food. It was transported from school to school as the work required. An exhibition was given of the five varieties of Liberty bread that the children made from conservation recipes in the prize contest conducted by the woman's committee of the state.

It sometimes happens that a handsome woman hasn't brains enough to be pretty.

While the little dog is barking the big dog absconds with the bone.

Another Argument Gone.
Whether it was ever an argument against woman suffrage or not does not matter. It was, at any rate, an argument often advanced, that if women got the vote, that vote would always be cast against war; that women had no idea of big issues, and that foreign politics must necessarily be a field closed to them. One by one, however, all arguments have gone, and so this had to go. And 4,000 girl workers in a great manufacturing city in Scotland, the other day helped to destroy it. They sent a resolution to the minister of munitions protesting, with indignation and horror, against a resolution passed by 3,000 men threatening a stoppage of work unless peace negotiations were entered into. It is one of those facts which need no comment. It speaks for itself.—Montreal Family Herald.

Practical View.
"I am so obsessed with my love for you," wrote the sweet young thing to her soldier, "that I cannot eat a bite."
"That is the kind of girl for me," said the rookier, "with the price of cats havin' a blue sky limit, I could just about support a wife who didn't eat."
—Florida Times-Union.

Many a man who knows that there is room at the top sits down and waits for the elevator.

A girl who never had a proposal is apt to be about nine-tenths curiosity.

Keep Yourself Fit

You can't afford to be laid up with sore, aching kidneys in these days of high prices. Some occupations bring kidney troubles; almost any work makes weak kidneys worse. If you feel tired all the time, and suffer with lame back, sharp pains, dizzy spells, headache, and disturbed kidney action, use Doan's Kidney Pills. It may save an attack of rheumatism, dropsy, or Bright's disease. Doan's have helped thousands back to health.

A Colorado Case

"I am so obsessed with my love for you," wrote the sweet young thing to her soldier, "that I cannot eat a bite."
"That is the kind of girl for me," said the rookier, "with the price of cats havin' a blue sky limit, I could just about support a wife who didn't eat."
—Florida Times-Union.

WANTED

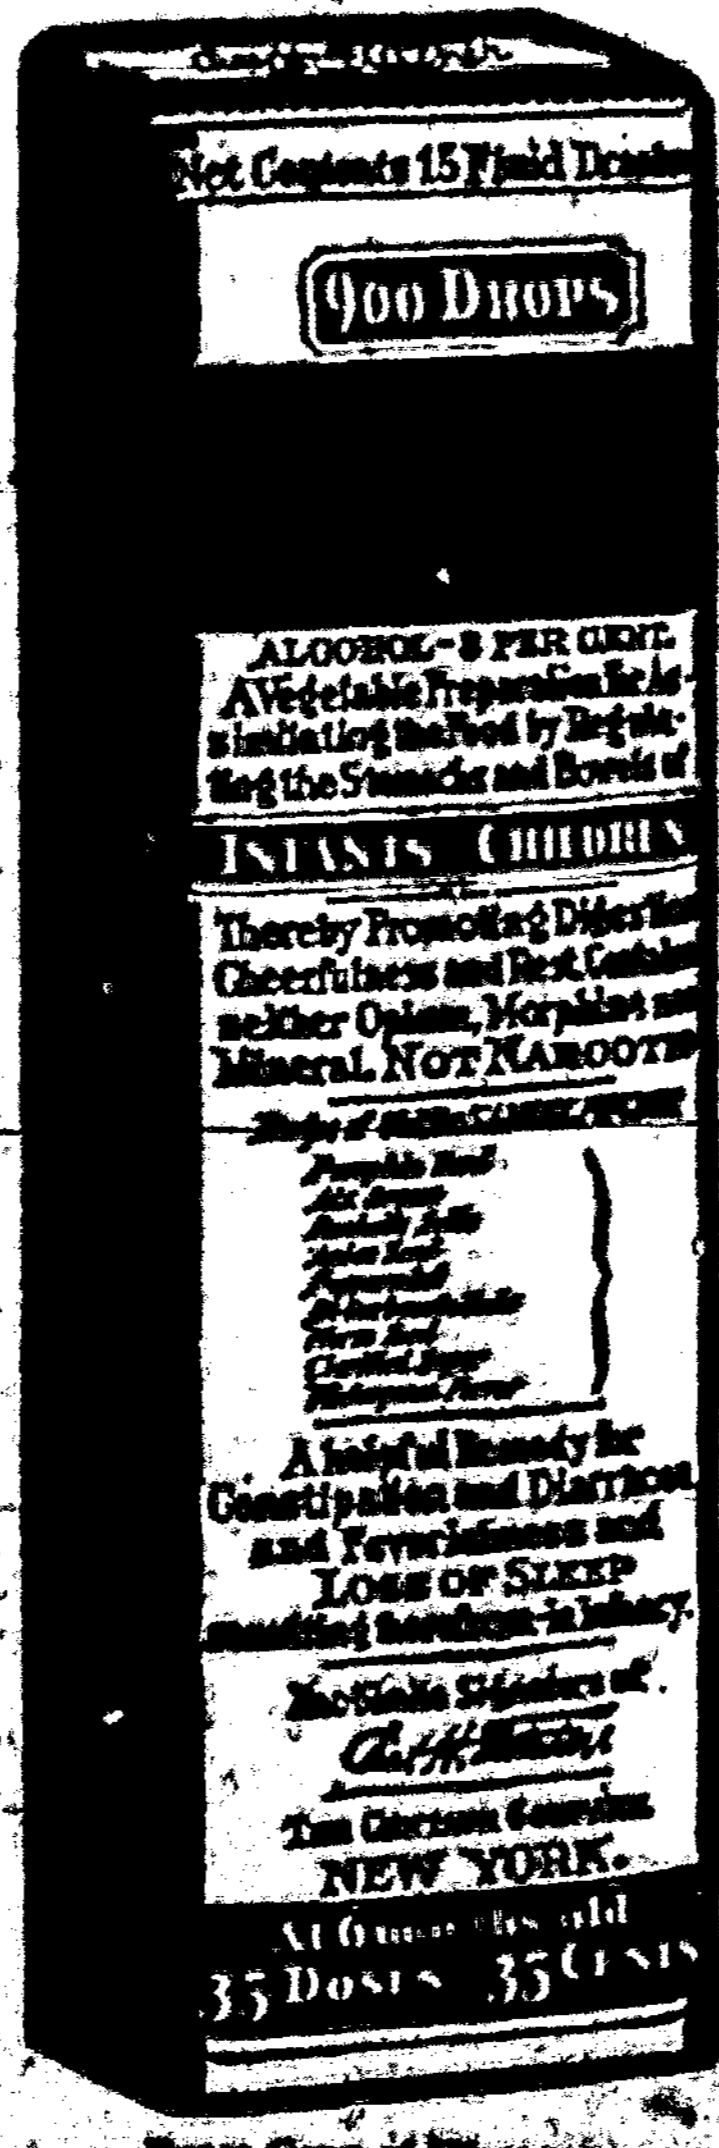

Morrice, Herbert, Cora, Ella, Sarah and Emma Fredrick, nephews and niece of McLancourt Northrup, late of Dexter, Michigan. Estate for settlement. Address W. S. MESICK, Attorney, Petoaky, Mich.

Honest Advertising.

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher treated. But it is not the genuine Castoria that Mr. Fletcher Honestly advertised, Honestly placed before the public and from which he Honestly expects to receive his reward.

Children Cry For

Extracts from Letters by Grateful Parents to Chas. H. Fletcher.

Mrs. John W. Derrick, of Lexington, B. C., says: "My children cry for Castoria, I could not do without it."

Mr. and Mrs. J. A. Gaines, of Ripley, Tenn., say: "We entice our baby's picture hoping it will induce some poor tired mother to give your Castoria a trial. We have used it since baby was two weeks old."

Mrs. J. G. Parman, of Nashville, Tenn., says: "The perfect health of my baby is due to your Castoria—the first and only medicine he has taken. He is never satisfied with one dose, he always cries for more."

Mr. and Mrs. A. L. Johnson, of Stevens Point, Wis., say: "When our baby was two weeks old he cried so much we did everything for him, then got some Castoria and he is now strong and fat. We would not be without it, and are very thankful to you."

GENUINE CASTORIA ALWAYS BEARS

THE CENTAUR COMPANY, NEW YORK CITY

Trimmer—in Corsets.
Steam power was very low on the frontier, so the captain went below and picked out one of the grizzly seamen.

"What's wrong? It isn't the coal?"
"What was your rating when you joined the navy? A trimmer?"

"Yes, sir," came the reply. "They asked me my trade and when I said I was a trimmer they shoved me in the stockhold before I had time to explain. I'm not a coal trimmer; my specialty is—corsets."

Best We Can Do.
"Oh, for the wings of a bird!"
"Try rubber heels, dear. They are said to be the next best."

Home of the Old Man.
"If women keep on taking up the essential work ones performed by men," remarked a quiet observer, "what a grand leading spell father and some of his sons are going to have after the war. The dressmakers and school teachers' husbands used to have a monopoly on that sort of thing, but now we will have the steam riveters, conductors, truck drivers, and chauffeurs' husbands. It begins to look as if the old man is coming into his own at last."

The Missing.
The Missing—"You look so strong and well—it's hard to believe you're a wounded soldier." The Merchant—"No, lady, I'm worse than I am one of the missing."—Sydney Bulletin.

Neighbory sympathy often turns out to be about nine-tenths curiosity.

LOCAL AND PERSONAL

R. A. Hart and Monroe Howard were here Monday from Capitan.

J. B. Perkins left this week from his home at Ancho for Yuma, Arizona, where he expects to spend the winter with his son.

W. M. Atkinson and W. C. Davidson, respectively member of the State Highway Commission and County Highway Superintendent, were here Wednesday on their way to Corona to look over the road in that section.

We pay the highest market prices for hides, pelts, etc. The Carrizozo Trading Co.

John Roberts was here Monday from Spindle. He reports range conditions bad in his section and prospects rather bad for the coming winter.

We meet all competition. Write for our prices. Western Garage

A local barbecue was pulled off Monday by A. R. Tice—a wake for John Barleycorn, who lingered until next day. Many from all parts of the county enjoyed the splendid roast.

Spiral Corsets. Call Phone No. 1. Mrs. G. T. McQuillen. 966f

Ed Dickey, cashier of the First National Bank, has been confined to his room this week.

P. G. Peters was here Wednesday from Capitan to meet his daughter, Mrs. John W. Norton, and little grandchild, who came in that day from Chicago for a month's visit.

Dr. J. Odd Hamilton arrived this week from Tularosa and will practice dentistry during his stay here. Dr. Hamilton has rooms at the Garrard House, where he is prepared to meet patrons.

Attorney C. A. Perkins visited Capitan Wednesday.

All repair work guaranteed at Western Garage.

S. R. Moss was here Wednesday from the Spindle country.

Tom McDonald was in this week from his Mocking Bird Gap ranch. He reports his range in bad condition.

W. J. Ayers and family returned Monday from a month's stay at Hot Springs. They went overland in a Ford.

Five Hundred Pounds Of Clothing Collected

Mrs. Robert C. Pitts, as chairman of the committee during Old Clothes drive, made it a telling drive, being well assisted by the Junior Red Cross, and as usual more than "Went Over the Top," the quota being one hundred pounds. More than five hundred pounds were collected.

Typhoid Prevalent

An epidemic of typhoid has struck the town and two deaths have resulted therefrom, both in the McBrayer family. Dr. Blaney and Mrs. Alfred Harris, both of whom have been ill with the malady, appear to be safely passing the crisis. There are a number of other cases, but so far as we have been able to ascertain none appear more serious than the last two cases named.

For Training School

Louis Adams returned yesterday from El Paso, bearing with him a certificate of admission to the officers' training school at Camp McArthur, Waco, Texas. Louis was the only one to pass both mental and physical requirements out of ten applicants. Notwithstanding he weighs 250 pounds, and the authorities said he was the heaviest applicant they had accepted for the officers' training school, he passed every test and expects to be called in about two weeks.

Permits Necessary For All Construction Work

The War Industries Board has designated the State Council of Defense as its representative to pass upon proposed construction in New Mexico, in order that all new construction not essential and not contributing directly or indirectly toward winning the war may be stopped. Henceforth permits from the War Industries Board will be required for construction projects as specified in circular No.

21 of the Priorities Division of the War Industries Board (a copy of which is on file in the office of the Executive Committee of the County Council of Defense in the Exchange Bank, Carrizozo). This plan has been adopted because of the imperative necessity of conserving labor, materials and capital for war purposes.

The Executive Committee of the County Council of Defense has been appointed local representative of the State Council of Defense and the War Industries Board in Lincoln County. This committee will proceed to act along the lines indicated in the following rules of procedure:

"The person, firm or corporation interested in a construction or building project (whether proposed or now under construction), which does not come within the class of projects for which no permit is required, as set forth in the circular above referred to, shall make a full statement of the facts in writing, under oath, and present the same to the Executive Committee of the County Council of Defense, applying to such Executive Committee for its approval of the proposed construction.

"The Executive Committee of the County Council of Defense shall immediately make surveys of all buildings now under construction in its territory which do not come within the classes mentioned in the circular above referred to, and report the same as promptly as possible to the Executive Committee of the State Council of Defense, together with its recommendations concerning the necessity for the continuance of such construction to completion, or the possibility of deferring the same until after the war."

All applications and statements, as provided for in the above rules, must be filed with the committee at once.

Address Executive Committee, Council of Defense, Carrizozo, N. M.

Democrats Nominate Lincoln County Ticket

Democrats from the various precincts of Lincoln county assembled in convention Monday morning at 10 o'clock. Frank W. Gurney, chairman of the central committee, called the convention to order, read the call and asked for the election of a temporary chairman. Judge John Y. Hewitt was elected. Candido Chavez was chosen temporary secretary and Larry G. Norman interpreter. Three committees were appointed: credentials, resolutions and permanent organization and order of business. A recess was then taken until 2 o'clock.

Upon reconvening the credentials committee reported the presence of 65 delegates entitled to seats and the report adopted. The committee on resolutions presented the following report, which was adopted.

Report of the committee on resolutions:

"Resolved by the Democrats of Lincoln County, in Convention assembled:

"1. That we cordially endorse the administration of Woodrow Wilson in all his policies as President of the United States, and especially in the management of his administration in the conduct of the great world war now pending. The achievements of the present administration since the declaration of war by the United States have been the wonder and admiration of the whole civilized world, and we congratulate the people of the United States in having selected a man for President who has fully met the requirements of this great occasion.

"2. We fully endorse the Democratic state ticket recently nominated at Santa Fe and pledge the Democrats of Lincoln County to its active, earnest and cordial support."

The permanent organization consisted of Judge Hewitt, chairman; M. B. Paden, secretary, and Harry G. Norman, interpreter. Following these preliminaries, the convention proceeded to the nomination of candidates. For sheriff four names were considered, to wit: John B. Baird, C. W. Hyde, George C. Clements and E. W. Harris. On the first ballot

Harris received 1 vote, Baird 23, Clements 20 and Hyde 20. On the succeeding ballots there was a change from one to another candidate, Baird gaining on each ballot until the fourth, when Hyde withdrew and Baird received the nomination.

George C. Clements was nominated by acclamation for county clerk; Wayne Van Schoyck in the same manner for treasurer and ex-officio collector; so also were Frank R. Miller for assessor and George Kimbrell for probate judge.

A close contest developed for superintendent of schools, J. E. Koonce receiving 34 votes and Miss L. B. Spellman 29. After the announcement of the vote Mr. Koonce withdrew and moved the nomination of Miss Spellman. The withdrawal was accepted and Miss Spellman nominated by acclamation.

B. R. Robinson was unanimously nominated for surveyor John L. Bryan and A. S. Mc-

Camant were respectively nominated for commissioners from districts No. 1 and No. 2.

In the 3d district four names were presented, viz: W. M. Ferguson, W. I. Broocke, J. H. Jackson and R. H. Taylor. Taylor received a majority of the ballots and was declared the nominee for commissioner from the 3d district.

Neil H. Bigger was unanimously nominated for the legislature from this county.

M. B. Paden and W. O. Norman were selected as members of the state committee. A central committee was appointed, consisting of a member from each precinct, and the committee was organized following the adjournment of the convention by election of M. B. Paden chairman and Candido Chavez secretary.

There were a few contests for the various positions on the ticket, but, taken all and all, the convention did its work rapidly, and concluded its session the same day it convened. The conclusion of the convention in one day marks an era in the history of the Democratic party in Lincoln county, and was an evidence of less friction in its deliberations than usual. It is, therefore, regarded as a good omen, and that the people of Lincoln county will give the candidates a hearty reception at the polls the 5th of next month.

Liberty Loan Train

The Liberty Loan Train will arrive at Carrizozo Saturday night, October 12, at 5:30 and remain over night.

The following is a synopsis of the circular, descriptive of the train, issued by Supt. C. D. Beeth: "Agents at various stations where train will stop should notify local representatives of Liberty Loan organizations, so that crowds may be assembled at designated points.

"The exhibits will consist of war material of various types and will be accompanied by certain persons in charge, and speakers and publicity men. Train will consist of a box car and two flat cars for transportation of exhibits and a tourist sleeper for accommodation of persons in charge. The charge for service, including fares of speakers, attendants and publicity men, will be taken care of by this office. It is the plan to stop this train at sundry points where speeches will be made at railway stations and an opportunity given the public to view the war exhibits."

Linen Shower

The biggest "linen shower" ever attempted started Monday and will run through the week. Every family in every chapter and branch in the Mountain Division of the Red Cross may be expected to donate at least one article or its equivalent. The following are the articles desired, with their specifications:
Bath towels, 19 by 38 inches.
Hand towels, 18 by 30 inches.
Handkerchiefs, 18 by 18 inches.
Napkins, 14 by 14 inches.
All articles, whether new or otherwise, must be laundered before inspection, sorting and packing.

Those who cannot supply these articles are urged to denote their price in cash, and the chapter or branches will secure the material. These articles are needed for and to be used for our soldiers in the hospitals in France.

Appointed 2d Lieutenant

Mr. and Mrs. George L. Ulrich received a wire Sunday conveying the news of the appointment of their son, Thomas C. Fitzpatrick to a second lieutenant. Lieutenant Fitzpatrick enlisted in the army a little over a year ago, and until about three months ago was stationed at Fort Bliss. At the time mentioned he went to Fort Sam Houston to attend an officers' training school, and now as a result of his knowledge and training has been honored with a lieutenant's commission. His parents, naturally, are proud of his promotion and have many friends who share their pride.

Political Announcements

REPUBLICAN

SUPERINTENDENT OF SCHOOLS
I hereby announce my candidacy for the nomination to the office of Superintendent of Schools of Lincoln County, subject to the will of the Republican party.

ELIZABETH A. GUMM

I hereby announce my candidacy for the nomination to the office of Superintendent of Schools of Lincoln County, subject to the will of the Republican party.

MISS MAUDE L. BLANEY

BULGARIA QUILTS

The Bulgarian nation is definitely out of the war. Her army is to be demobilized and she agrees to the terms of peace laid down by the Entente, turning over her railroads and permitting the passage of the Allies over her domain. With Bulgaria out, Turkey is cut off from Germany and Austria and neither can render effective service to the other. General Allenby, the British officer in command in Palestine, is finishing the Turks in that section.

Meanwhile the Allies continue to win victories on the western front, from the Alps to the North Sea. The Hindenburg line is broken from one end to the other; the Germans have been driven from a great part of the French territory they formerly occupied and have also been forced to evacuate important positions. Conditions could scarcely be better for the Allies.

DO YOU WANT TO WIN THIS WAR?

Every American citizen has but one duty at this time and that is to probe his conscience in answer to the query as to what he can do most effectively to aid in winning the war and crushing German militarism.

It is not enough that he buy a Liberty Bond, or subscribe to the Red Cross, or the Knights of Columbus, or to the Y. M. C. A. He must support his country with his energy, his enthusiasm, and his will to the highest extent of his ability.

If he does that, his conduct will include loyal support of the President of the United States and his administration in its war policies. President Wilson is charged with the burden of leading and directing the Nation in its fight against the Hun. He is entitled to and receives the loyal and patriotic support of every American who has any conception of his duty.

If YOU want to win this war, let this thought be left with you: It is as important that you vote right as that you talk right; it is as important that you vote right as that you give your money right.

The honest and conscientious American this year will vote as his son shoots.

FAIR FOOD PRICES

A glance at the food prices running in the News shows that the merchants are receiving only a fair profit on groceries. The difficulties lie in the prices our merchants pay for goods. Under these percentages of profit, therefore, if there is profiteering in food stuffs, the blame does not rest with local merchants.

W. J. Langston leaves Monday for Albuquerque to attend the I. O. O. F. grand lodge.

No time to count the cost as he jumps into the unknown, as he springs to success or eternity.

Ever worry about meeting a Liberty Bond payment?

Take another glance at the man who does not worry about meeting death.

Then, in a spirit of humility, of reverence, go out and

Buy Liberty Bonds

To Your Utmost

As a part of their efforts to fight this war to a prompt and victorious conclusion, this advertisement is endorsed and paid for by

Liberty Loan Appeal

In the name of the quarter of a million men who have left this District to fight for us I appeal to the citizenship of the Eleventh Federal District to subscribe and over-subscribe the Fourth Liberty Loan, and I call upon them to do it quickly.

Let us put away as unworthy of ourselves and of this occasion the usual thoughts of our little, and really unimportant, lives.

Men are fighting, braving and suffering even death itself for you and me.

As ordinary average decent human beings we should feel that we must support these men and provide them with the minimum amount the government asks of us. As men of pride in our race, birth and nationality, we must do more, and make our response both prompt and generous.

To count our money while our sons are fighting for our lives, our homes and our future; is out of place and unworthy.

Conditions in this district of ours are not ideal and the burden of the loan has been most carefully adjusted. Not a single man, not a single community has been asked to do more than is possible or reasonable.

Upon the wealthy men of this community rests a responsibility greater than that ever placed upon their shoulders before. They must lend to their country the accumulated wealth of past years, and we know that they will do it.

Our boys went to our defense fearlessly, courageously and with a smile on their faces. We must all lend as they have given.

J. W. HOOPES,
Federal Reserve Bank.

Fred B. Shields, Wayne Hamilton, Joe Finley and Percy Buchanan returned the past week from Denver. They had gone to that point to enter the aviation service, were accepted and expect to be inducted as soon as arrangements can be made through the local board. Their assignment may take them to San Antonio, Texas, or St. Paul, Minnesota.

Pay Your Road Tax

I have been appointed by the Board of County Commissioners to collect the road tax in this precinct. The tax is \$3.00 assessed against every able-bodied man between the ages of 21 and 60 years old. This tax is now due, and prompt payment of the same is requested.

G. T. McQUILLEN,
Collector Precinct 14.
7-26-18.

Democratic State Ticket

The Democrats in state convention at Santa Fe last week nominated the following ticket:

For United States Senator, W. B. Walton.

For Congressman, G. A. Richardson.

For Governor, Felix Garcia.

For Lieutenant Governor, E. E. Veeder.

For Supreme Court Justice, Richard H. Hanna.

For Secretary of State, Juan J. Duran.

For State Treasurer, T. W. Medley.

For Attorney General, Thomas J. Mabry.

For Superintendent of Public Instruction, J. S. Long.

For Commissioner of Public Lands, George Davison.

For State Auditor, M. C. de Baca.

For State Corporation Commissioner, D. J. Finnegan.

The ticket contains some of the ablest men in the state and is regarded as a specially strong one.

Robert Shields, a citizen of the Spindle country, was quite seriously injured last Sunday. He was kicked by a horse, had a leg broken, also a rib.

State Republican Ticket

The State Republican convention which has been in session at Santa Fe since Tuesday had made nominations for the principal offices up to last night. They are as follows:

For United Senator, A. B. Fall.

For Congressman, B. C. Hernandez.

For Governor, O. A. Larrazola.

For Lieutenant Governor, B. F. Pankey.

For Supreme Court Justice, H. F. Reynolds.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. ... had to get Cardui. I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE CARDUI

The Woman's Tonic

She writes further: "I am in splendid health... can do my work. I feel I owe it to Cardui, for I was in dreadful condition. If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

Notice for Publication Serial No. 01021 Mineral Survey No. 170 DEPARTMENT OF THE INTERIOR U. S. Land Office at Roswell, N. M. July 22, 1918

Notice is hereby given that the International Brick Company, a corporation, whose post office address is El Paso, Texas, has made application for a United States patent for the Texas Star Pincer Mining Claim, located in Section 2, township 8 south of range 11 east, New Mexico, Principal Base and Meridian, in Lincoln County, New Mexico, and particularly described in the field notes and plat of the official survey on file in this office as follows, to-wit:

Survey NG7190 Texas Star Pincer Mining Claim.

Beginning at Cor. No. 1, identical with the cor. of the Amended Location.

A sandstone 2x12x24 inches, set 12 ins. in the ground, chiseled 1-1700 on side facing claim, with cross for corner point, with mound of stone alongside, 2 1/2 ft. base and 2 1/2 ft. high, whence

The closing corner of sec. 2 and 6, T. 8 S. R. 11 E., N. M.

P. H. & M. bears N. 40° 15' W. 1763.20' (1), which is a sandstone 4x7-inches, 10 ins. above ground, chiseled G. C. on south side, with 5 marks on the east edge and 1 mark on the west edge.

The Standard 1/2 sec. cor. of sec. 21 T. 8 S. R. 11 E., N. M.

P. H. & M. bears N. 31° 05' W. 1265.31' (1), which is a 1-inch iron pipe with brass caps, marked U. S. General Land Office, Survey, S. C. & A. C. Sec. 21, Nopal Peak bears S. 80° 24' E. White Mt. bears 103° 17' E. Carrizozo Mountain bears S. 100° 23' W. A Mountain Peak bears N. 43° 42' E. No other bearing objects available.

Thence East Variation 120° 45' E.

208 Cross ridge bears N. 27° 42' E. Unseen.

209 Foot of Slope.

210 Cross fence in west side of public road bears N. and S.

211 Cross road bears north and south.

212 Cross west fence of El Paso & Southwestern R. R. bears north and south.

213 Intersection of E. H. track, El Paso & Southwestern R. R.

On 10 currs bears S. 10° 45' E.

214 Cross fence on east side of right of way of El Paso and Southwestern R. R. bears S. 10° 45' E.

215 To cor. No. 2, identical with the cor. of the Amended Location.

A sandstone 1x10x24 ins. long set 12 inches in the ground, chiseled 1-1700 on side facing claim, with cross for corner point, with mound of stone alongside, 2 1/2 ft. base and 2 1/2 ft. high, whence

Nopal Peak bears S. 20° 24' E. A Mountain Peak bears N. 27° 11' E. No other bearing objects available.

Thence South Variation 120° 45' E.

216 To cor. No. 2, identical with the cor. of the Amended Location.

A sandstone 1x10x24 ins. long, set 12 ins. in the ground, chiseled 1-1700 on side facing claim, with cross for corner point, with mound of stone alongside with 2 1/2 ft. base and 2 1/2 ft. high, whence

A sharp Mountain Peak bears N. 31° 05' E. No other bearing objects available.

Thence West Variation 120° 45' E.

217 Cross road, bears northwest and south

218 Cross road which bears N.E. SW.

219 Cross ridge which bears NW. and SE.

220 The point.

221 Cross fence on east line of right of way of the E. P. & S. W. R. R. bears S. 11° 06' W.

222 Intersection of Railroad Trunk of the E. P. & S. W. R. R. bears S. 11° 06' W.

223 Cross fence on west side of right of way of the E. P. & S. W. R. R. bears S. 11° 06' W.

224 Cross road bears S. 11° 06' W. and N. 11° 06' E.

225 To Cor. No. 4, identical with the cor. of the Amended Location.

A sandstone 16x10x24 ins. long, set 12 ins. in the ground, chiseled 1-1700 on side facing claim, with cross for corner point, with mound of stone alongside with 2 1/2 ft. base and 2 1/2 ft. high, whence

Nopal Peak bears S. 20° 24' E. White Mt. Peak bears S. 103° 17' E. Mountain Peak bears S. 110° 23' E. A Mountain Peak bears N. 43° 42' E. N. W. cor. of Brick Pumphouse at Coyote bears S. 21° 01' E. Carrizozo Mt. bears N. 26° 30' W. No other bearing objects available.

Thence North Variation 120° 45' E.

226 Up steep slope.

To cor. No. 1.

The place of beginning.

Total area of Texas Star Pincer Mining Claim 50.00 acres.

Area in conflict with right of way of the E. P. & S. W. Railroad 16.500 acres.

Location

This claim is located in Section 2 T. 8 S. R. 11 E., N. M.

P. H. & M. about 1/4 mile north of Coyote, New Mexico.

Any and all persons claiming adversely the mining ground, premises, or any portion thereof, who have been surveyed, plotted and applied for, are hereby notified that unless their adverse claims are duly filed as provided by law, and the same are not withdrawn, within sixty days from the date hereof, with the Register of the United States Land Office at Roswell, in the County of Chavez, and State of New Mexico, they will be barred in virtue of the provisions of said statute.

U. S. KEEPS TAB ON 7,000 SHIPS

Every Six Minutes a Merchant Vessel Moves at an American Port.

TRAFFIC CHARTS ARE USED

Every Minute of Time and Pound of Cargo Noted and Thus Each Vessel Is Used to Utmost to Speed War Plan.

Washington.—Every six minutes a merchant vessel arrives and another departs from American ports. From north Atlantic seaports there is a departure every eleven minutes—one for Europe every forty minutes. This rate of operation does not include vessels in the service of the army or navy.

The merchant fleet of 1,600 ships under the control of the United States shipping board is run as a railroad, on a time schedule. The duty of measuring ships' performances, with their tasks, is lodged with the planning and statistics division of the shipping board, headed by E. H. Gay, formerly dean of the Harvard Graduate School of business.

Obviously the division must know the tasks in detail, and so it co-ordinates with the war industries and war trade boards in determining and providing for the country's needs from abroad. It works on month to month schedules, or as far in advance as it is feasible or possible to forecast.

Works With All Departments.

In planning the use of ships the division works with the food administration in determining the shipping requirements for food; with the war department in correlating shipping with the requirements of the line of supplies for the western front; with the war industries board in seeking solution of the problem of bringing necessary raw imports into the country, and with the war trade board in preparing

the lists of essential imports and exports.

As the country has gone more and more on a war basis, it has been regarded necessary to limit the list of essential imports to less than 100. Data on the ships and their trade provide the basis for operation of the vessels under the shipping board's control. Likewise records are kept of neutral vessels coming to this country or linking up with its foreign trade.

Thus the division checks daily about 7,000 vessels, 1,600 of them being those of the shipping board, 3,000 engaged directly in American commerce and 2,500 scattered over the globe and trading for the most part with the allies or their colonies. Roughly, one-fourth of the merchant ships of the world are watched by the shipping board.

Ship performances against tasks are recorded by "progress charts," which show at a glance what the vessels have to do and how they are doing it. Each set of charts is divided into ten di-

vessels, tonnage, ship's charts of commodities, individual commodity charts, summary of imports, individual trades, summary of trades, ship charts of exports, performances in ports and dock performances. Copies are distributed every ten days to governments which require constant information about the movement of supplies.

By these movement charts any information regarding locations and movements of vessels is accessible, and from past performances one may forecast the time of future voyages.

The summary on shipping and trade, prepared every ten days for the war industries and war trade boards and the food administration, helps shape the larger policies underlying the use of American ships in war time. The charts tell whether the ships allocated to a certain trade are enough, too many or too few; whether they bring in too little or too much; whether they are on time, ahead of time or behind time, and whether the trade movement is too slow, too fast or just right. The charts also serve to guide the ship control committee in the assignment of vessels to various trades. By comparing import requirements against deliveries the charts show when vessels may be transferred from one trade to another or released to the army.

YANKEES VISITING IN BATH, ENGLAND

Wherever American troops set foot on English soil today nothing but kind words and all the comforts of home greet them. Patriotic-minded English men and women arrange excursions and celebrations for them; in fact, everything possible is done to make them feel as if they were back home. This picture shows some Yankees inspecting the old Roman baths at Bath, England, near which city they are stationed.

U. S. WILL ENROLL ALL DOCTORS

Washington.—Dr. Franklin Martin, chairman of the general medical board of the council of national defense, explains the scope and function of the volunteer medical service corps, in which it is proposed to enroll every legally qualified physician in the country, including women, without reference to age or physical disability.

"It is a method of recording all physicians who are not yet in service and of classifying them so that their services when required will be utilized in a manner to inflict as little hardship on the individual as possible," Doctor Martin writes. "It is a method by which every physician not in uniform will be entitled to wear an insignia which will indicate his willingness to serve his government."

"The object of the corps is to place on record all medical men in the United States; to aid the army, navy and public health service in supplying war needs; to provide the best civilian serv-

ice possible; to give recognition to all who record themselves.

"Civilian service will be supplied under a fixed plan. Every one in the corps will receive proper credit for service rendered, and ample medical attention will be assured for all requiring it. There will be four tentative classes, consisting of fit-to-fight men under forty, reserves under fifty-five; home forces over fifty-five, and ineligible. Reserves may be called on occasion for army, navy, public health and civilian service, the home forces being those able to perform only civilian service."

Service of members of the corps will be called and rendered in response to requests from the central governing board, in which the management of the corps will be vested. State boards will appoint executive committees to receive applications for enrollment in the corps and will make recommendations concerning them to the central governing board.

AID TO REDFIELD

In appointing a woman to become his private secretary William C. Redfield, secretary of commerce, has set a precedent. Mrs. A. C. Stewart of Port Richmond, N. Y., is the first woman thus honored. Mrs. Stewart was Mr. Redfield's confidential clerk for a number of years.

TOO GOOD FOR THIS EDITOR

Chinese Newspaper Man Returns DVine Manuscript With Great Sorrow.

London.—A correspondent of the Daily News forwards to the editor the following Chinese method of refusing a contribution which has been received from a Peking journal:

"We have read thy manuscript with infinite delight. Never before have we revelled in such a masterpiece. It was printed it the authorities would ordain us to take it as a model, and henceforth never to print anything inferior to it. As it would be impossible to find its equal within 10,000 years we are compelled, though shaken with sorrow, to return your divine MS., and for doing so we ask of thee a thousand pardons."

Romance in the Trenches. Clifton, Ia.—A "romance of the trenches" in France was revealed in a letter received recently by a Clifton woman from a cousin with the American expeditionary forces. The cousin,

Daniel Livingstone, ten years ago, when he was fourteen years old, then a resident of Cedar Rapids, while in Davenport on a vacation visit saved a girl from drowning in the Mississippi river. He had never seen the girl before nor since until, as he wrote his cousin here, he met her near the firing line in France. She is a Red Cross nurse. He did not reveal whether or not a sequel is to be expected.

Dump Kaiser in Basin. Boston.—Students of the Massachusetts Institute of Technology called an effigy of the Kaiser in a specially prepared coffin and afterwards threw the coffin, Kaiser and all into the Charles river basin. The ceremonies were presided by a funeral march and a dirge.

Kidd, 104, Works on Farm. Bellair, O.—William Kidd, one hundred and six, is working in the farm work on the Charles Bassett farm and is doing a real day's work every day. Kidd was born during the War of 1812 and served in the Confederate army during the Civil war.

"HAIL, HAIL," GREET'S YANKEES IN FRANCE

Gary, Ind.—"Hail, hail, the gang's all here!" Thousands of the 1918 edition American tourists who are daily arriving "somewhere in France" look up, joy in their faces and a warm glow in their hearts, as groups of little French kiddies sing this homely refrain as they use the gangway.

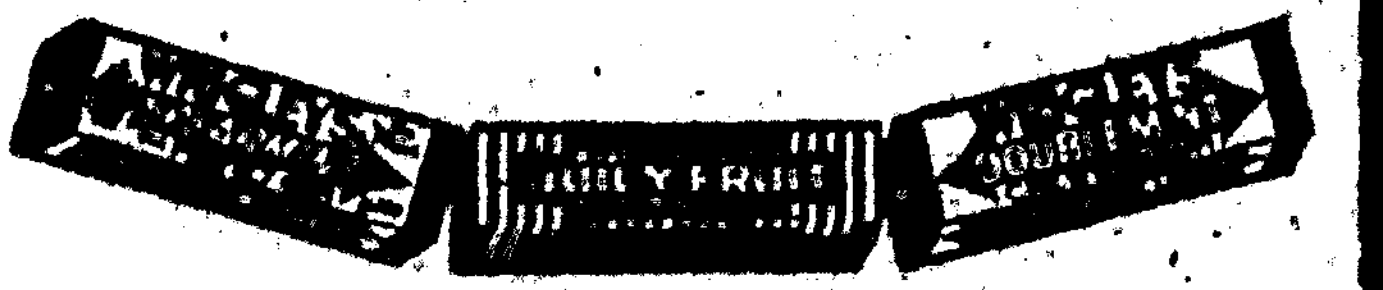

According to a letter received here recently early arrivals of the American expeditionary forces have taught this greeting to the children, who pass it on as each new contingent arrives. "Hail, hail, the gang's all here!"

The remarkable intelligence of the horse is shown by the rapidity with which the animal learns the significance of the bugle calls in the cavalry service.

WRIGLEY'S

We will win this war— Nothing else really matters until we do!

The Flavor Lasts

Atavism. "Woman, lovely woman, is sweet enough to eat." "Well, you know, originally she was a spare rib." Initial Consequences. "There is something off the coast which looks like an eyecore." "Don't tell me it's a U-boat." Northampton, England, points out the site of a mill once operated by ancestors of George Washington. Even if a woman is self-made she wants people to think she is taller made.

SAFE, GENTLE REMEDY CLEANSSES YOUR KIDNEYS

For centuries GOLD MEDAL Haaslem Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the poisons which enter your system through the blood and stomach are not entirely thrown out by the kidneys and bladder, you are doomed.

Weakness, sleeplessness, nervousness, dizziness, headache, stomach trouble, backache, pain in loins and lower abdomen, all stones, gravel, difficulty when urinating, cloudy and bloody urine, rheumatism, sciatica and lumbago, all warn you to look after your kidneys and bladder. All these indicate some weakness of the kidneys or other organs or that the enemy microbes which are always present in your system have attacked your weak spots. GOLD MEDAL Haaslem Oil Capsules are what you need.

They are not a "patent medicine," nor a "new discovery." For 200 years they

have been a standard household remedy. They are the pure, original imported Haaslem Oil your great-grandmother used, and are perfectly harmless. The healing, soothing oil soaks into the cells and lining of the kidneys and through the bladder, driving out the poisonous germs. New life, fresh strength and health will come as you continue the treatment. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you in condition and prevent a return of the disease.

Do not delay a minute. Delays are especially dangerous in kidney and bladder trouble. All druggists sell GOLD MEDAL Haaslem Oil Capsules. They will refund the money if not as represented. GOLD MEDAL Haaslem Oil Capsules are imported direct from the laboratories in Haaslem. They are prepared in correct quantity and convenient form, are easy to take and are positively guaranteed to give prompt relief. In three cases, mailed per-son. Ask for the original imported GOLD MEDAL. Accept no substitutes.—Ad.

Easy to figure the Profits

Where in Western Canada you can buy at from \$15 to \$20 per acre good farm land that will raise 20 to 45 bushels to the acre of 35 wheat—The easy to figure the profits. Many Western Canadian farmers (scores of them from the U. S.) have paid for their land from a single crop. Such an opportunity for 100% profit on labor and investment is worth investigation.

Canada extends to you a hearty invitation to settle on her

Free Homestead Lands of 160 Acres Each

or secure some of the low priced lands in Manitoba, Saskatchewan or Alberta. Think what you can make with wheat at \$5 a bushel and land so easy to get. Wonderful yields also of Oats, Barley and Flax. Hired farming and cattle raising.

The climate is healthful and agreeable; railway facilities excellent; good schools and churches convenient. Write for literature and particulars as to reduced railway rates to Dept. Immigration, Ottawa, Canada, or to

BIG CARRIZOZO
 Stock **TRADING CO.**
 of the

CARRIZOZO, NEW MEXICO

Now being sold by E. F. GROVES & CO.
 Of Cleveland, Ohio.

This is unquestionably the greatest commercial sensation on record in the annals of Carrizozo merchandising. Not particularly on account of being forced to raise \$20,000, but by reckoning the great price values of the enormous stock.
