OLDEST AND LEADING NEWSPAPER IN CIRCULATION IN THE COUNTY OF LINCOLN, NEW MEXICO

VOLUME 21

CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, FRIDAY, MAY 21, 1920

NUMBER 21

## Democratic Primary

Subject to the call of precinct chairman B. F. Goff, a representative number, women and men, of Democrats of this precinct gathered at the court house Wednesday evening to elect 14 delegates to the county convention to convene here Saturday at 2:00 p. m. After the purpose of the meeting had been stated, B. F. Goff was elected chairman and R. T. Cribb secretary. A motion was adopted to elect 23 delegates to the county convention with half a vote each, instead of 14 allowed by the call.

A further motion prevailed for the appointment of a committee of three by the chair to prepare and present a list of names for delegates. This committee consisted of O. Z. Finley, Mrs. L. McScott and W. M. Reily, and presented the following list of names which, upon motion, was unanimously approved and said persons formerly delegated to represent this precinct in the county convention:

W. M. Reily, O. Z. Finley, J. A. Haley, Mrs. L. McScott, Mrs. E. Coldren, Mrs. O. Z. Finley, B. F. Goff, M. B. Paden, W. J. Fetter, Frank Richard, O. W. Bamberger, S. O. Sproles, R. T. Cribb, A. C. Douglas, Mrs. Geo. L. Ulrick, F. J. Sager, Mrs. T. E. Armstrong, A. W. Adams, Mrs. L. S. Smith, W. W. McLean, Louis Bacot, E. T. Collier, E. D. Boone, T. A. Spencer, L. A. McCall, E. M. Brickley, Mrs. Ira O. Wetmore, C. P. Huppertz. The county convention will elect delegates to the State Democratic convention, which convenes in Roswell June 3, which convention will choose delegates to represent the Democratic party of the state of New Mexico in the National Democratic convention at San Francisco June 28, at which time and place Democratic candidates for president and vice president of the United States will be nominated.

## The Ball Game

The Carrizozo ball team, under the management of Fred Dawson, had its first try-out last Sunday when it crossed bats with the Alamogordo team. It being the first game of the season, the boys showed up well, and gave the fans an idea of what may be expected later, with more practice. The home team contented itself with doing all that was expected of it—that is winning the game in a walk. After nine innings the tally showed—Carrizozo 13, Alamogordo, 3. The visitors started with a rush, scoring twice in the first inning, after which they seemed to go to pieces. The local team played a steady game, and were never in danger after the first inning. The Alamo team is composed of good material but evidently lacked training. After two or three games in fast company, such as Sundays game, they may be expected to put up a stiff game of ball.

Following is a summary of the game:

	R	H	E
Carrizozo	13	11	3
Alamogordo	3	4	4

Batteries—Dolan and Norman; Bunton and McRae. Bases on balls—Off Dolan, 1; off Bunton, 3. Hit by pitcher—Bunton, 1.

The Carrizozo team will play a return game in Alamo Sunday, and a number of local people will journey down to the city of

## Young Lady Dies

Miss Lena Mayes, who had been at the Woods hospital since last fall, died Sunday from tuberculosis. Funeral services were held at the Baptist church Wednesday afternoon, Rev. A. C. Douglas, pastor of the Methodist church, conducting the ceremony, in the absence of the Baptist pastor. The body was then conveyed to the station and shipped to Alamogordo and there interred beside the father yesterday morning.

Miss Mayes lived all her girlhood in Lincoln county and was a graduate of the Carrizozo High School. She was a daughter of Mr. and Mrs. A. S. Mayes and the family moved to the western part of Socorro county about three years ago and the father, following exposure in a severe storm of the winter of 1918, died and whose remains rest in the Alamogordo cemetery. Miss Mayes contracted tuberculosis and returned to Carrizozo and entered Dr. Woods' sanatorium for treatment. She survived the winter and many friends hoped her life would be prolonged, but, notwithstanding the constant care and attention given her at the sanatorium and the beneficial influences of the climate, the insidious disease was too firmly implanted and she passed peacefully to the great beyond last Sunday.

The mother and family were notified as quickly as communication could be established with the distant home, and arrived Wednesday for the funeral, accompanied the remains to Alamogordo and were present at the last sad rites yesterday morning. In the death of this young lady, the eldest daughter, the bereaved mother and sorrowing sisters and brothers have the deepest sympathy of the people of Lincoln county who have so long known and respected this family.

## A Consignment of Fords

Seven carloads of Ford cars were unloaded at Carrizozo this week. The cars were for Roswell and valley points. Owing to freight congestion on the Santa Fe, the consignments were billed over the Rock Island, via Carrizozo, and were handled by the Western Garage, general distributors at this point for that make of car. Notwithstanding the many new makes of cars on the market, the Ford continues the favorite, maintaining its reputation as "the Universal," not so much on account of its moderate price and simplicity of construction as for its general usefulness for all purposes. We learned that the number of Fords ordered, most of which are in transit, and will be handled by the Western Garage, is 123.

## Live Stock Report

Paul Wilson, a sheepman from the eastern end of the Jicarillas, was in town a few days this week. He reported good rains in his section, range good, and live stock in a prime condition. The lamb crop, as far as he could learn, will be at least 100 per cent, and this goes for the state as well as the county. The calf crop, he estimated, will be 85 per cent, 90 in some sections, which is exceptionally high. If prices keep up, the cattle and

## The Shortage of Teachers

Nearly every one is now aware that there is a grave shortage of competent teachers not only in New Mexico but throughout the United States. Well informed people know that this has reached the proportions of a national school crisis. There are still a few people who believe that agitation for adequate pay for competent teachers has its origin among the teachers. Nothing could be more mistaken. The teachers are showing ample ability to take care of their own interests. The number of normal school graduates this month will be less than one-half of the number graduated as teachers in 1914. Girls and boys who formerly entered the teaching profession are training for better paid lines. Hundreds of competent teachers are leaving school work every week to enter work that pays an adequate wage for good service. A competent teacher is trained to almost any line of effort requiring intelligence. They have no trouble getting well paid jobs. It is the ability of the average competent school teacher to take care of his or her own interests that is causing the teacher shortage which leading educators are debating in Washington this week.

There is but one solution: That is, to pay adequate wages to teachers in return for efficient service. We must do it here if we expect our schools to remain efficient. It is not in behalf of the teachers that we must act, but in behalf of our own children who are the real sufferers from inefficient schools. There is the interest we must guard. The way is clear. We must pay salaries that will command the services of competent teachers. If we fail to provide such salaries now, we will see the results in our schools next year.

Washington, D. C., May 1920.

—State superintendents of public

instruction from every state in the Union and educational leaders of international note gathered here today in a National Citizens Conference on Education called by Commissioner of Education Claxton to consider the general subject of "The National Crisis in Education and How to Meet It." John Barton Payne, secretary of the Interior, presided at the opening session which considered "The Shortage of Teachers and the Supply," the principal question before the conference. Startling figures were introduced in showing the actual shortage of teachers. In New York City alone during a single week in February 118,000 children were forced to remain out of school because teachers could not be had. It was shown that 42,000 schools are being conducted by inefficient or improperly trained teachers, while the drop in enrollment of normal schools has become alarming. The reports of state school superintendents concurred in the conclusion that there is but one general cause of the shortage—the inadequate salaries paid to teachers and the ability of teachers to get bigger wages in other lines. It is expected that the result of the conference will be an urgent recommendation to all states that salaries be advanced immediately so that efficient teachers can be retained for the coming year.

## The New Mexico Oil Fields

Tucumcari, N. M., May 14.—The McGee well has started underreaming and lowering their 6 1/2 inch casing to shut off the flow of water encountered at the depth of 3,800 feet. The casing has been set down beyond the depth of 3,600 feet and it was expected that the work would be finished this week and drilling resumed shortly.

The Standard Petroleum company well at Dripping Springs is being held up for a few days awaiting the arrival of a special steel shoe which has been shipped from Bartlesville, Okla., and it is expected every day. The drill has struck a sandy formation in this well which fills in as fast as the baler can draw it out, which makes it impossible to lower the casing. The special shoe is to be used in connection with driving the casing through the sand formation.

The Endece well is shut down waiting for casing to arrive.

The large oil companies are buying leases and paying good prices for them, one company buying 465 acres just south and east of Tucumcari mountain, about four miles from this city, and scouts from two large companies have sent in reports to their companies recommending the purchase of about 1,000 acres near the Standard Petroleum company well, at an average of \$35 per acre.

El Paso, May 14.—"The first test well of the Orleans-New Mexico Oil company, which spudded in about five days ago, has already reached a depth of over 200 feet, and is making fine progress," says H. C. Miller, general manager of the company, who is in the city with C. A. Starkweather, the driller. The well is one and a half miles west of Escondido, a station on the El Paso & Southwestern Railroad, 62 miles northeast of El Paso and about 26 miles south of Alamogordo.

The deep test well of the Southwestern Tularosa Basin Oil & Refining Co., 14 miles northeast of Tularosa, N. M., is making good progress, and is now down 1,450 feet, and is making a splendid showing of oil and gas, according to Manager F. W. Snyder. The gas is so strong that for safety-first precautions they had to eliminate the use of kerosene lamps and candles (around the well) and have installed an electric light plant, so that drilling is going on day and night. Great interest is manifested throughout oil circles and the results of this pioneer test well in Tularosa Basin are being watched with intense interest and barring accidents, the results will be known in the near future. The Southwestern well is about 15 miles south and 6 miles west of Oscurito, and on the result of the test a great deal depends for the Oscurito Valley.

## Married at Parsonage

E. F. Feltes and Miss Frances Merchant were married Tuesday noon at the Methodist parsonage, Rev. A. C. Douglas performing the ceremony. The groom lives in Alamogordo and the couple went to that town for their future home. The bride is the daughter of Attorney C. C. Merchant, of Capitan, and is well and favorably known there and here. Best wishes are extended.

## To Buy Bar Silver

Denver, Colo., May 18.—Thomas Annear, superintendent of the local United States mint today received instructions to purchase bar silver in the open market. The government price will be \$1 an ounce.

Under the provisions of the Pittman Act 207,000,000 ounces

## War Risk Claims

The Bureau of War Risk Insurance supplies the following statement which shows that the bureau has caught up with and disposed of the great mass of claims that have come before it:

Settlement of 127,151 insurance claims, for death and total permanent disability, and representing a total value of \$1,135,352, 173.45, is announced by Director R. C. Cholmeley-Jones of the Bureau of War Risk Insurance. Only 5,119 claims are pending, and in these cases the claimants are beneficiaries in many instances residing in foreign countries where disturbed conditions render communication impossible.

It now requires only about five days from receipt of final evidence of death in an insurance case for the issuance of the first check, and frequently cases have been handled even more rapidly in the Compensation and Insurance Claims Divisions of the Bureau.

In cases of total permanent disability, men have been examined, the award made, and the first check placed in their hands, all within a very few hours.

## Aged Woman Dies

Mrs. Jennie Irminger, of Capitan, died Sunday, and was buried the following day in the Capitan cemetery. Mrs. Irminger had passed her 85th year, and had resided in Lincoln county for a great many years. Despite her years, she was active almost up to the date of death, and many recall her activities during the war when she gave her time to the preparation of garments for our soldiers. Her husband died some years ago and both now sleep side by side, after long and useful lives.

The deceased is survived by a daughter, Mrs. Lula Boone, of Capitan, who gave her mother every attention that a loving and dutiful daughter could, and with whom a large circle of friends sympathize in the loss of her mother.

## A U. S. Food Famine Predicted

Albany, N. Y., May 17.—Herbert Myrick, editor of Farm and Home, declared today that in the event of unfavorable weather and poor crops there will be a food famine in the United States this winter. He declared that the result will be determined during the next 90 days and urged repeal of the daylight saving. He estimated that butter would sell at \$2 a pound eggs at \$3 a dozen, potatoes at \$15 a bushel and flour at \$40 a barrel next winter unless there is a maximum production on the farms this summer. He asserted that the law takes an hour from the working day of the farmer to give an hour for pleasure to the dwellers in the cities.

## The Corona Mines

The Corona Lead & Silver company, which has its mines 12 miles from Corona, in Lincoln county, will make its first shipment of ore Saturday, according to R. L. Stephens, superintendent, who is in Santa Fe today. The company's headquarters are now in Santa Fe.—New Mexican.

## Boy Undergoes Operation

Mr. Cole will be an instructor in the Normal University at Las Vegas. Mrs. Gumm will instruct in the State Normal at Silver City. Mrs. Cole will at

## CARRIZOZO SCHOOL NOTES

SUPT. E. K. COLE.

The school year has closed. Commencement week, May 10-14, passed most pleasantly. Several of the teachers had "showers" of various kinds, picnics and other events. The senior class play was a great success and a neat little sum will be realized and will be used for the good of the school. At this time, the superintendent, on behalf of the senior class and the high school, wishes to thank all who in any way contributed to the success of the class play and the commencement exercises. They were truly community affairs since not only those who had children in the schools but a great many who did not were very generous in their assistance or their offers of assistance. It was very gratifying to have people say "Certainly you may have these things," or "What can I do for you?" It is this spirit which makes better schools and a better town.

This play, "Evangelina," was not only entertaining but instructive and highly moral. It gave valuable training in expression and in comprehension. Without taking the pupils from their classes each pupil was given individual training by the superintendent. The costuming and stage setting was in the hands of Mrs. Cole, ably assisted by Mrs. J. B. French and Mrs. Frank Richard; also Misses Eva Wack and Evelyn French of the high school. When a circus comes to town a lot of money is carried away. When the school children give a performance not only the money remains in the town, but also the actors and their intellectual attainments. We especially thank Mrs. D. S. Donaldson for her splendid piano work, Mr. Dingwall for his courtesy and his fine public spirit in allowing the use of the Crystal Theatre and the Outlook and News for their extensive advertising.

Commencement exercises are always of great interest in any community. Those of this year were well up to the standard. Hon. Jonathan H. Wagner, State Superintendent of Public Instruction, who gave the principal address of the evening, complimented the Carrizozo schools and spoke very highly of the productions given by the salutatorian, Linza Branum, and the valedictorian, Hilary Cooper; also the two musical numbers given by the Girls' Glee Club.

Just before the benediction, it was very fitting that Mr. Wagner should present the seventeen diplomas granted by the State Board of Education to the eighth grade graduates now passing into the high school. It is a matter of special interest that five of these students were promoted from the seventh grade to the eighth grade at Christmas time and all of them "made good."

Those promoted from the eighth grade into the high school are: Kastlor Taylor, Max Taylor, Evelyn French, William Kahler, Rolla Place, Herbert Tenna, Ada Corn, Maria Jaurequi, Domesilla Abila, Aileen Haley, Lois Jones, Lois Stidham, Nellie Ayres, Joe McIlhenny, Alta Carl, Edwin McCarty.

Where do the teachers spend the summer? Miss Sullivan, Miss Jarret, Mr. Casier and Mr. Cole at the Normal University at Las Vegas, Miss Lutton and Miss Shook in Colorado, Miss Machel in Arkansas, Mrs. Vaughn in El Paso, Miss Seale at the Tennessee summer school, Misses Ivy and Lucile Lindsay, at the Berkeley summer school, California, Miss Holland in Roswell, Miss Neff in Artesia, Miss Hughes in Carrizozo, Mrs. Gumm at the normal in Silver City, and Mrs. Massie will attend the N. E. A. in Salt Lake in July.

Mr. Cole will be an instructor in the Normal University at Las Vegas. Mrs. Gumm will instruct in the State Normal at Silver City. Mrs. Cole will at

# Yes Sir-ee!

We made this cigarette to meet your taste!

# Camel

## CIGARETTES

**CAMELS** have wonderful bodied mellow-ness and a flavor as refreshing as it is new.

Camel's quality and Camel's expert blend of choice Turkish and choice Egyptian tobaccos win you on merits. Camel's brand never tires your taste. And, Camel's leaves no unpleasant cigarette aftertaste or unpleasant cigarette odor!

What Camel's quality and expert blend can do for your satisfaction you should find out for yourself. It will prove our way so when you compare Camels with any cigarette in the world at any price!

## CAPITAN, NEW MEXICO

### Additional Local

Lucy Weber is charge of farm and stock on the Fort Stanton reservation, passed through yesterday enroute to Fort Dapard, Grant county, to make an inspection of that region. The war department is taking over Fort Dapard and will be utilized for the care of war patients.

Leo St. Vincent and Jim Robinson of the Upper Rio Grande, while on a trip to Three Rivers this week broke the axle of their car, which left them stranded there for several days until a new axle was procured. They left for the home Wednesday afternoon.

Mrs. W. T. Whittingham and little son William came up from El Paso Sunday night, returning the following day. The Whittinghams expect to come for a month's visit to Philadelphia soon, but Mr. Whittingham who lost a foot last fall saw a cop in St. Louis to have an artificial foot made and fitted.

Mrs. Catherine Felix and Fernando Lopez were united to marriage at the Catholic church Thursday. Rev. Father Garza performing the ceremony. Mr. and Mrs. Ben Lopez acted as witnesses to the nuptials. The groom is a young sheepman in this county, and the bride is a handsome young French woman who recently arrived here from the land of the "Bourgeois". Best wishes.

Mr. and Mrs. J. H. Skinner have left for the Nogal Mesa, where they intend to spend the summer, on their youngest son's ranch. John H., becoming tired of shoe-repairing, turned the business over to his son, and will farm this year. The ranch lies about one mile north of the reservoir, and if Jupiter Pluvius favors him with a fair amount of moisture, he believes he will raise produce both to "sell and to keep."

**American Legion Notice**

A meeting of the Executive Committee of the Local Post of the American Legion has been called for Friday May 26th, 1920, to be held in the office of the First National Bank, Carrizozo, N. M. at 7:00 p. m. for the purpose of transacting such business as may properly come before the meeting.

"Riches amassed in haste will diminish, but those collected little by little will multiply"

## Why not have a home of your own?

The problem isn't a big one, but it's a sane one. You can approach this question in a very practical way right now by starting a "Home Fund" in the form of a 4 per cent savings account, making the growth of that fund the par-amount issue of your financial problem.

Remember the money you save for this undertaking now will have a greater purchasing power when later your "Home Fund" has reached a size to warrant the next step.

We shall be glad to explain the possibilities in this idea.

## EXCHANGE BANK

CARRIZOZO, N. M.

## MOTOR OVERHAULING

If your Ford needs overhauling bring it to the Western Garage. We use only Genuine Ford Parts, which are thoroughly tested before the Motor is assembled.

The assembled Motor is then placed in the turning and running in stand (special Ford equipment), where bearings are burned in and Motor properly run in. This insures perfect bearings and a smooth running motor.

No guess work in the operations, and our work is guaranteed to you.

Try us and be convinced.

## Build now—

### THE DEMAND

for buildings of every kind was never greater than it is today. Over-crowded houses is the condition in all parts of the state.

Conditions are as normal now as they will be for a long time. Let's get busy with the construction that the war has halted.

BUILD NOW the houses the war stopped, and make CARRIZOZO a better place to live in.

Prosperity comes only from industry and prosperous thinking.

Years for Business,

# Foxworth-Galbraith

**OSCIPO NEWS ITEMS**

Mrs. Schram's brother passed beyond Wednesday morning. They came down from Carrizozo only a short time ago, to stay on the Crew's place for the summer for her brother's health, whose illness was due to being gassed while in the Army across the water. Their home is in Chicago, and Mrs. Schram's mother, sister and little niece came last week to stay a while with the son and brother, and was here at the time of his death. The remains will be sent back to Chicago.

Charles E. Willard, an uncle of C. F. Grey, left last week for his home in Chicago.

The W. T. Sterling family are coming to the ranch soon for the summer, having been in Tularosa the past winter sending their children to school there.

The Woman's Club met with Miss Julia Jones Saturday. She was assisted by her sister, Mrs. Ray Sterling. The usual good program and refreshments was had.

H. C. McColpin, the section foreman here, is taking a week's vacation and, with his family, is visiting in Obar, N. M.

Ira O. Wetmore of Carrizozo, was in town Monday on business.

Ray Sterling has rented the Edwards dwelling, and will move in from the ranch soon to reside there.

**Fort Stanton Stock Sale**

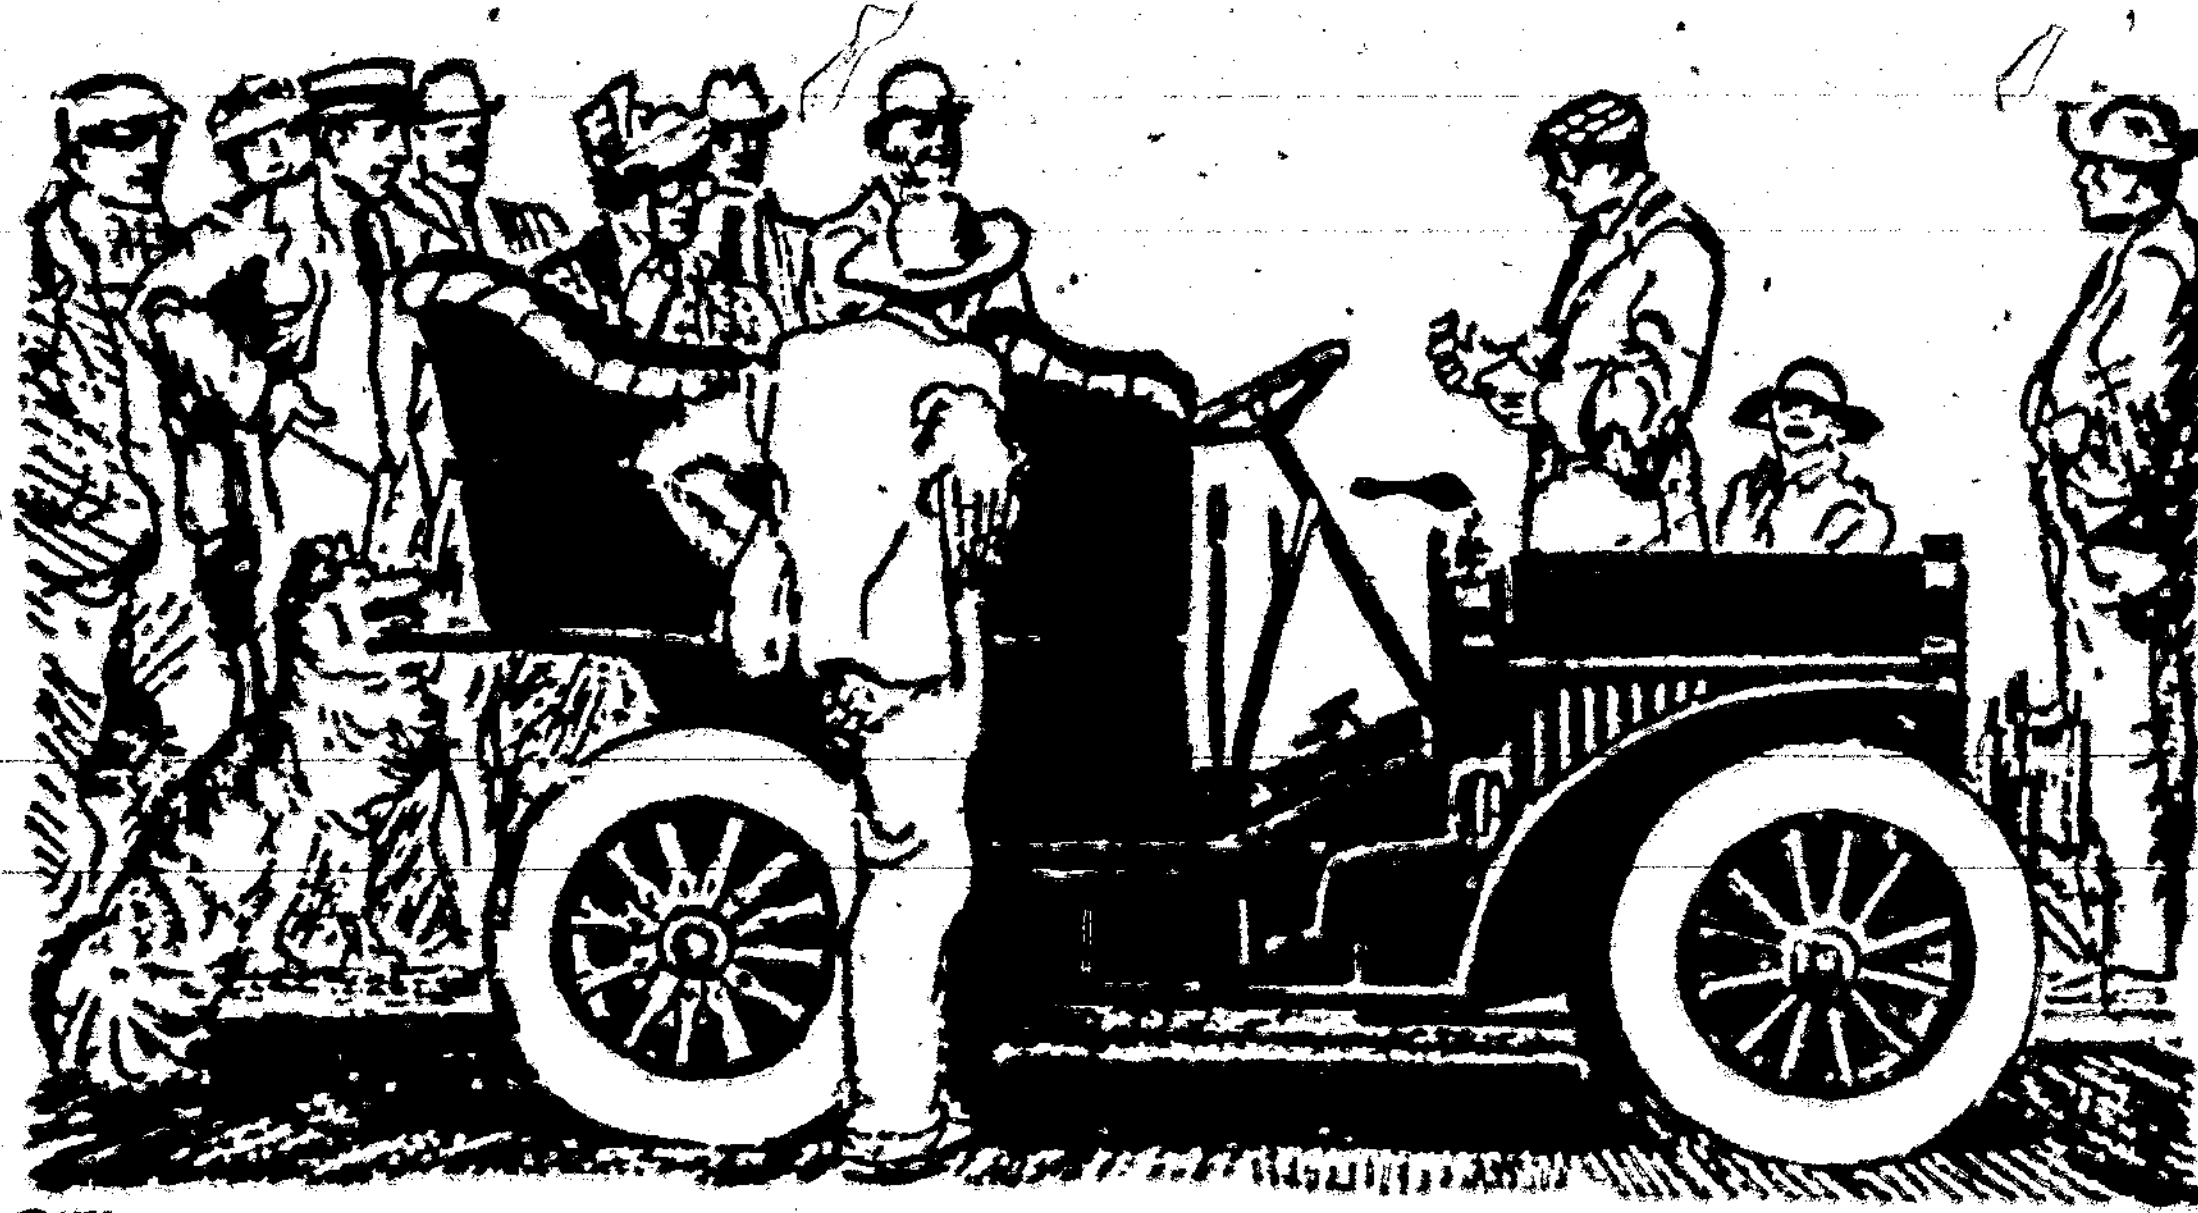

Notice of sale of about 150 stock pigs has been given to take place at the Fort Wednesday, May 26. These pigs—half barrows, half gilts—weigh about 100 pounds each, are healthy, well grown, in good flesh and represent a double cross of Berkshire and Poland China. The sale will be made on a weight basis.

**Notice of Dog Tax**

Annual Dog Tax provided for under the ordinance No. 2 of the Town of Carrizozo, must be paid on or before June 1st of each year.

Tax for male dogs \$1.00, for female dogs \$2.00.

W. W. STADTMAN, Town Clerk  
5-21-21

**They used to call a man a "sport" when he bought an automobile**

THAT was before the days when pretty nearly everybody owned one—or could, if he wanted to.

There was a lot of waste about motoring in those days. A man spent a lot of money on his car and never thought very much about what he was getting in return.

When a man buys a tire nowadays he has a pretty definite idea of what he expects to get out of it.

The dealer who sells him one that gives him less than he expects isn't likely to get any more of his business.

That's one of the reasons why we handle U. S. Tires—and recommend them to the

motorists of this community.

The U. S. reputation for quality is not built on any one tire.

There is not one standard for large U. S. Tires and another standard for small ones.

Every tire that bears the name, "U. S." is built the best way its makers know how to build it. The oldest and largest rubber concern in the world cannot afford to play favorites in seeking its public.

Come in and tell us what you are looking for in tires.

We can probably tell you whether you need a U. S. Nobby, Chain, Usco, Plain, or a Royal Cord.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

U. S. Land Office at Roswell, New Mexico  
May 15, 1920  
Notice is hereby given that Stephen P. Collier, of White Oaks, N. M., who, on January 24, 1918, made homestead entry No. 042860 for SW 1/4 NE 1/4, Section 7, and NW 1/4, Section 8, Township 3 S., Range 14 E., N. M. P. Meridian, has filed notice of intention to make final three year proof, to establish claim to the land above described, before Lillie McClung Scott, U. S. Commissioner, at Carrizozo, N. M., on the 25th day of June, 1920.

**Helps Sick Women**

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me . . . After 12 bottles, I am strong and well."

**TAKE**

**CARDUI**  
The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

Mrs. Fuller is here from Ancho, staying at the Warden home. Her baby has been under the physician's care but is improving rapidly.

Guy Warden had one of the fingers of his right hand so badly mashed last Friday that it had to be amputated. Dr. Johnson performed the operation at his office.

Mrs. Mary Keller, who has been here from the Mesa the past two weeks under medical treatment, returned home Monday greatly improved.

County Clerk Clements went to Estancia this week to be present at the hearing of some Lincoln county matter, in the court now in session there.

Mr. and Mrs. E. W. Harris and son and daughter, Mr. and Mrs. Jake Z. Cole, left this week for Bisbee, Arizona, where they will visit for two weeks or more.

Jas. H. Parker was here this week from El Paso with some iron men from Colorado, looking over some iron properties in this county.

Stanley Squier and Ed Kelley visited Alamogordo, Tularosa, the Mescalero Agency and the White Mountain Lodge Tuesday, returning home the same night.

A. M. Thomas was here this week from Albuquerque. Mr. Thomas is interested in some iron property about 30 miles northwest of Carrizozo, and took some iron men out to see the property one day this week.

W. M. Ferguson has moved tractor, grader and tools to Ancho and placed a force of men on the road this week. The work will be from that point to Carrizozo, thus completing the link between here and Corona.

Ula L. Edmiston, assistant cashier of the First National Bank, Carrizozo, New Mexico has been appointed Deputy Game Warden and will issue licenses to hunt and fish. A supply of licenses are now on hand at her office.

The dance given in the hall last Saturday evening...

**Parents, Grasp these Facts!**

**1.—Teacher Shortage.**

The number of Teachers graduating from U. S. Normal Schools this month will be 50 per cent less than the average of the pre war period. Every week hundreds of the best teachers are leaving the schools for other work. In 42,000 schools teachers are employed whose equipment is wholly inadequate.

**2.—The Cause.**

The average salary of all teachers in the United States in 1918 was \$200 \$4 per year; compared with an average yearly earning of \$1,500 for day laborers.

STATES, COUNTIES, COMMUNITIES WHICH TAKE THE LEAD IN PAYING ADEQUATE SALARIES WILL SECURE AND HOLD THE COMPETENT TEACHERS. OTHERS WILL BE UNABLE TO, TO GET THEM.

Our duty as a community is to act now while budgets for next year's school expenses are being made, so that OUR children may have the advantage of ablest schools next year.

TO SECURE AND HOLD COMPETENT TEACHERS IN OUR SCHOOLS WE MUST—

- 1.—Pay Adequate Salaries.
- 2.—Require Efficient Service in Return.
