Private Clerk

OLDEST AND LEADING NEWSPAPER IN CIRCULATION IN THE COUNTY OF LINCOLN, NEW MEXICO

VOLUME 21

CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, FRIDAY, OCT. 28, 1921

NUMBER 42

Board of Trustees.

Following is a report of the proceedings of the Board of Trustees of Carrizozo held Saturday evening, October 22.

Members present: A. J. Rolland, mayor; F. E. Richard, Ben Lujan and Julian Taylor, trustees; W. W. Stadtman, Clerk; A. M. Vega, marshal. Members absent, S. L. Squier, trustee.

Minutes of last regular meeting held on September 12, 1921, read and approved.

The following bills were presented by the clerk and ordered paid:

Thos. Flores, street work.	\$12.00
Trinidad Segobia, street work	4.50
David Lucero, streetwork.	4.50
A. M. Vega, marshal's salary for month ending October 12, 1921.	90.00
W. W. Stadtman, clerk's salary for Sept., 1921.	25.00
J. M. Dow, interpreting in J. of P. court	2.00
Lincoln Co. Lt. & Power Co., Sept. street light's	72.00
Ralph Dow, police serv'ca	6.00
G. T. McQuillen, repairing street lamps.	1.15
Carrizozo Transfer & Storage Co., marshal's horse feed	20.19
Paul Bentley, cleaning ditches.	2.50
Total	\$439.84

On motion duly made and seconded the bills of Wm. S. Brady for special night watching are held over for investigation.

Application of Lin Branson for a permit to construct a garage on rear of lots 6 and 7 in block 20 of the town of Carrizozo presented and permit not granted on account of non-compliance with the ordinance governing construction of buildings within fire limits.

Application of R. C. Plitts for permit for construction of residence on lots 1 and 2, block 10, town of Carrizozo, presented by clerk. Permit not granted on account of non-compliance with the provisions of the ordinance governing the construction of buildings within the fire limits.

Application of E. O. Pehm for a permit to build a residence on lots 23 and 24 in block 7 of Carrizozo, presented by clerk and permit allowed.

Application of C. D. Mayer for

a permit to build a residence and garage on lots 6, 7, 8 and 9 of block 18, presented by clerk and held over pending further information as to construction.

On motion duly made and seconded the matter of occupation licenses required of Wetmore Service Station and the Exchange Bank, the clerk is requested to refer the same to Attorney W. C. Whatley for legal advice in connection with collection of tax required under the provision of the ordinance.

On motion duly made and seconded clerk is requested to turn over names of delinquents in payment of occupation license taxes to W. C. Whatley, attorney, and to authorize said attorney to proceed under the provisions of village ordinance to collect said taxes.

There being no further business, meeting adjourned.

Red Cross Roll Call.

The Red Cross roll call will take place all over the United States beginning on Armistice day, November 11th, and closing Thanksgiving day. Its purpose is to enroll in the Red Cross all those who already hold memberships and as many others as may desire to join. There are 729 chapters in the division located in the large cities and many of the smaller cities and counties of the states of Arkansas, Kansas, Missouri, Oklahoma, Texas, Colorado and New Mexico. Each chapter will conduct its own roll call campaign under the advisory supervision of the roll call director.

No Relief From Taxes.

There will be no relief from war taxation while the United States government continues to spend \$4,000,000,000 and more a year. War expenditures must be reduced before war taxes can be reduced, and so long as the government spends four times as much as it was spending in 1916 it will have to find four times as much revenue. This is a simple problem in arithmetic which is not beyond the intellectual capacity of even one of "the best minds."

Washington News Letter

Special Correspondent

Washington, D. C., Oct. 22.—

Every day the Washington newspapers contain republican preachments of economy, and occasionally there creeps into the news columns a concrete example of the sort of economy it really is; it is economy for the wage earner in the navy yards and extravagance in the places where personal and political pull are most effective. Here is a sample from the salary list of the Federal Reserve Bank in New York. The first column gives the salaries received under the Wilson administration, while the second column gives present salaries. Here are the figures:

Benj. Strong	\$30,000 to \$50,000
Pierre Jay	16,000 to 30,000
J. H. Chase	20,000 to 30,000
E. R. Kessel	4,000 to 25,000
L. F. Sailer	7,000 to 25,000
G. L. Harrison	4,000 to 22,000
L. H. Hendricks	6,000 to 18,000
Shep. Morgan	5,000 to 15,000
A. W. Gilbert	18,000 to 12,000
J. D. Higgins	2,500 to 12,000
J. W. Jones	2,500 to 12,000
L. R. Rounds	2,000 to 12,000
J. L. Morris	9,000 to 12,000
W. D. Mattison	1,500 to 10,000

Felix Garrett of Tennessee, the brilliant young statesman who leads the House Democrats in the absence of Mr. Kitchin, is a parliamentarian of the first rank, an able debater, a deep logician—in short, a leader of real strength—but he is also at home in producing the Republicans with short-arm jabs that are frequently touched with humor. The other day the House passed the bill to extend the provisions of the "Emergency Tariff Act." In the course of the discussion Mr. Garrett said:

"Mr. Chairman, for almost three years now the Republican party has been in complete control of both the legislative branches of the government. For eight months, practically, that party has been in control of both the executive and the legislative branches, and this measure this afternoon is the substance of its three years' effort and labor, to wit, a measure to extend the life of a measure which even when it was passed was a joke and which has since become the universal laughing stock of the republic.

"It is no wonder that that distinguished philosopher, Abe Martin, gives us this:

"At th' big git-'gether meetin' at Melodeon hall last night Hon. ex-Editor Cale Fluhart spoke for almost a minute, confining himself closely t' th' wonderist record o' th' present Congress."

"With a world in turmoil, confronted by conditions the most serious that ever confronted the human race; with our own nation torn by dissension and threatened by economic ills, the most serious perhaps in the nation's history, we find this party, this party of proud traditions, this party that has had its great leaders, this party which has been wont to boast that it possessed the only ability along the line of statecraft to be found in any

party, stumbles and staggers through almost three years of legislative power and through eight months of complete power without a single measure designed to meet the aftermath of conditions growing out of the world war, without a single measure holding forth an idea of relief to a starving, suffering world and to a panic-stricken, frightened nation, except this continuance of a poor, pitiful joke that was a travesty upon statesmanship and a shame upon any legislative body."

Serious Accident Near Capitan.

On Monday last a young man named Roy Copeland had a foot badly mangled while attending a threshing machine on the Bates place, near Capitan.

From what we could learn the young man climbed on the machine to regulate some part, when he slipped, one foot going into the hopper, where it was caught in the teeth of the cylinder. The shoe was torn completely off and the toes and part of the instep were badly torn by the teeth of the machine. He managed to pull the foot out before the power was shut off. The machine was running very slowly at the time. The doctors believe they will be able to save part of the foot.

The injured man is a son of Rube Copeland of the Angus district.

A New Apartment House.

The board of trustees at its last meeting issued a permit to E. O. Pehm to erect a six-room building adjoining his residence on Tulareosa avenue.

The building will be a double apartment house of three rooms each with glassed-in sleeping porches, especially designed for small families, and will, of course, be for rent or lease as soon as completed. It will have a 40-foot front, enclosed by an ornamental railing, with separate entrances. The walls will be of adobe, pebble-dashed, and laid on a concrete foundation.

W. J. Langston has the contract and has already started work on the building.

Salvation Army.

The Lincoln county advisory board of the Salvation Army is a branch of that great international organization for practical Christian work that has for the past thirty or forty years given assistance to so many unfortunate people the world over.

The local advisory board was organized for the purpose of carrying this work into every home in Lincoln county where the need exists. No community is too remote for us to reach and every case reported will be promptly investigated. If you know of a needy person or family in your neighborhood, please notify the board at once. Address:

SALVATION ARMY,
CARRIZOZO, N. M.

Every Day

that you put off starting that savings account represents an actual money loss to you. One dollar will start an account and it will be its own incentive to make it increase. A savings account promotes thrift and systematic saving.

Lincoln State Bank

Alta L. Seiple Killed in Auto Accident.

Alta L. Seiple and his 4-year-old son were instantly killed in an auto accident near Warren, Ohio, on October 16th. Mr. Seiple will be remembered by most people in Carrizozo as an employe of the Western Garage, who left here about two years ago to enter business with his brother in Ohio.

The following account of the accident is taken from the Warren Chronicle of October 17th:

"Alta L. Seiple was instantly killed and his 4-year-old son Emerson was mortally injured Sunday morning when the auto in which they were riding plunged over an embankment three-quarters of a mile northeast of Hardecrabble.

"Seiple, who was employed by his brother, E. E. Seiple, owner of the Niles Avenue Garage, left the garage for a short drive yesterday morning. With him were his three children, Emerson, Russell and Willard, the two latter riding in the back seat.

When a short distance beyond the bridge over the Mahoning river at Hardecrabble he is said to have caught up with a Ford going in the same direction. As Seiple turned out to pass the auto in front the Ford turned into a private driveway, blocking the road. In an endeavor to right his machine and to set the brakes he crashed into a huge boulder nearby, lost control of the steering gear and by the force of the impact hurled his car over the embankment, somersaulting into the ditch.

Farmers who rushed to the scene of the accident found Seiple dying and 4-year-old Emerson so badly injured that he died on his way to the hospital. Russell and Willie meanwhile crawled out from under the wreckage practically uninjured.

Seiple was born in Girard in 1883 and for a number of years had been employed as an auto mechanic.

Winter Storm Sweeps Rocky Mountains.

Denver, Oct. 25.—Winter warnings were issued by the United States district weather bureau here today following a storm of marked intensity, which swept several Rocky mountain states last night.

Freezing temperatures occurred. The storm was central this morning in western Kansas. Snow was falling early today in Cheyenne, Wyo. It snowed last night at Durango, Colo., and in the mountain districts of Colorado.

Became a Benedict.

Sam J. Bigger, associate editor of the Capitan Mountaineer, quietly slipped away from his mountain home last week headed for Estancia, in Torrance county, and while there became a Benedict, according to the Corona Maverick, from which we scissored the following:

BIGGER-RENNER.

Miss Margaret Renner, daughter of Mr. and Mrs. George H. Renner of Torrance county, and Mr. Sam J. Bigger, of Capitan, were married at Estancia Monday of this week. The bride and groom passed through Corona Thursday morning en route to Capitan, where they will make their future home.

Mr. Bigger has been associated with the Capitan Mountaineer for about six years, in company with his father, Neil N. Bigger. He is the owner of a nice home and a small farm, in addition to his interest in the newspaper. The News extends its best wishes to him and his bride, and wish them a smooth and tranquil voyage down life's river, with nothing to mar the pleasure of their marital trip.

Alamogordo to Organize Game Association.

Alamogordo, Oct. 24.—Sportsmen in this part of the state are taking steps toward the organization of an association for the protection of game. The city is admirably located from a sportsman's viewpoint, being at the foot of the Sacramento mountains, which is one of the best feeding grounds for deer and turkey in the west. The surrounding plains are the home of various kinds of small game and in the streams are some of the finest trout in the state. It is likely that a big meeting of the sportsmen will be called soon, when officers will be elected and a constitution adopted.

Crystal Theater

Friday, 28—"Wild Waves and Women," comedy; "Tiger's Cub," featuring Pearl White. Fox production.

Saturday, 29—"The Street Called Straight," featuring Basil King. Goldwyn production.

Monday, 31—"The Gauntlet," featuring Harry T. Morey. Vitagraph production.

Advertising New Mexico's Resources.

"New Mexico is remarkably rich in natural resources," states the new edition of the folder just issued by the Atchison, Topeka & Santa Fe Railway, describing the state. It continues:

"The state has a variety of topography—lofty mountain ranges, high plateaus and mesas, broad plains and river valleys. The climate is sunny and healthful. The soil is productive. The native grasses are rich, virgin forest cover many million acres. The mountains are treasure houses, full of metals and minerals, including coal. Great rivers water fertile valleys.

"Development is just beginning in New Mexico. It is the purpose of this folder to describe many of the opportunities here awaiting the homeseeker and the investor."

Throughout the booklet is a wealth of information. Less than half of the area of the 78,401,920 acres are in private ownership.

The state has 17,739,000,000 feet of merchantable timber, according to report of the forest service.

The state has 47,000 miles of roads of which about 7,000 miles are state roads and 24,000 county roads.

The number of public school buildings in the state last year was 1,452 and the value of all school property \$5,432,304. The total enrollment was 81,399.

Much space is devoted to the agricultural resources, indicating the variety of conditions found within the state.

A large edition has been printed and will be given a wide circulation by the colonization department of the Santa Fe.

The Big R. R. Strike.

The big chiefs of the Railroad Brotherhoods and the labor board are still jockeying for position. The walk out is scheduled for Sunday, but it is believed some means will be found to settle the question before that time. The labor board threatens court injunction, and the big chiefs deny that the courts have the power to prevent the men walking out.

Lee Enumerates Causes For The Railway Strike.

Cleveland, O., Oct. 22—Causes for the strike of railway workers set to begin in general October 30 were enumerated by W. G. Lee, president of the Brotherhood of Railroad Trainmen, in a statement to the Associated Press today. The statement was issued, Mr. Lee explained, because "the public is rather confused" as to its causes, some believing it is for higher wages.

Three causes were ascribed by Mr. Lee: The wage reduction of July 1. Proposed further reductions. Proposed elimination of rules which would make still further reductions.

Three local brotherhood chiefs, Mr. Lee of the trainmen, Warren S. Stone of the Brotherhood of Locomotive Engineers, and W. S. Carter, of the Brotherhood of Firemen and Enginemen, while preparing to obey the citation to appear before the labor board in Chicago next Wednesday, were going ahead with plans to carry out the strike.

L. E. Sheppard, president of the Order of Railway Conductors, arrived last night.

Mr. Lee's statement as to the causes of the strike follows:

"The public is rather confused as to the causes for the railway strike. There is a belief on the part of some that the strike is for higher wages and is not understood to be a demonstration against a wage reduction to which has been added propositions further to reduce wages and eliminate rules which would mean still further reductions.

"The rate of a freight brakeman between Chicago and New York was \$2.67 a day, which was referred to by the railways in their publicity campaign as a princely wage. Until January 1, 1918, \$30.10 was the princely wage some fifty-odd thousand railroad men received in what is known as the eastern territory. Other wages were in proportion to the wages of the freight brakemen.

With the reduction in wages of July 1, 1921, the present wage of this employe is \$134.40 for thirty days in the month, and he is fortunate indeed if he is able to make every day in the month. There are comparatively few men making full time. It is true that the railway companies show wages earned in much higher amounts than those quoted, but they do not tell that the higher months represent full time and overtime.

"The railroad companies have not been fair in the propaganda against the employes, and it is to be hoped that before the trouble is over the prejudiced opinion, based on railway publicity misstatements, will understand the exact wage that may be earned through the normal day's work."

New Mexico Bankers to Form Big Loan Company.

New Mexico bankers have been asked to meet in Albuquerque next Monday to form a large loan company, through which the live stock raisers of New Mexico can secure the use of their share of the large amount of money made available through the passage of the agricultural and other relief bills.

There seems to be little doubt but what the company will be formed and make prompt preparations for business. The banks of the state are the proper agency to take charge of this opportunity and it is their intention of doing so and thus securing the capital necessary to revivify business generally.

If everybody who advises thrift would be possible, poverty would be reduced to less than one-half of what it is now.

Uncle Walt's Story

THE SURPRISE PARTY

"OLD Singlefoot is going to celebrate his golden wedding tomorrow," said the assessor; "we are planning to give him a surprise party, and would like you to go along."
"You couldn't drag me there with a team of government mules," replied the village patriarch. "About the meanest trick you can play a man is to spring a surprise party on him. Of course the majority of surprise parties are failures. The victim has been informed in advance that he is going to be ambushed upon a certain date, and he makes his preparations accordingly. Then when the visitors arrive at his abode he pretends to be immensely astonished, and says he never dreamed of such a visitation; but the fact that he is wearing his Sunday shirt, and has his hair parted in the middle, gives the lie to all his pretensions."

"There is no serious objection to a surprise party when the victim is warned in advance, although, as I have shown, it encourages skulduggery and hypocrisy, for no man can be thoroughly honest who pretends amazement over a visit he has been planning for."

"But the genuine surprise party is an outrage, and people who resort to it should be severely punished. There's nothing more humiliating to a self-respecting man than to have a whole neighborhood blow into his dwelling when he isn't looking for it."

"When I am at home I sacrifice everything to personal comfort. I take off my shoes and collar and necktie, and roll up my shirt sleeves and slip my suspenders down over my arms. I don't care how I look if I am feeling at ease. If I am expecting visitors, I go to my bedroom and fix myself up as I look like a bridegroom. My wife has theories, similar to mine, and doesn't believe in being strayed in purple and fine linen all the time. But she wouldn't be seen looking slovenly for anything."

"Some months ago my wife casually remarked to a neighbor that my birthday would occur on the following Wednesday, and that neighbor, being a confirmed busybody, got busy and organized a surprise party. I never received the faintest hint of the scheduled catastrophe, and on the evening of my birthday I was lying on the floor of the sitting room, with about a hundred newspapers around me. My wife was wearing an old wrapper, and was popping corn on the kitchen stove. There was nobody else in the house, and we had no idea visitors would come, for it was a bad night."

"About eight o'clock, just when I was thinking of going to bed, there was a knock at the front door. My wife thought it was some boy on an errand so she went to the door with a stovehook in one hand, and the corn popper in the other, and she gave a shriek of anguish when she saw the mass meeting on the front porch. The minute the door was open all those delegates pushed themselves in, smiling and giggling as though they were doing something mighty funny."

"Our house hadn't been in such disorder in twenty years. It looked as though a couple of amateur teams had been playing basketball in it. Mr. wife and I began apologizing and explaining, as people will do under such conditions, although they know that nobody will believe what they say; the guests assured us that it was all right, but I could see them squinting around and making mental notes for future reference, and inside of a week the story was all over town that our house was a fright, and no respectable cow could live in it."

"That was the most miserable evening I ever spent, my friends, and I have never forgiven the people who took part in that uprising. And you may be sure I'll never treat another man as I was treated."

Lost Note Redeemed.
A soldier presented himself at the commonwealth treasury in Melbourne, Australia, and said, "I am a 20-pound note and want to be cashed." He stated that he had swallowed the note at Fleurbaix when he expected to be captured. He remembered the number, and the note in question turned out to be the only one missing from a particular issue which had been recalled.

A Bad Crash.
Feters—I hear Randall got kicked out of the house when he asked old Walters for the hand of his daughter. Was he hurt much?
Feters—Yes. He reckons he came out so fast that he collided with himself going in—away to London.

In Any Trade.
"A dress designer" says a Cambridge street tradesman in the London News, "is a man who is in any trade."

Security—Service—Satisfaction

Avail yourself of the protection of *Our Security*, which will enable you to appreciate *Our Service*, and will insure you *Complete Satisfaction*.

Stockmen's State Bank
MEMBER FEDERAL RESERVE SYSTEM
CORONA, - NEW MEXICO

Opportunities Are Numerous In Mexico.

Consular reports compiled show that more than thirty thousand people recently crossed the Rio Grande into Mexico from the United States upon the occasion of the celebration of the Centennial Exposition of that country.

Business conditions in Mexico have more or less reflected similar conditions in the United States, but during the past few months Mexico has been visited by some of the most important financiers in the world with the result that possibilities for an early recognition of that country have been growing brighter each month.

The United States has been offered an opportunity of developing a strong commercial field in Mexico and many manufacturers and exporters have been taking advantage of the opportunity. During the year 1920 the trade between the two countries amounted to \$388,045,272, of which Mexico bought from the United States \$207,853,197 and sold to the United States \$180,191,075. This has been increased during 1921 so that the total business between the two countries for the twelve months ending June 30, 1921, was \$422,202,520, of which Mexico bought \$367,209,366 and sold \$154,993,154.

Exports to Mexico jumped from

less than \$50,000,000 prior to 1917 to \$280,000,000 in 1921. The fact that thousands of Americans are daily going into Mexico, that the trains are running through Pullmans and that a diner service has been inaugurated indicate the belief of many Americans in the future of Mexico.

Sweaters, silk and wool, in all sizes, at Carrizozo Trading Co.

Free Vegetable and Flower Seeds

The Department of Agriculture has allotted to me for distribution in New Mexico early next spring a generous supply of vegetable and flower seeds, and I will be glad to honor all requests so far as my quota will permit.

School Notes

(By Superintendent E. E. Cole.)

Next Wednesday, November 2, is "Visitor's Day."

We are glad to welcome John Boyd back to the junior class.

Mrs. Clarke has purchased a Ford and will make frequent trips to the home of her mother in Alamogordo.

We are glad to notice, by the El Paso papers, that our old school friend, Dr. Frank H. H. Roberts, president of the El Paso Junior College, has about recovered from his automobile accident.

The Carrizozo High school will publish the Outlook week after next, Armistice week. This is through the kindness of Mr. Burke. The students will write the various articles, their names appearing at the head of each.

The American Legion library is now behind glass doors in the large room of the high school and ready for the public. Miss Layer is librarian and will give out books to the public on Tuesdays and Thursdays, between 4 and 5 p. m.

Through the courtesy of President Hill we are in receipt of a fine picture of all the students of the State University of New Mexico. The picture is four feet long and eight inches wide and shows the students in front of a beautiful background of trees and University buildings.

In this month's Boy's Life is the beautiful picture that has been so much talked about during the past few weeks in boy scout circles. It shows a boy scout in full uniform standing in front of a stained glass window of a cathedral or church. The title of the picture is "A Scout Is Reverent." The picture will be framed and hung in the high school.

The Camp Fire girls held their first ceremonial of this year Wednesday, October 19th, at the home of the Guardians, Misses Herron and Ferdon. The ceremonial meeting is held once each month. The following members were present: Audrey Miller, Juell Miller, Lois Jones, Alie Carl, Lucille Jones, Charlotte Elliott, Lillie May Elliott, Leora Taylor. After the ceremonial games were played, songs sung, the meeting breaking up early.

Taste is a matter of tobacco quality. Chesterfield CIGARETTES of Turkish and Domestic tobaccos-blended. 'They Satisfy'

The boy scouts were the guests of Scout Commissioner T. E. Kelley at The Lodge on Eagle Creek Friday, Saturday and Sunday of last week. Scoutmaster E. E. Cole and Mrs. Cole also were guests. The troop left for The Lodge about the middle of the afternoon on Friday and returned Sunday afternoon. The weather was ideal and the roads in fine condition. The scouts climbed Mount Joe on Saturday, getting a magnificent view of the country to the north, east and south. They gave the name Kelley Peak to a mountain nearer camp. Did they want to return to Carrizozo? No!

Tanlac is purely vegetable and is made from the most beneficial roots, herbs and barks known to science.—Rolland Bros.

The following was the program at the literary society of the High school last Friday: Call to order, appointment of critic; scientific talk, Kastler Taylor; "It Can't Be Done," Charles Scott; vocal solo, Mrs. T. E. Kelley, accompanist, Mary White; Debate—"Resolved, That Secret Societies Should Not Be Allowed in High Schools; affirmative, Will Johnson and William Kahler; negative, Rollo Place and Dayton Herron; the decision was in favor of the affirmative; piano solo, Lois Jones; current events, Herndon Reilly; paper, Jeanette Johnson and Ada Corn.

Banish that awful insomnia that worries you every night. Let your sleep be restful and refreshing. Tanlac does it. Rolland Bros.

Wool Hose, for men and women, from 75c to \$2.00 a pair, at the Carrizozo Trading Co.

Young America Sends Vast Relief To Needy Abroad

Various relief projects of the Junior American Red Cross in European countries resulted in helping 237,000 destitute children during the last fiscal year, according to the annual report of the American Red Cross for that period. The growth of the activities of the Juniors abroad is manifested by a comparison which shows this figure is 200,000 larger than that of the previous fiscal year.

The National Children's Fund raised by school children, members of the Junior American Red Cross, was drawn upon for \$490,507 for these projects. Receipts for the National Children's Fund during the last fiscal year totaled \$150,817.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Feden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health: "Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. It was some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so helpless I could hardly go at all. "I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shell. In this condition, of course, to do even my housework was a task almost impossible to accomplish. "I was . . . nervous and easily upset. I couldn't get well at night and was . . . just lifeless. "I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it. "In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my housework. "Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness." The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it. L. 78

RED CROSS WORKING FOR HEALTHIER U. S.

Thousands Aided by Instruction in Care of the Sick, Food Selection and First Aid.

How the American Red Cross guides thousands of persons to health is shown in a summary of the society's activities in the health field based upon the annual report for the last fiscal year. Through its Nursing Service, its Home Hygiene and Care of the Sick courses, nutrition classes, First Aid classes, Life-Saving classes and Health Centers and in numerous other ways designed to acquaint masses of citizens with proper methods of living, the Red Cross carried its message of health into all parts of the country.

RED CROSS RESCUED 600,000 FROM DEATH

Spent \$1,200,000 for Relief of Famine Sufferers in China Last Year.

To help overcome conditions of acute distress in five famine stricken provinces of Northern China, where millions of persons were affected by an unprecedented shortage of food, the American Red Cross during the last fiscal year spent more than \$1,200,000, \$1,000,000 of which was contributed directly by National Headquarters and the remainder by various groups interested in the welfare of China. Through the wide relief operations thus made possible it is estimated that more than 600,000 famine sufferers were saved from starvation. To the end that similar prompt relief measures by the organization may always be possible the Red Cross is asking continued support by the American people by universal renewal of membership at the Annual Red Cross Roll Call, November 11 to 24. The method of relief employed by the American Red Cross in its operations in China was particularly effective. In addition to saving hundreds of thousands of lives it provided China with more than 500 miles of permanent roads that are sorely needed to prevent a recurrence of famine. At one

American Navy to Rank Second In Importance.

Washington, Oct. 22.—Latest statistics of the naval establishments of the world's leading maritime powers, compiled by informed officials here, indicate that the American navy still will be securely established in second place when present building programs are completed.

According to the tabulation of fighting ships Great Britain leads with 533, with an aggregate tonnage of 1,860,480, the United States has 460 ships of 1,289,463 tons, and Japan 99 of 528,689 tons. France and Italy hold fourth and fifth places with tonnage totaling 462,000 and 275,000, respectively.

Completion of present programs will add seventeen ships to the British navy, sixty-nine to the American and eighty-five to the Japanese, exclusive of a special submarine program comprising 120 subsimmers.

Lacking definite information as to speed and gun power of some units included in latest authorized naval programs, experts pointed out that a comparison of "battle efficiency" was difficult, if not practically impossible.

Comparing heavier fighting ships, the tabulation shows Great Britain excels in battle cruisers, having six of the first and four of the second line, while Japan has four of the first line and the United States none. In battleships Great Britain still leads, with twenty-six, while the United States has eighteen, Japan six, France seven and Italy five.

Great Britain has six second line battleships, which she is said to be ready to sell or scrap, while the United States continues to hold fifteen, Japan four, France seven and Italy five.

In light cruisers Great Britain has forty-five, the United States none, Japan nine, France four and Italy five.

The United States leads with destroyers, having 293 of the first line to Great Britain's 237 and Japan's forty. In submarines

Great Britain leads. She has sixty-four of the first line and fifty-nine of the second, compared with fifty-seven and forty-four on the American naval lists.

Unemployed Number 3,500,000.

Unemployed throughout the country now number fewer than 3,500,000, a nation-wide survey made for the unemployment conference by the Department of Commerce shows. This total is approximately 40 per cent less than the recent estimate of the Department of Labor of 5,750,000.

Will Make Advances For Livestock Industry.

Washington, Oct. 24.—Agreements to make advances for benefit of the livestock industry in New Mexico and Texas were announced today by the war finance corporation.

The aid to be given stockmen in New Mexico will be extended through a new livestock loan company, formed yesterday at Albuquerque, and the Texas stock raisers through a company to be formed by R. E. Gore of Houston.

Mileage of Roads to Be Tied Up by First Strike Move.

Here are the railroads which will be tied up when the first group of railroad employes walk out if the proposed railroad strike materializes October 30 and the mileage of these roads:

Chicago & Northwestern	8,402
Texas & Pacific	1,946
Kansas City Southern	843
Missouri Pacific	2,765
Inter. & Gt. Northern	1,159
Southern Pacific	4,525

St. L. & Southwest	1,775
Virginia	523
Chi., Mil. & St. P.	10,613
Northern Pacific	6,800
Chi. & Great Western	1,496
Chi., R. I. & Pac.	8,123
Seaboard Air Line	3,567

District Court.

Judge Edwin Mechem, with his official family, District Attorney Newel, Court Reporter Briniger, and Interpreter Pedregon, arrived Sunday night and court was formally convened Monday morning. A large number of attorneys have been present during the week from out of town, and with the local members of the bar formed quite an array of counsel.

The court gave its attention during the first days of the week to civil matters, and hearing motions, pleadings, etc., kept the court busy. These cases were principally old cases continued from previous terms.

The grand jury was called yesterday morning, empanelled, J. E. Secrest appointed foreman, and it began its work immediately after receiving the judge's charge. It is expected to finish its labors tomorrow.

The petty jury will be called Monday and the criminal docket will be taken up. Besides the disposition of cases on the docket which went over the last term will be the new cases to be presented by the grand jury at this term. The court will probably be in session two more weeks.

The Picacho Oil Well.

The Oil Exploration Company, which for two years has been drilling for oil near Picacho, below Lincoln, has pulled the casing and moved its machinery to some point in Texas. The tower remains on the well site to mark one more wild-cat failure. It is said that the well was 3,200 feet deep, when a vein of water was tapped that prevented further drilling.

Sufficient for One Good "Jag."

Washington, Oct. 24.—As expected as a rainstorm in a department, regulations permitting manufacture and use of beer for medicinal purposes were issued today by the treasury department.

Secretary Mellon, in announcing beer rules, declared that "the legal rights of the parties concerned being plain, the department is unable longer to delay issuance of these regulations."

The new rules cover comprehensively the use of beer, wines and spirituous liquors as medicine. The amount of beer a physician may prescribe at one time for the use of the same person is limited to 2 1/2 gallons, equivalent to a case, but no arbitrary limit is placed upon the number of such prescriptions a physician may write or the same person may obtain within a given period.

Two quarts of wine was the limit put on a single prescription for that beverage, but otherwise the regulations are the same as for beer.

Spirituous liquors are limited to one pint within a ten days' period.

Plant Trees.

A most pertinent suggestion is made by a Santa Fe trade excursionist to the Estancia valley farmers—that is, they should plant more trees—even if it takes water and work to get them started. They should plant trees not only around their homes, but along their section lines; create wind-breaks and shelter belts; shade and protection for crops. Such a policy has entirely changed the face of the farm-cape, in portions of Kansas and in other states. It has long been a recognized and necessary practice in Southern California. It has been done in the Pecos valley and other sections of New Mexico. That it would eventually make a "dry" and beneficial difference in conditions is immediately apparent if anyone was to walk along the valley.

LOCAL AND PERSONAL.

Ben Leslie was in from the Capitan mountains this week.

Cole's Hot Blast Heaters, in all sizes, at Carrizozo Trading Co.

A rifle club has been organized at Corona with ten charter members.

Mrs. M. F. Wells came up from El Paso this week on a visit to her sister, Mrs. Oliver Parker.

George Kimbrell of Picacho was in Carrizozo this week with business before the District court.

Harry H. McElroy, attorney for the E. P. & S. W., had business before the District Court this week.

O. W. Bamberger, of the Trading company, is expected back next week from a business trip east.

Ad. Casey, one of the oldest of the old-timers on the Houde, had business before the District Court this week.

Underwear for the family at right prices.—Carrizozo Trad. Co.

Paul Wilson, the sheepman, was in from his camp on the northeast slope of Jack's Peak Wednesday.

There are quite a number of people from outside points in town this week, with business before the District court.

Clare Bradley was over from White Oaks Wednesday purchasing supplies. He stated that the Oaks is very quiet from a business view.

Mr. and Mrs. E. D. Boone, of the Lincoln State Bank, and Mr. and Mrs. J. E. Clausch are spending a few days in the Paso City this week.

Mr. and Mrs. R. C. Bowder were up yesterday from Picacho. They were en route to Corona, where Mr. Bowder went to look at a bunch of cattle.

Machinaws for the family at Carrizozo Trading Co.

Mrs. W. C. McDonald and Mrs. Geo. L. Ulrick are among those who are attending the Federation of Women's clubs at Roswell this week from this town.

Robert Leslie returned this morning from Hot Springs, Sierra county, where he left Mrs. Leslie, who will remain some time to take a course of baths for rheumatism.

Two and a half gallons of beer at one time is the limit, according to Secretary Mellon. Or you can get two quarts of wine of a pint of the "hard stuff," as a substitute—about enough for one nice jag.

A basket ball game between the Capitan and Corona school teams is scheduled for tomorrow, 29th inst., to be played at Corona. A masquerade dance will be held the same evening in the gymnasium.

Harry E. Dawson, formerly assistant cashier of the Exchange Bank, was here a few days the past week from Wichita Falls, Texas. Harry left here three years ago, and has been engaged in the oil business since.

G. E. Green received an assignment of six thoroughbred Angora goats this week from Uvalde, Texas. They are fine looking animals of their kind and will be added to the Green herds in the Carrizozo mountains.

George S. Castle, formerly of Corona, but now farming in the Tobacco valley, visited this week from Uvalde. Mr. Castle will be remembered by many of the readers of this paper. He has recently contributed some to this paper.

William Green of White Oaks, who has been in Carrizozo for some time, is expected back next week from a business trip east.

and everybody will be satisfied. White as snow, light as a feather, toothsome as cake, it is bread that adds to the enjoyment of every meal. And it is always the same. Day in and day out our bread is the same perfect article. Because we always use the same fine materials. Why not try it now as you will sooner or later?

Pure Food Bakery C. H. HAINES PROPRIETOR

The Capitan basket ball team motored over the hill Saturday to play the local team a return match. The boys put up a stiff game, but were no match for the mountaineers, who won the game with ease. The Carrizozo girls team, however, evened up matters by defeating the Capitans.

Winter Caps for Boys and Men at the Carrizozo Trading Co.

The Rev. L. E. Conkin is the new Methodist minister who will look after the spiritual welfare of the members of the Methodist church in Carrizozo. He takes the place of the Rev. C. C. Hibbs, who has been assigned to an Albuquerque church. The Rev. Conkin comes here from Clayton, N. M.

know how far the drill has penetrated, but the general opinion is that the hole is now 3,000 feet or more. Nobody but the employes and privileged parties are allowed inside the fence that surrounds the works.

The salubrious weather of the past month was punctured Monday by a severe windstorm, accompanied by rain and followed by a big drop in temperature, and the weather reports state it extended from British Columbia to the Gulf of Mexico, where much damage was done. The weather since has been unusually cold, with frost each night, reminding people that winter is approaching.

All men of good will are asked to give some thought to the fact that the world is now in a state of war. This is the only time in the history of the world that the world has been in a state of war.

JUST ARRIVED

SHIPMENT OF FALL CLOTHING

See Them While the Choice Is Widest
