OLDEST AND LEADING NEWSPAPER IN CIRCULATION IN THE COUNTY OF LINCOLN, NEW MEXICO

VOLUME 22

CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, FRIDAY, DEC. 15, 1922

NUMBER 50

## Inaugural Arrangements

Santa Fe, Dec. 16.—There's one place that Hinkle won't or can't cut and that's the inauguration to be given him, the sixth governor of New Mexico since statehood, by Santa Fe. This will be Santa Fe's treat, but with the rest of the state invited, and the Ancient City is going to "splurge," going to extend itself to make this inauguration the most brilliant affair of the kind ever put on, according to Arthur Seligman, active chairman of the executive committee in charge of arrangements.

The biggest opportunity to "splurge" will be at the inaugural ball, to be held on New Year's night at La Fonda, the new hotel recently completed at the end of the Santa Fe trail on the site of the historic La Fonda of wild and more or less woolly days, and leased to W. G. Sargent. And this chance won't be overlooked. Gerald Cassidy, artist, chairman of the decorations committee for La Fonda, estimates that his committee will need at least \$1,000. A gorgeous scheme has been worked out for the ball room with batik "sunbursts" radiating from the entrances. The music committee has suggested that two orchestras be employed to work in relays so as to permit continuous dancing.

There will be three parts to the inauguration.

First will come the official ceremony in the Hall of Representatives at the State House, to begin at 11:30 in the forenoon. Governor-elect Hinkle will take the inaugural oath at the hour of noon and give his inaugural address immediately afterward.

Next will come a public reception at the Museum from 3:30 to 5:30 in the afternoon. No invitations are to be issued; the reception is to give the citizens of Santa Fe and New Mexico a chance to greet the new governor and Mrs. Hinkle.

Then, that night, beginning

## Entertainers' Program

Don't forget the Carrizozo Entertainers, Thursday evening, December 21, at the Crystal Theatre, at 8:00 o'clock. A number of new features will be added and this will be one of the very best entertainments the Entertainers have ever given. The following is the program:

### Opening Chorus

5. Pantomime, "The Bridge"  
Pupils 5th grade Caxo School

6. Solo—"Mother Macree"  
Chandler Prude

7. Duet, "Miami Moon"  
C. Hilary Cooper, Eb K. Jones

8. Dance (Darky) Lewis Jones  
Closing Chorus, "Coal Black Mammy"

Ferguson's Orchestra

at 10 o'clock, will come the inaugural ball.

Tickets for the ball, the only event to which admission is charged, will be placed on sale in the banks all over the state. The price is \$10 per couple and \$2.50 for each additional lady.

The new De Vargas, built by W. G. Sargent and Tom Doran to take the place of the old De Vargas, burned down last winter, will be completed and opened in time for guests coming here for the inauguration. La Fonda also will be open, according to the management. So there's no reason to stay away because you fear you won't be able to get hotel accommodations.

## Carrizozo School Notes

(By Supt. E. E. Cole)

The girls' basketball team of the Carrizozo High School defeated Capitan in one of the best games of the season by the score of 23 to 20. Both teams were pretty evenly matched and neither team had the game cinched until the last minute of play. The first half ended with Carrizozo 7 and Capitan 5. The second half started off fast, the teams being tied at 11 points, at 18 points and 20 points. In the last minute of play, Capitan and Carrizozo had a try for free throw; Capitan missed, while Carrizozo made a free throw and quickly followed with a field goal.

Our return game with Capitan, on January 20, promises to be a most interesting one.

Those playing on the Carrizozo team were:

Ada Corn Guards Grace Taylor  
Charlotte Elliott Centers Jesse Branch  
Jeanette Johnson Forwards Leola Jones  
Ethel Johnson Subs Evelyn Carr

Our next games will be with Alamogordo on December 15, and Tularosa on December 16.

The enjoyment and appreciation of the events of Education Week were so great that, on last Monday morning, Supt. Cole appointed a committee of students, one from each class of the Senior High School, to draft a set of resolutions. The following was returned:

"The students of the Carrizozo School wish to take this means of expressing their thanks and appreciation to Mrs. Stadman, Mr. Burke, Mrs. Blancy, Mr. Haley, Mrs. Cole and Mr. Brickley, for the interesting and inspiring addresses delivered to

them during Education Week. We extend a cordial invitation for you to repeat these visits at any time as we feel very grateful for the many kind messages which they left with us."

Mrs. H. P. Clark, Chairman; Lois Jones, Gwen Climer, Rue Shulda and Lucille Jones.

A great deal of credit is due Kasiler Taylor, Will Kahler, Fred Tuton, Albert Roberts and Miss Juell Miller, representing the Boy Scouts and Camp Fire Girls, for their excellent program on Tuesday of Education Week.

All the rooms, from the High School down to the Primary, are preparing programs for Christmas. These programs will be given on Friday afternoon of next week. The public, especially parents, cordially invited to attend these exercises.

The "Health Crusaders' Club," of the fifth grade, Mrs. Kelley's room, met Friday for a business session, with all officers and members present. The "Club" voted to give a Christmas Program, with a Christmas Tree and Santa Claus. The "Better English" contest still proves helpful. The basketball, recently ordered for this grade, has arrived and the pupils are greatly enjoying "personal possession."

Superintendent Cole recently offered a banner, bearing the word "EXCEL," to the school room having neither tardiness nor absence during the month. The room winning the banner is to keep it during the following month. The sixth grade, Mrs. Vaughn's room, is in possession of it this month.

## Meeting of Town Trustees

The regular meeting of the Board of Trustees was held December 11th.

	\$19.45

On motion of G. T. McQuillen, seconded by Fred Lalone, it was agreed that Paul Bentley be allowed \$10 a month for general street and ditch work.

G. T. McQuillen moved that the Mayor appoint a committee of two to meet with the clerk for the purpose of determining a proper charge to customers for water and use of sewer line, and that the committee be authorized to accept bids for the making of connections including the installation of meters. The motion was seconded by T. E. Kelley and passed. The Mayor appointed G. T. McQuillen and Fred Lalone on committee.

The material for the water system being on the ground, it was ordered that the contractor be notified to proceed with the work.

The clerk then presented the board with a copy of the transfer of the sewer line formerly owned by the E. P. & N. E. Co. It was accepted, signed by the Mayor, and ordered placed on record.

There being no further business before the board the meeting adjourned.

## Dance at White Oaks

There will be a dance at White Oaks Saturday night, December 16, 1922. Everybody welcome. Refreshments will be served as usual, and we want you all to come and help us make it a success.

## Roberson-Taylor

L. L. Roberson and Miss Winnie Taylor were married Sunday morning, Dec. 10, at the Methodist parsonage, Rev. J. M. Glasier performing the ceremony. The young couple left Tuesday for Douglas, Ariz., where they will make their home, and where the groom is employed as an auto mechanic.

The groom came here about one year ago from Texas and filed on a homestead, but later went to Douglas where he has since resided. The bride is the charming daughter of Mr. and Mrs. R. H. Taylor, was born in White Oaks, and has spent her life in Lincoln county where she has a host of friends and is highly esteemed.

The News joins their many friends in wishing them happiness and prosperity.

## \$180,000,000 in Christmas Clubs

Under date of November 30th, New York financial circles report that there was saved in Christmas Clubs throughout the country in the past year the vast sum of one hundred and eighty million dollars.

Our city has joined this very popular thrift plan and we are pleased to recommend this system for accumulating money.

For the benefit of those who do not know what a "Christmas Club" is, let us tell them it is a plan for saving money; in fact, it is not only a plan but a system by which the member saves a specified sum each week.

The member determines the amount he can spare weekly and brings in the first deposit and joins the Club, a special Pass Book being issued to him showing the club joined and the amount deposited. Then he

able for next Christmas needs or to keep for future use.

The "Increasing" Clubs are a novel idea. The member starts with 1c, 2c, 5c or 10c and increases his deposit the same amount each week. For instance, in the 5c Club, first week, 5c; second week, 10c; third week, 15c, and so on increasing 5c each week.

In the "Even Amount" Clubs the member deposits the same amount each week. These Clubs are 25c, 50c, \$1, \$5, \$10 or more. A Club to suit everyone.

The Christmas Club has been in use in many of the large cities and thousands upon thousands of people have joined. It has proven the most popular plan for saving money ever devised and will undoubtedly be heartily welcomed in our city.

The Christmas Club is now open at the Lincoln State Bank where full information can be had for the asking.

# Spirit of Christmas, 1922

A Christmas stocking for every child! The Christmas day is coming when Santa Claus shall visit every child in the land and none shall be forgotten.—Elizabeth Phillips.

**T**HE spirit of Christmas, 1922! What in it in America, the greatest and wealthiest nation of earth? From one viewpoint it is much the same that it has always been—a glorious family festival of good cheer and gift-giving. From another viewpoint there is an encouraging growth of the spirit of the utterance of Elizabeth Phillips.

Eighteen years ago Elizabeth Phillips had an inspiration to make the anniversary of Our Lord's birth not so much an anniversary of happiness for the few as an anniversary of happiness for the many. She had a vision of those who have given to those who have not. And from her humble beginning with a few hundred poor children have come the thousand and one Christmas givings the country over that are making the holiday year by year one of happiness to increasing numbers of the poor, the friendless and the hopeless.

Elizabeth Phillips—she has been dead these thirteen years—had her inspiration in 1904 in Philadelphia. She was a teacher in the public schools. She lay ill in a boarding house. She saw the cold rain of autumn beating against her window. She thought of the Christmas that was coming.

"Christmas will not mean very much to me," she thought. "But it will mean far less—maybe nothing at all—to many. If I could only make it a better Christmas for some of those. I can; I know I can. I will try."

As soon as she got well she began to work on her plan. Through the cooperation of President Roosevelt she was enabled to secure hundreds of letters to Santa Claus—every Christmas season these letters come in a flood to every big-city post office. Then she made it her business to visit her friends, to call upon a host of new ones, to solicit help from everybody, everywhere, collecting two cents in one place, five cents in another place, a dollar somewhere else, and by the time Christmas eve arrived she had filled several hundred stockings.

The fame of Elizabeth Phillips spread widely. And she had visions of a nation-wide movement along the line of her successful experiment.

"A Christmas stocking for every child!" she said. "The Christmas day is coming when Santa Claus shall visit every child in the land and none shall be forgotten."

"It is my purpose to make Santa Claus a reality, whose home will be in every house and who will be the friend of children everywhere. The most important thing is a permanent headquarters—the House of Santa Claus. And over the door there will be a statue of the old fellow with a pack of toys on his back. When the children pass by they can say, 'There's where Santa Claus lives—he sees that every boy and girl gets a stocking filled with Christmas things at Christmas-time.'"

"There Santa's work will be carried on—not only during the week before Christmas but all through the year. And besides, it will be a home for an

many children—orphans—as I can stuff into it. "I hope to build up an organization in the National Santa Claus association which will be a joy not only to the children but a benefit also to poor people everywhere."

For four years Elizabeth Phillips continued her work. The Santa Claus association grew with each succeeding year. It came to have many assistants with a fleet of automobiles and an army of givers in the cause of Christmas giving. The movement spread to other cities and thousands came to know her name and love it.

But the results of her work, though great in the estimation of others, seemed small to her. And as the results became greater and the work increased the goal seemed further away than ever to her. Her work was halted by illness, and she was forced to watch the Christmas of 1909 draw nearer and nearer without being able to keep on. Despair took hold of her and she ended her life.

But the spirit of Christmas that animated her did not die with her. She had done her work too well. From her inspiration, directly or indirectly, have sprung the Christmas givings of the Christmas clubs, Big Brother and Good Fellow movements and Needy Cases campaigns and the Christmas activities of municipalities, community centers, newspapers and business concerns.

For example: A New York newspaper took up, three years after Elizabeth Phillips' death, the task of supplying the Christmas needs of "the hundred neediest." The task, too great for one individual, one organization, was distributed among a great body of those best able to shoulder it, just as Elizabeth Phillips aimed to do, and as the givers increased in number so did the receivers multiply.

Organized as a clearing house for the benefit of all the many charitable organizations, concentrated as a focal point for the contributions of all the many previously unorganized and aimless givers, the "neediest" campaign began its career in 1912 with the Christmas distribution of \$3,000. Each year it spread to greater breadth.

For such was the success of this movement that newspapers in other cities took up the idea. And such was their success that still other organizations copied the plan, others and still others, first in one section, then in another, all over the United States. Philadelphia has similar movements, so has Pittsburgh, Chicago, St. Louis, Denver, San Francisco.

The idea, just like the aim of Elizabeth Phillips, has been the means of pointing out that such relief is something more than the giving of a tin of soup, is something that has a deeper significance than spasmodic giving, useful as that sometimes may be. It has been the instrument of bringing whole-hearted generous help to families in need and of bringing at the same time the satisfaction to a large number of Christmas donors of a simple and direct method of translating Christmas generosity into terms of health, happiness, good cheer, the essence of the Christmas spirit.

The modern Christmas spirit has gone farther than mere giving at Christmas time. It has undertaken to see that families who have met

with misfortunes or have lost their breadwinner through sickness or death shall have that simple and fundamental opportunity without which democracy means little—the opportunity to live a family life. It is laboring in season and out of season, just like Miss Phillips, to demonstrate to the public that this involves adequate relief; that a scanty and penurious relief of a family which merely makes it possible for it to eke out a drab existence is not intelligent relief; that this relief must not only be adequate in amount but regular in its provisions.

Of New York's "one hundred neediest cases" in 1921, eighteen concerned young mothers and children under the care of the State Charities Aid association. These eighteen were given instant relief. In addition the sum total of children saved from serious and distressing situations reached the number of 75. These additional children were helped from funds not designated for particular cases. In some cases a considerable portion has been conserved for future use. Here, for instance, is a sample report of the association, which shows what Christmas giving can accomplish when done in the right way:

"Raymond, of Case No. 89, the half-starved, half-naked baby rescued from a desolate room, had a desperately hard fight for his life. The doctors at the hospital tried every sort of food, but Raymond's was so serious a case of malnutrition that nothing seemed to reach the tiny spark of vitality. Finally, as a last resort, blood transfusion was tried, and this had the desired effect. Raymond reacted almost immediately; and was soon able to leave the hospital for a free convalescent home for babies in the country. From there he recently went to a foster home of his own, an unbelievably sturdy and vigorous child. Amount received, \$300; amount spent, \$72.73; balance on hand, \$227.27."

So, at Christmas time, A. D. 1922, a multitude of organizations all over the country will gather from those who have and distribute among those who have not. There will be Christmas good cheer in homes where otherwise it would be lacking. Encouragement will be given many who had almost lost hope. Lives valuable to the state will be saved. And there will be joy where there was sorrow.

The activities of these organizations of course vary widely. Some give gifts, some give food, some give clothing, some give money, some give service. But their principle and purpose and inspiration are the same; all are born of one idea and all aim at the same goal. This goal is to make Christmas day everywhere the day of joy it should be in a Christian nation celebrating the anniversary of the birth of Our Lord.

It is no exaggeration to say that much of this Christmas giving is the result of Elizabeth Phillips' inspiration eighteen years ago. She lay ill in her boarding-house room. To this Philadelphia school teacher is due in no small part various movements all over the United States that embrace the collection and distribution of Christmas cheer and Christmas charity.

The spirit of Elizabeth Phillips goes marching on.

# Line and Design

### Garments Simple and Unadorned; Keynote of Dress.

#### Gowns Must Be Molded to Carry Out the Personality of the Wearer to the Utmost.

Perhaps the most noticeable feature of the modern styles for women is gracefulness, observes a fashion authority in the New York Times. Their lines are simple and unadorned, they follow the figure with a beautiful perfection, they exhibit the art of the designer plus the attractiveness of the woman with real harmony.

Now, one of the best ways to express this idea is by means of the draped and flowing gown, with the draped and wrapped coat added as an outer covering. The dress may be as thin and as filmy as the wearer pleases. It may be unsatisfactory for wind and weather, but it must be, in every particular, good as to line and beautiful as to design. Its material must be soft and clinging, it must have that look of femininity so essential to the modern styles, and it must be designed to carry out the personality of its wearer to the utmost. It may be made of silk, a light wool crepe or chiffon, as the matter of fabric is left entirely to personal preference; but it must include many widths of material with panels and drapings and curved lines galore. That is the keynote of the dress of the moment, and, whether it is destined for wear during the morning hours, for afternoon or for dinner, it has about it something of this sort.

It may be said that it is much too light and ephemeral a thing to be worn for every day and for practical purposes, but in the light of modern designing art it has taken on all of the characteristics demanded by the practical woman and, at the same time, has retained everything in the way of line and grace dear to the heart of woman. You may think that you will not find it suitable for your own purposes, but once you try it, made as it should be, you will find in the influence of its folds a certain inspiration and satisfaction.

ing, draping frocks are made in black or in tan and gray. These are the colors which are the most satisfactory for everyday wear. For the two latter tones there are many and various shades that verge to putty and the lighter brown for which the season is noted. There is something about the idea of choosing a fashionable color which does a great deal to give a woman that feeling of being in the swim. And, although she may have said for as long as she can remember that brown was not her color, she can go out and don one of these new glorious shades of brown with the conviction that, all her life, she had been waiting to find just that particular shade—that never before had she really had anything which became her so well.

If they are made of chiffon, then the layers seem to go on forever. They are just one mass of lovely, graceful folds and they cannot help but be becoming because they hold so much, within their designs, that is essential to the good looks of a woman.

### WAYS TO AID THE PORTLY WOMEN

#### Hints for Slenderizing Fashions to Suit Those Overburdened With Avoirdupela.

Why is it there are, or seem to be, so many fat women these days? It is certainly not because they are not given every consideration by designers and that shops cannot give them an assortment of well-cut garments which will minimize rather than draw attention to their bulk. One hears of diets everywhere, and the only conclusion to come to is that the fattening-up process is more or less universal.

A tactful method of combining the new features of the mode with suitability for the large figure is fortunately displayed in two and three piece suits.

A careful selection has been made of those lines, colors and trims which will either convey or aid in conveying illusory slenderness, while every feature, however smart, which would tend to give or exaggerate the impression of size is carefully avoided. For example, the flat-back and the flat-front effect is not used to any considerable extent. The models usually show a slight fullness over the hip, which is stitched down under a narrow hip belt inserted in the manner of a yoke or applied in the usual fashion. One-sided effects are particularly favored on one-piece models, and the double-side ornament is also an oft-repeated feature.

Frequently, either inserted into the body of the garment or hanging loosely over an underskirt.—Washington Post.

### THE NEW COSTUMES OF SATIN

#### Popular Material Holds Sway Among the Best Sellers—Twills for School Wear.

Satins which have not been observed to a conspicuous degree in other lines for this season are said to be among the best selling numbers at present. For parties the changeable taffeta, georgette and velvet are chosen. Fansia, plaiting and metallic ribbons are favored trims, on the high-colored or pastel georgette frocks. Slightly-fitted basque effects and full skirts are noted on the more bouffant taffeta modes. Velvets for afternoon dress wear for the fatter and little girl are in dark shades for the most part, with embroidery in brighter tones as decoration. Gay-colored leather is applied with heavy embroidery stitches in a smart frock of black velvet.

Cyrus Founded Postal System

Persian King Maintained Relays of Mounted Men at Fixed Stations.

IN AMERICA FROM SETTLEMENT

North Dakota Postmaster Traces Origin and Growth of Postal System—Paul Revere's Ride Covered Regular Postal Route.

Jamestown, N. D.—The earliest known postal system was that established in 550 B. C. by Cyrus the Elder, king of Persia, who maintained relays of mounted men at fixed stations, ready at a moment's notice to forward the king's messages from post to post. Dr. R. A. Bolton, Jamestown postmaster, said in an address at San Francisco before the National League of Postmasters, in which he traced the origin and growth of the postal system. He said that systems similar to that established by King Cyrus, existed among the Romans in the time of Augustus, B. C. 27, and a postal system was fully developed in connection with the great military roads; but like the Persian, the Roman system of posts existed for the use of the state alone. Letters were not carried for private individuals.

Commercialized in Twelfth Century. Charlemagne established a postal system in France in 807 A. D., but the first actual letter-post for commercial purposes appears to have originated in the House of Burgundy in the Twelfth century, and a century later the University of Paris established an efficient postal system which continued till the beginning of the Eighteenth century.

China maintained a postal system from a very early date, and Marco Polo, a Venetian traveler, tells us that in his day, about 1290 A. D., there were about 12,000 post stations and 800,000 horses for the use of the Chinese government in carrying its messages, a fresh horse and rider being furnished every 25 miles. The post office existed in America from its earliest settlement. Originally it was merely a receptacle in the coffee-house where letters arriving from abroad were deposited to be taken by those to whom they were addressed or carried to them by their neighbors.

The first legislation on the subject is found in the records of the general court of Massachusetts for 1639, and the next in the Colonial law of Virginia in 1656. The Colonial law of Virginia required every planter to provide a messenger to convey dispatches as they arrived to the next plantation and so on, on pain of forfeiting a hog-head of tobacco for default. Gradually a postal service was es-

tablished between the several colonies along the Atlantic coast, and in 1672 there was "a post to go monthly from New York to Boston."

Franklin First Postmaster. In 1739 Benjamin Franklin was appointed postmaster at Philadelphia and later entered upon duties similar to those of a postmaster general. In 1753 he was appointed deputy postmaster general for the colonies. It was a lucrative office and he held it until 1774, when he was dismissed because of his sympathy for the colonists in their quarrel with England. In 1775 the continental congress appointed Franklin postmaster general.

Find \$250 Diamond Ring After Killing 18 Chickens

When Henry Wagauner, of Peoria, Ill., lost a diamond ring valued at \$250 he reported the loss to the police who, on questioning him, learned it had been missed soon after he fed his chickens. They advised him to look in his chickens. Wagauner killed 18 of his flock and found the missing gem in a gizzard. His neighbors enjoyed chicken dinners the next day.

MANUAL LABOR IS HIGHEST PAID

Germany Puts More Value on Brawn Than Brain.

Ordinary Laborers Average 100 Marks an Hour—Newspaper Editors Average \$3.19 a Month—Theaters May Have to Close.

Berlin.—Manual labor is valued above the products of the brain in the industrial top-heaviness of Germany today, if prevailing wage standards can be taken as a criterion. Ordinary laborers receive an average of about 100 marks an hour. (The present rate of exchange gives 47 marks for one American cent.) Wages for an eight-hour day range from 400 to 1,200 marks, making a monthly pay check of approximately 9,000 to 31,200. An agreement has been effected whereby shoemakers and cabinet makers receive from 67.15 to 116.55 marks an hour.

In September the salaries of German newspaper editors were fixed by agreement to range from 15,000 marks to 21,500. (In American money, 15,000 marks amounts to \$3.19.) A scale was adopted providing that newspaper men receive 15,000 marks in the sec-

ond year, and so on up to 21,500 marks for a man of eight years' experience. "String" news pays at the rate of 1.00 to 2.75 marks a line, according to its nature. Reporters get 70 marks for small notices, 135 for reports of meetings, and 125 for investigations. Articles by critics are paid for at the rate of 275 marks each. A man who works on Sunday gets 500 marks for the day. Even such wages are acceptable among the journalists of the capital, for high costs are rapidly thinning the ranks of newspaper men and many employees are being thrown out of work. The situation has reached such a pass that a movement is under way among conservative publishers to establish a fund to aid unemployed newspaper men, the leaders being actuated by political as well as humanitarian motives, since they fear much good talent among the writers will drift to the radical press.

Managers of three large theaters in Berlin have announced their houses may have to close because of the wage demands of the stage help. Actors and actresses until recently received a minimum wage of 7,500 marks a month. Now that this has been raised to 22,000 marks, the stage hands are demanding a minimum wage of 24,000 marks.

CRATER HOUSES MANY ANIMALS

Mouth of Volcano Inhabited by 75,000 Wild Beasts.

Scientists Hope to Find Alive Strange Creatures of Which Only Skeletons Have Been Found in Other Parts of World.

London.—An untouched Eden in the mouth of a burned-out volcano in the heart of Africa, providing a refuge for thousands of animals, many of them extinct in every other part of the world, has been purchased outright by Sir Charles Ross of Balmagowan, the inventor of the Ross rifle, and is to be explored by scientists. It is the great crater of Ngoro, the largest volcano that ever

made it a citadel of the forest and, while in all other parts of the world the work of extermination went on, no hunter dared to penetrate this fastness. Thus, it is highly probable that animals which have perished elsewhere have survived at Ngoro Ngoro.

Other volcanoes are grouped about the central crater of Ngoro Ngoro. More than one of them is larger than Mount Etna. The whole region, ages ago, was the scene of a terrific volcanic upheaval.

Aspirin Bayer logo Genuine. Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for Colds, Headache, Toothache, Lumbago, Earache, Rheumatism, Neuralgia, Pain, Pain.

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monocetacidester of Salicylicacid.—Advertisement.

A Careful Patient. A woman whose throat had troubled her for a long time grew impatient at the slow progress she was making and made complaint to her doctor.

"Madam," said the physician, "I can never cure you of this throat trouble unless you stop talking and give your throat a complete rest."

"But, doctor," objected his patient, "I'm very careful what I say. I never use harsh language, or anything of that kind."—Philadelphia Ledger.

Important to Mothers. Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of Dr. J. C. Fletcher.

In Use for Over 30 Years. Children Cry for Fletcher's Castoria.

Brother Missed It. At the supper table the family was discussing the proper pronunciation and accent of the word "Hello," when using the telephone. Several variations were given and then some one asked daddy how he used the word.

"I usually say the reverse," growled daddy. "Oh, I know what he means," said sister. "So do I," chirped in brother. "He says 'good-by'!"

Mother and sister smiled. If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer.

A prominent druggist says, "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills all most every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

Subsidy for The Country Doctor. The suggestion has been made that the government should subsidize the country doctor, and furthermore that the government should see that every community should have its doctor, who should also be provided with a home and a hospital. The rewards of the country doctor are not great and his work is hard, and the result is that wherever they find it possible they drift to the cities.—Exchange.

Freshen a Heavy Skin. With the antiseptic, fascinating Cuticura Talcum Powder, an exquisitely scented, economical face, skin, baby and dusting powder and perfume. Renders other perfumes superfluous. One of the Cuticura Toilet Trio (Soap, Ointment, Talcum).—Advertisement.

Portable Disk Grinder. Chiefly for use in industrial schools, but also available for factories, a portable disk grinder has been invented that can be operated by connection with an electric light socket.—Exchange.

There is no use denying that one of the delights of culture is in displaying it.

Contractor Has Gained 30 Lbs. on Tanlac

"Tanlac fixed me up so I gained thirty pounds. I have never seen or heard of such a wonderful medicine in all the sixty-six years of my life," declared William Magee, well-known retired contractor, 3840 Lafayette Ave., St. Louis, Mo.

"About two years ago I had a severe bladder trouble that left me in an awfully run-down condition. My appetite went back on me and my stomach got so weak I could not eat and digest enough to give me any strength. I also had the worst sort of pains across the small of my back, and could not sleep.

"I began picking up soon after I started taking Tanlac, and now I have a fine appetite, sleep like a log and that tired, worn-out feeling has all left me. I could not do otherwise than recommend Tanlac."

Tanlac is sold by all good druggists.—Advertisement.

WONDERFUL PIECE OF WORK

Feat of Engraver That Is Not Likely to Be Duplicated for Many Years.

The bureau of standards was recently asked to measure what is probably the smallest piece of engraving on glass in the world. The engraving consists of the Lord's Prayer (57-word version) engraved on glass in a space of .001 by .002 of an inch. The writing can only be seen under a high-power microscope, the magnification required being from 900 to 1,000 times.

The extremely small size of this engraving will be realized when it is considered that if a square inch were entirely filled with writing of this size the entire Bible could be written 25 times in that space—in other words, something more than 20,000,000 words could be written in a square inch.

The Omnivorous Tramp. The pup had left a dog biscuit in the front yard and young Mr. Wombat called his wife.

"Amanda!" "Yes, dear."

"You know that dog biscuit Fido wouldn't eat this morning?" "Yes!"

"There's a tramp in the yard devouring it!" "Poor man. Give him that package of bird seed we had left when the canary died."—Louisville Courier-Journal.

Write Ads in the Sky. The dancier cry in publicity methods will shortly be put into effect in Paris. Airplanes, flown over the capital, will write across the sky the names of motor cars, face lotions, tooth powder, the latest books, etc.

The airplanes, of which there will be two, are light pursuit planes, very fast and easily maneuvered. The "ink" of these novel "pens" will be a thick blue smoke emitted by special apparatus.—From Le Petit Parisien (Translated for the Kansas City Star).

Literal-Minded. "Did you break this dish, Norah?" "No, mum; I only dropped it."—Boston Evening Transcript.

#### The Christmas Season

The next ten days will be busy ones for all commercial concerns, and Carrizozo and Lincoln county will be no exception to the rule. Money is a little "tight," it is true, but the people will, as usual, loosen their purse strings and buy the things that bring cheer and comfort to friends. It is a season when those well supplied with the good things of life are imbued with sentiments of charity and the bigness of the heart is gauged by the value of the gift. The needy are with us always, perhaps more so this season than

ever before, and their Christmas should be made cheerful from the abundance possessed by the more fortunate.

Notwithstanding the period of depression through which we are passing, merchants have stocked their stores with beautiful and useful gifts for the season, and the buying public is taking advantage of the large stocks to make selections suitable to their wants.

On every corner Christmas is in evidence; the beautiful display in the large windows of the Carrizozo Trading Co. and Ziegler Bros. calls forth the admiration of the passer-by, and upon entering these emporiums the beholder is still more gratified with the assortment of valuable and seasonable articles to be found in cases, cabinets and on the shelves. J. K. Such, the jeweler, has a very attractive line of gifts that will last—pearl necklaces, rings, watches, etc., besides toys of all kinds for children; and Paden's Drug Store has an attractive line of books, stationery, vanity cases, toilet articles, plaques and ivory.

Rolland Bros., as is their wont, have a large and choice stock of Christmas goods from which suit-

able selections may be made for "her," for "him" and, in fact, for all, from the baby to the oldest member of the family, as may be seen at a glance at the itemized list in this week's News.

The Pure Food Bakery has an elegant assortment of home made candies, tastefully made up, in bulk, box or package, ready for presentation to "her." And the City Market has some choice articles for the table—turkeys, cranberries, nut, celery; juicy steaks and pork chops, and many other things for a good Christmas.

And don't overlook Kelley & Co.—The Winchester Store—with its carving sets, cutlery and all kinds of table ware, and read the offer this week which announces a 31-piece set of queenware free. While making your rounds, be sure to visit the Western Garage, and if you don't feel like splurging yourself for a Ford coupe or roadster, "buy something for the car." The new features are on display and cost from \$1 to \$10.

And if you should find yourself "short," just drop into the Lincoln State Bank, and either Mr. Boone or Mr. Pitts will explain how you can have money to throw at the birds next Christmas, or read the bank ad. this week.

For Sale—Slightly used \$3 note player piano, in first class condition, mahogany case; 15 rolls of late music free. Price \$325, cash or terms. Delivered to your home. Answer this quick. Address, S. P., care of Evening News, Roswell, N.M.

Will Sell—Concrete store bid'g in Ocenro, and quarter section near there, or trade for other property. Make offers. P.M. Lira, 12-15-24, Manchester, Tenn.

**Cabinet Under Fire**

(From Washington, D. C., LABOR)  
 Three members of the President's cabinet were under fire at the hands of Progressives in Congress as the final session of the Sixty-seventh Congress convened November 20.

Impeachment proceedings are now pending against Attorney General Daugherty before the House committee on judiciary, which is trying to find some way in which the resolution can be strangled during the present session.

For a month Secretary of the Treasury Mellon has been defending his failure to enforce the penalty sections of the revenue laws and to reach by taxation the large dividends, running as high as 400 per cent, recently declared by Standard Oil and other corporations. Representative Jas. A. Frear has led the attack against Mellon. It is not unlikely that impeachment may be asked if the Secretary continues his present policy of protecting tax-dodging corporations, in many of which he is known to be a stockholder.

The third cabinet officer who is under investigation by Congress is Secretary of the Interior Fall.

It was Secretary Fall who made the lease last spring which turned over to Harry Sinclair, oil magnate and friend of Daugherty and the President, the rich naval reserve at Teapot Dome, Wyoming, which experts have estimated will yield more than a billion dollars in oil. The reserve has been leased to the Sinclair interests under generous terms, and the oil which had been previously conserved for the future needs of the United States navy is now being rapidly exploited for private profit.

During the last session the Senate passed by a unanimous vote a resolution offered by Sen. La Follette, calling for an investigation of the lease. The resolution was referred to a subcommittee of the committee on public lands, headed by Senator Smoot, Republican (Utah) as chairman. Chairman has smothered the investigation, and no hearings have been held to date.

The progressives will force their fight against the policies of all three of the Secretaries during the present session.

**Nervous Break-Down**

MRS. ANNIE LANGE, of R. F. D. 1, Burlington, Tex., writes as follows regarding her experience with Cardui: "Some time ago I had a nervous breakdown of some kind. I was very weak and so nervous. I had fainting spells and suffered a great deal, but more from the weak, trembly, no-account feeling than anything else. I knew I needed a tonic, and needed it badly. I began the use of Cardui to see if I couldn't get some strength, as I knew of other cases that had been helped by its use. I soon saw a great improvement, so I kept it up. I used seven bottles of Cardui, and can say the money was well spent, for I grew well and strong. Am now able to do all my housework and a great deal of work besides."

If you are weak, run-down, nervous and suffer from the ailments peculiar to women, it is very likely that Cardui will help you, in the way it helped Mrs. Lange and has helped thousands of others, during the past 40 years. Ask for, and insist on, Cardui.

Mesul Oil Fields Subject of Much Debate—France Reported Ready to Occupy the Ruhr—House Passes Ship Subsidy Bill.

By EDWARD W. PICKARD

THE revolutionary government of Greece has tried, convicted and executed three former premiers, two former cabinet officers and a general for conspiring to commit high treason in connection with the Greek debacle in Asia Minor.

MOEN trouble looms for Greece. Last week the military court-martial in Athens found guilty a number of those accused of conspiracy to commit high treason in connection with the defeat of the Greek armies by the Turks, and six of them were condemned to death.

Minister Lindley at once notified the Greek government that Great Britain had broken off relations with it and he departed for Lausanne to confer with Lord Curzon, the British foreign minister.

EXACTLY what is going on in the Lausanne conference is being carefully concealed, the official communiques being brief statements from which the important facts are all omitted.

WHEN the ship subsidy measure came to a final vote in the house, late Wednesday, the administration forces were out in full strength and the bill was passed by a comfortable margin.

Other amendments would exclude from receiving government aid certain operating ships for their own benefit, except where they transported cargoes of other shippers; reduce from 1,000 to 500 gross tons the minimum tonnage for sailing vessels eligible for government aid, and eliminate the income tax credit to shipper equal to 5 per cent of amounts paid for the transportation of goods in American vessels.

Organized motorists must keep up fight for better highways, says Illinois Official. How Cook county and Illinois get their start in good roads and what is needed to aid the cause of improved highways were emphasized forcibly by speakers at a recent meeting under the auspices of the Illinois Automobile club.

Over 2,000 head of cattle have been shipped from the station at Magdalena, N. M., to the pastures of Old Mexico, and it is thought that before the first of the year 50,000 head will follow.

BETTER ROADS BUILDING MORE GOOD ROADS

Completed Federal-Aid Highways New Total 19,236 Miles—Many New Projects Started. (Prepared by the United States Department of Agriculture.) Nearly 6,000 miles nearer the goal of a completed system of highways for the United States is the latest report of the bureau of public roads of the United States Department of Agriculture.

There is no indication of any slackening of the greatly increased rate of progress which began with the season of 1921 as the states continue to pour in plans for new projects and place them under construction as rapidly as possible. Nearly twelve and one-half

MEASURE PRESSURE ON ROAD Apparatus Designed by Bureau of Tests of Illinois State Highway Division. The pressure exerted on a pavement by the impact of a motor truck wheel as it passes over bumps, cracks and depressions can now be accurately determined by an apparatus designed by the bureau of tests of the Illinois state highway division.

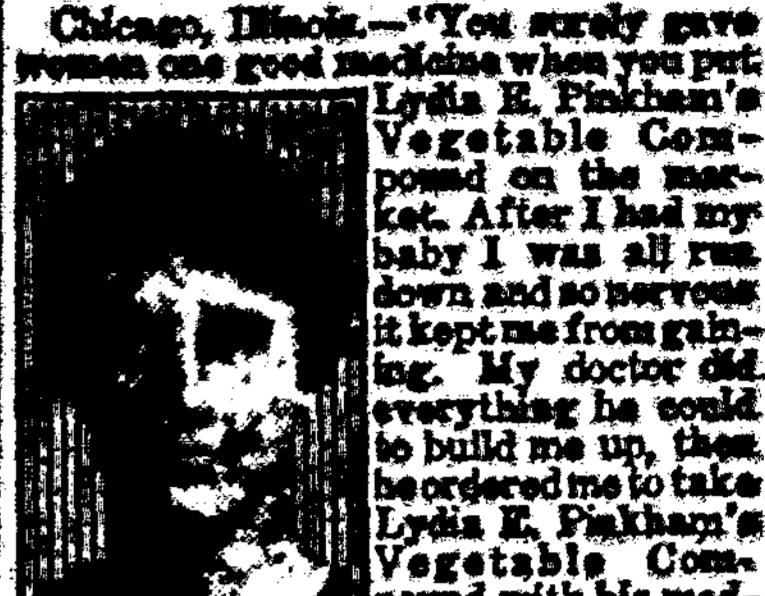

MEETING URGES GOOD ROADS Organized Motorists Must Keep Up Fight for Better Highways, Says Illinois Official. How Cook county and Illinois get their start in good roads and what is needed to aid the cause of improved highways were emphasized forcibly by speakers at a recent meeting under the auspices of the Illinois Automobile club.

Organized motorists of Illinois must keep up the fight for good roads, said Henry Fayman, chairman of the good roads committee of the Illinois State Automobile association, who was introduced as the "man chiefly responsible for putting over the \$90,000,000 bond issue that guaranteed improved hard-surfaced highways for the state."

Step Executive Speeding. As an effort to stop executive speeding on the roads in France, shallow ditches are dug across the highway at various intervals by the villagers. These ruts are deep enough to give swift drivers a jolt, and to injure the springs of the car.

DOCTOR ORDERED WOMAN OBEYED

Took Lydia E. Pinkham's Vegetable Compound and is Now Well

Chicago, Illinois.—"You surely gave women one good medicine when you put Lydia E. Pinkham's Vegetable Compound on the market. After I had my baby I was all run down and so nervous I kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E. Pinkham's Vegetable Compound with his medicine and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to several friends and they speak highly of it. You are certainly doing good work in this world."—Mrs. ADRIAN TOMASZEK, 10447 Wabash Ave., Chicago, Illinois.

One Way Out! A man was walking down the street one day when he met an old friend. "Hello, Bill!" he said. "Can you lend me a shilling, old sport?" "Verry sorry," replied the other. "I haven't a quarter, but I've got a dime." "Never mind," said Jim. "Lend me that and owe me the other 15 cents!"—Edinburgh Scotsman.

Senatorial Hardships. "Life is filled with disappointment," sighed Senator Sportswothy. "What's wrong?"

"Here's a letter from one of my most prominent constituents. It heard he would say my hold on the deer people was as strong as ever, or at least compliment me for the hard work I've been doing lately, but he wants to know 'What about Arizona?'"—Birmingham Age-Herald.

**LOCAL AND PERSONAL**

Mr. and Mrs. Doyle Rentfrow were in Monday from their ranch across the rocks.

Attorney George Spence made a business trip to the Gallinas Tuesday.

Jack Callahan went to Silver City Wednesday. He expects to return during the holidays.

Mrs. Albert Ziegler, who visited Trinidad, Colorado, two weeks ago, returned Sunday.

Mr. and Mrs. A. Hightower's eleven months' old baby is recovering from an attack of erysipelas.

The Such Jewelry Store has a large assortment of Xmas Toys for the kiddies.

Mrs. Geo. J. Dingwall and Mrs. L. B. Crawford returned Sunday from a visit to relatives in El Paso.

Mrs. Jane Moore, mother of Mrs. E. W. Harris, is here from El Paso and will spend the holidays with the Harris family.

Ben F. Nabours and sister were here yesterday from Three Rivers. Mrs. Nabours, the mother, has been quite ill and has not yet fully recovered.

Contractor English has a force of men at work this week on the water system. The streets are being trenched from one end to the other and the work is moving along rapidly.

Ben Rentfrow returned yesterday from K. C. where he accompanied a shipment of cattle the week previous. He struck a good market and received a better price than he anticipated.

Fred Smith and son Junior came over the first of the week from Tokio, Texas, to look after some business matters here. Forest, Fred's brother, is back at the old home in Missouri, and is in rather poor health.

Rev. T. M. Blacklock preached at Fort Stanton Tuesday evening, returning Wednesday morning. There was good attendance and good interest. They asked the preacher back for a Christmas service and he promised to go.

J. D. Hannah, revenue inspector with headquarters at Albuquerque, paid our town a visit Tuesday. Mr. Hannah was at Fort Stanton a number of years before entering the revenue service and has a wide acquaintance in this county.

Mrs. Jennie Cole, accompanied by Mr. and Mrs. I. V. Pruitt, arrived Monday from Lowell, Arizona, and spent the week with friends. Mrs. Pruitt, the daughter, was formerly Mrs. Cora Cole, and resided here with the family a number of years. They leave tomorrow to return to Lowell.

J. McSmith was over Sunday and Monday from Eagle Creek Lodge. Mac, who has been serving as game warden in that section for a number of years, reports he has personal knowledge that 66 turkeys and 17 deer were killed in his territory during the open season. He says plenty remain to restock the hunting grounds for the next season.

Ira Greer, Pete Johnson, Jr. and Luther Thornton left Wednesday night with a train load of cattle to be placed on Mexico pasturage. The shipment was a combined one, P. M. Johnson and Spence & Sons being the owners. Ira Greer will return immediately, but Pete, Jr. and Luther Thornton expect to remain with the cattle and bring them back across the border into the good old U. S. A. in the spring.

E. H. Talbert, formerly of Jicarilla, this county, but now living at Tularosa, was up Tuesday. Mr. Talbert says an encouraging feeling exists in Tularosa and surrounding country over the flattering prospects for oil. The Tularosa Basin Oil Co. is believed to have encountered the oil sand and a gusher is expected at any day. The operating company has given out nothing, but the residents of that section are putting 2 and 3 together, the sum of which, to them, means oil.

**Bound Over**

The four men accused of the murder of Alfredo Fraquez, notices of which was made last week, were given a preliminary hearing at 10:30 a. m. and held in the county jail. The hearing was held at 10:30 a. m. and the men were held in the county jail.

**W. A. Conner**

Tuesday night Wm. A. Conner, an old citizen of Lincoln county, breathed his last at the home of Mr. and Mrs. W. J. Brazel Tuesday night. He was in his 72nd year. A general breakdown, with complicated infirmities, produced death. He was buried in the Angus cemetery the following day.

The deceased had lived in New Mexico for a great many years, having made Lincoln county his home the last quarter of a century. The greater part of this time he was engaged in mining, and at one time owned some valuable property which brought him a neat sum of money. The declining years of his life were spent with the Brazel family to whom he was related.

**Baptist Church**

(T. M. Blacklock, Pastor, Preacher)  
There will be services at the usual hours for the coming week. The Christmas tree and program will be held Saturday evening, December 23. A play entitled "A Christmas Mixup," will be given.

Plans are being worked out for a revival early in the new year. Definite date will be given later. You expect a Christmas present, and will accept it, of course. Not to accept it would be an insult to the giver. Well, Christ is God's Christmas present offered to you. Have you accepted Him? Read John 3:16.

**Tourists' Camp Ground Map and Directory**

Waterloo, Iowa.—A survey, nationwide, is now being made by the United States Touring Information Bureau, Inc., headquarters in this city, to gather data for the third edition of the Tourists' Camp Ground Map and Directory, of the United States. This guide will be ready for use by the time the annual movement of tourists begins in the spring.

Leading garages and hotels, such as can be recommended for tourist patronage, will be listed, together with camping ground facilities in thousands of towns and cities.

Every marked transcontinental highway in the United States, as well as principal roads are plainly shown. Different from all other maps, the United States Touring Information Bureau, Inc., product designates paving in every instance where it is completed.

Each year road improvements and increased output of automobiles has steadily swelled the transient population of the country until it is now a force to be reckoned with. Thousands of towns and cities have seen the necessity of establishing camping grounds and otherwise providing for the tourists, both from the standpoint of attracting business to the town or city and the value of good will and advertising so gained.

The Information Bureau seeks to fill the gap by bringing the tourists and the town's facilities together and this is being accomplished by means of the guide and map.
