

Come to the Commercial Club Next Tuesday Evening and Boost For A Greater Carrizozo

THE OUTLOOK.

VOL. II. No. 12.

CARRIZOZO, N. M., APRIL 3, 1908

PRICE, \$1.00 PER YEAR

Ziegler Bros.

THE STORE WHERE SPRING GOODS REIGN SUPREME.

We are now showing the most complete stock of Spring Goods ever received in Carrizozo.

Silks and Dress Goods

We are showing a complete line of new arrivals of Spring goods in Silk and Wool at moderate prices.

Ready-to-wear Department

We have a most complete assortment of ready made Ladies Suits in nice Wool fabrics, and Waist Materials, also a full line of ready-made Skirts and Waists, and some new arrivals this week of Fancy Lace Waists. We make any alteration on Suit or Skirt free of charge.

LOCAL MENTION

If you see it here it happened.

H. G. Hale purchased a fine lot in the highlands the first of this week of J. B. Baird. The deal was made through John W. Barrett.

The excavation for Ziegler's store building has been completed and contractor Berry is pushing the work on the foundations as rapidly as possible.

Duran has organized a base ball club and expects to take a hand in the sports of the season.

W. H. McConnell returned the latter part of last week from El Paso, where he had been on insurance business.

Mrs. Frank English left yesterday for Lincoln to visit friends and relatives.

S. C. Wiener, of White Oaks, was a business visitor in our town Monday of this week.

Sheriff John Owen was up from Lincoln Saturday and Sunday on official business.

The infant child of Mr. and Mrs. Joseph White died last Friday night and was buried on Saturday. The parents and friends have the sympathy of the entire community in their bereavement.

Dr. M. G. Paden returned Saturday from New York, where he had been sometime taking special lecture at a medical college. He seems glad to be back in the sunshine valley again, and says he was surprised to see the interest the people of the East are taking in

this region. He predicts a grand rush from that portion of the East to New Mexico during the next few years.

F. G. Queen was down from White Oaks a few days this week, looking after the Palace Pool room while his partner, A. C. Wingfield was out on a recreation trip.

Mrs. M. E. Bennett, who has been visiting her daughter, Mrs. Ira O. Wetmore, for several weeks, left a few days ago for her home in Alamogordo.

Len Booth met with quite a painful accident the first of this week, the marks of which remain with him yet in the form of a swollen jaw. He was leading some horses to water, when one of them in playful mood reached out a little too far with his hind foot and planted it on the side of Mr. Booth's face.

W. D. Tolle, manager for the Kansas City Life Insurance Co., is in town this week, working with W. H. McConnell, the local agent of the company.

L. C. Barlow, manager of the Vera Cruz mine, went to El Paso on business Wednesday.

J. O. Nubours, of Three Rivers, spent a few days in our town this week. He reports the fruit looking fine down that way and says nothing but a big freeze will prevent a big crop this year.

Charles Jones was a business visitor in El Paso a few days this week.

A. C. Wingfield and S. G. Anderson, spent a few days out in the hills this week, prospecting.

Charles S. Henning was in town the first of the week looking after the big pipe line. He had just

returned from the head of the line on the Bonito, and said he was well pleased with the condition of the line and the amount of water being supplied by the stream.

J. B. Baird recently sold one of his residence properties in the McDonald addition to J. J. Flanagan. The transfer was negotiated by J. W. Barrett—the hustling Real Estate agent.

Mrs. Brockway returned Monday from a visit with friends at Lincoln.

Miles I. Jackson, lumber and hardware dealer at Oscura, transacted business in our town Monday.

County Surveyor, Beaty, of Corona, was in town Monday enroute home from a surveying trip in the southern part of the county near Oscura.

W. C. McDonald returned Monday from a business trip to Santa Fe.

We are in receipt of a neat Easter card sent out by R. E. Stidham, agent for the Continental Tailoring company.

Frank G. Maxwell of the Tularosa Mercantile company transacted business in town the first of this week.

R. G. Parvin of Oklahoma City, arrived the first of this week to take charge of the Dry Goods department of the Carrizozo Trading company's store. Mr. Parvin is an experienced Dry Goods man and occupies just the right man in the right place in charge of the Dry Goods room of the big store on the corner.

Rev Joseph A. Land has sold his residence property here and is thinking of moving to the Estancia Valley in the near future, unless some arrangement can be made to have him remain as pastor of the Baptist church of this place. He has been active worker for the good of the church and community since he came to Carrizozo, and all regret to see him leave now when his work is so much needed here.

A union meeting for men only was held at the Bank Hall last Sunday night, which was well attended and a great interest exhibited in the work for the betterment of the morals of the community. Rev. J. A. Ray delivered a striking address on gambling and subter observance which was well received by his hearers, and as a result of the meeting, sixty-five of the business men of the community signed the resolutions offered.

A Wallace, contractor on the big reservoir at Nogal Lake, was in town Wednesday purchasing supplies.

Having sold my interests in my Carrizozo store to Mr. J. R. Humphrey I would take this occasion to thank my many friends for their patronage during the year past, and to invite a continuance of the same to my successor. All outstanding obligations and accounts due me will be attended to by Mr. Humphrey.

Yours sincerely,
F. M. Rhombert.

Rev. J. Allen Ray was a business visitor at Lincoln the first of the week.

Walter Winfield is having 90 acres of land broken up on his homestead and prepared for planting a crop. He believes in growing his own feed stuff instead of sending to Kansas for it.

Mr. Troyer returned Missionary from Porto Rico gave a fine address to a large crowd at the Bank Hall

Wed. night under the joint auspices of the Baptist church and M. E. Bible Class. Mr. Troyer is in this country for his health. But if he can deliver many such addresses as he gave here he will do a great work while in this country.

On account of this meeting the Bible class postponed their meeting until Wed. Apr. 8. Let all interested in the good of the territory be present then to discuss the future constitution.

PRACTICAL DEMONSTRATION

Last Saturday the people of this region had a practical demonstration of the work of the Children's Home Society of the territory which gives a better idea of the character and importance of that work than could be secured in any other way.

Sometime ago Dr. Lukins, superintendent of the work was notified by parties living at Capitan, that there were a number of children in that camp who were in surroundings which were not conducive to the production of good citizens. In other words the moral surroundings and influences were bad. He made an investigation of the case and sent a field worker, Rev. W. A. Nichols, to attend to the details of having the six children placed in a better atmosphere. As the parent refused to give them up voluntarily, legal proceedings had to be resorted to, and Rev. Nichols passed through here Saturday with his charge, enroute to Albuquerque, the home of the Society.

Dr. Lukins met the party here and from him we learned the following items in regard to the manner in which the work is conducted by the Society: Children are not, as a rule, taken and kept in the home until they become of age, but are cared for until a congenial home is found for them, and then the Society exercises a kind of guardianship over them, seeing that they are well treated, and given the proper opportunities for education etc.; thus as the motto of the association says, placing the "Homeless Child in a Childless Home" in order that they may be a blessing to each other.

FIRE DRILL GOOD

Las Vegas, N. M., March 31.—In less than half a minute yesterday afternoon the South Pacific school building on the west side was emptied of two hundred pupils when the alarm for fire drill was rung by Miss Eva May Tucker.

Smoke was pouring through the floor of the room in the northeast corner of the building when she gave the alarm. Some trash was burning underneath the floor and was extinguished with a few buckets of water and practically little or no damage of any consequence was done.

The self possession of teachers and pupils was remarkable. The children in the other three rooms thought it was merely a fire drill, although their instructors knew better, as the halls were beginning to fill with smoke.

TO THE PEOPLE:

Having bought the out-the-interests of Mr. F. M. Rhombert in his jewelry business here, I would here make my bow. We have enjoyed a liberal patronage from you in the past twelve months and I trust it may be continued in the future. I shall attempt to serve you to the best of my ability, and guarantee prompt and courteous treatment to all of your demands. I expect to carry a good stock of up-to-date jewelry, and am prepared to do repair work in my line. Hoping that our future relations may be both pleasant and profitable I am, Yours for business
J. R. Humphrey:

Just Received: A car of Corrugated Iron Roofing.
Facmartt—Galbraith & Co.

FREE GOLD

D. Dougherty, M. W. Grubb and Dan Shaw were in from the Osquro mountains this week and showed some fine specimens of free gold ore taken from their mines near Estey. The rock was well filled with gold indicating an immense quantity, which should prove a bonanza to the owners.

These gentlemen are hard working prospectors and we are glad to know of their good fortune in finding such a property, and would be glad to see it prove even richer than their fondest hopes.

ONE HUNDRED AND SIXTY

As we are receiving inquiries all the time regarding the bill increasing the size of homestead entries we publish the following article in order that all may understand that it has not yet become a law, and that the chances are very remote for its ever doing so.

A Washington dispatch says the Senate committee on public lands has discussed the Smoot bill providing for dry farming homesteads of 320 acres. The main features of the bill were agreed upon and it is expected it will be reported favorably at the next meeting of the committee, when its consideration will be concluded.

The bill permits entry of 320 acres of arid or semi-arid, nontimbered, non-irrigable unappropriated land in a compact body by any person qualified to make a homestead entry. Residence on the land is not required, but before issuance of patent cultivation of one-fourth of the area during the second year after entry, and one half during the third, fourth and fifth years is required.

Senator Hayburn of the committee asked to have the bill amended to exclude Idaho, where he stated 100 acres is sufficient for a home, and Senator Dixon asked that Montana be excluded because he has a bill pending creating 60-acre homesteads for that state.

It is quite evident that the intention of the above bill is to enable men with money to secure more land without any inconvenience in the way of living on the land, and it would be a decided injustice to the very people the homestead law is intended to protect, and it is not to be expected the bill will ever become a law.

JEWELRY STORE SOLD

Mr. J. R. Humphrey, the new proprietor of the Rhombert Jewelry store, came to our town a little over a year ago from Alamogordo, having been connected with Mr. Rhombert's establishment in that place as jeweler and watch maker for a year previous. When the change was made in the division point of the El Paso & Southwestern Railway it became necessary to establish a branch here in order to properly attend to the matters connected with the watch inspector's shop of the road. The present store was thus established and Mr. Humphrey placed in charge. Previous to this he had been employed for a period ten or twelve years in various establishments in Colorado and eastern states.

Mr. Humphrey expresses himself as confident of the ultimate successful growth of our town, and joins heartily in every effort for the development and upbuilding of the community. It is a pleasure to us and to all the citizens to welcome him as the new proprietor of the only jewelry store in our town.

Lost.

A brown mare about 10 years old brand W. R. W. on left thigh and a sorrel yearling colt branded OHE on left thigh. Will give \$5.00 for information and in pasture where I can get them.

Elmer Lindsay,
Carono,
N.M.

THE OUTLOOK

Entered as second class matter January 4th, 1907, at the postoffice at Carrizozo, New Mexico, under the Act of Congress of March 3rd, 1879.

A WEEKLY NEWSPAPER DEVOTED TO THE INTERESTS OF LINCOLN COUNTY PUBLISHED EVERY FRIDAY BY THE CARRIZOZO PUBLISHING COMPANY

SUBSCRIPTION PRICE

One Year (in advance) \$1.00
If not paid within six months \$1.50

Score another one for Governor Curry and Delegate W. H. Andrews. The bill introduced by New Mexico's representative providing for the approval of the acts of the 37th Legislature authorizing the issuance of bonds for the construction of four armories for New Mexico National Guard, one each at Santa Fe, Silver City, Roswell and Las Cruces in the sum of \$10,000 each for the extension of the Capitol grounds and building and an executive mansion at Santa Fe, amounting to \$50,000; for additional buildings at the several territorial institutions as follows: College of Agriculture and Mechanical Arts \$80,000; University of New Mexico \$20,000; Military Institute at Roswell, \$20,000; School of Mines at Socorro, \$15,000; Normal University at East Las Vegas, \$10,000; Normal School at Silver City, \$10,000; Insane Asylum at Las Vegas, \$10,000; Miner's Hospital at Raton, \$10,000; amounting in all to \$225,000, passed the Senate recently and has gone to the President for his signature. This means that it will be law within the next few days. The principal work in securing the passage of the measure was done by the two officials named above. The people of the territory are also under obligations to Senator Albert J. Beveridge, chairman of the Senate committee on territories, and Representative W. R. Hamilton, chairman of the House committee on territories. With these appropriations and with the money that will be secured from the sale of bonds already authorized in the sum of \$75,000 New Mexico's educational institutions will be placed in first class shape, and will compare more favorably with those of many of the great states. New Mexico will also have six great armories for its National Guard and a very handsome and comfortable Capitol building and a proper executive residence. Verily New Mexico is advancing, and that with rapid strides. New Mexican.

Together with her vast agricultural possibilities New Mexico possesses untold minerals which now attract much attention. Considerable mining has been carried on in this territory time immemorial; numerous old Spanish workings being in evidence, but of late a renewed activity is quite perceptible, even in the most remote districts, brought about of course by such causes as the increased demand for minerals, the wonderful showing recently made in various camps through intelligent development and also by the fact that most every mineral is found in the territory. True these great resources are undeveloped, in fact they are practically untouched as yet, their great wealth and usefulness safely stored in every mountain range merely awaiting the magic touch of the miner's wand, and of late much capital has been invested for the unearthing of these treasures each succeeding investor engendering confidence in a number of prospective ones, consequently there is what might be termed an old time rush to these neglected fields. --Southwest Trail.

The two meetings recently held, in which the people of our town got together and showed they were in earnest about getting together to work for a greater Carrizozo, were unmistakable signs of the coming of an era of greater prosperity than our town has ever known. Now it is time for us to continue the good work begun, by coming out in a body as one man to the Commercial Club meeting next Tuesday and planning a course of publicity that will place the name of this town and valley in the mouths of all classes of people from the Atlantic to the Pacific, as a household word. This can be done and the cost will be a small matter in comparison to the benefit to be derived from it.

A perfect town is that in which you see the farmer patronizing the home merchants, the laborers spending the money they earn with their own tradesmen, and all animated by a spirit that will not purchase articles abroad if they can be bought at home. The spirit of reciprocity between man and mechanic, tradesman and laborer, farmer and manufacturer, results every time in making a perfect one to do business in. Perfection should always be desired, where its attainment is barely possible, we presume; but perfection must be denominated a great rarity until we reach a more advanced stage toward the millennium.

Another newspaper has entered the field, and this time it is a paper in the Spanish language published at Tierra Amarilla, under the heading "El Nuevo Estado." Francisco L. Sosa is the editor. It is a four page paper of six columns and presents a creditable appearance. It is Republican in politics and will be a special and strong supporter of statehood for the territory. It starts out right, and its policy will continue in the direction so far indicated the publication will be a benefit and will prove a good and prosperous journalistic venture.

We are always glad when we can agree with a great man on any subject; it almost makes us think we have the marks of greatness within ourselves, consequently we are glad to reproduce with our approval the following words of Hon. W. J. Bryan: "The fellow who tries to attract business without advertising is like the fellow who throws a silent kiss at his sweetheart in the dark. He knows what he is doing but nobody else does."

People do not move to a new place to go into business because they are told that the city has a number of enterprises of the kind they wish to promote. They come when they hear that the city has not an enterprise or is unrepresented in an industry which would pay if a man should take it up. Men are looking for opportunity, not statistics of existing and established business houses. --Southwestern Opportunities.

In naming the Register and Receiver at the new Land Office at Tucumcari, selections could not have been made which would have pleased the people of the territory better than Royal Prentice and N. V. Gallegos, both men are prominent in public matters in this region, and natives of the territory, and full of the metal which is making the Southwest great.

It is not enough to bring people to town; we must make the town so attractive that nobody will ever leave of his own wish.

The big companies go right ahead acquiring more ground just as if they expected copper mining to be profitable once again.

CAPITAN, N. M.

AS IF BY MAGIC

The town of Carrizozo has grown up from the Plain, where a little over a year ago there was nothing but a depot and water tank.

There is a reason for this wonderful growth, and the same natural conditions which caused it will lead to a development within the next five years which has no equal in the history of the west.

A sample of Vegetables and Grain grown in the Carrizozo Valley without irrigation, on sod ground plowed up last year for the first time

A NATURAL RAILWAY CENTER

It will be the crossing point of two or more roads.

The center of a vast mining region it will be the site for mills and smelters, iron furnaces and marble works, supporting thousands.

Surrounded by one of the richest valleys in the southwest, it will be the trading point for farmers and fruit growers—a shipping point for

poultry, stock and fruit—a city of thousands.

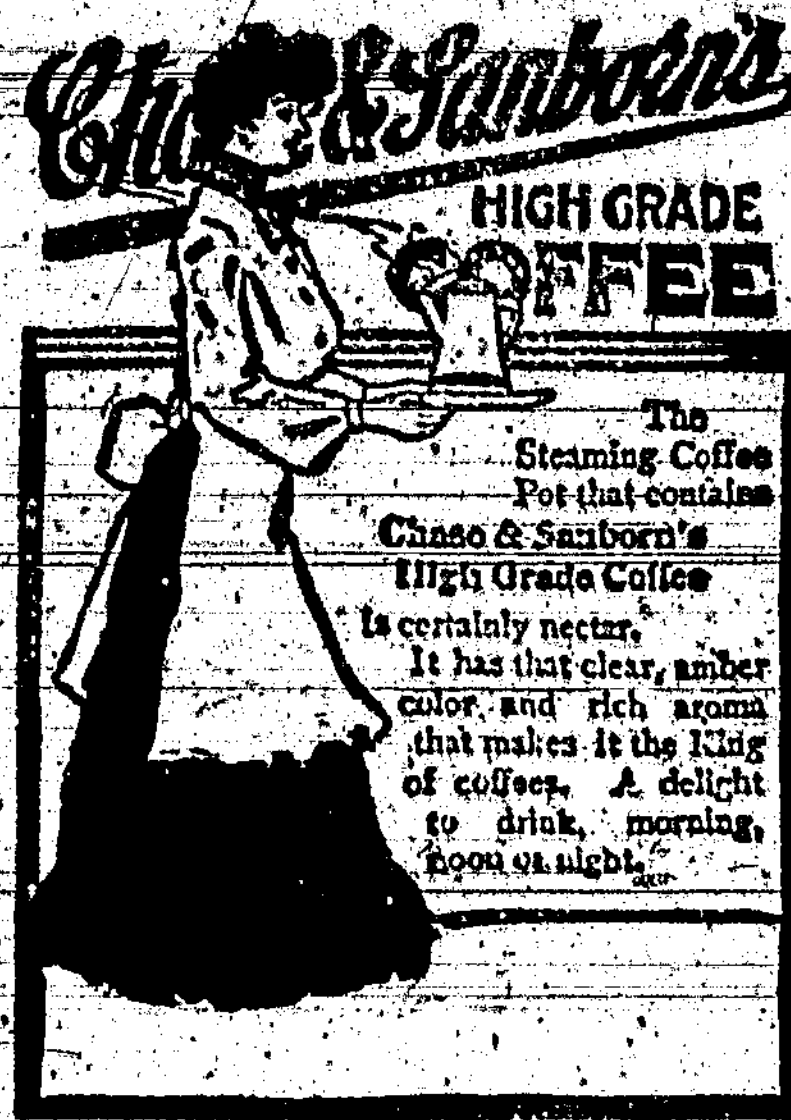

We are now offering inside lots at prices that will give the purchaser a fortune in the near future. We also handle mining and ranch property, and locate settlers on government land.

NO TIME TO LOSE

This is the way the editor of the Old Town (Me.) Enterprise bears up under the tribulations of newspaper life: "We apologize for all mistakes made in former issues and say they were inexcusable, as all an editor has to do is to hunt news and clean the rollers set type sweep the floor and pen short items and fold papers, and write wrappers, and make the past, and mail the papers and talk to visitors, and distribute type, and carry water, and saw wood and read proofs, hunt the shears, write editorials, and dodge the bills, dun delinquents, and take castings from the whole force, and tell our subscribers that we must have money we say that we've no business to make mistakes while attending to those little matters and getting our living on hopper-tail soup flavored with imagination, and wearing old shoes and no collar and a patch on our pants and obliged to turn a smiling countenance to a man who tells us our paper ain't worth a dollar anyhow, and that he could make a better one with his eyes shut."

NEW FRUIT STAND

W. N. Kenney has purchased the Box Ball Alley of Harcock & Allen and put in a nice stock of fruit, candies, nuts, tobacco and cold drinks, besides this he will have ice cream as soon as the weather is warm enough to warrant it. Mr. Kenney is well known in this community, and his place will be a popular resort without doubt.

OSCURO ITEMS

E. R. Hilburn, general manager of the lumber companies in this district, spent one day in Oacuro this week.

Horace Riddle, one of the oldest inhabitants has constructed a nice little house on his homestead in the valley.

While making an open cut into the hill, in order to strike his well below water mark, Dr. Raniger struck a large flowing spring, and has an abundance of water.

The first cement block building completed in Oacuro, was the new warehouse of J. V. Edwards, which is 60x20 feet. A stock of goods will be installed temporarily in same to meet the demands here while work is being done on the larger building to be occupied by the general merchandise store. Mr. Edwards remained in town this week looking after his interests.

Pinkney Ore contacted for the building on Mrs. Tomlinson's land east of town and has practically finished the house.

County Surveyor Beatty, of Corona, ran the county line which borders the town here on the west this week, and the results are surprising to many.

Eugene McDonald spent a few days in the San Andreas looking into some of the mineral possibilities thereabouts.

Dr. Fenton, secretary of the Chicago Copper Mining company, returned recently from an extensive trip in the Oacuro mountains near Mocking Bird Gap with George Schule and W. A. Pierce, looking into certain mining propositions.

Aulry C. Letcher spent a few days at our town this week. Antoh Borovensky's barn east of town was slightly damaged by the wind recently.

BIG PAY

INCREASE OF 40 PER CENT. and positions guaranteed by the United States government. The new educational provisions offer the best openings for practical training in Mechanical and Electrical engineering.

After a debate of several hours the House, on February 29th passed the army appropriation bill the pay of enlisted men of all grades was increased, and additional pay for length of service added. In addition any soldier who has received an honorable discharge, and reenlists within three months thereafter shall receive pay for the time he was off duty before enlisting the second time.

For particulars call at the Recruiting Station near Railroad Hotel

Carrizozo N. M.

A GOOD SHOWING

E. Babcock brings a very encouraging report of business transacted at the local recruiting station during the month of March. There were eleven applicants examined and accepted from this station during the month, which is considered a very good showing. Captain E. S. Wright visited the station on the 30 and 31st and expressed himself as well pleased with the work of the local office.

WOLFF & WILSON AGAIN

The popular entertainers who exhibited in our town several evenings last fall, gave their reproduction of the great circus, supplemented with illustrated songs and comic views in the new building on El Paso Avenue last night and will give an entirely new exhibition tonight among the leading scenes of which will be the Passion Play of scenes illustrating the life of Christ. This show has never been seen here and should prove a very drawing card as it is attracting larger audiences in the cities of the east than any play ever exhibited.

BUSINESS LOCALS

Hello Central. Give me Bourne's Livery Stable. I want to get one of those easy rigs and fast teams for a drive in the country.

Seeds in plenty. Farmers wishing field or garden seeds for early planting can secure them at John H. Skinner's.

The best? Why, of course, Queen of Kansas flour. You get at Skinner's.

List your property for sale or for rent with John W. Barrett the real estate man.

Charles Reed of the Carrizozo Cleaning Works, has secured the agency for the Edward Ross Tailoring Company, and is prepared to furnish the best made-to-order suits as well as to make old suits look new.

Try some of the Ferndell preserve jams and jellies, a food fit for the angels, for sale at Peoples Brothers Cash store.

Wanted—Several head of pigs. Also two or three settings of turkey eggs. Inquire at Stokes Barber Shop.
