THE STORE WHERE SPRING GOODS REIGN SUPREME. ::

We are now showing the most complete stock of Spring Goods ever received in Carrizozo.

Silks and Dress Goods

We are showing a complete line of new arrivals of Spring goods in Silk and Wool at moderate prices.

Ready-to-wear Department

We have a most complete assortment of ready made Ladie's Suits in nice Wool fabrics, and Waist Materials, also a full line of ready-made Skirts and Waists, and some new arrivals this week of Fancy Lace Waists. We make any alteration on Suit or Skirt free of charge.

A GOOD CITIZEN GONE

W. A. McIvers, one of the oldest settlers of this county passed away on last Saturday at the Hôtel Dieu in El Paso, where he had been taken a week before for medical treatment. Probably no man in the county would be missed more in the affairs of the community than Mr. McIvers. Coming here more than 15 years ago, he at once became prominent in mining business, and since that time has been identified with various enterprises in nearly every camp in the county, and has been the promoter of several of the most prominent companies now in operation.

In 1902 he was elected to the lower house of the legislature and has always had the confidence of the people to a marked degree. Of a naturally cheerful and hopeful disposition, he never gave way to dispair but when times were dark he always had a cheerful word of encouragement for all he met, and pressed forward to the brighter times which he was so sure were coming to the land he had adopted as his home

During the past few years he has been engaged in the development of the copper properties near town known as the Buster Brown mines, and the Willow Spring Coal mines, both of which he had to brought to the point of being valuable properties, and was beginning to reap some benifit from the coal mines when he was taken sick.

The short spell of sickness which terminated in his death was nothing more or less than a complete physical breakdown caused by over work Notwi hstanding the fact that he was a great sufferer during the last few weeks of his life he passed away quitely and his face bore the peaceful smile which was ever present in health and seemed to breathe a blessing on the friends at his bedside as he passed to the other shore.

It is needless to say that the entire populace mourns with the bereaved wife at the loss of a true and loyal citizen and a brave man.

HON. W. H. ANDREWS.
New Mexico's Representative in Congress, who in all probability will be returned for another term by a satisfied constituency.
His record while working in our interest merits approval to the fullest extent.

LAND LAWS CHANGED

By act of Congress and instructions just received, second desert land entries may be made, under the same conditions governing second homestead entries, which are governed by the Act of Feb., 8, 1908. Desert entries can no longer be made on unsurveyed lands, but where a claimant has settled upon land and begun its reclamation by means of irrigation, prior to its survey, such claimant is awarded the preference right of entry for ninety days after the filing of the official plat in the land office, the same as in homestead cases. Heretofore desert entries could not be assigned in part, but this cannot be done, provided the assignee is qualified the same as though he was making an original entry.

NO INCREASE IN SIZE YET

In reply to a letter the 17th inst from Mr. P. C. Baird of Carrizozo to Rep J. L. Slaton, of Texas as regards the matter of whether or not there was a probability of the act entitling one to file on 320 acres of homestad land would be passed Mr. Baird received the following self-explanatory reply.

Mr. P. C. Baird,
Carrizozo, New Mexico.

My Dear Sir:-

Your favor of the 17th instant has just come to hand and I was rather surprised to hear of you as far west as New Mexico.

I appreciate the force of the arguments you submit relative to the Smoot Bill but I am powerless to do anything in the matter of legislation now pending in Congress. Two bills seeking to increase the homestead entry from 160 to 320 acres have been introduced, one in the Senate and one in the House. The one in the Senate has been favorable reported to the Senate, but no action has been taken on the one introduced in the house. Neither bill has passed either House and I don't doubt very much if they will pass at this session.

The Republicans have mapped out a plan of legislation for the remainder of this session and the Democrats will have no say in what is done. Therefore, I am powerless to advance any measure howsoever I might be interested in it.

With kindest regards, I am,
Very sincerely yours,
James L. Slaton.

G. W. Eby of Perry, Oklahoma, territorial agent for the Ashland Steel Range Manufacturing Co., is here figuring on installing machinery for a new cement block plant. The Promoters of this new enterprise are W. B. Long, C. A. Hines and Mr. Pattee. The proposed plant will have a capacity of 400 blocks per day, and will furnish employment for a number of men. Such enterprises are welcome and valuable additions to the town. The manufacture of cement blocks is becoming an extensive industry.-Tucumcari Sun.

Not since the panic has there been so much activity around the shops and yards as during the past few days and the yards are again filled with cars while scarcely any crews are laying over. This is unmistakible evidence that times are improving on the road and that work is again being pushed as in former times.

OPEN TO ENTRY

United States Land Office,
Roswell New Mexico, April, 15-08.

Notice is hereby given that the following named townships have been surveyed and the plats thereof will be filed in this office June 10, 1908, and on and after that day, we will be prepared to receive applications for entry of lands in said townships, to wit:

Township 1 North, Range 37 east
Township 3 North, Range 37 east
Township 2 South, Range 37 east,
Township 17 South, Range 38 East,
Township 18 South, Range 38 east

Howard Leland, Register.
Harold Hurd, Receiver.

Who would have believed that Tucumcari and vicinity in New Mexico, would be planting cotton by the tens of thousands of acres? Yet this region bids fair to become an important cotton producer.-El Paso Herald.

Don't be surprised at hearing of things growing in New Mexico, brother. Just put a crop in the ground and give it half a chance and it will make good allright. The man who doubts our ability to raise crops has had to go back to Missouri.

Whether New Mexico is admitted as a state or not next year will depend upon the outcome of the general election in the territory this fall. It now stands at the threshold knocking for admittance. The battle of the ballots will decide whether it will be bidden to enter or left to keep company with Arizona and Alaska. That New Mexico is bound to be given statehood in the course of a few years in view of the speedy increase in population and rapid material development is an accepted fact but Congress is not prone to bestow favors where the recipients are diametrically opposed politically at least to the will of the majority. Therefore it is good policy to take time by the forelock and good polities to vote the Republican ticket.

With the Republican victory at the polls in the coming general election in New Mexico the long cherished boon of self government is all but assured at the hands of the Sixtieth Congress during the short session in December. With Democratic success in the territory the chances of statehood will go glimmering until after the next federal census in 1910, as there is very little doubt but what the Sixty-first Congress will be as strongly Republican as is the present body, and a Democratic delegate would be like flaunting a red flag before a bovine of the male persuasion.

Such being the case it behooves the Republicans of the territory to nominate the strongest candidate available as New Mexico's delegate to the next Congress. Who that man is remains to be seen. Should Delegate Andrews be renominated to succeed himself or should the Republicans cast about for another man as their candidate? Does Mr. Andrews stand a better chance of being elected than any one of the several receptive candidates whose names might be mentioned, or if nominated would he drag the party down to defeat because of his record as a representative of the territory in the halls of Congress? These questions which now confront the Republican party are worthy of serious consideration. The Outlook has watched the trend of political events in New Mexico and does not hesitate in declaring that Delegate Andrews is unquestionablyt he right man for the place. Extensive argument in proof of this is unnecessary. Suffice to say he has rendered invaluable service to his constituency and has achieved more in the three years he has been New Mexico's delegate than any of those who have preceded him. Indeed, New Mexico has fared better at the hands of Congress during this period than have many of the sovereign states with their full quota of Senators and Representatives. Handicapped as he has been without a vote he has been instrumental in securing a great deal of helpful legislation for New Mexico not to mention gladdening the hearts of the hundreds of deserving old soldiers and widows of war veterans by assisting them in procuring pensions.

Delegate Andrews' record as New Mexico's representative in Congress cannot and should not be ignored. It is a political asset that outvalues any honor. It silences all possible negative argument. Statehood is the paramount issue in New Mexico and now is the crucial time. The Democrats realize this as well as the Republicans. The quickest way to attain it is to elect a Republican delegate and the best man for the Republicans to put up is one who has the confidence of the people. Mr. Andrews fills the bill in every particular.

THE OUTLOOK

Entered as second class matter January 4th, 1907, at the postoffice at Carrizozo, New Mexico, under the Act of Congress of March 3rd, 1879.

A W'KLY NEWSPAPER DEVOTED TO THE INTERESTS OF LINCOLN COUNTY
PUBLISHED EVERY FRIDAY BY THE CARRIZOZO PUBLISHING COMPANY

SUBSCRIPTION PRICE

One Year (in advance) $1.00
If not paid within six months $1.50

Talk about hard times. An automobile man sold nine new in Tucumcari in one week. A man just has to own an automobile in Tucumcari now, if he expects to be in the swim even a little bit.

All the other ambitious Democrats in New Mexico are quite willing that Larrazola should be put up again for delegate, for they realize that this is going to be a Republican year in the territory; and they have seen how gracefully he takes defeat

There is no diminution in the number of homestead notices published in the territorial papers. Possibly the stringency in the east has had the effect of causing greater numbers to look to the west for an opportunity of independent proprietorship. Incidentally this is a good season for missionary work back there

The Pecos valley of New Mexico sends word that the fruit crop is safe One by one the fruit regions of the territory are passing the critical dates, and the present outlook is for the finest fruit crop in the history of the southwest Growers look for the minimum of damage from pests, for the very reason that the fruit was lost last year.

The Tucumcari News comes out in an enlarged form last week and is now twelve pages of seven columns each. Any one one could tell by the looks of that sheet that that town had a few merchants in it that never come from Arkansas, and those same merchants are to be congratulated upon leaving such a worthy advertising medium to boost their business for them

When a fellow picks up a big daily paper and reads of the cyclones in Louisiana, Texas, Mississippi, Alabama, and Georgia, floods in the east and heavy snowstorms and heavy frosts and windstorms in Missouri, Kansas, Colorado, Minnesota, Iowa, and elsewhere he just feels like patting himself on the back and congratulating his whole family upon being in the Sunshine Territory

Either the Las Vegas Optic has employed a good police reporter or else Las Vegas is getting to be real wicked Either one is pretty tough on Las Vegas Albuquerque Citizen We don't know which is the case, brother, but when a paper contracts such a disease and becomes affected with one of those penny a line sensationlists it is time to fumigate the printery Such "news" can only work a detriment to a community

The El Paso News comes out with a large three column last page telegraphic in last Monday's issue that Delegate Andrews is to be shelved by the Republicans of this territory but as the news had nothing else to fill up the last page with since none of that part of that paper was devoted to the "bond issue" question so conspicuous in its make up recently, we are not much alarmed and probably Mr. Andrews "shelving" will be like the defeat of the "paving bonds" as predicted by the News:

Taft may be the Republican nominee but a camel could pass through the eye of a needle easier than he can be elected with United labor solidly against him" San Marcial Standard. If the Standard will kindly tell us where it gets its authority that "United Labor" is against Mr. Tafts election or from whence it even gets an idea that labor of any kind is opposed to his candidacy we will be obliged Taft if nominated, will be found to have the United strength of all the laboring classes, for intelligence will show them that he is the man to pilot the affairs of the nation and that he is the man in whom industry" will be content to trust Capital

It is passing strange but at the same time a good bet that as soon as you see a paper commence to let up a howl on the extravagance of the county commissioners you will find that the one particular item to which it directs notice will be the cost of the public printing. There are half a dozen exchanges on our desk this morning in which this may be noticed and not one of the lot is "howling" about any other particular extravagance The Santa Fe Eagle is one of the would be reformers, but as it is not a paper to get the so-called graft one can see some "sense in their madness" It is always the other fellow" who does the things that are wrong. You never see an "official paper" letting forth very much effort to reduce the public printing bill, but every other paper in the county usually attends strictly to that item if to no other

Six months ago the republican papers of the territory were filled with editorials assuring their readers that New Mexico would be a state within a few weeks. The president had given his promise and governor Curry and Delegate Andrews would see that it was kept. Some of these papers even went so far as to print a pretty picture of the president, the governor and the delegate hard at work putting New Mexico into its place as a state of the union. The picture was inspiring but the editors seem to have been a little premature in the publication of it. It is not going to be long before the republican papers of the territory will be stoutly asserting that there isn't going to be any statehood unless the people of the territory elect a republican delegate to congress next fall.—Santa Fe Eagle.

Well, Brother Loomis as to whether or not the Republicans will make any such assertions or not remains to be seen, but the fact remains that Mr. Andrews could do more toward securing us statehood than could the whole Democratic convention, so we just guess we will try him again any way.

DISLIKE FOREIGNERS

In Minaca, are two Spanish merchants, Beya Bros., the leading business men of the place. On the morning of the 23d inst. Rafael Antillon, president of Minica and father of the Francisco Antillon mentioned, sent a verbal order by a policeman to the Beya Bros. to appear before him Anicete Beya, the senior member of the firm, told his brother to go and see what was wanted. The latter came back a few minutes later and informed the senior member that he himself was wanted. Anicete Beya then started for the president's office and was met at the door of his store by three armed policemen who had been sent after him by the official. Anicete Beya appeared before the president but immediately was thrown into jail also on the charge of being disrespect ful to officials Beya got word some way to his friend Mr. Locke, and asked the latter to do something for him and to go to Guerrero and present his case to the jefe politico (Mayor) of the district.

Mr. Locke first went and asked the president about Beya's case. That official said Beya had been disrespect ful to him as an officer. Mr. Locke then hitched up a buggy and drove to Guerrero, 10 miles away, and presented the case to the Mayor. The latter gave Mr. Locke a letter to president Antillon. This letter was an order to report the circumstances of Beya's case at once.

Mr. Locke was in the act of presenting this letter to the president, when the latter's son (who was not a peace officer of Minaca in any way) ran up, calling him (Locke) vile names cursing and abusing the latter, and ordered a policeman to take him to jail.

This was done about 1 p.m. of the 23d inst. Mr. Locke had nothing to eat since breakfast and was put into a dark jail with no ventilation and where two drunken peon prisoners had been confined and had had to use it for all sorts of filthy purposes.

Fransisco Antillon does not try to conceal his hatred for foreigners and has openly said so. He and his father the president of Minaca, are very much put out at the opposition merchants, Beya Bros., and are using their official position to injure them. Mr. Locke presented his case before Gov. Sanchez acting in place of Gov. Creel.

CAN TAKE HIS PICK

From Santa Fe New Mexican.

"Governor Curry is certainly a Hustler. He comes home and stays just long enough to get things straightened out and then jumps onto the train and makes a hasty run back to Washington to have Congress do something else for his territory. He is laying up some mighty good material to back his claims to a senatorship when New Mexico becomes a state."—El Paso Herald.

That is all right. The Herald is correct. Governor Curry can have anything in the gift of the people of the new state after its admission into the union and the New Mexican hopes that he will be on hand although it is understood that his ambition is not in the direction of a U. S. senatorship. Yet who knows?

CATTLE FROM MEXICO

Geo. T. Black special agent; Geo. E. Smith, chief inspector in the customs service, and Dr. H. Fay, of the bureau of animal industry, left this morning for Columbus, N. M., where they will inspect an importation of 1900 head of cattle. The importation is made by A. W. Wilson and will be taken to Colorado for pasture.

Dr. Parker, of the bureau of animal industry inspectors J. W. Saunders and J. O. Taylor, and I. J. Ayres special agent's assistant, leave this evening for a point about midway between Sierra Blanca and Fort Hancock, where they will oversee an importation of about 1200 steers for the T. O. ranch.

These will be grazed in El Paso county, for a time and later will be taken to Kansas. This is only the first lot of a shipment of 5000 head—El Paso Herald.

AMERICAN MURDERED

American on Dolores trail is murdered

Chihuahua, Mex., April 30.—S. C. White, an American who kept the halfway station on the trail of the Dolores section of the Sierra Madres and the Dolores mine in the Sierra Madres, was murdered about three days ago. All that is known here yet is that he was killed by Mexicans.

White is a Mason and a member of a lodge in Brownsville, Texas.

A bad lot of Mexicans inhabit that section of the Seirra Madres and murders of both natives and foreigners are not infreqeunt in that region.

The slayer of P. H. Hefron, of El Paso, who was killed at his mine some six hours ride from Dolores, never was caught and the local Mexican authorities there made little or no effort to catch him. Numerous Mexicans have been murdered in the vicinity of Dolores.

The Dolores mines company is offering $500 reward for the apprehension and conviction of the murderer.

White was shot and killed in bed, robbed of over $300 in money, clothing, watch, etc..

SHE MARRIED A CHINK

Las Cruces, N. M., April 23.—Loo Hoo Him and his bride of a day will leave tonight for their future home in Los Angeles, where Him runs a restaurant. The bride is a decided blonde, well dressed and rather attractive. Her Celestial better half is about the color of a bacon rind, has the customary slanting eyes and a grin that extends from ear to ear.

Loo gives his birthplace as Kingtow, China, and his present residence as Los Angeles. His bride who was Miss Ellen Hogan, was born in Verdan Ill., but has been living in Los Angeles recently. They gave their ages as 39 and 31, respectively.

The wedding occurred in the office of Justice of the Peace Manuel Lopez and the witnesses were Yee Wong a local Chinese grocer, and his friends The couple gave no reason for coming to Los Cruces to be spliced except that the laws of California are against them and they decided to come to New Mexico to have the knot tied.

FIFTEEN PEOPLE DROWN

Fifteen meet death in waters.

Helena, Ark., April 27.—Fifteen persons lost their lives and several others sustained serious injuries, while several more are suffering from exposure, the result of the capsizing of the river steamer Marion, having aboard members of a carnival company, near the mouth of the St. Francis river late yesterday.

The dead.

Anna Golden.
Albert Jordan.
Blinkel, Dale.
W. M. Berry, engineer.
Irene Fleming.
Frank Berg.
——Dutch.
Dan Thomas.
Tom Boyce.
Six negros; including a child.

The steamer, which proceeded from Helena to Caruthersville, Mo., was caught in a windstorm and overturned when about two hundred yards from the shore, and with the exception of several who were washed into the water, those aboard clung to the overturned boat and drifted for several hours, the waves from time to time washing one after another into the water until, when rescued by a passing gasoline launch, fifteen of their number were missing. Two of these, Berry and a negro, deck hand were drowned while endeavoring to reach shore in a skiff.

Following the storm the temperature fell considerably, and while the survivors were cared for as best they could be by those living in the vicinity, necessarily there was much suffering, the injured, several of whom were women, especially being in a deplorable condition when brought to Helena tonight.

The Marion was a sixty-five foot boat and was commanded by captain A. M. Joyce, of New Port, Ark., who returned to Helena today, bringing information of the accident.

LOSE FRUIT CROP

Santa Fe, April 28.—The heavy frost in the Santa Fe valley Sunday night has practically destroyed all prospects for an early fruit season The loss will be keenly felt not only in a financial way, but by the scarcity of fruit the fruit crop having been totally destroyed a year ago.

In an effort to protect at least a part of the crop the fruit growers built smudge fires but a sudden shifting of the wind blew the smoke and heat in an opposite direction from the orchards and a total loss of the crops will result The temperature between midnight Saturday night and 7 o'clock Sunday morning registered as low as 27 degrees.

BRANCH OUT

New Mexicans should not fail to add their list of agricultural products every crop that will pay; and, in order to determine whether a plant will pay, the most intelligent and persistent experiments should be made.

Diversification means much to the people of New Mexico to the farmers themselves and to all others who must depend for their prosperity largely upon the success of the man with the hoe. A wise diversification of crops will defend or protect any New Mexico farmer from failure and want, while no man, however wise and energetic he may be, can hope to prosper if he continues to depend solely upon one plant for his success.

Alfalfa was an unknown crop a few years ago. Now is one of the most reliable and profitable of New Mexico crops. the list is growing longer, and the prices of cotton and other farm products are better than they used to be, and the man with the hoe is growing more independent.

The sugar beet is now being tested. According to satistics just made public concerning the beet sugar industry in this country, the production of this commodity was not so large last as it was in the year previous, and the decline is attributed to unfavorable weather conditions. This temporary falling off tends to explain the recent increase in the importations of sugar. Colorado holds first place in the production of beet sugar in the United States with 422-732, 530 pounds of sugar from 138,-366, 366 acres, while Michigan and California are closely matched for second place, producing 165, 000, 000 and 164, 000 000 pounds, respectively. The sugar beet crop in this country last year brought $4,5000,000.

The present year will be an important season for experiments with the sugar beet in New Mexico. Let the tests be made under as good conditions as possible. There is really no doubt as to the results in localities where the soil is of the right density and quality. Land that produces fine crops of beets of the ordinary variety, of the biggest turnips in the world, is quite sure to break a few records in sugar beets if given a fair test.

MAY QUEEN ELECTION

The following account of an election of the Queen of May at the Indian School in that city, from the Albuquerque Citizen, shows one of the pretty customs which are made made use of in teaching the modern children of "Lo" the practices of civilization:

The annual election of May queen was held April 27 at the Indian school, resulting in the selection of Bonnie Thomas. The candidates whose names appear upon the ballot are the three highest from six, chosen at a convention held for that purpose on Saturday evening.

The object of both convention and election is to familiarize the pupils with the process of selecting officials for purposes of gavernment. The convention is a prearranged program on the part of the more advanced boys and is made up of delegates from the different grades.

AN AMERICAN OUTRAGED

Outrageous treatment of Americans by officials of Mexican town

Chihuahua, Mexico., April 30

In Minica on the 23d inst. Francisco Antillon, who was recently put into the position of inspector of cantinas (saloons in the district of Guerrero, this state, made a most brutal personal attack on J. H. Locke, a prominent and reputable business man of that place.

Without cause and totally unprovoked Antillon assaulted Mr Locke with a sword, cursed and abused the latter in the office of the president of the town government and then ordered Mr Locke taken off to jail, where he was kept for eight hours without food or water in a prison filthy and dark in the extreme and then fined $10 on a false and preposterous charge of showing disrespect to the authroities.

The facts of Mr. Locke's case as presented to governor Sanchez are these:

AN ENJOYABLE DANCE

One of the most enjoyable social affairs that has ever taken place in Carrizozo was the dance held at Wetmore's Hall on Thursday evening of this week. About twenty couples were in attendance among whom were several of the young folks from White Oaks and vicinity. Excellent music was rendered by the Mexican Orchestra of four pieces and every one present enjoyed themselves hugely. We are informed that another dance will be given in the same hall on Thursday night of next week under the auspices of the same management.

NO FORMAL APPLICATION

There will be no necessity under the new law granting increased pensions to widows and orphans of veterans of the Civil war to make applications in their casees. The provisions of the law are plain and simple and will be carried into effect by the pension office as the following letter received by Delegate W. H. Andrews from acting commissioner J. L. Davenport of the pension office clearly demonstrates, and the Outlook publishes it for the information of the many thousands who are interested. The letter reads:

April 22, 1908.

"Hon. W. H. Andrews,
"House of Representatives,
"My Dear Mr. Andrews:

"In reply to your letter of the 18th instant, received on the 20th, you are advised that Mr. H. L. Ortiz Santa Fe, New Mexico, has this day been advised that the rate of pension to all widows, minors and helpless children how on the pension rolls at a less rate will be increased to $12 per month under the act of April 19, 1908, from the date of the act. No application is required to obtain the increased rate; but the same Will be paid by the United States pension agent at the next quarterly payment upon receipt of the voucher properly executed which is now in possession of the pensioner The present pension certificate should be retained until its return shall have been requested by the pension agent from whom the pension is received.

Very respectfully,
(Signed) J. L. Davenport.
Acting commissioner.

CONTEST NOTICE

DEPARTMENT OF THE INTERIOR

Land Office at Roswell, N. M.
April 8, 1908.

A sufficient contest affidavit having been filed in this office by Walter E. Winfield, Carrizozo, N. M., contestant, against homestead entry No. 9030, made October 25, 1906, for SW¼, Section 30, Township 7 South, Range 11 East, by Alpheus W. McCall Contestee, in which it is alleged that under date of January 2, 1908, that said Alpheus W. McCall has holly abandoned the said land and has been absent therefrom for a period of one year next prior to the date of said affidavit; and that said alleged absence from the said land was not due to his employment in the Navy or Marine Corps of the United States in time of war; said parties are hereby notified to appear, respond, and offer evidence touching said allegation at 10 o'clock a. m. on July 3, 1908, before N. S. Rose, U. S. Court Commissioner, at his office in Carrizozo, New Mexico, (and that final hearing will be held at 10 o'clock, a. m. on July 13, 1908, before the Register and Receiver at the United States Land office in Roswell, N. M.

The said contestant having, in a proper affidavit, filed April 16, 1908 set forth facts which show that after due diligence personal service of this notice cannot be made, it is hereby ordered and directed that such notice be given by due and proper publication.

NOTICE FOR PUBLICATION.

Department of the Interior, Land Office, Roswell, N. M. April 3 19:08

Notice is hereby given that Antonio Vega, of Nogal, New Mexico, has filed notice of his intention to make final five-year proof in support of his claim, viz: Homestead Entry No. 2333, made Feb. 21, 1902, for the W½ of NE¼ and E½ of NW¼, of Section 13 Township 8 South Range 12 East, and that said proof will be made before N. S. Rose, U. S. Court Commissioner at his office in Carrizozo, N. M. on May 18, 1908.

He names the following witnesses to prove his continuous residence upon and cultivation of, the land, viz: Precilliano P ino, Joseph George, John George, Sidney Wilcoxon, all of Nogal, New Mexico.

HOWARD LELAND.
Register.

BIG PAY

INCREASE OF 40 PER CENT. and positions guaranteed by the United States government. The new educational provisions offer the best openings for practical training in Mechanical and Electrical engineering

After a debate of several hours the House, on February 29th passed the army appropriation bill the pay of enlisted men of all grades was increased, and additional pay for length of service added. In addition any soldier who has received an honorable discharge, and reenlists within three months thereafter shall receive pay for the time he was off duty before enlisting the second time.

For particlars call at the Recuiting Station near Railroad Hotel

Carrizozo N M

Watrous, N. M. April 28.—A fire that started here at 11 o'clock this morning has consumed nearly the entire business and residence part of the town. A pretty strong wind is blowing and as there is a scarcity of water but little can be done to save the buildings. The town seems doomed.

LOCAL MENTION

If you see it here it happened

Judge Belamy of Lincoln was a visitor in town one day this week.

Dr. Raniger of Oscuro was a business visitor in our town yesterday.

M. L. Goodin of Oscuro transacted business in town yesterday.

H. B. Hamilton of Lincoln transacted legal business in the metropolis a few days this week.

J. J. Kahler, manager of the Carrizozo Realty Company has fitted up a neat office in the building with Griffeth & Estes on El Paso avenue.

Royal Prentice, reporter for the District court of this District, was in town a few days this week taking evidence in a case pending before the court.

Messrs, Hawkes, Morris, Gordon and Paxton, came in Wednesday and left their private car here and took the new gasoline motor car for a trip of inspection over the line from here to El Paso.

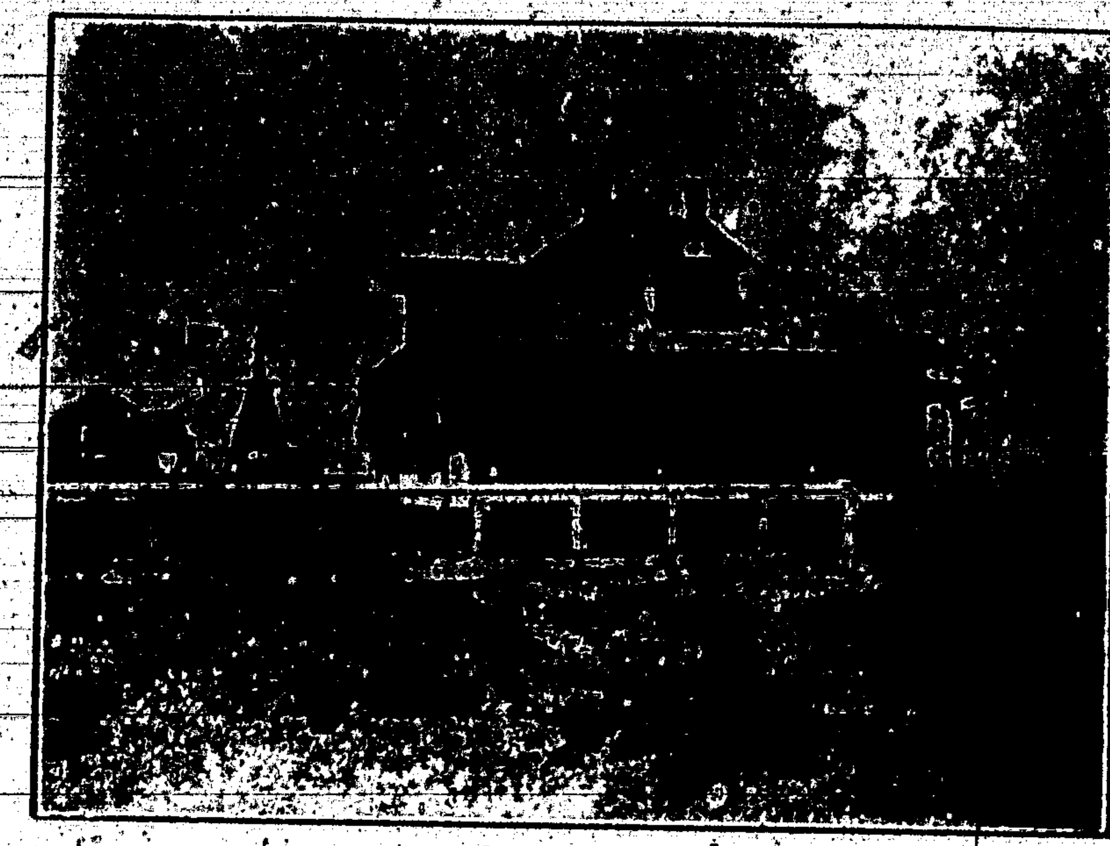
M. B. May was in our office yesterday while transacting business in town, and from the pleasant smile on his face it is evident the cold spell of the past few days has not killed the fruit on Tortalito.

Superintendent L. C. Barlow of the Vera Cruz was a pleasant caller at this office yesterday. Mr. Barlow is an enthusiastic believer in the rich mineral resources of this county, and it is a goodcure for the blues to talk with him on the mining subjects.

James N. Hurt of this place and Messrs, S. I. Merrill and J. A. Pendleton of California, were out a few days this week looking over some iron properties with a view to making a deal for some important development work. The two gentlemen from California are heavily interested in this branch of mining in that state and would be in a position to do some extensive work if they become intergsted in this conuty.

The new map of the Townsite of Carrizozo opening up the streets into the McDonald Addition has been received from the engineer, and only awaits the approval of the County Commissioners to become the official plat of the town. The adobe row in front of the bank building is being moved as rapidly as possible and very little remains to be done on the part of Mr. Ira O. Wetmore for the completion of his agreement at the citizens mass meeting some time ago, and every obsticle to the growth of the greater Carrizozo should be removed by this prompt and maganimous action on the part of Mr. Wetmore.

Mr. M. F. Castle, of Stanley on the southern part of Santa Fe county, is in town today looking after a printing plant, with which to start a paper in his town. He is figuring with the Carrizozo Publishing company on an outfit of type for the new paper.



The above is a very fair reproduction of the neat and comfortable home of Mr. J. G. Canning, the genial Manage, of the Carrizozo Trading Company. This is the kind of residences Carrizozo is to have a number of in the not distant future.

Mrs. Frank English returned Monday from a visit with friends and relatives in Lincoln.

A small fire caused some alarm in our quiet and well regulated town last Friday evening. A little out building in the rear of the Railroad Hatel burned, but fortunately there was no wind at the time and fire was prevented from catching any of the larger buildings near. It might have been a serious matter had the wind been blowing.

Everybody interested in the organization of a brass band for Carrizozo is invited to meet at the Kelley Hall next Wednesday evening to talk the matter over and make arrangements. There is great need of a band here, and now is the time to get busy. Don't forget time and place. Kelley's Hall, Wednesday, the 6th of May.

We are informed that the contract for the new ten thousand dollar school building was let on Thursday afternoon, to John A. Laughlin of Trinidad, Colorado., The money for the building is in the bank ready for use and the work will be pushed as rapidly as possible. Thus the question of comfortable quarters for the school the coming year is finally settled.

Albert Ziegler, of the Ziegler Bros. merchantile firm is in Capitan today on business.

Barrett and Baird have been appointed agents for the Mutual Benefit Life Insurance company, and will combine life insurance with their real estate and commission business.

Don't forget to attend the Commercial Club meeting next Tuesday evening at the bank hall, The regular annual meeting will be full of interest for the community, and should be well attended.

Foxworth Galbraith & Co.

Hello Central, give me Bournes' Livery Stable. I want to get one of those easy rigs and fast teams for a drive in the country.

Seeds plenty: Farmers wishing field or garden seeds for early planting can secure them at John H. Skinner's.

List your property for sale or for rent with John W. Barrett the real estate man.

Millett, Kaffir corn, Amber cane and all kinds of farm and garden seeds at Skinne's

Bournes for easy rigs and fast teams.

Fish, sausage, Oysters, Fresh pork and pigs feet, as well as everything else in the meat line at the Carrizozo Meat Market.

I have started my milk wagon and am prepared to supply all demands for milk, also can supply fresh eggs and butter—George Lee. City Dairy.

Home grown vegetables at the Carrizozo Meat Market.

For the best home bread, Fresh Eggs, or choice Vegetables go to the Carrizozo Meat Market.
