MATTERS OF INTEREST TO THE PEOPLE OF THE COMMUNITY

Mass will be held at the school house next Sunday at 9 a. m.

George Holland went to El Paso yesterday to buy stock for his new store.

A. H. Harvey spent Monday surveying out a homestead claim near Folly.

Ed Chew, of White Oaks, was in Carrizozo on Thursday of this week on business.

J. H. Canning left a few days ago for a trip to the east to buy his fall stock of goods.

Editor Haley, of the News, spent Sunday with his family at Capitan, returning home Monday.

Lee H. Rudisill, of White Oaks, was in Carrizozo on business on Tuesday of this week.

Conductor J. H. Bell is having an addition build on his residence in the north end of town.

Attorney G. W. Hall returned on Tuesday morning from a few days business trip to Santa Fe.

Elmer McQueen, the night caller at the Dispatchers office is confined to his bed with the measles.

Wm. Erick is back in Carrizozo after a jaunt up around Duran, Vaughn and surrounding country.

C. Peoples, of Peoples Bro's. cash store, was in El Paso on business for a few days the first of the week.

Ed. F. and H. S. Comrey, of Ancho, were in Carrizozo for a few hours on Wednesday of this week.

George Beatty is building a house, fencing and digging a well on his homestead three miles east of town.

James Simms, who has been attending the Camp Meeting on the Ruidoso, returned home the first of the week.

James Trent has been working with George Beatty on E. D. Fred's homestead east of town during the past week.

Work is being rapidly pushed on the new turn table in the railroad yards and will be ready for service in a short time.

Miss Jennie Brockway leaves tonight for Albuquerque to attend the Territorial University during the coming winter.

Mr. and Mrs. George Hoyer anticipate a visit from their son, James Hoyer, of Hebron, Nebraska, about the first of the coming month.

Ira O. Wetmore drove over to Lincoln Tuesday morning in his automobile to attend the convention, returning home Wednesday.

Phoebe Guthrie has been confined to his room by sickness for the past week or so, but we understand him to be in an improved condition.

Mr. and Mrs. Clay Van Schoeyck have gone to housekeeping, having moved into a neat little cottage house in the north end of town.

Gen. Foreman Kimball of the E. P. & S. W. shops here moved into the brick house just back of the bank, belonging to C. F. Camen.

A hard rain in the mountains Wednesday afternoon caused a wash-out of a bridge on the Capitan branch railroad between Cojocora

and Indian Divide. There was no train yesterday, but the company expects to run its train as usual Monday.

Albert Ziegler of Ziegler Bro's, returned on Tuesday morning of this week from a trip through the east, where he bought heavily of fall goods.

Ira O. Wetmore and wife returned on last Monday from a stay of several days at the camp meeting on the Ruidoso. They report a fine outing.

Col. George Pritchard of Santa Fe, and Col. F. M. DuBois, of Oscura, were through Carrizozo on their way to the convention at Lincoln last Monday.

Jas. W. Stewart, formerly an engineer on the E. P. & S. W., and located here, but who now resides in El Paso, Texas, was in Carrizozo Tuesday.

Chas. E. Read and family anticipate leaving on Monday, of next week for a visit of two or three weeks with friends and relatives near Capitan.

Mr. Foreman, who has a place about four miles west of town near the malpais, lost several tons of hay by reason of floodwater on Wednesday afternoon.

Dr. Carrington, the head physician at Fort Stanton, came in on the northbound train Wednesday night and was taken in the auto to the Fort that night.

Contractor A. Wallis, under whose supervision much of the railroad improvements in this section has been done, was in town on business for a day or two this week.

The Carrizozo telephones are now connected with the lines to Nogal, Capitan and Lincoln, so that one can call parties at either of the above places from their own phones.

Miss Allie Johnson has accepted the position as day operator at the telephone exchange, filling the position left vacant by the resignation of Miss Jennie Brockway, who is to attend college again this winter.

The Hotel Temple is sporting a new Register Book, the product of the El Paso Printing Company. It is one of the finest Registers we have seen for a long time, and one of which Mrs. Long may well be proud.

Mrs. J. K. Martin, who is just recently convalescent from a serious attack of Typhoid fever, has been quite ill for the past week with Bronchial Pneumonia, but we understand is now somewhat improved.

All members of the A. F. & A. M. are earnestly requested to meet at the law offices of Barber & Gierke on next Wednesday evening, Aug. 19th, for the purpose of talking over the organization of a lodge at Carrizozo.

Mrs. H. S. Campbell and son left on Monday for a visit with her mother at Ft. Wayne Ind. Mrs. Campbell expects to be gone for about two months. Mr. Campbell will join her on or about the 20th of the month.

G. B. Greer, who has a homestead claim over on the Bonito, was in town for a few days during the past

week. M. Greer is agent for the Norton Nursery Company of Denver and has sold quite a number of trees in this vicinity.

A rumor is current on our streets that there is a possibility of the railroad shops at this place being enlarged, giving employment to many more men. We are unable to verify the report from any source of an official nature.

Sheriff John Owens and family were here visiting his son Will, for a few days at the first of the week. The Sheriff and his family, together with Will Owens and his family have all gone to Corona to visit with Omar Owens and family.

The fourteen months old son of Train Dispatcher Klegg fell from the porch to the yard at his home in the north part of town last Saturday and broke his collar bone. The little fellow is getting along very well now, however.

During the past week we have mailed out statements to all subscribers who our books show to be delinquent. We will appreciate a prompt reply to these statements, as we are anxious to get our subscription books put in good order.

Mrs. Robert H. Rhea joined her husband here on last Tuesday morning. Mr. and Mrs. Rhea will go to housekeeping in the Stokes building on El Paso Avenue, one square north of the postoffice, and Mr. Rhea will occupy a part of the building with his tailoring establishment.

Al Roberts was out grafting his friends last Tuesday by selling them chances on a fancy sofa pillow. The victims shook dice for the bunch of feathers, and Leo Oswald rung in loaded dice and with the assistance of score-keeper Campbell, run up a total of 43, which won the prize.

George Spence and family, accompanied by Mrs. Abar and daughter, of Long Beach, Mississippi, who are here on a visit, leave Tuesday next for an outing of several days. They anticipate stopping at the crater at the head of the Mal Pais and then going on to Gran Quivira for a day or two.

The Locomotive Firemen and Enginemen are to give a grand ball at Wetmore's Hall on Thursday August 20th. This ball is given for the purpose of having a good time and the admission will be free to all. The committee in charge have secured the best of music and guarantee a good time to all who attend.

Wm. F. A. Gierke, Wm. Kahler, Jose Serrano, and Prof. C. L. Davis, four of Carrizozo's delegates to the Lincoln convention drove over to the county seat on last Monday, the first three returning home Tuesday night, leaving Prof. Davis in Lincoln where he will stay for the Teachers Institute.

Two Mexicans filled up on some thing stronger than weak tea last Saturday night and tied their way to the east of the round house where they put on a pugilistic wrestling contest for a few minutes. The bout terminated in a draw, the contestants falling asleep in each others arms and allowed morphine to knock out both.

Prof. C. L. Davis, who was one of the delegates sent from Carrizozo

to the convention held at Lincoln early in the week failed to return with the rest of the boys, as he wished to stay over at Lincoln to attend the Teachers Institute held there on the 17th of the month. The professor also wished to visit the camp meeting being held on the Ruidoso before coming back.

County Surveyor W. K. Beatty is in town for a few days and reports having just finished surveying a road starting up the Casey Canyon, running east on top of the mesa for ten miles and connecting with the main road running between Lincoln and Roswell at the top of the big hill. Mr. Beatty says this road will be very hilly and gives it as his opinion that the old road, with a few improvements, would be preferable.

All arrangements have been completed and the stock and fixtures brought for a new restaurant and confectionery which is to be started in the vacant room just south of Stokes barber shop. George Holland is starting the place and hopes to have it in full operation by the middle of next week. He informs us that it is his intention to put in a fine line of candies, soft drinks, cigars, tobacco and a short order restaurant.

A theatrical troupe blew into town last Sunday and put on what they said was a "show" at the skating rink on Monday night. They handed out no "comps" hence we were not present, but that isn't the real reason that we are saying the thing was on the bum. We understand that their rendition of "Cheyenne," "San Antonio" and "Blue Belle" were their least distressing features and their jokes and jibes were laughable because of their antiquity.

A stranger came into town last Monday and on Tuesday worked with a gang of men unloading a car of ice for the Carrizozo Bar. On Tuesday night he suddenly became demented and attempted to tear off his clothes and did many other strange things. He was not intoxicated and the only explanation imaginable for his strange conduct was that he was addicted to the use of morphine or some other strong drug. The unfortunate man was locked up in the town jail and held for Sheriff Owens to take to the county jail at Lincoln.

Mrs. Yanzey, wife of Harvey Yanzey, who is employed as a carpenter on the E. P. & S. W. here, died at her home in the west end of town on Thursday night at about 9:30 o'clock. Mrs. Yanzey has been ill for several weeks with a complication of troubles and on Wednesday of this week Dr. Miller, of Alamogordo, was called in to consult with Dr. Sugg, under whose charge she had been. Every effort to prolong her life was made, but she passed away surrounded by her husband, her family and friends.

The Murray Sloss Mining Company, who has fine copper and lead properties in the Burro Mountains west of Oscura, have struck a fine vein of water at a depth of 230 feet and will start work on their mines at once. Machinery is on the way from Denver and it is expected that this property will prove to be one of the best in this part of the Territory.

A. A. Williams, a well-drilling contractor, was in town today looking for contracts for putting down wells in this community. He informs us that if he can secure a few wells here he will move his machine here at once.

The dance at Wetmore's Hall Thursday night, given by Messrs. Kelly, Paden and Mc Masters, was very well attended and everybody seemed to enjoy themselves immensely.

The Independence Mining Company are preparing to put down a well on their property west of Oscura. A. A. Williams has the contract.

A work crew was sent out on the Capitan branch railroad this morning to repair the track and bridge where the water had done damage.

Paul Mayer and John Gallacher of White Oaks stopped in town last night on their way to the Ruidoso to attend the camp meeting.

Vick Jones, who has been visiting friends and relatives here for the past two weeks, went to El Paso Thursday for a few days.

Mrs. F. O. Norsell has been entertaining her friend, Mrs. Jones, of San Antonio, Texas, for the past week or ten days.

The Carrizozo Baseball team is arranging for a game at Fort Stanton on Sunday, August the 23rd.

Cecil Long is night caller for the railroad company in place of Elmer McQueen who is sick.

Firemen Thomas, who works on the switch engine, went to El Paso yesterday morning.

C. Y. Cook and Engineer Dillson were in El Paso on business this week.

Robt. Bourne was down from the Mesa yesterday.

RAILROADMEN'S CLUB

At a meeting of the railroad employes held recently it was decided to form a club and establish suitable quarters for the body. An organization was formed and officers chosen. The object is to provide a suitable lounging place for the railroad boys while off duty and is a commendable one. The officers of the club chosen at this meeting, and who are to act for the ensuing year are as follows: J. E. Bell, President; M. Cofer, Secretary; G. A. Zierath, Treasurer. The Executive Committee consists of W. W. Arnold, Chairman, J. F. Kimball, A. G. Emerson, J. A. Ulrey and G. Gunn. The club will be known as the Railroad Men's Club of Carrizozo and will have as temporary quarters the building near the telegraph office, until recently occupied by the U. S. Army Recruiting Office. After the completion of the new depot the present telegraph office will probably be overhauled and fitted up as the club rooms. Bath rooms will be installed, a reading and lounging room and other desirable features provided. The temporary club rooms will be ready for use in just a short time and the whole matter is one of great credit to the boys and one that is sure to be appreciated by them.

Evidently the present campaign is to provide a number of novelties in electioneering methods. The old-time stump speech will be in evidence; there will be daylight parades and torchlight processions, car-step speeches, big indoor meetings and plenty of red-fire, as usual.

But these time-honored diversions will not occupy the whole stage of the year. The phonograph and the moving-picture machine have entered the political arena. Before the campaign is over there will be few American villages so remote and so unprogressive as to have utterly missed the chance of securing the presence of the voice and figure of Mr. Taft or Mr. Bryan, or both, for a time at least, with the aid of electricity, the camera and the talking machine.

Some people have shown a tendency to laugh at the phonograph and moving-picture features of the Presidential campaign of 1908. It is frequently easy to ridicule innovations in politics, as in other fields. But from the Republican standpoint particularly we think that the entrance of the phonograph and moving-picture machine into this year's campaign is a good thing. But it is the duty of every citizen to vote. This being the case, the more widely and intimately the personalities, as well as the views, of the candidates are known, the better for the country.

Few men are more widely known personally in this country than Mr. Bryan. He has made two great talking campaigns for the Presidency, in each of which he has gone into practically every State in the Union. Between campaigns he has been a consistent talker on the Chautauqua circuit and elsewhere. The number of speeches made by Mr. Bryan during the past twelve years is almost past belief.

The number of people who have an acquaintance with Mr. Taft more intimate than gained through newspapers, magazines and campaign pictures, is comparatively small. While Mr. Bryan has been talking, Mr. Taft has been engaged in the more prosaic and in some ways less profitable occupation of working for Uncle Sam.

The more personal the knowledge of William H. Taft possessed by the American people on November 3rd, the more apt the Republican ticket will be to score a decisive victory at that time. In quickly spreading an idea of the voice and the real appearance, as well as the views of the Republican nominee, the phonograph and the moving pictures ought to do a good work.

The campaign poster undoubtedly has its uses—but it also has its limitations. Some of the so-called pictures of Mr. Taft that have burst upon the gaze of his astonished friends during the past few months are so unlike the gentleman and so grossly uncomplimentary to him that they leave a big field for real photographs that will show him as he is, and not as hostile as cartoonists and a lot of friendly but ill-advised illustrators would have him appear.

There is going to be plenty of politics between now and November. And in our opinion the phonograph and the moving-picture machine will give more personal interest to the great game that it has ever had before.

Judge Mann received the endorsement of the Lincoln County Convention held at Lincoln last Tuesday. While we are candid to admit of our personal preference of Senator Andrews, and are hopeful of his nomination at Santa Fe next week, we are just as sincere in our assurance of support to Judge Mann in event of his nomination. The Outlook wishes to be recognized as the voice of the Lincoln County Republicans and not as a single man issue. It is a Republican paper and will be found supporting Republican principles at all times. We have our personal views on matters and claim the privilege of voicing them, but we are willing at all times to bow to the will of the majority, and accept the conclusions of our kinsmen as our standard. The Republican party can and will win the election in New Mexico this fall, and in its choice for Delegate to Congress the party will select the most capable and efficient man. The Democrats have had their candidate selected for quite a time, and he has been touring the territory and making long winded speeches for the past few weeks, but with a good man to advance the ideal principles of our party, and unison of factions after the Santa Fe convention, the Republicans can easily convince the voters of the territory of their position and again will a Republican represent us in Washington.

The Outlook truly believes that Andrews will receive the nomination at the Santa Fe convention and it believes he will be elected at the polls on November 3rd. We believe him to be the strongest and most efficient man the Republicans can nominate and that he can and will command the greater amount of Democratic votes than any other Republican—because of the statehood question. No sane man will attempt to tell you that Larrasolo and his chronic running off of the mouth, will be able to do more toward that end than can Andrews, and few will profess to believe him capable of doing any where near as much. If the campaign is between Andrews and the peerless Spaniard, the former will win, and win by such a decisive majority that the Democrats won't even have breath enough left to hallow "Robbery" as they did two years ago.

The Outlook acknowledges receipt of Vol. 1, No. 1, of the Estancia Democrat, a new Democratic paper just launched at Estancia. It is edited by Smith and Patterson, two wide-awake young men of that town. Its first appearance is encouraging and they have our congratulations and best wishes. Estancia is a good town, in a good country, made up and surrounded by good people, and as the new sheet is the only Democratic organ in Torrance county it should, and doubtless will, succeed.

Larrasolo may be able to make a noise with his mouth while beating around the bush out here in New Mexico, but when, if ever, he sees electric cars, automobiles, sky-scrapers and the senate chamber he will be as tongue tied as a Dutch cobbler at a Chinese wedding.

Why is it that the press of this territory are always "roasting" each other? Get together, boys. Let's be brotherly and work like blazes for the advancement of our territory and its interests and all quit this back biting.

These silent guns of Mr. Maxim's may yet be proven of benefit to humanity. With one of them a man could shoot a tom cat in the wee small hours of the morning without waking up the entire neighborhood.

REPUBLICAN CONVENTION.

The Republicans of Lincoln County held their convention at Lincoln last Tuesday for the purpose of electing delegates from this county to the Territorial Convention to be held in Santa Fe next Tuesday. Messrs. Ira O. Wetmore, W. F. A. Gierke, Wm. Kahler, C. L. Davis and Jose Corrao represented Precinct No. 14.

The proceedings of the meeting were as follows:

Morning session—Convention was called to order by County Chairman Brady of the Republican Central Committee. A temporary organization was effected and resulted in the election of Will Blanchard, of Lincoln, as Chairman and J. V. Tully of Bonito, as Secretary. Upon motion the temporary organization was made permanent as constituted. The convention then proceeded to the appointment of three committees on credentials, order of business and resolutions. The Committee on Order of Business consisting of five members, the other two committees of one member from each precinct of the county. Upon motion the convention adjourned until 1.30 to await the action of the committees.

Afternoon session—Convention was called to order and proceeded to the consideration of the reports of the different committees. The report of the Committee on Order of Business was after discussion of some of its features finally adopted as read. The Committee on Credentials was then called upon to report and brought in a majority and a minority report. The majority report favored the seating of the delegates from Precinct 14 and the other delegates being regular. The minority report was then presented and it favored the seating of delegates according to the call with the exception of two delegates proxies from Raventon on account of some irregularity. Upon motion the minority report was finally adopted by a handsome majority. The Committee on Resolutions was next called upon to report and brought in two sets of resolutions, one containing an instruction of the entire delegation of five, from Lincoln County, for Edward A. Mann as a unit, and another in favor of W. H. Andrews to the same effect. A vote upon the question of adoption of the Mann resolution resulted in its favor.

The following gentlemen were selected to represent Lincoln County at the Territorial Republican Convention to be held at Santa Fe on the 18th inst: H. B. Hamilton, Francisco Gonzalez, Antonio Garcia, Robert Brady and Manuel Aragon. The matter of organizing a Republican Organization for Lincoln County was then discussed and it was decided to call a delegate convention for said purpose after the Santa Fe Convention.

Thereupon the convention adjourned.

OFFICIALS VISIT CARRIZO

A special train bearing G. F. Hawkes, General Superintendent; L. U. Meeks, Superintendent; H. J. Shannon, General Manager and R. C. Tenby, Train Master, came in from El Paso last Tuesday. These officials were here on their way to Carrizozo to inspect the new depot to be built at that place.

east to the regular distance from the main track. The partitions in this building will be removed and it will be used as a freight house. The new depot will be of two stories with mansard roof. It will be builded in line with the other building and immediately adjoining it on the west.

Upstairs will be the Train Master's office and Train Dispatchers office. On the first floor will be the baggage and express rooms, the Agents office and Waiting Room. Back of these buildings, on the west, a grade will be put in and a new track laid.

The final effect and result will be to give Carrizozo a neat and commodious structure and will add materially to the look of our town.

Dr. Hunsberger, an expert eye specialist, of Roswell, is in Carrizozo for a few days and is located at the Burrell House. He is prepared to treat all diseases of the eye, and will make examinations at your home should you desire it.
