SHINGLE SOCIAL

Simultaneous with, and in order to properly dedicate the new depot, the Ladies of the Methodist Church on last Monday night held a shingle social and entertainment at that edifice and it was a glowing success from all points of view.

The crowd was large and every one seemed to be there for the express purpose of having a good time. The program was fine each participant proved to be a red-letter star. The edibles were fine. The cakes were rich and were served in generous slices, the sandwiches had real ham in them, and lots of it, and Mrs. Bell served up a coffee that carried its own recommendations.

The program of the evening was rendered about as follows: Music was had from Mr. Reyes, of White Oaks, accompanied by Miss Sager, on the piano. Song by Mixed Quartette, Recitation by Miss Abbie Neek, Music, Piano and Violin. Ladies Quartette, Recitation by Mrs. Harry Dawson, Mandolin Recital, by Mr. Lunsden, Recitation, by Squire Thompkins, Music.

After the literary and musical part of the program had been disposed of the luncheon was served and was hastily disposed of.

Taken altogether the evening proved to be a highly enjoyable one, and we understand was consequential from a financial point of view.

CHAMBER OF COMMERCE

The Carrizozo Chamber of Commerce held another fine meeting at the Bank Building on Wednesday night. Quite a bit of business of an important nature was transacted, among the rest being the adoption of a set of by-laws for the body to work under.

Something like thirty members signed the roll as charter members and many more will doubtless affiliate with the body.

The dues of the organization were set at six dollars per year, payable quarterly, and quite a neat little sum was collected for the treasury.

According to the by-laws as adopted, the Chamber of Commerce will meet every three months, the first Wednesday night in January, April, July and October. Every citizen who has the welfare of the town at heart is expected to become affiliated with the organization and help to boost along the good work.

ALL GOOD MEN

If all communities were as fortunate in having capable and efficient men ready to fill its public offices as is Carrizozo a much different state of affairs would soon exist.

With the Township election still a month off we are already aware of the candidacy of two highly qualified men for the office of Justice of the Peace and two more of the same calibre out for constable.

For the former office Squire H. B. Thompkins is up for re-election and has for his opponent Wm. Kahler—Dad—than whom no better man could be found.

For Constable John Adams, the present incumbent, is out again for re-election and has as his opponent P. C. Baird, our Deputy Sheriff. Both of these men are good officers and, as in the race for Justice, the election will probably be close.

MR. WETMORE WINS

Telegraphic dispatches from the city of Washington tell us of the re-appointment of Mr. Ira O. Wetmore as postmaster at Carrizozo.

If there is a one thing more than all others that our town can well be proud of it is the accommodations offered by our mail depot. The whole arrangement is ideal. Not only can our people get their mail seven days a week and twenty-four hours a day, but the post-office

help are courteous and efficient and everything is done by them that can be done to better the service. In fact a continuance of present conditions are all that could be asked for.

ANOTHER RAID

For the second time in as many weeks Constable John Adams made a raid on the "tenderloin" district on last Tuesday morning. He arrested four women and the bartender of the joint and had them all up before Justice Thompkins on Tuesday afternoon.

The women were charged with loitering and the bartender, Clarence Cook, had the charge of selling liquor without a license placed after his name on the docket.

At the request of the defendants their hearing was set for this (Friday) morning at 9 o'clock. The women were placed under one hundred dollars bond each and Cook gave bond in the sum of two hundred and fifty dollars.

FRIDAY MORNING

In Squire Thompkins court this morning the four women all plead guilty and were fined three dollars and costs each and given ten days to leave town, which they agreed to do. The bartender waived hearing and was bound over to the grand jury under two hundred dollar bond.

L. M. Casaus, who operates the saloon part of the business was also arrested for selling liquor without a license, waived hearing, and was bound over to the grand jury under two hundred dollars bond.

A NEW REPUBLICAN

You can just bet that matters are going along fine over about Glencoe. From all reports the apples over there are about harvested and the very latest news from that community informs us of a brand new disciple of Republicanism having arrived at the home of Mr. and Mrs. J. V. Tuily. The young gentleman arrived on Thursday, December 8th and we understand that both he and his mother are doing fine, but J. V. is unsteady on his pins, having been suffering from "chestiness." Congratulations, anyway to both the Mr. and Mrs.

LITTLE LOCAL ITEMS

MATTERS OF INTEREST TO THE PEOPLE OF THE COMMUNITY

Stop in at Humphrey's and hear the latest records.

Buy your Christmas candies, nuts and fruits at Peoples Bros. Cash Store.

Quite good crowds are attending the Tuesday and Saturday night sessions at the skating rink.

We are informed that several new cases of scarlet fever have made their appearance at Lincoln.

Marvin Burton left on Tuesday of this week for Parsons, where he will go to work in the mines.

John Gallagher, of White Oaks, was in town one day this week attending to some business matters.

The scarlet fever scare, of which our community was quite a little concerned a short time ago, is over

and the quarantine has been lifted from the only case that did exist here.

Attorney Geo. B. Barber, of Lincoln, was in town on business for two or three days last week.

Attorney Wm. F. A. Gierke has been in Alamogordo for several days attending to matters of a court nature.

We are informed through a reliable source that work will soon be commenced on the Sheeleyville mines.

Remember that your \$\$ will buy more Christmas goods at Peoples Bros. Store than in any other store in town.

Master Mechanic 'Gene Gordon', of Tucumcari, was in Carrizozo for a day or two during this week on business.

Work on the coal mines south of town has been suspended for a short time pending the installation of a new hoist.

Ed Kelly left yesterday afternoon and returned to the ranch, about one hundred and fifty miles west from here.

The most up-to-date line of Ladies Misses and Childrens Coats ever come to Carrizozo at Peoples Bros. Cash Store.

Don't fail to see the full line of the celebrated "World" brand of silver plated ware at the Pioneer Jewelry Store.

Mrs. George Hughes has been quite ill for the past ten days and we understand is now suffering from Typhoid fever.

Mrs. Wm. McIvers returned to her home at Nogal this morning after a stay of more than a week in our little city.

An Edison Phonograph or a Victor Talking machine makes a Christmas present good all the year round. Prices range from \$10 to \$200.

L. L. Newton, a mining expert, of Chicago, has been in our vicinity for some days past looking over the mining prospects of Lincoln County.

The Reflectoscope—the great home entertainer. A magic lantern that needs no slides. On exhibition at the Pioneer Jewelry Store.

John Humphreys was over from Parsons early in the week and engaged six or eight men to go with him to work in the Parsons mines.

Our friend, Postmaster Lee H. Rudiselle, of White Oaks, was in town on business on Wednesday and paid this office a pleasant little visit.

Mine Host Guernsey, of the Railroad Hotel, left on this morning's train for the Pass City, where he goes to buy good things for his large family's Christmas dinner.

Quite a crowd was in attendance at the dancing party given at Wetmore's Hall on last Monday night, and the evening's entertainment proved to meet with general accord.

Mr. and Mrs. H. S. Campbell, Mr. and Mrs. A. H. Harvey and Mr. and Mrs. Walter Miller spent Sunday with Mr. and Mrs. E. D. Fred at their home three miles east of town.

Rolland Bros. raffled off a big tin pound box of the finest of can-

dies one day this week. One of the railroad firemen, a gentleman by the name of Carroll, copped the prize.

Attorney H. B. Hamilton, of Lincoln, came over last Sunday and went down to Alamogordo Tuesday. He has been in the latter place attending to court matters during the week.

Several land flings have been made in the local land office during the past week and several final proofs are now pending action. People are becoming aware of the fact that this is a "future-great" country.

Just watch out for the great melodrama to be staged in the near future. Our local footlight favorites are practicing faithfully and will no doubt give good account of themselves at the proper time.

Sol Weiner drove down from White Oaks in his Reo car in just thirty-five minutes on Tuesday of this week. He left his car here and took the limited for El Paso, where he was for a day or two on business.

The Pastime Club assures us that the prospects at present justify them in believing that their dance to be held Christmas night will be a howling success. No doubt there will be quite a crowd in attendance.

At the earnest solicitation of many friends John Adams, Constable of Precinct No. 14, Lincoln County, New Mexico, announces his candidacy and solicits the voters support for re-election to that office.

Having been approached by many of his friends, and in accord with their wishes in the matter Wm. Kahler announces his candidacy for the office of Justice of the Peace, subject to the will of the voters at the coming Township election.

The friends P. C. Baird, of Carrizozo, N. M. reposing special trust and confidence in his integrity and ability as a public officer, and being desirous of his election as constable of precinct No. 14, Lincoln County, N. M., hereby take pleasure in announcing his candidacy for that office and in the interest of law and order asked the hearty support and co-operation of all law abiding citizens of this precinct to aid in his election.

In the divorce proceedings in the case of Margaret Roslington vs. George Roslington last week a decree was made in favor of plaintiff. She was granted an absolute divorce and thirty dollars a month alimony. The keeping of their one child, a bright little six-year-old boy, was intrusted to the father.

Mr. and Mrs. A. H. Wornack, who have been located at the Mescalera Indian Reservation for the past eight or ten months, returned here Wednesday night and remained until this morning, when they took the train for El Paso. Mr. Wornack has resigned his position at the Agency and he and the Mrs. will go to Washington, D. C., from El Paso.

Not many towns the size of Carrizozo can boast of such a hotel as we are blessed with. Mr. Guernsey is giving a service at his hostelry that would do credit to any hotel in a much larger place, and the patronage his place enjoys shows that the people appreciate his efforts.

The Denver Republican is coming around to favor the proposition of the admission of the territories of New Mexico and Arizona to statehood and that without the loss of time. Of course, the fact that both territories are now safely Republican has much to do with this favorable opinion, which is also becoming general among the law makers at the National capital. Says the Republican:

"While we still believe that the separate admission of New Mexico and Arizona as two comparatively weak states would be less conducive to western interests than their union in one strong, self-reliant and aggressive commonwealth, nevertheless, if they are to be admitted separately, there is no reason why the doors of the Union should be closed against them any longer.

Both have sufficient wealth and population to maintain state governments, and undoubtedly the growth of each would be stimulated by the independence and power of self-government which comes with statehood.

"New Mexico, especially, has been seeking admission for many years, and nothing is to be gained by further delay. It has grown largely in population in recent years, and Anglo-Saxon influence has been greatly strengthened by the influx of settlers from other parts of the country. An efficient public school system is removing the reproach of illiteracy, and there is no question that the people would maintain an orderly and progressive government."

Colorado's sugar beet industry now means six million dollars a year income to people of the Centennial state, or as much as the product of New Mexico's gold, silver, copper, zinc, iron and coal mines together. New Mexico has been trying for two decades to secure beet sugar factories, but a small factory at Carlsbad that burned down after it had proved itself a financial future failure, was the only result of experimental beet growing and exemption from taxation provided by territorial statute. What is the matter with the sugar beets of New Mexico?

It is only one of many signs of good times, brought by Taft's election, but it is of especial interest to New Mexico that the Chicago, Rock Island and Pacific Railroad, this week decided to expend \$1,000,000 immediately for new equipment and motive power, for some of this equipment and power will be used right here in this territory. New Mexico not only gets its share, but is getting more than its proportion of prosperity, through the increase of business activity brought by Republican success at the polls last month.

The carrying of deadly weapons is the beginning of murder, and it is in favor of New Mexico that its laws against the unauthorized carrying of revolvers and guns are very strict. The other day a man was sent to the penitentiary for five years from Alamogordo for assault with a deadly weapon, and it is good policy on the part of the courts to impose the heaviest sentence provided by law in every case of conviction for unauthorized carrying of deadly weapons or their use without provocation.

The attention of American heiresses is called to the fact that the beautiful ruby ring worth \$5,000, which the Duke of Abruzzi sent to Katherine Elkins, turned out to be nothing but the cheapest glass, worth about eight cents. Most any grocery clerk could do as well, and as a husband, the chances are nine to one that most any grocery clerk would be worth much more than a duke.

The Torrance County Leader has again changed hands, Mr. C. W. Coombs having vacated and Mrs. R. N. Maxwell, the former owner, having again taken charge of the paper. Mrs. Maxwell is a thoroughly capable and efficient person for the place and no doubt the "Leader" will continue to "lead." Success to you is our wish, Mrs. Maxwell.

A fourteen year-old boy who lived in Kansas City blew out his brains because his parents refused to let him marry a fifteen-year-old school girl. Most any married man can look back at his school day romance and remember when he felt like doing the same thing, but he is certain to be glad he postponed it.

An East Texas editor died, and after he had entered the Great Beyond, saw the sights of his eternal abode and experienced the thrill of his just reward, he said, disappointedly: "I can't see that Heaven is very much better than East Texas, after all." "But this is not Heaven," replied a bystander.

Every New Mexico exchange one picks up says that snow has fallen in the locality in which it is published. This indicates that the recent snow storm was a general one and that another year of Republican prosperity is ahead.

A society woman is authority for the statement that the wavy effect in a woman's hair can best be attained by doing it up with an egg beater. Another good way is to walk against a New Mexico sand storm.

In view of the fact that the Journal-Democrat doesn't believe we are going to receive statehood at all, it shows poor logic in wanting to change the name of "the new state."

Line 857 and 1037. RESORATION TO ENTRY OF LANDS IN NATIONAL FOREST. Notice is hereby given that the lands described below, embracing 352.75 a. res., within the Lincoln National Forest, New Mexico, will be subject to settlement and entry under the provisions of the homestead act of the United States and the act of June 11, 1906 (34 Stat., 233), at the United States Land Office at Roswell, New Mexico, on Feb. 15, 1909. Any settler who was actual and in good faith claiming any of said land for agricultural purposes prior to January 1, 1906, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were filed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any settler, provided such settler or applicant is qualified, to make homestead entry and the preference right is exercised prior to Feb. 15, 1909, on which date the lands will be subject to settlement and entry by any qualified person. The lands are as follows: A tract of 32.75 acres situated in unurveyed but what will probably be, when surveyed, Sec. 12, T. 9 S., R. 11 E., N. M. M., bounded and described as follows: Beginning at a granite stone monument, marked H 1 (letter H over figure 1), whence Forest Service monument (hereinafter described) bears N. 47° W. 76.5 feet; extending thence N. 57° W. 700 feet; thence S. 57° W. 1770 feet; then S. 10° E. 630 feet; thence N. 71° E. 1525 feet; thence N. 41° E. 810 feet to the place of beginning. Variation 12° 30' E. Said Forest Service monument consists of an overhanging granite ledge 6 feet x 12 x 20 feet, situated on east side of Tortoita Canyon, 90 feet from the stream, whence the highest well-defined mountain peak at head of canyon bears S. 60° W., and chimney on claimant's house bears west. ESMH is cut on ledge 4 feet from the ground. Said tract was listed upon the application of J. F. Dalton, of Nogal, N. M., who alleges settlement in 1898. The S. 1/4 of N. 1 and the N. 1/4 of SW. 1/4, Sec. 23, T. 1 S., R. 12 E., application of D. H. Paul of Holloway, N. M. gently, and taken advantage of the natural conditions existing in this part of the Territory. The day of the pioneer is over. He is never a developer in the true sense of the word. He has courage to settle on land he felt ever so uninviting, clear it, and bring it into a semblance of cultivation. He gets but small returns as he lacks the skill to compel the soil to return bountifully. When the land is cleared, his work is done; he passes on, and his place is taken by the farmer proper who knows little about reclaiming virgin land and never attempts pioneer work. When the rough edges of a new country have been taken off, he steps in and begins the real development. The Carlsbad project is now entering upon its real agricultural development. The pioneer has finished his work. An illustration or two will make this clear.

In the fall of 1906 Wm. E. Ball came from Missouri and bought a tract of land adjoining Loving. Irrigation was new to him. The climatic conditions were strange. The soil was not like his old Missouri soil. The first year Mr. Ball floundered around, following the man's advice, and disregarding some other man's advice. His first season's work was apparently a failure, and if any man had reason to be dissatisfied with the country he had. But all this time he had kept his eye open. He had learned by his own mistakes and by the mistakes of his neighbors. At the end of the first year he had solved the puzzle and began to farm skillfully and profitably. He planted about fifty acres of alfalfa. He plowed his

ground, harrowed it, disked it, harrowed it again, leveled it, in short went over his land a dozen times or more before it was ready to plant. He planted and the results were a surprise to his neighbors, who had always claimed that alfalfa would never grow in that locality. At the end of his second season, Mr. Ball has taken in enough money to cover his original investment, and the cost of every improvement that has been made on the place, including large residence, sheds, deep well,

granary, etc. He has a place that attracts the attention of the passer-by, and is to-day worth over \$100 an acre, the original price paid being \$10 an acre. Mr. Ball has planted more alfalfa this year, and is otherwise improving his place, being satisfied that the Carlsbad project is a good place to live and make a living.

There are other new settlers that have done equally as well. To the old timer, the man who has worried along for twenty years trying to make a living out of this same land, shakes his head and says it is beyond his understanding how these things can be.

Another illustration may be given in a different line. In this case only fifteen acres are involved. It was not an attractive piece of land, but the new owner went at it with intelligence and skill, and in a few months the fifteen acres were beautiful to look at. In three years it has come to be a fine orchard, whereas once the mesquite brush and the cactus ruled unhampered. In two more years this orchard will be turning off fruit at the rate of \$500 an acre.

These examples illustrate what can be done by intelligent work in this climate with this soil and ample water supply, and indicate the character of the reports which are received by the Statistician of the U. S. Reclamation Service, Washington, D. C.

S. F. Walton, of Neosho, Wis., was in this community prospecting for a few days during the past week. He says this country looks good enough for him.
