CARRIZOZO, N. M., DECEMBER 25, 1908

PRICE, \$1.00 PER YEAR

LITTLE LOCAL ITEMS

MATTERS OF INTEREST TO THE PEOPLE OF THE COMMUNITY

Geo. Roslington left early in the week for a business trip to Albuquerque.

Ed Chew, of White Oaks, just as jolly and sassy as ever, was in town Monday.

Mrs. H. B. Tompkins left Wednesday night for a month's visit with her son at Tucumcari.

Paul Burton, who has been at the Parsons mines, returned home Sunday to spend the holidays.

Myrtle Tinnon has returned home from Mesilla Park to spend the holidays with her mother.

Do you notice how much longer the days are getting? Last Tuesday was the shortest one of the year.

George Sharp has resigned his position at the railroad shops and will go from Carrizozo to Denver, Colo.

Miss Allie Johnson has been helping Ziegler Bros. Handle the Christmas shoppers for the past week or ten days.

Gus Wingfield, who has been over in the mountains packing apples for the past few weeks returned home this week.

Miss Elsie Mounts, one of our local teachers, is on her homestead near McIntosh, Torrance county, spending the holidays.

"Bill" Humphreys, who has been in the mines at Parsons, came over last Sunday. The mines have closed down indefinitely.

Engineer Frank Kemp has been transferred from El Paso to Carrizozo and now has a regular run between here and Duran.

Mrs. T. A. Hagee and daughter, Miss Anna, of Angus, were in Carrizozo on business and doing Christmas shopping one day this week.

Mrs. E. W. Sears and son,

Vaughn, of Fairbury, Nebr., were here with the former's parents, Mr. and Mrs. Geo. T. Hosier, to spend the holidays.

Frank Theurer returned home Wednesday from a trip up in the Osceuro mountains. Frank assures us that it was cold enough for any one up there.

Engineer Dillion, who has been on the "off list" for several months past, was called from Tucumcari this week, and has resumed his post at the throttle.

County Treasurer Penfield, of Lincoln, was over for a day or two during the past week. He was in attendance at the funeral of his wife's father, H. B. Tompkins.

Mr. Thos. Haddy, mine foreman at the Vera Cruz mines, returned last Saturday from Calumet, Michigan, where he had been called by the death of his mother.

There was a slight freight wreck at a siding about seven miles north of Carrizozo on last Sunday morning. About half a dozen cars were derailed, but no one was injured.

The new depot is done. Billy Dooring is putting up the lights and the offices are now mostly occupied. This another improvement, and a much needed one, that Carrizozo can boast of.

Sheriff John Owen was through Carrizozo Monday. The sheriff was on his way home from Las Vegas, where he had been with a Mrs. Montoya, who has been confined in the insane asylum.

A quiet little wedding occurred at the parlors of the City Hotel on last Saturday evening when Rev. J. A. Tricky pronounced the words that joined in wedlock for life Miss Gertrude Herron and Mr. Alva Tice.

Mrs. H. B. Tompkins and family wish to thank their friends and neighbors who so generously helped them with their sympathy and assistance in the recent illness and death of their husband and father.

Manager Gurney, of the Railroad Hotel, has made all arrangements to feed his big family, as well as all visitors who may happen in, a rousing big Christmas dinner. He has oodles of good things, and will display a big sign reading "If you don't see what you want, ask for it."

The young folks who presented the little two-act drama, "The Last Loaf," at Wetmore's Hall on Wednesday night, accompanied by Miss Lena Boyd, formed a pleasant little party which partook of a fine five-course supper at the Railroad Hotel after the performance. From what they tell us of the affair Manager Gurney must have showed them a fine time.

We are informed that great progress is being made toward the organization of the local lodge of Masons. The principal officers of the lodge have been examined and passed a fine examination, demonstrating beyond doubt their fitness to govern a lodge, and it is very probable that the new organization will be launched by the first of the new year.

What was one of the daintiest little banquets ever held in Carrizozo was held at the Railroad Hotel on last Monday night, when Manager Gurney seated twenty people around one of his tables generously laden with all of the good things of the season. The affair was, per impromptu, having been made up after supper on that night and was in no wise anticipated by any one—much less by Mr. Gurney, but he demonstrated how capable he was of handling an affair of the kind even though his notice was but of a few hours. Those fortunate enough to be at the "eat-in" are loud in their praise of his efforts and of the able service rendered by the hotel attaches.

YATES ARRESTED

Sheriff Denny made an arrest at Alamogordo last week that has caused some of our old time citizens to reflect on the past. The man arrested was Emmett Yates, who was indicted in this county about twelve years ago for cattle stealing. He was arrested at the time and gave bond, which he forfeited. His case has long ago been forgotten by most people, but his arrest will revive the case in the memory of many people.

THE LAST LOAF

The entertainment given at Wetmore's Hall on Wednesday night in which much of our local talent was evidenced proved to be a financial winner and artistic success.

In the first part, entitled "The Case of Sophronia," the several young ladies taking part acquitted themselves with credit, and really surprised their friends with their ability shown.

The second and main part of the evening's program was a neat little two-act drama, entitled "The Last Loaf." In this piece are eight characters, and each was filled in a very able manner by one of our local celebrities.

The play was thoroughly enjoyable and seemed to be appreciated by everyone present. It was given as a school benefit and the receipts will add a handsome little sum to the fund to which it will be added.

Owing to the fact that the performance gave such general satisfaction, and as many of our people failed to see it this time, the young folks have about consented to reproduce it for us again in the near future. Earnest soliciting from many who were there as well as from people who failed to go Wednesday night, makes it an almost assured fact that the next time the hall would be crowded. Let's have it Professor.

WORDS OF PRAISE

Editor of Outlook:

As one member of an interested and highly pleased audience which witnessed the entertainment, "The Last Loaf," at Wetmore's Hall on last Wednesday night, I wish to congratulate those who took part in the performance and would like to see the same repeated.

For myself I wish to say that I would be pleased to see it repeated, would like to witness it again, and I am confident that if the young people who presented it on last Wednesday night were to give our people another chance they would be greeted by a crowded house.

Hoping they will see fit to again show us "The Last Loaf," and again congratulating them upon their great success, I remain, Respectfully, A. Ziegler.

HOT PEANUTS

C. C. Deadwiley, who has a farm on the Pecos just east of Hagerman was in Roswell Monday, bringing the first load of peanuts ever brought to the local market. He brought 1,000 pounds of fine Jumbos and was paid 9 cents per pound, the rate given for all by the Roswell Seed Company.

DENVER STOCK SHOW

The fourth annual exhibition of the National Stock Show will be formally opened to the public on Monday, January 18th, and continue for the whole week. The judging will commence at 9 o'clock Monday morning in the new amphitheater and there will probably be four judges at work most of the time until the work is completed during the latter part of the week. During the day work will be principally in judging but every evening, commencing at 8 o'clock, there will be an exhibition in the arena of the new amphitheater which will attract everyone. The evening program will consist of horse show classes, parades of prize winning stock of all kinds and exhibitions of riding and driving. This part of the entertainment is intended particularly for the city people who want to see with the least expenditure of effort. The handsome new building just completed is comfortably seated with opera chairs, lighted brilliantly and comfortably heated by steam. It will be worth the price of admission just to see the new

building with the crowd in it and the indications are that the stock show will be a popular fad with the public in Denver and from around the state.

An Edison Phonograph or a Victor Talking machine makes a fine present good all the year round. Prices range from \$10 to \$200.

We all feel more akin to Alice Nielson. She has just announced that she is flat broke.

The new feed lots at the New Mexico Agriculture College at Roswell are about completed and 25 steers will soon be brought in from the C. F. Turney ranch on which to test the value of kaffir corn vs. corn meal and corn stover, and oats vs. alfalfa. Those in charge hope to complete the test in about 130 days, and then the steers will be sold to either the local or El Paso market.

Three vicious mountain lions were captured within eight miles of Silver City last week and are now in captivity. The men adopted the novel plan of "roping" the animals and then hog-tying them. The securing of the big cubs was comparatively easy when compared to the difficulties encountered in safely landing the old lions which several times bit the rope in two and came very near escaping.

Calloused by several years experience in the country newspaper business and weighing about 190 pounds, we are enabled to stand the kicks and squeals of disgruntled readers to a greater degree than we could a few years ago, but, by chowder, we can't say that we are hankering for their visits yet. If you have fault to find with our "spells" please send by registered mail. We'll get them, all right, and it don't unnerve us so.

Gee, whiz. We don't care whether you had Turkey, Goose, Duck, Chicken, Quail, Venison, Bear or Antelope for Christmas. We got hold of a great big mess of home grown, home-killed, regular farmer style, back-bones, out of a real hog, and those same back-bones had not undergone a course of sandpapering before we got them either. If we don't get down to the office Saturday, we may justly be supposed to be suffering from "backboneitis."

Much good work has been done on the roads in the past week or two, but not as much as needs be done. There are many places along the roads on every side of town that needs attention. Every able bodied man should be compelled to pay his road tax or do his portion of the work. As is the case in most communities, the road tax collector is met with entirely too many excuses. If the custom prevailed as in many places, that of forcing a man to show his tax receipt before voting, was practiced here it would help a great deal, and would make the fund available for bettering the driveways a much larger one. This is a necessary expense and man who lives in a community is more or less benefited, each one should be forced to stand his apportionment.

Lidoro Armijo the Clerk of Courts down in Dona Ana county may have some peculiar ideas, but he has some commendable ones also, has prepared an "office Bible," which contains some excellent rules facetiously expressed. The following are extracts:

"And it came to pass in the year following the building of the Temple of Justice in the county of Dona Ana, in the territory of New Mexico, wherein are kept the official records as provided by law, and in the office of the probate clerk to which the multitude of Christians and Pagans have access, that the clerk who reigned over the archives and who was responsible and answerable to the populace for its proper conducting, had posted the following rules and regulations governing the conduct of those having business within the sacred precincts and those who labor therein.

"1st.—All clerks and employes working in the Temple of Records shall at all times be polite, courteous and obliging to all persons having business in this office, who in turn should be courteous and appreciative, remembering that politeness is a priceless asset becoming a public officer and servant of the people whose days shall be long in an office of trust wherein he has proven faithful and efficient.

"7th.—To err is human and all men have erred since the beginning of the world. Be as human as you wish to be but make as few mistakes and commit as few errors as it is possible for you to do. Control your passions and remember that every citizen has the same rights.

"8th.—Whistle not during office hours in the office of the probate clerk. It shows bad breeding and disrespect toward a public official and dishonors a public office.

"9th.—Music hath charms to soothe the savage beast but singing in the office of the probate clerk of Dona Ana county is forbidden. Persons should not sing or whistle in the office of the probate clerk as they may become too enthusiastic or too boisterous.

"12th.—The following rule is infallible and must be carried out to the letter. No deputy shall receive any document or paper for record unless the fee is paid in advance.

"15th.—The sanctum of the office of the probate clerk must be opened at 8 a. m. All employes must be at their posts and desks at that time.

"18th.—Eight hours work will be required by the probate clerk from the employes of this office; they must be clean and immaculate.

"19th.—The probate clerk insists upon quality not upon quantity of work. Every employe is expected to do his full duty.

"23d.—Brother your attention is called to rule 12 of the Bible, and be good and live ye to the commandment of the Golden Rule. 'Do unto others as ye would they should do unto you.'

Miss Lea Kennedy has been helping out with the work in the post-office during the holiday rush. Judge Hewitt, of White Oaks, was in town for several days during the past week.

Any settler who was actually and in good faith claiming any of said land for agricultural purposes prior to January 1, 1906, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. The lands are as follows:

JUDGE TOMPKINS DEAD

A veil of gloom was thrown over our little town on last Saturday evening when the news became current that grim death had once more visited us and had deprived us of one more good and respected citizen.

Justice of the Peace, H. B. Tompkins was the one to fall before the grim reaper and in his going our people realize and acknowledge the passing of a good citizen.

Mr. Tompkins was born in the state of Wisconsin on February 8, 1851. He was united in marriage to Julia A. North, in Kansas, in the year 1875 and to this union have been born four children, all of whom, like the wife, are still living. In 1892 Mr. Tompkins with his family moved to New Mexico, settling in the northern part of the Territory. In 1898 they moved to Lincoln county and from that time until about two years ago resided in White Oaks.

Two years ago they moved to Carrizozo and have become one of our most highly respected and generally beloved families.

Mr. Tompkins has long been a member of the Methodist church, was active in affairs of that denomination and was a devout christian. His funeral services were conducted from the residence on Alamogordo Avenue on Sunday afternoon by Rev. J. A. Trickey, pastor of the local church, residing, and the remains were laid away in the Carrizozo cemetery.
