LOCAL MENTION

If you see it here it happened

Miss Herbert, one of the teachers in our schools during the past term, left for her home in Las Vegas Monday night.

Among the numerous visitors to Carrizozo during the past week was James Walker, of Estancia. Mr. Walker was looking for a business location.

The home of Dr. Paden adjoining the Mc Donald addition was practicaly destroyed by fire on Tuesday morning, the cause of which is thought to be from a spark from the stove.

Dr. Paden's son Brent, who is employed at the railroad station at night was sleeping at the time the fire started and had a narrow escape with this life. He received a servere cut on the right hand in trying to get back in the house through a window. Mrs. Paden received a slight burn on her neck and her hair was all singed.

Mr. E. Babcock and a carpenter from the ice pland were among the first on the scene but were unable to do anything as the house was then well under way. From what can be learned there was no insurance on the place.

Mr. J. H. Banks, representative of the Queen and Royal insurence companies was a visitor at the Outlook Office on Tuesday afternoon. He seemed to be much interested in the Monotype machine.

Miss Peet and little daughter left for their home in Moriarity on last Friday. Mrs. Peet was one of the teachers in the public schools here during the past season.

There was a very good crowd at the entertainment given by Humphreys Bros. and Jones at the skating rink on last Wednesday night. The show was good and the singing of little Ma Belle Walker was a highly enjoyable feature, and she has the grace and ability seldom found in one of her age She makes a great hit in her impersonation of Anna Held'" with her song "I just can't make my eyes behave".

On last Friday afternoon the schools of Carrizozo were closed for the year with exercises consisting of songs, music and recitations. In all about sixty visitors were present to see and hear the youngsters acquit themselves, and one and all are loud in their praise of Prof. Hall and his efficient corps of teachers for the training given. Before another season begins Carrizozo will boast of a modern schoolhouse, and will be as well provided for the instruction of Young America as any of her neighboring cities.

Mr. Theo. Aanstoos, the gentlemanly young monotype operator, who recently came from New York to accept a position in this office, received the sad news of the sudden death of his father at New Rochelle N. Y., on Thursday of this week. The many friends Mr. Aanstoos has made during his short residence in Carrizozo sympathize with him most deeply in this the hour of his great bereavement.

Mr. N. S. Rose and Theodore Aanstoos of the Outlook office spent last Sunday driving arround the mountains in this vicinity and "Teddy" says that the more he sees of the place the more he likes it.

Miss Dalton of Nogal has been a visitor at the Hotel Temple during the past week.

The family of J. H. Migley who have been living in town this winter, in order to give their children the benifit of our schools returned to their ranch near Tularosa the first of the week.

On Tuesday of this week two men enlested at the United States reculting station of this city, one of whom was Mr. Ray Blonden the barber who recently came to Carrizozo, and was employed at the barber shop of Chas. Stokes.

Dr. Alexander McCallum and son Arthur of Oscuro visited in our town Saturday last.

M. I. Jackson of Oscuro was a business visitor in this metroplis this week.

Dr. E. G. Sugg who has purchased the practice of Dr. Bagby, arrived the latter part of last week and is now established in our town as a resident physician.

John Gallacher and sister Maggie went to Mesilla Park the first of the week to be present at the commencement exercises of the Agricultural College. Their brother William graduates this year.

Jones Tallaferro, Judge Hewitt, Lee H. Rudisill and Chas. Spence of White Oaks were business visitors in our town Saturday.

Mr. Fred of the Outlook office has been wearing a nice little smile for the last few days What is he smiling about? Why he has struck water and lots of it at 71 feet.

Mr. George Spence, Mr. Howard and Mr. Woodson of El Paso, spent a few days in the mountains near here, this week.

DEMOCRATIC MEETING

The Democrats of precinct fourteen held a meeting here on the 13th inst for the purpose of electing delegates to the Democratic county convention at Lincoln.

W. C. McDonald was chosen as chairman and W. J. Doering as secretary of the meeting and the following proceedings were had:

H. S. Campbell, Clay VanSchoyck W. J. Doering and Walker Hyde were elected as delegates to the Democratic convention, held at Lincoln on Saturday, May 16. John Baird, Walter Winfield, John J. Kahler and J. B. Burrell were elected as alternates.

The meeting was open for general questions and on motion and vote it was decided to form a Democratic club in Carrizozo. The following officers were chosen to act for the club: W. J. Doering, pres.; Ed R. Kelly, vice pres.; C. F. Kanen, sec'y and H. S. Campbell as treas. John Kahler, S. W. Perry, Walter Winfield, T. B. Meek and C. F. Kanen were appointed as a committee on by-laws.

There were about 40 Democrats present who signed the roll and gave a voluntary contribution to the expense fund. All Democrats are invited to attend the next meeting, date of which will be given later.

REPUDIATE CONFESSIONS

The three natives who are held in jail at Las Vegas, charged with the murder of J. H. Teitelbaum, a merchant at Tecolote, have repudiated the confession they made of killing and will fight the case. Each made a confession in writing to sheriff Romero, and each signed his statement. Mrs. Teitelbaum was also accused of complicity in the murder, having planned it, according to one of the men, with the understanding that she would marry the leader when he and his two companions killed her husband. Teitelbaum was found dead in his store, having been strangled and stabbed. The murderers got only a small sum of money, which, according to their confession they divided equally among themselves.

THE OUTLOOK

Entered as second class matter January 4th, 1907, at the postoffice at Carrizozo, New Mexico, under the Act of Congress of March 3rd, 1879.

A WKLY NEWSPAPER DEVOTED TO THE INTERESTS OF LINCOLN COUNTY
PUBLISHED EVERY FRIDAY BY THE CARRIZOZO PUBLISHING COMPANY

SUBSCRIPTION PRICE

One Year (in advance) $1.00
If not paid within six months $1.50

The man wrote "unbeatable" when he was reporting the nomination of a straight Democratic ticket in an Arizona city, but the typo, of course, made it read "unbearable" from top to bottom.

A newspaper headline says "Massachusetts instructs for Bryan." Possibly the paper meant to say that the Democratic party of Massachusetts instructs for Bryan. The difference may be slight, but it is not immaterial.

And now the local sleuths of each vicinity are suspicously eyeing each strange woman they meet who happens to be a trifle large in form and each and every one of the modern "Sherlocks" is confident of capturing Mrs. Guinness, and returning her to Indiana.

The Government authorities are of the opinion that there are several railroad men in El Paso who are industriously busy in smuggling Chinese over the border and inland to safty. Should such be the case, and the men are caught, they should be deported along with their olive complected subjects.

A remarkable change has come over the financial spirit of Mrs. Hettie Green. She has left a lodging which she has occupied for many years and paid the magnificent sum of $13 per month and has taken apartments for which she now pays $30 a day. In addition she has commenced to board at fashionable restaurants. Is it possible that the old lady is looking for another husband?

Senator Jeff Davis's "maiden" speech in the United States senate was so indecent that even the Washington Herald refused to print it. The senator had taken pains, too, by writing his speech, to reduce the amount of vulgarity and coarseness his address usually contains. In the introductory paragraph the senator said: "That no intemperate or ungarded language may escape my lips on this occasion, I have done what I never did before—commited to writing the words I shall speak".

A New Mexico land company has a unique advertisement in one of territorial papers: "The Bank of Creation—the safest bank in the world, never returns a check unpaid, burglar proof, pays the largest interest and dividends, never refuses to pay depositors, nerev affected by Wall street panic, always solvent, the oldest and largest banking institution in the world, all deposits guranteed by the Creator himself and the United States government. In other words—Buy land."

The Grady Record has made its appearance in the new town of Grady, which is located about 35 miles north of Texico. The town is growing and the Record declares that the first requisites for a progressive town are a newspaper and a bank. The newspaper is there and the bank is in process of it stitution. The paper asserts that among the new slettlers in its section many are Republicans and that nearly all the settlers favor statehood for New Mexico. All this is very good news and there cannot be to much of it.

The people of New Mexico are today eye witnesses of one of the greatest population movements in the history of the nation. Santa Fe only one of five land districts in the territory and yet, within the past twelve months, there have been in this district alone almost five thousand original homestead entrys or an average of sixteen a working day. In the Clayton land district, there were more than twice as many entries in this period and at the present rate of almost one hundred homestead entries a day is being mantained in the Territory. It is difficult to realize the full portent of this migration to the Southwest. It seems that only yesterday this was the land of manana in which people of Spanish descent were in the majority. Today, it is a commonwealth in which the descendents of the origiual settlers are far in the majority, a commonwealth that is grownig more rapidly in population—and wealth than any state in the Union. The census of 1910 will show that it has passed at least half a dozen commonwealths that in 1900 were ahead of it. Yet the growth of New Mexico has just begun merely. More than one half of its area is still public land and its resources are hardly known, much less developed. There is room for sevel million people without crowding any one. There is not a single town that has as yet attained the fifteen thousand mark in population but inside of twenty years there will be at least half a dozen such.

Thirty years ago one of the old fashioned steel-wire spring wagons was a luxury. In a funeral procession a mile long you would see perhaps two or three of them. Everyone rode in farm wagons. Twenty years ago a top buggy was a rich mna's good fortune and but few of them were seen. Today a top-buggy with a rubber tire is as common as a Democrat in Texas. Anybody and everybody has them. A farm wagon in a funeral procession would be a novelty. The upper tens ride in automobiles and they are fast getting to be common. A newspaper printed yesterday is stale. If a letter is twentyfour hours traveling a thousand miles there is kicking coming. Ten dollars don't look as long as 10 cents did with our grandfathers. We spend more for socks and suspenders than grandfather did for his Sunday cloths, and still we wonder what is the matter with the world that it does not grind out as many rich bloodsgrass it did a century ago.

HUMPHREYS, THE JEWELER

LARGER PAY FOR ARMY

With the passing of the army pay bill comes much rejoicing from the private to the major general. The total appropriation made is $95,362,240. The bill is now in the hands of the president for final action.

The increase in pay means much for the good of the service. In the first place it places the pay of the noncommissioned officers where it should, and will have a tendency to keep good men in the service.

The new pay bill will add an additional $500 to the salary of the following officers, making their salary for the future as follows: Major, $3000; Lieutenant Colonels, $3500; Colonels, $4000; Brigadier Generals, $6000; and Major Generals, $8000. Second Lieutenants will receive $1700 per year; First Lieutenants, $2000, and Captains $2400.

According to the increase, the enlisted men will get considerable more pay. Post noncommissioned officers and regimental noncommissioned officers now getting $34 when first promoted will draw $45 at the beginning and the increase will run up to $53 in the third enlistment. First sergeants now getting $25 will get $45 on the first enlistment and can get as high as $53 for the third Calvarymen, infantrymen and engineers qualifying as sharpshooters, marksmen and experts, will receive in addition to the new pay, from $2 to $5 per month extra. Coast and field artillerymen qualifying as first and second class gunners will in addition to their pay from $2 to $3 per month.

Corporals and Sergeants of coast artillery qualifying as gun pointers, gun commanders, observers (second class), chief pointers and chief loaders will receive an additional allowance of $7, while those as platters, observers (first class), or casemen electricians (the total number authorized beig 1398, or about eight per company) will receive $9 per month additional pay.

ANOTHER POOR GUESS

"The Republicans who met in Colorado City yesterday to send Taft delegates to Chicago might as well have saved the expense of the trip. 'Taft won't be able to get a "look in" with Bryan next fall.'" —El Paso News.

This prophesy by the News is about as correct as any of their political predictions. After the farce they made at fighting the issuance of bonds in their own city, and the emphatic manner in which they and their stand in the matter were rebuked by the voters at the polls, it must take considerable egotism to expect an enlightened public to place any confidence in their prophecies.

WE'RE KETCHED

The following little clipping is from the El Paso Herald o the 14th:

"Judging from our exchanges, the Herald force is editing about 141 other papers. The way our friends and neighbors take our editorial and news matter without a word of credit or acknowledgement may be deemed highly complimentary, but it is not honest."

Now we "fess up" our share. Who are the other 140 rogues.

DAMAGE FROM WIND

The new store building of Ziegler Bros. on the corner of Alamogordo Ave. and Fourth St. was partly blown down on Tuesday afternoon, caused by the terrific winds. The west wall was blown completly down. Gray Bros. are the contractors and they are now going to brace the rest of the walls to keep them from blowing down.
