Ed Kelley left Tuesday for a months visit to his place at Magdalena. Mr. Jerry Kelly is here and will be conductor on Ed's transfer wagon during his absence.

Ira O. Wetmore celebrated another birthday last Monday. Ira just looks wise and gives a shy blush when you ask him how old he is, but he will confess to thirty-six years.

The Epworth League is making arrangment to hold a musical and social on September 16th. Definite arrangements as to program and place of holding will be announced as soon as they are finally decided upon.

Tom Johnson, Chas. McMasters, Tom Davis and George Roslington formed a stag party which visited Red Lake last Sunday. Walker Hyde took the boys up in the large auto. Ask any one of the bunch if it was muddy.

William Riley, of Alamogordo, has purchased the E. S. Chuck property, in the north end of town, and has given a contract to Harry Little to improve and build on to it. Mr. Riley will move his family here and occupy the house as soon as the carpenters have completed their work.

Teddy Aanstoos rambled around the mountains near Nogal for a few hours Saturday night in the rain and dark and finally run into Capitan, his objective point, at about 10 o'clock. Ted spent Sunday in Fort Stanton, returning to Capitan Sunday night, and coming on home Monday morning.

William Kahler, Jr., met with rather a serious accident while working on a well at his home two miles south of town last Friday. Mr. Kahler was lowering another man into the well by means of a windlass and rope, when in some manner the windlass slipped and the handle struck him under the right eye. He was rendered unconscious for some time, but recovered consciousness and had to have Dr. Sugg take stitches in the wound. While the member is still discolored he is now doing very nicely.

Miss Bennie Morrison, who for the past four months has been teaching school at Capitan, spent Monday of this week in Carrizozo on her way to her home in Gatesville, Texas. She expects to stop at El Paso, Ft. Worth and Cleburn to visit relatives on her way home.

Mrs. Bourne, mother of Mrs. J. H Skinner, Mrs. W. R. White, and Robert, William and Cleave Bourne, who resides near Capitan, has beon quite ill for the past two weeks and we understand she is at this time very low. Mrs. Bourne is far advanced in years, and some concern is felt as to her recovery.

A New Mexico Editor wants to know how many bales of hay it takes to make a pound of honey, or how many pounds of honey there are in a bale of hay. We confess we don't know, but do know that when we sit down to dinner and there is honey on the table there is a pound of honey in us when we get through.

A North Carolina man was recently mobbed and egged out of town. He instituded damage suits against his persecuters, claimed $300 damage for each of the fifeen eggs that hit him and won his suit. Half the mob was composed of women. The Outlook wishes to know how much money did the man get? Howmany eggs were thrawn?

A very enjoyable entertainment was given on last Saturday night, by the ladies of Ft. Stanton for the amusement of the patients of that place. The most pleasing feature of the evening was the singing of Carrizozo's little "song-bird"—Miss MaBelle Walker, who was visiting the Fort at the time as a guest of Mr. and Mrs. Van Ness.

The eight-months-old baby of Frank Johnson, whose wife died about six weeks ago, died at the home of Mrs. Skinner's mother, at Capitan, on Tuesday morning. The little one took seriously sick and died within a few hours. The remains were brought here Tuesday night and were buried in the Carrizozo Cemetery Wednesday morning.

Allen Lane, a popular and well known citizen of White Oaks, who was well known to most of our citizens was instantly killed while employed at drilling a well at Santa Rosa on last Wednesday. The news of his untimely death was received with many expressions of regret by his host of friends here, one and all of whom join in extending to his bereaved family their deepest sympathy.

Little Ruby Collins, the eleven year old daughter of A. L. Collins, met with a very serious and painful accident last Friday. While playing with some other children the little girl fell and fractured both bones in her left arm below the elbow. What tends to make the injury more serious is the fact that the same arm had just healed from a fracture received some five or six weeks ago. Dr. Sugg was called in and set the broken bones and we understand the patient to be getting along as nicely as could be expected.

The Carrizozo Baseball Club leave here to-morrow morniug and go to Capitan and play the Fort Stanton team on the Capitan grounds in the afternoon. On Sunday morning the two teams will cross bats on the Ft. Stanton grounds and return Sunday night. Two hard fought and close games are looked for.

To the public: Some person or persons who are evidently as devoid of truth as they are of principle, seem to have circulated the report in Carrizozo that I am using alum in the manufacture of the bread I am offering to the public, and I hereby offer to let anyone make a chemical analysis of my bread and I will pay all the expense of such a test if any alum is found to be used in its manufacture.

H. B. Tompkins.

The Masonic brethern of Carrizozo, White Oaks, Oscuro and other towns of Lincoln County, held a very enthusiastic meeting at the law offices of Barber & Gierke last Wednesday night to talk over the organization of a lodge for Carrizozo. From assurance received from members of the order, it is hoped to start the new lodge with a membership of from 35 to 40 members. It was decided to proceed at once with the organization and plans were adoped to perfect same at an early date.

Well it's all over, and delegate W. H. Andrews has been re-nominated as the Republican candidate for Delegate to the Sixty-first Congress from New Mexico. Mr Andrews was nominated, and by a very handsome majority, on the first ballot, the vote standing Mann, 20; Spiess, 44; and Andrews 116. Necessary for election, 91. The Senator's election was, by motion of Thomas B. Catron, made unanimous, and both Judge Mann and Chas. A. Spiess made congratulatory speeches and pledged their unstinted support to the nominee. The evening session was turned into a ratification meeting and love feast, and the Republican party of the Territory stands as a unit in the support of the Hon. Wm. H. Andrews, the most capable and most efficient Representative New Mexico has ever had in the halls of Congress, and the man who is to be elected by an overwhelming majority to succeed himself at the November election. The Outlook extends congratulations to Mr. Andrews upon his victory, and to the Republican party upon its wisdom in the selection of a nominee. The success of the party in the fall election is assured.

"And, I may add," remarked Mr. Bryan solemnly at a ceremony in Lincoln on Wednesday of last week, "a platform is binding as to what it omits as well as to what it contains."

These words, coming from a former champion of free silver, Government ownership of the railroads and other equally delightful schemes and ideas, are interesting and possibly significant. So far as The Outlook knows, Mr. Bryan has never had the courage to frankly repudiate the most notable of the absurdities for which he has shouted at one period or another of his public career. He has made a few half-hearted apologies for free silver and has tried to rid himself of the handicap of the Government ownership of the railroads idea with the brusque statement that "it is not an issue this year." But he has never had the courage to say what everybody knows—"I was wrong."

We are glad to hear that Mr. Bryan regards political platforms as binding in what they fail to say as well as in what they say. This idea if he sticks to it might keep him out of a lot of trouble in the strange case of his election next November. But it would not save him altogether. There is a lot of badness that is specifically asked for in this year's Democratic platform. Moreover, history in a great country like this does not stand still. It will not wait for national conventions and their platforms to lay down a line of conduct for a President. During four years questions are sure to arise which call for straight and clear thinking. Mr. Bryan's record does not show that he is fond, or even capable, of reasoning of that sort.

Free silver and its kindred bits of demagogy and nonsense may be so dead that the Republican party can afford to try to forget them. But the mind that grabbed at them when that seemed the profitable thing to do, is aiming at the White House again to-day. Mr. Bryan used to be called the "Boy Orator of the Platte." Do the American people want as President in those times of emergency which come in every administration, a man with a mental equipment as erratic, as uncertain and as shallow as that remarkable river which has been Mr. Bryan's neighbor for a good many years.

Gee Whiz! The life of an Editor is hard. One day this week we got a postal card from an old-subscriber stopping his paper, and a short sentence of three words underscored. "Too much Andrews." Now if a paper supports a candidate it is critized for being partizan. If it fails to do so it is accused of being sleepy and slow. If there are forty candidates out for an office, and each have one friend, the editor gets forty requests or forty demands for support, and when he boosts one of the forty the other thirty-nine are ready to climb his frame. Well thats what we expect, so come on with your "hollers."

The Noble Spaniard is still fog-horning the territory and discoursing upon the shortcoming of the Republican party. Incidentally he is making a few promises on behalf of the Democrats in event of their victory in November. The "Silver Tongued" has good staying qualities and his themes may interest a few, but that's about all you can say in support of his candidacy for Delegate to Congress.

The news comes that a number of the New England states will throw off the Republican yoke this fall. How the mighty have fallen! Carrizozo News.

Well, we havn't heard the "thud" yet, Bro. Haley.

We don't agree with the Estancia Democrat in polotics but By Chowder, there aint no paper in the great Estancia Valley got nothin on em when it comes to gittin out a good sheet.

Will someone kindly mail us a verbatum account of one of Larrazolo's latest speeches? We wish to compare it with one made before the Santa Fe convention.

A North Dakota tornado the other day lifted up a boy and carried him three blocks. Will Farman and the Wright brothers please take notice?

Fifty-three autos have been burned in a Chicago fire. Pedestrians, however, hardly will notice the difference.

What, we wonder, did the gentlemen who ran for office a decade ago do without the long-distance telephone and the phohograph?
