## SALARY BILL PASSES

Bill passes Both Houses by two-thirds Majority and now is up to the Governor

## REP. BLANCHARD IS ARRESTED

The State Senate this week passed the House County Officers Salary Bill with a few amendments by a vote of 20 to 4. The Bill then was returned to the House as a Senate Bill and passed that body with the amendments by a vote of 30 to 13, it having a majority of two-thirds in both houses which would enable it to be passed over a veto and which will put it into effect at once after passage by use of the emergency clause. Whether Gov. McDonald will veto the present bill or not is not known. He has not made any public statement on the matter as yet.

The bill as passed puts Lincoln County in the Third Class and allows the following salaries: County Commissioners \$500 each; Treasurer \$2500; Assessor \$2500; Sheriff \$2000; Deputy \$1000 and expenses; Clerk \$2500; Deputy District Clerk \$800; Probate Judge \$500; Surveyor \$10 per day with not over 75 days a year. There are also provisions for special deputies for clerk and sheriff in emergencies.

The Ocean to Ocean and Borderland State Highway Bills by Tully passed the House this week. Both mean good roads for Lincoln county if passed by Senate and signed by Governor.

### BLANCHARD ARRESTED

Rep. W. E. Blanchard of this county, was arrested on the floor of the House on order of the speaker after an altercation over the rights of Blanchard to appeal from the decision of the chair. The argument was over a resolution to audit the Speakers contingency fund which Blanchard had proposed be investigated. Blanchard refused to be arrested by the City Marshal and then was arrested by the Sergeant at Arms, and immediately was released under habeas corpus proceedings and the District Court the next morning declared the Speaker had no right to order such an arrest. It seems to have been purely a misuse of authority on the part of the speaker and Blanchard was in his seat the following day.

The House has passed a number of bills and most of them are up to the Senate. The Legislature adjourns on the 13th of March.

## SECOND FREE WILL TEA

It is expected that the Fall term of court will surely be held in the new court house which will then be completed.

## APPRAISER WAS HERE

C. M. Campbell representing I. H. Rapp appraises damages on County Buildings

## REPORT TO COMMISSIONERS

C. M. Campbell representing I. H. Rapp, architect of Santa Fe, who was employed to go over the county buildings at Carrizozo to ascertain the probable cost of putting the said buildings back into the condition they were in, before the construction was stopped, spent two days this week here in getting data for the report.

Mr. Campbell went over the buildings carefully and made notes on all points and gathered all information obtainable and returned to Santa Fe Wednesday evening to report to Architect Rapp how is expected here next Monday in person to submit his report to the Board of County Commissioners. Mr. Campbell refused to give out any statements as to what amount he believes would be necessary to replace the building to the point and in condition it was in when the injunction stopped its construction two years ago. The information will be made public next Monday when the Commissioners will meet at Carrizozo to receive the report and also there will be present the Contractor's attorney and possibly a representative of the Lincoln bondmen. At this meeting of the Board it is expected that definite steps will be taken to adjudicate matters so that the contractor can complete the buildings here at once.

## CIVIC LEAGUE MEETING

The Civic League held a very enthusiastic meeting Tuesday afternoon at their Temporary Headquarters, Dist. Attorney Hamiltons Office.

Mrs. Gen. Ulrich the President being out of the City Vice President Mrs. John E. Bell presided.

Many matters of importance were brought up and disposed of. The matter of the New Club Rooms was indefinitely postponed. Mesdennas Mudge, Kimbell and Whittingham were appointed a committee to arrange for a "Burlesque" Fancy Dress Ball to be given for the 7th of March.

The Junior League will assist the Senior League in this and they will no doubt make it a Real Society Event. An admission of 50 cents for Gentlemen and 25 cents for Ladies and 10 cents for children was agreed upon. The proceeds to be used in the work we are so deeply interested in, beautifying and improving our little City.

## OSCURO HAS ANOTHER TIE

Oscuro takes the cake for having tie elections. At the regular precinct election in January Earl Black and Horace Riddle tied for the office of constable with 14 votes each. The Commissioners ordered another election which was held Monday and which again resulted in a tie between Tom Moody and Earl Black each having 16 votes. The office pays a possible fee of \$5 or \$10 a year.

## TOM THUMB TONIGHT

The Midget wedding to be participated in by sixty of our children will take place at the Methodist Church tonight. It will be a very interesting event and well worth attending. The charges are 35 cents for adults and 25 cents for children. Be there. The receipts go to the Junior Civic League.

Andrew Hudspeth was down from White Oaks this week on his way to Santa Fe.

## SCHOOL NOTES

The sixth month of the school term closed February 21. Only three months remain in which to complete the year's work of the several grades.

Friday afternoon the Carrizozo school held exercises in the High School assembly room in commemoration of Washington's birthday. It had been planned to have the local speaking contest in connection with this program but as some of the contestants were absent on account of sickness and other matters of detail connected with the contest had not been arranged this part of the program was not carried out.

Preliminary contests were held in Miss Humphrey's room and in Mrs. Massie's room Monday evening. In Miss Humphrey's room Mona Lane won first place in class B. for pupils between the age of ten and fourteen years and Barbara Hust in class C. for pupils under ten years of age. In Mrs. Massie's room Harriet Kimbell won first place in class B and Maggie Peck in class C. A legal contest will be held in Mrs. Nichol's room Thursday afternoon of this week.

At the weekly teacher's meeting of the Carrizozo teachers held Monday evening plans for the celebration of Arbor Day which comes March 14, were discussed and a program was partially arranged. The Arbor Day exercises will be arranged by the teachers in conjunction with the Civic League and the Commercial Club and will include beside the literary exercises, the planting of trees by the school children.

## FT. STANTON NOTES.

The Committee having plenty of material for the big vaudeville show to be given March 25th have with drawn their call for further volunteers. This means there is sure to be something done on March 25. The program will be one surprise after the other, and will take in time fully two hours and a half.

Chaplain Frund returned Tuesday from Carrizozo where he gave a public lecture Monday evening in the Catholic Church. He was greeted with a large and intellectual audience.

The appearance of the Robbin, Blue Bird, and many feathered soagsters around the Fort announces beautiful springtime, causing patients and all to feel happy and cheerful.

Last Friday evening the big Pearce Minstrel number for March 25th held a rehearsal at the home of Mr. and Mrs. Lovett, a most happy gathering which rejoiced on it also being the birthday of Mr. Lovett.

Father Cirma of Lincoln was a visitor to the Chaplain Frund last Tuesday.

J. I. Brown and his troupe are preparing a number that will make you hold on to your seat when it appears March 35th.

Mr. King of St. Paul is the latest arrival to join the Happy group at No. 4.

The New Cold Storage building is nearing completion.

## JUNIOR LEAGUE TO MEET

An important meeting of the Junior League will be held at the school house next Tuesday afternoon when matters of importance will be considered. All the Junior League members are requested to be present.

## YELLOW JACKET OPEN

Colorado Fuel and Iron Co. to start to ship Ore Monday

## FIFTY TON A DAY TO PUEBLO

Contracts and arrangements have been made and signed and all matters adjusted to the effect that the Yellow Jacket Iron properties, 111 miles Northeast of Carrizozo will be operated commencing Monday of next week. Chas. Speace is the owner of the property and the Colorado Fuel and Iron Co. are to take all the ore in the mines, and ship it to their Pueblo Colorado steel plant. C. K. Hartly of Orogrande has taken the contract to take out the ore and put it on the cars. The railroad is to put in a spur two miles north of Robsart which point is about two and one-half miles from the properties. The extent of the iron deposit in the Yellow Jacket group is unknown but the taking out of ore may develop a much larger deposit than anticipated.

The fact of the Colorado Fuel & Iron Company entering Lincoln county is a notable event and there are a number of iron properties in the county which this corporation have or will investigate in the hope of establishing large and permanent camps.

While the Yellow Jacket is not an extensive or big property, yet the camp will employ from fifteen to twenty men after same is in full operation.

A telephone communication is to be installed between Carrizozo and the property.

## MUCH SHALLOW WATER

George Lee has this week finished a new well on his claim near town. Water was struck at a depth of 10 feet, when a 2 h. p. engine was placed at work pumping out the water in order to push the well as deep as possible; when down to a depth of 27 feet the water became too much for the workmen and the deepening process was stopped. The two horse power engine had been pumping 1100 gallons an hour or 20 gallons a minute out of a two and one-half inch pipe with a four inch cylinder. Mr. Lee, with this water, will irrigate six or seven acres this year and will plant mostly 'truck' for the local market. He is also planting some alfalfa and an orchard.

Mr. Lee's success with shallow water and a power pump is but one example of what the future of this country will undoubtedly be. The water and land is here, and a little moral courage is all that is needed to reclaim the land, together with, of course, a small amount of capital.

## VERA CRUZ ACTIVE

Mr Lutrel who has been installing a new process at the Vera Cruz mine is encouraged by the findings to date and states that by the 5th of March his trial run of 50 tons will have been passed over the tables. If the experiment with Mr. Lutrel's process is as successful as it seems to be it will mean the installation at Vera Cruz of a plant many times larger than has ever been attempted there before. Mr. Lutrel has successfully retained all values from ores in the great Porcupine District of Canada and his process seems successful. He has been delayed here in his work owing to boiler trouble and water, but everything is moving fine at this time. If his process is as anticipated it will mean the working of all 'low grade ore' propositions in the county and a general boom in the mining line.

## HOW GERMAN DOLL IS MADE

Interesting Process of Manufacturing Heads, Arms and Legs—Wig Is Final Touch.

The making of the composition dolls as seen in the German factories, is an interesting process, even though some of the rooms are hot, steamy places where one does not care to stay long at a time. Mrs. C. R. Miller writes in Leslie's. First, there is the kneading room, where a big mixing trough is set up, and in this all sorts of rag material are to be found—old gloves, rags, bits of cardboard, etc., and gum-tragacanth. This mixture is kneaded by hand to the consistency of a paste, heated and carried into the moldroom. There it is dipped up by women and poured into the patterns, which are set up in rows. The molds are put away until they are cold enough to handle, when a workman, by a dextrous movement of his hands, separates the leaden sides, and the doll's head is revealed. The polisher then trims off the ragged seams and sends the heads to another room, where the holes for the eyes are cut out. This is an extremely delicate task, as all the sockets must be of uniform size. The work is done by hand, a long, sharp knife being used.

The hands are next painted, waxed or glazed, depending upon the character of the material from which they are made. The arms, legs and hands are molded in the same manner as the heads—a special machine being used for stamping out the hands. These parts are painted in flesh color, while the heads must have rosy cheeks, red lips and dark or light eyebrows, as the color of the eyes used may require. Putting in the eyes is a simple operation, unless the eyes are to open and shut, in which case the balancing of the head becomes a matter of some skill. Germany possesses a secret formula for the enamel used on the faces, and the dainty, natural flesh tint of the better grade of dolls is the result of this process. The making of the eyes is a dreary task, for it must be done away from the sunlight, as in some parts of Germany the eye-makers work in the cellars. It is said that one town supplies three-fourths of all the dolls' eyes used. Violet is the most difficult color to mix, and few violet eyed dolls are found. The wig is the final touch, and this is usually made of real hair imported from China. The hair used for blond dolls is the same, except that the color is extracted.

When father went after him. Then he jumped on every one of these spots before he was collared. All his jumps were of the same length, so you are expected to puzzle out on what spot he was caught.

Starting at No. 9, the turkey jumped as follows: To 17, 7, 15, 6, 12, 3, 16, 8, 13, 15, 11, 13, 1, 8, 10, and was finally caught when he jumped to No. 4.

## RIDDLES.

Why is a new born baby like a sale of wind? Because it begins with a squall. What constitutes a genuine frontier costume? The outskirts of civilization. Why are quinine and gentian like Germans? Because they are two tonics (Tautones). Why is a miser's charity never to be interfered with? Because what he gives is nothing to anybody. When is a night light like a tombstone? When it is set up for a late husband. To what age do all girls wish to attain? Marriage. Why are country girls' cheeks like a good cotton dress? Because they are warranted to wash and keep their color. Why is a poor singer like a counter-fitter? Because he is an utterer of bad notes.

## RED, ROUGH HANDS MADE SOFT AND WHITE

For red, rough, chapped and bleeding hands, dry, fissured, itching, burning pains, and painful finger-ends, with shapeless nails, a one-night Cuticura treatment works wonders. Directions: Soak the hands, on retiring, in hot water and Cuticura Soap. Dry, anoint with Cuticura Ointment, and wear soft bandages or old, loose gloves during the night. These pure, sweet and gentle emollients preserve the hands, prevent redness, roughness and chapping, and impart in a single night that velvety softness and whiteness so much desired by women. For those whose occupations tend to injure the hands, Cuticura Soap and Cuticura Ointment are wonderful.

## CONSTITIATION

Manyon's Paw-Paw Pills are unlike all other laxatives or cathartics. Manyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weaken; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it. Price 25 cents. All Druggists.

## Hit the Danger Spot.

A fippler with a very red nose got a day's work as a laborer in a boiler works. The same day he appeared before the surgeon at the hospital with his nose smashed. "Good gracious!" exclaimed the surgeon. "How did you manage to get your nose smashed like that?" "Oh," cried the sufferer, "I put my nose through a hole in the boiler for a sniff of fresh air, and the man outside with the hammer mistook it for a red-hot rivet. And he only hit once that's all."

LARGEST CIRCULATION IN THE COUNTY

Advertising forms close Wednesday at noon. News columns close Thursday night. If you do not receive your paper regularly, please notify the Publisher of Advertising rates on application.

### SUBSCRIPTION RATES

ONE YEAR, In Advance \$1.50  
SIX MONTHS, In Advance .75  
OFFICE PHONE NUMBER 24

FRIDAY, FEBRUARY 28, 1913

The Postoffice Department has recently ruled that a paper cannot extend credit beyond two years to a subscriber and retain the second class mail privilege. If the privilege is withdrawn, it would cost the Outlook one cent a copy to deliver the paper to its subscribers through the mails. If your subscription is not paid up, please remit. Bills are now being made out and will be mailed to each and every subscriber in arrears.

### DON'T DO IT

A bill has been introduced in the State Legislature to abolish the Mounted Police of the State. The legislature will make a sad mistake if they abolish this very necessary protection to the people of the state and it will be a step backward. The police force have accomplished much effective work and the Chief receives but \$2000 per annum or less than most sheriffs. He is a man of a quarter of century's experience in police work. A large state like this is compelled to have some sort of state police protection and we trust that the State Legislature will not make the mistake of abolishing the force, purely for political reasons.

### THIS IS THE U. S. A.

Hon W. E. Blanchard of this county who was arrested by the Sargent of Arms of the House at Santa Fe on the speaker's order because he appealed to the house for a decision when the speaker refused to grant him the right of free speech, was absolutely in the right at all times as was proven later. His arrest was absolutely a 'fake' and declared so by the court, and the Speaker of the House saw his error soon afterwards but refused to admit it. Blanchard has demonstrated much ability as a parliamentarian and is never napping. He has at all times looked out for the interests of his county. When it comes down to arresting a man for free speech we might call attention to the fact that this is the United States of American.

The salary bill has passed both houses of the legislature by more than two thirds majority and went to the Governor yesterday. It is now up to the Governor to either veto or sign the bill. The bill, of course, is not to the liking of many, nor exactly as the governor might wish it, but it seems to be the best bill that can be passed at this session of the legislature, so why not let it become law and relieve the court officers for the time being at least.

### TAXATION IN WISCONSIN

Here is the way the taxing is done in Wisconsin: Money, credits, household goods and all other property usually styled personal, are exempt from taxation. Instead of an ad valorem tax upon the property named, the State of Wisconsin levies an income tax. It is a graduated income tax with exemption large enough to miss the incomes actually required for a moderate living. For single men the income up to \$800 is exempt; for married men \$1200 is exempt; for husband and wife and \$200 for each dependent member of the family. The tax upon incomes ranges from one per cent on the first \$1,000 above exemptions to six per cent on incomes above \$12,000.

It will be seen that the Wisconsin plan relieves the man who earns nothing of taxation, places a very light burden upon those of moderate incomes, and requires those who can earn a great deal of money to bear the great burden of taxation. It strikes us that Wisconsin is getting very close to the ideal plan of taxation and our lawmakers now up at Santa Fe would do a great service for the people if they would follow Wisconsin's example.—Ex.

### HOW EDITORS GET RICH

After a great deal of worry and study we have at last figured out how so many country editors get rich. Here is the secret of their success: There is a child born in the neighborhood. The attending physician gets \$25. The editor gives the loud lunged youngster a great send off and gets \$0. It is christened and the minister gets \$5, and the editor gets \$00. It grows and marries. The editor publishes another long winded flowery article about "the beautiful and accomplished bride" The minister gets \$

\$10 and a piece of cake. The editor gets \$000 and a request to carry the groom's subscription account another year. In a course of time she dies.
