## CARRIZOZO SCHOOL OPENS SEPT. 6TH

The Coming Year Promises to be the Most Successful in The History of The School

### MANY IMPROVEMENTS HAVE BEEN MADE ON BUILDING

The public school will open Monday, Sept 6th for enrollment and classification, faculty meeting and preliminary arrangements for the work of the coming term. The regular work of the first semester will begin Tuesday morning at 8:20 for the high school department and at 9:00 for the grades.

The local school management has left undone nothing in keeping with its resources to make the building adequate for the increased attendance. The building has been thoroughly renovated, the walls tinted, the floors scrubbed and oiled, new adjustable curtains installed in every classroom, the outbuildings overhauled and freshly painted, new doors put in, both front and rear, the blackboards renewed and reslated, in fact, everything will be in the best of order for the beginning of work for the new year.

In the way of equipment, there has been ordered enough additional manual training apparatus to accommodate twelve pupils working at one time, a domestic science laboratory equipment, complete in every detail; forty new desks for the grades; tablet arm chairs for high school use, and eighteen-gallon bubbler drinking fountain for the first floor and the piano has been tuned by an expert. By the opening of school the auditorium will be converted, by an arrangement of partitions into three class rooms, and negotiations are now in progress to provide quarters for domestic science and manual training in some of the buildings of the town.

Meanwhile the question of a high school building will be kept alive, and work will be begun as soon as funds are forthcoming from the regular sources or arrangements will be made for the financing of the construction work to enable the erection of the building at an earlier date. The patrons of the school may rest assured that the board of trustees is aware of the need of more room for the various school activities and will not cease their efforts to fully provide until the task is accomplished.

The faculty for the year 1915-16 will consist of ten teachers. The work which has been assigned to these instructors is as follows:

Andrew McCurdy, superintendent in the high school, Mrs. E. V. Jewett, Principal, Henry C. Franklin, Manual Training and History. Mr. McCurdy will conduct classes as before. In the grades, Miss Eva Felton, Primary; Miss Mildred Peters, Second grade, Mrs. Nora Massie, Third Grade, Mrs. Ethel G. Cather, Fourth Grade, Miss Mamie Humphrey, Fifth and Six Grades, Miss Hanna Greenburg, Seventh and Eighth Grades, Mrs. Harry G. Olson, Supervisor of Music.

Concerning the qualifications of

the recent addition to the teaching force the following facts will be interesting.

Miss Felton is a primary specialist of long experience in this state. She has taught with success in the Alamogordo City schools and comes to us from the primary department of the Flagstaff, Arizona, schools. She holds a life certificate in New Mexico, has done special kindergarten and primary work in Ferris Institute and has had conferred upon her the degrees of bachelor of pedagogy and master of pedagogy.

Mrs. Cather has done special educational work in the University of Nebraska, is a normal graduate in her native state and has a number of years of successful work to her credit. That her work will prove of the highest order there can be no reasonable doubt.

Miss Greenburg has done advanced work both at Cornell University and the University of Chicago. She holds a life certificate in New York State and has also a life certificate granted her by this state. Her professional work is second to none and her teaching has been correspondingly successful. She is thoroughly qualified to fill her important place in the school administration.

Mrs. Clunn is a most enthusiastic musician, nor could a real musician be otherwise. Coupled with her excellent taste are years of careful training in piano technique and voice culture, a course in Miss Fleming's Public Music School of Chicago. This later course is based directly upon the work as outlined in the new educational Music Course used in the Carrizozo school so it is reasonable to expect most excellent results in this department. The same advantages will be accorded to every pupil as in time past, but as Mrs. Clunn will devote all of her time to music, she will give piano instruction, to all who desire, upon the school piano. Two lessons per week will be given at \$5.00 per month. The management hopes to pay the salary of supervisor of music in this way. Mrs. Clunn will also give vocal instruction at out-of-school hours at her own terms. We are glad to announce her engagement for the coming year.

Mr. Franklin comes to us directly from the summer term of the Silver City Normal. His work there has been of the highest character, his training of the very best. He will supervise the work in manual training, have charge of the department of history, and coach teams in all branches of athletics. There has been a long felt need of a young man to relieve the superintendent of many extra duties connected with the operation of the school and Mr. Franklin's employment is the solution of a well-equipped instructor.

The public is therefore urged to give the school, as in time past, its hearty and sympathetic support. Any member of the school board or faculty will be glad to give his attention to any suggestion, knowing that no loyal patron will offer anything but constructive and kindly criticism. Mutual welfare demands a sympathetic spirit; it will be our endeavor to give you the very best of our time and talent, but it takes co-operation to do it. There will be trouble enough in the ordinary routine of school life to not invent any from other sources. Let us all pull together and the school will be left as never before as the silent but resistless power in community welfare.

Sincerely,  
Andrew McCurdy.

## TWO BIG FESTIVAL DAYS OCT. 1 AND 2

Carrizozo, Invites all of Lincoln County to be Present on the Above Dates For Two Days of Real Sports

### THERE WILL BE SOMETHING DOING EVERY MINUTE

It is with genuine pleasure that we hereby announce the annual Field Day celebration for Carrizozo and community. A meeting of representative citizens and business men was held last Tuesday evening and all preliminaries definitely settled. Committees were appointed, attractions determined and all tentative plans fully drawn up. The date was set for Friday and Saturday, October first and second, and the usual universal invitation is this year made even more universal if such a thing be possible.

To the customary features of the two days, such as horse racing, base ball and basket ball games, will be added a number of new events. No stone is being left unturned to make this celebration outshine all previous Field Day programs. The big free barbecue which will be had on Saturday, will be given with all the hospitality of a Christmas dinner and there will be as ever, enough for all and then some.

The Ladies' Civic League of Carrizozo has united with the Commercial Club and the ladies will have special charge of the reception and entertainment of visitors. The ladies are a wide-awake and organized power for accomplishing things, and they will be strictly on the job in making the world feel Carrizozo's welcome to our city.

Both evenings there will be dancing with the best music obtainable. Manager Dingwall of the Crystal theatre will be right there with up-to-date reels right from the exchange. In short Carrizozo is going to spread her already sizable self to accommodate with all good cheer all who deign to partake.

Various interested parties from all over the county have been making inquiry both verbally and by letter concerning this fall's celebration and the date of the festivities. In a word, this festival has come to be a part of each autumn, nor would the year be complete without it. One feature which is entirely new is the exhibit of the county's products, which will be displayed later at the State Fair in Albuquerque. That this exhibit will be a real educational feature and an eye opener to the wonderful agricultural resources of Lincoln County, is a safe prediction. Here is one phase of the Fall Festival which is alone worth a journey of many miles.

Suffice it to say, that this will be anything but a two by four celebration. It will represent the people of Lincoln County, appeal to their ideas of things worth while, let them know what the farmers and ranchers of every section of this extensive region are doing to

make the very best showing in their respective callings. And it will be a time when everybody is happy and good fellowship is the word. If you and every member of your family miss this annual treat, offered free as the air by Carrizozo to all who will indulge in genuine hospitality, you have failed in that extent in doing your duty toward yourself and them. Welcome!

### NEW BAKERY

M. Doering and Leon W. Nuhn will open a bakery in Carrizozo in a few days, to be known as the Pure Food Bakery. A large portable oven and other utensils are here, and the only thing lacking is the dough trough, which will be here in a few days. Mr. Nuhn is an experienced baker, having had charge of some of the largest bakeries in the country. The bakery will be located in the building formerly occupied by W. J. Doering, first door north of Commercial hotel.

### BUSY WITH SCHOOL CENSUS

Superintendent McCurdy has been giving his personal attention the past week to the enumeration of the school census of this district. On account of the size of the district, and the number of new families constantly coming in, it has hitherto been almost impossible to enumerate every unmarried person between the age of five and twenty-one years of age. As the apportionment of state money for school support depends directly upon this count, it behooves every patron to direct the enumerator's attention to any newcomers in order that the just deserts of the district may be realized. Carrizozo is the logical educational center of Lincoln county. Let the enumeration show it more decidedly than ever before.

### CHARGED WITH FRAUD

Another of this week's cases for consideration before the local justice's court is an alleged attempt to defraud in which Vincent Real is the complainant and W. R. Meredith, a traveling man, is the defendant. Real charges that Meredith contracted with him for automobile service in making the inland towns of this region, and that Real had furnished said service to the extent of \$135.00 worth. Meredith cannot see his way clear to agree to all the above depositions, and the matter will come up for further courting at 2:30 this afternoon. Meredith has given bond for appearance at this time with H. S. Campbell and Dr. E. B. Walker as bondsmen, five hundred dollars being the amount named in the document.

### BUYS BURREL HOUSE

The Burrel Hotel and the building adjoining have been purchased by M. Doering. A suit for possession by the agent of the property was given a hearing last Tuesday before justice of the peace Ed Massie. Further hearing in the matter will be held next Saturday in the same court. It is the intention of Mr. Doering to make necessary repairs and to put the building into light housekeeping rooms.

## MISS HATTIE BAXTER DIES AT LINCOLN

Funeral Services Were Held Here Wednesday Afternoon at the Baptist Church. Interment in Local Cemetery

### WAS A NATIVE OF THE STATE OF MISSISSIPPI

The entire community was saddened by the death of Miss Hattie Lou Baxter which occurred in Lincoln Tuesday of this week. Coming to Carrizozo some six months ago in company with her brother, the young lady sought recovery or relief from the dread white plague. Her condition grew sufficiently alarming to warrant her transfer to the tubercular sanitarium of Dr. Laws at Lincoln. The change was made about one month ago. All within human power was done to check the inroads of the relentless disease, but death came to the sufferer's relief on the date above mentioned. The body was immediately brought to this place and prepared for burial by undertaker Kelly. At five thirty Wednesday evening the funeral services were conducted from the local Baptist church, Rev. H. D. Lewis of the Methodist church officiating. Beautiful floral offerings were provided by sorrowing friends whom no short acquaintance had attracted and a choir of local singers sang of heaven and homeland. Interment was made in Evergreen Cemetery.

The deceased leaves as a survivor an only brother, John W. Baxter, who is employed as a machinist in the El Paso and Southwestern shops at this place. The bereaved brother is extended the sympathy and condolence of a large circle of friends, having journeyed here from Caledonia, Mississippi, and working at his trade nearby in the hopes of effecting a cure or extending the life of his lamented sister.

### PLACED UNDER PEACE BOND

Constable Chas. A. Stevens made a trip to Lincoln last week and Nicholas Mars, Solomon Aragon and Nicente Aragon returned with him to answer to a complaint filed in Judge Massie's court by one Eusebio Carbajal. The complainant alleged fear of violence to his person and property, said fear being based upon various uncomplimentary remarks and menacing threats by the above-mentioned defendants. The examination of witnesses revealed the fact that these parties, who are sheep men operating in the vicinity of the former county seat, have been accusing each other of theft of live stock and bordering upon open feud for many years. Conditions brought forth by the trial warranted the placing of each of the three men under a peace bond awaiting appearance before the next term of district court at which time the duration of the bond will be extended or the accused released from further compliance.

Many families are moving into Carrizozo to take advantage of the superior school privileges offered here. They are all welcome to our city.

"Can you hit and field pretty good?" "Oh, yes, indeed!" "What do you usually play?" "I'm a right fielder." "Well, go out in right," instructed Jennings, "and we'll see what you can do."

To Protect a State's Wards. Insurance Commissioner Ekern of Wisconsin has sent a letter to each member of the legislature urging immediate action to protect life and property against the fire hazard in the state charitable and penal institutions. A bureau recommended the installation of sprinkler equipments, especially in the hospitals for the insane at Oshkosh and Mendota. The commissioner said it was cheaper to make improvements than to pay fire losses and the families and friends of the helpless inmates had a right to ask that their lives be made safe from the dangers of fire.

## NEW TEXT BOOKS FOR THE PUBLIC SCHOOLS

To Patrons of the Public Schools: According to the state law, the State Board of Education adopted a list of books for the state for the next six years. That the cost might be as light as possible, the publishers had to agree to furnish these at a certain price and also a fair exchange price. (The letter to include June 15th, 1915.)

Chas. H. Hild Co., Albuquerque, N. M., has the state contract to handle all books adapted for the publishers. To quote their letter of recent date—"According to the new contracts we send books prepaid to any School Board or pupil on receipt of contract price or exchange price and old book." A book to be exchanged must be in good condition with all the leaves and cover.

Patrons not near the county agents of Chas. Hild Co.; at Capitan (Welch & Fitzworth) and Carrizozo (not contracted as yet) may send directly to the state agents for new or exchanged books Carrizozo, N. M., Aug. 25, 1915.

Yours truly,  
Mrs. W. L. Gumm,  
Supt. Lincoln Co. Schools.

### NOGAL

The best rain of the season fell in Nogal and vicinity on the 24th inst.

The camp meeting is still going on. There has been some five or six conversions to date.

Great quantities of peaches are going to waste here. No market for them it seems.

Mrs. J. L. Gatewood and children have returned to Nogal from Deming where they moved some months ago.

C. F. Henley is gathering his cattle. He purchased a ranch west of the Datal mountains some time ago to which place he is going to move.

The sweet smiling countenances of two newly married couple were seen at church here on the night of the 24th. We hope they were as happy as they looked.

The work on the Nogal bill road will soon be completed. It is being made several feet wider and, certainly is a fine job. Work is now being done on the road from Nogal to Parsons and Rich Hust says he is going to make it a good road.

### OSCURO

E. G. Raffety came in Sunday night with a man to look at the country.

Ed Houser has traded his automobile for a bunch of horses. He may find that grass burners are more economical than gasoline burners but he won't be able to travel as fast.

Will Sterling lost a large steer and his very best horse last week. The horse is a complete loss, but not so the steer. Every passing breeze reminds us that he is contributing to the pleasure of every passer-by. The quicker the passing is done the greater the pleasure.

J. W. Pursley started from El Paso with three people in his auto to look at the country. Arriving at Three Rivers the car got tired and refused to proceed further. The people came in on the train and seem well pleased with what they see.

One of our citizens has been missing his grapes and accused the children of taking them. They stoutly maintained they had not but the evidence was so strong he felt justified in giving each a good whipping so as to be sure to get the guilty one. Next day he found about a hundred quail eating grapes as fast as they could swallow.

Mrs. Lander, who is principal of one of the large schools in Denver, has been visiting. Mrs. Black for a few days Saturday night an impromptu social and dance was held at school house and after lunch she entertained those present with some recitations. Being an elocutionist of considerable ability and note the hearers dispersed feeling they had enjoyed a real treat.

### WHITE OAKS

C. A. Stevens was up from Carrizozo on business Saturday.

J. R. Griffin who has been helping remodel the cyanide plant, left Saturday for his home in El Paso.

W. M. Stone representing the Continental Oil Co., was in the city on business Tuesday.

J. W. Kinfin has moved his family into the Paden residence in the east part of town.

D. H. Smith returned Saturday from a several weeks' trip to points in Arizona and California.

Mrs. Lee H. Rudiselle left last week for an extended visit with relatives in the east.

The two small children of Mr. and Mrs. J. V. Tully returned Saturday to their home at Ruidoso after an extended visit here with their aunt, Mrs. Paul Mayer.

A force of men is now at work on the old White Oaks-Carrizozo telephone line and it is expected that the line will soon be in operation.

Maurice, the three-year-old son of Mr. and Mrs. R. E. Lemon, had the misfortune to badly lacerate one of his fingers Monday. He was taken to Carrizozo where Dr. Paden dressed the wound which is now doing nicely.

### LINCOLN

Albert Rohde left Saturday for Capitan and White Oaks with a load of fruit.

Prof. Belnap has been down interviewing prospective pupils for the high school.

The young people are to have a dance next Wednesday evening at the residence of O. N. Conley, near the Bear ranch.

John L. Bryan is expecting to move his family back to Capitan before the opening of the High School next month.

Mrs. Mary Rohde returned Friday from the "Chrinneys" where she had been visiting with Mrs. Elsie Rogers.

J. C. Johns bought the sawmill from C. N. Morris and has moved it about a mile east of its former location and now busy sawing lumber.

Wallace Gumm was over from Carrizozo interviewing the fruit growers—while here he contracted for apples, with Fred Pfingston and E. W. and A. L. Hulbert.

### ANCHO

James Cooper, Sr., shipped quite a lot of wool from here last week.

S. R. Woods was a business visitor to Carrizozo last Friday.

Miss Cooper of Oklahoma is visiting relatives in and around Ancho.

Sam Richardson made a business trip to White Oaks the first of the week.

Rev. Perkins is preaching some very good sermons here every Sunday night.

Bryan and Alvin Hightower, are drilling a deep well thirty miles west of Ancho.

Owing to a shortage of teachers the Ancho school did not begin on August 23, according to schedule.

Sam Frambrough has been shipping quite a number of heifers from this place.

A party was given last Friday evening at the home of Mr. and Mrs. John Wilson. All report having had a good time.

### MINING ACTIVITY

Mining at Magdalena shows considerable activity. The older mines are running full force. A test shipment of mine run ore was recently made to the El Paso Smelting Works by the Hop Canon Mining and Smelting Company. The smelter returns show 129 ounces of silver and 7.02 per cent copper. This company is completing a 1500 foot tunnel and expects to soon make large and regular shipments. The Wheel of Fortune mine, adjoining to the south, has lately developed a five feet vein of high grade copper ore, and the Calumet-New Mexico Mining Company and others are pushing developments with a view of early shipments of copper silver ores.

### MISS ANNA HERSMAN WRITES

Ordway, Colo., Aug. 22, 1915  
Editor of the Outlook,  
Carrizozo, N. M.

Dear Sir:

As I am visiting in this prosperous little city. I thought I would jot down a few items for your most interesting paper. Ordway, the county seat of Crowley county, is situated on the Missouri Pacific R. R. in the center of the Twin Lakes irrigation district, in a level valley of 4300 feet altitude. Its population of 1,250 consists of intelligent, law abiding citizens, 95 per cent being Americans.

The standard of morality here is high, there being no saloons in the town. There are five churches, Baptist, Methodist, Christian Evangelical and Catholic, each employing resident pastors.

The beautiful school building is furnished with the most modern equipment and cost \$35,000. The public and high school departments employ fourteen teachers.

There are two banks, the National and the Citizens State Bank, two live and interesting papers. The guardians of the law are well represented by eight highly intelligent, wide awake lawyers. Three phys-

cians and two dentists guard the health of the city.

Electric lights are in evidence everywhere and the water supply is plentiful both for irrigation and domestic purposes. The water for domestic purposes is piped from Olney Springs, twenty-five miles distant.

Ordway is the most important town between Pueblo and Herington, Kansas, and is in the center of the sugar beet district, the Rocky Ford American Beet Sugar Co. and the Sugar City National Sugar Co., having their plants in this county. What will be most of interest to many is the pink meat cantaloupe, a distinctive product of the Ordway vicinity. They are shipped by the hundreds of car loads from this city, furnishing employment to many during the season. Crops of wheat, oats, barley, water melons and alfalfa are grown in this county. The alfalfa mills of this town run day and night, ten months of the year. The crops are rather under average this year, owing to the heavy rain fall and cool weather.

In Crowley County thousands of acres of land are subject to home-stead, most of which is underlaid with water, ranging from a few to two thousand feet of the surface.

The land is being taken up by an intelligent class of people. Many schools are in the settlements, some employing three teachers. How ever I must desist.

With best wishes for the people of Carrizozo I am an interested on-looker.

Miss Annie Hersman

**A CALL TO ALL PATRIOTS**

The National Community Betterment Association has designated Sunday, October Third as "Community Day" to be observed throughout the Nation. On this day all patriotic citizens are urged to unite in promoting community welfare. Ministers are asked to consider the subject from their pulpits—all others are urged to cooperate by attending church and asking their friends to do likewise.

You have an influence, an opportunity and a responsibility in your community—do your part in making "Community Day" worthwhile. Say a good word about your community—shake hands with your neighbor—go to church—unfurl the flag.

The National Community Betterment Ass'n, Des Moines, Iowa

Fine ranch of 320 acres located two and one half miles from Carrizozo, N. M. 300 acres fenced with 3 wing, good well and wind mill, plenty of water, good 5 room frame house, family orchard all young trees, stock-barn and corral. This will make some one a good home in a healthy climate and at the same time they can if properly handled realize good returns on the investment, the improvements have cost as much as is asked for the place. Price \$2000, one half cash, terms on balance—Stadtman & Byron.

Good stock, grain, and timber ranch of 414 acres, in Douglas county, Oregon 2 1/2 miles to good town, about 100 acres in cultivation about 300 acres in timber and pasture, a yield of 60 bushels of wheat and oats are not uncommon in this locality. Fruits of nearly all kinds yield well. This place is divided into five pastures and each subdivision has a fine spring of water. The place is equipped with 3 large barns and will make a choice Dairy ranch—the barns being large and roomy so that all the dairy stock can be housed as well as all the feed stuff, and there are about 150 acres of this that is covered with virgin cedar and red wood timber and being in 2 1/2 miles of the shipping point will make the timber worth more than is asked for the entire place. In fact the 2 story 7 room house, the barns and other buildings and improvements on the place have cost as much as the place can be bought for. Price \$12000.00 Terms, 1-2 cash, balance in annual payments of \$400.00 each, with interest of 8 per cent on deferred payments.—Stadtman & Byron.

**BROOKLYN TABERNACLE BIBLE STUDY**

**RICH TO HELL—POOR TO HEAVEN**  
Luke 16:19-31—May 17.

*"Whoever stoppeth his ears at the cry of the poor, he also shall cry himself, but shall not be heard."*—Proverbs 21:13

**D**ID Jesus mean this? Are the rich to spend eternity in misery because of faring sumptuously every day, and wearing purple and fine linen? To get to Heaven must we be poor beggars, covered with sores and eating crumbs from a rich man's table? Has character nothing to do with future rewards and punishments? Again, will the rich, tormented in fire, see the poor in bliss, and will the honored poor see the rich in eternal misery?

For many years this parable has distressed God's people: both heart and head have rebelled. We remembered that Abraham and other Biblical personages were rich; and that God Himself is very rich. Finally we looked the subject up in both Hebrew and Greek, and found that Abraham did not go to Gehenna, the hopeless condition, the Second Death, but to Sheol, Hades, the grave, the death state, where there is no fire.

Our greater knowledge increased the mystery; for the Scriptures declare that Sheol, Hades, the tomb, is to be destroyed; and that all are to be brought from it in the resurrection. No other Scripture seemed to agree with this parable, except as we might use for its support one text in Revelation, which speaks of a symbolic beast and a symbolic false prophet in torment. Thus thinking Christians have been perplexed for centuries by the story of this lesson.

Now All is Clear—Plain.

Now we see that our lesson is a parable (Matthew 13:34). To take it literally involves the absurdity of supposing that all beggars go to Heaven and all wealthy to Hell; for the parable says nothing about character. But in a parable the thing said is not the thing meant. Thus wheat and sheep represent children of God, tares and goats represent those dominated by the Adversary.

The Rich Man's Table

In our lesson the rich man was the Jewish nation. The promises, the Prophecies and the Law Covenant were their purple, fine linen and sumptuous table. The fine linen symbolized their typical justification through typical sacrifices. The purple raiment typified royalty; for they were the typical king's son. The sumptuous fare represented the Divine promises, as St. Paul implies, Romans 11:9.

In Jesus' day Jewish favor began to end. They were completely cut off in A. D. 70, as all Jews admit. Figuratively, the rich man died and was buried. Nationally the Jews went to Hades, the tomb; and their resurrection has not yet been accomplished, although Zionism is its beginning.

Nationally dead and buried, the Jews individually have had anguish of soul, as they have received persecutions, sometimes, alas! from those who profess the name of Jesus, but deny Him in practice. For nineteen centuries the Jews have cried to God, represented in the parable by Abraham. The only answer they have had is that there is a gulf between them and Jehovah. Thank God, the New Dispensation dawns, in which the rich man will return from Hades! Israel will be rehabilitated.—Ezekiel 37, etc.

**The Poor Man of the Parable.** Lazarus represented an outcast class—publicans and sinners, who had alienated themselves from God's favor; and Gentiles, to whom favor had never been extended. (Ephesians 2:12.) These had no fine linen of typical justification, no purple of Kingdom prospects, no rich promises. All that they could have were crumbs from the rich man's table.

Lazarus at the Gate.

The Scriptures illustrate two such crumbs given by Jesus. His healing of the Roman centurion's servant, at the request of the Jews, was a crumb. Similarly, the Syro-Phoenician woman got a crumb when she entreated Jesus to heal her daughter. Jesus noted her faith and gave her the desired crumb. See Matthew 15:24-28.

As the Jews died to their favor, so the outcasts died to their disfavor. The early Church was made up of this Lazarus class. In the parable they are represented as Abraham's children—in his arms. Jesus and His followers are Abraham's Spiritual Seed. Thus St. Paul writes, Galatians 3:29.

## Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa.—"From a small child my 18 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any. Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MARTIN HENZIG, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### Coal is Dethroned.

The Norfolk & Western railroad has electrified 100 miles of its system in West Virginia, one of the heaviest coal carriers in the world. The electric locomotives in use weigh 270 tons each and two of them attached to a 4,000-ton train recently carried it with ease up a two per cent grade at the rate of fourteen miles an hour, a rate twice that attained by the most efficient steam locomotives formerly used on the system.

# NOTICIAS DE LA ULTIMA SEMANA

Western Newspaper Union News Service. Acerca de la Guerra.

La gran fortaleza rusa de Kovno fue capturada por los Alemanes. El General Litsmann atacó con violencia y se apoderó de los fuertes de la frente del suroeste de Kovno, capturando a 4,500 prisioneros y 240 cañones.

Los transatlánticos de la línea Wilson, Grodno, Serbino, y los vapores Thornfield y Dunale fueron hundidos por los submarinos alemanes. La tripulación en cada caso fue salvada. El vapor noruego Magda, sexta víctima de los ataques de submarinos alemanes el jueves, fue hundido, según despachos procedentes de Londres. Su capitán y quince miembros del equipaje fueron salvados.

El vapor inglés Arabic de la Compañía White Star, con 181 pasajeros y una tripulación de 242 para Nueva York, fue atacado y hundido por un submarino alemán, no lejos de la costa suroeste de Irlanda, cerca de Fastnet. Se dice que treinta y dos personas han desaparecido.

### Oeste.

Louisiana, Mo., sufrió una pérdida de propiedad en las inundaciones de Toon Branch Creek estimada en \$25,000.

E. G. Eberhart, de 40, millonario, filántropo, se dio un tiro fatal sobre la tumba de su hijo Harris, en el cementerio en Mishawaka, un suburbio de South Bend, Ind.

La Federación Americana de Sociedades Católicas, en Toledo, O., eligió de nuevo a John Whalen de Nueva York como presidente y designó la ciudad de Nueva York para su convención de 1916.

George Daniel, que acaba de estar encargado de una nueva oficina a título de inspector del distrito de Denver, es un hombre nativo de Denver, aunque haya por muchos años servido en Nueva York, St. Louis y Cheyenne.

Albert Cummins, que vive cerca de Logan, tuvo la desgracia de perder tres caballos de mucho valor por el rayo. Los animales estaban a una distancia de media milla o más el uno del otro, pero todos estaban muy cerca de una barrera de alambre en que circuló la descarga eléctrica.

Los ganaderos muy bien informados que han estado en la parte del suroeste de Nuevo México dicen que el movimiento de ganado de esa sección durante los primeros días del otoño será muy importante este año, principalmente a causa de la venta ligera de los ganaderos reservado sus años de la primavera, habiendo la mayoría males para las necesidades del otoño.

### Washington.

Las botellas del hundimiento del vapor inglés Arabic de la línea White Star, con Americanos a bordo, fueron como un choque para los oficiales del gobierno de los Estados Unidos.

El alojamiento de los prisioneros federales se vuelve un problema tan serio que es posible que el Congreso pronto oiga una petición al efecto de una apropiación para otra penitenciaría.

La respuesta del General Villa a la petición Pan-Americana para la paz, puesta en manos del Secretario Lansing del departamento de estado, está en favor de una junta, como lo son también tres otras respuestas.

Se recibieron en Washington informaciones diciendo que el Capitán R. E. Owen, ingeniero del ejército inglés, hijo político de William Jennings Bryan, fue mencionado en una orden del día, por Sir Ian Hamilton, comandante inglés en los Dardanelos, por su "distinguida conducta en la acción."

### General.

Los indios de Black Rock y Zuni, cuarenta millas al sur de Gallup, N. M., reportan que un grupo de Mejicanos, como cincuenta de ellos, han robado casi ciento caballos, su propiedad y la del gobierno también.

James J. Hill de St. Paul, capitán, lista y constructor de ferrocarriles, fue notificado de su elección por la comisión especial del Gobernador Hammonda como "el ciudadano de Minnesota más grande," para representar ese estado en la Sala de Honor de la exposición Panamá-Pacífico.

En Oakland, California, el Dr. Davis B. Johnson, presidente del Colegio Normal e Industrial Winthrop de Rock Hills S. C., fue elegido presidente de la Asociación de Educadores Nacionales por un voto de 475 contra 184 para la Señorita Grace C. Strackan, superintendente de distrito de escuelas de Brooklyn, N. Y.

"Gracias a Dios es muerto y ha visto el fin de sus inquietudes," dijo la Señora Rudolph Frank cuando se le informó en su casa en Nueva York de que el cuerpo de su hijo ha sido descubierto.

## AT THE CRYSTAL THEATRE

The Crystal Theatre, which has been giving regular performances three times a week for more than a year past in the Exchange Bank Hall, missed a performance last night—and it was one of its regular night, too. The management has felt for months that the people who have so liberally patronized the Crystal were entitled to better accommodations and has had a sincere desire to not only present a class of pictures that are among the best, but to present them in a hall comfortably arranged and so seated that every occupant could have an unobstructed view of the screen.

Our hopes in this matter have been a reality, and that accounts for our failure to show the movies on the screen last night. Our show place is being remodeled, ceiling and walls tinted, seats arranged on an incline, a new and up to date screen hung an everything arranged on a modern plan. All things are to be adjusted for the comfort and convenience of theatre goers, and with the idea that the public is entitled to the best, the management in giving it feels that it will receive its reward in increased attendance.

We wish to express our thanks for the generous patronage that has been accorded us and respectfully request your presence tomorrow (Saturday) night, at which time we will give our first show in our remodeled quarters. Remember, every Tuesday, Thursday and Saturday nights a complete change of program is offered.

Crystal Theater.

Oscar W. Bamberger, manager of the Carrizozo Trading Company, returned the first of the week from the markets of Chicago, Kansas City and St. Louis. He reports things on the hum and optimism prevails in the centers of trade. That this spirit of optimism will obtain in the methods of the progressive firm which Mr. Bamberger represents is apparent in the atmosphere of the store. The very cream of quality in dress goods, ready-to-wear clothing and all that goes to compose a thoroughly modern assortment of dry goods can be found at the Trading Company.

Mrs. A. W. Adams has returned from the Kansas City market where she purchased an excellent line of millinery. She will have her opening about Sept 10.

New "Walkover Shoes" for fall await your inspection. Come in and see the new lace boot—Carrizozo Trading Co.
