THE FALL FESTIVAL A BIG SUCCESS

Each Day's Program of the Carrizozo Fall Festival was Greeted by Large and Enthusiastic Crowds

SPIN OF GOOD FELLOW- SHIP PREVAILED EACH DAY

Lincoln County's big Fall Festival and Field Days have passed into history for the year 1915, but the unprecedented attendance and the variety of attractions with so many added features, will make this annual event the most talked of celebration which this part of the state has ever given.

The weather man after his unusually threatening demonstration of rain and hail Wednesday evening chased the clouds out of Lincoln county during the progress of Thursday afternoon, and Friday morning dawned calm and clear with the athletic park, race track and the streets of Carrizozo much improved by the drizzling rain. The idea of foul weather for Carrizozo Field Days was forgotten in the general satisfaction with the generous share of perfect days, as Sunday was not otherwise, giving those of the visitors who were reluctant to leave a good town an ideal day for the trip home.

The big sixteen-piece El Paso City Band arrived Thursday evening and was on the job early the next day. The first call upon their services was to accompany the school children in the singing of "America" and "The Star Spangled Banner" in front of the court-house at nine o'clock Friday morning. The children saluted the Nation's flag, and gave some rousing yells before repairing to the basket-ball grounds for the big game with the team from Capitan. This patriotic demonstration on the part of the children evoked much commendation and favorable comment from the patrons and visitors assembled.

Basket-ball which has always proved such a popular sport to the crowds which come to Carrizozo for this annual time of celebration, was furnished in generous portions. The Tolosa coach was unable to bring a girl's team, but he brought a boys' team which represented his school in a most capable manner. The Otter County High School team from Alamogordo also brought a strong boys' team, and the girls' team from this school shows much improvement since they last played in Carrizozo. The Capitan team made good showing against all comers. The Carrizozo girls' team was shown conclusively to be the best team in this part of the country, but the Carrizozo boys, on account of youth, were shy and lack of experience, could only do their best against the girls and let the score run up against them at the game program. To see this high team play live up to the reputation they have earned in the district, on the night of the festival, the Carrizozo boys and their coaches and the Carrizozo girls and their coaches, in the closing of the respective teams.

GIRLS: Capitan, 11; Alamogordo 10; Capitan 16; Carrizozo 33. **Alamogordo, 9; Carrizozo, 13.**
BOYS: Capitan, 31; Carrizozo, 7. Alamogordo 31; Capitan 11. Tolosa 37; Capitan 9. Alamogordo 50; Carrizozo 9. Tularosa. 62; Carrizozo 4.

The big base-ball game, which was played Saturday afternoon between the Southwestern team from El Paso and a picked team from Fort Stanton and Carrizozo, was one of the best ever witnessed on the local grounds. There was not a dull moment throughout the progress of the game, and many genuine thrills. The locals took the lead early in the game, only to have the score tied later by the visitors to the tune of 2 to 2. How ever the tie was broken by Carrizozo and the game ended Carrizozo 4, El Paso 2. The invincible Dolan occupied the mound for the locals, while the well known Fisher twirled for the shoppers. One prominent feature of the nine innings was a home run by Bartleson of Carrizozo, the ball taking refuge under one of the automobiles parked in the extreme center field.

Some excellent horse-races were pulled off and great enthusiasm was manifested. The splendid conditions of the track made the horses well suited and gave opportunity for some excellent feats of horsemanship on the part of the riders. Every racing streak was carried to the letter with the exception of the trotting race. T. E. Kelly of Carrizozo had his famous "stallion "Geronimo" in excellent form, and could be seen at various times with his sulky clipping off a lively pace on the track; but the other party to the race failed to show up with his horse, and the natural outcome was thereby brought about.

The exhibit at the court-house was a revelation. Every single entry was a worthy one and the majority of unusual excellence. Apples and pears of particular merit, and watermelons, pumpkins and others of the melon family of mammoth proportions. The thoroughly systematic method of display and the excellent apparatus for the exhibit of the fruit bespeak much careful work as thoughtful planning on the part of the committee in charge of this important branch of the field day activities. In another column we shall speak especially of the exhibit of work done by pupils of the Carrizozo school and the fancy work display of the ladies of the town.

The concert at the Methodist church Friday evening was given to an overflow house, and the generous words of applause which greeted the rendition of each number was indicative of the genuine interest manifested by the large concourse of visitors in attendance. The program was opened by three consecutive numbers by the El Paso City Orchestra. Then there followed a succession of piano solos, duets and vocal solos, adding variety to the program which pre-cluded monotony to the audience. The choruses by the children of the school were of exceptional merit, and the excellent training by the supervisor, Mrs. H. G. Olson, and

LET US PUSH CARRI- ZOZO RIGHT ALONG

Steady and Healthy Forward Movement for Carrizozo is Easy if the People get Together and Work Together

THROW OFF WILD AND FRANTIC FEAR OF TAXATION

What this town needs is a good strong push to the front—a push with everybody doing the pushing, and every push pregnant with results.

But how can such be accomplished?

Easy enough, brother. There is no such thing as "can't" when you really want to do a thing—provided, of course, you are a practical man and not dreaming of impossibilities.

But a steady and healthy forward movement for our town is not only possible, but is easy of accomplishment when the people get together and work together.

If left for one or two men to do, it will not be done, and the town will stagger along in the same old rut for years to come.

But if every citizen will just realize that advancement and improvement means more money for him, and will go to work with his neighbors to make that advancement and improvement a reality, it will be done and you will get out of the rut and onto the high ground of increased prosperity.

People who have been emulating the mule and pulling in the wrong direction should wake up for once in their lives and compel themselves to realize that property in or adjacent to a prosperous and growing town is far more valuable than property in a dead community.

Throw off that wild and frantic fear of taxation and remember that when a few cents are added to your taxes the value of your holdings is increased by many dollars.

Try to imbibe the idea that this is an age of progress and accomplishment and big things.

Keep in mind the fact that the loyal citizen looks a few inches beyond his own pocketbook of today and considers the welfare of the whole community, realizing to fullest extent that what is of benefit to all of the people must of necessity be of like benefit to him.

Stop listening to the croaker who continually paints the picture of ruin and arduous taxation. As long as you give heed to him, his tongue will wag, and every wag means a jab at the future of our town.

If you can't convert him to the sane ways of progressiveness, just forget him. Let him go out in the woods and rave to his heart's content. The birds may hear him, but they will give him a wide berth. He is wise as the birds.

Get our people together and form that civic organization, with every progressive man and woman in town as members.

Then let each one give careful thought to the natural advantages of the town, what it needs, what is best for it, what new industries

would thrive in our midst and how best to get them, and what the people of the town themselves can do toward developing industries of their own.

A BEAUTIFUL MONUMENT

A valuable addition to the beauty and general attractiveness of Evergreen Cemetery is this new monument erected this week over the grave of Mrs. M. B. Foreman by the local Woodmen Circle. The beautiful marble column is almost head high and of a fine gray color. Over the entire grave is a concrete slab two feet thick and the entire tomb presents a unit of exquisite appearance, appropriate to the sterling character of the deceased member.

The work was executed by J. G. Textor of this place and is a piece of masonry and fitting which does due credit to the quality of the monument. It is not often that an expert tombstone erector is found in a town of this number of population, and the people of Carrizozo should genuinely appreciate the fact and patronize home industry when work of real quality is forthcoming on short notice.

ENTERTAINS HOME MISSION

The Home Mission Society was the guest of Mrs. E. D. Lewis, assisted by Miss Nona Neel, on Wednesday afternoon. About fifteen ladies were present. After a devotional service, conducted by the president, Mrs. R. T. Cribb, the guests engaged in a contest entitled "Who's Who in the Bible". Mrs. W. W. Stadman and Mrs. R. T. Cribb tied for first place, with the maximum of correct answers, and after drawing, Mrs. Cribb was declared winner. An attractive refreshment course was then served, consisting of sandwiches and chocolate cake, the goodly attendance proving the popularity of the hostess.

CARRIZOZO 2; EL PASO 1

The El Paso baseball delegation again succumbed to the attack of the Carrizozoans, going down in defeat Sunday afternoon by the score of 2 to 1. The Carrizozo boys play a quality brand of the national game and the El Paso boys are worthy opponents. The two games recently staged on the local grounds are demonstrations of great improvement resulting from consistent practice, especially in the important feature of batting.

OFF TO CONFERENCE

Rev. E. D. Lewis left Wednesday afternoon for the annual conference which convenes at Marfa, Texas, Carrizozo being included in the El Paso, Texas District of church management.

BAPTIST REVIVAL

Rev. L. O. Vermillion of Albuquerque arrived Tuesday and is conducting a series of most profitable services at the Baptist church. Every citizen of Carrizozo is urged to hear this able evangelist.

Mrs. Joe Palmer of Alamogordo was in the city Saturday as the guest of Mrs. W. W. Womner.

SCHOOL AND FANCY WORK DISPLAY

One of the Most Interesting Features of the Fall Festival Days was Furnished by the Ladies and Children

MANY PRIZES WERE AWARDED THE CONTESTANTS

What proved to be one of the most popular and interesting features exhibit at the court-house during the Field Day Festival was the display of school work of all kind and the fancy-work display furnished by the ladies of Carrizozo.

Mrs. T. W. Watson, Mrs. R. T. Lucas and Mrs. R. E. Blaney, as judges, the following were declared the winners out of a large number of entries: Crochet bed-spread, 1st prize, Mrs. J. K. Ayres, 2nd prize, Mrs. A. J. Mahan; Colored embroidery; 1st prize, Mrs. John E. Bell; Crochet with linen centre, 1st prize, Mrs. S. O. Sproles, 2nd prize, Mrs. S. O. Sproles; Set doilies, 1st prize, Mrs. A. J. Mahan; Crochet collar; 1st prize, Mrs. Harry G. Clunn, 2nd prize, Mrs. P. E. Lacey; Crochet centre piece, 1st prize, Mrs. Ben Lujan, 2nd prize Mrs. W. C. Miller; Point lace, 1st prize, Mrs. W. P. Loughrey; Crochet lace, 1st prize, Miss Georgia Lennett, 2nd prize, Mrs. Chas. A. Stevens; Point Lace Collar, 1st prize, Mrs. Harry G. Clunn; Embroidered scarf, 1st prize, Mrs. W. C. Miller, 2nd prize, Mrs. J. D. Vent; Irish crochet centre-piece, 1st prize, Mrs. T. C. Slaughter; Crochet yoke, 1st prize, Mrs. J. F. Kimbell, 2nd prize, Mrs. John Cole; Embroidered Towel, 1st prize, Mrs. Harry G. Clunn, 2nd prize, Mrs. J. Baird French; Hand made curtains, 1st prize, Mrs. John E. Bell; Luncheon cloth and scarf, 1st prize, Mrs. A. J. Mahan, 2nd prize, Mrs. John E. Bell; Embroidered pillow cases, 1st prize, Mrs. John E. Bell, 2nd prize, Mrs. Harry G. Clunn. The exhibit being gotten up almost at the eleventh hour, there were many pieces besides this goodly number which would doubtless have been displayed. As it was, the high quality of all work was surprising, and we wish to call the attention of the ladies to the fact that this will be a regular feature of all future Fall Festivals, and they are urged now to begin to plan for a generous contribution to the display.

Some beautiful flowers were also exhibited. These floral gems were veritable eye-openers as a revelation of what can be done locally in the line of floriculture. Miss Charlotte Rice of Parsons was awarded first prize, her sweet peas being of a very rare nature, and Harry B. Dawson of this place ranked second with dahlias which were perfect specimens in every detail.

But it was possible in the school division that the greatest enthusiasm was shown by the participants. One exceptionally strong feature was the unusual number of pupils entering the bread baking contest and the uniform high quality of the loaves entered. Out of over a dozen golden brown loaves the judges awarded the first prize to Pearl Stevens and the second prize was assigned to Laura Dalton. We are indeed glad to see the coming generation of Carrizozo so much interested in the preparation of substantial articles of food and this excellent representation of bread means a great deal in the way of

BROOKLYN TABERNACLE
 BIBLE STUDY ON

THE WEDDING FEAST

Matthew 22:1-14—Aug. 23.
 "O Jerusalem, Jerusalem, which bildest
 thyself a bulwark, and sayest thou that art
 'The Lord's' and sayest thou 'I have gathered
 the children together, as a hen gathereth
 her chickens under her wings, and ye would not
 be saved!'"

HERE we have another parable
 of the Kingdom. Today's les-
 son shows that God's promises
 and providences toward Israel
 under the Law Covenant were to pre-
 pare that nation to be God's holy na-
 tion and especially to provide at
 Christ's coming a sufficient number to
 constitute the elect Church, Messiah's
 joint-heirs in the Kingdom—His Bride.
 The parable shows that only a few
 were "Israelites indeed," in whom was
 no guile—not enough to constitute the
 Kingdom class. Hence the call of this
 Gospel Age, selecting from the Gentiles
 sufficient of saintly character to be
 joint-heirs with the Jewish remnant in
 the Messianic Kingdom.

The Marriage of the Lamb.

Jehovah Himself is the King who
 made a marriage for His Son—arrang-
 ing before the foundation of the world
 that there should be joint-heirs with
 Christ in His Kingdom. This marriage,
 of course, could not take place until
 the King's Son had come into the
 world and, by His obedience unto
 death, had made the way for His fol-
 lowers and for His Kingdom. At the
 appropriate time, God sent His servants
 to call them that were bidden to the
 wedding. But they would not come.
 John the Baptist and his disciples
 did this work of calling to the at-
 tention of Israel, the fact that the
 King's Son was in their midst.—John
 1:26; 3:20.

Again, other servants were
 sent forth. Jesus sent His disciples
 to the Jews, saying to them that were
 bidden, "All things are ready. Come
 to the marriage." But the people, un-
 der the guidance of the scribes and the
 Pharisees, the theologians of that day,
 made light of the Message and went
 one to his farm and another to his
 merchandise—saying, We do not be-
 lieve this Kingdom Message. Some
 did even worse than this. They treat-
 ed these servants shamefully and slew
 them.

Then, as seen in another parable,
 Jehovah was wroth with Israel. He
 sent forth armies and destroyed those
 murderers and burned their city. The
 fact that it was the Roman army un-
 der Titus which destroyed Jerusalem,
 A. D. 70, did not make it any less Je-
 hovah's army; for He is able to make
 the wrath of man praise Him and
 able to use whom He may please as
 His messengers for good or evil.

Gentiles Called to the Wedding.

Meantime God said to His ser-
 vants, the Apostles, and others through
 them, The wedding is provided for;
 but the Jewish nation, which was espe-
 cially invited, has not proved worthy
 of the honor. Go ye, therefore, into
 the highways; and as many as ye shall
 find, bring to the marriage feast.

Gentiles Called.

SCHOOL AND FANCY WORK DISPLAY

(Continued from first page)

worthy accomplishment. In the cake baking Lorena Haley won first recognition and Margie Lacey second, some excellent cakes being in the running. Margaret Branum's candy was adjudged best with Ula Edmiston a close second. The foregoing was the high school division of the contest and exhibit.

In the grammar school division the bread baking prizes were won by Harriet Kimbell and Nadine Thompson, in the order named. Ruth Schaeffer won first prize for cake and Dorothy Fox and Vivian Thompson, stood first and second respectively in candy making. These younger pupils show much enterprise and stability in the manner in which they have acquitted themselves in the excellent articles they have contributed. Many have been doing the work of the State Industrial Club under the control of the State College, but didn't keep accurate records of their work as the regulations require, though the work is exceptionally creditable.

A word must be said in commendation of the efficient and painstaking work of the judges who were Mrs S. L. Squier, Mrs John E. Bell and Mrs Wallace L. Gunn. The manner in which the articles were adjudged and the careful system of grading pursued made a false judgement or miscalculation impossible and their decisions were rewarded with universal satisfaction.

Owing to a misunderstanding a strong feature of the work of the younger generation was omitted. Among some interesting poultry which was offered for display were the turkeys raised by William Johnson, chickens raised by Johnny Rowland and Jodie Bentley respectively, White Pekin ducks reared by Sam Bathea and a fine pig which owes its excellent growth to the care of G. B. Heron. All of this is pure bred stock and each boy raising poultry has a fine flock of his favorites. Next year we may expect something in the way of an eye-opener from these thrifty boys, as ample space will be provided for the display of their proteges.

The children are interested and the true spirit of the loyal contest prevails. The school management took charge of the articles of food contributed and sold them while still fresh. From the proceeds, the first prize was an award of \$1.00 and the second a useful kitchen article still to be provided. The crochet division of the school section was well represented. A cash prize of \$1.00 was awarded to Margaret Branum and a prize of \$0.50 to Ruth Edmiston who had on

display pieces of surprising merit for a girl of her youth. Let the parents continue to encourage their children in this most useful line of endeavor, as it is paving the way for a cheerful execution of household duties and a sincere interest in the things most worth while.

OUR PUBLIC FORUM

VIII.—C. E. Schaff

On Railway Investments

President Wilson, recently referring to our railroad problems, said in part: "They are indispensable to our whole economic life and railway securities are at the very heart of most investments, large and small, public and private, by individuals and by institutions. . . . There is no other interest so central to the business welfare of the country, as this. No doubt, in the light of the new day, with its new understandings, the problem of the railroads will also be met and dealt with in a spirit of candor and justice."

When the first citizen of the land stresses the importance of understanding and dealing justly with the railroads, certainly the American plowman can venture upon a careful study of the problem. C. E. Schaff, president of the M. K. & T. railway company, when asked to outline the relation of the public to railroad investments, said in part:

"It may be said that the railroad world is encumbered with a lot of phantoms which exist only in the popular fancy. For instance, because there have been a few so-called 'railroad magnates' whose names have figured prominently in finance, many people have come to believe that the railroads of the country are largely owned by a few rich men. As a matter of fact nothing could be farther from the truth. Out of the colossal sum of twenty billion dollars of American railroad securities, less than five per cent is now, or ever has been, in the hands of these men who have figured prominently in the newspaper headlines—while the other 95 per cent is in the hands of over two million investors, large and small, who in many instances have put the modest savings of a lifetime into these securities in order that they might lay away a competency for old age. When, therefore, the value of these securities is depressed or perchance destroyed, the hardship is a hundred-fold greater upon thousands of everyday citizens, than upon the handful of millionaires, good or bad, who have figured prominently in railroad circles.

Hundreds of millions of dollars of the assets of our great life and fire insurance, companies, savings banks, trust companies, educational and fiduciary institutions are invested in railroad bonds—and the moment, therefore, that the soundness of these bonds is called into question the financial solidity of these myriad institutions—directly affecting the welfare of millions of policy-holders and bank depositors—is gravely menaced. During the last several years, many millions of dollars representing depreciated values, have been charged off the books of concerns like those enumerated above. American railroads have become a vital part of the very wool and fabric of the nation. Their continued efficiency is absolutely essential to the smallest community in the land.

In blindly striking at the railroads our blows fall not merely upon thousands who have committed no wrong, but, in the last analysis, upon ourselves. We should remember how interdependent we have come to be in this mighty republic of ours—that each is in truth become more and more his brother's keeper, and that we need to act and think circumspectly, lest in our mistaken zeal we destroy those who, like ourselves, need whatever of this world's goods the toil and sweat of years has bequeathed to them."

FALL FESTIVAL CELEBRATION

(Continued from first page)

the wholehearted participation of each child made the melodies especially attractive. It is impossible to comment here upon each number, but it is enough to say that this feature will be long retained by those in attendance as one of the most delightful phases of the many attractions of these two big days.

The dances each evening were a most popular diversion as ever. At this time especially was the attendance large on account of the excellent music furnished by the El Paso City Orchestra which reeled off catchy melodies of the irresistible brand. Indeed the capacity of the large hall was severely taxed to accommodate the crowds for standing room and the dancing was more vertical than horizontal, we are told.

Manager Dingwall of the local moving picture theatre catered especially to the crowds by running an extra large number of special reels and giving two performances each evening. The crowds were responsive with a record-breaking attendance, and the manager's enterprise was generously rewarded by the revenues thereof.

In short, it was a big-time for all. The Lincoln County Field Days of 1915 will long remain a prominent part of the memory of the people, both for the ideal weather conditions abroad in the land, and the innumerable evidences of the generosity and business enterprise of the merchants and citizens of Carrizozo in general. More and more each year is the fact of this wide awake town's excellent facilities for supplying the needs of the people brought before them in a most convincing manner, and the welcome which is always accorded them at all times is of the nature which makes for the steady and substantial growth of the town and the well-deserved success of those who are not afraid to spend some money for the entertainment of the residents of Lincoln County.

OSCURO

By Stoddard came home Sunday and went to bed with lumbago.

Lee Chase has been doing some surveying north of Carrizozo.

Tom McDonald's family have moved to town and the children are in school.

Geo. Holiday moved to town this week and put his two children in school.

A large delegation from here attended Field Days in the county seat. All report a very enjoyable time although some failed to get any of the barbecued meat.

There is a weed growing on the range at the lower end of the malpais that is killing the cattle. One man has lost about one hundred head.

Friends here have received notice of the marriage of Floyd Crews to Miss Anabel Quinby Beckman at Warren Ills. Thus one by one they bow their neck and join the Benefactors.

All this talk about "Preparedness" reminds us that our farmers have set a good example for many years. Ever see a farmer leave his plow, cultivator, mower or self binder in one corner of the field at the end of the season? That was "Preparedness" for next year's work. Saved hauling the machinery back and forth and saved expense of a shed. Toughened the machinery, too, more than if pampered and coddled in shelter. If the nation spends 67 per cent of its

revenue for military purposes and is still "Unprepared," and the farmer spends nothing and is always "Prepared" where has the money gone to?

Fine ranch of 320 acres located two and one half miles from Carrizozo, N. M. 300 acres fenced with 3 wires, good well and wind mill, plenty of water, good 5 room frame house, family orchard all young trees, stock-barn and corral. This will make some one a good home in a healthy climate and at the same time they can if properly handled realize good returns on the investment, the improvements have cost as much as is asked for the place. Price \$2000, one half cash, terms on balance—Stadtman & Byron.

FOR SALE—Fine stock ranch. This ranch will easily handle 1000 head of cattle, is located on unsevered land. The ranch has one good well, plenty of good water, at a depth of 450 feet but the water has to be raised by pump 300 feet. This well of water controls all the range for several miles around, no danger of being crowded. Several other wells have been drilled on this ranch but were all abandoned at several hundred feet with no water. This ranch has a growth of gramma grass nearly all over it and is now not stocked at all, only 20 miles from the county seat of Lincoln county, New Mexico. Cash price \$4500.00—Call or write Carrizozo Outlook.

Good stock, grain, and timber ranch of 414 acres, in Douglas county, Oregon 2 1/2 miles to good town, about 100 acres in cultivation about 300 acres in timber and pasture, a yield of 60 bushels of wheat and oats are not uncommon in this locality. Fruits of nearly all kinds yield well. This place is divided into five pastures and each subdivision has a fine spring of water. The place is equipped with 3 large barns and will make a choice dairy ranch—the barns being large and roomy so that all the dairy stock can be housed as well as all the feed stuff, and there are about 150 acres of this that is covered with virgin cedar and red wood timber and being in 2 1/2 miles of the shipping point will make the timber worth more than is asked for the entire place. In fact the 2 story 7 room house, the barns and other buildings and improvements on the place have cost as much as the place can be bought for. Price \$12000.00. Terms, 1/2 cash, balance in annual payments of \$500.00 each, with interest of 8 per cent on deferred payments—Stadtman & Byron.

Juicy, Tender, Broiled Meats

At last it is possible to BROIL steaks, chops, fowl, and fish, saving all the juices and nourishment in the meat, on your own range, in your own home—by using

Cole's Hot Blast Range

No smoke or odor. All the smoke and odor is drawn through the grate and up the chimney. While broiling or toasting the entire top of the range is free for other cooking—thus increasing 33 1/3% the top cooking capacity over all other ranges.

Baking made a pleasure with the large sanitary even baking oven of Cole's Hot Blast Range. A reliable oven thermometer that saves many steps each day is put in the oven door of each range.

Why put up with tough, dried up meat fried in the skillet or smoked and burned with a top broiler. Save your money and the nourishment in the meat by placing this great range in your home. Come in today.

Connecting the Towns

A town without adequate local telephone service is handicapped in the promotion of local commercial and social activities.

Likewise, without Long Distance connections, it suffers a severe handicap in its commercial and social relations with other communities.

Every business community is entitled to this modern and popular means of transmitting intelligence.

In the very nature of our business, and under our charter obligations, it is the duty of this company to afford facilities for Long Distance communication, so far as our ability may permit.

We must do this, notwithstanding that the towns are often separated by rugged mountain ranges, and the cost of construction and maintenance is enormous.

And every town connected helps to round out our system, thus adding to the value of the service.

PUBLIC NOTICE AND WARNING

To the public who travel the Public Road from Encinoza to the town of White Oaks:

An order is hereby given by the Road Board to remove the gates or other obstructions on this public highway. The parties who have gates upon this road will save themselves expense and prosecution by the removal themselves of the gates that are now obstructing the public road. The public is instructed to leave open and remove all gates on this road that may interfere with their travel excepting therefrom any gates that may be on leased State land.

This same ruling applies to all public roads of the County. Respectfully,
Liberty County Road Board

A BIT OF COMMON SENSE

White Oaks, N. M., Oct. 6, 1915
Editor Outlook:

What the average New Mexico legislature doesn't know about making common-sense laws for the good of the state would fill a large sized hole in the ground.

A case in point: At the present time the statutes provide that the chief of police in any unincorporated county seat—as if any unincorporated county seat was liable to have a chief of police, is authorized to impound any animal found running loose in any public park, street, or highway, and shall sell the same to the highest bidder for cash, after giving notice of the time and place of such sale, by three hand bills posted in such county seat for a period of five days prior to such sale. This act also provides that this property can only be redeemed, by paying all costs assessed by the officer before sale is made.

It can readily be seen by this that any animal grazing on the public domain, even in the remote parts of the county, which should inadvertently, and without malice aforethought, but wholly and legitimately in search of green grass and pastures new wander through the streets of the county seat and should then and there be spied by the watchful eye of the chief of police as lucrative fess intent, and should then and there as aforesaid be pounded, walloped and whucked forcibly beguiled in the public pound the owner of such animal would have no resource unless, through his own volition, he should wander down to the seat of justice and happen to glimpse one of these three hand bills plastered on the door of some one's wood shed during the five days the notice is to run. No such thing as pulling a discription of the animal in one of the county papers.

A few miles east of here, a comparatively young woman, living all alone, and fighting for a precarious existence single handed, had located a ranch and with a team of burros—her only dependance was trying to eke out a livelihood until the necessary time to prove up on her claim. For the past two or three seasons she has been cutting wood on her place into stove wood lengths and hauling it into town with her team of burros and wagon in order to buy provisions and other supplies. During the past month or two she has been living here in white Oaks, where she found employment. She has industriously looked after this team of her nights and mornings. A short time ago she missed one of her burros and promptly sent persons out in search of it but failed to locate the animal. About the same time a young lad of the town lost a burro which he had lately bought with the savings of his wages from odd jobs that he could pick up. It has lately been learned that these quadrupeds had evidently been ridden to Carrizozo, turned loose, impounded and sold. At least they were identified after it was too late to recover them. No comment is necessary.
