## BLUNDERS OF THE WAR REVENUE TAX

The Law Should be Phrased in Unmistakable Terms, Admitting but one Construction

### ADMINISTRATION FAILED ON IMPORTANT COUNTS

A study of the "war revenue tax" discloses some of the most astonishing blunders to be found in the entire legislative record of the present administration. The most elementary principles of law making seem to have been disregarded. In the passage of any special tax measure where the approximate deficit to be met is known, there are four simple requirements that are obvious.

It should be determined where the burden of the tax should fall. Based on accurate estimates, the law should produce the amount of revenue needed.

The law should be phrased in clear unmistakable terms, admitting of but one construction that will insure a minimum cost of administration, prevent confusion, and avoid useless, expensive litigation. Timely, adequate provision should be made for revenue stamps, blank returns, instructions, and all other numerous details entering into the enforcement of such a law.

This administration failed on every one of these counts. Under the first essential, that of determining where the burden of the tax shall fall, the Democrats floundered repeatedly. They first announced the plan of increasing the income tax, and abandoned it on discovering that financial returns would be delayed for months under that method. Then they turned to a plan taxing freight receipts. This was discarded with astonishing celerity. Political pressure was too great. After other ineffectual attempts the Spanish war stamp tax was adopted as a basis, giving the country a "wartax" in time of peace.

The second essential was disregarded. Their estimates were inaccurate. Had they been based on facts instead of guess work, we would not now have the treasury deficit as a constant reminder of Democratic extravagance and inefficiency.

The third essential was disregarded. There are conflicting provisions in the "war tax" as to when it shall take effect. Other clauses are so obscurely phrased that it has been necessary to appeal to the courts for construction.

The fourth essential was disregarded. So inadequate were the provisions for stamps required under the act that business all over the country halted because of inability to comply with the law. Long and annoying controversies arose over penalties for such violations, resulting in needless confusion for which no one but the present administration is to blame. Specific examples of the errors referred to in the "war tax" law will be discussed in later articles.

## DECAPITATED BODY FOUND

The train crew which brought the Golden State Limited into Carrizozo last Tuesday morning brought with them the body of a Mexican who had evidently been killed only a short time. In the inquest held by Judge Massie and a jury empaneled for that purpose, it was ascertained that the party had come to his death by being run over by a railroad car, or train. The testimony of the engineer and fireman showed that both the head and body were found lying on the outside of the rails, and that the head had been completely severed from the body. The Mexican was in town the night before, claiming he was from Old Mexico, had been at Vaughn for some time and was on his way back to Mexico. It is presumed he took a freight out of town early Tuesday morning, which was northbound, and fell from the train and was killed. His body was found at mile post 61 1/2. Having been killed in this county, the body was buried in a pauper's grave.

## HUGHES-TEXTOR

On Tuesday evening at four o'clock occurred the marriage of Miss Schella Textor to Rufus Hughes the ceremony being performed by Justice of the Peace Ed. Massie at his office in the presence of only the two witnesses, Mrs. Massie and John Baird. The bride is the youngest daughter of J. G. Textor of this city and has resided here for the past seven years and has many friends here among the younger set. The groom is a son of Mr and Mrs Geo Hughes and is a reliable and well liked young fellow. The newly weds will make their home in Carrizozo.

These young people had not reached their majority in years and had some difficulty in making all the folks believe they were entitled to take such action. However, they succeeded, and have the best wishes of all their friends, who hope they may live and prosper and celebrate from their tid to their golden wedding.

The Outlook joins their friends in extending congratulations.

## SLAUGHTER HOUSE BURNS

Will Reily lost his slaughter house last Monday evening, together with a dressed beef he had for delivery to the local markets Tuesday. After hanging up a dressed beef, Mr. Reily has been in the habit of starting a smoldering fire for the purpose of smoking out the flies, and it is thought the fire originated from this fire. Mr. Reily can figure out no other theory of the origin of the blaze. The loss included the house and contents, aggregating about \$200.00.

## TO CAMP ON THE RUIDOSO

It is understood that Judge E. L. Medler and family will go into camp at some point on the Ruidoso this week. Their little child is not in good health, owing to the continued hot weather, and between California, Clonderoft and Ruidoso, Judge and Mrs. Medler decided on the latter point as being the best at this time.

## MRS. CARRIE SIMMS PASSES AWAY

Highly Respected and Aged Lincoln County Woman Dies at Her Home in White Oaks

### WILL BE GREATLY MISSED BY A NUMBER OF FRIENDS

Sunday morning about 10:30 o'clock surrounded by friends, Mrs. Carrie Simms quietly passed away at her home in White Oaks.

The end was not unexpected as Mrs. Simms had been in very poor health for a long time, and the physicians in charge held out very little hopes for her recovery.

Deceased was eighty-seven years old and had been an invalid for a number of years.

Mrs. Simms was a native of Kentucky but came to New Mexico about forty years ago, locating with her husband and two sons of Silver City where they remained a few years. Later they moved to this county and located at Fort Stanton where they resided for a number of years and where Mrs. Simms had the misfortune of losing her husband and one son. She had since resided in Carrizozo and White Oaks, making her home with her son, James Simms.

Mrs. Simms was a member of the local Baptist church and in her younger days was a very active and enthusiastic church worker.

She is survived by one son and a niece living in California. In the death of Mrs. Simms the community suffers a distinct loss. She was revered by all who knew her, was a good neighbor, a devoted and loving mother and the type of a woman, even though aged and infirm, whose loss will be felt by all whose fortune it was to know and associate with her.

The funeral services were conducted at the residence in White Oaks Sunday afternoon, at 2 o'clock by Rev. E. D. Lewis of the local Methodist church, after which the remains were laid to rest in the White Oaks cemetery.

## PROBATE COURT

Judge Doroteo Lucero arrived in Carrizozo last Monday, but owing to the fact that so many people were celebrating the Glorious Fourth in various parts of the county, he opened the Probate court and adjourned until Tuesday. He was in session until Thursday morning.

Among other matters before this court, Ellen Elizabeth Potts was appointed administratrix of the late Samuel J. Potts, deceased. Mrs. Potts qualified on Thursday morning by filing her bond and having Letters of Administration issued to her as such administratrix.

Oscar Anderson, administrator of the estate of Hugh Anderson, deceased, filed his final report and same will be taken up and acted on by the court at its next regular session.

John C. West, as guardian of Delfina West, now Mrs. Chavez, filed his report, which will receive the attention of the court at its next meeting.

## SCHOOL REPORT

Mrs. Wallace Gumm, county superintendent of schools, has prepared the financial report of the Lincoln county schools, which is a matter of news, is very interesting to the people of this county, showing as it does the excellent work which has been done during the past year. A summary of the report is to the effect that for the year 1915 there was received the sum of \$40,509.38, which, added to the balance on hand, made a total of cash received and on hand in the sum of \$55,896.00. The total expenses for the school year just closed was \$41,540.71, leaving a balance on hand at this time of \$14,355.29. The teachers have been paid \$26,161.32, the county high school has received \$4,284.21 and bonds to the amount of \$5,550 have been paid. During the year there were enrolled in the schools of the county 1926 pupils and the average attendance was 1471. This is a most excellent showing—financial and attendance. However, possibly the item of the greatest interest to the people of this section is the fact that not one cent has been expended for indigent children—a family of this county requesting that this be done because they were too poor to buy school books for their children. Let this last item sink in. It means that Lincoln county isn't taking care of any indigent children. And we are willing to compare notes in this regard with any other county in New Mexico.

## MORE FREE BOARD

W. M. Pillion and G. W. Williams, the men who left town a few days ago and forgot to pay their board before leaving, were arrested at Duran Monday on advices from the local authorities and were brought back here the following day. They were arraigned before Judge Massie Thursday afternoon and plead guilty to cheating and defrauding the Grandview Hotel out of a board bill, and on their said pleas were given 30 days free board at Hotel de Chavez, and also the cost of the case, which in all will mean about 60 days for the Star Boarders.

## DEMONSTRATIONS IN CANNING

Prof. T. W. Conway and Miss Edna Ross of the extension department of the New Mexico Agricultural College will be in Lincoln county to give demonstrations in canning on July 15, 16 and 17. The demonstrations will be held in the communities where the fruit is most plentiful and Nogal, Tinnie and Ruidoso have been selected as the places for the demonstrations.

## PICNIC AT BAR W

The pupils of Mr. Donaldson's Sunday school class of the Methodist Church, chaperoned by some of the grown-up members of the congregation, drove out to the Bar W ranch Monday and spent the afternoon picnicking. Refreshments were plentiful, and the youngsters played all sorts of games, the elders shedding their dignity and joining in the fun with the children. All present report a delightful time.

## NOGAL CELEBRATION A SUCCESS

The Celebration and Barbecue Held at Nogal Last Saturday, July 3d, was a Big Success

### VERY LARGE CROWD IN ATTENDANCE

The Fourth of July celebration which was held at Nogal last Saturday, July 3d, was a big success and was largely attended by the people from all over the county. The weather was cool and ideal for the occasion and there was not a feature during the day that tended to mar the pleasure of any one, and all present had a most enjoyable time. Following are those who composed the committee on arrangements and who deserve much credit for making the celebration a success in every way: William Ferguson, O. C. Davis, R. L. Hust, J. L. Gatewood and Roy Skinner. In the morning a few foot and horse races were had, but the main event of the day was pulled off at noon when the big barbecue was spread, which was typically western and which was fully up to the standard, and then some.

Owing to the short time in which the committee had to get things in readiness there were many sports that they could not arrange for which they would have liked to have had on the program. Bronco busting, goat roping, base ball games, etc were entirely eliminated from the day's program, which as a rule are special features with the little mountain town celebrations. There were other amusements on the ground that probably made up for the absence of the real western sports.

After the show which was given in the Hust hall, the remainder of the evening was devoted to dancing in which the younger folk and some who were not quite so young participated and thus the day was ended, everyone going home tired but feeling that they had been well paid for their visit to the little mountain town.

A large number of Carrizozo people were in attendance.

## COUNTY COMMISSIONERS MEET

The board of county commissioners were in session this week, it being the regular July meeting of this court. With new duties to attend to under the recently enacted laws—levies for school buildings and the maintenance of the schools under laws passed and partially repealed and substituted, new tax laws to consider and thresh out, bills to examine and approve according to the statutes in such case made and provided, and the consideration of the petitions of those people who feel aggrieved over the assessment of taxes against their property, the members of the board did strenuous and heroic duty. The Outlook was unable to get the details of the meeting for this week's issue.

LITTLE ONE PROUD OF DADDY

Hardly Willing to Admit That There Could Be Anyone Prettier Than He Was.

The Warrens live in a picture-book bungalow, framed in oak trees, shrubbery and flowers, and as Warren's income is adequate, and likely to be more so, they go about a bit in a social way.

Mulligan, their chauffeur, had been directed to steer the gasoline boat under the side porch at precisely 7:50. The engine was buzzing as Warren descended the stairs from the owner's chamber, a fine figure of a man in evening clothes, immaculate to the tips of his shoes.

Little Barbara, not quite three, was being prepared for her crib. Generally she is in it an hour earlier, hence up to this time had been deprived of observing how well her good-looking dad carries after-dinner garb.

She was visibly impressed.

"Daddy, you are the very prettiest man I ever saw," she confided, snuggling into his arms for the good-night kiss, "I think you're the prettiest man they is."

"Toodleskins, you're a flatterer," he admitted, though not displeased by her appraisal. "Surely not the handsomest in the world?"

"Well, daddy," she replied, as one who desires to be just above all else, "I haven't seen God yet."

Taking Him Down a Little.

An effeminate, self-opinionated young man entered a restaurant the other day, and after he had ordered lunch the waitress, who was well known for her obliging disposition and ready wit, handed him a newspaper so that he might profitably while away the few minutes that would elapse before he was served.

"Thank you, Josephine," he said, familiarly, "but prefer something funny to look at while I am eating."

The waitress looked at him contemptuously, then replied:

"That need occasion you no inconvenience, Percy; there's a looking-glass straight in front of you!"

Kind Wishes.

"You missed the train," said Mrs. Kernoot, reproachfully.

"Yes," replied her husband.

"Well, perhaps it's just as well to cultivate the habit. I wish I could be sure you were as likely to miss the train when your motor car hits a railway crossing as you are in ordinary travel."

When in Doubt, Listen to your wife.

And even when not in doubt it is sometimes advisable to listen to her.

KC The Power behind the dough. You may use an old favorite recipe and the best of materials and make it carefully, the oven may be just right, yet you will have a failure if 'The Power behind the Dough' is not the right one to leaven it properly and make it light, digestible, wholesome. Good baking without good baking powder is out of the question. KC Baking Powder has wonderful leavening power, and the double action in the bowl and in the oven—makes good results doubly certain. Take no chances of failure—use KC and have "good luck" every time. At all Grocers.

Hard Lines.

"You look as if you'd lost the best friend you had in the world," remarked the man from Patchogue.

"What seems to be the trouble?" "My boss just notified me that the office will close at noon on Saturdays during the summer months," replied the Speonk commuter.

"I don't see why you should feel so glum about that."

"You don't, eh? Do you know what that order means to me? It means that I'll have to spend my Saturday afternoons out in the hot sun weeding the garden, instead of sitting at my desk enjoying the cool breeze from an electric fan."

Deadly Insult.

"Well," said Higgins, inspecting Wallop's new automobile, "there's one good thing about it—it will never turn turtle."

"How do you figure that out?" asked Wallop, much pleased.

"Oh, it just couldn't," replied Higgins. "It might turn mock-turtle, but—"

It was five minutes later that the police had to intervene.

Father—She had better take a flat-iron.—New York Sun.

Nothing New.

"My doctor is a great believer in apples. He's forever advising people to eat them."

"Nothing original about that. The serpent in Eden did the same thing centuries ago."

SPEAKER STUCK ON THE BAR

And Comment of Irreverent Auditor Did Not Tend to Make Situation Any Easier.

A Hiram correspondent says that the news department refuses to report a speech recently delivered in his town, and he appeals to us to give it a place in our columns. We'll go just this far:

He was quoting tenderly Tennyson's beautiful poem, "Crossing the Bar," and he got one of the lines this way:

"And may there be no barring of the moan, when I put out to sea."

One of his hearers put in: "There won't be, if your friends know that you sail under the British flag."

"That isn't what I meant to say," replied the speaker in confusion. "I should have said:

"And may there be no marring of the bone, when I put out to sea."

"There won't be if you're careful to jump free of the propeller," chuckled his irreverent auditor. And the speaker gave up.—Cleveland Plain Dealer.

No Limit.

"How many pancakes do you suppose you could eat at a sitting?" inquired Uncle George, as he watched his little nephew stowing them away.

"I don't know," said the boy. "The most I ever had a chance to eat was twenty-four. Ma won't let me try for a record."

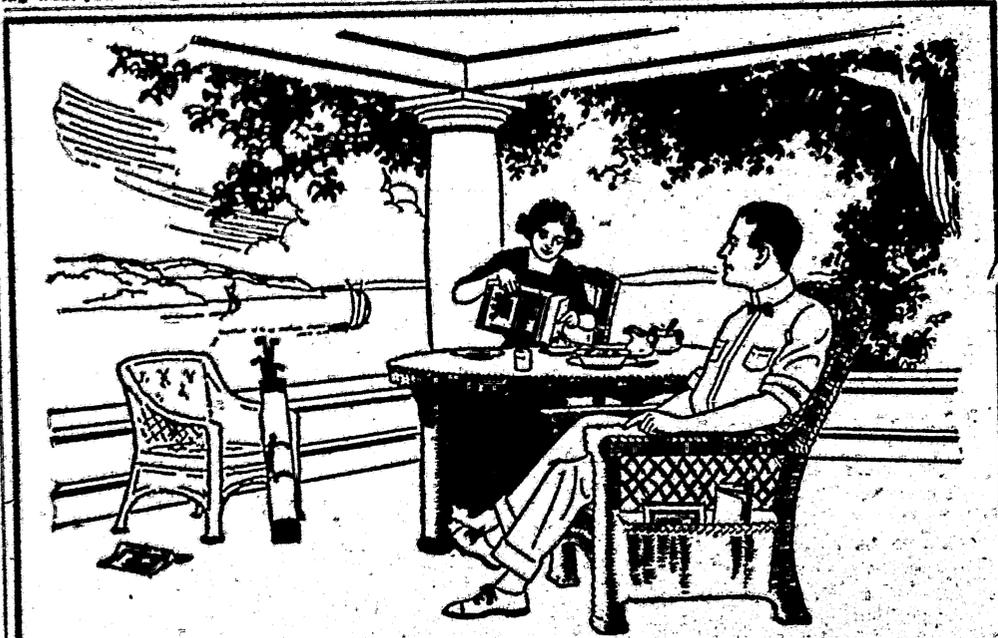

Knew His Business.

Mrs. Platt (angrily)—Oh, you think you know a lot, don't you?

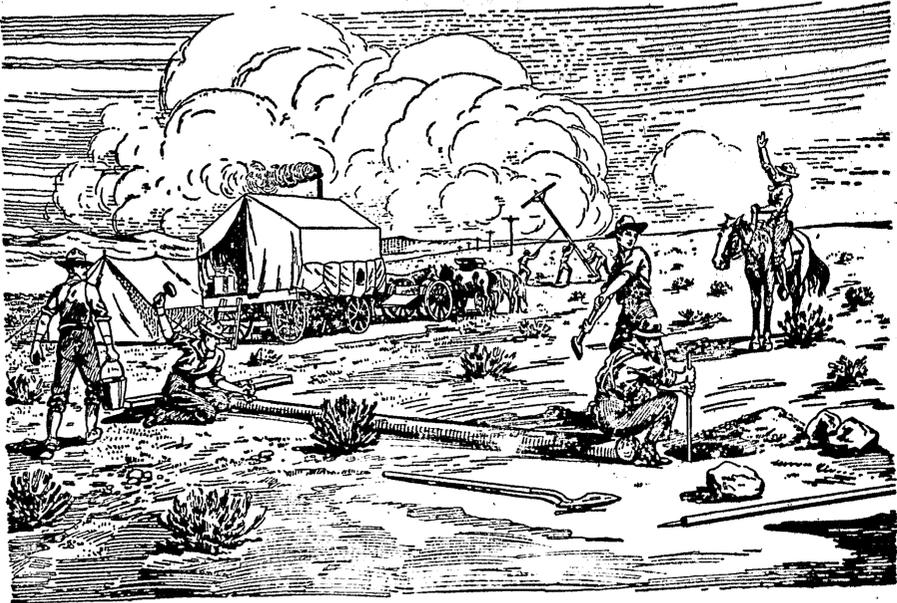

Mr. Platt (calmly)—Well, I ought to, my dear. I've been in the real estate business for nearly thirty years.

Household Hint.

"Is he handy around the house?" "Yes, he will use a vacuum cleaner to get the feathers off a chicken."

Summer Comfort is wonderfully enhanced when rest and lunch hour unite in a dish of Post Toasties. There's a mighty satisfying flavour about these thin wafery bits of toasted corn. So easy to serve, too, on a hot day, for they're ready to eat right from the package—fresh, crisp, clean. Not a hand touches Post Toasties in the making or packing. Served with cream and sugar, or crushed fruit, they are delicious.

## Through Unproductive Territory

The building up of a comprehensive telephone system requires the construction of a network of long lines connecting every exchange with every other exchange.

In this western country this means crossing wide barren stretches of desert plains and negotiating rugged and treacherous mountain passes.

Nowhere in the civilized world is this task fraught with more difficulties, more construction problems, or more human hardships than those which appear in the territory which we serve.

Nowhere else is construction so expensive and nowhere else is the maintenance cost so high.

And yet these long distance lines, often crossing miles of unproductive territory, are absolutely necessary to make your telephone service comprehensive, complete, and therefore valuable to you.

## CATTLE FEEDING MOVES TO SOUTHWEST

**Cattle Fed on Maize and Kafir Break all Texas Records and Topped Market at Kansas City.**

Cattle from the range territory topping the fed steer market in Kansas City simply shows that cattle feeding is no longer confined to the corn belt, as has generally been supposed. Steers from the Southwest which never had any Indian corn topping the market against several big consignments from the west central states show that the feeding industry is losing its prestige in the Mississippi Valley and is moving rapidly toward the Panhandle

of Texas, New Mexico and Arizona, where cheaper lands are to be found which raise an abundance of kafir, maize and sorghum, which have proven their high feeding qualities on the Kansas City market.

C. O. Keiser, of Canyon, Texas, in the Panhandle district, has fully demonstrated the truth of the contention of the superiority of the southwest over the older sections of the United States. Last week with eight car loads of two and three year old Hereford steers he topped the Kansas City market at \$9.25 per hundred with steers that averaged 1314 and 1358. Other lots averaging 1250 sold at \$9.15 and 1405 at \$9.10. The cattle were fed on kafir corn and sorghum silage, ground kafir corn and milo maize, and kafir fodder, all products of the southwest. They were on full feed only 90 days. The price paid for the cat-

tle was the highest at which Lone Star cattle have ever sold and in fact establishes a new record for fed cattle from the southwest on any market in the middle west. On June 18, 1913, Mr. Keiser made a record on the Kansas City market with 965 pound yearling steers at \$9.00, which were fed native grains and silage, and which held the record for high priced cattle from the southwest until this year. In October, 1912, a bunch of Mr. Keiser's heifer calves

A Bunch of Herefords Fed by C. O. Keiser in the Texas Panhandle.

broke the world's record for range cattle on the Kansas City market. A few weeks ago he sold 100 three year old range cows to a Plainview, Texas, breeder at \$125.00 per head, which was a new record for the southwest. His herd of registered Herefords has won many blue ribbons in the show rings of the central states.

During the past year he has sold many car loads of young bulls to the big ranchers of Texas, New Mexico and Arizona, who realize that the world is looking to the southwest for its beef supply and who are grading up and increasing the feeding adaptability of their herds by the use of high class bulls. The Great Southwest will soon not only be the greatest breeding section of these United States, but will also be classed as the greatest feeding territory.

### DO THEY GET ANY BENEFIT?

It has long been a question whether the Mexican children of the state derived the benefit from the public school system that they should, and a well known professional man propounded this question to Mr. Clement Hightower of El Paso, one of the best posted men in the state in regard to conditions among the natives.

"Do the Mexican children, as a rule, get any benefit from the public schools, or do they return to their homes and forget, during the long periods between terms, what they have learned during the short periods they attend?"

In reply, Mr. Hightower uses a clipping from the Socorro Chieftain giving the enrollment of the recent county teachers institute and goes on to say:

"Of the 60 applicants for certificate 43 are Mexicans, all of them natives of Socorro or adjoining counties; all of them received their education in the public schools, and about 75 per cent of them in the Mexican rural districts. (I speak from personal knowledge, as I am acquainted with most of them personally, or their families)

The three under-aged with lead pencil are part Mexican, one being half Mexican and half Irish; one three fourths Mexican and one fourth Irish, and one fourth Mexican.

The two under-aged with red pencil, are old men who learned to speak English after they were grown up, and perfected themselves in English literature of their own efforts, never having attended English schools. (Could you or I do as well in Chinese?)

"The county superintendent of Socorro county, Benjamin Sanchez, never attended an English school in his life, and no school except the poor subscription school of the period just before the inauguration of the early public school system of this (now) state. His English is defective but he is a bright man. I wish we might be able to follow this subject up at length, as it is one I believe you are interested in and one that needs to be discussed to enlighten the Anglo-Saxon element of our population in New Mexico who are blinded with prejudice against their Mexican neighbors."

Coming from such an authority as Mr. Hightower, the statement is distinctly illuminative, and it is in line with the experience of the educators on this side of the mountains, though the Mexican population is here a negligible quantity.—Roswell News.

## ROAD BUILDING

Detailed studies of local road building systems in 100 counties are now being carried on by the department of agriculture in co-operation with the state highway departments and local road authorities.

The purpose of this study is to discover the points of excellence and defects in existing local methods of building and maintaining roads which will aid the state authorities to put local road management on a systematized basis. The co-operating state authorities have been asked to designate counties that present typical and exceptional features as to topography, character of road materials, methods of construction and maintenance, administrative organization, methods of road financing and traffic conditions. From these lists 100 counties will be selected, and in these counties the division of road economics will make intensive studies.

This investigation is prompted by the fact that there is at present very little knowledge as to the most effective and economical methods by which a county can develop its roads. At present the methods of financing local road improvements vary from

Rolling a Road Surface.

calling on farmers for a certain number of days labor in lieu of a road tax, or the use of county prisoners in road construction, to bond issues or maintenance of roads from dramshop license funds.

The department will study all of these systems with the view to determining what system or combination of systems works best in actual practice.

There is, however, at present no standard system of keeping accounts for road building and maintenance, and as a result, while some counties know to a penny the purpose for which money was spent, others have no definite check or reporting system. Among various counties with the same conditions, cost for excavation or other labor is anything but uniform, and many counties, because of the absence of definite knowledge, fail to use local and cheap materials and construct roads which are unnecessarily expensive for their purpose, or which will wear out before the bond issues are redeemed. The investigation will include a careful study of the use of convict labor in road construction.

In connection with the scientific study, the department's highway engineers will advise freely with local officials as to improvements, and thus give each county visited the advantage of direct co-operation, engineering supervision and assistance.

These investigations, it is believed, will yield important economic data bearing especially on the benefits and burdens of road improvement and showing the extent to which financial outlay under given typical conditions is justifiable.

The heads of state highway departments are manifesting great interest and are co-operating cordially in this work. These data when obtained will be published and thus made accessible to all county and state road officials.

**CORONA**

Bob Willingham and family were in town last week.

J. H. Clements of Roswell was here on business last week.

Miss Donnie and Dora Franks were in town the first of the week.

Joe Willingham and family were in town last week.

Mrs. Geo. Hall is recovering from a spell of sickness.

Miss Irene Downing returned last week from a visit with her sister.

Mrs. Thompson has moved to her ranch to spend the summer.

Rev. Day has been holding a meeting here for the past week.

Mr. Brickley's sister is here visiting him.

Ernest Cole, Frank Thorp and Fred Burleson were in Corona on business last week.

Mrs. M. C. Porter, Mrs. Dunn, Pearl Colbaugh and Jesse Bond motored to Las Vegas to spend the fourth.

The dance given last Friday night was attended by a very large crowd, and a good time was had by all present.

Mrs. McAdams who has for the past four years made her home in Dalhart, Texas, has returned to Corona to make her future home.

**LINCOLN**

Miss Ada Hulbert of Banner Okla. is visiting relatives here.

Mr and Mrs J. R. Coleman of Capitan were here Saturday to attend the celebration.

Quite a number of Lincoln people attended the celebration at Hondo on the 5th.

The ball teams gave a dance in the old court house which was well attended.

Harry and Allen Johnson were over from Carrizozo on Sunday after taking in the ball game at Fort Stanton.

Mrs. W. H. Johnson and children of Carrizozo are visiting Mrs. Johnson's parents.

The Fourth of July celebration held here on Saturday was certainly a very pleasant affair and was well attended and all seemed to enjoy themselves.

A very close game of basket ball was played between the Hondo and Lincoln ball teams, the score being 19 to 18 in favor of Lincoln.

The game of base ball between the Tinnie and Lincoln sides resulted in the score of 17 to 0 in favor of Lincoln.

There were three entries in the horse race which was won by Frank Wallace's bay filly, and Steamboat Bill second. The saddle horse race was won by Frank Purcella's horse.

**OSCURO**

Oscuro passed a perfectly sane and fairly sober Fourth. So much ice came in on the train the day before that the day was quite cool and comfortable.

Dr. West and family intended to return to Illinois last week but, the day before they were to start, one of the little girls broke out with small pox, so they decided to remain for a time. The case is so light that she is not even sick and will, probably be all over in a few days.

Mr. Postler met with quite a serious accident last week. A horse ran away, throwing him out of the buggy on his neck and shoulders. He was quite weak before and the shock has left him in a serious condition. He has a trained nurse from El Paso and Dr. Ranniger says he is doing very nicely.

Five men came in with Mr. Raffety to look at the country and seemed very much pleased with what they saw. One of them said, after looking at Dr. Ranniger's grapes, that land that would produce such grapes as that would be worth \$1500 00 an acre in California. It could still be had here for half of that.

**SUBSCRIBERS NOTICE**

Since taking charge of the Outlook we have mailed out several hundred dollars worth of statements to those who were indebted \$1.50 or more, and those whose subscription had expired we mailed statements to them for the advance subscription now due. Some have remitted, but the majority have remained as silent as the seven spirits. We kindly ask every one indebted to us to send in their remittances at once. It seems a little unfair for us to pay interest to keep our business going when we have due us in amounts from \$1.50 up, enough to pay all we owe. In fact we cannot understand why a subscription to a newspaper should be the last obligation considered, when most of those indebted are able to pay promptly. A payment now will be appreciated.

### METHODIST CHURCH

REV. E. D. LEWIS, Pastor

Let it be noticed by all that there will be preaching service at the Methodist Church Sunday at 11 a. m. and 8 p. m. by the pastor. The subject of the morning will be "God's Recognition of Human Merit." It will be taken from the parable of the Pounds found in the 19th Chapter of Luke. The subject of the evening will be "A Vanishing Sense of God." A ruling sense of God seems to be vanishing from the attitude of the world to the sabbath, the lack of religion in the home, and materialistic tendency of the time.

Come out and "Help Somebody" on the Sabbath day and you shall not lose your reward. It may be warm, but the weather is as cool at the church as anywhere else. Come Sunday school at 9:45; Junior Church at 3 p. m. League at 8 p. m.

### CARD OF THANKS

Inasmuch as the inevitable call has come to the revered mother of our honored fellow member and superintendent, Mr. Simms, we, the members of the White Oaks Union Sunday School, wish to extend our earnest and heartfelt sympathy to our bereaved friend and co-worker in his loss, and to express our appreciation of the noble, lofty, loving, and Christian life that has just passed to its final reward.

Mrs. J. G. Reasoner,
