STARTLING COMPLAINT NOW ON FILE AGAINST WARDEN

The following complaint was filed in the district court on Monday last which will create a widespread interest throughout the state as it touches the methods of the present administration in New Mexico.

The contents are explanatory of the causes of the complaint and set forth the details of the certain charges

State of New Mexico, County of Santa Fe. In the District Court.

Vollie C Musgrave, Plaintiff, vs John B. McManus, Superintendent of the Penitentiary of the State of New Mexico, Defendant

No.———

COMPLAINT

FIRST CAUSE OF ACTION:

Comes now the plaintiff by his attorneys, McFie, Edwards & McFie, and complaining of the defendant alleges:

1. That the defendant, John B McManus, is a resident of Santa Fe County, New Mexico, and at all times mentioned in this complaint has been and now is the lawfully appointed, commissioned and acting Superintendent of the Penitentiary of the State of New Mexico, located in Santa Fe County, New Mexico.

2. That plaintiff was continuously confined as a convict in said penitentiary from the 20th day of December, 1910 to the 26th day of October, 1915.

3. That on the 19th day of May, 1912, plaintiff, while so confined in said penitentiary as a convict aforesaid, under and by the orders and directions of defendant McManus was, without cause, wrongfully, unlawfully, violently, wantonly and maliciously assaulted by one Harry P. Dunbaugh, the then acting Assistant Superintendent of said penitentiary, and by one Rumaldo Rodriguez, a guard of said penitentiary, both said Dunbaugh and the said Rodriguez then and there being employees of the said defendant, McManus, and under his exclusive charge and control, in the manner following, to wit: Plaintiff was by said Dunbaugh and the said Rodriguez stripped of his clothing and forced to bend his naked body over a barrel and was thereupon by them securely fastened by his hands and feet so that he could not move; plaintiff was then and thereupon struck with great force by said Rodriguez, in the presence of said Dunbaugh and by and under the orders of said Dunbaugh and of said defendant McManus, upon his bare back, buttocks and legs thirty five heavy blows with a heavy wooden paddle had and held in both the hands of him, the said Rodriguez; that by reason of said assault and such blows so struck as aforesaid upon the naked person of plaintiff, the plaintiff then thereby suffered a severe physical and mental shock; that by reason of said assault and said blows so struck as aforesaid the back, buttocks and upper legs of plaintiff then and there became a mass of blood, blisters, sores and scabs; that immediately after the said assault as aforesaid plaintiff was compelled by the guards of said penitentiary and employees of said defendant McManus and under the direction of the said defendant McManus to put on his soiled underwear over the said blood, blisters and sores; that no medical or other treatment of the said wounds of plaintiff was permitted or allowed to the plaintiff by the defendant McManus, either immediately after such assault or at any time thereafter, except as hereinafter stated, that immediately after the said assault as aforesaid plaintiff was placed in solitary confinment in a cell and there kept until the 10th day of June, 1912; that on said 10th day of June, 1912, plaintiff, while still suffering from said assault and neglect and from the effects thereof, by the order and direction of said defendant McManus unlawfully, wrongfully, wantonly and maliciously and without cause, was placed in a dungeon, in which dungeon there was no bed, cot, blanket or chair, and was there kept in solitary confinment from the 10th day of June 1912, to the 3rd day of July, 1912; that while so confined in said cell and said dungeon as aforesaid plaintiff was attacked by intermittent fevers as the result of said assault and subsequent ill-treatment, for which fevers he received no medical treatment except one visit of Dr. Small, the then penitentiary physician at, on or about June 15th, 1912, and plaintiff, by reason of said assault and said subsequent ill-treatment, constantly suffered great agony and during said period and thereafter plaintiff was not permitted to bathe or change his underwear for a period of about thirteen days from the time of the assault. That during the period plaintiff was confined in said dungeon, to wit from the 10th day of June, 1912, to the 3rd day of July, 1912, the only sustenance given to the plaintiff by the defendent McManus or his employees was two slices of bread and water twice each day; that at the time of said assault as aforesaid and many times thereafter during the said period of time from May 12th, 1912, to July 3rd, 1912, the said Dunbaugh threatened to kill plaintiff, unless he, the plaintiff, would talk, and divers times during the said period the said Dunbaugh told plaintiff that he plaintiff, would die in the hole, meaning thereby the dungeon aforesaid in which plaintiff was so confined; that by reason of said assault and other wrongful acts complained of as aforesaid plaintiff has suffered a severe physical and mental shock, from which plaintiff still suffers, and upon information and belief plaintiff says that he will never fully recover from the same; and plaintiff further alleges that by reason of the said assault and said subsequent ill-treatment as hereinbefore set out he has suffered and sustained permanent and incurable injuries to the bones of his back, buttocks and legs and to his kid

WILLOW SPRINGS MINE BEST IN SOUTHWEST

Carrizozo Destined to Become a Western Pittsburg. Only Need Capital for Development of Natural Resources

COAL AND IRON DEPOSITS IN ABUNDANCE

About six miles south of Carrizozo and 138 miles north of El Paso over the El Paso & Southwestern (Rock Island) Railroad in one of the most interesting and important coal fields that has been opened up on the entire West. For about three years development work has been quitely prosecuted by the discoverers without any assistance from outside capital, the output of the coal mined paying all development expenses, besides yielding the owners a good profit.

This coal property is called the Willow Springs coal mine. and is owned jointly by two people; viz, Mrs. Harriett McIvers and J J. Ayers of Carrizozo, N. M. The propety is two miles southeast of the station called Ayers, on the El Paso & Southwestern railroad

The Willow Springs coal vein measures 58 inches in thickness. of clean, solid, high-grade coal, and lies nearly level, having a pitch of only 12 degrees from the horrizontal Overlying the vein is a red sandstone formation over 1000 feet in thickness, and beneath the vein the same sandstone continues to unknown depth. The strange feature of its geology is that there are no limestone, slates or shales in evidence. Furthermore, there is only a thin bed of fire clay accompanying the vein. This immense mountain of red sandstone is unbroken by faults and dikes, which are too common in most of our Western mountain coal measures, and there is every evidence that this remarkable vein extends unbroken under a large area of country The outcrop of the vein is plainly traceable along the side of the mountain for over three miles at an elevation of about 50 feet above the plains, which affords good facilities for dumps and tipples at the portals of the tunnels and stopes.

The coal vein as stated, is 58 inches thick of solid, clean coal, free from any parting or "bone." Numerous analysis show it to be probably the purest coal ever found west of the Mississippi river, rivaling that of the famous Pocahontas field of West Virginia. It carries 60 per cent, fixed carbon, 32 per cent volatile combustibles and less than 8 per cent ash

It is nearly free from sulphur and other impurities, and when burned forms no clinkers. It is a perfect coking coal, and contains a large per cent of tar and gas making material. Its heating power has been tested by D. W. Reckhart, assayer and chemist of El Paso. who states that it has the highest heating qualities of any coking coal he ever saw The present owners have located 1000 acres of coal bearing ground, of which they have patened 480 acres

The workings are on the side of the mountains facing the railroad, and from the tipple to the station at Ayres is a good wagon road with a slight down grade, only two miles long The property is developed by a tunnel or "stope" 500 feet long This is connected with another stope 400 feet long, which furnishes ventilation and good air. Most of the coal mined has been taken out in drifting, and immense bodies of coal remain in sight for stopping when operations are carried on on a large scale. Last winter the owners shipped a considerable amount of coal to customers in El Paso, and sold at the mine over 1000 tons to people from the neighboring towns, such as Carrizozo, Tularosa and surrounding ranches, getting $4 per ton at the mine scales These local customers come with wagons drawn by teams of from two to six horses. The coal is delivered at the railroad for about 25 cents a ton, and the cost of freight thence to El Paso is only $1 50 per ton. In this respect the Willow coal has a great advantage over other Western coals, for the cost of freight from the Dawson coal mines, the nearest rival, is $3 05 to El Paso The average price of coal at El Paso is from $6 to $10 per ton and El Paso is one of the best coal markets in the entire West.

In each acre of coal one foot thick are 4804 tons of coal. This vein is nearly six feet thick. It has been estimated that within the estate of the Willow Springs coal property there should be over 25,000 000 tons of first class coal

At the present time there are only 20 men working, mostly in development or "dead" work. This force will shortly be increased, after sufficient "rooms" and stopes are opened and hoisting machinery is added

Mr. Ayers is a native of Virginia, and was raised in the great coal regions of that section. He noticed the coal signs and blossoms soon after his arrival in the Carrizozo country and called the attention of the people to it. But they were skeptical, and told him that if there were anything of merit the big railroad people, whose engineers had been in the country, would have found it. So without their assistance or encouragement he, with the aid of Mrs. McIvers, quietly worked the problem out and developed one of the greatest coal mines in the west.

About 15 miles west of the Willow Springs coal mine, in the eastern foothills of the Oscuro Mountains, are what promise to be the biggest deposits of high grade iron in the entire West. The iron is hematite and magnetic iron The iron belt runs in a northeast and southwest course for a distance of approximately 10 miles, outcroping a width of from 600 to 1200 feet wide It courses up and down over hills and under ravines in its majestic sweep through the country. In some of these ridges the iron exposures show a vertical height of 200 to 300 feet above the level of the plain, and in the lower places on the plain it has been penetrated by shaft to a depth of 200 feet in solid iron

Numerous samples of this iron have been analysed, showing an average of 54 per cent, iron, the very lowest grade running 60 per cent. It is free from phosphorus and practically free from sulphur. The magnetic iron is of still higher grade. The iron is of the best kind for making steel About 1140 acres of this iron land has been acquired by R. B. Thomas of Santa Fe, N. M. Not long ago Mr Ayres accompanied by Dr. Grebe, the geologist and expert of the Phelps Dodge interests, to this iron field After a careful examination of the deposits the latter stated that in his opinion there were over 50,000 000 tons of this ore in evidence, It lies favorably for steam shovel mining in a manner similar to that employed in the iron mines of the Lake Superior region.

The conjunction of these two immense deposits of coal and iron in such proximity into which a branch railroad 18 miles long can cheaply be constructed from the main Rock Island Railroad at Ayers, suggests the building of a big steel and iron plant, and Mr Ayers has reported the project to some New York capitalists, who knew him in Virginia, and they are expected to be on the ground soon

With sufficient capital for development this coal and iron field must rank as one of the big assets among natural resources of the Southwest, and it is not among the impossibilities that Ayres Station may become a Western Pittsburg or Birmingham.—Manufacturer's Record.

MRS. THOS. W. HENLEY DIES AT NOGAL

Passes Away Peacefully at Her Home After an Illness of Two Weeks. Death was Due to Heart Failure

MRS. E. C. CONLEY OF LINCOLN DIES IN EL PASO

Mrs. Thos. W. Henley passed away at her home in Nogal Tuesday evening, after an illness of about two weeks. Heart trouble is said to have been the immediate cause of death Mrs. Henley was nearing her 60th birthday and her death comes as a surprise and great shock, not only to the immediate family, but to her many friends throughout this section She was the mother of eight children, five of whom are living and are as follows: Harry and J. W. Henley of Nogal, W. A Henley who lives in the state of Washington, Mrs Jas. Cooper, Jr, of Ancho and Mrs. Lin Branum of Carrizozo She is also survived by her husband. All of the children were present at the funeral with the exception of the son in Washington.

Interment was made in the Nogal cemetery, Rev. Claude Fourth conducting the services.

Mrs Henley was a native of Arkansas and after her marriage in that state some forty-two years ago, with her husband came to this county, where they have resided continuously for the past twenty five or thirty years

The deceased was a good, kind lovable woman, adored by all who knew her, and the little home fireside and neighborhood will miss her in years to come.

The family have the sympathy of everyone in their sad bereavement.

MRS. E. C. CONLEY DIES

Word has been received here that Mrs. E C. Conley of Lincoln died last Sunday evening in an El Paso hospital where she was taken a few days previous for treatment. She is survived by her husband, M. W Conley, and two small children. We were unable to secure data for a more extended write up.

NOONKEESTER-FULTON

I. S Noonkeester and Mrs. Fulton, both of this city, were united in marriage last Tuesday afternoon, at the home of the groom, in the southeast part of town Shortly after the ceremony the newly weds left for the Nogal country where they will spend their honey moon

The groom is well known in Carrizozo, having resided here for a number of years

The bride is also well know here having been engaged in the hotel business in this city until a few months ago. She formerly lived at Tularosa.

The happy (young) couple will make their home in Carrizozo.

BIG SHEEP DEALS

Numerous sales of cattle and sheep have been made in Corona recently One of the notable sales was by R. L. Owens, who sold his old herd of 8000 or 10,000 sheep and purchased the entire sheep herds of G. U Richards and Jeff Melton, according to reports received here this week.

WHAT IS URIC ACID?

THE CAUSE OF BACKACHE, RHEUMATISM, LUMBAGO

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its ever-abundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely eradicate this uric acid from the system. "Anuric" is 27 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anuric," or send 10 cents for a trial package of "Anuric" Tablets.

If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best store and ask for Dr. Pierce's "Anuric."

Dr. Pierce's reputation is back of this medicine and you know that his "Pleasant Pellets" for the liver and his "Favorite Prescription" for the ills of women have had a splendid reputation for the past fifty years.

What the Doctor Knows

KIDNEYS MUST BE RIGHT TO INSURE HEALTH

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. Therefore, it is particularly necessary to pay more attention to the health of these important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

When your kidneys require attention, get Swamp-Root at once from any pharmacy. It is sold by every druggist in bottles of two sizes—50c and $1.00.

However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

SUDDEN DEATH

Caused by Disease of the Kidneys

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uremic poisoning occurs, and the person dies and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a large trial package of "Anuric"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion, without charge—absolutely free. This "Anuric" of Dr. Pierce's is 37 times more active than lithia, for it dissolves uric acid in the system, as hot water does sugar.

Simply ask for Dr. Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend to ailing women.

Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's Anuric Tablets for the kidneys and backache.

Dr. Pierce's Favorite Prescription makes weak women strong, sick women well. No alcohol. Sold in tablets or liquid.

RECALLED ACT OF KINDNESS

Newsboy Proud of Opportunity to Show He Had Not Forgotten Young Girl's Generosity.

When the conductor came to collect the young lady's fare she discovered that she had left her pocketbook at the office where she works as stenographer.

"Why, I'm afraid I haven't any money with me," she said, looking very much embarrassed.

The conductor said nothing, but stood there and waited.

"I guess I'll have to get off," said the girl. "I have left my pocketbook at the office."

"Here, lady," said a boyish voice from across the aisle. "I got a nickel I'll lend you."

She looked at the boy and took the nickel. "Thank you," she said. "I'll pay you back if you'll give me your name."

"Don't worry 'bout that," he replied. "I'm the kid you gave the half-dollar to las' Christmas when you see me sellin' papers down by the Savoy. I ain't forgot you. I'm selling papers there yet."

She smiled at him when he left the car and he was about the proudest boy in town.—Exchange.

OSCURO

Laugh and the world laughs with you; snore and you sleep alone.

P. P Jones, wife and baby came on from Galesburg, Ills. to spend Christmas with his many relations here. That is some baby they brought with them all right, but most elderly people will agree that there has not been many real pretty smart babies since theirs grew.

An entertainment was given at the school house Saturday night consisting of music, speaking, etc, and ending with a dance. About seventy people were out and all had an exceptionally enjoyable time.

Mrs. Richardson had just gotten into the buggy to go to the school house Saturday night when the horses became frightened and started to run Before the driver could gather up the lines and stop the animals, she became frightened and jumped, breaking her leg below the knee. It was a sorry Christmas for her.

A crowd went up from here to Polly and had a big turkey dinner at the Tennis home midway between the two holidays

Rev E D. Lewis preached at the school house Sunday His text was John 3 16 "For God so loved the world that he gave his only begotten Son that whosoever believeth in him should not perish but have everlasting life." When God gives he gives his best and at this time it was his Son. It seems, however, that when people look around and see half of the inhabitants of the country living in rented homes and 90 per cent living a hand to mouth existence they are not overly anxious to make it everlasting

(Editor's Note: Look about us if we may and perhaps we can see 90 per cent of the people living in rented houses and living from hand to mouth: It was ever so, it will ever be so. The everlasting life that Christ refered to was not of meat and drink. His kingdom was not of temporial things but of spiritual things.

Must Christ's kingdom suffer and must the Bible be cast aside because this condition exists? Not by any means

Because of the fact that a man is poor does it mean that he is debared from the kingdom of Heaven? God forbid.

Divide up the wealth of this world if you please, and in three days time the ten per cent of the people refered to above will again be in possession of the bulk of our wealth The Master's visit to this world was not to prevent men and women from spending their money foolishly and becoming paupers like thousands upon thousands are doing daily. Neither was it to prevent people from laying up for the "rainy day." In ancient times God gave in abundance to certain characters, making them very rich in this worlds goods, while to others he gave nothing. So we can easily see that God is the auther of this present day system

We are told in the Bible that many of the multitude follow'd Christ because he fed them; we are told today by many that when He quit feeding them they killed Him

Lazareth, the poorest and most humble character in the Bible, diseased, and sorely afflicted was carried to Abraham's bosom, only after a desperate battle for material existence, had been fought The greatest blessing that ever came to mankind was through the Son of God who did not even have a rented house to live in and furthermore had not a place to lay his head If we must own a home of our own and live in luxury to win a home in Heaven then Christ was one of the greatest impositors ever known and His mission to earth a complete failure For he said: "Blessed are the Poor for Theirs is the Kinkdom of Heaven" No, we don't believe it is necessary to change the system in order to obtain everlasting life.

A CRYING NEED FOR BETTER ROADS

The people who groan under the high cost of living and wonder why necessaries of life like potatoes and cabbages and turnips and apples should be rotting on the farms when they would bring high prices in the cities do not realize the condition of the country roads. When roads are bad farmers experience difficulty in getting their produce to market. When roads are very bad there are states of the weather in which the hauling of heavy wagon loads from farms to railway stations becomes impossible.

The farmer would like to sell what he grows. The city dweller would like to buy it. Both have an interest in the building and maintenance of good roads, providing at all seasons of the year available highways between the cities and the farms.

Sometimes roads that would be in fair condition for teaming are cut up by reckless automobilists. The wanton destruction of highways by auto scorchers should not be permitted

Automobile owners as a class have done much to improve some of the roads, but on the whole western roads are a disgrace. There must be aroused public sentiment in favor of good roads. There will be when it is realized that good country roads are a benefit to all classes of the community

Adapting the Porch Box.

There is a growing fancy for bringing the porch boxes indoors in winter, and planting gay flowers that make the window charming both inside and out. Plant closely enough to cover the soil and oh! be careful to have a harmony of color. Keep to one or two colors rather than an inartistic jumble. How often we see scarlet geraniums and purple-red petunias in the same box, sometimes with still a third angry color. Use all petunias, or grow scarlet and white geraniums. Pink and white geraniums with trailing ivy (Knickerbocker or German) make a charming bit of gay color. —Philadelphia Press.

COST OF REPAIRING WAGONS

Farmers' Profits Are Greatly Decreased in Various Ways by Neglected Thoroughfares.

How much do you suppose it costs you a year to repair your wagons and harness on account of bad roads? How much does it cost you a year for shoes and clothing that are ruined by your children wading through the mud to school? How much does it cost you a year for medicine to cure your children's colds contracted in wading through the mud to school and church? How much of a damage a year to you is the mud that prevents your children from attending school; or damage to them, rather in the loss of an education? How much damage to you are our bad roads in preventing your going to market? You are perfectly willing to spend money in the buying of reapers and mowers and other farm machinery. You are willing to purchase carriages and harness. At the price potatoes are today, one load would be the average farmer's tax for ten years for good roads. At the end of that time the

Banker Declares Better Results Come Than When Magazines Are Used.

Newspapers were pronounced far superior to magazines as an advertising medium by F. O. March of E. B. Smith & Co., bankers, in an address on "Financial Advertising" at a round table luncheon of the Poor Richard club, Philadelphia, the other day.

Experiments have recently been made by New York firms, Mr. March said, in advertising with syndicated and individual newspapers in most of the big centers of the country. The carefully tabulated record of results shows that heavier and quicker response came from the newspapers than from similar advertising placed with magazines.

"Financial advertising has changed considerably in recent years," said Mr. March. "Financial houses are coming to realize that bonds and stocks are subject to the same laws of distribution and sale as potatoes. They accordingly are not satisfied with merely inserting a card in the paper calling attention to the number of years they have been in business, but specifically state why the bonds they offer are best."

Mr. March pointed out that advertisements in old city directories show that only a short time ago the "card" advertisement was not used by the grocer. He said that bankers usually balk at more blatant methods of displaying their wares on ethical grounds.

"Having determined the nature of the advertising," continued Mr. March, "where it shall be placed becomes the next problem. We have found that the newspapers are by far the best mediums."

STORY OF METHODS IN VOGUE AT PENITENTIARY

(Continued from first page)

neys as follows, to wit: that the said bones are sore, stiffened and permanently enlarged and that the kidneys of plaintiff are constantly sore and frequently cause plaintiff severe pain; that upon arising from a sitting or lying posture plaintiff suffers great inconvenience and pain Plaintiff further avers that perior to said assault he was in perfect health and physical condition and that since said assault and now and by reason of said assault and of the said subsequent ill treatment plaintiff suffers from chronic diarrhoea and is now and always will be physically weak and is now permanently broken in health.

4 That the said assault and other wrongful acts complained of were not in accordance with and were contrary to and in violation of the rules and regulations of the government of the officers and employes of the said New Mexico penitentiary approved by the Board of Commissioners of said penitentiary and in force at the time of said assault and subsequent ill treatment and subsequent other wrongful acts complained of or either of them were not necessary for the proper punishment of plaintiff or to secure submission or obedience on his part and said assault was not punishment for any offense committed by plaintiff and was not administered in accordance with legal regulations upon the subject; and that the said assault and other wrongful acts complained of were in violation of law

5. That the said assault and other wrongful acts complained of as set out in paragraph 3 of plaintiff's first cause of action herein were committed and done under and by the express authority, direction, approval and knowledge of the said defendant McManus, as superintendent of said penitentiary and while said defendant McManus was acting as such superintendent, and the said defendant McManus wrongfully, unlawfully, wantonly and maliciously caused the said assault and other wrongful acts complained of to be committed as aforesaid.

6. That plaintiff's occupation is and always has been a stockman and rider of horses and plaintiff knows no other business, trade or profession: that by reason of the injuries suffered by plaintiff through the said assault and other wrongful acts complained of herein plaintiff is now and forever will be debarred and prohibited and prevented from riding horses and thereby is and will be prevented from engaging in such means of livelihood.

7 That by reason of such injuries so inflicted upon the plaintiff by defendant McManus as aforesaid plaintiff has been damaged by defendant in the sum of $17,500 as follows: $2 500 in physical pain and mental suffering and $15,000 in permanent physical injury and disability, no part of which has been paid.

SECOND CAUSE OF ACTION:

1. & 2 Plaintiff adopts as paragraphs 1 and 2 of the second cause of action paragraph 1 and 2 as stated in plaintiff's first cause of action

3 That defendant McManus, while so acting as superintendent of the said penitentiary as aforesaid wrongfully, unlawfully, wilfuly, wantonly, maliciously and without cause caused plaintiff to be confined from October, 1914, until April, 1915, in a cell with one Frank Collins, the said Frank Collins then and there being afflicted with the suffering from tuberculosis, an infectious disease, in a very aggravated form; that during all of said period plaintiff suffered constant agony from the vile and offensive stench which arose from the person and sputum of the said Frank Collins; that during said period plaintiff many times asked defendant McManus and various of his employees to remove him from such cell but said defendant McManus wilfully, wantonly and maliciously failed so to do; that from such treatment and confinement as aforesaid plaintiff then suffered severe mental and physical torture; was then and thereby exposed to a malignant and incurable disease to wit, tuberculosis and thereby became inoculated with the bacilli of tuberculosis and plaintiff is advised by his physician that only by great care of his body may he recover from the effects of such exposure and inoculation

4 That said confinement and exposure complained of were not in accordance with and were contrary to and in violation of the rules and regulations of the government of the officers and employes of the said New Mexico Penitentiary approved by the Board of Commissioners of said penitentiary and in force at the time of said confinement and exposure; that the said confinement and exposure or either of them were not necessary to the proper punishment of plaintiff or to secure submission or obedience on his part and said confinement and exposure was not punishment for any offense committed by plaintiff and was not administered in accordance with legal regulations upon the subject and that the said confinement and exposure were contrary to law

5 That the said confinement and exposure complained of as set out in paragraph 3 of the second cause of action of this complaint were committed and done and by the express authority, direction, approval and knowledge of the said defendant McManus as superintendent of said penitentiary and while said defendant McManus was acting as such superintendent and the said defendant McManus unlawfully, wrongfully, wantonly and maliciously caused the said confinement and exposure so complained of to be committed as aforesaid.

6 That by reason of said injuries so inflicted upon plaintiff by defendan McManus, plaintiff has suffered actual damage in the sum of $2 500 as follow: $500 in physical pain and mental suffering and $2,000 in permanent physical injury and disability, no part of which has been paid.

That by reason of said wanton and malicious assault, ill treatment confinement, exposure and injuries complained of herein so inflicted upon plaintiff by defendant McManus as set out in paragraph 3 of plaintiff's first cause of action and paragraph 3 of plaintiff's second cause of action, plaintiff has suffered damages in the further sum of $25 600 and is entitled to recover from defendant McManus punitive or exemplary damages in the said sum of $25,000, no part of which has been paid.

1. For judgment against defendant McManus in the sum of $17,500 actual damages under plaintiff's first cause of action.

2 For judgment against defendant McManus in the sum of $2,500 actual damages under plaintiff's second cause of action

3. For judgmet against defendant McManus in the additional sum of $25,000, punitive or exemplary damages.

4. For judgment for costs herein and such other relief as to the court may seem proper.

Warden McManus, when seen regarding the above complaint, denied certain of the allegations and said if the case came to trial he would give his side to it. "The whole matter set forth in the complaint was threshed out before the committee appointed by the last legislature, and they failed to find against the warden," declared Mr. McManus.—State Record.

TO HOLD POPULAR PEACE CONGRESS

TWO NEUTRAL NATIONS PREPARE TO CALL CONFERENCE, SAYS MME. SCHWIMMER.

FORD RESERVES CABINS

WILSON TO AID IN UNITING OFFICIAL AND UNOFFICIAL OPINION TO END WAR.

Western Newspaper Union News Service.

Washington, Nov. 30.—Two neutral European countries are already considering calling a formal convention of neutrals to discuss means of ending the European war, and three others have given assurances that they will participate in such a convention, according to Mme. Rosika Schwimmer of Hungary, one of the women who called at the White House to urge President Wilson to take the initiative for peace.

Mme. Schwimmer visited the Swiss, Norwegian, Swedish and Netherlands ministers here and laid before them the information given the President as to the feeling of European neutral governments toward the project.

Mrs. Phillip Snowden, wife of a member of the British Parliament, who, with Mme. Rosika Schwimmer of Hungary, interviewed President Wilson, quoted the President as having said:

"You need not plead with me. I am anxious, most anxious to do all I can for peace. I shall earnestly endeavor to unite official and unofficial opinion to that end."

Mme. Schwimmer would not give the names of the European neutral countries she referred to, but she said all of the foreign ministers abroad upon whom she had had called had been very anxious to learn what the American position would be.

The neutral ministers here were told Mme. Schwimmer said that, regardless of whether a formal conference of neutral governments was called, a popular congress would be held in some neutral European capital which would draft a plan for peace and formally present it to each of the belligerents.

The hundreds of letters and telegrams sent to President Wilson during the past few days in the women's campaign to induce him to take the initiative for peace, have been passed on to the State Department, which issued a statement saying the suggestions they contained would receive "the attention of the department."

New York.—Definite announcement that Henry Ford had obtained accommodations—the entire first and second cabins—for his "peace party" aboard the steamship Oscar II, was made by the Scandinavian-American line. The third cabin will be given over to regular travelers.

KAISER ENDS SERB CAMPAIGN.

Stated That Gorizia Has Fallen Before Many Months Heavy Bombardment.

Berlin, Nov. 30.—With the reoccupation of Rudnik, the capture of 2,700 prisoners and the flight of the "scanty remains" of the Serbian army into the Albanian mountains, Germany's operations against Serbia have been brought to a close, says the official statement issued at the headquarters of the German general staff.

The object of these operations—the opening of communications with Bulgaria and the Turkish empire—has been accomplished, it is asserted.

Tribute is paid not only to the bravery and endurance of the Austro-German troops, but to the Serbians as well.

The claim is made that more than 100,000 prisoners, nearly 50 per cent of the Serbian effectives, have been captured.

German losses are said to have been "extremely moderate," and there were no epidemics of disease.

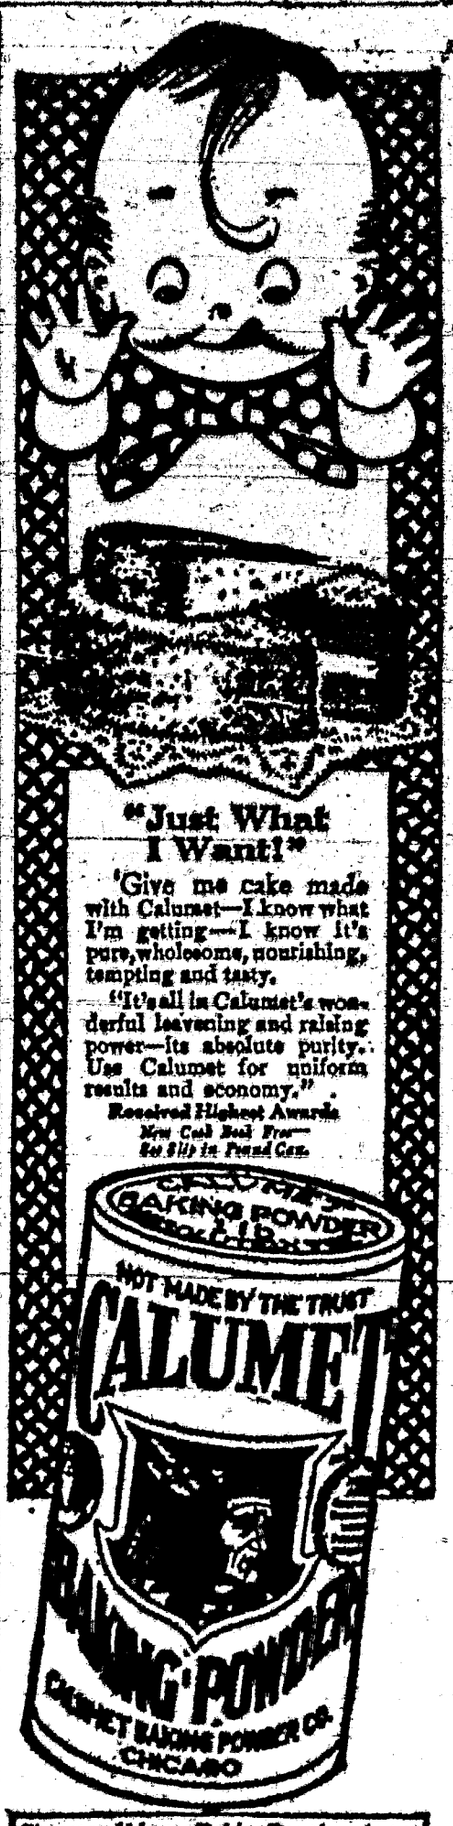
Allies demand that Greece police Hellenic waters against German submarines.

Allies agree to provide provisions for Montenegro's army and people. King Nicholas declares nation will be exterminated rather than submit to slavery.

Geneva — Reports received here from Chiasso on the Swiss-Italian border, say that Gorizia has fallen, the Italians having entered the town from the north.

Canada Seizes Stored Wheat.

Ottawa, Ont.—The Canadian government has commandeered all high-grade wheat in elevators from Port William on Lake Superior to the Atlantic coast.



Cheap and big can Baking Powders do not save you money. Calumet does—it's Pure and far superior to sour milk and soda.

Criticism.

"How were the meals at the summer hotel you stopped at?"

Answer the Alarm!

A bad back makes a day's work twice as hard. Backache usually comes from weak kidneys, and if headaches, dizziness or urinary disorders are added, don't wait—get help before dropsy, gravel or Bright's disease set in. Doan's Kidney Pills have brought new life and new strength to thousands of working men and women. Used and recommended the world over.

A Wyoming Case

M. J. McCarthy, Front St., Post Office Box No. 705, Rawlins, Wyo., says: "My back was so lame and painful that I was all stooped over and often had to put my hands on the small of my back for relief. Constant jarring while railroading, no doubt, brought on the trouble. Finally I used Doan's Kidney Pills and they fixed me up all right. I would have been laid up if it were not for this medicine."

Author—I sent you a copy of my latest book a few days ago. I suppose you have glanced over it?

Miss Frankleigh—Glanced over it! Why, I read it through three times.

Author (pleased)—Indeed! Then you must have found it very interesting?

Miss Frankleigh—No, I can't say that I did. I was merely trying to find out what it was all about.

An Improved Quinine, Does not Cause Nervousness nor Ringing in Head

The better combination of laxatives in LAXATIVE BROMO QUININE makes the Quinine in this form have a far better effect than the ordinary Quinine, and it can be taken by anyone without affecting the head. Remember to call for the full name, Laxative Bromo Quinine. Look for signature of E. W. Grove. 25c.

Up to Man Who Won.

As Charlie opened his mail a bill fell from an envelope. Turning to me he said:

"They have been sending me that bill now for three years. It is for a dozen roses I sent to a girl."

"Why don't you pay it?" asked ignorant I.

"Why should I? Why don't they send the bill to the man who married her? He got her. I didn't."

Where Kindness Killed.

"Henry," she murmured, fondly gazing at her slender lord and master, "you are quite the style, your narrow, sloping shoulders are the correct thing."

Then she added dreamily, "I wonder, Henry, dear, if bowlegs will ever come in."—Judge.

Ideal Place.

"You seem to have a model town here," remarked the visitor.

"Yes, indeed," answered the proud citizen. "The town is well lighted, well paved and neat as a pin. Our street car system is excellent, our telephone service satisfactory, our police and fire departments above criticism. Furthermore, we have cheap gas, good water and Sunday moving pictures."

"Well, well!"

"As a matter of fact," continued the proud citizen, in a confidential tone, "when a man makes up his mind to run for office here he has the dickens of a time getting enough planks together to make a platform."

HARD TO DROP
But Many Drop It.

A young Calif. wife talks about coffee:

"It was hard to drop Mocha and Java and give Postum a trial, but my nerves were so shattered that I was a nervous wreck and of course that means all kinds of ails.

"I did not want to acknowledge coffee caused the trouble for I was very fond of it. At that time a friend came to live with us; and I noticed that after he had been with us a week he would not drink his coffee any more. I asked him the reason. He replied: 'I have not had a headache since I left off drinking coffee, some months ago, till last week, when I began again here at your table. I don't see how anyone can like coffee, anyway, after drinking Postum!'

"I said nothing, but at once ordered a package of Postum. That was five months ago, and we have drank no coffee since, except on two occasions when we had company, and the result each time was that my husband could not sleep, but lay awake and tossed and talked half the night. We were convinced that coffee caused his suffering, so he returned to Postum, convinced that coffee was an enemy, instead of a friend, and he is troubled no more by insomnia.

"I have gained 8 pounds in weight, and my nerves have ceased to quiver. It seems so easy now to quit coffee that caused our aches and ails and take up Postum." Name given by Postum Co., Battle Creek, Mich.

Postum comes in two forms:

Postum Cereal—the original form—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

Both kinds are equally delicious and cost about the same per cup.

"There's a Reason" for Postum.

Doyle was breaking stones on the roadside beneath one of the high hills in South Kilkenny. Eating the grass beside him was the ass that carried him to and from his work. The donkey was old, and, as Doyle would say, "as cute as himself." One day an English tourist chanced to come that way, and the ass, seeing him approach, began to bray loud and long. The tourist, coming up to Doyle, asked:

"Why does that old ass bray at seeing me?"

"I don't know," said Doyle, "but there is an old sayin' in the place—'when friends meet hearts warm.'"

The Wheat Yield Tells the Story of Western Canada's Rapid Progress

160 ACRE FARMS IN WESTERN CANADA FREE

The heavy crops in Western Canada have caused new records to be made in the handling of grains by railroads. For, while the movement of these heavy shipments has been wonderfully rapid, the resources of the different roads, despite enlarged equipments and increased facilities, have been strained as never before, and previous records have thus been broken in all directions.

The largest Canadian wheat shipments through New York ever known are reported for the period up to October 15th, upwards of four and a quarter million bushels being exported in less than six weeks, and this was but the overflow of shipments to Montreal, through which point shipments were much larger than to New York.

Yields as high as 60 bushels of wheat per acre are reported from all parts of the country, while yields of 45 bushels per acre are common.

Thousands of American farmers have taken part in this wonderful production. Land prices are still low and free homestead lands are easily secured in good localities, convenient to churches, schools, markets, railways, etc.

There is no war tax on land and no conscription.

SCHOOL GARDENS NEEDED

It must be quite evident to all that not every child is fitted, either by nature, inclination or education for clerical or professional work at the close of his school years. Therefore, the ordinary course of "words, words, words," only concerning every phase of study will but do for the skeleton upon which to build one's lifework. School gardens should, and probably do, discover many having undoubted talents in the line of horticulture who will follow some phase of it for life, yet would not have received the necessary introduction to the work except for the garden work during school years. Hence the necessity for productive and attractive school gardens should be apparent to all.
