GOOD ROADS BOOSTERS HOLD ENTHUSIASTIC MEETING

Several Precincts of County Represented and Action is Harmonious—Will Send Delegates to Convention.

ORGANIZED EFFORT IS BEING MADE

Pursuant to call several of the good roads boosters of the county met at the courthouse Monday night for the purpose of choosing delegates to attend the Ozark Trail convention which will be held at Amarillo, Texas, the latter part of June, and endeavor to secure the extension of the National Highway thru Lincoln county.

County Commissioner Gilmore acted as chairman and J. A. Haley as secretary of the meeting. After a general discussion and explanation of the object of the meeting, J. H. Lary, civil engineer, who was present, was called upon for information concerning the proposed Ozark Trail thru Oklahoma where Mr. Lary has been at work for the past several years. The proposition of sending delegates to the convention received unanimous support and a committee of three was chosen, composed of the following: Ex-Governor W. C. McDonald, Dr. J. W. Laws and R. L. Trumbull, agricultural agent of the E. P. & S. W. railway.

A committee was then appointed to raise funds to defray necessary expenses of the delegates in working for the extension of the highway thru this county which is composed of G. A. Titaworth and P. G. Peters, of Capitán, and J. A. Haley of Carrizozo.

The subject was brought up and it was stated that with the possible exception of one, none of Lincoln county's roads were shown in the tourist's official "blue book." In view of this it was decided to have all the principle roads logged and the delegation to the convention armed with the loggings and secure for the county and its roads the publicity deserved. A committee composed of the following was chosen for this work after which the meeting adjourned: Dr. R. E. Blaney, J. B. French and S. G. Anderson, of this place, Dr. J. W. Laws, of Lincoln, and M. C. Porter, of Corona.

Missionary Pastor Called

Rev. S. C. Vick, of Jackson county, Arkansas, has been called to take the pastorate of the missionary field of Lincoln county and will make his headquarters at Capitán which is one of the points he will cover. Besides Capitán, Rev. Vick will hold regular services at Lincoln, Deseo, Mountain View, Alto and other points. Rev. Vick has accepted the call, according to advices.

Shortening Those Words.

Thru, Tho, Thoro, Etc.

Why spell it "through" when "thru" tells the story without any room for doubt or questioning and saves three letters—three strokes of the typewriter, three taps on the composing machine, three scrawls if you push a pen? You'll notice we have adopted short thru and tho and a few more "obvious" improvements advocated by time savers. Recently the Simplified Spelling Board offered the following arguments in favor of adopting the "twelve words" in shortened form:

They effect a saving of 31 letters in twelve words;

They are reducible to three groups easily remembered by compositors and writers;

They are recognized by the current dictionaries, and—

About a dozen others equally as sensible.

Have You Joined?

The committee recently chosen to secure members in the newly organized Chamber of Commerce have been busy this week securing members, and are meeting with much encouragement by the way. The membership fee is \$2.00 and monthly dues \$1.00, payable in advance. Every public spirited citizen of Carrizozo and vicinity should become an active member in this organization and help to boost the town and country.

Have you joined?

Patrons' Meet Postponed.

The regular meeting of the Patrons Club has been postponed until Monday night, April 16th, at which time an exceedingly strong program will be featured. Several live discussions are promised and a large attendance is expected.

May Develop Mines.

Officials of the company owning the Vera Cruz mines near Carrizozo were in town this week and it is stated by good authority that preparations for starting work is rapidly being made. The officers have been conferring with the Lincoln County Light and Power Co. relative to securing power to carry on the work.

Gets Leg Broken.

Dr. Lucas was called to the railroad construction camp between Carrizozo and Oscura last night where one of the boys had received a broken leg when he fell from a wagon. The injured man was brought to Carrizozo and placed in the Lucas hospital where proper treatment was administered.

Hobbs Sells Grocery.

W. L. Hobbs has disposed of the Cash Meat Market and Grocery to Morgan Riley and S. Gray, the latter gentlemen taking charge Monday. Both Mr. Riley and Mr. Gray are well and favorably known here and merit their share of the patronage of the community.

SEVEN APPLICANTS FOR OFFICE OF VILLAGE MARSHAL

Four Councilmen, in Absence of Mayor Lutz, Fail to Agree on Appointment of Peace Officer.

FURTHER ACTION AT NEXT MEETING

The village board of trustees met in adjourned session Monday night, the meeting of the Monday night previous being postponed until this date. In the absence of Mayor Henry Lutz, Councilman H. S. Campbell was appointed to the chair and presided over the meeting. The first reading of proposed ordinances relating to licenses other than liquor licenses, motor vehicles and road law, was made by Clerk Brent Paden. All ordinances awaiting the third reading and final action were set aside to receive consideration at the next meeting.

The matter of appointing a village marshal was brought up, there being seven applications for the job on file. The applicants were: G. W. Baggett, Joe R. Adams, A. M. Vega, J. B. Baird, L. B. Crawford, Geo. M. Hughes and W. H. Dahlgish. Secret ballots were taken and failure to agree upon the man for the place after the third ballot caused a motion to be made to defer the matter until next meeting, the motion carrying. None of the candidates were eliminated.

The board appointed the following clerks and judges to hold the first village school election Tuesday, April 3rd: Judges—G. T. McQuillen, M. Doering and Jose Vega; clerks, L. B. Crawford and Rev. Arthur Marston. Adjournment was then made to Thursday night, April 5th.

Called to Denver.

Mrs. Geo. Ferguson left for Denver Tuesday in response to a telegram announcing the death of a niece at that place.

Verne Arlie Lovelace.

Verne Arlie, the two-year-old son of Mr. and Mrs. Thomas E. Lovelace, died at the family home Monday night about nine o'clock following an illness of about two weeks of pneumonia. Funeral services were held at the Methodist church Tuesday afternoon at 3 o'clock, conducted by Rev. Arthur Marston, and interment made in the local cemetery.

Accidentally Shoots Wife.

W. L. Gumm accidentally shot his wife Friday of last week when he attempted to cease the mundane existence of a skunk which was committing depredations about the place. He did not see Mrs. Gumm when he fired at the animal and several of the shot entered her hand which caused a painful but not serious wound.

Interesting School Notes.

Attending Association.

The following Carrizozo teachers are at the County Teachers' Association in Capitán today where they went to attend the first session yesterday afternoon: Mesdames H. G. Clunn, E. V. Jewett and N. E. Massie; Misses Annie C. Gilham, Blanch Garvin, Mamie Humphrey, Irene Wicklund and Ivy Lindsay and Messrs. H. C. Franklin, S. B. Laseter and Andrew McCurdy.

Carrizozo Represented.

In the arithmetic and spelling contests held under the auspices of the Teachers' Association, the following will represent Carrizozo: From 7th and 8th grade room, Catherine Pine and Johnnie Cole; from 5th and 6th grade room, Myrtle Rowland and Alvie Porter. They have made excellent showings in the preliminary contests and will give a splendid account of themselves at Capitán tomorrow morning.

Makes Excellent Showing.

Carrizozo keeps on the map in percentage of perfect attendance thruout the schools of the county. Last month Miss Garvin's room held the banner for highest percentage of attendance in the whole county, and, altho, no Carrizozo room scored highest for last month, and the banner goes to the upper room at Hondo again, the local school holds five of the ten first places. Let the parents see that nothing avoidable transpires to keep the children out of school for a single day.

Prof. Worcester Here.

Prof. Deane A. Worcester, of the University of New Mexico, was a local highschool visitor practically all day yesterday, presenting the claims of the university upon the favorable consideration of high school graduates, not because it is a home institution, but because the work done there has put our state university on the map educational-ly with work of universal acceptance in the higher institutions of the land. Prof. Worcester addressed a gathering of school patrons and students in the evening and urged a broader outlook upon life by means of a finished education for every young American.

Delivers Pins.

Prof. W. T. Conway, of the State College, leader of the boys' and girls' club work for New Mexico, was also a visitor in our schools Thursday afternoon and delivered pins earned as awards for successful completion of several of the various projects fostered by the U. S. Department of Agriculture. These awards went to Clara Brazel, Ula Edmiston, Margaret Lacey, Gladney White and Dero and Oreno Stevens. The pins are appropriately designed and represent much faithful and profitable work.

LITTLE INTEREST SHOWN IN LOCAL SCHOOL ELECTION

Only Sixty-Two Votes Cast and Very Little Scratching Indicates Popular Ticket Was Chosen.

MRS. GUMM LEADS BY FULL TICKET

The first school election since the incorporation of Carrizozo as a village was held at the courthouse Tuesday, the total vote cast being only 62, there being very little interest manifested in the election.

There was but one ticket in the field and very little scratching was done, as shown by the official count. All those elected are competent and worthy of the support given them. Mrs. W. L. Gumm led the ticket, receiving 62 votes. Following is the complete vote cast:

Mrs. W. L. Gumm	62
Dr. T. W. Watson	59
C. Spence	58
O. T. Nye	58
Geo. L. Ulrick	57
J. M. Taylor	9
A. J. Rolland	4
Daniel Smith	2
Walker Hyde	2
P. M. Johnson	2
J. B. French	1

Buys Cemetery.

The firm of Kelley & Son have purchased the local cemetery site from "Doc" Lacy, original homesteader and owner of the land upon which the site was located. Extensive improvements are being made and planned by the new owners.

Lieutenants Pass Thru.

A train load of second lieutenants of the army passed thru Carrizozo Tuesday morning enroute from the officers' school at Fort Leavenworth, Kansas, to El Paso, Fort Bliss and other Texas points to join their regiments.

Lieutenant Stadtman, a brother of our fellow townsman, W. W. Stadtman, was with the detachment and wired the latter from Tucumcari who met him at the depot where the train remained a few minutes.

Lieutenant Stadtman has an enviable record in the army. Starting as a private only a few years ago, by persistent study has been able to successfully pass the examination and secure a commission as second lieutenant. Mr. Stadtman was one of the 2nd lieutenants recently promoted and within a few days expects his commission as first lieutenant.

War Declared!

THE IMPENDING STRUGGLE.

The war upon which the United States is about to enter with Germany or, practically speaking, upon which it has already entered because of Germany's attacks on American ships—will be almost exclusively a war on the seas, according to present indications. It is hardly to be expected that an effort will be made to equip an overseas army and land it in France, altho this has been suggested, and might become an actuality if the war should long continue. For if Germany's crushing defeat becomes necessary for the peace of the United States and the protection of American lives and property, it is not to be pre-

sumed that any step will be neglected to bring this about.

For the first few months, however, the conflict will be confined to the sea, and will be an effort on the part of the United States to protect its commerce and its citizens by both defensive and offensive warfare against German submarines. Sooner or later this will mean the driving of the German submarines from the ocean. Americans have always been leaders in sea fighting. From Paul Jones to George Dewey and Winfield Scott Schley, American sea fighters have always proved themselves the masters of their foes, in spite of any superiority of equipment and numbers of the latter.

The American navy is today a wonderful fighting machine, its men models of trained skill, and its ships and guns the best that money can build and Yankee ingenuity can devise. The greatest electricians, the greatest inventors in all lines of activity are Americans and their services are at the command of the United States government and have been for several years. What they have prepared for the insolent German sea raiders is yet to be demonstrated, but when the naval war begins in earnest there may be expected some surprises for the undersea pirates.

There need be no question about the result. Germany has yet to cope with American ingenuity and alertness. The result will be just as it has been in other sea campaigns in which the

United States has engaged. The cost may be great, but once Uncle Sam starts out to do it, the freedom of the seas will be established. If this requires merely the hunting down and destruction of submarines this will be done, and if it requires an overseas army, this will be done.

It is not a question of desire, but one of duty and the American people are behind the government to the last extremity.

William Randolph Hearst has directed that the editors of his publications give editorial support, daily and Sunday, to universal military training, because he believes that this is the solution of the question of how the United States shall be properly prepared for war without maintaining a great standing army. Mr. Hearst wisely remarks that it is not soldiers, but governments, which make war, and that a man is a better citizen who is prepared to defend his country if needs be. Public discussion of this subject is causing the sentiment to grow that military training in the schools and among all classes of people, far from instilling a warlike spirit among the people, will be peace insurance.

We don't want war but if we go, let's go our best. Place the nation upon such a war basis that future possibilities of war will elicit a candid thought before our assailant comes at us. Teach the hyphenate that American patriotism is inborn and not a feature to be easily obliterated. Hit the first blow with a vim that will leave no question until American principle and uprightness come forth victors.

Ex-President Roosevelt's offer to take a thousand men to the French trenches should not be lightly spoken of. However one may differ with Theodore Roosevelt in political policies, there has never been an occasion to doubt his patriotism, and there is no reason to believe that if he is given the opportunity he will not make good on his proposition.

Why worry about the gentle breezes that blow here during the spring months? A Chicago man remarked the other day that he would never have paid any attention to the wind and dust if everybody hadn't gone around apologizing for it and thus calling his attention to it.

Japan is shipping baseballs to this country at 30 cents a dozen, for which our factories demand 60 cents a dozen, despite the fact that 40 percent tariff is charged the Jap.

Now is the time to swat the fly, before she brings her family into the world to spread disease and corruption. Clean up the rubbish piles and burn the old tin cans.

Marian Harland, the famous writer, at the age of 85, does daily a heavy bit of newspaper work. She learned to operate a typewriter after she was 75.

The German papers are praising Senators Stone and LaFollette. It should please these two "traitors" to know how popular they are in Germany.

A man was found dead in the vicinity of the railroad tracks near Ancho Monday. The find was reported here by Engineer Hines. The man, whose name was Sam Taylor, was said to be a "dope fiend" and had been lying around Carrizozo for several days. It is presumed he had ridden a freight train to the point where he was found and in some manner fell from the mov-

ing cars. He was a member of the cooks and waiter's union which organization, as well as some of his relatives were notified.

I have often heard it stated and I guess it's estimated That a man these days is rated by the dough he tucks away; Most folks look with approbation, on the fellow with stagnation. When it comes to circulation of the coin of the U. S. A. Bankers preach to you that saving will in time become a craving. And advise that you start shaving your expenses—good intent. I don't say they're falsifying, for it must be satisfying. To be sure your money's lying in the bank at four percent. I admit we all get jealous when the guy with bank books tell us That a state law should compel us to save so much coin each day. But though firm is my intention, I can't save this coin they mention. Without finding some invention to expand my monthly pay. But we might start being thrifty, so that by the time we're fifty There will be a balance nifty, where there never was before. Why not save ourselves the sorrow, that assails us when we borrow. Let's just start right in tomorrow and keep saving overmore.

OPPORTUNITY IS AT DOOR OF EVERY STOCK GROWER IN STATE

"The farmers and live stock growers of New Mexico never had such a golden opportunity to make money as at present," says Clarence Bell, the cashier of the First National Bank of Carlsbad. Mr. Bell is familiar with live stock and farming conditions as he has for many years been closely connected with large banking and merchandising interests. "Present conditions warrant the farmers in growing much more feed than usual and the stockmen may safely increase their herds and flocks.

"The price of all meat animals increased greatly in 1916. The average price of beef cattle per hundred pounds in 1916 was \$6.48, an increase of 47 cents over 1915. Hogs averaged \$8.20 as against \$6.59 in 1915. Sheep averaged \$6.31, an increase of \$1.08 over 1915. Lambs averaged \$8.19, an increase of \$1.34 over 1915. It is safe to say that prices in 1917 will not fall below those of 1916 for finished meat animals.

The statistics of the Agricultural Department for 1916 show only a slight increase in the number of milch and beef cattle and a decrease in hogs and sheep on January 1, 1917. The strong demand and the high prices for meats in 1916 sent more than eleven million head of cattle to market, thirty million hogs, and fourteen million sheep; a record total for American markets. Since the first of the year there has been heavy marketing of calves which will still futher effect the future meat supply. This condition must interest the New Mexico farmers and live stock growers.

"A large increase in grain and forage production in New Mexico this season is a most important consideration. This feed is needed to prevent winter shrinkage, which was of especial importance in the day of cheap cattle, but is inexcusable in this day of high prices. And more feed will also make possible the finishing of steers, sheep, and hogs at home and thereby obtain their full value when sent to market.

"If advantage is taken of present conditions, New Mexico farmers and stockmen may in 1917 enjoy the most prosperous season in the history of the state."

**DEMING NEWSPAPER
LAUDS DISTRICT AT-
TORNEY HAMILTON**

The following story is taken from the Deming Graphic and relates one of the many instances of efficiency in office of District Attorney H. B. Hamilton of this place:

With the conviction of A. B. Smith, alias W. F. Dashley, for murder in the first degree, the gang of bad men responsible for the death of the late Sheriff Dwight B. Stephens has all been brought to justice, which serves as a notice, in a general way, that jail-breaking is a risky business in Luna county.

Deming jail delivery, occurred February 20th, 1916, upon which occasion Joe Cranson, Francis Acosta, C. Schmitt, J. O. Starr and A. B. Smith alias W. F. Dashley, made their escape.

Sheriff Stephens organized a posse and went after them, overtaking the bunch near Rincon, where in a pitched battle, Sheriff Stephens was shot and instantly killed and one of his men, Burk Sevier, badly wounded.

W. C. Simpson was then appointed sheriff and with his posse of brave men, ably assisted by

sheriff Felipe Lucero and his aides, all but Dashley were in a fair way to get what was coming to them.

Cranson was killed in the fight Acosto was caught and sent to the pen for 20 to 30 years, Schmidt was convicted and given 99 years, Starr was likewise convicted and sentenced to hang his case now being reviewed by the supreme court, which will only result in a stay of execution and now Dashley, who six months after the targedy was captured by Chief Police, J. D. Hillhouse at Reno, Nevada, Sheriff Simpson tracing him to that point by handwriting detective work, has been found guilty of murder in the last degree in Judge Medler's court at Las Cruces, thanks to the splendid work of Sheriff Felipe Lucero and his deputies, the efficient, faithful service of District Attorney H. B. Hamilton and the fairness of the jury that rendered the verdict.

Judge Medler's charge was one of the ablest and most comprehensive ever heard in that court, and it is certain that Mr. Hamilton's closing plea, when he pictured Dashley's vile career, culminating in the murder of the best police officers in New Mexico, was a court scene long to be remembered.

**COUNTY PROHIBITION FORCES
MEET AT CAPITAN**

Pursuant to a call of the temporary committee, the temperance forces were called together at Capitan, Tuesday, March 27th at 2:30 p. m. Delegates, were present from two-thirds of the visiting precincts. A temporary organization was effected by the election of Mr. Merchant of Capitan, Chairman, and Mr. Hightower of Hondo, Secretary. The body was addressed briefly by R. E. Farley, State Superintendent of the Anti-saloon League, who stated the purpose of the meeting to be the permanent organization of the county for the campaign.

W. H. Chisman, of Aztec, New Mex., made an impressive address, giving account of the prohibition legislation enacted by the last session of the legislature. The meeting was marked by complete harmony and every one was enthusiastic, and manifested in action rather than words, their fixed determination to do all in their power to abolish the Liquor Traffic.

A committee was elected for each of the 16 voting precincts also a permanent committee for the county at large. The last named committee has the following officers, Clarence Spence Chairman, Dr. R. E. Blaney, Secretary and F. J. Sager, Treasurer.

The committee for Precinct 14 consists of C. Spence, A. McCurdy, Mr. Lutz, G. Aguirre, Ben Lujan, and Jose Vega.

Mr. Sager, in an appropriate speech, presented the need of funds in order to carry forward the campaign, and proceeded to take a collection, which amounted to \$230.00 in cash and subscriptions.

Two-thirds of the voting precincts responded to the call, and were represented by substantial men—young men and old men, rich men and poor men, possessors of one idea.

**SOME DANGEROUS
EXPERIMENTS.**

A man rocked a boat to see if it would tip. It did.

A laborer stepped on a nail to see if it would go thru his shoe. It did.

A man looked into a gun to see if it was loaded. It was.

A press hand kept his foot on the treadle to see if it would repeat. It did.

A woman looked into a patent medicine booklet to see if she was sick. She was.

Last June a helper smelled escaping gas and lit a piece of oily waste to find the leak. He found it.
