Citizens Perfect Home Guard Organization

Active Campaign for Recruits Now Being Waged—
J. B. French is Captain and
E. M. Brickley Lieutenant.

A meeting was held at the court house in Carrizozo Friday evening, July 20th, for the purpose of perfecting an organization of a Home Guard for Carrizozo. J. B. French, captain-elect of the Home Guard presided over the meeting.

It was decided to organize the Guard and apply for recruits giving each applicant the option of drilling or not as they see fit. Application will be made to the Adjutant General for arms which will consist of the old Krag-Jorgenson rifle and will cost each recruit about \$5.00, the ammunition will be furnished at cost if such arrangements can be made. The drills will be held on the second floor of the court house.

An active campaign has already been started to enlist recruits and several have been enrolled. Thus far all have signified their willingness to drill.

The active co-operation of all the citizens of Carrizozo is asked in making this movement a success. The drills will be of a benefit to all who take part whether they are ever called into the service or not and in case they should later be called to the colors they will be in a large manner well seasoned and ready to do their part. The entire movement will be under the personal supervision of Captain J. B. French, who served as an officer in the Spanish-American war. Thus far no other officers have been appointed with the exception of E. M. Brickley as first lieutenant and assistant to Mr. French.

Word has been received here of the destruction by fire of a bunkhouse on Senator A. B. Fall's ranch near Three Rivers Thursday night of last week. The damage amounted to several hundred dollars. Considerable clothing, an \$1100 automobile belong to a son-in-law of Mr. Fall, and other valuables were destroyed. Origin of the fire is unknown.

An Explanation

Owing to a misunderstanding with the publishing house supplying us with the story, "Heart of the Sunset" by Rex Beach, we wish to announce that same will begin next week instead of this as advertised. There is no fault of ours we ask the forgiveness of our readers and assure you that the opening chapters will be found in next week's paper.

Children Hold Dance

Monday evening Mr. John E. Bell at the request of a party of children turned over the rear portion of his new store room to the merry-makers who indulged in dancing and other amusements. Mr. Bell allowed the young folks the use of the piano in addition to other courtesies. Punch was served and a general good time was indulged in and the children thanked Mr. Bell for his generosity.

Red Cross Meeting.

The Red Cross Society met at the Crystal Theatre Monday afternoon, Chairman Jno. A. Haley presiding. The ladies are planning to secure a room at the court house where all serving for the society will be done. The committee on supplies was instructed to purchase material. As soon as possible work will be started. Meeting adjourned subject to call.

Love and Adventure.

"The Heart of the Sunset" by Rex Beach is a story of love, adventure and mystery growing out of warlike conditions prevailing along the Mexican border. The hero is a Texas Ranger, the heroine is a lovely woman menaced by a drunken relative and a ruthless Mexican general. It is a clean, inspiring tale, plentifully sprinkled with humor, alive with thrills deftly told by one of America's most gifted writers, and the first installment will appear in the Outlook in its edition of August 3rd.

W. K. Moore went to Lovington Sunday on business.

Mr. Mahlon T. Kellar has sold out and will leave for the east in a few days.

REX BEACH

has written another story full of adventure and action, with interesting and picturesque characters. It has the virile strength that made his early Alaska romances so popular and that splendid strain of humor for which he is known. We have been fortunate in securing this story for our next serial and urge you to watch for and read

Heart of the Sunset

Mr. and Mrs. Ira Wetmore and Mrs. Bell motored to Roswell Tuesday and will remain several days. Mr. Wetmore will attend to matters of a business nature while in Roswell.

Wanted to See Horses Run.

Mr. Ben West, railroad detective for the El Paso and South Western has experienced a great deal of trouble of late in having the stock yards gates opened allowing the horses to run at large. Up to the present there had been no clue to the mischief makers. However on Tuesday night Mr. West accompanied by Deputy Sheriff Geo. Hughes discovered the locks of the gate again broken and on entering the yards found five boys in the act of running the horses around the lot with the intention of witnessing a free horse race over the prairies. The guilty parties were promptly arrested and placed in jail when they were arraigned before Justice of the Peace Harvey and fined \$5.00 and costs and to stand committed to jail until fines are paid. The ages of the boys ranged from twelve to sixteen years.

New Superintendent Chosen.

At a recent meeting of the board of education, T. W. Conway, of Raton, N. M., was chosen to fill the position of superintendent of the Carrizozo schools. The vacancy was created by the resignation of Andrew McCurdy who is with the Silver City normal for the summer. Prof. McCurdy held the superintendency of the local schools for four consecutive terms, being re-elected for the fifth. He resigned about two weeks ago. It is understood that Mrs. E. V. Jewett, who was re-elected principal for the coming term, has also resigned but her successor has not as yet been chosen.

District Attorney Hamilton was in Corona Tuesday on official business.

Corona Patriot Offers Relief for Soldiers Families

Will Furnish Land for Cultivation, Milch Cows, House, Etc., for Dependents of Boys Who Go to War.

John T. J. Martin, of Corona, is the first Lincoln county man to come forward with a proposition to care for dependents of soldiers who go to war. In a letter addressed to Sheriff Hyde and to The Outlook, Mr. Martin makes plain the plan, which is a very commendable one, to do his bit. The letter follows:

Hon. C. Walker Hyde and Editor Outlook, Carrizozo, N. M.

Gentlemen;
You will please notify the relief committee for dependents of soldiers family that I am now prepared to give them free to use six room house with good cistern and out houses and furnish them milk cows to milk and will give each family a big pig for meat this winter and next year will give free all the land that soldiers' family may use to cultivate. The land is now to crops for 1917 but can turn land over to soldier's family as soon as crops are gathered. School house only three-fourths mile away and three miles to Gallina railway station and ten miles to Corona post office. Either Spanish speaking or English speaking families will be received as I now have both Spanish and English speaking people on my place.

Yours truly,

JOHN T. J. MARTIN

DRAFT EXEMPTION RULES GIVEN OUT

Regulations Show What One Must Be and Do to Escape Service.

MUST MAKE CLAIMS IN PERSON

Seven Days Are Allowed in Which to Present Claims—Industrial Needs and Dependents Chief Needs on which Draft May Be Avoided.

Washington.—The war department has made public the regulations which must be followed by all registered men. Step by step they are as follows:

1. LOCAL BOARDS—In every county in the United States and for every city of over 80,000 there are one or more local exemption boards. Each of such boards is in charge of the registration cards of persons registered in the area over which the board has jurisdiction, and has jurisdiction of all claims for exemption, except those based on industrial grounds. FIND OUT WHAT BOARD HAS YOUR CARD AND WHERE THE OFFICE OF THAT BOARD IS.

2. DISTRICT BOARDS—In every federal judicial district there are one or more district boards, having appellate jurisdiction over a number of local boards and having original jurisdiction of claims for exemption on industrial grounds. IF YOU INTEND TO MAKE A CLAIM ON INDUSTRIAL GROUNDS, INCLUDING AGRICULTURE, LEARN WHAT DISTRICT BOARD TO APPLY TO.

Meaning of Numbers.

3. RED INK SERIAL NUMBERS—Every board has numbered the cards in its jurisdiction with red ink in a series running from 1 to the number representing the total number of cards in its jurisdiction. Lists showing the names of persons in the jurisdiction of each board and the red ink number of each are open to inspection at the office of each board. INSPECT THE LIST AND INFORM YOURSELF OF YOUR RED INK SERIAL NUMBER.

4. ORDER OF LIABILITY—These red ink numbers are to be drawn by lot to determine the order in which registered persons are to be called by the various local boards. AS SOON AS the drawing is complete lists showing the order in which these red ink numbers are drawn will be published in the press, and will be posted at the office of each local board. GO TO YOUR LOCAL BOARD AND FIND OUT THE ORDER IN WHICH YOU STAND FOR CALL.

5. As soon as quotas are assigned to each state and each board, each board will call upon persons whose cards are in its jurisdiction instructing them to present themselves for examination. This call will be posted at the office of the local board and the papers will be requested to print it. A notice will also be mailed to you, but the posting of the list at the office of the board will be deemed sufficient notice to charge you with the duty of presenting yourself. The law therefore makes it your duty to inform yourself when you are called.

6. Physical examination—you must report for physical examination on the day named in your call. If you are found physically disqualified the board will give you a certificate which will explain to you what your further duties are.

If you are found physically qualified and file a claim for exemption within seven days after your call you will be given ten days after filing your claim of exemption to file proof in support of your claim of exemption. See (VII) below.

Watch for Your Name.

If you are found physically qualified and file no claim for exemption, or if you do not appear for physical examination, your name will be posted to the district board as one who was called for military service and was not exempted or discharged. On the eighth day after call, or within two days thereafter, copies of the list of persons so posted to the district boards will be given to the press with a request for publication, will be posted in a place at the office of the local board accessible to the public view, and notice will be mailed to you at the address on your registration card.

THEREFORE WATCH THE NOTICES POSTED IN THE OFFICE OF THE BOARD ABOUT TEN DAYS AFTER THE DAY YOU WERE CALLED AND MAKE ARRANGEMENTS FOR THE PROMPT RECEIPT OF MAIL.

7. EXEMPTION OR DISCHARGE.—No claim or discharge on account of the industry in which you are engaged can be decided by a local board. (See Par. XV, below.)

WHETHER YOU FILE A CLAIM OF EXEMPTION OR NOT, YOU MUST PRESENT YOURSELF FOR

PHYSICAL EXAMINATION ON THE DAY NAMED IN THE NOTICE.

From the day notice that you are called is mailed and posted you have seven days in which you may file a claim of exemption or discharge. The form for filing this claim is simple. If you wish to file such a claim—

Go to the board and get Form 110 for exemption or Form 121 for discharge. If the board has not the printed forms ask to consult the form pamphlet and copy the form shown there.

Fill out the proper form and file it with the board. Do this within seven days of the posting and mailing of notice to you to present yourself.

The following are the only grounds for exemption:

That you are an officer, legislative, executive or judicial of the United States, a state or territory, or the District of Columbia.

That you are a regular or duly ordained minister of religion.

That you were on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school.

That you are in the military or naval service of the United States.

That you are a subject of Germany, whether you have taken out papers or not.

That you are a resident alien who has not taken out first papers.

In addition to claims for exemption claims for discharge may be made on any of the following grounds, which are the only grounds for discharge by a local board:

That you are a county or municipal officer.

That you are a custom-house clerk.

That you are employed by the United States in the transmission of mail.

That you are an artificer or workman employed in an armory, arsenal or navy yard of the United States.

That you are employed in the service of the United States (under certain conditions). See paragraph (e) of section 26, Regulations.

That you are a licensed pilot regularly employed in the pursuit of your vocation.

That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.

That you are a married man with a wife or child dependent on you for support.

That you have aged or infirm parents dependent upon your labor for support.

That you have a widowed mother dependent on your labor for support.

That you are the father of a motherless child under sixteen dependent upon your labor for support.

That you are a brother of an orphan child or children under sixteen dependent on your labor for support.

That you are a member of any well-recognized religious sect or organization organized and existent May 17, 1917, and whose then existing creed or principles forbade its members to participate in war in any form and whose religious convictions are against war or participation therein in accordance with the creed or principles of said religious organization.

These are the only grounds for exemption or discharge by a local board.

Another person can file a claim in your behalf, but must use different forms in filing the claim.

8. Proof of claims—Your claim of exemption or discharge must be filed within seven days of the day on which notice to you that you are called was posted and mailed. But after you have filed your claim for exemption or discharge you have ten days within which to file proof.

The method of proving claims is very simple, but it is rather exact. If you follow the rules given below you will have done what is required of you:

(a) Go to the local board and consult the regulations to find out the form number of the affidavits that you must submit for your particular claim.

(b) Ask the board for the blank affidavits that are necessary in presenting your proof; if the board has not the forms, ask to consult the pamphlet of forms.

(c) Have the affidavits properly accomplished and return them to the board within the time limit assigned you—ten days from the filing of your claim.

Remember:

(a) You must submit your proof in the prescribed form and the board has no authority to exempt or discharge you unless you submit all the affidavits required by regulations.

(b) There will be no argument before the board and no proof other than the prescribed affidavits, unless the board calls for other proof, which it will do in only a limited number of cases.

9. WHEN CLAIMS ARE DECIDED—Every claim for discharge or exemption will be decided by the local board within three days after your affidavits have been filed.

10. CERTIFICATES OF EXEMPTION OR DISCHARGE—If your claim is allowed, a certificate of exemption or discharge will be issued to you.

Remember:

(a) This certificate may be recalled at any time.

(b) If it is temporary or conditional it becomes of no effect when the time or the condition named is fulfilled.

(c) You have been drawn for military service and when the condition that has postponed your posting to the colors ceases you may be recalled at any time.

(d) Remember that your case may still be appealed to the district board by the government, and on this appeal your certificate may be withdrawn at once. When so withdrawn you stand precisely as though you had

been selected for military service by the local board.

11. ADVERSE DECISIONS ON CLAIM—If your claim is disallowed by the local board your name will be certified and sent by the local board to the district board as one who has been called for military service and not exempted or discharged. Within two days thereafter, if practicable, a list of those so certified to the district board will be given to the press with a request for publication, will be accessible to the public view, and notice will be mailed to the address on the registration card.

Therefore, if you have filed a claim for exemption and proof in support thereof watch the notices in the office of the local board, beginning about five days after you have filed your proof, to see what disposition was made of your case and make arrangements for the prompt receipt of mail.

Carrying Up Appeals.

12. HOW TO CLAIM APPEALS TO DISTRICT BOARDS—Claims of appeal may be made by a person within ten days after the day when notice has been posted and mailed that such person's name has been certified to the district board, as one who has been called for service and not exempted or discharged.

Therefore if you desire to appeal—

(a) Go to the local board and get or copy form 153 or 154 for filing your claim of appeal.

(b) Get or copy also form 151 or 152 for notifying the district board of appeal.

(c) File your claim of appeal (153 or 154) with the local board.

(d) Send your notice of appeal (form 151 or 152) to the district board.

(e) Do this within ten days from the day when notice that your name was certified to the district board was posted and mailed.

Remember:

(a) You can only appeal the final order of the board exempting or discharging or refusing to exempt or discharge you. You cannot appeal other orders or actions of the local board.

13. PROVING YOUR APPEAL—You have five days after the district board receives your notice that you have filed a claim of appeal in which to file evidence additional to that filed by you in the local board, but all such evidence must consist of affidavits.

Reception of Decisions.

14. DECISIONS ON APPEAL—The decision on your appeal must be made within five days of the closing of proof, and you will be notified by mail of the action of the board on your appeal.

15. CLAIMS FOR DISCHARGE ON INDUSTRIAL GROUNDS—Only the district board can receive claims for discharge on the ground that they are engaged in industry, including agriculture, found to be necessary to the maintenance of the military establishment, the effective operation of the military forces, or the maintenance of national interest during the emergency.

If you desire to file such a claim:

(a) Get a copy at the local or district board of form 161 or 161a.

(b) Fill the form out properly.

(c) File it with the district board within five days after the mailing and posting of notice that your name has been certified from the local board to the district board. See section 44, regulations.

16. PROOF IN SUPPORT OF INDUSTRIAL CLAIM—Only affidavits can be used in filing proof before the industrial board of a claim for exemption on industrial grounds. All such affidavits must be filed within five days after the filing of the claim.

17. DECISIONS ON INDUSTRIAL CLAIM—Within five days after the closing of proof in any industrial claim the district board must decide the claim.

If the decision of the district board is in favor of the claim the board will issue a certificate of discharge. If the decision is against the claim the district board will so notify you.

18. APPEALS TO THE PRESIDENT—Only decisions of district boards on industrial claims for discharge can be appealed.

If you desire to appeal the decision of the district board to the president, you may do so within seven days of the date of mailing to you of the decision of the district board. To perfect your appeal:

(a) Get or copy from the district or local board Form 168.

(b) Fill out the form and file it with the district board.

(c) Do this within seven days after the mailing of notice to you of the decision of the district board in your case.

19. HOW YOU WILL BE NOTIFIED—As soon as your case is finally disposed of, the adjutant general of your state will notify you by mail that you have been selected for military service.

Your local boards will post a list of all persons selected for military service in a place at the office of the local boards accessible to public view.

Notice that you have been selected for military service will not necessarily order you into service.

The notice to report for military service will come when the government is ready to receive you.

MARSHAL GIANT FRECKLES LIBERTY ARMY

DRAWING OF REGISTERED MEN FOR FIRST SELECTIVE ARMY OF 687,000 MEN COMPLETED.

FIRST NUMBER WAS 258

FOR FIRST CALL ALL BOARDS WILL SUMMON TWICE AS MANY MEN AS QUOTA CALLS FOR.

Western Newspaper Union News Service.

Washington, July 21.—America's Army of Liberty, 9,600,000 strong, has been marshaled in the order its ranks will go forward to the last able-bodied man, if need be, to battle for country and the preservation of democracy.

The great draft lottery has tolled forth, number by number, the order in which the registered young men of the nation will be called for examination of their fitness for the first selective army of 687,000 fighting men. At 2:18 o'clock this morning the blindfolded teller drew from the glass globe the last of the 10,500 numerals designating the rear rank of the entire aggregation of registrants, a rank which may never be reached in calling men to the colors.

For sixteen hours the blindfolded officials, serving in rotation, drew the gelatine capsules containing the fateful numbers from the glass globe. As each number was drawn it was announced, chalked up on a blackboard and telegraphed to the newspapers to be published to an expectant nation of relatives and friends of those registered.

The great lottery went off without mishap except for the drawing of one blank, which means that one serial number among the 10,500 assigned to registrants was not drawn.

While the drawing was to designate the order of liability for service of all men in the country between the ages of 21 and 30 years, inclusive, the immediate object is the selection of 687,000 fighting men, 500,000 for the first increment of the new army and 287,000 to fill the ranks of the regular army and the national guard.

To determine priority of submission to physical examination for this service, the plan of the lottery decreed that men in each exemption district of the country whose numbers were drawn should respond in the order of the drawing.

The first number taken from the fateful glass bowl was 258. That means that every man whose serial draft number is 258, in every one of the 4,557 exemption board districts of the country will be the first summoned when the next step in the great selective conscription scheme is taken.

There were 10,500 numbers drawn, because one district in the country, in Detroit, Mich., contained more than 10,000 registered men. In the majority of the districts, however, the maximum number approximated 3,000.

For the first call all boards have been directed to summon twice as many men as the quota to be required from it in making up the total of 687,000 men. That means that 1,370,000 men who were drafted will be asked to report for examination at once.

Carranza Given U. S. Cartridges.

Washington.—On the urgent recommendation of Ambassador Fletcher, President Wilson has consented to allow Carranza to import 2,700,000 rounds of ammunition.

CHARLES IRWIN'S SON KILLED.

First Accident in Connection With Wyoming Celebration.

Cheyenne, July 21.—The first accident in connection with the coming twenty-first Frontier Days celebration resulted in the death Friday morning of Floyd Irwin, 23, champion triek rider of the world, who was injured at Frontier park while practicing steeplechasing. Irwin's horse fell when his rope slipped on a steer and he was caught beneath the animal, sustaining a fracture of the skull. He died soon after an operation was performed.

Young Irwin was the oldest son of Charles Irwin, a prominent Wild West showman and stock grower.

Quarte Had First Bishop Number.

Bisbee, Ariz.—The first number drawn in the selective draft in Cochise county was held by Alexander Duarte, now in the detention camp at Columbus, N. M. Duarte, a coal heaver employed by the Southwestern railroad, at Lowell, was reported July 15th with the head of all-gold I. W. W. member and armorer.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as the prescription skin—double strength—is guaranteed to remove these homely spots. Simply get an ounce of skin—double strength—from your druggist, and apply a little at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one course is needed to completely clear the skin and end a beautiful clear complexion.

Be sure to ask for the double strength skin, as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

The frigate bird spends most of its life on the wing.

Makes the laundress happy—that's Red Cross Bag Blue. Makes beautiful, clear white clothes. All good grocers. Adv.

A Base Materialist. She—This age we are living in gives much food for thought. He—Yes, but not much for digestion.

No Place for Them. "Any beech trees on your place?" "Oh, no; we are not near the ocean. We have no beach."

Ma Knows It. "Ma, what is the goose step?" "Your father demonstrates it every time he dances with me."

Quite All Right. "But, daughter, he has yellow fingers." "Well, yellow is my color, dad."—Louisville Courier-Journal.

Puts Price on Bed. That the ears of little children are quick to pick up the strange terms they hear their parents use is indicated in an incident in the household of Judge Deery of city court, says the Indianapolis News.

Mrs. Deery had been shopping with her little daughter and when they returned home, the daughter started to "sell" everything in the house as she had seen the clerks do.

When she reached a bedroom she announced that she would sell the bed for "ten dollars and costs and penal farm."

"Dressmaking Not an Art." That dressmaking is not an art, but labor, was held by a jury in the United States district court recently, in the case of Albert de Vroye, husband of Marie de Vroye, fashionable dressmaker, says the St. Louis Star.

He was fined \$1,000 for violation of a federal statute forbidding the importation of contract labor into the United States.

The statute leaves several exceptions, including actors and artists. Shepard Barclay, attorney for De Vroye, contended a skilled dressmaker is an artist.

The prosecuting witness was a Belgian woman. She testified that in 1911 she answered an advertisement inserted by De Vroye in a Brussels newspaper for a premier dressmaker, capable of designing and executing dress patterns. She testified she was hired by De Vroye in Brussels at 375 francs (about \$75) a month and brought to the United States.

KEEP OLD GLORY FLYING.

"Best" Not "Bit"

Senator Joseph I. France of Maryland prefers the American word "best" to the borrowed English word "bit." "Every citizen," says he, "should join in a spirit of conciliation and co-operation to do not his English bit but his American best to perfect an invincible national organization." Mr. France hopes that he will soon see the spirit of distrust and malignancy eliminated from our legislation. He believes that the people can be trusted to conduct their business honestly and patriotically during the present emergency, and should be allowed rather than compelled to do so. That is the spirit in Maryland, Senator France declares, and the people of that State remember that unity of action can alone win the war.

Third Payment Due

chased from the Treasury or the Federal Reserve Banks or through other banks or agencies it is important that these and succeeding instalments be paid promptly.

The action of many employers of labor in arranging to pay their employees on July 30th instead of August 1st in order to enable them to promptly make their payments on Liberty Loan Bonds is an excellent and patriotic example which no doubt will be followed by a large number of employers.

Law Governing

Dishonoring Flag

The use of the American flag in this state is prohibited for any other than the purpose for which it was designed by the Congress of the United States and as an emblem of our Common country to be used and displayed only in a seemly and decorous manner in public or private place. Any person who shall by word or act offer an insult to the Stars and Stripes, or who shall use the same for advertising purposes by printing, painting, stamping or otherwise placing thereon or affixing thereto any name or object not connected with the patriotic history of the nation or state shall be guilty of a misdemeanor and upon conviction shall be fined any sum not exceeding one hundred dollars (\$100) and by imprisonment in the county jail not exceeding one hundred days, or both such fine and imprisonment.—Compiled Laws of the State of New Mexico, 1915.

On the way to Carrizozo covering a trip of sixteen-hundred miles the writer had an excellent opportunity to observe towns along the route and to take note of their signs of advancement and he can safely say that nowhere along the route traveled were there such signs of activity as that witnessed at this place, its business men show a progressive spirit, carry a full line of up-to-date goods, bargains to be had on every hand. Business buildings are taking the place of vacant lots and a general constructive policy prevails everywhere. These facts are not only worthy of mention but should and will receive the support and confidence of the entire community.

The New Mexico democratic bosses will have considerable explaining to do before the end of the next state convention of that party. Last fall they promised Cicero Stewart, of Eddy county, the job of United States marshal, and, so it is claimed, led their Spanish-American voters to believe that they were to have that office as a reward for party loyalty. The bosses passed out the double cross to both and it is said the leading Spanish-American for the office is on the war path over in Socorro county.

One of the funny things in politics was that telegram from Congressman Walton, reporting that the Fall resolution would probably go through, and adding something to the effect that Senator Jones deserved much credit for working in favor of its passage. We are wondering where Fall came in on his own resolution, anyhow.

The republicans of the legislature created the law of 1915 under which the mines of this state

War Orders Rushed

THE magnitude of the great war in which we are now engaged, has necessitated unusual preparation. Mighty forces are marshalling, great stores of food and munitions are being gathered, and the energies of the nation are focused on problems incident to the war.

At the very beginning of the war, the whole Bell System was placed at the disposal of the Government. No nation has entered the war with such a comprehensive and efficient telephone service.

As our military establishment grows, the demands of the Government upon the Bell System are bound to increase and always they must take precedence over all others.

Increased activity in commerce and industry as the result of larger demands for food and munitions from our allies and for our own use, means more need of telephone service by private business.

But private business must always be subordinated to the Government service. Each individual American will co-operate in this patriotic service, and submit cheerfully to inconvenience or delay in his telephone service, when he understands how vital it is that Government service shall take precedence over all else.

are forced to pay a tax on their output, which is something they can not get around. Now comes a democratic attorney general and expresses an official opinion to the effect that the law is unconstitutional, and by his action says we should return to the old method of letting the assessor do the valuation of the properties

which puts the assessment of that kind right back where it belongs. Associated owners would like to see their own property into politics, and the ordinary tax payer immediately begins getting the worst of it.

We are somewhat surprised. We pay highest cash prices for your household goods. Call Kelley & Sons, phone 98—or call advanced the queer suggestion at their 2nd-hand store.

NEW MEXICO STATE NEWS

Western Newspaper Union News Service.
COMING EVENTS.
 Aug. 27.—Bar Association meeting at Roswell.
 Sept. 25-28.—Seventh Annual Northern New Mexico Fair at Raton.
 Sept. 26-29.—Dona Ana County Fair at Las Cruces.

Fire at Mogollon did \$50,000,000 damage.

Santa Fé's municipal market is declared a success.

At Albuquerque, thirty-two were accepted for the army in six days.

Dealers in Las Cruces have raised the prices of all cigars and cigarettes.

Probate Judge Abraham died at Silver City, following several weeks' illness.

An inch of rain fell at East Las Vegas, coming just in time to save the crops of that section.

A Navajo Indian named Chee attempted to murder his wife near Gallup, and then hanged himself.

The rate on hay from Mesilla Park to Las Cruces, in Dona Ana county, to Santa Fé was cut 5 cents per 100.

Grasshoppers have been committing depredations in some sections of the state, particularly in San Juan county.

The freight rate on watermelons from Phoenix, Ariz., to Santa Fé is 57½ cents and to Raton 60 cents a hundred.

David Jones, aged 83 years, died at his home on the Mora road near East Las Vegas after an illness of several weeks' duration.

Ben Lucero, said to be a barber by occupation, committed suicide by shooting himself in the head at his home in Albuquerque.

The body of Edward Faulkner of Hermanas, who was drowned in Arizona, was recovered and taken back to Deming for burial.

The postoffice at State College will shortly be discontinued and the patrons of the office will be supplied by a rural carrier from Las Cruces.

Sheriffs in New Mexico cannot receive extra pay for hangings, according to an opinion by Attorney General Patton given the traveling auditor.

The State Highway Commission directed the state auditor to make the one mill levy for road purposes in 1917 authorized by the new highway law.

Advantage has been taken of the unusual high water in the Costilla river and more than 60,000 railroad ties have been floated down from the forest.

The State Highway Commission has decided to proceed immediately with building the six additional miles of road from Chamita to Abiquiu, Rio Arriba county.

A man named Norton, formerly an employe in a Gallup garage, shot and killed Doris Miller, and then shot himself through the head, killing himself instantly.

Dr. W. I. Minnowitz of Santa Fé was appointed dental surgeon for the national guard by Governor W. E. Lindsey subject to approval by the Federal Army Board.

None of the "harpies" whom Secretary Daniels has warned away from naval barracks will find a welcome at Deming when national guardsmen open their training camp there.

Louis A. McRae, well known stockman of Albuquerque, was appointed by Governor Lindsey a member of the board of regents of the State College of Agriculture and Mechanic Arts, to succeed Robert E. Putney, also of Albuquerque, who recently resigned.

Francisco Delgado has been re-appointed register of the land office at Santa Fé.

President David R. Boyd of the University of New Mexico announced that the university will open for the coming year on Monday, Oct. 1, instead of in August, as has been the custom in the past.

Like another Cokey's army, 1,123 men marched into Columbus, the little New Mexican border town which Villa raided in March, 1916—deported I. W. W., striking miners, laborers, lawyers, cooks and small merchants from Bisbee.

Enos E. Norton and Doris Miller died in a room in Gallup. Both died from a bullet wound in the head. There were no witnesses to the tragedy, and no one can say if it was a case of murder and suicide or if it was the culmination of a suicide plot.

The State Department of Education received bulletins from Washington calling attention to the excellent work performed by school boys in helping to harvest the crops in various states of the union, thus rendering invaluable aid at this time when there is a farm labor shortage.

The Difference Between the Cost of Good and Cheap Printing

is so slight that he who goes shopping from printer to printer to secure his printing at a few cents less than what it is really worth hardly ever makes day laborer wages at this unpleasant task.

If you want good work at prices that are right, get your job printing

At This Office

So the People May Know

that you are in business, come in and let us show what we can do for you in the way of attractive cards and letter heads. Good printing of all kinds is our specialty and if we cannot satisfy you we don't want your business.

That's Fair, Isn't It?

Don't Use a Scarecrow

To Drive Away the Mail Order Wolf

You can drive him out quickly if you use the mail order houses' own weapon—advertising. Mail order concerns are spending thousands of dollars every week in order to get trade from the home merchants. Do you think for a minute they would keep it up if they didn't get the business? Don't take it for granted that every one within a radius of 25 miles knows what you have to sell, and what your prices are. Nine times out of ten your prices are lower, but the customer is influenced by the up-to-date advertising of the mail order house. Every article you advertise should be described and priced. You must tell your story in an interesting way, and when you want to reach the buyers of this community use the columns of this paper.

RUBBER STAMPS AT ONE-HALF PRICE

Stationery is used as by the general acceptance of his stamp. We can do the quality of kind of printing, if you do this stamp—the kind that stimulates business, and keeps your credit good. The quality business work.

MARVELS WORKED BY EYE SURGEONS

Remaking of the Eye Region One of the Wonders Performed.

OPERATE WHILE GUNS ROAR

Handle Patients With Coolness and Rapidity Under Constant Menace of Death—Wounded Loud in Praises of Surgeons.

By C. F. BERTELLI.

Paris.—The remaking of the eye region through the transplantation of part of the mucous membrane and the grafting of eyelids and lashes are among the marvels of plastic surgery accomplished in France during the war by Dr. Louis Borsch, the famous American oculist, who, since August, 1914, has been chief ophthalmic surgeon at the huge Grand Palais Military hospital in Paris.

Doctor Borsch has just returned from a trip to the trenches and field hospitals, which he made at the request of the department of health for the purpose of advising as to the possibility of improving existing methods of treating wounds of the eye and saving the vision of the thousands of soldiers who in this latter phase of the war are suffering from such injuries.

"Three years of constant daily experience in the treatment of eye wounds at the Grand Palais," said Doctor Borsch on his return, "has enabled me to witness a very considerable improvement in the methods employed, and very gratifying results are now being obtained. If we could have taken up our task in 1914 with the benefit of the experience we have since acquired, our results would certainly have been more than 100 per cent better."

Under Menace of Death.

"The one great lesson we have learned is that our chances of operating successfully in cases of eye wounds are enormously increased when patients are brought to us immediately after they have received their wounds." The same remark, of course, applies to all wounds.

"How well the heads of the French medical service realize this will be understood when I say that during my Champagne trip I found many cases in which the wounded had been brought from the trenches to the field hospitals, washed and operated upon, with all dressings completed, within four hours of their receiving their injuries. The surgeons and nurses work under the constant menace of death. I myself saw them working in first-aid dugouts and in the hospitals just behind the lines amidst never-ending showers of big shells, yet they handle their patients with a coolness, rapidity and skill which cannot be surpassed in the operating theater of a Paris hospital.

"The wounded are unanimous in their praise of the treatment they receive, and so thorough and efficient is it that I do not think it possible to improve upon the work of the field hospitals that we inspected. We saw many wounded with severe fractures of the thighs and legs who were walking about the wards in a special apparatus four days after their being wounded; these men assured me they had never suffered a moment's pain.

"We also saw many German wounded, and there was not one of them who did not seem pleased to be a prisoner in French hands. They are treated with precisely the same care and devotion as the French wounded, whose wards they share, and no distinction whatever is made.

"Dangerous eye wounds, that in their treatment call for nerves of steel in the surgeon and a hand that

never deviates a hair's breadth, are fended amid the most hellish uproar imaginable; the quick and efficient use of the eye magnet, for instance, for drawing out shell splinters from the region of the eye socket has saved sight in thousands of cases.

"Unfortunately beneath the ceaseless cataract of exploding shells the face wounds in many cases are so bad that no ophthalmic skill could possibly save the sight. But here plastic surgery, one of the wonders of the war, comes in to make the victim's face again presentable. Plastic work goes further than the remaking of shattered jaws and noses; the upper part of the face, including

the eye region, can be patched up so as to make the poor wounded presentable and not objects of horror to their fellow men."

The records of the Grand Palais hospital show that Doctor Borsch, who was one of the first American surgeons to graft the cornea, has successfully transplanted skin, bone, cartilage and mucous membrane to the orbit. In several cases he has provided soldiers with new eyelids by taking cartilage from the ribs, grafting it over the socket and afterwards making an incision in the new skin. To the upper and lower edges of the slit thus made he has grafted flesh-bearing hairs, which is taken from the eyebrows, in this manner furnishing new lashes, and has afterwards patched up the eye socket by transplantations from the mucous membrane taken from the mouth.

CAT AS "SNIFFER" HELPS SOLDIERS

No Doubt About Poison Gas When Tabby Comes Hurrying Back.

REAL WAR DOG WEARS MASK

Norman Lee, American Ambulance Hero, Writes Interesting Letters of Life at the Front—Luck of Section Seven.

New York.—Elliot Norton of New York city has received a letter from an American volunteer in France, Norman Lee, eighteen years old, son of a newspaper man, who has been driving an American Red Cross ambulance for the last nine months, and who has received the Croix de Guerre. The letter follows:

"It's 2 a. m. I have just returned from a trip and it's a good time to write. While I attempt this two men are busily engaged in piling up trench torpedoes just outside of the 'dugout.' I call it a dugout—in reality it's only a cellar—but it serves its purpose—keeps the 'clats' from hitting you—of course, a direct hit would be a different thing. The Boches dropped a few gas shells over about midnight. Have you ever heard a rattlesnake? Well, a gas shell has the same effect. No

JAP WOMEN TAKE MEN'S JOBS

Wages Range From Ten to Twenty-Five Cents a Day—Actresses Best Paid.

Tokyo.—That Japanese women constantly are taking a larger part in the activities of the empire is shown by recent investigations. As in Europe, so in Japan, women are filling positions formerly exclusively held by men.

There are 4,000 women working under the railway bureau, most of them ticket sellers, cashiers and accountants, and 6,000 women find employment in the cigar and cigarette factories of the government tobacco monopoly. Their wages range from 10 to 25 cents a day. Male clerks in banks and mercantile houses constantly are being replaced by women, who receive \$5 to \$15 a month.

Actresses receive the highest wages paid to women in Japan, but their clothes are expensive, and so they are financially in no better position than the more humble workers.

Aged Woman Teaches Knitting. Canton, O.—Mrs. Amelia Brush, seventy, who knitted socks for soldiers in the Civil war, is doing her bit for the boys who are going to France. She is teaching a Sunday school class at the First Methodist church how to make socks.

DIVER HAS NARROW ESCAPE

Dropped 500 Feet on Bottom of Ocean When His Lines Became Tangled.

San Francisco.—Facing death at the bottom of San Francisco bay, Joe Slade, diver, saved himself by quick thinking and strong arm muscles. Slade went down to clear a barge anchor from a pipe line. As the anchor was cleared the life and signal lines to the surface became tangled. Slade signaled the launch towing the barge to go ahead. The launch proceeded too fast and both life and signal lines parted. In another moment the air hose would have parted. Slade seized the anchor, and was towed 500 feet over the bottom, the weight of his diving shoes threatening to break his hold. The launch was finally stopped and Slade hauled up.

Expert Opinion From Osmising.

A prison, they say, is paved with good resolutions.—From the Star-Buletin.

"KAISER" OUSTS COON AS POPULAR TARGET

Columbus, O.—"Hit the kaiser—three throws for a jitney." This is the cry one now hears at street carnivals and will soon hear at county fairs, for a local carnival worker has replaced the "baby rack" with a human target dressed to resemble the German war lord. One gets three cigars for cracking the "kaiser" on the head.

Wife Takes Pastor's Place.

Lexington, Mass.—While Rev. Christopher Walter Collier, pastor of the Hancock Congregational church, is absent in France with the American ambulance field service, his wife will carry on the work of the church. Leave of absence to the clergyman and the appointment of Mrs. Collier as temporary pastor have been voted unanimously by the congregation.

one has to tell you what it is, you know. It just goes 'put' and lets out a greenish vapor. That's enough—down in the dugout—put on your masks and wait until the Boches are finished. But it's a ghastly scene, one candle burning, and every one sitting around with masks on—the cat huge the fire while James, the medicine dog, has his mask on, too—it's a special one—and he knows enough not to paw it off. He's a real war dog.

Official "Sniffer" Appointed.

"During these seasons there is always an official 'sniffer' appointed, who has to take off his mask, every once in a while, go to the door and see if the stuff is still around. The other day we were in doubt, so we threw the cat out. She came back so quickly that no one had any doubt that it still was there. Oh! it bothers me, the gas more than the shells. It's a pretty rotten way to make war.

"A Boche avion came over the town we stay in the other night and dropped four bombs. One hit on the house next the one the 'chief' was sleeping in, the rest a few hundred feet from our tents. No one was hurt. We called it the luck of Section Seven. Strange to say, the name of the street all the bombs fell on is 'rue de la Bombe.'

"I had an interesting experience a few days ago. In fact, at the time, it was too interesting. If I remember rightly I closed by last letter up in order to get a little sleep while I had the chance. Well, I hadn't been asleep more than an hour when I was awakened by the noise of 'arrives'—not shells, but shrapnel. There was a battery not far from us and the Boches were trying to silence it by making the gunners take to cover; hence, the shrapnel. I might remark that the entrance to our dugout having once been German now faced the wrong way—said entrance being covered by a blanket. Each shot kept coming nearer, and you can't imagine a weirder sound than the whine of bursting shrapnel.

Burst at the Door.

"Pretty soon it came so near that you could hear pieces hitting the top of the dugout. The last one burst the nearest—right in front of the door. Zowie! ing! patter, hit, bang! They ripped through that blanket like a clown going through a paper ring at a circus. I held my breath and lay still. Fortunately, none of us got hit, but in the morning we picked pieces out of all the walls. The blanket resembled a huge piece of Swiss cheese. The gunners came down in the morning to look us over, and told us the Boches hadn't succeeded in driving them from their guns for a moment. We all agreed with the bombardier, who remarked, 'Sale Boche.'

"The same weather continues. Rain, hail, snow and mud—Inches deep. Think of the poor wounded in it all. But we do help them. With love to all. "Near Soissons. NORMAN."

OHIO LOAFERS MUST WORK

Tramps, Panhandlers and Such Like to Be Herded in Labor Colonies.

Columbus, O.—The vagrant who stops at the back door and asks for a "handout" soon will be only a memory in Ohio. Tramps, panhandlers and other loafers are to be corralled, put in labor colonies and made to become self-supporting at least. The plan is a war-efficiency measure.

Details are being worked out by Governor Cox and the Ohio branch of the council of national defense. The camps will supplement workhouses, the latter not possessing sufficient facilities to take care of the "wont-works." Police, marshals and sheriffs will be hot on the trail of these parasites of society, who, on conviction, will be put under guard and forced to labor for the duration of the war.

One iron mine only has been discovered in Egypt which was worked by the ancients.

DRAFT QUOTA IS 2,292

ACCORDING TO FEDERAL DISBURSING OFFICER REED.

Over 1,500 Now in National Guard Will Be Deducted From Total Called Under Draft.

Western Newspaper Union News Service.

Santa Fé.—Federal Disbursing Officer R. C. Reed announced the apportionment of New Mexico's national draft quota of 2,292 among the counties as follows:

Bernalillo, 129; Chaves, 52; Colfax, 192; Curry, 24; Dona Ana, 63; Grant, 218; Guadalupe, 74; Lincoln, 93; McKinley, 1; Mora, 132; Otero, 48; Quay, 89; Rio Arriba, 179; Roosevelt, 22; Sandoval, 71; San Juan, 66; San Miguel, 213; Santa Fé, 47; Sierra, 41; Socorro, 163; Taos, 89; Torrance, 69; Union, 107; Valencia, 110.

Eddy and Luna counties having furnished more than their pro rata of men for the regulars and National Guard, their percentage showing is applied to the draft apportionment, which, therefore, makes no call upon these counties.

New Mexico has contributed 277 men to the regular army, according to figures from Washington. The state will receive credit for these men in connection with the quota fixed for the new army, and in addition will receive credit for 1,280 men raised for the National Guard and now in federal service. The grand total is 1,557. New Mexico has also furnished a substantial number of men for the navy, but no credit for navy enlistments are to be granted in drafting for the new army.

McKinley county leads in men furnished for the regular army, with 82, and Bernalillo is second with 41. Taos is the only county that is not represented among the recruits to the United States army, and Rio Arriba, Sandoval, Sierra and Torrance have only one man each among the number. A complete list of the men furnished by counties follows:

Bernalillo, 41; Chaves, 3; Colfax, 26; Curry, 11; Dona Ana, 2; Grant, 7; Guadalupe, 21; Lincoln, 3; Luna, 5; McKinley, 62; Mora, 13; Otero, 5; Quay, 23; Rio Arriba, 1; Roosevelt, 3; San Juan, 4; San Miguel, 13; Sandoval, 1; Santa Fé, 5; Sierra, 1; Socorro, 16; Torrance, 1; Union, 10; Valencia, 7.

New Mexico is Prosperous.

Santa Fé.—Depositors are putting money into New Mexico state banks at the rate of \$8,000 a day, according to figures given out for the past fifty days by the state bank examiner. In that period the deposits in the sixty-eight banks have increased \$414,932; number of depositors has increased 2,814 and the total resources now over \$17,100,000, show an increase for the fifty days of \$737,600.

Mill Levy for Roads.

Santa Fé.—The State Highway Commission directed the state auditor to make the one mill levy for road purposes in 1917 authorized by new highway law. This levy will raise \$300,000, half of which will be anticipated at once by the commission by the issuance of \$150,000 in certificates of indebtedness, to be used in meeting the conditions of the federal aid act.

Soldiers Get Cheap Rides.

Albuquerque.—Soldiers in uniform now ride on the street cars here for 4 cents a trip. A special rate has been made the troops of the New Mexico National Guard who have been encamped here. Tickets are sold them which permit them to ride for 4 cents. Civilian patrons of the old street car lines have complained, claiming they are being discriminated against.

Thompson Sends Check to Cowboys.

East Las Vegas.—Treasurer "Bill" Springer of the Cowboys' Reunion Association has received a letter from Mayor William Hale Thompson of Chicago, enclosing a check for \$1,000, which "Big Bill" asks to be used by the association with his compliments. Mayor Thompson regrets, as do his companions, who were here last year, that he and they were unable to attend the reunion this year, but he writes, the unfortunate situation at present made it impossible for him to come.

Stockman Shot After Dispute.

Carlsbad.—Mac Fletcher, well known stockman, was shot three times in the left arm and right hand at his home seventy miles northeast of here. The shooting is said to have followed a dispute with S. C. Nevinger, a neighbor.

Find Body of Murdered Man.

Silver City.—The body of Frank Brownell of Lordsburg, who has been missing since July 5, was found by a cowboy near Separ.

MRS. KIESO SICK SEVEN MONTHS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my household work, I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own household work. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for themselves how good it is."—Mrs. CARL A. KIESO, 596 North Ave., Aurora, Ill.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

WAS SIMPLE 'WAR LUNCHEON'

Woman Wanted Something as Unpretentious as Possible and She Got It at Ten Dollars a Plate.

The matter of war rations depends entirely on the individual, as is indicated by the following story from New York:

The other day one of the feminine customers of the Plaza hotel approached an assistant manager and told him that she wanted to give a "war luncheon"—something quite simple and unpretentious.

"Yes, madam," said the assistant manager, mentally groaning at another example of thrift.

"Now," said the woman, "I want champagne served instead of cocktails while my guests are in the reception room. I want—and she named a brut which costs \$10 a quart. And for luncheon I want some caviar"—and on and on she went, with the assistant manager's pencil scratching busily as she talked and his spirits rising with each scratch.

"How much?" she asked after she had explained the menu. "How much will that be?" The assistant manager made a hasty calculation.

"Ten dollars a plate," he said. "Oh, dear!" she said. "Isn't food becoming almost prohibitive? There will be plates for twenty. Please have everything as simple as possible."

Undoubtedly.

A party from the west of England was being shown over the British museum and in one of the rooms the keeper pointed out a collection of antique vases which had been recently unearthed.

"Do you mean they were dug up?" echoed one of the party.

"Yes, sir."

"What—out of the ground?"

"Undoubtedly."

"What—just as they now are?"

"Perhaps some little pains have been taken in cleaning them, but in all other respects they were found just as you see them."

The countryman turned to one of his companions and, with an incredulous shake of the head, whispered:

"He may say what he likes, but he shall never persuade me that they dug up ready-made pots out of the ground."—Buffalo News.

Just So.

"What do you think of fish crops for farmers?"

"Just the thing. Then the hired man could excuse himself for going fishing at a busy season on the ground that he was fish harvesting."

Its Play.

"I see the hand of fate in Europe."

"Yes, the dice is taking the kings."

One little word may make a new friendship or break an old one.

"If I was the grocer I'd sell nothin' but Post Toasties"
—Bobby

Building Material

With a large stock of building material we are able to give you good service and solicit the trade of the people of Lincoln county, Carrizozo and adjacent towns.

Foxworth-Galbraith Lumber Co.
D. R. Stewart, Manager

You Must Buy Groceries; Why Not Try BELL'S

If not already a customer you should be. We are located IN THE NEW WETMORE BUILDING and invite the public to inspect our new quarters. Fresh Goods, Reasonable Prices, A Sanitary Store.

Stoves and Ranges Builders' Hardware

N. B. Taylor & Sons

Blacksmithing and Hardware

CARRIZOZO and WHITE OAKS

Tinware, Paints, Glass, Oils of all Kinds, Guns, Ammunition, Harness, Etc.

Our Man About Town

It is a pleasure to visit the up-to-date grocery store conducted by John E. Bell in the new Wetmore block. The popularity of Mr. Bell, together with his extreme good fellowship and business ability serve as valuable assets to his many satisfied customers. He invites the public to call and inspect his new quarters.

The Exchange Bank of Carrizozo on Main street is an enterprise of which the town may well be proud. It afforded "Our Man About Town" great pleasure to meet the following officers who safeguard the interests of this institution, which gives to its patrons the utmost degree of satisfaction and good service: Mr. Geo. L. Ulrick, vice pres., Frank J. Sager cashier, Harry B. Dawson assistant cashier, J. F. Morris bookkeeper and Miss Grace M. Jones stenographer. Under this efficient management the business is rapidly increasing and the Exchange Bank deserves the confidence, support and patronage of this community.

Gray and Riley on Main street carry a neat and attractive line of fancy groceries and provisions. Don't fail to pay them a visit and place an order which will be highly appreciated by them and you will be promptly served and greatly benefited.

We visited the Lincoln State Bank and was pleased to meet Mr. H. S. Campbell, cashier J. B. French, president and F. W. Gurney, vice president of the bank, who are gentlemen of sterling business qualities and possess general good-natured dispositions. These traits of character, which are the two essential mediums in conducting the affairs of any enterprise are plainly noticeable in the management of the Lincoln State Bank.

Our Man About Town formed acquaintance of Mr. S & M

Frambough who is vice president of the Lincoln State Bank; is also an extensive cattle dealer near Ancho. Mr. Frambough enjoys the distinction of being the exclusive agent for the Willys-Overland Automobile Co., of Toledo Ohio, for this section.

W. H. Osborn, whose office is located on the corner of El Paso ave. and 4th street is a live energetic business man. Anything in the line of real estate, abstracts or insurance will receive prompt attention. Mr. Osborn has on hand a full set of land office records of the county and is in a position to give the public the proper kind of service.

Our Man About Town visited the court house and had the glad hand extended to him by the following county officials: A. J. Rolland, Treasurer; O. T. Nye, Clerk; C. Walker Hyde Sheriff; Alferdo Gonzales, Assessor; D. Perea, Interpreter for Justice of Peace and Probate Court; and A. H. Harvey, Justice of the Peace. These gentlemanly officials are always ready with any information the public desires and Lincoln county may well boast of its official roster.

We visited the composing room of our esteemed contemporary The Carrizozo News, and the Outlook wishes to thank its efficient editor, Mr. John Haley for his extended courtesies.

A visit to Le Noir Bros., City Cleaners, will convince you that they are there with the goods. Their facilities for cleaning and pressing are of the very best and the young men who conduct this establishment are courteous and gentlemanly in their dealings and guarantee satisfaction to their customers.

Rolland Bros. have suffered much annoyance of late from the wearing of hinges and springs on their front screen doors. Caused by the constant incoming and outgoing of their many satisfied customers. Their store is a favorite resort for ladies and gentlemen where drugs and toilet articles of all kinds are to be had and their soda fountain and ice cream parlor is up-to-date neat and attractive.

One of the popular places of amusement in Carrizozo is Geo. Olney's pocket billiard parlor where a game of pool or pocket billiards may be enjoyed at any time. Mr. Olney also carries a nice line of cigars and tobacco.

Lincoln County Men on First Call

The following is a list of residents of Lincoln county whose numbers have been drawn in Washington. The names are arranged in the order in which the numbers were drawn; that is, Lincoln's quota is 93 and the first 93 men on the list will be summoned first. Exemptions and rejections will be supplied by beginning with the 94th man and going down the list until the quota is obtained. The first or extreme left hand column represents the order in which the man's number was drawn and establishes his number on the list. The next column indicates his red ink number which was forwarded to Washington by the local registration board for use in the drawing. Next comes his name. The entire number registered will be drawn, but only enough will be taken at this time to fill out each county's quota. If a second call is necessary the men will be taken in the order in which they appear on this list.

Order to be Called.	Reg. No.	Name.
1	258	E. Silva
2	468	J. G. Lucas jr.
3	783	M. Hernandez
4	327	C. C. McGiffen
5	337	J. Otero
6	275	S. Lucas
7	509	J. G. Harris
8	664	B. H. Henderson
9	945	T. Mize
10	536	O. E. Barrington
	548	W. S. Dishman
	193	C. G. Curry
	844	J. H. L. Noonkester

TEXAS MERCHANT GAINS 34 POUNDS

Quit Taking Tanlac 18 Months Ago—Still Retains Weight and Feels Fine.

SUFFERED TWENTY YEARS

John Crabtree Says the Money He Paid for Tanlac Was Best Investment He Ever Made in His Life.

"I have gained thirty-four pounds on three bottles of Tanlac and I now know what it is to enjoy life and good health after suffering twenty years," said John M. Crabtree, a general merchant, at Five Mile Station A, Dallas, Texas.

"I suffered with catarrh of the stomach and indigestion for twenty years and for eighteen months I had to live almost entirely on cereals. My stomach was full of gas and I suffered with awful headaches all the time. I was nervous and couldn't sleep. I spent nearly all of one whole year in bed and fell off in weight to one hundred and eighteen pounds.

"After using three bottles of Tanlac, I had increased in weight from one hundred and eighteen pounds to one hundred and fifty-two—making an actual gain of thirty-four pounds—all my troubles were gone and I was feeling like a new man.

"Although it has been a year and a half since Tanlac relieved me of my awful catarrhal trouble and indigestion, I still retain my increase in weight and feel simply fine all the time. I've been eating anything I want—in fact anything anybody else can—and sleeping like a child every night. Being made into a strong, healthy man after suffering as long as I did is enough to make me rejoice and I'm glad to endorse Tanlac because I know what it will do."

There is a Tanlac dealer in your town.—Adv.

Convinced.

"Do you believe dreams ever come true?" asked the landlady. "Yes," replied the candid boarder. "I'm quite sure some of them do. Last night I dreamed that the cup of coffee I was going to get this morning would be as weak and indecisive as a man with a receding chin and no job."—Judge.

Druggist's Experience With Kidney Medicine

I have handled and sold Dr. Kilmer's Swamp-Root for some time and have heard customers claim that it had produced very satisfactory results in different ailments of the kidneys, liver and bladder. I have nothing but favorable reports at hand and my personal opinion is that there is not anything on the market that will equal Swamp-Root for disease of the kidneys, liver and bladder and I know of a physician who is a very strong believer in the merits of Swamp-Root. Very truly yours,

J. M. WATTS, M.D. THE J. M. WATTS MERC. STORE, J. M. WATTS, Waterville, Me.

Sept. 29, 1914. Waterville, Me.

Tells What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention this paper. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Adv.

Revised.

"Did he tell you all the bright things his youngsters have been saying?"

"Yes."

"What did you say?"

"I told him children should be seen and not heard from."

DOINGS AND HAPPENINGS THAT MARK THE PROGRESS OF THE AGE.

Western Newspaper Union news service.

ABOUT THE WAR

Fourteen British ships of more than 1,600 tons were sunk during the last week.

French airmen brought down ten German flyers and drove eight behind their own lines.

British airmen have been victorious in the most severe aerial fighting since the beginning of the war.

Sir Edward Carson quits as lord of admiralty to join British war cabinet. Montague made secretary for India.

Speech of new chancellor before the Reichstag makes certain that relentless submarine warfare will be continued.

One Italian merchant steamer and four small sailing vessels were sunk by submarines in the week ending July 15.

The admiralty announces the capture of four German steamers by British destroyers in the North sea. The steamers are the Pellworm, Brietzels, Marie-Horn and Helix Blumberg.

Von Bethmann-Hollweg is ousted and chancellorship is given to Dr. George Michaelis, Prussian under secretary of finance. Gen. von Stein resigned as Prussian minister of war.

The French lines are being subjected to violent fire from the Germans between Soissons and Rheims. Near St. Quentin they have delivered attacks on a front of about a half mile.

From Riga on the Baltic sea to the Rumanian frontier, the Russians and Austro-Germans are engaged in battle. From July 1 to July 13, according to a Russian official communication, 36,643 officers and men of the Teutonic allied armies have been made prisoner.

The totals of the German official lists of killed and wounded since the war began are as follows: Killed or died of wounds, 1,032,800; died of sickness, 72,960; prisoners and missing, 601,906; wounded, 2,325,581. The naval and colonial casualties are not included.

The British and Germans are keeping up their artillery duels in northern Belgium. British gains are reported near Monchy-le-Preux. The British made a twelve-mile advance against the Turks up the Euphrates, while in the Caucasus the Russians have repulsed the Ottomans.

Germans have reinforced their armies on the eastern front and launched a strong offensive against the Russians along the Galician border. Further north the indications are that the Teutons are making a valiant effort to overcome the Slav army near Volhynia and on various sectors to the Baltic sea.

WESTERN

Leaders of alleged bandit raids at Brownsville, Tex., in 1915, arrested.

More miners report for work at Gallup-American Fuel Company in Gallup, N. M.

Four thousand men working on Prairie pipe line construction at St. Louis strike for higher wages.

Nine more Arizona strike leaders were jailed in the Globe-Miami district Tuesday, bringing the total number arrested to sixty-eight.

The Rev. William A. ("Billy") Sunday was arrested for exceeding the speed limit in his automobile on the Broadway bridge across the Willamette river at Portland, Ore.

Women and old men and boys and girls in various parts of Oregon are caring for and harvesting the crops which in other years have been handled by the men now called to war.

The explosion of 1,025 pounds of powder at the cement works at Trident, near Boxeman, Mont., caused the deaths of four men from injuries, bringing the total fatalities to seven.

Several houses were destroyed and 2,000 people were temporarily driven from their homes at Drumright, Okla., when a 55,000-barrel oil tank on the outskirts of the town was exploded by a stroke of lightning.

WASHINGTON

In army draft drawing No. 255 was the first number drawn.

Radio division created for aviation and signal corps of army.

Part of National Guard may be sent to France soon after Aug. 5th.

FOREIGN

Dr. Friedrich Adler should have been tried by civil instead of military tribunal, Austrian Parliament decides.

King George approved granting permission to British to wear decorations given by United States for war service.

President Carranza told one of his generals that Mexico would maintain her neutrality as long as it was in any way possible.

King George, at a meeting of the privy council, announced the new name of the royal house and family to be "the house of Windsor."

Savings deposits in Berlin banks increased 10,000,000 marks last month. There are 850,000 depositors with a total deposit of 422,000,000 marks.

The proposed promulgation whereby Finland seeks to wrest from Russia complete independence has caused extreme tension and nervousness.

With sixty-two out of seventy-six municipalities completely reported, the returns showed Porto Rico to have voted for prohibition by more than two to one.

Plans are under way in Manila for the formation of a full regiment of Moros, in the hope that eventually it will be attached to the American expeditionary force in France.

Premier Lloyd George will have an exponent of American "pop" as his new first lord of the admiralty in Sir Eric Geddes, who received much of his training in the United States.

Two demonstrations against the Russian government resulted in the firing of shots in the Nevsky Prospect, as a result of which a number of persons were killed or wounded.

Tsui Shi Jui, who commanded the Republican forces which defeated the attempt to restore the monarchy, has definitely assumed the premiership and also has taken over the war portfolio.

The Reichstag adopted the majority peace resolution by a vote of 214 to 116 with 17 not voting. Chancellor Michaelis in his address before the Reichstag said Germany would not continue the war a day longer if it could obtain an honorable peace. America's intervention was not regarded with serious concern. The German fleet, particularly the submarines, would master the situation, he said.

Table with columns: Standing of Western League Clubs, Won, Lost, Pct. Rows include Des Moines, Lincoln, Sioux City, Omaha, Joplin, Denver, St. Joseph, Wichita.

Cornell will resume intercollegiate athletics in the fall regardless of the action taken by Harvard, Yale and Princeton.

Elmer Lefter, outfielder and pitcher of the Butte Northwestern League Club, has been sold to the New York American League team.

Pioneers from all over the country are pouring into Cheyenne to be on hand at the biggest Frontier week celebration in the history of Wyoming which begins July 23.

President Dickerson of the Western League and Owner John Holland of the St. Joseph team announced that the team would be transferred and the first game played on July 24th with Sioux City.

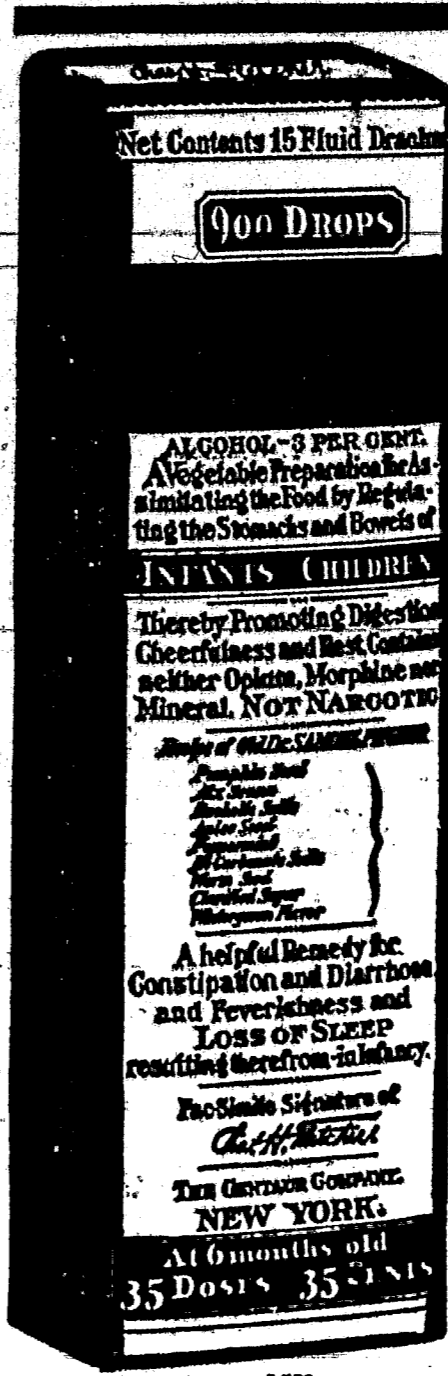

Three favorites won at Cleveland, O., North Randall Grand Circuit meeting, and the competition was so keen that the trotters and pacers were forced to extend themselves. A new season's trotting mark of 2:05 1/4 was set by Mabel Trask, who made her first appearance of the year in the first trotting of the Jack Pot stakes. In addition Adloo Guy, winning the 2:08 pace, covered a mile in 2:03 1/4, establishing himself as the season's fastest pacer.

GENERAL

Approximately 500 shots were exchanged across the Rio Grande at Ojo de Agua, eight miles southwest of Mission, between a small American border patrol and a number of unidentified Mexicans.

Alleged to be German I. W. W. agitators responsible for starting the big Arizona copper strikes that have crippled the industry in the state for several weeks, three "alien enemy" Teutons were taken into custody at Globe, Ariz., by the Department of Justice. Formal "alien enemy" charges were entered against them. One of the men is alleged to have had in his possession a large quantity of ammunition.

More than fifty members of the International Union of Mine, Mill and Smelter workers, who called at the mines at Globe, Ariz., for their clothes, expressed considerable dissatisfaction at the progress of the strike and complained that they had been led by Secretary George D. Smith to believe that "the companies would not hold out more than four days, and that they would undoubtedly accede to the strikers' demands within two days' time."

Tons of Gold Dollars.

The statement that there has just been counted in New York, at the United States assay office, the enormous sum of \$765,000,000 in gold may be visualized somewhat when this is translated into ounces, pounds and tons, writes Girard in the Philadelphia Ledger.

While it has been asserted that this sum probably is the largest amount of gold coin and bullion ever accumulated in one place, it is well to remember that only so recently as a year ago there was said to be \$800,000,000 in gold and bullion in the Russian State bank.

The sum in New York figures out something like this: There are approximately 89,000,000 ounces or 5,000,000 pounds or 1,946 tons. The figures are not exact.

X-Ray for San Salvador.

The secretary of the treasury of the government of Salvador has ordered from the United States an X-ray apparatus of the most improved type, which the government proposes to present to the Rosales hospital in the city of San Salvador for the use of that institution.

**AUTOMOBILINGS
and
OUTINGS**

Mr. and Mrs. Wallace Gumm motored to Roswell Tuesday.

Mr. and Mrs. Will Loughrey have recently purchased a new Buick six.

Mr. Lee Roberts and wife of El Paso visited friends here last week. They made the trip in their car.

The following families answered "The Call of the Bonito" Sunday: J. F. Kimbell, Stanley Squier, H. B. Dawson, A. J. Rolland, I. E. Schaeffer and T. E. Kelley.

Mr. and Mrs. J. B. French and

family accompanied by Miss Anna Flennakin are traveling in their car to Palomas Springs and surrounding points,

Mr. and Mrs. Geo. Dingwall left on Friday of last week for El Paso. They joined the M. C. Tracey family at that point and proceeded to Palomas Springs in the Tracey car.

Mr. and Mrs. Ed R. Kelly arrived on No. 1 Friday morning from Caldwell, Idaho, where Mrs. Kelly for the past year and Mr. Kelly for the past three months have been visiting relatives. Mr. Kelly says that owing to the deficiency of the water supply in the reservoirs the irrigation project in that locality for this season will suffer somewhat of a backset. The many friends of Mr. and

Mrs. Kelly will welcome their return.

Buy Elliott Herd

Harry Dixon this week purchased sixteen head of thoroughbred Jersey cows from C. C. Elliott and has added them to his herd of 32 milkers. The cows have all been tested for tuberculosis and found free from the disease. Mr. Dixon now has 48 head and should be able to supply the whole country with dairy products. Mr. Elliott who had been in the dairy business only a short time will retire.

**Playing Aviator
Proves Disastrous**

On Monday the two sons of Edward Queen aged seven and twelve years, tiring of their usual run of play decided to use the tower of a neighborhood windmill to test their experiments in aviating with a view of being useful to Uncle Sam in the future. Donald the younger lost his balance and fell to the ground sustaining a compound fracture of the femur of the right leg. Dr. Lucas was called and set the broken member.

**Carrizozo To Soon
Have Street Lights**

At the last meeting of the town council, Dr. R. T. Lucas was appointed Town Health-Officer, and Dr. H. E. Pine Town Veterinarian. Mayor Henry Lutz was giv-

en authority to grade and roll the streets. The mayor wishes to notify the property owners that they must keep their premises clear of rubbish or the same will be done by the council and charged to them in addition to their taxes.

Mayor Lutz wishes to assure the people of Carrizozo that electric lights will soon be installed on iron posts on public thoroughfares. The iron posts are advisable to prevent them from being destroyed by the strong winds that prevail in this section. The mayor also announces that a good water supply will be a realization of the near future. Mayor Lutz is to be commended on the interest he manifests for the town in general and the people made an excellent selection when they unanimously chose Mr. Lutz for their mayor.

Wife Files Information

Wednesday the attention of Sheriff Walker Hyde was called to the mental condition of Augustus Montez who resides east of the E. P. & S. W. tracks. The man was acting strangely and through fear information was filed by his wife. He was arrested and placed in jail to await the action of the District Court.

Nogal News

The camp meeting by the Pentacostal Nazarines is a great success. There was fifty-two conversions up to last Monday night. The meeting will close next Sunday night. Preaching Sunday at eleven and eight at night. Everybody is invited to come and bring a well filled basket on Sunday.

A notice of the time of baptizing will probably be given out Sunday night 29th inst. and the pool on uncle Tom Henley's place in Nogal will be used probably.

It is reported that Rev. Ben Short has bought the Zumwalt property in Nogal.

A number of people were up to Nogal Sunday last hunting fresh vegetables. They got them at the Rose Dale Garden. Come again.

**WOMENS' SOCIETIES
and
AUXILIARIES**

The Order of Eastern Star will hold their next meeting Wednesday night Aug. 1st.

The Ice Cream Social which was given at Bell's Store on July 21st netted the society \$15.75.

The First Aid Class met with their instructor Dr. R. T. Lucas at the Crystal theatre Friday afternoon.

The Woodmen's Circle met at the lodge hall Monday afternoon. All members are urged to be present at next meeting for the initiation of new members.

The Guild met Tuesday afternoon at the home of Mrs. Wm. Reily. The ladies spent the afternoon making comfort bags for soldiers. The hostess served a delicious lunch to those present.

A meeting of the Housewives' League was called Wednesday afternoon at the Crystal theatre. The primary object of the league is the organization of the housewives to meet the present conditions arising from the war. Conservation and co-operation are the watchwords. By organization the ladies hope to accomplish many things of value for themselves and community. Miss Gilliam, who is sent out by the State College, was an interesting speaker of the afternoon.
