MAYOR LUTZ SEES GREAT FUTURE FOR TOWN OF CARRIZOZO

Urges Pull-Together Spirit and Expresses Hatred for Politics Having any Part in Municipal Government.

SAYS OUR RESOURCES ARE UNSURPASSED

The upbuilding of Carrizozo; the welfare of the city in general—the betterment of the community, regardless of politics, cliques or factions, is the firm stand taken by Mayor Henry Lutz as set forth in his inaugural statement to the citizens of Carrizozo this week.

"Having been recently elected mayor of Carrizozo," says Mr. Lutz, "I take this opportunity and this manner of thanking the voters for the honor bestowed upon me and must say that my appreciation is far deeper owing to the fact that the election returns indicated that there was not a dissenting vote cast—not a vote against me. I hereby promise you that at all times you will find me responsive to the duties of the office which you saw fit to honor me with, and that the common good shall be foremost in mind."

"The very first thing necessary," explains Mr. Lutz, "is the exercising of a spirit of co-operation among our citizens, for without such, few things are possible." "We have vast resources and what we want to do is transform Carrizozo into a real city—make Carrizozo the nucleus for the exploitation of these unlimited resources and opportunities." "In Amarillo, Texas, only a few years ago," continues Mayor Lutz, "my visit there disclosed only a series of stock pens and a house or two on the bleak and bare prairie—then virtually a desert. Today, look at Amarillo with her twenty to twenty-five thousand souls! The spirit of co-operation did it. The people got together—everybody boosted. Amarillo's only resource was the livestock industry. Carrizozo has the livestock industry—Carrizozo has better railroad facilities than any other town in this section of the country—three passenger trains each way every day in the week; our mail and shipping facilities are unexcelled. Carrizozo has rich mineral deposits—mining facilities and a host of other advantages. Amarillo made good—so has El Paso, and so can Carrizozo with her resources for greater than either of these cities, and so WILL Carrizozo if her people will only pull together and boost for the one common cause."

"Carrizozo is located, as you know, in a growing community. Her history has been one of steady advancement, and now in the early years of her existence, she is permitted to enjoy the advantages of self-government. The purpose of this incorporation

should be understood by every citizen. It is an expression that all of us desire to not only be permanent residents, but that we shall have an interest in the upbuilding of a greater and bigger Carrizozo. The incorporation enables us to properly direct our energies and gives us power under the law to materially enforce our views, whatever they may be, for the upbuilding of the city.

"The needs of the town are many. These needs are related to the needs of the surrounding territory. The mining business has experienced a revival and its complicated interests must be taken care of. The cattle and general stock business deserves great consideration. Carrizozo should realize that its citizens will be called upon to act as hosts for these different enterprises. Consequently it becomes our duty to concentrate our efforts from a given focus in order that we can fulfill what undoubtedly will be our municipal duty to do. It is imperative that we have a chamber of commerce or other similar organization supported by an enthusiastic people and managed by experienced men. It becomes our duty to give to Carrizozo the requisites of a city, in the first instances—the water question, the light question, the improvement of property and all of the other inherent duties attached to a people assuming the burden of local self-government. (Continued on Back Page.)

Million Dollar Brick Plant Practically Assured for Lincoln Co.

Would Employ Nearly Four Hundred Workmen.

A thoroughly substantial and modern plant for the extensive manufacture of brick, entailing an investment of something like one million dollars and which to operate would require the services of from three to four hundred workmen is soon to become a realization in Lincoln county, according to authentic information received here this week. This huge manufacturing plant is to be located at Ancho, some twenty miles north of Carrizozo. The El Paso & Southwestern company already have a plant in operation at Ancho, the output of which is far too limited to supply one-tenth of the demand for made-in-Lincoln-county brick. It is stated that the new plant, extensive as its dimensions will be, may be unable to supply the great demand for the output for many months. The company is said to now have orders or contracts for the supplying of brick for the construction of smelters and similar plants in Arizona and elsewhere along the line of the Southwestern, sufficient to keep the factory running day and night for a considerable time. This information was gained

"I AM GOING TO VOTE FOR IT," SAYS DR. J. W. LAWS

Passage of Bond Issue Would Bring \$110,000 Cash Into Circulation in Addition to Creating Good Highways.

INCREASE IN TAXES ONLY 30c PER \$1,000

Dr. J. W. Laws, one of the most prominent citizens of Lincoln county, having repeatedly been asked for his opinion on the road bond issue, came out last week with a signed statement addressed to the newspapers of the county, showing clearly where he stands and telling why he is going to vote for it. Dr. Laws is a man of good, solid judgment and his support of a public measure such as the one at issue stamps it as worthy of careful consideration by the people of Lincoln county.

Following is the statement made by Dr. Laws:

"I have been asked by many what I thought of the proposed County Road Bond Issue, and through the columns of your paper I take the liberty of making the following statements:

"I am going to vote for the Bond Issue. I believe it will be a backward step for the progress and development of the county not to vote for it. The increase in taxes for interest on such an issue would be insignificant—something like 30 cents a year to the ordinary taxpayer on each \$1,000 taxes assessed. It is singular that the people most in favor of the bond issue are the people who pay the most taxes and who, necessarily, would carry the burden of the expense; while, many who oppose the issue pay only a small amount of taxes, and are the very people who would be benefited by the expenditure of \$55,000 worth of road work and money expended in the county. Such road work will mean the hiring of day laborers and teams, and means money left in the community where work is done.

"Not only will \$55,000 be spent in labor in the county, but it will place the county in a position to avail itself of \$55,000 federal road money, making a total expenditure of \$110,000 in cash turned loose in the county. Is it not worth while to pay 30 cents on each \$1,000 of assessed property? Not only does it insure a system of good roads, but it insures a large expenditure of money that returns directly to the people.

"The division of \$55,000 and its apportionment in different localities cannot please all, but the expenditure of the amount as apportioned, will free a greater amount of the present county road money for expenditure in heretofore neglected localities.

"I will not benefit from the bond issue any more than any other citizen of the county. I

will not have anything to do with its expenditure in event it is carried for I am no longer a member of the road board. I am, however, very much interested in the continued progress and development of Lincoln county and hope to see the bond issue carried for that reason.—Dr. J. W. Laws."

Surprise Party.

A delightful surprise party arranged by Mrs. T. E. Kelley and Mrs. McClain was given at the Kelley home last week celebrating the home-coming of Mrs. W. W. Wonner. Refreshments were served. Plans were carefully laid to effect a complete surprise to Mrs. Wonner.

City Dads Organize.

The organization meeting of the new city council was held in the judge's chambers at the courthouse Monday night. All members were present. Attorney B. R. Wood addressed the body, pointing out their duties and advising as to manner of procedure in their work. The council meets again next Monday night at which time it is expected several business matters will come up for discussion and disposition. The following members compose the board of trustees: Henry Lutz, mayor; H. S. Campbell, Albert Ziegler, F. J. Sager and Jose Vega.

Superintendent Andrew McCurdy of the local schools was in Santa Fe the latter part of last week.

Fall From Windmill Brings Death to Ranch Employee

Funeral Held at Methodist Church Tuesday.

The funeral of C. J. Reilly, whose death came as a result of accidentally falling from the top of a windmill tower on one of the Spence ranches Saturday afternoon, was held Tuesday at the M. E. church, the Rev. Marston officiating. Burial was made in the local cemetery.

Mr. Reilly was born in New Orleans February 22, 1874, but moved to Chicago in early life. He came to Carrizozo about four years ago and entered the employ of Clarence Spence and Sons in whose service he remained up to the time of his death.

All efforts to locate his sister whose home is said to be in Chicago failed and none of his relatives were at his death bed or funeral, but all that loving hands could do to lessen his suffering till death came to his relief was done by those to whose interests he was always so faithful and true. Mr. Reilly had seen much of life and had read and traveled a great deal altho his chief pleasure was found in doing the little things of life in such a way as to make friends and keep them.

His untimely death is mourned by many who will long remember his sunny disposition, ready hand and kind heart, and will join in extending sympathy to his surviving relatives.

\$45,000 HOTEL TO BE ERECTED AT 4TH AND EL PASO CORNER

Building to be Three Stories in Height, on Mission Style and Contain 62 Rooms—Specifications Completed.

TRADING COMPANY WILL ALSO BUILD

A company has been organized at Carrizozo, the purpose of which is to promote the building of a hotel that will surpass anything in this section of the state. Henry Lutz, prominent ranchman and business man of this place is at the head of the organization and the plans for the structure have already been received from the architects.

The building will cost about \$45,000 and will be located on the site now occupied by the Carrizozo Trading Company at Corner Fourth street and El Paso avenue. It will be three stories in height, built on mission style, contain sixty-two rooms, embracing every modern convenience demanded by the public. It will be conducted on the Harvey House plan. This is without question the biggest project ever undertaken in Carrizozo and bespeaks strongly Mr. Lutz's faith and confidence in the future of our city. Mr. Lutz has just returned from Santa Fe where he went to confer with the architects employed and it is stated that work will begin on the building just as soon as the present building occupying the site can be vacated and removed.

Work on the 75x100 foot, two-story, brick store building on Fourth and Alamo avenue, just back of the present location of the Carrizozo Trading Company will begin soon and it is planned to have the building ready for occupancy by the Trading Company within sixty to seventy days.

This building will be modern in every particular, basement built-in refrigerator, steam heated, electric lighted and latest approved ventilation system. There will also be in connection an elegantly designed and handsomely furnished ladies' rest room where everything for the convenience of their lady customers will be provided. The upper story of the building will be divided into spacious office rooms.

As soon as this building is completed and occupied, the wood building—the present home of the Trading Company, will be removed as early as practicable, according to Mr. Lutz, and preparations for the erection of the hotel will be begun on the site.

Watch Carrizozo grow!

Finley Re-Elected Director.
At the meeting of the Stockmen's Guaranty Loan company at Albuquerque last week, O. Z. Finley, of Carrizozo, was re-elected as one of the directors of the organization.

UPLIFT AND DOCTOR GRAYSON.

President Wilson's appointment of Dr. Cary T. Grayson to be medical director of the navy with the rank of Rear Admiral is a grave mistake. The President owes it to the navy, to himself and to Dr. Grayson to recall the nomination. The nomination is a reward not for what Dr. Grayson has done in the line of official duties but is a reward for what he has done for Woodrow Wilson.

The Army and Navy Journal has the following to say about the appointment:

"This promotion will be received with unanimous disfavor throughout the navy not only because of what it accomplishes but still more of what it threatens. To select an officer for promotion not because of his personal qualifications, however great these may be, but because good fortune has placed him in a position to win favor from the appointing power is to realize the worst fears concerning the possible dangers of selection."

A church in the northern part of the state has a pastor by the name of Parrott. O, nothing—only we thought maybe his sermons would get a little old if he lived up to his name, and perhaps a little too hot for some members of the congregation.

The cattle men in Texas are making a fight on the Texas tick. Sounds like they are stopping at a country hotel.

Cheer up! The price of postage stamps hasn't been increased.

MORE SENSIBLE BOND ISSUE ARGUMENT.

"It has developed that there is a difference of opinion on the proposed road bond issue as there generally is on all public questions and it is looked at from different viewpoints. Some oppose the bond issue because of the increase of taxation to the amount of the bonds; some oppose it because of apportionment to the different roads, or because their particular road is not favored with a good slice of the funds; and still others oppose it because of a belief that one individual, who is making himself as conspicuous in the matter as he can, is working for self-interest in the move. These, we believe are the only three objections we have heard urged against the move. Now, are these the controlling questions involved? Do either, or all of

them answer the broad and large question at issue? In the first place, the county, admittedly, needs better roads and it will require an expenditure of much more than \$55,000 to secure adequate roads.

"In comparatively few years there will doubtless be a million dollars expended on the roads of the county, and to attempt to spread \$55,000 over all the roads of the county would mean to practically waste it and make no road anywhere, and the idea seems to be to first concentrate on the main through roads over which a greater part of the travel goes, and then to build the other and smaller roads to them—first, the backbone, then the ribs. It is a fact that all the roads cannot be made at once and it is also a fact that not all the roads can come first; some will have to wait, and if we are

ever to have good roads there will have to be a start made at some certain place on some certain road and it will never be possible, under any system or plan, for all to agree on the particular place, time and manner of starting. And, in our opinion these are only small details and incidents which are bound to occur under any system or plan, and should not be permitted to defeat a forward move, important to every citizen of the county.

"This is only a start in good road building, and if started, it will get around to us all after while; if defeated, how and when will any of us get good roads? And, may it not defer good road building indefinitely? Then again, we are informed that on the expenditure of this \$55,000 we will secure a like amount from the federal government for road building and that would mean that \$110,000 cash would be put into circulation in the county in a short while.

"At the good roads meeting in Carrizozo February 17th, it was figured that the man who now pays taxes on property to the amount of \$1,000 would, in case the bond issue carries, be called upon to pay a little less than 50¢ additional taxes per year and the cost to a number of us would be about 15¢ a year.

"All over this state and in all the other states they are building good roads and are going to continue to build good roads. The writer, for one, does not care to see Lincoln county become conspicuous for her bad roads. We neither want bad roads for our own use nor for the use of the stranger who passes thru the country. Such roads are not the best to travel over and do not make good advertisements for a community. The wealthier class of our taxpayers will have the greater part of the cost of the bond issue to pay and they all seem in favor of it, and like Barcas, "I'm willin'."

Anyone can knock or criticize and tear down, but it is said that it takes a master mind to build, so let's build some good roads for Lincoln county."—C. C. Merchant, in Capitan Mountaineer.

The country is now facing a bean crop shortage. Does that mean to imply that someone has spilled them?

When a fighting nation has to go without butter it may be assumed that the opposition has got its goat.

Henry Ford is going to make submarine Fords now. A lot he has already made ought to be.

NOTICE.

In the Matter of the Last Will and Testament of Edmund Masie, Deceased. In the Probate Court, Within and for Lincoln County, New Mexico. TO WHOM IT MAY CONCERN— You and each of you are hereby notified, that on the 20th day of December A. D. 1916, there was filed with the county Clerk of Lincoln County, New Mexico a paper writing purporting to be the last will and testament of Edmund Masie, deceased; and, that on the 2nd day of January, A. D. 1917, the same being the regular January A. D. 1917 Term of the Probate Court within and for Lincoln County, New Mexico, said paper writing purporting to be said Last Will and Testament of the said Edmund Masie deceased, was produced and read by said Probate Court; and, that said Court thereupon fixed Monday, the 5th day of March, A. D. 1917, the same being the first day of the regular March, A. D. 1917 term of the Probate Court, within and for Lincoln County, New Mexico, as the day for the proving and probating said paper writing purporting to be the Last Will and Testament of Edmund Masie deceased.

Now therefore you and each of you are hereby notified that said paper writing purporting to be the last will and Testament of the said Edmund Masie, filed as aforesaid, will be offered for Probate, probated and proved, in accordance with the statute in such case made and provided, on Monday, the 5th day of March, A. D. 1917, the same being the 1st day of the regular March, A. D. 1917 term of the probate court, within and for Lincoln County, New Mexico, and, that any and all protests or objections to the Probating or proving of said Last Will and Testament aforesaid, must be filed with the Clerk of this court on or before said day aforesaid on which said Last Will and Testament will be offered for probate, probated and proved.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the Probate Court of Lincoln County, New Mexico, this 2nd day of January, A. D. 1917

FRED ROBERTS SHOT TO DEATH AT OSCURO

News reached Carrizozo late Thursday night of a tragedy which resulted in the death of Fred Roberts, constable at Oscura. Lum Byfield, a well-known cattle man, of that place is alleged to have done the shooting. The affray occurred at the Byfield home about 8:20 Thursday night and Byfield set out immediately for Carrizozo where he surrendered to the sheriff. Sheriff Hyde went down to Oscura immediately after the shooting in answer to a long distance telephone call stating that Roberts had been murdered. Domestic trouble is said to have been responsible for the sad affair.

When arraigned before a magistrate this afternoon, Byfield waived preliminary hearing and was bound over to the grand jury, his bond being fixed at \$2,500 which he readily gave.

Smith a Busy Man

Janitor Smith at the courthouse is some busy man. In addition to keeping the interior of the building in tip top shape, he has thoroughly raked; cleaned off the yard, and one cannot visit the place now without being at once impressed by the neatness and every-thing-in-its-place appearance. Mr. Smith is getting the yard in shape for spring when he will have one of the most beautiful places in town.

When in the market for Flour, Feed of nearly any kind, Potatoes or Stock Salt, get our prices before placing your order. We believe it will pay you.—**HUMPHREY BROS.**

Mr. and Mrs. Clay Van Schoyck of El Paso, are here visiting at the home of Mrs. Van Schoyck's mother, Mrs. Tinnon.

Mrs. J. F. Kimbell who has been ill at her home in McDonald addition, is reported rapidly improving.

Mrs. John Gudtknecht is here from Chicago visiting at the home of her parents, Mr. and Mrs. Albert Ziegler.

METHODIST CHURCH
 (Rev. Marston, Pastor)

Mr. C. J. Reilly who met with a tragic death by falling from a windmill last Saturday afternoon was buried from the church on Tuesday. In the absence of relatives or intimate friends, it was gratifying to see the sympathy and respect shown by our people for the homeless stranger. The Epworth League service was very good last Sunday evening. Every service seems better than the last. Come out next Sunday at 6:45. Preaching immediately after the league.

Ovid K. LeCompte.
 Ovid K. LeCompte died Thursday at the Laws sanitarium in Lincoln. T. E. Kelley of this place went over Friday morning returning with the body which is held at the undertaking parlors of Kelley & Son to await instructions from LeCompte's relatives who reside at Asheville, N. C.

Mrs. Pitts, of Ancho, is the guest this week of Mrs. Randolph Forrest.

Had Close Call.
 Edmund Read, of Capitan, narrowly escaped death last Thursday night while driving a car from Capitan to Fort Stanton. While running along at a fair rate of speed the radius rod broke which turned the car completely over in the middle of the road. Read was thrown out of the car but escaped without a scratch.

J. L. Jones, of Corona, was in Carrizozo Tuesday enroute to Capitan.

WESTERN CANADA LEADS AS WHEAT PRODUCER

342,000,000 Bushels Wheat in 1915; in 1916 Many Farmers Paid for Their Land Out of Their Crop.

That Western Canada is indeed "Mistress of Wheat" to the extent that its 1915 crop exceeded, acre for acre, the production of any country on this continent is a striking fact proved by the following figures:

In 1915 the Dominion of Canada produced 342,000,000 bushels of wheat, which represented an average yield of 20 bushels to the acre. The United States produced 1,011,505,000 bushels, yield of 17 bushels per acre. The only serious competitors in wheat production in South America were Argentina, with 178,221,000 bushels, or less than 12 bushels per acre, and Chile, with 19,000,000 bushels or 13 bushels per acre.

The three Western Canadian prairie provinces of Manitoba, Saskatchewan and Alberta produced between them 342,000,000 bushels out of the total Canadian 370,000,000 bushels. It will be seen, therefore, that, outside of the United States, Western Canada produced considerably more than the combined production of North and South America. Canada is of course a new, settled country, and the fact that the crop of the United States was practically three times as much is no discouragement. The United States has at present more than twelve times the population of Canada in approximately the same area.

To illustrate further the greater productivity of Western Canadian land, we submit the following figures showing the 1915 yields per acre in the three provinces of Western Canada and in the states which in that year produced the greatest quantity of wheat. The figures are taken from the U. S. department of agriculture's annual report and from the figures of the Dominion census bureau:

	Bushels per acre 1915
All Canada	20
Western Canada only	20 1-5
Province of Manitoba	28 4-5
Province of Saskatchewan	23 7-2
Province of Alberta	32 4-5
United States, all	17
Montana	26 1-2
Washington	25 1-5
Wisconsin	22 3-4
Ohio	20 2-5
Iowa	19 4-5
Illinois	19
Pennsylvania	18 1-2
Nebraska	18 2-5
North Dakota	18 1-5
Indiana	17 1-5
South Dakota	17 1-10

In 1916 the crop was not as heavy, but the yields in many districts were very large. So large, indeed, was the acreage under cultivation in 1916 that the resulting crop proved too large to be all threshed the same fall. It overloaded railroads, and made marketing slow. A less amount of fall plowing was done than would have been done in a less heavy year, because the average farmer was too busy with his threshing. All these conditions necessarily reacted upon the acreage seeded in the spring of 1916. Add to this that labor last year, owing to the great number of Canadians who have enlisted, was scarce and high-priced, and one factor in the decreased yield—smaller acreage under crop was evident.

Another factor is that this year Western Canada has experienced, in common with the entire North American continent, conditions that have been less favorable to the production of big crops. The conditions have resulted in smaller yield per acre and reduced grade of grain in certain localities.

The average yield of wheat in the three western provinces is estimated by the government at about 16 bushels per acre, oats 43 bushels, and barley 27 bushels.

The financial value of their crops to Western Canadian farmers has been greater this year than ever before. Owing to the high prices of grain that are prevailing, returns have been received that are extremely profitable. With wheat standing at the present time at over \$1.00 per bushel at the Great Lakes, a wheat crop at present figures would pay the farmer, even supposing he had only the average of 16 bushels per acre, over \$30.00 per acre. A large number are receiving \$30.00 per acre—some have received \$75.00, and a few even more than that. This price, of course, is not all profit; it represents the gross return, and the cost of operation must be deducted. But it does not, even at the highest fig-

ures, cost more than 65 cents to raise a bushel of wheat in Western Canada, so that the profit can be figured accordingly. It must be emphasized that the acre which produces a \$30.00 crop costs in the first case, probably less than that. In the United States the same class of land would cost in many districts from \$100 to \$200 per acre, and even then a return of \$30.00 would be considered extremely satisfactory. In Western Canada the best class of agricultural land, capable of producing crops that in size compare with any country in the world except, perhaps, some European countries, can be obtained at, on the average, from \$20 to \$30 per acre, with irrigated lands somewhat higher. It is no exaggeration whatever to say that a number of Western Canadian farmers have paid for their land entirely from the proceeds of last year's crop, and this includes men who last year began for the first time. Advertisement.

ANY CORN LIFTS OUT, DOESN'T HURT A BIT!

No foolishness! Lift your corns and calluses off with fingers—It's like magic!

Sore corns, hard corns, soft corns or any kind of a corn, can harmlessly be lifted right out with the fingers if you apply upon the corn a few drops of freezone, says a Cincinnati authority.

For little cost one can get a small bottle of freezone at any drug store, which will positively rid one's feet of every corn or callus without pain.

This simple drug dries the moment it is applied and does not even irritate the surrounding skin while applying it or afterwards.

This announcement will interest many of our readers. If your finger hasn't any freezone tell him to surely get a small bottle for you from his wholesale drug house.—Adv.

Must Be Spared.
First Mother—Isn't it a nuisance to have to slow up so often on account of these fool pedestrians?

Second Mother—Indeed, it is, but everybody says we've got to have a bigger standing army.

HIGH COST OF LIVING

This is a serious matter with housekeepers as food prices are constantly going up. To overcome this, cut out the high priced meat dishes and serve your family more Skinner's Macaroni and Spaghetti, the cheapest, most delicious and most nutritious of all foods. Write the Skinner Mfg. Co., Omaha, Neb., for beautiful cook book, telling how to prepare it in a hundred different ways. It's free to every woman.—Adv.

Estimating the Breakage.
"You won't have to take the pledge any more, when prohibition prevails."
"That's right. And I have no doubt it is rather more difficult to break a law than it is to break a pledge."

"CASCARETS" FOR SLUGGISH BOWELS

No sick headache, sour stomach, biliousness or constipation by morning.

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out to-night and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken. Adv.

A man should have a good excuse ready before committing a mean act.

Makes the laundress happy—that's Red Cross Bag Blue. Makes beautiful, clear white clothes. All good grocers. Adv.

One trouble with sowing wild oats is that you don't find time to get the rest of the crops in.

EPITOME DE LA SEMANA

Una breve relación de acontecimientos en curso en este país y en el extranjero.

Western Newspaper Union News Service.

Acercas de la Guerra.

Se ha declarado una renovación de pelea en la región de Riga, frente ruso, anunció el departamento de la guerra en Berlín. Ha sido favorable a los Alemanes el resultado de la batalla.

Los despachos procedentes de Montevideo recibidos en Buenos Aires declararon con apariencia de veracidad que el corsario alemán ha sido identificado como el vapor de la línea Hamburgo-Sud-América, viajando, antes de la guerra, bajo el nombre de Cap Ortegál.

Un destructor alemán fué hundido y otro observado en muy mala condición en la batalla naval del mar del Norte, anunció el departamento de la marina en Berlín. Un torpedero alemán entró en Ymuiden en mala condición también. Los otros retornaron a su puerto con pocas averías.

Extranjero.

Hay por más de \$500,000 de camiones automóviles esperando en un terreno desocupado en Long Island City su expedición para Rusia.

Se han declarado en huelga los empleados de Schneider y Comat Harfleur, que es la fábrica de municiones segunda, en importancia en Francia.

El Daily News en Londres da en un artículo la importancia que merece la actividad submarina de Alemania. Fué escrito el artículo por su corresponsal naval.

La importación de llantas para automóviles en India por el período 1915-16 muestra un aumento grande. Durante este período Italia exportó para India por el valor de \$400,000 de llantas.

Se recibió en Petrograd con la mayor aprobación el discurso del Presidente Wilson ante el Senado. Se podía observar el mismo espíritu de aplauso común entre la prensa y el público.

Habiendo dejado pasar en manos de los Alemanes la mitad de sus recursos en carbón, Francia ahora está pagando a Inglaterra muchas veces más de la que pagaba antes de la guerra. También aumenta el precio del carbón.

Occidente.

Ojo Federico, a ochenta millas norte de Colonia Dublan, Chihuahua, es designado de cuarteles generales provisorios para las fuerzas punitivas americanas durante las operaciones de retrocesión de la expedición.

El proyecto de prohibición de Hawai, destinado, como una medida de Alaska ya adoptada, a hacer el territorio absolutamente "seco," ha sido asunto de informe favorable ante la cámara.

Se está negociando la venta en San Francisco del vapor de mercancías Minnesota, de la Great Northern Pacific Railway Company a la International Mercantile Marine Corporation por una suma cercana de \$3,000,000.

Segun los informes de tasación hechas al departamento del tesoro, compilados en Washington, la cantidad de whiskey consumida por el pueblo americano durante 1916 aparentemente fué mayor que en ningún otro año desde 1909.

Se procuró encontrar medios, en San Francisco, para asistir a la Señora B. M. Cox, de 85 años de edad, y viuda, dice ella, de un veterano de la guerra civil que fué en su tiempo socio, en la profesión del derecho, de Abraham Lincoln, en Illinois.

Señ serías las condiciones de inundación en el valle de Madison, cerca de Logan, Mont., donde se han extendido bocas de agua del río Madison sobre varias millas del valle. Ciertas líneas del ferrocarril Northern Pacific and Chicago, Milwaukee & St. Paul están bajo doce pulgadas de agua helado.

General.

La Cámara de representantes de Arkansas adoptó el proyecto de ley de prohibición del senado, haciendo ese estado absolutamente seco.

La comisión en Nueva York para asistencia en Bélgica anuncia que ha recibido durante los últimos tres días dos donaciones de \$100,000 cada una y una de \$200,000 para su fondo especial des tinado a dar a los niños belgas de escuela una comida más cada día.

Un hombre fué matado y varias personas fueron malamente injuriadas en Cleveland cuando el tren de pasajeros No. 3 de la ruta Nickel Plate, de Nueva York a Cleveland, se precipitó por un chucbo y dio contra un tren de mercancías estacionado en un desviadero.

Each in His Little Cot.

The scene was the clubroom; the hour advanced. Serious, gloomy, cheerful, elated were the earnest faces of the talkers by turn, as the arguments for and against came thick and fast.

And the subject under debate—"Do Fish Sleep?" That was all; but it was sufficient to keep them at it till a late hour of the night, while patiently waited their respective wives at home.

So fiercely waged the controversy that it burnt itself away. There came a lull; most of the debaters were played, right out.

It was then that the "cheerful idiot," who had played the listener's role, chipped in, rising from his roomy arm-chair, where he had lain unobserved, he stretched, yawned, then spoke:

"Gentlemen, the hours late; I, for one, must lie me to my cot. Do fish sleep? I do not know. But, if they don't, why river-beds?"

It is said that the famous Thousand and One Nights was written on the Island of Java.

Is Work Too Hard?

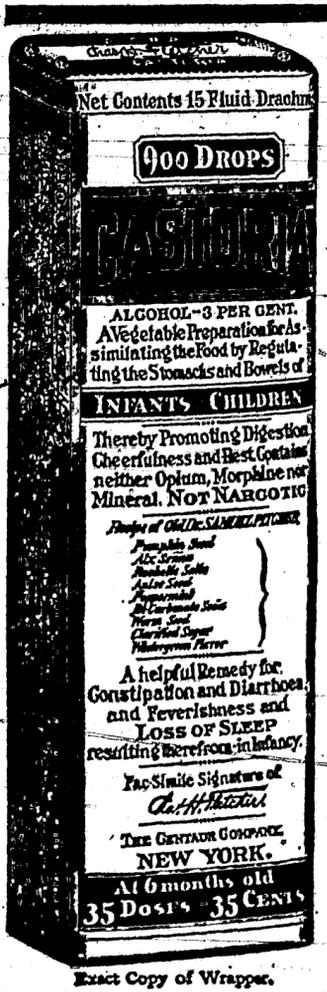

Many kinds of work wear out the kidneys, and kidney trouble makes any kind of work hard. It brings morning lameness, backache, headache, nervousness, rheumatism and urinary troubles. If your work is confining, strains the back, or exposes you to extreme heat or cold or damp, it's well to keep the kidneys active. Doan's Kidney Pills are reliable and safe. Thousands recommend them.

A Colorado Case

Charles E. Monroe, Cleveland Ave., Loveland, Colo., says: "I had sharp twinges in my back and was laid up. My back gave out easily and it was out of the question for me to stoop. As soon as I used Doan's Kidney Pills, I got relief and I continued taking them until I was cured. I believe they will cure others and I am only too glad to recommend them."

CASTORIA

THE CENTAUR COMPANY, NEW YORK CITY.

Boy for "Safety First."

The other morning a mother of seven was alarmed at hearing her youngest child screaming.

Rushing up to the bedroom to ascertain the cause, she observed her four-year-old son pricking at his little sister's arm with an old pocket-knife.

"Whatever are you doing, Willie?" shouted the frantic mother.
"I am waxinating Eva," replied the youngster proudly.

ACTRESS TELLS SECRET.

A well known actress gives the following recipe for gray hair: To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/2 oz. of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded, gray hair, and make it soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off. Adv.

Just Why He Objected.

Jock—"But what does your father see in me to object to?" Edith—"He doesn't see anything in you. That's why he objects."—Boston Transcript.

In Peru the woman who has to earn her living is looked down upon.

Don't be misled. Ask for Red Cross Bag Blue. Makes beautiful white clothes. At all good grocers. Adv.

Pessimism is mental indigestion.

Neglected Colds bring Pneumonia. Look out.

The old family remedy—in tablet form—safe, sure, easy to take. No opiates—no unpleasant after effects. Cures colds in 24 hours—Grip in 3 days. Money back if it fails. Get the genuine box with Red Top and Mr. Hill's picture on it—25 cents. At Any Drug Store.

"ROUGH on RATS" Ends Rats, Mice, Bugs, etc. out of doors. Use and See.

Why Rheumatism Comes With Cold Weather!

BY VALENTINE MOTT PIERCE, M. D.

A close connection exists between these two—cold weather and rheumatism. Prof. Alex. Haig, of London, has the most followers in the medical profession in the belief that the presence in the system of uric acid, or its salts in excess, is the real cause of rheumatism. Everyone has recognized the difference in the appearance of their water as soon as it gets cold; there is often a copious sediment of brickdust.

Several causes may lead up to an accumulation of uric acid in the system, which, in turn, causes rheumatism or gout, or prickly joints, or swollen fingers, or painful joints. For one reason the skin does not throw off the uric acid, by profuse sweating, as in the hot weather, and the kidneys are unable to take care of the double burden. Another reason is that people do not drink as much water in cold weather as in summer, which helps to flush the kidneys. Again, they eat more meat in cold weather, and some people are so susceptible that they soon develop rheumatism after eating meat.

At all such times persons should drink copiously of hot water, say, a pint morning and night, and take Anuric three or four times a day. This Anuric comes in tablet form and can be had at almost any drug store. It dissolves the uric acid in the system and carries it outward. I would advise everyone to take Anuric occasionally, and continue for three or four weeks, and in that way avoid rheumatism, gout and many of the painful disorders due to uric acid.—Adv.

Snowfall for Past Month Was Considerably Above Normal

Reports From Various Lincoln County Stations Show Small Percentage Remaining on the Ground.

The snowfall during the past month averaged considerably above normal, and the precipitation of the month slightly above, considering the state as a whole, according to the summarized report issued by the Central weather bureau office at Santa Fe. The snowfall for the winter thus far amounts to 13.8 inches, two inches in excess of the normal. Nevertheless the stored depth was small at the close of the month and the general outlook for water unfavorable.

Reports on snow from observers in this section are as follows: Cowles, J. F. Matty: About 14 inches remain at 10,000 feet; Harvey's Ranch: Snow is badly drifted but about 7 inches remain at 9,600 feet; Jicarilla, G. J. Wischert: From 3 to 12 inches remain above 8,000 feet. Parsons, J. M. Rice: About 16 inches remain on highest peaks. Snowfall at the different stations in Lincoln county were reported as follows: Ancho, 14 inches; Corona, 10½; Fort Stanton, 3½; Meek, 16; Nogal 23; Tecolote, 25 inches.

Roads Do Much to Earn Small Profits for Owners

Chairman of Advisory Committee Says Would Have to Carry 2,000 Lbs. 3 Miles to Earn Postage Stamp.

Frank Trumbull, chairman of the railway executive advisory committee, in talking of the earnings of the railroads, made public the following:

"The average passenger train in this county earns, for carrying passengers, mail, express and parcel post, about \$1.40 per mile. The average equipment of cars and locomotives provided for this probably weighs about 550 tons, and is projected thru space at a rate of speed varying from 20 to 60 miles per hour. That is to say, a 500-ton train of steel, plate glass, expensive wookwork, electric lights, etc., costing \$200,000 or more, is projected 12 miles at a high speed for the price of a ton of hay.

"If you should write a letter to any American railroad official, his company will have to haul a ton of freight—2,000 pounds of average freight—coal, ore, silks, ostrich feathers and everything, for more than three miles to get enough money to buy a postage stamp to send you an answer. Out of that kind of service the company must pay its employes, buy its materials, pay its rents and taxes, interest on its debts and make its living."

Picture Framing.

We wish to announce to our many friends and customers than we have just installed a picture framing machine and are now prepared to take care of your work in this line. Kelley & Son. "Ours is the trade service made."

APPLE and PEACH Trees, all sizes very fine, 12½ cents each at Nursery, Oscuro, New Mexico. —E. G. Raffety. 2-16

Fine Bronze Turkeys for sale, six hens and a Gobbler, for brooding purposes \$25.00. Call or write Three River Ranch.

For Sale—Parke Davis Company's Blacklegoids. The Titsworth Co.

Furniture Wanted.

We pay highest cash prices for your household goods. Call Kelley & Sons, phone 96—or call at their 2nd-hand store.

WHY should anyone vote against the road bonds? The cost will be less than 50 cents a year to the man whose assessed valuation is \$1,000. It costs 10 cents a ton less to haul over a good road than over a bad one and most of us will haul a ton at least five miles each year over roads to be improved by the bond money. More than 40 of the 50 school houses in the county are on or near the roads to be improved with bond money and the rest are on roads to be improved out of the general road fund.

I intend to vote for the road bonds.

(Sgd.) WM. FERGUSON,
Ex-Co. Commissioner.

MAYOR LUTZ SEES GREAT FUTURE FOR TOWN OF CARRIZOZO

(Continued From Front Page.)

This, as your mayor, I urge upon you, that each of you take an interest in the efforts of all to improve our town. If the appearance of it now is such as to remind one of the everlasting desert, we can set our hearts and our minds upon the fact that such desert can be made to blossom as the rose. If you live in Carrizozo you should believe in Carrizozo. Come to the meetings of the trustees. Attend every public gathering where the needs of the town are under discussion. If necessary subscribe to any fund that has for its purpose the development of beauty, general good and public benefit. Again, I repeat, Carrizozo should be the nucleus for the exploitation of Lincoln county's resources. It should be the center of the county's growth, and to make it such the people of Carrizozo will have to exert every effort toward a concerted move. Ours is the opportunity and now is the time. The completion of a village incorporation is well under way. It is our hope that we will have the machinery of our local community in nice running order in the shortest possible time and in the name of the Board of Trustees, and further—in the name of all of the people of Carrizozo, I ask and request each citizen of this town to do his best, whatever that may be and however small in consequence. Be a firm believer that a booster is a dividend payer. Let our slogan be—

BOOST FOR CARRIZOZO—first, last and all the time.

Million Dollar Brick Plant Practically Assured for Lincoln Co.

(Continued From Front Page.)

through the placing of an order for a quantity of brick by a Carrizozo man last week, the company stating that they would first have to fill the orders already booked which would require several months of operation.

The new plant, according to

plans and specifications now said to be ready to place in the hands of contractors for immediate construction, is to consist of a total of twenty-four huge ovens, having the enormous capacity of 60,000 each or nearly a million and a half at one burning.

El Paso Man Here.

E. D. Lachman, of the Western Wooden Ware company, of El Paso, stopped off in Carrizozo Saturday for a brief visit with friends, the Zieglers, and while here also paid their many customers at this point a social visit. Mr. Lachman was bound for the East on an extended business and pleasure trip.

Attended Scottish Rite.

Henry Lutz was in Santa Fe the latter part of last week. He attended the Scottish Rite reunion held at that place. Mr. Lutz took the 32nd degree in Masonry while in the state capital.

Returns From K. C.

Wilbur Coe of Glencoe, Lincoln county, stopped off here today to have a between trains visit with former Lincoln county boys who are citizens of Tucumcari. He had been to Kansas City to study proper methods of breeding registered cattle. Wilbur is the son of Frank Coe, the well known stockman and horticulturist of Lincoln county. The Coe ranch is on the Ruidoso river and is one

WHY should anyone vote against the road bonds? The cost will be less than 50 cents a year to the man whose assessed valuation is \$1,000. It costs 10 cents a ton less to haul over a good road than over a bad one and most of us will haul a ton at least five miles each year over roads to be improved by the bond money. More than 40 of the 50 school houses in the county are on or near the roads to be improved with bond money and the rest are on roads to be improved out of the general road fund. No Time for Pleasure.

Neighbor—"Does your man take you to the movies?" She—"Not much. Time I get my dishes washed and the house red up and the babies to bed and the children's clothes mended, I'm dead for sleep. And besides, you know, he's so busy agitatin' for the eight-hour day!"—Judge.

Suggestion for Insomnia.

If troubled with sleeplessness try holding the eyes open instead of keeping them closed. In a short time the lids will droop. Do not allow them to close at once, but hold open until they become tired. Very often sound sleep will come.—People's Home Journal.

Never Besieged.

Petrograd is one of the few European capitals which has never been besieged or captured by enemy forces. May 27, 1703, Peter the Great founded the city by building himself a small wooden hut. In 1710 Count Golovkin built the first brick house, and in the following year the emperor laid the foundation of a house of the same material for his own home, and transferred the seat of government from Moscow to the new capital.
