Published Weekly in the Interest of Carrizozo, and Lincoln County

VOL. XI NO. 26

CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, FRIDAY, JUNE 15, 1917

PRICE \$2.00 PER YEAR

## Council Names Clean-Up Days

Owners and Tenants Asked  
to Make City More  
Attractive.

A general clean-up of premises—back yards, front yards, alleys, etc.—has been ordered by the village council. The days named by which time the work must be done, are Tuesday, Wednesday and Thursday of next week. Work will begin on that portion of town north of the railroad tracks and west of Main street on Tuesday. From there the work will be pushed eastward to cover the entire town. The village will provide wagons to cart away the trash while the owners or occupants should have all their rubbish in piles easily accessible. This is an important step which will lead to a prettier and more sanitary place to live and the movement should be made a big success by the hearty cooperation of all.

### Enjoying Week's Outing.

Mr. and Mrs. T. E. Kelley, Mr. and Mrs. Stanley Squier and Mrs. Hannah Luster left Monday afternoon for the mountains in the southeastern part of the county where they will spend a week or longer hunting and fishing. Before returning they expect to attend the Baptist convention at Cloudercroft.

### Corona to Celebrate 4th.

Posters are out announcing that a big basket picnic will be held at Corona July 4th. Everybody is extended an invitation to attend and bring along their dinner baskets. Plenty of good music, dancing, ice cream and lemonade are promised. Coffee will be served free.

### Another Big Wool Clip.

Shearers on the Blanchard Bros. ranch have just finished the shearing of about 14,000 head of sheep, the wool clip being estimated at about 80,000 pounds which at the present price is worth in the neighborhood of \$40,000. They have between 6,000 and 7,000 lambs. Sheep raising seems to be a very good business in Lincoln county.

### Each Pupil Gets 34c.

State Supt. Wagner has made the apportionment of school funds among the various counties of the state, the same being 34¢ to each pupil enumerated for school purposes. Lincoln county with 2,800 pupils receives \$952.

### More About Mary.

Mary had a little bond,  
She bought it for a dollar;  
And when she clips the coupons off,  
It makes the kaiser holler.

## BROTHER, YOU DON'T WANT TO BE A SLACKER, DO YOU?

Do you know what a "curtain of fire" is? It is when the enemy brings up thousands of pieces of artillery, great cannon firing shells as large as a man's body, one of which exploding among 500 men could kill them all—other smaller guns firing shrapnel, with millions of bullets scarcely less destructive—hundreds of thousands of shells, all exploding along a certain line, until there is a real wall of explosion, a wall of death to be passed.

And our boys are going in—in where they use curtains of fire as you use matches; going in with high hearts and a laugh; and OUR boys will go THRU; some of them.

Brother, you can't go with them. You are too old, or you have too many dependent on you, or you can't pass the examination, or you are needed in your present work to keep the wheels of business moving at home.

But there is something you CAN do, and MUST do, something that everyone of us MUST do, and that is subscribe to the Liberty Loan. The Nation must have \$2,000,000,000 NOW. There are bonds of \$50, \$100, \$500 and upwards. They pay 3½% and are the safest investment that has ever been known. They are a first mortgage on the wealth of the United States, now the greatest wealth of the world. It's like buying a ten dollar mortgage on a million dollar bank building.

It is only common sense to put your money in them—but you MUST wake up to it. The Liberty Loan MUST be subscribed by June 15th. Your subscription is NEEDED NOW.

When our boys abroad are called on to go thru a curtain of fire, there will be no hanging back—they'll go IN—in spite of everyone's knowing that only some of them will go THRU alive. And they'll laugh, and sing "There'll be a Hot Time in the Old Town Tonight" just as they did at Santiago, because that's the kind of stuff that's in them.

What kind of stuff is there in you, brother? We want you to go in NOW. The Nation needs your help—very badly. Are you going to hang back? We don't believe you would knowingly be a slacker. You'll do your bit if you know about it. And you know about it now, and the call has come—the Nation needs you to do your bit today.

### What Will You Say?

In a day or two days or three days people will begin to ask you, "Have you subscribed to the Liberty Loan yet?"

And any real American with the stuff in him that is American stuff will and can say, "You betcha! Yes sir! You betcha!"

This is an enormous War Loan issue. Two billions, \$2,000,000,000, is needed now—immediately. The banks have subscribed liberally. But the people must take the bulk of this loan. The bank's money must be used, as always, to support merchants, factories, farmers, so that crops can be raised, foodstuffs prepared for market, and all business go on as usual.

### YOU WANT YOUR JOB, DON'T YOU?

Brother, you don't want business depression, we know. You don't want factories closed down, shops closed up, men out of work, old people and little children without enough to eat—the very poor starving. We know you don't but you haven't realized the danger yet. But we are at war. AT WAR—and dangers go hand in hand with war and cannot be separated from it.

And if you do your part, if you make a real sacrifice and subscribe to as much of the Liberty Loan as you can stagger under, if you rally shoulder to shoulder with the ten million regular Americans who MUST buy these bonds, in a few months time you will see a further flood tide of prosperity as that \$2,000,000,000 is spent ON TOP of our present active business and this community, and every worker in it will share in the business victory you have helped to win.

### HOW TO DO IT.

If you have a bank account go to your bank and subscribe. Your first payment need be only 2% of the whole and the balance in four payments up to August 30. If you buy a \$100 bond your first payment need be only \$2.

If you have no bank account go to your employer and subscribe thru him. You can buy a \$50 bond and pay \$2.50 a week to him until all paid for.

There is no excuse for your NOT doing your bit—and everyone will know it.

Do your bit NOW. Subscribe to a Liberty Bond before the day is over. And when anyone asks you, show him the receipt from your bank or boss and grin, and say "You betcha, friend! You betcha," like a regular American who did not wait until the last day or until he was nagged into it, but who VOLUNTEERED—who didn't hang back a minute when his country called.

Wisconsin	212,222	212,222
Wyoming	12,222	27,222

Washington, June 8.—With official returns of the selective draft registration coming in slowly to the War Department, government officials are satisfied that the total registration probably will exceed 10,000,000. Complete reports from seven states and the District of Columbia received at the provost marshal general's office Thursday gave a total of 815,407 men registered, as compared with their census estimates of 848,917.

The estimates were based on the census of 1910, to which the Census Bureau had added its estimate of the growth of population for each section. The figures, therefore, were not an absolute criterion for comparison.

Pennsylvania registered almost a hundred thousand more men than census estimates, according to figures received by the War Department. Governor Brumbaugh reported the registration of 950,200. The census figures anticipated were 279,222.

The War Department is working on regulations for the second step in the army draft, selection by lot of a proportion of young men registered, while the provost marshal general's office was compiling data on the registration.

It may take a week or ten days to complete the nation-wide tabulations. Then the War Department will prescribe rules for drawing names of men who are to be examined before local or preduct exemption boards and for the composition of these boards and of boards of review to which those drafted may appeal.

A call for a definite number of troops will be issued, each state will be notified to contribute a certain proportion and state authorities in turn will determine allotments for subdivisions.

Officials noted that the returns received so far indicate that more than half of the men registered either claimed exemption or gave facts which might exempt them. The War Department may issue a guiding statement for boards of exemptions, but actual decision on each case will be left to the local authorities. Emphasis is laid on the determination to prescribe no class exemptions, but to pass on cases individually.

Fifth Tornado Hits Oklahoma. Oklahoma City, Okla.—Fifty buildings in the business district of Perry, Okla., were demolished by a tornado which struck the town Thursday. Although several persons are reported to have been injured, all are expected to recover. The damage is estimated at \$150,000. The tornado was the fifth in Oklahoma during the past week.

## Another Good Way to Show Your Patriotism is by Aiding National Red Cross Organization

By John B. Miller.

(Mr. Miller was appointed by President Wilson to take charge of  
the American Red-Cross War Fund in the territory west of the  
Mississippi river.)

### YOUR PRESIDENT SAYS—

"I have today created within the Red Cross a War  
Council to which will be entrusted the duty of responding  
to the extraordinary demands which the present war will  
make upon the services of the Red Cross both in the field  
and in civilian relief, and I hereby earnestly call upon all  
those who can contribute either great sums or small to the  
alleviation of the suffering and distress which must inevi-  
tably arise out of this fight for humanity and democracy,  
to contribute to the Red Cross.

"Therefore, by virtue of my authority as President  
of the United States, and as President of the American  
Red Cross, I, Woodrow Wilson, do hereby proclaim the  
week beginning June 18th, 1917, as Red Cross week, dur-  
ing which the people of the United States will be called  
upon to give generously and in a spirit of patriotic sacri-  
fice for the support and maintenance of this work of  
national need."—WOODROW WILSON.

If you are a real American you  
must contribute to the War Fund  
of the Red Cross during the week  
of June 18 to 25, whether you  
believe yourself able or not. If  
you are a real American it is not  
a question of giving from your  
surplus—you must give and keep  
on giving until you can give no  
more, and, even after that, you  
must keep on.

We are at war, but we do not  
realize what war is, and, if the  
Red Cross is able to do its full  
duty, we will never know what  
war can be.

Do you know what the Red  
Cross does? Some day, "Some-  
where in France" when our sol-  
diers are in the trenches, a line  
of American boys will leap over  
the top of their trenches, slip  
thru the barbed wire, and, in  
face of high explosive shells, gas,  
liquid fire, shrapnel, grenades,  
machine gun and rifle fire, face  
the barbed wire in front of ene-  
my trenches for the bare chance  
of meeting bayonet with bayonet,  
other boys no more to blame for  
this war than they are.

You know what the loss will  
be. You know that after Ypres  
the Princess Pats had only 127  
men alive out of the 689 that  
saw the sun come up that day.

What of the fallen? If the  
Red Cross is ready, the Ambu-  
lance Corps of the fighting regi-  
ments will carry the wounded  
back thru the communicating  
trenches to the dressing station.  
Here Red Cross surgeons, under  
the direct control of the U. S.  
Medical Department will give  
first aid. The wounded will be  
turned over to Red Cross ambu-  
lances, and carried back to the  
Red Cross field hospital for im-  
mediate attention. From the  
Red Cross field hospital, Red  
Cross ambulances, Red Cross  
trains and, in France, even Red  
Cross canal boats will carry the  
men back to the Red Cross base  
hospitals. If the wound is not  
fatal a Red Cross convalescing  
station will take care of the sol-  
dier till he is ready to go back to  
the front. If the man is disabled  
a Red Cross steamer will bring  
him back to America, and the  
Red Cross receiving station here  
will care for him, send him home  
and on top of that look after his  
family after he is wounded just  
as it will have looked after his

family all the time he has been  
away.

Do you know what this means?  
In the old days before the Red  
Cross came, 600 soldiers died out  
of every 1,000 wounded. Today  
under proper conditions the per-  
centage is not over 5 percent.

If your boy was wounded ev-  
ery dollar you have in the world  
would go willingly to put him in  
Red Cross hands. Millions of  
young men registered June 5th  
for draft. How many of them  
will require Red Cross aid with-  
in the next two years?

The Red Cross is not a hit or  
miss organization, grabbing a  
dollar here and a dollar there and  
wasting the money. It is one of  
the five offensive and defensive  
arms of every civilized govern-  
ment on the face of the earth.

Every dollar that comes in is  
spent by the best business men  
in America for supplies and ma-  
terials designated by the medi-  
cal Department of the U. S.  
Army—the department that has  
stamped out yellow fever as well  
as other great national scourges.

Ex-President Taft is the Chair-  
man of the Red Cross. A part-  
ner in the house of Morgan is its  
Financial Chief. Its accounts  
are audited by the War Depart-  
ment. Its existence and opera-  
tions are directed under special  
Acts of Congress, and President  
Wilson himself, by executive or-  
der, established the executive  
committee under which the Red  
Cross is now being managed.

The Red Cross is therefore a  
part of the fighting forces of the  
Government and must be sup-  
ported as such. This support  
will be easy enough to get—when  
that support is too late. Let the  
toll of one battle mount—as it  
often does—to 25,000 men or  
more! With the hospitals over-  
crowded and our own men dying  
for want of attention, the re-  
sponse to the Red Cross call will  
roll in fast enough—but then it  
will be too late.

Don't you be one of those to  
hold back until that time. Don't  
be a slacker. You inevitably  
will contribute. Why not now?

### ABOUT THE WAR

Bohemians on verge of revolution. Italians forced to retire in line before Plondar.

Three American seamen are lost on torpedoed vessel.

Kronstadt garrison surrenders and incident is closed.

American and French gunners sink two German U-boats.

Rumania has reorganized her army and is ready to fight again.

Maj. Gen. Pershing and 100 navy aviators have arrived in France.

Million tons of high explosives set off at beginning of new British attack.

Increasing number of submarines are being sunk declares French officer.

North of Ypres the Belgians and Germans are engaged in violent artillery duels.

Men of Ulster and from the south of Ireland fought side by side and are praised for their work in the Belgian drive.

The naval collier Jupiter has arrived in France, Secretary Daniels announced, laden with 10,500 tons of wheat and other supplies.

British Friday held all gains made in the big drive in Belgium and repulsed all counter attacks. Among more than 4,400 prisoners are 182 officers.

Germans admit withdrawing their lines from before the British in Belgium. Austrians are withdrawing troops from the Russian fronts and massing them against Italians.

London papers figure that 712 aeroplanes were shot down on the western front in May, of which 442 were German and 271 British and French. The total air losses in April were estimated at 709.

According to information received by the Norwegian Legation at London, forty-nine Norwegian steamships with a gross tonnage of 75,397, were sunk in May. Twenty-five lives were lost.

Field Marshal Haig's resumed offensive swept forward victoriously over a front of nine miles in the Mesines-Wytchate sector. "Everywhere we captured our first objectives," the British commander-in-chief reported.

A Paris official announcement says: "The French navy greets with joy on their arrival these new brothers in arms, who, under the flag of the great American Republic, have come to participate until final victory in the struggle against the common enemy."

### WESTERN

Chicago clubs will respond to any request by the government to bar liquors during the war.

Colorado is to have one delegate and New Mexico one at the American Jewish Congress, which is to meet in Washington in September.

Tornado casualties June 3 were: Missouri, 23 dead, 100 injured; Kansas, 15 dead, 40 injured; Michigan, 3 dead, 30 injured; Kentucky, 5 dead, 10 injured.

Subscriptions to the Liberty loan to June 8th aggregate \$1,800,000,000, or \$700,000,000 less than the total amount desired, according to a statement issued at New Orleans by Secretary McAdoo.

The highest good roads meeting ever held in the United States will be staged July 10th and 11th on the summit of Pikes Peak, when the midsummer gathering of the Pikes Peak Ocean to Ocean Highway Association will take place.

### WASHINGTON

Confederate veterans re-elect commander-in-chief.

New stamp taxes on bank checks added to war revenue bill.

Government outlines policy regarding training reserve officers.

The Mexican embassy announced that Gen. Carranza had ordered all possible land under cultivation to provide against the world food shortage.

President Wilson nominated three brigadier generals to be major generals: John F. Morrison, William L. Sibert and Charles G. Norton. Night-club colonels were promoted to be brigadiers.

### FOREIGN

Vice president of China presented his resignation.

Gen. Michael V. Alexieff, commander-in-chief of Russian armies resigned.

San Salvador, Santa Tecla and six neighboring towns and villages were destroyed in an earthquake.

Abram I. Elkus, former American ambassador at Constantinople, arrived in Paris from Berne, accompanied by his family.

Gen. Pershing's task in France was described as a most arduous one by Col. Fabry in an interview with a representative of the Paris Petit Parisien.

The Kronstadt incident is closed. The local committee of soldiers and workmen's delegates has recognized the authority of the provisional government.

Maj. Gen. John J. Pershing, commander of the first American expeditionary force to France, arrived in England, accompanied by his staff. He reported a pleasant trip.

A bottle containing a number of messages, apparently written by members of the crew of the long-missing American steamship Frederick, has been washed ashore at the Orkney islands.

Italy's offensive in the Isonzo battles of the last nineteen days has cost her 160,000 in killed and wounded and 20,000 in prisoners taken by the Austrian forces, an official statement from Vienna asserted.

The congress of peasants in session at Petrograd adopted a resolution calling upon the army to submit itself to discipline and defend revolutionary Russia. The congress affirms the duty of those it represents to defend the country energetically, and make every sacrifice to sustain the fighting strength of the army.

John Ambras, Joseph Pass, Barney Bass and Maggie Ambras were arrested at Sanbury, Pa., as they alighted from a Wilkesbarre train. Orders were received by the police from Wilkesbarre to watch for the four. They are being held in connection with the kidnapping of Lloyd Keet, 14-month-old son of J. Holland Keet, millionaire banker of Springfield, Me.

## STUMP-BURNING PLANS

Several Have Been Carried Out  
With Fair Success.

Simple Method Evolved by Professor Ferris of Mississippi—Two-Inch Hole Is Bored Through Stump and Fire Started.

Several plans for the slow burning of stumps have been devised and carried out with a fair measure of success. Professor Sparkle of Seattle, Wash., advocated a system of charring by which air is admitted to the fire through a long pipe. Combustion is carried on in the heart of the stump instead of on the outside. A description of the system appeared in these columns about a year ago. It requires some skill to obtain results by this method, as several of our readers wrote saying that they had tried it without satisfactory results. It is better suited

Stump-Burning Plan.

for the destruction of the woods of the Pacific coast than for those of the East.

A simpler plan has been evolved by Professor Ferris of Mississippi and is shown in the accompanying diagram, consists of a 2-inch hole bored diagonally through the stump. The upper end of this hole is at the surface of the ground, the lower end on the opposite side and about 18 inches below the surface. The earth is dug away and a fire started at the lower end. The auger hole serves as a flue and the stump is soon burned out. This plan has been found successful with pine stumps on lighter soils. It will no doubt be found practicable with stumps of other species of trees.

## HONEY IS VALUABLE ASSET

No Farm Complete Without Few Colonies of Bees—Movable Frame Hive Is Sufficient.

No farm is complete in its conveniences and business methods without a few colonies of Italian bees comfortably housed in a most convenient hive. Honey is one of the farmer's most valuable assets, and in many places a dozen colonies will gather 75 to 100 gallons of honey during a single season, worth in many places 75 cents a gallon. All the bee wants is a movable frame hive, in which the honey is stored in a convenient manner for the farmer to get at any hour he may wish to have honey and butter.

## QUALITY OF PROTEIN VARIES

Source of Nutrient Is Important as Well as Quantities Furnished, Say Wisconsin Experts.

Hart and Humphrey of the Wisconsin experimental station report that there is a difference between the quality of proteins coming from various kinds of feeds. As an instance, an animal is able to use more of the

## WASTED LAND ALONG FENCES

Department of Agriculture Reports That Ordinary Rail Barrier Occupies Twelve Feet.

Few farmers stop to think how much land is taken up by the fences. The fence itself takes little room, but it is impossible to grow anything for several feet on both sides of the fence. The department of agriculture reports that the ordinary rail fence occupies a strip over 12 feet wide. About 5,800 feet of such a fence takes up an acre of land. Hedges take up a little more than the rail fence, the width varying according to the width of the hedge row.

Time to Shear Sheep. If sheep are not shorn before warm weather arrives they will suffer from the heat, which will diminish their vigor and their ability to supply milk to their lambs.

Furnish the hens with all the skim milk they will drink. It means increased egg production.

protein found in milk than in any other article of food. Sixty per cent of the protein in distiller's grain can be used, 81 per cent of oilmeal, 45 per cent of gluten feed and 60 per cent of skim milk powder when fed with corn.

An animal producing from 40 to 45 pounds of milk daily and receiving no skim milk powder, stood no nitrogen, but rather drew from her system in proportion to the amount demanded. No more protein was fed in the ration when the skim milk powder was used; the results were simply owing to the fact that in one form the protein was usable, while in the other it was not. The source of nutriment is therefore important as well as the quantities furnished.

## MORE LIVE STOCK REQUIRED

One of Most Important Notes in Great Movement for Production of Nation's Food Supply.

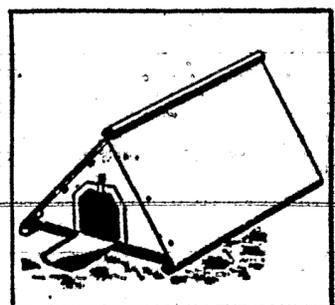

Dean Skinner of Purdue university has sounded one of the most important notes in the great movement that is sweeping the country for the production and conservation of the nation's food supply. He urges that more live stock be produced and that all stock now on farms be cared for by the most improved methods. In a statement issued to the state commission for food production and conservation he suggests a number of practical methods whereby live stock may be conserved, and increased.

He advises the breeding of early fall litters of pigs, the growth of more forage, more attention to sheep culture because of the approaching wool famine and a co-ordinated movement, with experts in animal husbandry as leaders, to show how stocks of animals may be increased. He emphasizes the need for concerted action among the landlords to help stock tenants' farms with swine.

## COOP FOR LITTLE CHICKENS

Sides and Bottom Are Fastened Together by Sliding Beaded Edge of One into Other.

The sides and bottom of the knock-down coop are fastened together by sliding the beaded edge of one into that of the other. The ends are held

Poultry Coop.

by clips. There is an outer door of sheetmetal and an inner one of wire netting; both turn down on a beaded edge, and when down serve as an inclined entrance way for small chickens.—Wisconsin Agriculturist.

## BAD FEED QUITE DANGEROUS

Old Corn or Hay, Not Sheltered Properly, Is Often in Moldy and Poor Condition.

Often the farmer in the spring of the year has some old corn or old hay, which, if it has not been sheltered properly, is moldy and in bad condition. Such feed often is the cause of serious trouble with the stock.

Farmers should be careful how they use old moldy feed of any kind, for it is dangerous, often meaning the loss of several head of stock before the trouble is located.

## IDLE ACRE IS UNPROFITABLE

If Soil Is Not Required to Produce Some Useful Crop Injurious Weeds Are Encouraged.

In some way or other every acre on the farm should be compelled to do its duty according to its ability. A loafer is wholly unprofitable and is very likely to get into mischief; and loafing acres are no exception. If they are not required to produce some useful crop they will produce weeds, and the seeds will be scattered by some means or other over the entire farm. Don't have any loafers about your house or your barn, and don't have any loafing acres on your farm.

Sheep Care for Themselves. Sheep can be made to care for themselves as well as most animals on the farm except at lambing time. If you are not prepared to spend a lot of time with them then, don't keep them.

Dispose of Roosters. Sell, kill or confine all roosters as soon as the hatching season is over.

## SICK WOMAN HAD CRYING SPELLS

Restored to Health by Lydia  
E. Pinkham's Vegetable  
Compound.

Enhaut, Pa.—"I was all run down and weak inwardly. I had female troubles and nervous feelings and my head bothered me. I would often have crying spells and feel as if I was not safe. If I heard anyone coming I would run and lock the door so they would not see me. I tried several doctors and they did not help me so I said to my mother 'I guess I will have to die as there is no help for me.' She got me one of your little books and my husband said I should try one bottle. I stopped the doctor's medicine and took Lydia E. Pinkham's Vegetable Compound. It soon made a change in me and now I am strong and do all my work."—Mrs. AUGUSTUS BAUGHMAN, Box 86, Enhaut, Pa.

"Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound? If you would like free confidential advice address Lydia E. Pinkham Medicine Co., Lynn, Mass.

# WILSON STATES U.S. PEACE TERMS

## GERMANY MUST PAY FOR WRONGS DONE, DECLARES PRESIDENT IN NOTE.

# LEAGUE TO FORCE PEACE

## NO TERRITORIAL CHANGES TO BE MADE EXCEPT IN INTEREST OF LIBERTY.

Western Newspaper Union News Service.

America's Peace Terms in Brief. America's peace terms, in brief, as outlined by President Wilson, are as follows:

No territory must change hands except for the purpose of securing those who inhabit it a fair chance of life and liberty.

No indemnities must be insisted on except those that constitute payment for manifest wrong done.

No readjustment of power must be made except such as will tend to secure the future peace of the world and the future welfare and happiness of its people.

In unmistakable terms President Wilson declared against Germany's proposal to restore the "status quo" before the war.

"It was the status quo ante out of which the iniquitous war issued forth," he says, "the power of the imperial German government within the empire and its widespread domination and influence outside of that empire. That status must be altered in such fashion as to prevent any such hideous thing from ever happening again."

Washington.—President Wilson, in a communication to the new government of Russia, has made plain the war aims of the United States and its position on "no annexations; no indemnities." The President's communication was delivered to the Russian government by Ambassador Francis at Petrograd. In full, it is as follows:

"In view of the approaching visit of the American delegation to Russia to express the deep friendship of the American people for the people of Russia and to discuss the best and most practical means of co-operation between the two peoples in carrying the present struggle for freedom of all peoples to a successful consummation, it seems opportune and appropriate that I should state again, in the light of this new partnership, the objects the United States has in mind in entering the war. These objects have been very much belittled during the past few weeks by mistaken and misleading statements, and the issues at stake are too momentous, too tremendous, too significant for the whole human race, to permit any misinterpretation or misunderstandings, however slight, to remain uncorrected for a moment.

Oppressed Groups Kaiser's Dupes. "The war has begun to go against Germany; and in their desperate desire to escape the ultimate defeat, those who are in authority in Germany are using every possible instrumentality, are making use even of the influence of groups and parties among their own subjects to whom they have never been just or fair or even tolerant, to promote a propaganda on both sides of the sea which will preserve for them their influence at home and their power abroad, to the undoing of the very men they are using.

"The position of America in this war is so clearly avowed that no man can be excused for mistaking it. She seeks no material profit or aggrandizement of any kind. She is fighting for no advantage or selfish object of her own but for the liberation of peoples everywhere from the aggressions of autocratic force.

"The ruling classes in Germany

have begun of late to profess a liberal and justice of purpose, but only to preserve the power they have set up in Germany and the selfish advantages which they have wrongly gained for themselves and their private projects of power, all the way from Berlin to Bagdad and beyond. Government after government has, by their influence, without open conquest of its territory, been linked together in a net of intrigue directed against nothing less than the peace and liberty of the world.

"The meshes of that intrigue must be broken, but cannot be broken unless wrongs already done are undone; and adequate measures must be taken to prevent it from ever again being reweaved or repaired. Of course the imperial German government and those whom it is using for their own undoing are seeking to obtain pledges that the year will end in the restoration of the status quo ante. It was the status quo ante out of which this iniquitous war issues forth, the power of the imperial German government within the empire and its widespread domination and influence outside of that empire. That status must be altered in such fashion as to prevent any such hideous thing from ever happening again.

"We are fighting for the liberty, the self-government and the undictated development of all peoples, and every feature of the settlement that concludes the war must be conceived and executed for that purpose. Wrongs must first be righted, and then adequate safeguards must be created to prevent their being committed again. We ought not to consider remedies merely because they have a pleasing and sonorous sound. Practical questions can be settled only by practical means. Phrases will not achieve the result. Effective readjustments will, and whatever readjustments are necessary must be made.

"But they must follow a principle and that principle is plain. No people must be forced under sovereignty under which it does not wish to live.

"No territory must change hands except for the purpose of securing those who inhabit it a fair chance of life and liberty.

"No indemnities must be insisted on except those that constitute payment for manifest wrongs done. No readjustment of power must be made except such as will tend to secure the future peace of the world and the future welfare and happiness of its peoples.

Free Peoples Must Combine. "And then the free peoples of the world must draw together in some common covenant, some genuine and practical co-operation that will in effect combine their force to secure peace and justice in the dealings of nations with one another. The brotherhood of mankind must no longer be a fair but empty phrase; it must be given a structure of force and reality.

"The nations must realize their common life and effect a workable partnership to secure that life against the aggressions of autocratic and self-pleasing power.

Times to Submit or Conquer. "For these things we can afford to pour out blood and treasure. For these are the things we have always professed to desire, and unless we pour out blood and treasure now and succeed we may never be able to unite or show conquering force again in the great cause of human liberty. The day has come to conquer or submit. If the forces of autocracy can divide us they will overcome us; if we stand together, victory is certain and the liberty which victory will secure. We can afford then to be generous, but we cannot afford then or now to be weak or omit any single guarantee of justice and security."

Esterhazy to Form Cabinet. Amsterdam.—A Budapest dispatch says that King Charles has entrusted the formation of a new cabinet to Count Moritz Esterhazy.

 Sept. 25-28.—Seventh Annual Northern New Mexico Fair at Raton.

Hatch, in Dona Ana county, is to have a new depot.

A heavy windstorm did considerable damage at Belen.

Clovis Lodge B. P. O. E. bought \$500 worth of Liberty bonds.

Fifty-four teachers attended the Santa Fe County Normal Institute.

The Palace of the Governors was the registration place at Santa Fe.

There is a large enrollment for the State Normal School at Silver City.

The Santa Fe branch of the Woman's County Auxiliary has been organized.

The State Corporation Commission has asked shippers to load all cars to capacity.

J. W. Pollard was given a \$3,000 judgment for damages against the city of Raton.

Prof. Alexis Xavier Illinski has been elected president of the school of mines at Socorro.

Julio Mares of Wagon Mound, is dead as a result of handling a revolver while lying in bed.

Frank Curry, son of ex-Governor George Curry, was appointed bailiff of the state Supreme Court.

A class of thirty candidates took the first to the third degrees of the Knights of Columbus at Santa Fe.

Work was started at Albuquerque on the ditches for water supply connections at the National Guard camp on the mesa.

Senator Fall's bill amending home-acted act, as passed by the Senate, would open over 40,000 square miles in New Mexico.

A new ordinance at Santa Fe requires saloons to be closed at 9:30 p. m. and remain closed until 6 o'clock the following morning.

The yield of beans in Torrance county this year will be nearly three times as great as last year and almost ten times as large as in 1915.

Governor Lindsey has appointed Ove E. Overton of Gallup and Felipe J. Ruppell of Albuquerque, captains in the New Mexico National guard.

The State Supreme Court issued an order permanently disbarbing Attorney Hilario A. Ortiz of Santa Fe from practice in the courts of New Mexico.

Only once since 1871 did Santa Fe experience a May so cold as the month just past, according to the report of the United States weather bureau.

William Babers, of Babers Bros., sheep and cattle men, of the Jornada, 18 miles east of Carlsbad, Socorro county, committed suicide by shooting himself with a rifle.

News HAS BEEN received of the death of James E. Prouditt at Kansas City, Kan., in his eighty-sixth year. He was surveyor general of New Mexico in 1873.

Preparations were completed for shipping to camp at Albuquerque the 150,000 rounds of ammunition and other equipment stored in the National guard armory at Santa Fe.

Accidental death was the verdict of the coroner's jury after investigating the killing of Private Henry Romero of Company E at the National guard armory in Santa Fe.

Kenneth M. Oliver has leased the 25,000 acre Ramon Vigil grant, west of Santa Fe, from five Detroit automobile manufacturers, and will stock it with cattle, making it one of the largest cattle ranches in New Mexico.

Reports received by the state council of defense from field agents, who have visited counties of southern and southwestern New Mexico, show that that part of the state will play its part in increasing the state's production.

An additional carload of seed potatoes and oats for ranches within the Zuni division of the Manzano National Forest was arranged in a conference between B. C. Hernandez of the State Council for Defense, and Paul G. Redington and J. F. Mullen of the Forest Service.

Mrs. Washington E. Lindsey, who was unanimously elected president of the State Women's Auxiliary of the Council of Defense, has been further honored by being designated as the New Mexico representative of the National Women's Auxiliary of the National Council of Defense. The designation was made by Dr. Anna Howard Shaw.

# 30,000 IN NEW MEXICO

## REGISTERED ON JUNE 5, ACCORDING TO EARLY RETURNS.

### Day Marked by Patriotic Zeal, and Number Represents State's Quota Under the Law.

Western Newspaper Union News Service.

Santa Fe, N. M., June 9.—No canvass of the registration made on Tuesday, June 5th, throughout the state is yet possible, but it is known to have been complete and it is thought that it will reach 30,000, representing the strength of the state under the law. The day was marked with patriotic zeal, and the only arrest reported was that of George Lawrence, a Socialist, at Farmington, who was charged with speaking disrespectfully of the flag.

Arrest Suspect in Lyons Case. Silver City.—Sheriff Herbert J. McGrath, who returned here after ten days' search for the slayer or slayers of Thomas Lyons, millionaire Grant county cattleman, murdered in El Paso, May 17th, announced that he had arrested in Beaumont, Texas, a man alleged to be Brown, who is thought to have lured Lyons to El Paso on a fake cattle deal. The murder followed. The man arrested claims his name is Felix R. Jones. He is now in an El Paso jail. Ten thousand dollars reward is offered for the arrest of the murders of Lyons by Mrs. Lyons, widow, and \$500 by the city of El Paso.

Scottish Rite Reunion Postponed. Santa Fe.—The Orient of New Mexico, Scottish Rite Masons has postponed the summer reunion of the jurisdiction to June 21, so as to permit the attendance of Sovereign Grand Commander George F. Moore from Washington, D. C. It is expected that during the three days of the reunion, more than 100 candidates from every portion of the state will take the degrees from the fourth to the thirty-second, inclusive.

Women Want Idlers Drafted. Santa Fe.—Deming women have asked Governor Lindsey that under the powers vested in him by the constitution and the special legislation passed by the special session, he order the arrest of all the idle and notoriously lazy men and draft them into service on the farms, thus relieving the shortage of labor in some portions of the state.

Pioneer Cowman Shot and Killed. Socorro.—News reached Socorro that William Babers, pioneer cattleman, residing 20 miles east of Carlsbad, was shot and killed at his ranch home. A .22-caliber rifle was found by his right arm, a bullet from the same having entered his right eye, coming out almost on the same range back of skull, striking the adobe wall of the room.

Romero Lodged in Las Vegas Jail. Las Vegas.—Because of rumblings which threatened Julian Romero, alleged to have shot and killed Mrs. Demetrio Jairo at Upper Las Vegas, the district attorney's office caused a warrant charging Romero with murder in the first degree to be sworn out and the man was taken to the county jail for safe keeping.

Making Big Shipments of Cattle. Silver City.—Upwards of ten thousand head of cattle will have been shipped out of northern Grant county by July 1st at prices that are the highest ever paid in the history of the cattle industry in the West. Yearlings bring \$33 and \$34, two-year-olds \$40 and threes and above, \$59.

Held on Horse Stealing Charge. East Las Vegas.—Juan B. Montoya has been bound over to the grand jury on a charge of horse stealing.

Lock Up Jailor and Escape. Santa Fe.—Juan Reyes Pina and his brother, Desidoro Pina, sentenced in United States Court to seven years each in Leavenworth prison for breaking into boxcars and stealing interstate shipments, escaped from the county jail here after overpowering the jailer and locking him in a cell. The jailer yelled through the barred cell window to passersby to let him out, but they thought him a prisoner and laughed at his protestations until the city marshal investigated and liberated the inmate official. A \$200 reward has been offered for the capture of the Pinos.

Socialist Opposes Registration. East Las Vegas.—W. B. Dillon, who was a candidate for state representative on the Socialist ticket at last fall's election, was arrested on a charge of conspiracy to defeat the elective service law. Dillon is alleged to have written many letters asking the recipients to oppose the registration of men for military service.

## The Elephant.

Bobby, a Muncie boy of four, went to a circus when it showed there this season, and in the menagerie tent received a sack of peanuts with which to feed the elephant. His parents stood a short distance away talking to a group of friends. Soon Bobby came back with his sack still full. "Didn't you feed the elephant any peanuts?" he was asked by a young woman of the party. "No'm," replied the lad, soberly. "I couldn't tell which end to feed 'em to." —Indianapolis News.

## A Close Shave.

Fred Creators, chief deputy United States marshal, answered the telephone, and a woman's voice complained: "There's a barber out here who has a red, white and black pole." "Well, what about it?" "Isn't that enough? It's German colors." —Indianapolis News.

## Time to Get Rid of Them.

"Taking any high-school boys from the city to work on your farm, Farmer Corntossel?" "Yes, I think I kin git my money's worth out of 'em, providin' I get rid of 'em before the apples begin ter git ripe."

"That's a Reason"

## KIDNAPED BABY FOUND IN WELL.

City Gives Vent to Fury When Bruised Body of Child is Found.

Springfield, Mo.—Baby Lloyd Keet was found dead June 9th. The child had been drowned in a well on an abandoned farm at least four days, according to the findings from an autopsy when the band of kidnapers who took him from his home May 30th began to fear capture. June 9th scores of Springfield men in automobiles were hurrying in pursuit of the county sheriff's automobile in which seven persons suspected of complicity in the kidnaping and murder were being sped to the state prison at Jefferson City. Openly the pursuers declared their intention of taking summary vengeance upon the perpetrators, but the prisoners denied their guilt, and they were held by the sheriff.

Mr. Keet repeatedly had offered to pay any ransom sum demanded and promised at one time that he would not press the prosecution if the baby should be returned to him.

## PERSHING RECEIVED BY KING.

King Tells American Commander Dream of His Life is Realized.

London.—Gen. Pershing was received Saturday morning at Buckingham palace by King George. He was presented to the King by Lord Brooke, commander of the Twelfth Canadian Infantry brigade. Gen. Pershing was accompanied to the palace by his personal staff of twelve officers. After the audience the officers paid a formal call at the United States embassy. After the formal reception the King shook hands with Gen. Pershing and the members of his staff and expressed pleasure at welcoming the advance guard of the American army.

King George chatted for a few moments with each member of Gen. Pershing's staff. In addressing Gen. Pershing the King said: "It has been the dream of my life to see the two great English-speaking nations more closely united. My dreams have been realized. It is with the utmost pleasure that I welcome you at the head of the American contingent to our shores."

### RING IT AGAIN.

And you shall help to ring it. Our forefathers gave their fortunes and their lives to make our Country a Nation.

Our fathers bled that we should become a united Nation. Shall we refuse to lend a few dollars in order that we may prove our Nationhood?

It is up to your conscience. Will you help again, to ring the Liberty Bell by buying a LIBERTY BOND?

Texas is certainly unfortunate in its governors. It had Colquitt, who disgraced the state by his expressions of disloyalty to the government and his general buffoonery, and now it has Ferguson, who wreaks personal vengeance by vetoing the appropriation for the state university. It seems amazing that in so large a state and with so many big Democrats to choose from that the state should saddle itself with men of such small calibre in its executive office. It is certainly paying dearly now for the mistake it made in 1914 and again in 1916 in picking Ferguson for a statesman.

If it does become a law that advertising in the newspapers is assessed a war tax of two percent, it will then become the patriotic duty of everybody to advertise more so that the news-

### GETTING A LESSON FROM OKLAHOMA.

SINCE additional burdens have recently been placed upon the newspapers of the country, and in view of the fact that the Nation must depend to a great extent upon the press to act as a medium between government and citizens, The Oklahoma Council of State Defense urges that all citizens cooperate with their home newspaper in every way possible. The "Business as Usual" campaign demands that industries maintain their advertising as far as practicable. Each citizen should consider it both a business and a patriotic duty to aid newspapers by paying arrears on subscription and in every other way to aid the press in meeting the emergencies of the war. Paragraph from letter sent out to citizens of Oklahoma by State Council of Defense.

papers will have to pay more taxes to the government. Thus, every time you advertise you will not only be doing yourself a lot of good but you will be helping the government too—something like buying a Liberty bond.

A woman in Albuquerque is suing relatives for \$10,000 for keeping her away from her husband. We know some women who would gladly pay that much if they never saw their husbands again.

### BITING GRANITE.

Germany has said our president is leading us to bite granite. Germany is mightily prepared. We are unprepared. The Western world has been rushing headlong toward starvation. This is the eleventh hour. Granite lies convenient; shall we bite it? It is for us to say. Arouse! If you are not chosen to bear arms, then wield a hoe; guide a plow, drive a tractor, guide a machine to produce clothing, help build a ship. Plant! Cultivate! Harvest! Build! This year, next year, for many years? Shall "biting granite" mean biting chains forged about Americans by a kaiser?

### BONDS OR BONDAGE.

They call it the Liberty Loan, and so it is, altho not one American in ten so regards it. The prevalent delusion is that our liberties are inalienable and eternal.

No one seems to realize that we have put our heads in the lion's mouth, or to reckon with the possibility that before many moons we may be subscribing, not to a Liberty loan, but to a huge and horrid indemnity. Everywhere Americans behave as if our part in the war would somehow take care of itself without assistance from anybody in particular.

Let George do it.

George is a larger, husky lad, with muscle aplenty and money to burn.

No coalition of foreign powers can floor George.

Can't it, tho?

Russia has slumped.

France confesses to exhaustion.

England cries, "Help!"

It is a toss-up how the war is coming out. If it comes out in our favor it will be because we have buckled to and exerted ourselves for all there is in us.

No more fancy name adorns the Liberty loan. The name it bears sums up the case with grim literalness. It is sink or swim. It is fight to the finish, with the odds against us. It is pay, pay, pay, either now or later. If later, it is pay Germany. In a word, it is bonds or bondage. Buy a Liberty bond TODAY!

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferer is McGEHE'S BABY ELIXIR. It corrects your stomach, cools and quiets the bowels and helps indigestion. Price 25c and 50c bottle. Sold by all dealers.

YOUR PATRIOTIC DUTY—BUY A LIBERTY LOAN BOND.

## You Still Can Volunteer into National Guard

### Registration Does Not Bar You From Enlisting With State Forces.

The attention of New Mexico citizens is being called to three advantages which would come with enlistment in the national guard.

1. You will serve with the young men of New Mexico and under New Mexico officers. In such state organizations there is a fraternity of interest established not found in the regular army, where the men of one company may be from 48 different states. The men of the state organizations will stand rather closely by each other after the war is over. For 25 years after the civil war was over it was rather difficult for anyone to be elected to office in any northern or in any southern state who had not served in the army. Both north and south the troops were in state regiments.

2. In the national guard there are far greater opportunities for promotion than in any other service.

New Mexico needs you in the national guard, and if you enlist now your act will be appreciated by the people of the state both at this time and after the war closes.

This is going to be a long war. At least that is the judgment of those in best position to understand all that is involved. You, if you are physically and mentally sound, will in all probability have to serve somewhere before the war is over.

You can choose now to enter the service of the New Mexico national guard and know that you will always be with friends and acquaintances, with officers who will take personal interest in your welfare.

You have at least nine chances out of ten returning, after the war, alive and well to New Mexico. You will have made friends invaluable to you in business, professional and political life.

It is to your interest to join the national guard now, while you can volunteer. The selective draft will begin soon. Then your opportunity to volunteer will have passed. Join now!

Figures available now indicate that the registration held June 5th will reach 9,000,000. Registration in New Mexico it is believed will reach the census estimate. Twenty of the 28 counties of the state give 23,442. The census estimate for the state was 34,382.

### Appreciates Cooperation

TREASURY DEPT.  
Carrizozo Outlook,  
Carrizozo, N. M.  
The Bureau of Publicity of the Liberty Loan of 1917 notes with pleasure and appreciation the excellent assistance you have rendered and are rendering in patriotically promoting the sale of the Liberty Loan Bonds. Please accept sincere thanks for your cooperation. (Sgd.) R. W. WOOLLEY, Director Publicity, Washington, June 9, 1917

## How Does it Benefit Me?

Business men believe in the Federal Reserve System, but many of them know little about it or how it operates. To tell our community how the system benefits them and how they can contribute directly to its support, we have prepared a short pamphlet.

If you haven't seen it we shall be glad either to mail it to you or give it to you if you will call.

## The First National Bank

Carrizozo, N. M.

Send for booklet, "How Does It Benefit Me?"

## Building Material

With a large stock of building material we are able to give you good service and solicit the trade of the people of Lincoln county, Carrizozo and adjacent towns.

# COULDN'T LIFT SIX MONTHS OLD BABY

## Mrs. Hawkins Was So Weak Couldn't Move in Her Bed Without Help.

### HAD SUFFERED TORTURE

#### Well and Strong Again After Taking Tanlac and Weighs More Than She Has in Over Eighteen Years.

"I was down in bed and couldn't raise my head or move without help and now I'm able to do all my housework, even to my cooking and garden work and I weigh more than I have in eighteen years and have been taking Tanlac only about four weeks," said Mrs. Dollie Hawkins, 4906 Second avenue, South, Birmingham, Ala., recently.

"For years," continued Mrs. Hawkins, "I suffered with rheumatism and acute indigestion. The rheumatism got me down in bed and had me bound so hard and fast somebody had to move me about and the pain was terrible. I couldn't lift my six-months-old baby, and had to hire someone to wait on me and do my work. I was so nervous the least little thing dropping on the floor would startle me and my heart would almost stop beating. I couldn't eat any solid food at all and was in such run-down condition my baby fell off until it was just a little skeleton and fretted and cried all the time. No kind of medicine did me any good and I was getting worse all the time.

"If ever a medicine did wonders, Tanlac did it for me and my little baby. I felt better in just a few days after I began taking it. I have taken three bottles and I am not nervous in the least now and my sleep is fine and rests me. The awful rheumatic pains and misery is all gone. I can eat anything I want and my food not only gives me nourishment but my baby is as fat as a little pig and sits for hours at a time on a pallet and plays without a whimper. Tanlac has made a well woman of me and a fat, healthy baby out of my little sickly one, and I'm just so thankful for what Tanlac has done for us I want everybody to know about this great medicine."

There is a Tanlac dealer in your town. Adv.

#### Sweet Innocence.

Mrs. Youngbride—Our cook says these eggs you sent yesterday were quite old.

Grocer—Very sorry, ma'am. They were the best we could get. You see, all the young chickens were killed off for the holiday trade, so the old hens are the only ones left to do the laying.

Mrs. Youngbride—Oh, to be sure! I hadn't thought of that.

#### Exactly.

"I see the British won't wear any more hotted shirts, as they want to save starch."

"I suppose they need it to stiffen their defenses."

### SHAKE INTO YOUR SHOES

Allen's Foot-Powder, the antiseptic powder to be shaken into the shoes and sprinkled in the foot bath. It relieves painful, swollen, smarting feet and takes the sting out of corns and bunions. Used by the British and French troops at the front. Allen's Foot-Powder is a certain relief for tired, aching feet. Sold every where.—Adv.

#### Incurable.

"Daughter's voice has been a great expense to me."

"And can't anything be done for it?"

Red Cross Bag Blue, much better, goes farther than liquid blue. Get from any grocer. Adv.

#### Serious Work to Do.

"Are you going to take any city boarders this summer?"

"No," replied Farmer Cobbles. "Me and th' hired men will be so busy raisin' food crops that we won't be able ter entertain 'em with our quaint rural dialect and unsophisticated ways."

Georgia will employ prisoners on farms.

### The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying power are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them with opiates.

Cocaine contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Cocaine always bears the signature of Chas. H. Fletcher.

### When Hubby Fooled Her.

Mrs. Scatterbrain was constantly bemoaning her lot. Her husband, who was entitled to place half the letters of the alphabet after his name, had the most treacherous memory in the world. He could remember nothing his wife told him, in spite of bits of string round his finger and knots in his handkerchief. Only once did Mr. Scatterbrain remember to do his wife's bidding.

Said a friend to Mrs. Scatterbrain: "I think you are getting as bad as your hubby: I got a note from you yesterday dated a whole week ahead."

"Heavens!" gasped Mrs. Scatterbrain, trembling with the shock. "My husband must have posted it the very day I gave it to him!"

### PAIN? NOT A BIT! LIFT YOUR CORNS OR CALLUSES OFF

No humbug! Apply few drops then just lift them away with fingers.

This new drug is an ether compound discovered by a Cincinnati chemist. It is called freezone, and can now be obtained in tiny bottles as here shown at very little cost from any drug store. Just ask for freezone. Apply a drop or two directly upon a tender corn or callus and instantly the soreness disappears. Shortly you will find the corn or callus so loose that you can lift it off, root and all, with the fingers.

Not a twinge of pain, soreness or irritation; not even the slightest smarting, either when applying freezone or afterwards.

This drug doesn't eat up the corn or callus, but shrivels them so they loosen and come right out. It is no humbug! It works like a charm. For a few cents you can get rid of every hard corn, soft corn or corn between the toes, as well as painful calluses on bottom of your feet. It never disappoints and never burns, bites or inflames. If your druggist hasn't any freezone yet, tell him to get a little bottle for you from his wholesale house.—adv.

#### A Woman's Opportunity.

The complexion of Wall street's big organization that works from nine to five is slowly changing as man after man drops out to take up military service. The inroads which have already been made in staffs of the big banking institutions are not serious, but the prospect of losing many more employees in the next few weeks or months is being discussed by employers, and it is the general view that most of the vacancies must be filled by women, says a New York news letter. One of the largest national banks has lost 50 men to Plattsburg and Madison, has 75 more who are in militia organizations, and who will soon leave, and has 400 who are liable to conscription. A prominent trust company has lost upward of 100 men, including the senior vice president, and expects the total to be more than 800 before the end of the year. Plans are being made to fill many departments with girls, who have been found more satisfactory than men in work that is much the same day after day.

#### Father's Fault.

Two girls were discussing the recent marriage of a mutual friend.

"Everything went off splendidly, didn't it?" said Dora enthusiastically.

"And didn't dear Rose look perfectly sweet?"

"Yes, she did," agreed Nora. "She told me after the ceremony that there was only one drawback."

"What was that?" asked Dora inquisitively.

"Well, she felt that her father looked too cheerful when he gave her away."

#### Better Way of Putting it.

"I raise pigs for my living."

"Don't be so crude. Say you earn your living by your pen."

# YOUTH SAVES 25 AT BUTTE MINE

## TOOL BOY AT SPECULATOR MINE SHOWS MEN WAY TO WARD OFF DEADLY GASES.

### HERO BELIEVED DEAD

#### HOPE OF SAVING 193 MINERS HAD BEEN ABANDONED—FIFTY DEAD TAKEN OUT.

Western Newspaper Union News Service.

Butte, Mont., June 11.—Twenty-five men, rescued alive from the 2,400-foot level of the Speculator mine owe their lives to the heroism and resourcefulness of Manus Duggan, a 20-year-old nipper or tool boy. Young Duggan, displaying rare presence of mind, showed his older fellow workers how to bulkhead themselves from the dangerous gas and preserve their lives until their rescue. There were twenty-seven members of the party and twenty-five of them are alive, the twenty-sixth man, J. H. McAdams, dying despite efforts to resuscitate him. The fate of young Duggan is not known, but it is believed that he has perished.

The news that men had been found alive on the 2,400-foot level of the Speculator shaft spread rapidly and the gates of the mine were crowded with anxious relatives before the rescued men had been registered at the timekeeper's office.

Nyja Johnson was the first man to reach the surface.

"We owe our lives to Manus Duggan," Johnson told the crowd at the timekeeper's office. "He was the one who directed the work. None of us would be here if it had not been for him."

"Duggan told us all to go into the drift," Johnson said. "After we got in the drift he got a piece of canvas. Then we took off our clothes and with both choked out the gas. He directed the work and when some men got weak he did the work of ten men. I hope they save Duggan."

The survivors rescued Sunday afternoon made a valiant fight for their lives. Directed by Manus Duggan, they built a bulkhead in a crosscut on the 2,400-foot level and stuffed it with canvas and portions of their clothing. A short distance away they made a second bulkhead and filled the space between them with dirt. This kept the gas out and they were in comparative safety for a while.

All hope that any of the unaccounted-for miners, believed to number at least 193, had escaped from the North Butte mines, in which fire broke out Friday night, while 412 men were at work, was abandoned Saturday night, when the helmet men penetrated to the 2,200-foot level of the Speculator mine from adjoining mines, waded through water up to their armpits, encountered strong gas, and saw many bodies which they were unable to recover. Fifty dead had been taken out up to Saturday night.

#### ITALIANS CAPTURE JANINA

Surprise Attack by French on the Moselle Inflicts Heavy Losses on Teutons.

Paris, June 11.—The French made a surprise attack on the left bank of the Moselle, near the eastern end of the front. The war office announces that serious losses were inflicted on the Germans. Violent artillery fighting occurred near Craonze and Chevreux.

Germans penetrated a part of the French line on the Chemin des Dames but were driven back almost immediately.

British entered German positions on two-mile front south of Lens to depth of half a mile. Germans have not attempted to counter-attack the British, but south of Ypres heavily bombarded British positions.

Italians have occupied Janina, a city of 25,000, in Greece, and the Greek Cabinet files a protest.

Congress of peasants' delegates in Russia urge a republic.

The situation in Spain, through the resignation of the Cabinet, is still intense.

#### Floods Wash Away Bridges.

Briggsdale.—Continued warm weather has brought the expected flood of Crow creek, usually a dry creek in northeastern Weld county. This creek is now out of its banks here, near Fossion and at Sigo. Near this place a culvert has been washed out, the big bridge near the Rufser ranch carried away, and all the bottom land flooded. At Fossion the water is half a mile wide, and at Sigo a big forty-foot county bridge has gone down. Most of the ranchers had warning and took their stock to the high ground.

# CULTIVATE! CULTIVATE!

## Produce More Food, But at the Lowest Cost.

A trip through most of the grain growing districts of Western Canada, and information received from authentic sources, reveals that the spring seeding of wheat, barley and oats is finished and the grain is having a most rapid growth. Men of farming experience here say that the conditions are similar to those years when there was an abundant harvest reaped. During the past year a number of new settlers came into the country, and they will undoubtedly have a good crop this year. This added to the normal acreage, made considerably less by the lack of labor owing to the number who have gone to the front, will give a fair general yield. It is surprising the growth that this country is capable of producing.

Wheat has this spring germinated and shown three or four inches growth in five or six days, and with anything like favorable weather, harvesting should commence about the 15th of August, or a little over one hundred days from first seeding. Hundreds of farmers throughout this vast country paid for their entire holdings out of one year's crop and it would not be surprising if the same experience met a great many more this year.

The best authorities on the wheat situation give it as their opinion that for many years to come, wheat prices will be high. They base their opinion on a scientific calculation and their reasoning seems to be sound. Anyway, it is quite evident that for some years to come, the producer of wheat will be amply rewarded for any effort he may make to develop this branch of agricultural industry. Money may be made on the high-priced lands of the wheat-growing districts of the United States, but it is a question if these high-priced lands would not be more profitably employed in other branches of farming than in growing the smaller grains, leaving it to lands just as productive for wheat, less expensive to operate, and with a much smaller initial price, to provide the world with this necessity of life. Here is where Western Canada, with its vast rich fertile plains, its low railway rates, its exceptionally good shipping privileges, its excellent climate, and its perfect social conditions, has a combination of advantages not possessed by any other portion of the continent.

Furthermore, these lands, of unexcelled quality, are extraordinarily cheap, while for the man who does not care to undertake farming on so extensive a scale there is the free homestead which offers him all the opportunity for which he is looking. The prospective purchaser will have no difficulty at all in making a selection of a fine piece of land, well located and convenient to transportation, which may be had for from \$15 to \$25 an acre, and the railway companies or other holders of large tracts are always glad to sell on easy terms. Or if he desires a farm that is already under cultivation and improved, many such are to be had from farmers who already have made comfortable fortunes and are ready to retire.

It is not to the grain grower only that Western Canada offers great opportunities. If one wishes to go in for cattle raising, there are great stretches of range land both free and for lease, and in many sections of the country there are the finest of grazing lands that may be purchased at very low prices.

The appeal which has been sent out both by the United States and Canadian governments, for an unlimited, unlimited production of food stuffs to prevent what might otherwise be a famine throughout this great continent—and then consequently, throughout the world—should in itself arouse all the ambition and desire in the heart and soul of the man who is not fighting at the front, to produce all he can. In addition, there is the potent fact that no chances are being taken in answering the appeal. Take it from either standpoint you answer the country's call, although not fighting, and you are also insured against any loss by the high prices that are bound to exist for some time. Whether it be in the United States on its excellent grain lands or in Canada on its splendid grain lands, all should do their bit.—Advertisement.

#### Supersensitive.

"What are you worrying about?" "If I eat eggs I think about the chickens they would have produced, and if I eat chickens I think about the eggs they might have laid; and it's becoming difficult for me to enjoy anything."

#### Fertitude.

"You talk as if you want war." "I don't. I want peace. But I'm willing to pull myself together and even go to a dentist in order to stop a toothache."

United States prohibits flag on brewery.

# Nerves All On Edge?

Just as nerve wear is a case of kidney weakness, so is kidney trouble a cause of nervousness. Anyone who has backache, nervousness, "blues," headaches, dizzy spells, urinary ills and a tired, worn feeling, would do well to try Doan's Kidney Pills. This safe, reliable remedy is recommended by thousands who have had relief from just such troubles.

### A Colorado Case

Mrs. J. E. Wright, 203 E. Second St., Pueblo, Colo., says: "I blame my kidney trouble to drinking alkali water. Sharp pains in my back gave me great suffering and I had sick headaches and dizzy spells. The pain in my back often kept me from sleeping. Doan's Kidney Pills entirely rid me of these ailments and I have never had the least need of a kidney medicine since."

FOSTER-MELBURN CO., BUFFALO, N. Y.

#### Tin Music.

One of the inmates of the Masonic home near Franklin is past ninety years of age. In all his long life he had never heard a phonograph. Recently the members of one of the lodges in the state presented the home with a phonograph. This was a source of wonder to the old man. He had occasion to visit some friends in Franklin, and while there was asked how he liked his new home. "It's all right," he said, "just fine. And, say, we've got a machine down there that is the queerest thing I ever saw. They take a pie pan that has a hole cut in the middle, and put it in the machine. Then they turn a crank and grind up that tin, and it makes music. It's dang-good-music, too."—Indianapolis News.

#### Old Saw Verified.

"A short cut often proves the longest way around," said the bromidic philosopher.

"I agree with you," answered Mr. Dubvalte. "I took a short cut to town this morning and fell in with a pacifist who detained me in an argument that lasted an hour."

#### Vocal?

Myrt—Socce noisy hat Mabel has on this morning!

Stell—Yes, isn't it a scream?

#### He Was the Target.

"He-looks like a fashion plate." "Yes, his wife throws that at him along with the platter."

Autos haul plows around Greensburg, Pa.

### Runaway Horse Kills Girl.

Miss Lula Jones, daughter of Mr. and Mrs. J. F. Jones of the Alto community, died at her home early Monday morning as a result of being thrown from a runaway horse Sunday afternoon. The young lady, accompanied by Miss Gracey Lane, was on her way to attend Sunday school when the horse she was riding became frightened and in running fell thru a wire gate, throwing the rider to the ground with such force that her neck was dislocated, rendering her unconscious in which state she remained until her death. Miss Jones was a popular young lady in the community and her untimely death comes as a severe shock to her immediate family and host of friends. The remains were laid to rest in the Angus cemetery Monday afternoon.

### Demonstration at Capitan.

W. T. Conway, state club leader, from the A. & M. college, will give a demonstration in canning fruits and vegetables at Capitan Saturday, June 16th, beginning at 1 a. m. The demonstration will be held at the schoolhouse and everybody, ladies especially, is invited. The subject of food conservation right now is the all important topic which is the main reason that these demonstrations should be witnessed by everybody in the county.

### Red Cross Meeting.

Chairman Rev. Marston of the local Red Cross society has announced that there will be a call meeting of the members and friends of the Red Cross at the Baptist church immediately after the services Sunday night. All members are urged to be present.

### John D. Rash Dies.

John D. Rash died Saturday at his home in Carrizozo following an illness of about 30 days. Mr. Rash was born in Parker, Texas, July 24, 1856. He was converted and joined the Baptist church in 1882, transferring his membership here when he moved to Carrizozo. A wife, one daughter and six sons survive. Funeral services were held at the Baptist church Monday afternoon at 3 o'clock, conducted by Rev. J. M. Gardner. Interment was made in the local cemetery.

### Slot Machines Illegal.

The ubiquitous slot machines and punchboards whereby the fellow who buys the lucky number gets a prize and the others get nothing are in violation of the State anti-lottery statutes, according to an opinion sent to a deputy sheriff at Tularosa last week by the attorney general. The law is quoted to show that lotteries are only legal when used in connection with church, public library or charitable purposes.

Mrs. R. E. Blaney left last week for Las Vegas where she will attend the summer normal. Mrs. Blaney will teach in the local schools this year.

Try it once; we believe it will pay you—when in need of flour, feed and stock salt—to call at HUMPHREY BROS.

Dr. and Mrs. Ranniger, Mrs. Black and Ross McDonald, of Oscura, were in Carrizozo Thursday on business.

## "A Good Name is better than riches."

—Proverbs.

On this maxim our business was founded thirty years ago and has been steadily adhered to.

We believe in honesty in business—not alone for the sake of its moral worth but because it is good business.

We never have and never will consciously take the advantage of anyone.

We are not infallible and at times make mistakes; but then we all do, it is for that reason that they put rubber erasers on lead pencils—but then that's another story.

THE UNIVERSAL PROVIDERS

## Ziegler Broth's

Established in Lincoln County Since '86

### METHODIST CHURCH

(Rev. Marston, Pastor.)

Preaching by pastor at the morning hour. Pastor will preach at White Oaks in the afternoon. Union services will be held at the Baptist church at 8 p. m., sermon by Rev. Marston. Epworth League at 7 p. m., led by Homer Donaldson. Bishop W. R. Lambuth, of Oakdale, Calif., who has the Episcopal oversight of the New Mexico Conference again this year, will be with us Sunday, July 8th, to dedicate the new church.

These are eventful days for our nation, and particularly so for the homes from which our boys are going to the army. It is a time when we should live much in prayer.

A card received this week from Mr. and Mrs. A. F. Roselle states that they have moved from Covington, Okla., and are now located on a wheat ranch near Billings, Okla. They are pleased with that section of the country.

Children that are affected by worms are pale and sickly and liable to contract some fatal disease. WHITES CREAM VERMIFUGE expels worms promptly and puts the child on the road to health. Price 25c per bottle. Sold by all dealers.

### Electric Iron For Sale.

Nearly new. Bargain at \$1.25 for quick sale. Come and see it at Outlook office.

### Puts Over Bad Checks.

A young man assuming the name of T. F. Morgan, who has been employed in Carrizozo for past month, Saturday night succeeded in passing several worthless checks among the business houses of town. Ziegler Bros. cashed one for \$27.50, Eating House one for \$3 and the Carrizozo Bar one for \$5. The checks were drawn on the Lincoln State bank where it is said such person has never carried an account. No trace of Morgan has been found.

Mrs. Ben West went to El Paso Saturday for a brief visit with her mother and sister.

Mrs. H. S. Campbell and her mother, Mrs. Argo, left Tuesday night for Chicago and points in Indiana and Wisconsin where they expect to spend several weeks visiting relatives.

Ralph Jones, who recently joined the navy, came in this week from Del Rio, Texas, for a visit with relatives. He is en route to San Francisco to report at the training station.

Mrs. W. E. Wingfield and daughter and Mr. and Mrs. Wallace Wingfield arrived Thursday from Plainview, Texas, and will spend the summer here. They formerly resided in Carrizozo. The trip was made by automobile.

"OURS is the TRADE that SERVICE made." **Kelley & Son**

## You Should Buy a Liberty Bond But You MUST Buy Groceries WHY NOT TRY BELL'S

If not already a customer you should be. We are located IN THE NEW WETMORE BUILDING and invite the public to inspect our new quarters. Fresh Goods, Reasonable Prices, A Sanitary Store.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be lost forever; no cure can be given by any local application, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Bell's Catarrh Cure. Sold by all druggists.

### Forest Fire Near Alto.

Fire of unknown origin broke out in the forest reserve near Alto, last Sunday and in spite of every effort put forth by the forest service, aided by the citizens of the whole country, a large scope of the forest between Little Creek and the Ruidoso was burned over and badly damaged.
