

SCHOOL OPENS WITH GOOD ATTENDANCE

Three Hundred Pupils Enrolled, With Usual Opening Exercises; Teaching Force Sufficient and Capable.

The public schools of Carrizozo opened Monday morning, and after the usual form of opening the enrollment showed about three hundred pupils were in attendance. The attendance in the High School will be thirty-five with the following courses to avail themselves of: English, four years; Latin, four years; Spanish, four years; Commercial, four years; Science, four years; History, three years; Manual Training, two years; Home Economics, two years; Agriculture, one year.

These courses are being strengthened in every way possible. The school has twelve benches for manual training work and a large equipment for the domestic science department. Seven typewriters will be provided for the commercial department, and a suitable table will be arranged for the class in physics. This table will be built by pupils in the manual training class. The faculty will place emphasis on all work in the common branches. Pupils will have every advantage to become proficient in their work, after which a good high school course will be offered them. The faculty sends out the call to every boy and girl within the district to take advantage of the means of education which is so essential in life. The schools are open and free to all children, so it is hoped that none will overlook the opportunity offered. The teaching force for the term is as follows:

E. E. Cole, Superintendent; Bryan Cozier, Principal of High School, Manual Training; Edith Lutton, English; Minnie Sullivan, Commercial Branches; Jewel Macken, Spanish; Alice Tipton, eighth grade; Mrs. Velma Carlisle, seventh grade; Father Seale, sixth grade; Elizabeth Jarret, fifth; Lucie Lindsay, fourth; Inez Holland, third; Mrs. Nora Massie, second grade; Verda Neff, first grade; Joy Lindsay, first grade; Mrs. Gumm and Miss Hughes, East Side.

On Eve of Her Departure

T. A. Spencer entertained a number of her many friends last Friday afternoon in honor of Mrs. L. W. Stewart, who left for her home in Douglas, Arizona, the following day. Cards and games were indulged in after which refreshments were served. Mrs. Stewart divided her time between here and White Oaks during her visit, as in both places she has lifelong friends, at whose homes she has in turn been the guest of honor.

Over From Capitan

Sam Bigger was over from Capitan Tuesday.

GLENCOE ITEMS

Schools have started again. Mrs. Curry and Miss Ola Casey are teaching school on the Upper Ruidoso.

Miss Nettie Johnson of the Upper Glencoe and Miss Susan Tully are attending the Glencoe School.

The weather is ideal for haying and the farmers are all busy. Their wives are busy too, putting up the peaches, pears and plums.

H. P. Clarke and wife, the Misses Shrader, Roy Coe, Rod and Heck Johnson attended the dance at Ft. Stanton.

Mr. and Mrs. Frank B. Coe and Miss Helena Coe are attending court in Carrizozo this week.

Miss Allene Church was up from Roswell to spend the weekend with friends.

Senator J. V. Tully and A. E. Hunter are in Carrizozo this week.

B. J. Bonnell motored to Tularosa with the Misses Cooney, who were on their way to Las Cruces.

Paul Mayer and wife from White Oaks are visiting Mr. and Mrs. Will T. Coe.

George Messer went to Capitan this week to place his son in school.

White Oaks Items

E. C. Eacker visited his home folks at this place for several days leaving in company with his sister Miss Mabel Schale.

Henry Wallace and family will move into the Price residence for the winter.

J. Cleghorn and wife have purchased the Lemon residence.

Mrs. Wayne Van Schoyck and son left the first of September to visit relatives and friends in Arizona. They will be absent several weeks.

Down From Nogal

Col. J. C. Bender was down from Nogal Tuesday of this week.

Sickness Stops Hawaiians

The Hawaiian singers, who were to have appeared at the Crystal Theatre Wednesday and Thursday nights of this week have cancelled their engagement on account of the sickness of one of their number. However, they expect to be able to be here some time during the coming week, the physicians giving the assurance of the patient being able to perform by that time. The dates of their coming will be announced so that all will be informed of their coming in time to attend the treat.

Louise Virginia

We are heading this glad piece of information with the name of the little Miss, who introduced herself to the home of Mr. and Mrs. C. F. Kersey on Monday Aug. 25th. Everything is moving nicely at the Kersey home and Miss Louise Virginia is "Boss of the House."

Soft Falls the Eventide

On Wednesday evening, Sept. 3rd, Mrs. H. Anna Austin, mother of Mrs. W. L. Gumm passed through the portal of mortal existence which destroyed the last enemy called "death." She experienced no suffering, according to watchers at her bedside, but peacefully and serenely as a little child passed through the vale of mortality into the Truth of of Being.

Until ten days ago Mrs. Austin, who was 85 years of age, was, to all appearances, in a good state of health, but at that time she took to her bed and slept away the final portion of her life. Twenty-five years ago the Austin family came to this locality from Kansas City, Mo., and located on the Bonito, where Mr. Austin engaged in the ranching business in which he remained until his death which occurred four years ago, the interment being made at Angus. The funeral services over the body of Mrs. Austin were held Thursday afternoon with Rev. Smith of the Baptist Church conducting the same. A quartette composed of Mrs. S. L. Squier, Miss Inez Holland, Prof. E. E. Cole and Byran Cozier rendered the following old, sweet songs with beautiful effect: "Abide With Me," "Rock of Ages," and "Nearer My God to Thee." At the conclusion of the services the body was conveyed to the station where it was shipped on No. 4 to Kansas City, Mo., the former home of the Austin family.

A large gathering of friends of the family attended the funeral. Mrs. Austin is survived by four children; Mrs. J. W. Laws and Mrs. C. A. Stevens of El Paso and Mrs. W. L. Gumm of Carrizozo, all of whom were in attendance at their mother's bedside during her last hours. One son, Frank Austin who resides in Chicago, was unable to be present at the funeral. As the planets in their revolutions perform their separate duties according to the Will of Him who directs each speeding star, so after serving her generation, scattering gifts of loving kindness to those she met along life's pathway, she has passed on to continue her good works in the realm of deathless life. "And ever near to us, though unseen, The dear immortal spirits tread, For all the boundless universe Is LIFE—there is no death!"

Brazel McKee

At the parsonage of the Methodist Church Thursday evening with Rev. Lawelling officiating, occurred the marriage of Mr. W. W. Brazel of Carrizozo and Mrs. E. J. McKee of Phoenix, Ariz. Mr. Brazel is one of Carrizozo's prominent ranchmen and the newly married couple will reside on the Brazel ranch near Water Canyon. Friends of the contracting couple of both Phoenix and Carrizozo extend their best wishes.

The Garvens Depart

The J. B. Garven family, who made Carrizozo their home for so many years, have sold their home to D. A. Saunders and left for San Antonio, Texas. They will make the trip by motor and as they have no definite time in which to reach that city, they will travel leisurely, making stops as often as they choose, selecting the places where fishing is the best. The Outlook joins in the general expression of regret at the loss of the Garven family but while we can ill afford to lose them, San Antonio will be the city that will gain by the change. The best wishes of their many friends in which the Outlook is included will follow them. Mr. Garven, who is an engineer on the E. P. & S. W. has not severed his connection with the company, but will take advantage of a much needed rest after which he will take up his old position, at which time the family may return to Carrizozo. Let us hope so.

Attention Master Masons

Next Saturday Sept. 6th will be the regular communication of Carrizozo Lodge No. 41 A. F. & A. M. There will also be work, a good amount of it, in the Third. On account of the regular and special work being coupled together, the session will begin promptly at 3 o'clock Saturday afternoon and continue until 6. The meeting will be called again at 7 p. m. and continue until the work is finished. Cards have been mailed to members of No. 41. Visiting brethren are cordially invited.

MARVIN BURTON, W.M.

S. F. MILLER, Secretary.

First Airplane Funeral

Toronto, Ont., Sept. 4.—What is believed to have been the first airplane funeral ever held occurred here yesterday when a tiny coffin, bearing the body of Leonard Allen, a five month old baby, was conveyed to the Mount Pleasant cemetery in a plane piloted by Harry Smith, formerly of the Royal air force.

The "flying hearse" was closely followed by a second plane bearing assistants of the undertaker.

Eastern Stars Meet

The O. E. S. met in regular session Wednesday evening with a good attendance. After the regular order of business was dispensed with, a social session followed at which refreshments were served. The Chapter meets on the first Wednesday of each month. Visiting stars cordially invited.

Over From Hendo

Clement Hightower was a Carrizozo visitor Thursday.

Over From Lincoln

County Commissioner Wm. Navier was over from Lincoln this week.

PRESIDENT BEGINS SPEAKING TOUR

Columbus, Ohio Gets First Charge From President's League Hobby; Chinaman Asks About Shantung.

Columbus, O., Sept. 4.—President Wilson, opening his country-wide speaking tour for the peace treaty, declared in an address here today that his purpose was to "go out and report to my fellow countrymen."

"The only people to whom I owe any report," said the president, "are you and the other citizens of the United States."

The president said it also seemed "increasingly necessary" that he had read many speeches about the treaty and was unable to gather from them much of what the treaty contained.

Praising the treaty provision providing for an international labor organization which will hold its first meeting in Washington in October, the president said:

"And let me tell you it will meet whether the treaty is ratified by then or not."

"When this treaty is accepted," he said, "the men in khaki will never have to cross the sea again, and I say when it is accepted because it will be accepted."

As the president was leaving the hall a chinaman in the gallery called several times:

"Mr. Wilson, how about Shantung?" The president apparently did not hear him.

Speaking to a crowd which jammed Memorial Hall, whose seating capacity was estimated at 4,000, the president's declarations frequently were interrupted by cheers.

The meeting was presided over by Dr. W. O. Thompson, and the president was introduced by former Governor James E. Campbell as "the first citizen of the big round world."

MICKIE SAYS

ONE THING I COULD NEVER GET THROUGH MY BEAN IS WHY SOME FELLERS'LL COME 'ROUND HERE WHEN THEY WANT A FREE BOOST IN TH' PAPER—N THEN SEND OUT OF TOWN WHEN THEY GOT SOME PRINTING TA DO?!

CHOOSING BEST BREED OF HOGS

Whoever One the Farmer Decides Upon He Should Develop to Highest Standard.

LARD TYPE MOST POPULAR

At Present Time Animals Weighing From 175 to 250 Pounds Command Highest Prices—Bacon Hog Is Not Raised Extensively.

(Prepared by the United States Department of Agriculture.)

There is no best breed of swine. Some breeds are superior to others in certain respects and one breed may be better adapted than another to certain local conditions. The essential point is that after the farmer has once decided upon the kind of hog to raise he should stick to this decision and develop the chosen breed to its highest possible standard. It is not feasible for one individual to raise several different breeds and bring them to perfection. In making his choice, too, the farmer should be guided by the kind of breeds already established in his locality. If he selects one of these he is not likely to make a mistake.

Two Types of Swine.

There are two distinct types of swine, namely, the lard and the bacon types. Swine of the lard type far outnumber those of the bacon type in the United States. The lard type is preferred by the people of this country, consequently the majority of feeders produce a rapid-fattening, heavy fleshed lard type. The bacon type is not raised extensively in the United States. The production of choice bacon is more general in those sections

Purebred Poland-China Barrows.

where the feed of the hog is more varied and where corn is not relied upon as the principal grain for hogs.

The principal breeds of the lard type are the Poland China, Berkshire, Chester White, Duroc-Jersey and Hampshire. The lard type of hog is low set and compact, with a very wide and deep body. The shoulders should be full—although not coarse—with full hind quarters and hams carried out straight to the tail and thickly fleshed down to the hock. The flesh should be thick and evenly distributed throughout the body.

The size and weight are largely determined by market conditions. At present pigs weighing from 175 to 250 pounds ordinarily command the highest prices.

Best Bacon Types.

The principal breeds of the bacon type are the Tamworth and large Yorkshire, both of British origin. The bacon type is very different from the lard type, being longer in leg and body, with less width of back and lighter in the shoulders and neck. The first impression that this type conveys is one of leanness and lankiness. Much emphasis is laid on the development of side, because it is the side of the hog that is used for the production of bacon. On the other hand, large, heavy hams are not desirable on a bacon hog.

COMMUNITY LIME SPREADER

Farmers of Otsego County, N. Y., Solve Problem of Spreading Lime at Proper Time.

(Prepared by the United States Department of Agriculture.)

Members of the farm bureau in one of the communities of Otsego county, New York, have combined and purchased a lime spreader, and have thus taken a long step in solving their problem of applying lime at the proper time of the year and in sufficient quantities to get results. The spreader is to be rotated among the members. Nonmembers may also use it by paying 25 cents an acre. In the early stages of the use of lime in a community, especially in a small way,

Sowing Seed for Trees.

Now the seed of early ripening trees, such as elm and maple, as soon as the seeds are ripe. Stratify late ripening seeds in sand or sawdust so that they may not dry out.

GRAIN CONSUMPTION VARIES DURING YEAR

Feeding of Oats Is More Uniform Than That of Corn.

Barley, Wheat and Rye Approach Monthly Uniformity in Degree Less Than Oats—Silage Reaches High Point in February.

(Prepared by the United States Department of Agriculture.)

Whether the supposition is that the consumption of corn by live stock on farms in the United States varies little from month to month, or that the summer consumption is relatively small, the fact, as ascertained by the bureau of crop estimates, United States department of agriculture, is that during the six months from May to October nearly three-eighths of the year's corn ration is eaten, and from November to April five-eighths. The warm-weather fraction will seem large or small according to the size of the guess. Oats, more than corn, is the feed from April to September, and the monthly consumption of oats is more uniform throughout the year than that of corn. Barley, wheat and rye approach monthly uniformity in degree less than that of oats throughout the year and a concentration of consumption in the colder months is found in hay, silage and mill feed, as in the case of corn.

Of the year's entire consumption of corn by live stock on farms the highest consumption in one month is 11.5 per cent in December, and the lowest 4.6 per cent in August. For oats the highest is 9.8 per cent in April and the lowest 6.8 per cent in December; barley, highest 10.9 per cent in November and lowest 6 per cent in June and also in July; rye, highest 10.3 per cent in October and lowest 7.1 per cent in July; wheat, highest 11.4 per cent in November and lowest 5.8 per cent in July.

Mill feed consumption sets to 4.8 per cent in July and rises to 11.5 per cent in February and again in March. More unequal yet is hay consumption, with its range from the highest, 14.2 per cent in February and also in March to 3.2 per cent in August; and another degree is reached by silage, the consumption of which rises to 16.8 per cent of the year's total in February and falls to 1 per cent in July and again in August.

SCATTER GRAINS FOR FOWLS

Not Considered Good Practice to Feed in Troughs—Domineering Hens Get Too Much.

Never feed whole grain in a trough. When so fed there will be domineering hens which will get more than their share, but when the grain is scattered each hen must seek her portion, and all will have an equal chance. You need not fear to scatter it over every square inch of ground, for not a grain will be wasted. It compels the hens to work instead of helping themselves.

PREVENT DISEASE OUTBREAKS

Use Every Preventive Measure and See That Proper Precautions Are Taken.

(Prepared by the United States Department of Agriculture.)

Sometimes we cannot prevent outbreaks of live stock diseases on our farms, but we can and should always use every preventive measure and see that proper precautions are taken when the disease first makes its appearance.

Sheep and Goats.

Sheep and goats would prove their right to a place in profitable farming if allowed recognition on some farms.

IN SPORTS SUITS

Splendid Assortment for Woman Fond of Athletics.

Pastime Apparel Very Much English in Cut and Fabric—Knitted Suit May Almost Be Called Indispensable.

It is established that our most delightful fashions come from Paris, and it is becoming equally well established that our sport apparel is English in cut and fabric. We come to speak of the English walking hat, meaning the rather close-fitting hat with a fall crown curling up at the sides. English tweeds and flannels are a part of every sportswoman's wardrobe, as suits of these materials are of her wardrobe. We differentiate between the onlookers and the real adherents, and recognize the rights of the latter to be as plainly and unbecomingly dressed as the most rigorous exercise demands.

During the last year of the war the knitted sport suits made by hand appeared, first in Switzerland at St. Moritz and such places where winter sports abound. They were instantly accepted and were a boon to French and Swiss makers also, who could thus employ remuneratively their long winter evenings heretofore given over to lace making or the fine embroideries, the demand for which was interrupted by war. Now the knitted suit is indispensable. The great vogue over here for tricolette and jersey cloth has further stimulated this demand.

The wool jerseys are ideal, for they do not rumple or crush and come in such splendid colors that every taste may be gratified. Hunters' green is a favored color for some reason—it always looks well and does not always fade as do other brilliant and decided shades. Nothing is more picturesque than the fashion of topping white skirts with jersey coats of the most brilliant tones imaginable—green, yellow, and scarlet seemingly preferred. Undeniably they make gay color splashes on the landscape and add to the summer picture.

Less serviceable than the wool jerseys are coats of fine faille and silk poplin. They are as delicate and refined as the most conservative woman could ask, and come in such pretty, soft colors as French blue and pale rose. The coat usually has rather wide sleeves which open over the blouse sleeves underneath and are not too tight. Deep revers cut away in front as a man's dinner coat rolls back at the sides and bow and then one finds a sash finely fringed and belting in the waist.—New York Sun.

TWO FANCIES IN MILLINERY

Leghorn Hat, Ever Popular, and That of Large-Figured Georgette Crepe or Silk Veils.

The Leghorn hat is a favorite for summer. A quaint, old-fashioned suggestion is given to many of these hats by the use of flower wreaths or garlands and long streamers hang at the back or can be attached at the side and drawn about the throat. This touch, especially if black ribbon is used, is usually very becoming.

One of the millinery fancies of the season is the hat made of large-figured georgette crepe or silk voile. These materials are very popular for afternoon frocks and large hats are made to match the costume. Usually the brim is of straw, in a plain contrasting or blending color, and the crown of the figured material. The upper part of the brim may have an overlay of the fabric or be of plain straw.

With Grecian Scallop.

A dainty blouse of white batiste features Grecian scalloped collar and cuffs.

SASH KEEPS ITS POPULARITY

Far From Passing, It Holds Fair to Become Even More Important Article of Dress.

We keep hearing the rumor that the vest is passe—certainly it is passing, if we judge by the signs of the times, and unless it has a revival will not be here at all by fall. The sash, however, has taken on a new lease of life and is to play an even more important part in our costume than ever before. As to fringe, it is to be more extensively used than ever—in every depth and wherever possible. The fringe banding is often seen trimming satin capes, coats of camels' hair and dresses of taffetas and satin. This banding is made by stitching the fringe on a strip of satin at top and bottom, so that it has the appearance of insertion when used as trimming. Now and then one finds a color different from the dress or cloak showing through the threads, but this is not nearly so often used as the plainer colored banding in blue or black.

IN TRICOLETTE

A Striking Combination of Black and White is Successfully Combined in This Embroidered Tricolette Costume.

IN FASHION LAND

Small strings of beads are worn on every occasion.

Deep-yoke effects will be seen in the new fur coats.

The hem of the smart frock is by no means regular.

Light frocks are scattered with gay cotton flowers.

Bold striped goods will be much used for trimmings.

Many of the new sleeves end just below the elbow.

A frock of chambray has a vest and hem of gingham.

Some separate skirts consist of four tiers of pleating.

Coat of Mail Tunics.

There are in the smart shops some interesting tunics made of a fabric resembling coat of mail—chain armor, really. These tunics are worn with skirts usually the same color but in a different fabric, one of the heavy silks. The fabric is in silver and gold, and the tunics are made with short sleeves, a plain neckline and a narrow belt to hold in the waistline a little. The tunics drop well over the hips.

Adapted to Shopper's Needs

Strong Bag That Will Hold a Variety of Purchases, to Be Constructed of Remnants.

Nowadays it is absolutely necessary to take a strong and roomy bag when doing the daily shopping, and our sketch shows a very handy type of bag for this purpose.

It can be carried out with a remnant of this stair carpet or any other strong material, and can be made in any size to suit different requirements. The diagram on the right of the illustration roughly gives the shape of the piece of material that will be required; it is folded at the point marked by the dotted line, and sewn together at the sides. The opening of the bag is bound with braid, and just below this a number of eyelets are let in, and through these eyelets a piece of strong blind-cord is threaded, by which the opening may be drawn together. Sew on in front of the bag and

Shopping Bag.

bound at the edge with tape is a small linen pocket, into which bills may be slipped.

COULD NOT SLEEP

Mr. Schlessner in Misery From Kidney Complaint. Doan's Gave Complete Relief.

"Heavy work brought on my kidney complaint," says Wm. Schlessner, 6406 Suburban Ave., Wellston, Mo. "One morning when shoeing a horse I was taken with a sudden pain in my back and fell flat on the floor. If I had been hit with a trip hammer, I couldn't have suffered more. I stayed in the house for five weeks and the pain was wearing the life out of me. At times, I couldn't get a wink of sleep because of the misery and I had to get up every few moments to pass the secretions that were highly colored, of foul odor, filled with sandy sediment and terribly scalding. My bladder felt as though it were aflame. The pain brought stupor and a real sensation in my head; the tortures of it cannot be described. If I got onto my feet, I couldn't walk but felt dizzy and all in a flutter and everything would turn black. My head ached so it seemed as though my eyes were being dragged out. I started using Doan's Kidney Pills and I was soon rid of all the trouble."

Subscribed and sworn to before me.
O. H. COGGESHALL,
Notary Public.

Already Occupied.

Harold and his mother had been on a journey and on coming home stopped at a hotel. When they had retired they found the bed full of bedbugs. They summoned the landlady and asked her for another room, whereupon she said: "Why, I didn't know there was a single bedbug here." "No," replied Harold, "they're all married and has got families."—Chicago American.

Important to Mothers

Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletchering*. In Use for Over 30 Years. Children Cry for Fletcher's Castoria

Thus Typist Prays.

While in a certain government office recently Sir Evan Jones, the British transport chairman, overheard the following dialogue between two fair typewriter tappers:

"Isn't it terrible the way we have to work these days?"

"Rather! Why, I typed so many letters yesterday that last night I finished my prayers with 'Yours truly.'"—Van-couver (B. C.) Province.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

REWARD!

I hereby offer a reward of \$25.00 for information leading to the arrest and conviction of the parties who were guilty of breaking and entering my house on the Hanover Ranch near White Oaks and stealing my goods. (Signed) SAM WELLS.

Latest Joke; Oil Spirits

The Federal Court of the State of Texas has lately put out of commission a certain oil company which had employed a "Physic Medium" to consult spirits after which he would give advice to prospective buyers in the company. Of course, the advice was always favorable to the buyer's interest, and strange to say many were victimized by this "Hoodoo" method of graft. What's next?!

When it looks like a quarrel, she laughs best who laughs first.

When little Tom shovels ashes out upon the parlor rug, its a good plan to laugh first and spank Tom afterward.

When Henry's pup chews up one of your new \$1.0 shoes, you'd better laugh. You'll get over it quicker, and tears won't bring back the shoes anyway.

As long as you have your folks to love, nothing else matters.--Laugh--Laugh.

And how the work rolls out from your hands when you're happy--twice as fast as when you're blue. And how good the bread is that's kneaded up with a laugh,--and with IMPERIAL FLOUR. We know you will.

PRICES SHOW SOME DECLINE

ATTORNEY GENERAL PALMER THINKS MARKETS SHOW DECREASE.

LIVESTOCK TAKES DROP

MEAT SHOWS MOST GENERAL REDUCTION IN CHICAGO, ACCORDING TO REPORT.

Washington, Aug. 28.—Prices are beginning to turn downward in various parts of the country, but the slump has not yet gathered momentum sufficient to affect purchases for immediate use, according to reports to the Department of Justice.

Attorney General Palmer, asked how soon results could be expected from the campaign to reduce the cost of living, said all the government wanted was a fair chance to show what could be done to take the artificial inflation out of the market.

Chicago.—A drop of \$1 a hundred pounds on the average for hogs, with lower prices for beef cattle at the stockyards was ascribed to several reasons and partly to the general protest against the high cost of living.

The public has curtailed its buying of pork and beef recently, while livestock receipts are large. The eastern market failed to act as an emergency outlet, and the packers virtually withdrew thousands of hogs and cattle without buyers, and speculators were hard hit.

With lower retail prices on meats expected to result in a day or two from the lower livestock prices, other foodstuffs, including fruits and vegetables, declined. In the commission house district apples slumped 25 cents a bushel, oranges 50 cents a box, sweet potatoes 25 cents a bushel, peaches, 25 cents; bananas, 25 cents a bunch and cantaloupes, 25 cents a crate; tomatoes, green corn and watermelons also sold lower.

Appeal Treaty to People. Washington.—The contest in the Senate over the peace treaty and the league of nations has reached such a stage that both sides have decided to appeal their case to the country. President Wilson, as announced at the White House, will begin his country-wide stumping tour for the unqualified ratification of the treaty. At the same time the President starts half a dozen senators will also take the stump to urge not merely the adoption of reservations, but the flat rejection of the entire treaty.

U. S. China Minister Resigns. Washington.—Dr. Paul Reineck, American minister to China, has resigned. His resignation is now in the hands of President Wilson, but it was denied that he had presented it "suddenly," as reported in Japanese dispatches to Honolulu.

5,000 FIGHTING FIRES

FLAMES DESTROY TIMBER IN MONTANA AND IDAHO.

Missoula, Mont.—Five thousand men, composing the fire fighting forces of the federal forest service, are waging a battle against hundreds of forest fires sweeping over Montana and northern Idaho, with no prospect of controlling the flames further than to save whatever towns may be in their path until rain intervenes. This estimate of the situation was made at forest service headquarters here, where it was said that despite the refusal of federal troops to aid in the fight against the flames, no shortage of men is feared, civilian recruits filling daily vacancies in the ranks of the fighters.

Boise, Idaho.—Three men are lost in a forest fire raging near Burgdorf, north of Lakesport. They were part of a crew of 300 which turned out to save Burgdorf. Heavy winds swept the flames through the forest and cut them off from the crew.

Southwest News From All Over New Mexico and Arizona

Western Newspaper Union News Service. COMING EVENTS. Arizona, State Fair—Nov. 2 to 4, 1918.

Army recruits are arriving at Camp Jones at Douglas and other parts of the Arizona military district faster than men are being discharged.

William Iyle of Farmington, New Mex., shot and killed his wife and then committed suicide in their room at the Southern Hotel in Durango, Colo.

After being entombed for over five hours by a cave-in in the Ozar shaft of the Copper Queen property at Bisbee, Ariz., Joe Ramona, a miner, was taken out by a rescuing party unscathed. Ramona's was the only one-man car in the rucker since where the cave-in occurred.

According to recent reports, the peach crop from four orchards in the Hondale, New Mexico, district will run over \$7,500 this year. It is said that the tomato crop in this section has been nearly all killed by the blight, but all other crops are the best known in many years.

Through the efforts of the Chamber of Commerce, Roswell, New Mex., now has one of the finest tourists' camping grounds in the state. Much hard work has made it one of the beauty spots of the town. The plumbing is all in so the campers may have running water at all times.

There is going to be plenty of pep, dash and thrills for the rough riding events at the state fair this year at Phoenix, Ariz., according to an outline of the program which Jack Barber, superintendent of cowboy sports, has submitted to the fair commission, and which has met with hearty approval.

A plan for financing the highway from Phoenix to Yuma, Arizona, considered one of the most important road projects with which the Salt River valley is concerned, has been announced by State Engineer Maddock. The proposed road would connect with the California system of paved roads and would place Phoenix exactly 286 miles from tidewater at San Diego.

The New Mexico State Normal is making preparations to again enter the field of athletics during the coming year. Since the spring of 1916, when all of the school's athletes entered military service as members of Company H, New Mexico National Guard, and were sent to the border, little has been done to maintain regular schedules in any branch of athletic work.

No trace of the assassin of Harry Creme, a Jew sporting man who was shot at Phoenix, Ariz., has been found by the police, and they are apparently at a total loss for methods or means of tracing him. Creme was the proprietor of what is alleged to be a gambling club, and was shot and instantly killed when leaving about 3 a. m., the murderer making good his escape. Twenty-two Greek suspects rounded up were released after examination.

San Juan county, New Mexico, school districts have invested \$10,000 in eight motor busses to be used in transporting children to and from their homes to school. This was made necessary through the consolidation of many of the smaller districts so they could have better instructors and longer terms of school. The question of the students being able to travel the long distances thus made was solved by the purchase of the trucks, which are of the latest and most approved patterns for school use. The trucks will be delivered in time to use when the fall terms of school open.

With the receipt of a check from the treasurer of Gila county amounting to \$582,000, representing taxes, the state of Arizona is on "easy street," comparatively speaking, and a large number of registered warrants which have been drawing interests will be liquidated. The bulk of the Gila county money represents taxes of the Inspiration Copper company and the International Smelter Company held by the county treasurer pending the outcome of the tax suits brought by the tax commission.

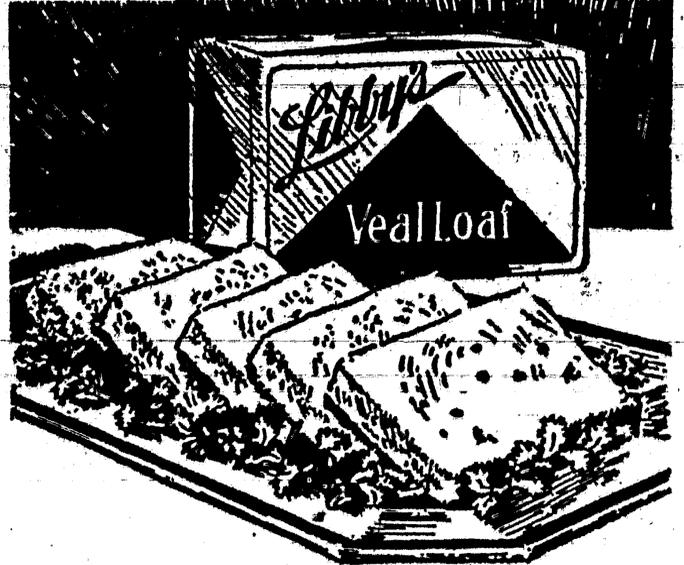

Chief Deputy Sheriff Ray Grayson of Las Cruces, New Mex., while on a trip to El Paso a short time ago secured the handsome gold mounted revolver which was once owned by Francisco Villa. The weapon was first nickle plated and over this was a plating of gold. It was equipped with beautiful pearl handles and engraved on the butt of the pistol was the name Francisco Villa. The gun was taken from a house in Juarez which was once the headquarters of Villa when he was in possession of the border several years ago, and is said to be the identical gun with which Villa killed Thomas Benton six years ago.

Calling the Turn. "In our army," said War Correspondent George Patullo, "it doesn't pay to pull the long bow. "I once heard a captain scold a doughboy for pottering too long over his meals. "Why, when I was on the west coast," said the captain, "I had to hunt my breakfast in the jungle. Out I'd start every morning, and I'd penetrate several miles into the wilderness, shoot my food, skin it, cook it, eat it, and be back in camp again inside of half an hour." "He paused impressively, then he added: "Of course you've heard of the west coast?" "Oh, yes, sir," said the doughboy. "Baron Munchausen came from there, didn't he?"

Concrete Piling Best. An English inventor's interlocking concrete piling, is said to be stronger than sheet piling made of wood.

BITRO PHOSPHATE FAMOUS FRENCH DISCOVERY replaces nerve waste, increases strength, energy, endurance and vigor, builds firm healthy flesh. BEST THING KNOWN FOR THIN NERVOUS PEOPLE

Clear Your Skin While You Sleep with Cuticura. All dermatitis, itchy skin, eczema, etc. Sample each free of "Cuticura," Dept. K, Boston. W. N. U., DENVER, NO. 35-1919.

Choice bits of veal, creamery butter and fresh eggs combine with other tempting ingredients to give Libby's Veal Loaf its delicate, appetizing flavor. Order a package from your grocer today. Libby, McNeill & Libby, Chicago

Revenge of a Reporter. Doctor Gore, the retired bishop of Oxford, has been one of the numerous British victims of the American reporter. During a visit to the American Episcopal church some years ago, he was besieged in a "city" of the wild West by a horde of copy-hunting pressmen, who demanded his views of various topical subjects, but he declined to be drawn. The next morning a purely fictitious interview appeared in a local paper giving at great length startling opinions he was alleged to hold on various topics, including some highly spiced personal criticisms on local politicians opposed to the paper. This work of imagination was illustrated by an enormous pair of boots labeled to belong to the bishop. Beneath the boots was a libelous query: "Are these feet or yards?"—London Chronicle.

HAD THE SPIRIT OF GERMANY

Old Man Green Might Have Been a Model for Some of the Hun Statesmen. A senator was discussing one of the German counter-propositions. "The spirit of the thing," he said, "reminds me of old man Green. "Old man Green's house was overrun with rats, and he hired a rat-catcher for \$2 to clean the roden out. "The rat-catcher worked like a Trojan. He killed a whole packing case of rats. Then he said to the old man: "There you are, Mr. Green. My job is done. You'll have no more trouble with rats, and you needn't bother about these here dead ones, neither. I'll cart 'em away myself." "How much do I owe you, friend?" said old man Green. "Two simoleons, like what was agreed on, boss." "Then the old man pointed at the huge packing case and said in a protesting voice: "Don't I get nothing for all them rats?"

A gentleman is a man who wouldn't argue one second with any other woman but his wife. All the world loves a winner—with the exception of the loser. The ability to say "no" is the real secret of success. Getting up a concert is a sound undertaking.

Wonderful Persian Shawl. Mrs. Bernard E. Grace, a collector of St. Louis, submitted a rare Persian shawl at the New York Metropolitan museum. The owner had traced its history back 168 years. The shawl is eleven feet by four feet, worked in long flowing designs of the palm leaf and the River of Life with the stories of the mosques. The predominating colors are mellowed garnets and brown, with alternating sheens of steel gray and rusty brown. A Washington expert to whom the shawl was shown said its make-up probably represented the lifetime of the weavers. A secret is something that a woman does not know.

GRAPE-NUTS Is a notorious knocker of ill-health! TRY IT! It contains the vital mineral elements and all the nutriment of wheat and barley!

WORLD PROGRAM

PLAN TO RAISE \$75,000,000 FOR GENERAL PURPOSES WITHIN NEXT FIVE YEARS.

WHOLE SOUTH TO CO-OPERATE

Each State is Given Definite Task To Perform In Raising Huge Sum For Denomination's New Budget—Drive Is On.

Recognizing the need of the world for more religion and christian service along general lines, the Baptists of the South have resolved to contribute \$75,000,000 to a program of reconstruction following the war, and have laid plans to subscribe this sum during the week of November 30-December 7, a period of five years to be given in which to complete the payment of these subscriptions.

The decision to inaugurate this world program was reached at the meeting of the Southern Baptist Convention in Atlanta last May, when the more than 4,000 delegates present voted unanimously to undertake the

Dr. L. R. Scarborough of Fort Worth, Tex., General Director of Campaign.

The campaign has now been organized with the general headquarters in Nashville, Tenn., where Dr. L. R. Scarborough, president of the Southwestern Baptist Theological Seminary at Fort Worth, is in charge as general director for the South. He is assisted by a number of men in charge of special divisions of the work, while each of the eighteen states in the territory of the Southern Baptist Convention has in turn perfected a state organization, including a State Director, a State Organizer and State Publicity Director. Each association, or district, within each of the states has likewise gotten busy by naming its associational or district directors, and the work of organization has been carried into the local churches to the extent that practically all of the more than 25,000 local Baptist congregations in the South have their workers named to help put over the biggest church drive that has ever been attempted in this section of the country. There are 3,000,000 white Baptists holding church membership in the South, and it is hoped to reach every man, woman and child among them with the message of this campaign and give each of them a part in the plan of saving the world by giving to the extent of their ability to this vast conservation fund.

Christian education, home and foreign missions, state missions, ministerial relief, orphanages and hospitals, are among the various general interests of the denomination that will be cared for in this campaign, the matter of local church expenses, and local church equipment not being included.

Between now and November 28th every effort will be put forth in organizing and mobilizing the Baptist forces in the South, preparatory to the launching of the big drive for the subscriptions and cash payments. July was known as preparation month, August was designated as information month, during which time every effort has been put forth in informing the people on every phase of the campaign, while September has been designated as intercession month, October as enlistment month, November as stewardship month, and the period from November 30 to December 7 as victory week.

"We have undertaken a big task," Dr. Scarborough, the General Director, says, "but we have undertaken it in God's name and for His glory, and by trusting in God and doing our whole duty, we will succeed. There is work here for all, and glory enough for all if we win, but we cannot succeed except we labor diligently and pray earnestly."

SPECIAL ELECTION

Constitutional Amendments Pursuant to H. B. No. 405, being Chapter 138, laws 1919—The following amendments to the Constitution of the State of New Mexico will be submitted to the qualified voters at the Special Election to be held September 16, 1919.

MANUEL MARTINEZ, Secretary of State.

SENATE COMMITTEE SUBSTITUTE FOR SENATE JOINT RESOLUTION NO. 5.

A Joint Resolution Providing For An Amendment To The Constitution Of The State Of New Mexico By Adding Thereto Another Section To Article VII, The Same To Be Numbered Section 6.

Be It Resolved By The Legislature Of The State Of New Mexico:

Section 1. That the following amendment to the Constitution of the State, as an additional section of Article VII, be, and it hereby is, proposed, to be submitted to the electors of the State, at an election to be held on the Tuesday next after the first Monday in November, 1920.

Section 2. Citizens of the State, absent from their places of legal residence, in the military or naval service of the United States or of this State, and being otherwise qualified electors, may be allowed to vote at any election for all state officers, presidential electors, representatives in Congress and United States Senators, and upon constitutional amendments, under such regulations and limitations as may be prescribed by law.

SENATE JOINT RESOLUTION NO. 8.

A Senate Joint Resolution Proposing The Amendment of Section 3 of Article XIV, And Section 13 of Article XII of the Constitution of the State of New Mexico Relative to Educational and Public Institutions.

Be It Resolved By The Legislature Of The State Of New Mexico:

Section 1. That Section 3 of Article XIV of the Constitution of the State of New Mexico be amended so that said section shall read as follows: "Section 3. There is hereby created a Board of Control consisting of four (4) members to be appointed by the Governor, each for a term of two years and at a salary of \$3,000.00 per annum, and not more than two of whom shall belong to the same political party at the time of their appointment. Such Board of Control shall have the management and control of all state educational institutions enumerated in Section 11 of Article XII of the Constitution and of all state institutions enumerated in Section 1 of Article XIV of this Constitution and of all State, educational, charitable, penal or reformatory institutions, (other than the public schools) heretofore or hereafter established. This provision shall become effective on and after the 1st day of January, 1921. The Legislature shall prescribe the powers and duties of such Board of Control and until such provision is made such Board of Control shall have, with respect to each of said institutions, the powers and duties now vested in the Boards of Regents or Boards of said institutions."

Section 2. That Section 13 of Article XII of the Constitution of the State of New Mexico be amended so that said section shall read as follows:

"Section 13. On and after the 1st day of January, 1921, the said State Educational Institutions shall be controlled and managed by the Board of Control created by Section 3 of Article XIV of this Constitution."

COMMITTEE SUBSTITUTE FOR HOUSE JOINT RESOLUTION NO. 30.

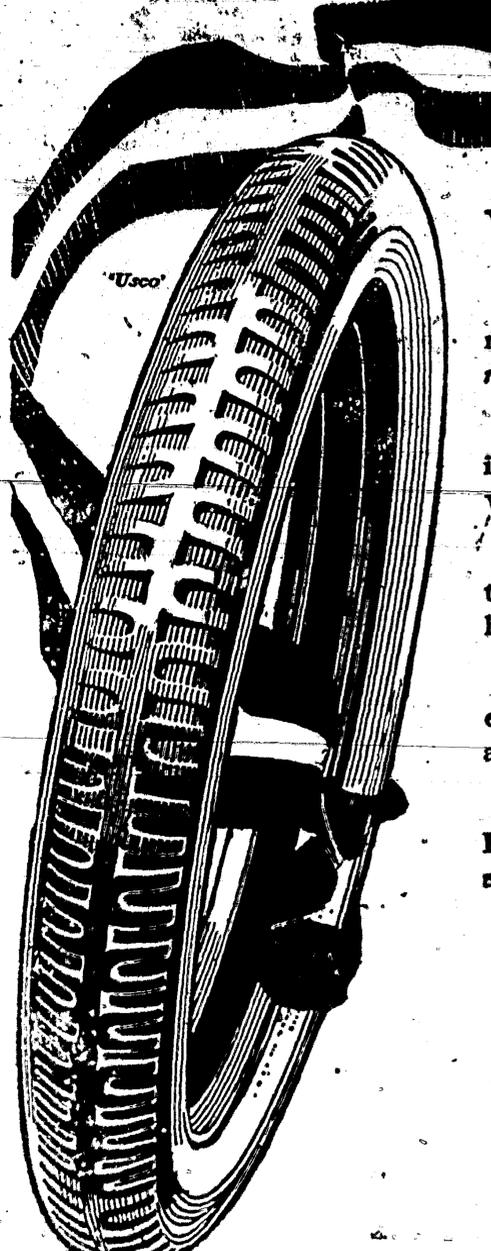

Proposing the Amendment of Section 8, of Article IX of the Constitution of the State of New Mexico, Entitled "State, County and Municipal Indebtedness."

Be It Enacted By the Legislature Of The State Of New Mexico:

Section 1. That it is hereby proposed to amend Section 8 of Article IX of the State Constitution so as to read as follows:

Sec. 8. No debt other than those specified in the preceding section shall be contracted by or on behalf of this state, unless authorized by law for some specified work or object; which law will provide for an annual tax levy sufficient to pay the interest and to

United States Tires are Good Tires

Your Money's Worth

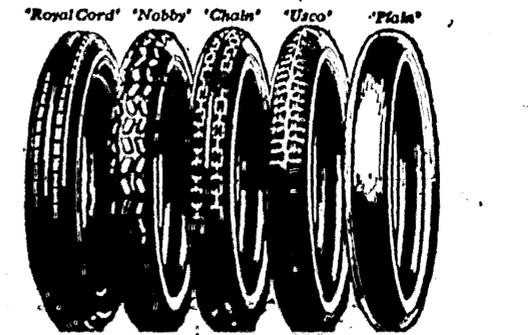

You want tires that give you the most for your money,—measured in mileage.

How are you to know? Since we are in the business,—and you know us—why not take our word for it?

We say to you—there are no better tires built than United States Tires. They have proved good by performance.

They are tough, hardy, economical, efficient. They stand up, and wear, and live, and satisfy.

There are five of these good tires. Let us show you the one that will exactly "fill the bill" for you.

We know United States Tires are good tires. That's why we sell them. Western Garage, City Garage, Carrizozo. Kirk & Gilmore, Tularosa. C. F. Gray, Oscuro. The Titsworth Co., Capitan. P. W. Hickson, Clouderoft. Wm. A. Bailey, Lincoln. Camp City Mercantile Co., Valmont. Atkinson-Simpson Co., Corona. M. C. Porter, Corona. Glencoe Trading Co., Glencoe. C. D. Mayer, White Oaks.

provide a sinking fund to pay the principal of such debt within fifty years from the time of the contracting thereof. No such law shall take effect until it shall have been submitted to the qualified electors of the state and have received a majority of all the votes cast thereon at a general election; such law shall be published in full in at least one newspaper in each county of the state, if one be published therein, once each week for four successive weeks next preceding such election. No debt shall be so created if the total indebtedness of the state, exclusive of the debts of the territory, and the several counties thereof, assumed by the state, would thereby be made to exceed one per centum of the assessed valuation of all the property subject to taxation in the state as shown by the preceding general assessment. The legislature may, however, in order to provide funds for construction and maintenance of public highways and bridges enact laws authorizing the issue of bonds, debentures or certificates of indebtedness, payable at such times as the legislature shall determine out of tax levies, receipt from motor vehicle licenses, or other licenses or revenues, without submitting such law to the qualified electors of the State, and not withstanding that the indebtedness so created may temporarily increase the total indebtedness of the State to an amount exceeding the foregoing limitation. Provided, that bonds issued for such purposes payable from ad valorem taxes levied upon tangible property shall not at any time exceed the sum of two million dollars (\$2,000,000) except to meet allotments of Federal Funds made to the State to aid in construction and improvement of roads.

American Yarn Have a Time.

During the celebration of victory in Genoa a characteristic episode occurred in front of the Garibaldi monument. A group of English sailors, surrounded by an immense crowd, held a mock trial about the effigy of Emperor Charles of Austria. They condemned him to death and hanged the effigy on a pole, afterward applying the torch. The pole and the effigy were consumed.

Worth-While Home Planning.

A notable example of home-planned utilities is found upon a farm in northern Utah. By personal planning and hard work the owner of this farm gradually has equipped his house with a pressure water system, a laundry containing a power washing machine, wringer, mangle, and drying machine, a heating plant, electric lights, range, electric heaters for emergency use in chambers, and a vacuum cleaning system.

Willing.

Paul Ryan's name is Irish, and so is Paul. As office boy in the editorial rooms of the Indianapolis News, Paul makes frequent trips to theater box offices to pay the war tax and reserve theater seats. The other day as Paul returned and was about to hand over the change, Mr. L. asked: "Well, Paul, did you keep out a nickel?" Quickly came the reply, "Not yet."

Easily Explained.

Wife—I used to like the smell of cigar smoke before we were married, but I don't now.
Hub—Well, you see, my dear, I could afford to buy quite a different brand before we were married.—Boston Transcript.

Try It.

First Mother—How do you get Harold to wash his wrists?
Second Mother—Oh, I bought him a wrist watch and he can't afford to look to see what time it is and then show his dirty wrists.

An Inspiration Recognized.

"What is your opinion of government ownership?"
"His possibilities are brilliant," replied Senator Sorghum; "I think that in the near future it is going to prove one of our most brilliant topics of conversation."

Done on Purpose.

"That man always manages to say the wrong thing."
"I have noticed it," replied Miss Cayenne. "He seems to realize that it is the only way for him to be suspected of having an original thought."

Venom.

Edith—Are you going to return Jack's ring?
Marie (who has just broken her engagement) — I haven't decided, I suppose he'll propose to you now, and I thought I'd just hand it over to you to save bother.

Snappy.

She—I haven't been able to get a copy of your book.
He—Perhaps you didn't try the right place.
She—I went to a book store. Where should I have tried, at a junk shop?

People May Amend

Washington, Sept. 4.—Senator Brandegee has reported from the Committee on the Judiciary the resolution introduced by him a short time ago proposing an amendment to the Constitution relating to the manner in which future amendments to that instrument shall be made. As the Constitution now reads amended to become effective when ratified by the legislatures or conventions in three-fourths of the States. Senator Brandegee's resolution would permit Congress to stipulate that Constitutional amendments may be ratified by the electors in the States, or by either of the other two methods now provided. The Senator would also limit the period in which ratification could take place to six years from the date of the proposal of the amendment by Congress.

Fourteen Thousand Fish In Three Streams

The Southwestern Fish & Game Association this week installed fourteen thousand fish in the mountain streams of Eagle Creek, the Ruidoso and Bonito. Four thousand of these were installed in the north fork of Eagle Creek where the "Sportsmen's Paradise" is now situated. This will afford some fine fishing for those interested in that particular line of sport for the next season. The work of erecting the Lodge for accommodation of the members is progressing nicely and will soon be finished. As the hunting season draws near great interest is being manifested in club matters; good shooting being expected on the grounds of the Association.

Report of Committee on Resolutions

Alamogordo, N. M., Aug. 29.—The Tri-County Institute of Otero, Dona Ana and Lincoln Counties is drawing to a close. Your committee, in honest endeavor to learn the sentiments of the members of this Institute, find so great agreement on all points considered that we offer the following resolutions:

1. That we express our appreciation of the splendid work done by our instructors, and our gratitude to all others who have helped toward making the sessions both pleasant and profitable.
2. That we appreciate the privilege of holding our meetings in the beautiful new buildings of the Otero County High School.
3. That we express our thanks to the citizens of Alamogordo for the many courtesies extended.
4. That we extend our con-

gratulations to the county superintendents of Lincoln, Don Ana and Otero Counties for the splendid management shown and their spirit of self-sacrificing devotion to the cause for which we stand.

5. We go on record as unalterably opposed to the proposed amendment providing for placing the educational and penal institutions of the state under one board of control.

6. That the sentiment of this institute is that all influence possible be brought to bear to have formed a separate department of education with representation in the President's Cabinet, as provided in the Smith-Turner bill.

7. That we go on record as favoring medical inspection of schools, under the supervision of the State Board of Health, and that we urge all teachers to use their influence toward this end.

8. That recognizing the broadening influence of a wider outlook, we recommend that every

member of this Tri-County Institute become affiliated with his State and National organizations.

9. That it is the sense of the members of this organization that since the Institute of 1919 has been so eminently successful, the Tri-County Institute should become a permanent institution.

10. That we go on record as favoring the lengthening of the tenure of office of both State and County Superintendents and that these same should be persons of education sufficient to hold a first grade certificate or its equivalent.

E. E. COLE, Chairman.
MRS. A. E. THOMAS.
MRS. R. H. GREEG.

YOUR FLAG AND MY FLAG

One Hundred Per Cent Americanism

The foregoing to the constitution and by-laws of the American Legion teams with manly, patriotic words which assure us safety, protection and bid us look in the direction of its aims and objects with the greatest of confidence and implicit trust. The motto of this great organization is:

"Forever fast that standard sheet! Where breathe the foe but falls before us; With Freedom's coil beneath our feet, And Freedom's banner streaming o'er us."

What could be more fitting and appropriate as a forerunner to a constitution than the above motto? What but the never dying zeal born of trustworthiness and patriotism could prompt such sentiment as that contained in the above quotation? Then remembering that Freedom is born of God, the preamble and Declaration continues:

"To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a 100% Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to our community; to safeguard and transmit to posterity, the principles of justice, freedom and democracy; to combat the autocracy of both classes and masses; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

Here the preamble and declaration ends, and well it may, for these few words touched with a coal from off the altar of patriotism speak more and will last longer than all oratorical efforts attended by music from harps of gold could ever produce. These are not words spoken with haste and greed, blinded by self-interest and overlooking the interest of others in a mad rush for self-gratification, but as our defenders in the late war, risking their lives for the principles that have preserved our freedom, they now roll back

Waiting until it thunders before starting to save for a rainy day, gets many good people into deep water.

CERTAINLY we pay 4 per cent interest. Our Time Account plan for accumulation of your surplus funds is a very handy method of keeping part of what you earn busy earning for you.

You will find it greatly to your advantage to investigate this form of interest bearing account.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one blessed disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NEWS TO DATE IN PARAGRAPHS

CAUGHT FROM THE NETWORK OF WIRES ROUND ABOUT THE WORLD.

DURING THE PAST WEEK

RECORD OF IMPORTANT EVENTS CONDENSED FOR BUSY PEOPLE.

Western Newspaper Union News Service.

WESTERN

The Methodist church bell is to be sold at Hogue, Wash., Pastor Switzer says the progressive church of today doesn't need a bell, but that newspaper advertising is better.

Having looted too long, and needing gambling money, Gorham Owl, Indian, set fire to a forest so he could be a fire fighter on government pay, he confessed at Sacramento, Calif.

John Carter, a farmer, recently brought a large number of big cabbages to the market at Holdenville, Okla., the largest of the bunch weighing eighteen pounds, trimmed. Several others were almost as large.

Exports from Alaska for the month of July, according to report of the customs office, were valued at \$2,330,926. Leading items among the outside shipments included: Seventy-five ounces of palladium, \$9,000; copper, \$382,759; salmon, \$622,794.

A balloon race between the army and navy for the military championship of the United States will start from St. Louis September 24th under the auspices of the Missouri Aeronautical Society, it has been announced. Each side will be allowed to enter three balloons.

After wounding and overpowering two armed deputy sheriffs during a fight in which he too was shot, O. W. Langley, a farmer of Cortland, Neb., staggered into a general store at that place and shot Justice of the Peace Chris Pfeiffer through the heart. Langley was saved from lynching only through pleadings of conservative citizens.

Following the arrival of seventy-five Japanese "picture brides" on the steamer Tenyo Maru at San Francisco it was announced by the immigration authorities that over 4,400 of these brides have been admitted at Pacific coast points within the past year. Indicative of their prosperity, many of the Japanese bridegrooms met their "picture brides" with automobiles.

WASHINGTON

Ten thousand American troops are held in France to guard 40,000 Germans taken prisoner by the Americans who cannot be returned to Germany until the peace treaty has been ratified by three powers. It is estimated that it is costing the United States roughly \$1,000,000 monthly to care for these prisoners.

Only two men of the thousands of the American Expeditionary Forces who went into battle against the Germans remain unaccounted for, according to a casualty list issued by the War Department. The previous list showed more than 100 missing in action. Total casualties now are placed at 291,732, with 77,422 deaths from all causes.

President Wilson offered railway shopmen an increase of 4 cents an hour, retroactive to May 1st. The shopmen are asking a raise of 17 cents an hour, retroactive from January 1st. Certain classes of shopmen, car inspectors, repairmen, who have been receiving 65 cents and 58 cents, respectively, would be paid 67 cents an hour under the proposed scale. The President told the committee of 100 representing shop crafts that any greater increase now would greatly increase the cost of living and therefore was inadvisable.

"People ought to be satisfied with present food prices; there isn't any profiteering in the retail meat and grocery business, and consumers want to pay high prices," Thomas Duna, a St. Louis meat dealer, told the Senate agriculture committee at the hearing on legislation to control the packing industry.

Steel helmets having been officially adopted as part of the army's war equipment, steps will be taken to insure a reserve supply of the new type designed in the A. E. F. British helmets now will be disposed of, except for about 600,000, which will be kept until production of the new model in quantities is assured.

Honorable discharges will be granted to all men who served in the navy during the war with Germany with good records and who have since been released with "ordinary" discharges. It has been announced by the Navy Department. After the armistice all enlisted men discharged before the expiration of the full four year term of enlistment, were given ordinary discharges instead of the honorable discharges.

FOREIGN

Yavruva is in eruption, two new craters on Mont Somma issuing forth much lava, is a late report.

Announcement is made in Rome of the inauguration of passenger airplane service between that city and Naples.

The Belgian Senate has unanimously approved the peace treaty with Germany. The Chamber of Deputies ratified the treaty August 8th.

Mrs. Mary Lyman Burns, sister of the late J. Pierpont Morgan, who died at her London home recently, left an estate valued at more than \$5,000,000.

A Tokio cable says an epidemic of cholera is threatening Tokio. Several cases have been reported. The infection, the cable said, was brought to Tokio from Shanghai.

A new Zeppelin airship, on its maiden trip from Friedrichshafen to Berlin, covered the 435 miles in a little more than six hours. The aircraft attained a maximum speed of 120 kilometers (a little more than seventy-four and a half miles) an hour.

Crown Prince Charles of Rumania has written a letter to his father, King Ferdinand, renouncing for himself and his heirs his rights and privileges as heir apparent to the Rumanian throne, according to a dispatch.

The Bolshevik battleship Andrea Pervosvan, the battle cruiser Petropavlovsk, a transport and a guardship are reported to have been sunk during an engagement with the British fleet in the Gulf of Finland. The British are said to have lost three motor boats and to have had eight officers and three men killed.

GENERAL

Joseph G. Wilhoit, Wichita Western League outfielder, ended his batting streak in which he set a new world's record by hitting safely in sixty-nine consecutive games.

Two bank messengers of the Fidelity Trust Company were held up and robbed of \$12,000 by four masked bandits in Boston. The robbers made their escape in an automobile.

Willis E. Davis of San Francisco, defeated Norman E. Brookes, Australian tennis star, 7-9, 6-1, 14-12, in the semi-final round of the Meadow Club's cup men's singles at Southampton, N. Y.

The first cargo to reach New York from Hamburg, Germany, since the entry of the United States into the world war arrived on the steamship Kereean, which brought 181 packages of glassware.

Lucy Murillo, 17 years old, of New York City, was arrested on a charge of homicide. She is accused of causing the death of her one-day-old baby by letting it fall six stories from the window of a factory.

United States deputy marshals and agents of the Department of Justice at Chicago, raided downtown saloons and cafes and arrested a score of owners and employes, charging them with violation of the war-time prohibition act by selling beer and whisky since July 1st. All those arrested were released on bond.

The Irish republic mission has announced the opening of headquarters in New York to carry on the work of floating the \$10,000,000 Irish republic bond issue to be undertaken by the American commission on Irish independence under the chairmanship of Frank P. Walsh.

Walter Elliott, a negro, who is alleged to have assaulted a farmer's wife, was shot to death by a mob which later carried the body to the scene of the crime and swung it to a tree in a country churchyard. The mob took the negro from Sheriff Kearney, two miles from Louisburg, N. C., while on his way to the jail.

Seven of the Mexican bandits who robbed sailors from the United States cruiser Cheyenne off Tampico last month have been apprehended and put to death by the Carranza authorities, according to an official report from General Pueblo Gonzales to Mexican Consul Meade Fierro at Galveston. The report states the bandits had property of the sailors in their possession.

Wearing the French war cross with two palms, Marie Goudier, a 21-year-old Belgian girl, who was once condemned by the Germans to be shot as a spy, arrived in New York from France on the steamship La Lorraine to become an American citizen through adoption.

The Third Division of the American army, one of the last divisions to leave French soil, has subscribed \$31,000 for two monuments to be erected on the flanks of the approach to the Marne bridge which its Seventh Machine Gun Battalion dynamited in defending the crossing against the great German offensive in the spring of 1918, it was announced by Maj. Gen. Robert L. Howe, division commander.

A reward of \$1,000 for the apprehension of Paul J. B. Haverly, grand keeper of records and seal of the Knights of Pythias Grand Lodge of Illinois, missing since Aug. 6, was announced by Smith L. Von Fossen of Beardstown, Ill.; grand chancellor of the lodge, who stated that a shortage of more than \$40,000 had been found in the lodge funds. Issuance of a warrant for arrest was authorized by a legal advisory committee appointed by the chancellor.

QUEER OLD "MAGIC MIRROR"

One in British Museum Known to Have Been Used by Aztecs and Ancient Mexicans.

Crystal gazing and the use of magic mirrors played an important part in religion and wizardry in the past, and though almost every nation had its own method these did not vary as much as it would be supposed.

Thus while Japan had in her inner temples mirrors which only the priest saw, and which were always to reflect the good and the beautiful for the gods, the ancient Mexicans taught that their god Texcatlipuca had a magic mirror in which he saw everything that happened each day in the world.

A real obsidian mirror with its strange textile string still attached is in the British museum now and was used by the Aztecs and ancient Mexicans for various purposes and very probably for crystal gazing. It is much the same as the other crystals used by so-called "wizards," so far as its shape is concerned. Even in recent years crystal gazing has been practiced, and it is said by those who have tried it that the mirror or crystal seems to disappear into a mist after it has been stared at in complete silence for a great length of time, and then—if ever—the visions appear.

As an Alternative.

She was not very young, but she had money.

"Dearest," he began, but she stopped him.

"I anticipate what you are about to say, Mr. Sampson," she said, "and I would spare your feelings, for it can never, never be. I esteem you highly and will be a sister to—"

"I have four sisters already," he replied bitterly, "four grown sisters and life is a hideous burden. But, oh, Clara," he went on passionately, "if you cannot be my wife, will you not give me a home and a mother's protective love? I am an orphan."—Pearson's Weekly.

Giant Apricot Tree.

On the Muir fruit ranch, between Van Nuys and Lankershim, is the largest apricot tree in the world, in the opinion of J. W. Grimes, a well-known figure in the fruit industry, who inspected the arboreal giant last week, the Los Angeles Times said recently. It is thirty-five years old.

The tree, measured by Mr. Grimes and G. A. Huffaker, was found to be fifty-four and a half inches in circumference at a point two and a half feet from the ground. It is twenty-five feet high. Mr. Grimes is said to have visited almost every fruit-growing region in California and has made a special study of apricots.

Coolly Knowledge.

Caller—"It's a good thing to teach your boy the value of money, as you are doing."

Hostess—"Well, I don't know. He used to behave for ten cents, but now he demands a quarter."—Boston Evening Transcript.

So That's Why Stream Is Warm. Headline—"Devil fishing in the Gulf stream." Hope they catch the old boy.—Boston Transcript.

Our idea of a pleasing conversation-alist is one who possesses the faculty of making a long story short.

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about."

Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles. I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound."—Mrs. O. S. JOHNSON, R. No. 3, Ellensburg, Wash.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

Everybody Knew It.

"He is a very facetious young man who has paid court to a Hooster school teacher for several years. Now he has formed the habit of often coming after her in his machine, and while he waits for her he amuses himself by teasing the boys. Recently one of the boys reminded him of a promise he had made to take them riding. 'Aren't you ever going to do it?' demanded the boy. 'Oh, of course—some day,' laughed the man. 'Didn't you fellows know that I was a regular shark at putting off things?' The boy was provoked. 'Yes, we know it—and so does Miss W.—' He gave the other boys a significant look. 'If you weren't that, we'd have a new teacher some day.'—Indiana; Jills News.

Cure for Shell Shock.

Cases of shell shock and army nerves are being treated by an officer of the British medical corps through study of the patient's dreams. The afflicted man is persuaded to relate the features of any nightmares or other dreams, concentrating particularly upon the emotional recollections. The observant physician is able to identify, by the expression of the subject and sometimes by symptoms of terror, the exact nature of the disturbing vision, and thereby to adopt means to combat its influence.—Popular Mechanics Magazine.

The Reason for "She."

She—"I never could see why they call a boat 'she.'" He—"Evidently you never tried to steer one."

Cholly's Type.

"I can read Cholly like a book." "You're foolish to strain your eyes over a small type."—Cleveland Press.

BELCHING Caused by Acid-Stomach

Let NATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-remaining, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach ailments. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used NATONIC, I could not eat a bite without 'aching' it right up, sour and bitter. I have not had a bit of trouble since the first 'tablet'."

Millions are victims of Acid-Stomach without knowing it. They are weak and ill, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Chirrosis of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.

A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good—just temporary relief—until I used NATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—look every day and eat wisely and do not forget to locate the trouble—try NATONIC and see how much better you will feel in every way.

At all drug stores—a big box for life and your money back if you are not satisfied.

Useful Portable Saw.

The portable circular saw, attachable to any lamp socket and capable of doing much of the hand saw's work, is not the least of recent labor-saving devices. Such a tool, self-contained, weighs only 12 pounds, has three and one-quarter inch-blades, and consists of a sliding cylindrical base carrying the blade and a one-quarter horsepower motor having a speed of 12,000 revolutions per minute. Special gauges insure accurate cross-cut or rip-saw work. The tool is guided by an ordinary saw handle, a push button controls the operation, and a suitable guard gives it safety.

Willing Enough.

"Subbubs, why don't you make a garden?" "I'm willing, if you'll tell me what I can grow with a tin can substratum and ashes for a top soil."—Louisville Courier—Journal.

Their Class.

"Harry bought his bride a beautiful set of moonstones on their wedding trip." "Then I should call them honey-moonstones."

No, Hazel, a man isn't necessarily a thief because he takes a picture; he may be a photographer.

One seldom realizes that he is wrong until he is found out.

Kelly's Window

If any one should doubt that
the hunting season is near at
hand, just take a peep at the
gun and ammunition display at
Kelley & Son's Hardware Store,
where a fine lot of guns, princip-
ally those of the Remington type
decorate the show window.
Take a peep. It will arouse the
sporting blood in you!

Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything
you ever experienced! You never tasted such full-
bodied mellow-mildness; such refreshing, appetizing
flavor and coolness. The more Camels you smoke the
greater becomes your delight-Camels are such a ciga-
rette revelation!

Everything about Camels you find so fascinating is due to
their quality-to the expert blend of choice Turkish and
choice Domestic tobaccos.

You'll say Camels are in a class by themselves-they seem
made to meet your own personal taste in so many ways!

Freedom from any unpleasant cigarette after-taste or un-
pleasant cigarette odor makes Camels particularly desirable
to the most fastidious smokers. And, you smoke Camels as
liberally as meets your own wishes, for they never tire your
taste!

You are always keen for the
cigarette satisfaction that makes
Camels so attractive. Smokers real-
ize that the value is in the cigarettes
and do not expect premiums or cou-
pons!

Compare Camels with any ciga-
rette in the world at any price!

Camels are sold everywhere in scientifi-
cally sealed packages of 20 cigarettes or ten pack-
ages (200 cigarettes) in a flexible paper-
covered carton. We strongly recommend
this carton for the home or office supply
or when you travel.

Old Carrizozoan

Dies at Douglas

At the home of Ed. L. Queen at Douglas, Arizona, last Friday occurred the death of John Lee, who was for years a resident of Carrizozo and White Oaks.

Many old settlers will remember Mr. Lee, as his friends were many in this locality. He is survived by five children; Mrs. R. E. Lemon, Carrizozo; Mrs. E. L. Queen, Douglas, Arizona; James and Edward Lee, Douglas, Ariz., and George of Weiser, Idaho.

In From Glencoe

Senator J. V. Tully and Lon E. Hunter were in from Glencoe Monday and Tuesday. The Senator in speaking of Glencoe on the Ruidoso, was free in saying the fruit and small grain crop was never better than at the present time; the threshing of grain being already started. Mr. Hunter, who has been in charge of the maintenance work on the State Highway has been kept busy in keeping communication open while the work is progressing.

Prof. Koonce Locates

This office is in receipt of a letter from Prof. J. E. Koonce, who will be so well remembered as former County school Supt. of schools in this county. The Prof. was at the historic town of Taos, N. M., at the time of writing but will be one of the teachers in the Spanish-American Normal at El Rito. The Prof. has the best wishes of his many friends in Lincoln County.

Returned From the Coast

Being released from the tie-up on the coast on account of the recent strike, Mr. and Mrs. F.F. Mudge and Miss Alma Roberts have returned from their vacation trip in the "Golden State." They report a splendid trip, but are glad to be home.

Returned With Grandma

Mrs. J. E. Farley left last week for El Paso, where, after visiting with her daughter, Mrs. I. D. Baker, she returned Monday in company with her niece, little Miss Francis Charles, who will visit her grandparents for several weeks.

Miss Harris Improves

We are glad to be able to say at this writing that Miss Vera Harris has improved to the extent that she has been pronounced out of danger.

From the Wilson Ranch

Mrs. Jno. Wilson and daughters returned this week from their ranch near Ancho. They will remain in Carrizozo during the winter season.

Returned From the Hills

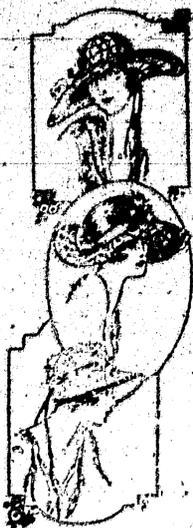

Mrs. W. W. Stadtman and children have returned from the mountain regions on the Ruidoso much benefited by their outing.

Attending at Tularosa

Miss Geraldine Tully and brother Gerald have enrolled in the Tularosa schools for the fall term.

Visitors From Lincoln

Dr. J. R. Neal and family of Lincoln were Carrizozo visitors this week.
