EDUCATIONAL NOTES  
FROM THE SCHOOLSLive Wire Superintendent of  
City Schools Writes Items  
of Interest Concerning Our  
Educational Institution.

(By Supt. E. E. Cole)

The manual training department, under the supervision of Mr. Cazier, is doing fine work and enjoying it. Ten high school boys, working at ten different benches, earnestly and without conversation, make a very pretty sight. They are now making a large work bench; also a laboratory table for the class in physics.

The Carrizozo high school is now offering a strong course in the commercial branches, under the able direction of Miss Sullivant. There are two classes in typewriting one for the boys and one for the girls. The school has seven typewriters and the pupils are making rapid progress. There are also classes in book-keeping and commercial arithmetic.

We wish to call the attention of parents and guardians to the fact that the compulsory school age in New Mexico is now from six to sixteen. The upper age was changed from fourteen to sixteen at the last session of the legislature. A failure of parents or guardians to comply with this law by sending the children to school renders the offender liable to a fine of twenty-five dollars. Nearly all the boys and girls of Carrizozo, however, see the advantage of an education and are voluntarily in school.

The high school program has been so arranged that there are no recitations during the last half hour of the afternoon. On Tuesdays and Thursdays are the lessons in spelling. On Mondays, Wednesdays, and Fridays the last half hour is used for chorus work. Lately some very high grade Coda music has been obtained and the high school hopes to give a concert some time in the future.

Last Friday night, at the Kelley Chapel, Mr. Cole gave the Boy Scouts about an hour of military drill. The company, or troop, has been divided into two platoons. Linza Branum has been appointed First Lieutenant of the first platoon and John Boyd Second Lieutenant of the second platoon.

We have sampled the cooking of the class in domestic science and have pronounced it good. Our girls are learning to cook the substantial things and not wasting any time on such frills as frying bananas. Miss Machein is the divinity who presides over the department.

Miss Lutton is the commander of the English forces in the high school. She teaches the mother tongue, the language in which we write and speak, the most important study of the high school. The work in English will be made very strong this year.

Six Bottle Coolers, or drinking fountains, have just been received and set up in the halls of the school buildings. Not a particle of dust or dirt of any kind can get into the inverted bottles unless at the time of filling. We urge parents to provide individual drinking cups for the children.

Spelling has been put into the high school, on Tuesdays and Thursdays. The spelling is oral. This means that a great deal of ground can be covered in a short time and that every student hears the mistakes and the corrections.

Besides the work of supervision Mr. Cole has a class in Current World History, a class in physics, has charge of the music and is assistant scout master of the Boy Scouts.

The paper of next week will tell of the good work being done by the teachers of the grades.

The enrollment in the Carrizozo schools for the month of September was 341.

## Thirty-Six to Thirty-Four

As this week ends the yearly service of Rev. Lewelling as pastor of the Methodist Church, we have looked back over our files and found that during the year of his service he has performed 18 marriage ceremonies, which is uniting in marriage thirty-six people and conducted thirty-four funerals. The latter portion of this remarkable record is sad to relate, but the former, time with its uncertainties can only answer to the weal or woe that will pleasantly or unpleasantly befall the lives of those whom he has united. Rev. Lewelling will leave for Conference the coming week and as that body reserves the right, or power rather, to send its preachers wherever it chooses, it is hoped that they will allow him to remain with the Carrizozo Church. Be this as it may, we challenge neighboring parsons for a comparison to the above record. All the marriage ceremonies were performed since January 4th, 1919.

## Let Us Donate

The local Post of the American Legion will welcome the donation of books for its library. The Encyclopedia Press Company has already tendered the Catholic Encyclopedia which has been accepted. The books may be left at any one of the local banks or mailed to the Post, in either case they will be taken in charge by Adjutant Ben. H. Horton and disposed of in one of the local lodge rooms until such a time as the Legion is able to arrange for permanent quarters.

## Attention

Members of the local Post American Legion are urged to pay their membership dues. There are now 87 names on our Roster and at this time but 10 have paid their dues of \$3.00 a year. This pays to Aug. 1, 1920. Send your remittance to the Post Commander or to Ben H. Horton, Adjutant.

E. M. BRICKLEY,  
Post Commander.

## Beautiful Wedding

(Greenwood Commonwealth)

Tuesday morning Sept. 16th, the Presbyterian Church was the scene of a beautiful wedding, when Miss Elmyra Wingfield of Shelmound and Mr. James Roberts of Memphis were united in marriage. The decorations were beautiful in their simplicity; the altar and choir were concealed by a mass of smylax and ferns while at intervals tall baskets filled with pink roses and gladiolas were thoughtfully placed.

As the wedding music changed from Mendelsohn's wedding march to Lohengrin's, the bride, who never looked more lovely than on this happy occasion, entered leaning on the arm of her uncle Mr. Walter S. Wingfield, the pair being met at the altar by the groom and his best man, Mr. John Roberts. The ring ceremony was said to have been the most impressive of any performed in the recollection of those who attended. The happy couple left on the 2:45 train for an extended trip to Northern and Eastern points.—The new Mrs. Roberts is a daughter of Mr. A. C. Wingfield of Carrizozo, but has been living with her uncle at Greenwood, Miss. for the past four years.

## On the Mountain Lake

A jolly party composed of Sherwood Corn, wife, son Edward, daughters Myrle, Robanna, Ada and the Messrs. Roy Stimmel and Carl Kahler motored up to Nogal Lake Sunday, spending the day in fishing and enjoying dinner in the cool mountain air.

On their return, when beginning to descend Nogal hill, the car containing the major portion of the young folks became unmanageable and then the trouble increased by a wheel of the car breaking, caused the machine to upset, throwing its occupants to the ground. Fortunately, however, no injury was suffered above the one sustained by Mr. Kahler, who was slightly scratched on the nose. The Nogal hill is a dangerous place, and what might have proven a sad accident, was luckily averted.

## Hero of "Death Battalion"

Col. Smith, who led the famous "Death Battalion" in the world war, will deliver a free lecture at the Methodist Church Friday evening, Nov. 7th. It was he, when ordered to surrender when all odds seemed against him, hurled back the following answer: "Go to Hell!" Everyone will be glad of the opportunity to hear Col. Smith, who left for the scene of conflict with 1100 men and returned with but 300, which was a showing of how well they earned the title of the "Death Battalion."

## New Home For Mr. Crisp

R. G. Crisp is erecting a five room cottage on one of his lots on 7th street which will be used for his residence and a two room cottage on the lot adjoining the residence which Mr. Crisp will have for rent, when completed. We congratulate the proprietor of the U & Me Billiard Hall on his progressiveness, as he has sealed his determination to make Carrizozo his future home by this important transaction which insures us of its certainty. Contractor Langston is erecting the buildings.

## GLENCOE ITEMS

Mrs. Clarke, mother of H. P. Clarke, is visiting at her son's ranch, during which time she is renewing acquaintances with the valley folks, many of whom realizing her sterling worth and delightful social gifts, entertain the hope that she will remain as long as possible.

Rev. S. M. Johnson has returned from his celebrated trip across the continent from Washington, D. C. to 'Frisco. He will attend the Ozark Trails meeting at Roswell Oct. 1, 2 and 3rd.

Mrs. J. V. Tully has been quite ill for the last several days.

The Glencoe School has 24 scholars and doing nicely with a prospect of more families coming in to school their children here.

T. C. Brow and W. R. Johns of the Road Engineers' service are working steadily on the cross sections and estimates. The wood crew is making good progress.

Earl Callews is home on a visit and incidentally helping his people with the cattle and last hay cutting.

Col. G. W. Prichard, attorney for the Ruidoso Water Users' Association is to be in this locality about the 25th or 26th of this month.

## Over From Picacho

R. C. Souder and wife came over from Picacho Sunday for several day's stay in Carrizozo. Mr. Souder was free to admit that drilling for oil will begin on his land within the next week. The Commonwealth Petroleum Company of New York will do the drilling and no parties in Lincoln County will be solicited for a cent in this experiment, as the company will furnish all the funds necessary and suffer the loss if there be any. Mr. Souder and the promoters are doubly confident of reaching the oil beds and the rigging which is equipped to reach 4,000 feet is now at Capitan awaiting transportation over to the land where the drilling will take place. We congratulate Mr. Souder, as he is the first to show his pluck in the determination to find the oil beds that geologists affirm lie under the soil of these regions.

## Live Stock Co. Sales

The Carrizozo Live Stock and Commission Co. made several good sales this week; they sold 400 head of stock cattle for Dennis Spade of Ancho; 100 head for S. M. Moss of Carrizozo and 92 head for Perry Brothers of Hondo. The last two sales were made to Jas. Ballard of Roswell.

## Visiting Mrs. Scott

Mrs. Clymer Caldren of Phoenix, Arizona, visited with Mrs. L. M. Scott this week, stopping over on her way to Roswell.

## Week-End at the Border

Mr. and Mrs. J. P. Loughrey and son were at the border last week, spending Thursday and Friday with friends at El Paso.

## Capitan News

The heating plant for the school building has been delayed and the demand has been made to install the stoves temporarily during the present cold spell. The attendance is good every day despite the bad weather and roads. Several pupils come a few miles from the country, one young lady riding horse back seven miles each way.

Geo. Hoover, agent for the E. P. & S. W. at this place, accompanied by Mrs. Hoover and a corps of the teachers attended the dance at Hondo, last Friday night, despite bad roads, Mr. and Mrs. Hoover are given to adding joy to life.

Prof. C. R. Rauls improves every hour of sunshine and clear atmosphere sketching the Sierra Blancas which show up so beautifully from our little town.

Apple hauling which had been the order of the day by the Titworth Co. from the Sunset Ranch, was suspended for a few days on account of bad roads.

Mrs. Morgan, proprietress of the Cottage Hotel is expected home soon from a few weeks visit to her daughter in Kansas City.

The heavy rains during the past few weeks are winding up it seems with colder weather, east winds and everybody sneezing.

The picture show twice a week at the Amusement Hall, affords diversion to those seeking the same.

Three cars of live stock were shipped from here last week and more to follow.

The heavy hail storm at Picacho last week, did considerable damage.

Mrs. Wm. Titworth and baby have both been on the sick list, but reported improving.

Not a vacant house to be had in town, since the opening of the school Sept. 1st.

Frank English visited with his family below Lincoln last week.

## To Magdalena

The following named Knights from Carrizozo are attending the convention of the Knights of Pythias which is being held in Magdalena, N. M., on Thursday and Friday of the present week: John A. Haley, G. T. McQuillen and George Dingwall.

They left Wednesday morning, motoring over the mountains which brought them to their destination in plenty of time for the opening of the big convention.

# WEALTHY FILL SARATOGA SPAS

**Cheapest Thing at the Most Famous of American Resorts Is Money.**

## SOCIAL BARRIERS LOWERED

**Newly-Made Millionaires Strut About the Place to Display the Wealth They Acquired During the War—Gambling Is Heavy.**

Saratoga, N. Y.—The cheapest thing in Saratoga is money. Everybody has it in abundance and spends it with the abandon of the drunken sailor in the old song.

Clerks bet \$1,000 on a horse at the race tracks. Newly made rich pile up checks and counters on cards and the elusive roulette ball. Men throw dollars around as they used to toss dimes.

Women accustomed to gingham and rhinestones gladden the eye and stimulate the sense of humor in their efforts to carry with grace silks and diamonds. The most suitable is discarded for the most expensive.

Extravagance and a contempt for money values intrudes itself at every turn on the picturesque streets of the most famous of American resorts, and oldest of the curses, in the corridors of the great barn-like hotels, at the race track, in the dining places and in the lake sections and flits by in the bewildering parade of flashy motorcars.

**Natives Reaping Harvest.**  
And anybody who knows the ruling passion of Saratoga doesn't need to be told that the prudent native is getting his.

What escapes him falls to the hotel keepers, the bookmakers, the slick and rat-faced gentry that cap for sequestered resorts of chance where the green cloth, the dealing box and the other implements of their craft are to be found without much difficulty.

The crowds that flock to the race courses are greater by thousands than ever before.

All the old social barriers have been broken down and trampled under foot by the crowd that comes from the financial marts of Wall street, the resorts of upper Broadway, the bench and force, and forest and mine and farm, upon which the fortunes of war have smiled.

The number of resorts where women are admitted to the gambling tables is probably less than four. In the

other small places where the wagers range from \$5 to \$50 at roulette, hazard and one or two other contrivances for getting the money women are not admitted. It is not considered classy to advertise the location or names of the owners of the gaming establishment because it might stir the local officials to interpret too literally the legal inhibition against such enterprises.

There has already been more or less trouble for the gaming purveyors—as it is. During the first week of the racing season all games were closed up for three days, due to a misunderstanding as to the number that were to be privileged—and the failure of certain other negotiations that are of interest to politicians.

The greater part of the women are of the middle class type. The display of gowns and gems is, if anything, more striking than in the other days when Saratoga had "atmosphere." Almost every woman that passes in review seems to have prospered from the war, if diamonds be accepted as convincing evidence.

One woman was at the Union whose maid—she had one—had displayed great ingenuity in finding vacant spaces on her mistress' frock on which to pin a stupendous assortment of brilliants. Her husband made a fortune out of scrap iron in Chicago. Another woman, whose costume no sane man would attempt to describe, seemed to run to pearls. She wore more than any two women has any right to possess. The combination of dazzling colors and gems provoked one of the new voters to comment, "Dress-

## Each Beauty in Harem Demanded a Gold Tooth.

Trials of a toothpuller in a harem were described by Dr. A. S. Hungerford of Teheran, Persia, who visited Toledo on his way back to the Pacific coast.

Fourteen years as the royal dentist for his majesty, the Shah of Persia, who has a nifty harem in his palace, has convinced the dentist that life with a surplus of beautiful spouses does not have all the traditional joys.

One of the doctor's first duties in the Shah's palace was to pull a tooth for a member of the harem. When the dentist finished her beauty had been enhanced by a brilliantly flashing gold blucapit. Such jealousy did this addition to her beauty strike in the hearts of the harem that forthwith they all went a-squawking and sobbing to the Shah, charging his majesty with partiality. His majesty got out of the difficulty by ordering a gold tooth for each of them, but to even matters up ordered three United States molars for himself.

ing that woman up is like putting gold harness on a mule."

But for all the vanities and jealousies the women seem to be having as good a time as the men and to be as well supplied as they with all the money necessary to pay for it. Because the statement made at the beginning of this chronicle holds good to the end. The cheapest thing in Saratoga is money.

# ERUPTIONS FOR THE SCIENTISTS

Juneau, Alaska.—Volcanic peaks in the far southwestern corner of Alaska are in eruption this summer, evidently for the benefit of a party of scientists sent by the National Geographic society to study Mount Katmai, the greatest of Alaska's smoking mountains, and its "Valley of Ten Thousand Smokes."

Persons who have returned recently from the volcanic country to the westward said Shishaldin peak, on Unimak island, in the Aleutian chain, was in eruption recently. They also reported

it was believed Mount Bayliff on the southwestern Alaskan mainland, also had spouted, as the snow about the summit was coal black.

When the party of scientists left Anchorage, Alaska, on their way to the Katmai country, they said they believed there was little likelihood of an eruption this summer and declared they were certain there was absolutely no danger attached to the investigation. Katmai's last big "blowoff" was in June, 1912.

The party of twenty-six scientists is headed by Professor Robert A. Griggs of the University of Ohio, and some are from Carnegie institute. They were planning to make observations of the botanical, biological and geological effects of the 1912 eruption.

In 1913 Professor Griggs headed a party of scientists to Katmai and returned with the announcement that the crater was the largest on the globe and that near Katmai lay a great valley whose floor was dotted with thousands of mouths vomiting gray vapory gas and smoke. This valley Prof. Griggs named "The Valley of Ten Thousand Smokes." Instead of 10,000, it is said there are literally millions of smoking vents.

Congress recently set aside "The Valley of Ten Thousand Smokes" as national property, and it is believed that some day it will be a second Yellowstone geyser field. Steaming springs, it is said, will eventually take the place of the present smoking vents.

Professor Griggs and his party expected to remain in the Katmai district until the middle of September. Until they return nothing probably will be heard from them, as there is no direct means of communication.

Moving pictures of the smoking mountain and valley are being taken.

# OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Hairless Oil has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Hairless Oil is enclosed in odorless, tasteless capsules containing about 6 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney

action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Hairless Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Hairless Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

**RECOGNIZED THAT ART WORK**  
Profiteer Picked Out Wrong Man to Boast About Picture He Had "Picked Up."

A Kansas City profiteer moved into his gaudy new home last week, and last night was piloting a salaried friend around through the new rugs and furniture. As they entered the "library," the profiteer pointed with great pride to a lurid picture 8 by 10, on the wall, and said:  
"How d'ye like that for art? I'm ashamed to tell you how cheap I got that down at the art shop the other day. See that torn place in the corner? That was made, the dealer said, by one of them German looters in the Thirty-Year war."  
"The dealer was mistaken," observed the salaried friend. "It was another war. It was made by a beer bottle I threw myself. I never could stand that picture, especially when I was lit up. Grogan's bartender kicked me clear across the sidewalk the night I heaved that bottle. So Grogan's selling off his pictures, is he?"—Kansas City Star.

His Father About as Sensible as Many Who Expect Wonders From Correspondence School.

Henry P. Davison was talking about the numerous correspondence courses in five lessons—each lesson to be mastered in one evening over the after-dinner cigar—which teach a man how to become a Napoleon of finance.  
"You can't learn to be a Napoleon of finance or anything else so easily," he said. "These courses remind me of the man who brought his son to the school of mines and growled:  
"I want you to learn this here boy to be an expert minin' engineer, but look a-here—I don't want him to waste his time over a lot of book nonsense about strata and denudations, and don't bother him with mineralogy and crystals, neither. What I want him to learn is how to find gold and silver and copper in payin' quantities—payin' quantities, mind you—and I'll call for him and put him in to work Monday a week."

## MOST REMARKABLE SHIP LAUNCHING

The Lake Vagard, an emergency fleet vessel launched at Buffalo, tipped to the extraordinary angle of 73.5 degrees and in seven seconds righted herself. A ship usually capsizes if it tips to an angle of 60 degrees. The Lake Vagard was launched with engines and everything else installed and steam up.

# YAP AND ITS PEOPLE

**Interesting Facts About the Little Pacific Island.**

**Food, Drink and Clothes All Obtained From Trees—Men Have Bachelor Clubs.**

Washington.—Since the little island of Yap was mentioned the other day at the White House conference between the president and senate foreign relations committee, there has been a general demand for information about this former German possession, which the American navy wants for a cable and wireless station.

According to the National Geographic society it is the westernmost of the western Caroline islands, is situated about 500 miles northwest of Guam and lies within one of the islands of Mindanao of the Philippines group. It has a population of about 7,000.

Yap is strangely old and strangely up to date. Its inhabitants are still in the stone age of progress. The natives are strict prohibitionists. Bachelor clubs closed to the women dot the islands. Food and drink and clothes all grow on trees. In Yap wealth is truly a burden. A single coin of their stone money sometimes weighs hundreds of pounds. Yap, or Yap, when translated, means the land, and is the only land that many of the islanders know.

Married and unmarried men alike belong to the club, which maintains a fine falls, or bachelor house, the hostess of which must be secured by force or cunning from some distant tribe. There she lives under a polyandrous system where no man becomes jealous and the wives of the village never object to their husbands' evenings at the club.

The chief decoration of the male is a string of pink shells made into a

necklace, and since no man is rich enough to own such a treasure the best ones are loaned out for such a period as the wearer may choose to be dressed in the height of fashion. As there are no button holes, the man may wear two bouquets in each ear, a sort of corsage bunch in a large hole in the lower lobe and a small boutonniere in a smaller hole in the ear higher up. Shell cuffs made of coconuts add the finishing touch to the correct attire.

Yap women do not wear the veil. Their only dress is a voluminous skirt made of leaves of fiber and composed of four or five thicknesses. Although one month is the average life of a woman's dress, the style does not change.

**Francher Weds at Ninety-Four.**  
New York.—Rev. Moses Allen, itinerant preacher, applying for a marriage license, gave his age as ninety-four. "I am in the golden season of life. It is not good that I should be alone," he said. His bride-to-be is only half his age.

**A Standing Example**

Vincent Reil, proprietor of the City Garage is making some valuable improvements at his place of business on Alamo ave. Besides putting on a new front which we mentioned two weeks ago, he now has a force of workmen engaged in laying a concrete floor, the space of which is 5550 square feet. Mr. Reil does not contract with parties from abroad when adding these new improvements; he employs Carrizozo labor, thus giving the home people the same chance to live as himself. The work Mr. Reil is having done runs into money, but the "dinero" remains at home to be paid out among our business men in exchange for necessities of life, food, clothing, etc. Better paid labor from our home town is more economical than cheaper labor from abroad. With the former, his money circulates as we have said every one of our people, blessing the town save that of what income he can derive from that in which he is occupied and this he mails out of town as soon as the check is received. Patronize home labor if you would wish home people to do the same by you.

The readers of this paper will be pleased to learn that there is at least one remedial disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Mexican bandits held up the paymaster of the Escondido mine, fifteen miles from Eagle Pass, Texas, in Mexico, obtained \$4,000 and fled in the paymaster's automobile.

Gen. Alvaro Obregon, formerly a member of Carranza's cabinet, and one-time candidate for the presidency of Mexico, has announced he would take the field against the United States in the event of armed intervention by the United States.

H. A. Carnes, United States customs inspector, was badly beaten and left for dead by a Mexican who crossed the Rio Grande at Yelota, Texas. The injured man was removed to El Paso. There were four Mexicans, and they are supposed to have been smuggling.

Several persons are believed to have drowned at Corpus Christi as the result of the hurricane there. It was said the water had reached the second story of some buildings in the business section and the downtown section was reported under martial law.

Liberty hall, built as a public meeting place in the new court house at El Paso is to be converted into a public market as a means of reducing the high cost of living. The big amphitheater is to be equipped with stalls and an outdoor market will be operated by the county authorities.

Swallowing a small piece of toothpick was a blessing in disguise for Donald Cullings of Sioux City. The toothpick lodged in Cullings' throat while he was at dinner recently. He coughed violently, choked and nearly strangled before the bit of wood was dislodged from his throat. But with its removal, Cullings' voice, lost after a gas attack during the St. Mihiel drive, had returned. Cullings was gassed at St. Mihiel Sept. 12, 1918. Since that time he had been forced to speak only in a husky whisper.

### WASHINGTON

Great Britain has withdrawn the prohibition on the re-exportation of American cotton from her dominions. This has been reported by the American consul general in London.

Seventeen alien enemy prisoners escaped from the war prison barracks at Fort Douglas, near Salt Lake City. Escape was made through a tunnel which it had evidently taken months to construct.

Twenty-four hundred sleeping and parlor car conductors on federal controlled railroads have received a slight increase in wages, retroactive to May 1, under an order issued by Director General Hines for the purpose of rectifying an error on a previous award.

Fire destroyed warehouse No. 4 of the J. G. White Engineering Corporation at Muscio Shoals, the government nitrate plant, the loss being estimated at \$2,000,000. The major portion of the loss was on electrical equipment.

Charging that while the wholesale prices on meats have dropped, the prices to the consumer are still high, Senator Harrison of Mississippi asked the agriculture committee of the Senate to conduct an investigation into the retail prices of meats.

Ben E. Allen of the Cleveland Plain Dealer, member of President Wilson's party, and James R. Patterson of Portland, Oregon, were killed and two other newspaper men injured in an automobile collision on the Columbia highway while the presidential party was returning to Portland from a tour over the highway.

A report of the commissioner of internal revenue shows that total internal revenue collections from all sources for the year ended June 30, 1919, aggregated \$2,508,959,612, an increase over 1918 of \$145,330,973. Total collections from the country from income and excess profit taxes for 1919 amounted to \$2,308,000,702, as compared with \$2,539,027,585 for 1918, a decrease of \$231,026,883. The original estimate of receipts from these sources for 1919 was \$4,707,000,000, but the revenue bill of 1918 provided for the payment of these taxes, if the taxpayer so elected, in four equal installments beginning with March 15, or the date of filing the return, and in three subsequent installments due on or before June 15, Sept. 15 and Dec. 15.

### FOREIGN

Marshal Foch has recently asked the Belgian government to have a search made for the body of his son, who was killed in August, 1914, in the Belgian Ardennes.

The Porto Rico government has announced that the last sugar crop aggregated 408,000 short tons, or 37,000 tons less than the 1918 crop. It added that shipments to date had been 341,000 tons.

figures voiced by American Red Cross workers and forwarded to national headquarters. Most of these returned to their homes to find themselves orphans, and the Red Cross is seeking to aid them by the establishment of orphanages.

An American company having a capital of \$100,000,000 is being organized in Poland to extend credits to Polish cities so they may meet their necessities, especially for the construction of canals, water plants and hospitals, according to the Voerische Zeitung of Berlin.

Extension of relief activities in western Russia and the Baltic provinces has resulted in the American Red Cross increasing the appropriation for its commission in that region from \$270,000 to \$300,000. It has been announced. Both Estonia and Lithuania will benefit.

Russian troops on the Archangel front are carrying out a successful offensive against the Bolsheviks in the railway sector, says an Archangel message received in Paris. Russian volunteer troops, it is announced, have occupied the town of Onega, which was taken by the Bolsheviks in one of their recent pushes northward.

Alberta's wheat yield a few weeks ago was estimated as being practically negligible, but two weeks fairly steady rains so improved these conditions that the yield is conservatively estimated at 21,948,000 bushels, while the yield of oats is estimated at 56,229,000, barley 7,051,000 and rye 750,000. These figures are certain to be exceeded as the threshing results are exceeding expectations.

### GENERAL

Figures have been compiled showing that upward of \$18,000,000 worth of automobiles were stolen last year.

Jack Kearns, manager of Champion Jack Dempsey, has refused to consider an offer of \$150,000 for a championship bout in London, according to reports in New York.

The wreck of the steamer Barnstable, disabled in a storm en route to Havana, has been located by the revenue cutter Itasca and one survivor rescued. Eleven others of the crew are believed lost.

Capt. Kermit Roosevelt has been appointed secretary of the American Ship and Commerce Corporation, the holding company of the Cramps' Shipbuilding Company and the Kerr Navigation Company.

One soldier, Oliver Eager, 19, is dead and five others are in the hospital at Fort Benjamin Harrison as a result of drinking poison which it is said they mistook for whisky. The men were prisoners.

Thousands of shipyard workers who quit work in Brooklyn, Staten Island and New Jersey yards in an attempt to force a demand for a Saturday half holiday, found themselves discharged when they reported for work.

A bomb was found at the rear entrance to the federal building directly under the window of District Judge M. B. Blanding's office at Lawton, Okla. A percussion cap was in place, but the mechanism to explode it had not been attached.

Two men were killed and six injured by the explosion of a six-inch shell which was being unloaded from a barge in the Raritan river at the Raritan arsenal at Donahontown, N. J. The ammunition on the barge was being transferred to one of the barges. The victims of the accident all were civilian employees.

Burial of the dead at Mobile, Ala., on Sunday is punishable by a fine of \$100 under a city ordinance just adopted. Passage of the ordinance was the result of a petition to the city commission by ministers, undertakers and grave diggers.

Demobilization of the navy has demoralized the Atlantic fleet so far as man power is concerned, it has been said at the Navy Department. Scores of battleships, cruisers, destroyers and other vessels are moored at navy yards with crews so greatly reduced that in many cases it is difficult, and in some cases impossible to keep up steam. Only two battleships of the Atlantic fleet have anywhere near full crews.

"If anyone attempts to raise the red flag of anarchy in this country, shoot him on the spot," declared Clarence E. Adams, commander-in-chief of the G. A. R., in ending his annual address of the national encampment of the G. A. R. at Columbus, Ohio. Heating cheers, which shook Memorial hall, followed the declaration of the Grand Army chief. Atlantic City has been selected for the 1920 annual encampment of the G. A. R.

Arizona State Fair—Nov. 2 to 3, 1919.

The belief that Arizona will soon have a large producing oil field is gaining among those who are conversant with the developments in the Holbrook Oil field in northeastern Arizona.

The Pecos Valley Canning Company of Roswell, N. M., has finished canning 10,000 cans of peaches—equal to ten cars of canned goods. This represents about 6,000 bushels of peaches or fifteen carloads.

The Aztec State Bank of Aztec has received its charter from the state corporation, having been duly approved by the state bank examiner. The bank has a capital stock of \$25,000, the par value of shares \$100.

Boring holes around the lock which they cut out of the front door of a clothing store in Chandler, Ariz., burglars gained entrance into the shop which they looted to the extent of \$3,000 worth of merchandise.

The state of Arizona has no authority to pay convicts for working on highways, but can arrange to materially shorten their sentences by means of a system of credits already in operation, in the opinion of Attorney General Wiley E. Jones.

For the past few weeks the ranchers in the Las Vegas section of the state have been making a drive on the predatory animals and the county officials believe that in a short time all the cats, coyotes and other cattle and sheep killers in San Miguel county will be under control.

Verde Combination at Jerome, Ariz., is apparently right on the verge of making a mine. The northwest drift on the 1,000-foot level is now all in ledge matter with three or four feet of ore right in the center. This ore is a quartz-schist with chalcopyrite and white iron shot through the mass. Experts estimate that the copper content is around 4 per cent.

The Arizona Copper Company recently increased its force of miners in order to hasten the development of its fine property, fourteen miles southwest of Globe. There is already upwards of 50,000 tons of commercial ore proven up on the property which the company very conservatively estimates to average better than 3 per cent copper.

Rapid progress is being made in plans for the opening of unit "A" of the Yuma, Ariz., mesa this fall. Since the announcement in Washington some weeks back the unit "B" of the mesa was to be opened up this fall and winter, the land owners of unit "A" have been busily engaged so that unit "A" can be opened up as soon as unit "B" or a few weeks later.

Following the lead of other Arizona cities and important cities of the country, Nogales, Ariz., has established an investigating bureau for the purpose of prosecuting unscrupulous profiteers according to word just received from that place. G. P. Halls was appointed food administrator and is acting upon complaints recently filed with the Nogales Chamber of Commerce.

The State Highway Department sent fifteen additional convicts to the road camp near Rinconada in Taos county, N. M. This will increase the number of convicts to fifty now being employed on section 4 of state highway No. 8 from Santa Fe to Taos. This construction is north from Rinconada towards the bridge across the Rio Grande on the Taos Junction-Taos road.

Statistics compiled by the collector of customs for the fiscal year of 1918 show that Arizona led all border districts in exports and imports with Nogales transacting more than half of the business credited to the Arizona district.

Charles Johnson of Silver City county surveyor, and former highway superintendent, has just harvested what is thought to be the record corn crop in the state of New Mexico. Mr. Johnson a few days ago measured up part of the crop and found that it went eighty-seven bushels to the acre and believes that the entire crop when all harvested will average at least sixty-five bushels to the acre.

That New Mexico is to have an internal revenue office of its own for the district of New Mexico and not for "New Mexico and Arizona" as at present, was announced some time ago.

Grant county, N. M., shows the tremendous increase in its taxable property on the assessment rolls of \$1,922,287 over last year. Its total is \$31,028,377 and the amount subject to tax which is the total less exemptions, is \$21,963,437.

### Back Given Out?

Housework is too hard for a woman who is half sick, nervous and always tired. But it keeps piling up, and gives weak kidneys no time to recover. If your back is lame and aching and your kidneys irregular, if you have "blue spells," sick headaches, nervousness, dizziness and rheumatic pains, use Doan's Kidney Pills. They have done wonders for thousands of worn out women.

### A Colorado Case

Mrs. Daise Brum, 104 1/2 Twelfth St., Greeley, Colo., says: "I had a steady miserable ache in my back and dragged along day after day feeling too tired and discouraged to do my housework. I had spells of dizziness and felt weak and confused for hours. My kidneys were very weak and caused me a great deal of distress. My hands and feet became bloated. Doan's Kidney Pills were recommended and I tried them and soon the swelling had all gone and I felt as well as ever. I credit Doan's with saving my life."

## Experts or Theorists— Which?

The packing industry is intricate, complex—far more so than the railroads or the telegraph. Every day multiplying needs of society increase its problems and multiplying responsibilities demand more of it.

Highly trained experts, specialists of years' experience, thinkers and creative men, devote their lives, their energies, their activities, to solving the problems of the packing industry and meeting its widening duties.

Swift & Company is not a few dozen packing plants, a few hundred branch houses, a few thousand refrigerator cars, and a few million dollars of capital, but an organization of such men. It is the experience, intelligence, initiative and activity which operates this physical equipment.

Can this intelligence, this experience, this initiative and creative effort which handles this business at a profit of only a fraction of a cent per pound from all sources, be fostered through the intervention of political theorists, however pure their purposes? Or be replaced by legislation? Does Congress really think that it can?

Let us send you a Swift "Dollar". It will interest you.

### Taxpayers' Meeting

A meeting of taxpayers of New Mexico will be held at the Capitol building in Santa Fe, Friday and Saturday, Oct. 17th and 18th. There have been held meetings of all kinds to discuss ways and means involving the expenditure of money contributed by the taxpayer. Now it is the latter's turn to take matters relating to public finances under advisement. He will seek the answer to the question: "How much money is being spent for government?" "For what is it spent?" "Is too much being spent?" "Are we getting full value for the funds we contribute?" "Is there waste, extravagance, and, if so, what are the remedies?"

It is possible that a meeting of County Commissioners and Assessors will be called during the week by the State Tax Commission. If so, it is hoped that the dates fixed will so overlap as to permit a joint session of two with the Taxpayers' Association.

All subjects will be so treated as to bring all points of view into consideration. "The Road Program in New Mexico" will be discussed by Hon. Eugene Kampenich, member of the State Highway Commission; "School Revenues and Expenditures" will be handled by Dr. R. E. McBride of Las Cruces; J. T. Conway, County Clerk of Colfax County, will point out the possibilities for economy and better administration of county affairs; Judge Wright of Santa Fe will initiate the campaign for simplification and coordination in state, county and town government.

From this discussion, interest will be aroused that will result in a great saving to taxpayers. "Waste in Government" will be assigned to Hon. W. E. Lindsay, former Governor of N. M., who has devoted much time to the important matter of public economy. There will be addresses by

VOTE OF THANKS TO PERSHING

GENERAL MAKES SHORT ADDRESS TO JOINT ASSEMBLY IN WASHINGTON.

ALL DID THEIR SHARE

SAYS THANKS TENDERED HIM WAS EARNED BY VALOR OF MEN.

Western Newspaper Union News Service.

Washington, Sept. 19.—Addressing a joint session of Congress, in acknowledgment of the formal vote of thanks tendered him, General Pershing said in part:

"I am deeply sensible of the privilege of appearing before you as a representative of the American expeditionary forces and am filled with emotion at the sentiments that have been expressed. This honor affords me profound gratitude as a recognition of the achievements of our splendid army. In receiving at your hands an expression of the approval of our people I am richly rewarded.

"The burdens that befell to the lot of our soldiers have been heavy and the way beset by many obstacles, but faith in the righteousness of our cause and trust in Almighty God have given us courage and inspiration.

"The trials of battle demanded Spartan endurance and utmost self-sacrifice. Never have men faced a more difficult task, nor borne greater hardship and never have troops shown a finer spirit of willingness or more resolute purpose.

"The might of America lay not only in her numbers and her wealth, but also in the spirit of her people. While every man who went to France courageously did his part, behind him were millions of others eager to follow, all supported by a loyal people who deprived themselves to maintain our armies and succor our allies.

"To you, gentlemen of the Congress, we owe the existence and maintenance of our armies in the field. With a clear conception of the magnitude of the struggle, you adopted the draft as the surest means of utilizing our manpower; you promptly enacted wise laws to develop and apply our resources to the best effect. You appropriated the fabulous sums required for military purposes. . . . You made possible the organization and the operation by which victory was achieved.

"Throughout the war the President reposed in me his full confidence and his unflinching support simplified my task. The secretary of war made repeated visits to the front, and I am deeply grateful for his wise counsel. Under him the various staffs, bureaus and departments, with all their personnel, are deserving of especial acknowledgment for the ability with which their problems were met. The officers and soldiers who served at home are entitled to their full share in the victory. . . .

"Our navy performed a brilliant part in transporting troops and supplies and in maintaining our sea communications. In this arduous service the generous assistance of the seamen of Great Britain deserves our lasting appreciation. "A special tribute is due to those benevolent men and women who ministered to our soldiers at home and abroad. The welfare societies, maintained by a generous public, gave us invaluable aid. In our hospitals the surgeons and nurses . . . served with skill and fidelity."

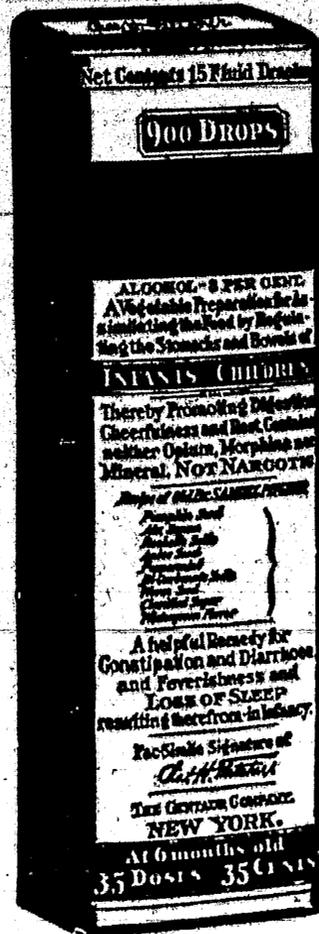

He concluded with a eulogy of the allies and a declaration that the record of America in the war would be a treasured heritage for posterity.

Hold Up Canadian Express.

Quebec, Canada.—Five masked men bound and gagged the mail clerks on the Ocean Limited express of the Canadian National railway near Hurlburt and robbed the mail car of \$75,000 in paper and silver. Shortly after the train left Hurlburt, the five masked bandits smashed in the rear door of the mail car and at the point of revolvers ordered the mail clerks to hold up their hands. The bandits, seizing the bags containing the currency, jumped from the train as it slowed down in approaching St. Thomas.

Will Depart Emma Goldman.

St. Louis.—It has become known that a warrant for the deportation of Emma Goldman has been served on her in the Jefferson City penitentiary, where she has finished serving a two-year sentence for attempting to obstruct the army draft. Her release from the penitentiary is set for Sept. 27.

**How Changed Things Are**

When the State of New Mexico went dry, one of the buildings formerly occupied by a thirt emporium remained vacant for almost one year. This building is situated two doors south of Dr. Paden's Drug Store. It remained idle as though taking the advantage of a much needed rest after working overtime for many years.

A few weeks ago, however, the old building presented a scene of activity; workmen began the task of remodeling, and where at one time glasses tinkled in the friendly touch, saws, hatchets and hammers rang out the sounds that told the public that where once the festive "bar fly" lay in ambush for the coming "live one," a business enterprise that would give value received was to take its place—how things have changed! The building is now occupied by the Garrard & Corn offices. Now, as one enters the office, instead of being served with a "rasper" that would make him climb a tree, he is met by the genial bookkeeper, Mr. Louis Adams, whose sunny disposition is enough to make a man forget that he ever wanted a drink. All orders for the 'Garage are taken at the new offices; the Garage proper is now arranged for the mechanical department only—How things have changed!

# BAD BREATH Often Caused by Acid-Stomach

How can anyone with a sour, gassy stomach, who is constantly belching, has heartburn and suffers from indigestion have anything but a bad breath? All of these stomach disorders mean just one thing—Acid-Stomach.

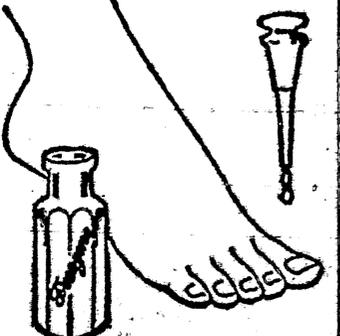

**EATONIC**, the wonderful new stomach remedy in pleasant tablet form that you eat like a bit of candy, brings quick relief from these stomach miseries. EATONIC sweetens the breath because it makes the stomach sweet, cool and comfortable. Try it for that nasty taste, congested throat and "heavy feeling" after too much smoking. If neglected, Acid-Stomach may cause you a lot of serious trouble. It leads to nervousness, headaches, insomnia, melancholia, rheumatism, sciatica, heart trouble, ulcer and cancer of the stomach. It makes the millions of victims weak and miserable, listless, lacking in energy, all tired out. It often brings about chronic indigestion, and mature old age, a shortening of one's days. You need the help that EATONIC can give you if you are not feeling as strong and well as you should. You will be surprised to see how much better you will feel just as soon as you begin taking this wonderful stomach remedy. Get a big 50 cent box from your druggist today. He will return your money if you are not satisfied.

# DADDY'S EVENING FAIRY TALE

By Mary Graham Bonner

## THE ROOSTER'S IDEAS.

Nick and Nancy had come home again. They had left their cousins feeling very happy for all now were such good friends, and they were better friends than ever before after the visit, which made everything very nice to tell to Daddy. Some of the animals from the barnyard belonging to the house where the cousins lived, had been taken over by Daddy, for the cousins were going to move to the city, and they wanted their animals to be among friends. They had only taken their dog with them.

Sir Benjamin Bacon and Sir Percival Pork, now two of the leading pigs of the pig pen were having a fight over some food, but Mr. Red Crown Rooster was paying no attention to them, Nick and Nancy had been feeding all the animals and now they were listening to Mr. Rooster, who was talking at the top of his voice, or crowing, as his talk is usually called.

"In the good old days," said Mr. Rooster, "folks paid attention to me. They may think a lot of Miss Fidgety Fashionable Hen now that her eggs have become so scarce, but they don't pay half enough attention to a good-natured, kindly old rooster.

"Now, last summer I had a narrow escape. I was crossing the road when one of these horrible dust throwers came along. By a dust thrower I mean a motor car or an automobile, or whatever it is they are called.

"This one had the usual horrid horn attached to it and how that horn did toot. I hurried out of the way and I was almost nearly run over. Dear me, but it was a narrow escape. I might have lost my life. True, they did warn me they were coming.

"But what upish creatures motors are. The very idea of telling a fellow to get out of the way in such a rude manner. And think of the service I have always done people.

"I have awakened them in the morning. True, they have grumbled. They have said that just because I was an early riser it was no reason I should try to wake people up. But I knew what was good for them.

"I know they shouldn't be staying in bed so long, I knew they should be getting up and enjoying the sunlight and working and not wasting time.

"I feel a friendly feeling for that alarm clock Nick and Nancy talk about. That alarm clock gets abused too. It seems to my rooster mind that alarm clocks lead very sad lives. They see that children aren't late to school and that men aren't late to business and that ladies see that the breakfast is on time but do they get thanked for it?

"Not a bit of it. I've heard people say,

"Oh, I could have killed that old alarm clock this morning. I was having a nice sleep and it didn't care, in the least."

"Now, the alarm clock was doing its duty. It was seeing that whoever was in the room with it wasn't late. That was most important. So I feel a friendly feeling for the alarm clock for I have been abused, too.

"But I could stand all that if only I could still be the king of the barnyard. Now that motors have come along the motor horn is treating us all as slaves, making us rush this way and that, from one side of the road to the other. I am against all things modern. I'm for the good old days when a crowing rooster was thought to be a creature worth while.

"It may be all right for Miss Fidgety Fashionable Hen to live in these modern days, but they are sad days for the rooster."

"What are you crowing about, old Red Crown?" asked Nick.

"Yes, you have a lot to say for yourself," said Nancy.

"I'm dreading the summer and the automobiles," said Red Crown.

"But the summer has just past," said Nancy, "you shouldn't be so upset, and you do seem upset about something. I guess I'll give you an extra handful of grain."

"I'm dreading next summer," said Red Crown, "but I feel a little better now. I've two good friends in a good old barnyard, after all. Maybe the automobile will go out of date and the motor birds of the air, the airplanes will take their places. Then they'll toot their horns for creatures to get off the clouds and the good old roosters of the barnyard will rule as they used to rule. In that case I'm for the days to come.

"But I do dread next summer, for this last one has been a hard, hard one," he ended.

# STARTED IN JOKE

Explanation of Story of Roosevelt's Hard Drinking.

Colonel Informed Group of Newspaper Men How the Rumor Originated—Jesting Remark Caused All the Trouble.

Few things in Colonel Roosevelt's later life are fresher in the public memory than his suit against a Michigan editor who accused him of drunkenness, writes John J. Leary, Jr., in McClure's. The unfortunate editor, unable to produce a scintilla of proof, admitted his fault, and so far as the records go, the matter was disposed of. There was nothing developed, however, to show where the tale started or what foundation, if any, it might have had.

Colonel Roosevelt, however, had an explanation. He gave it to us, one afternoon in the trophy room in Oyster Bay; when passing the cigars around, he remarked that he would vouch for the quality. "They must be good," he remarked, "for they're some of Leonard Wood's. I never smoke myself, so I have to rely on the judgment of others."

"Did you ever smoke?" some one asked.

"There is where that story of my drinking started," he continued, not hearing the question or ignoring it.

"You see, when I would decline a cigar, saying I did not smoke, folks would often ask, in a joking way: 'What are your bad habits?' In the same spirit I would reply 'Prize fighting and strong drink.'

"Now, it so happens that the Lord in his infinite wisdom elected to create some folks with whom it is never safe to joke—solemn asses who lack a sense of humor. I am very fond of that story of Sidney Smith's who, playing with his children, stopped suddenly, saying: 'Children, we must now be serious—here comes a fool.' You know the kind he meant—those poor unfortunates who must take everything said to them literally.

"One of these to whom I made that remark said: 'Roosevelt, I hear, drinks hard.' The other fool replied, 'Yes, that's true. He told me so himself.'

"And so it went."

"That is all there ever was to the talk of my drinking. From that start it spread and spread until, in self-defense, I was compelled to take action to stop it. Some folks have said I went out of my way to find a little editor who could not defend himself. The fact is, he was the one editor I could hold to account. There were and are editors nearer New York I gladly would have sued under like circumstances, but they know better than to print what they know was untrue. Had any one of them done so I would have hauled them up short, and with much more glo than I did the Michigan man, for the man I have in mind have real malice toward me, and he, I am satisfied, had none.

"We parted good friends. I certainly had nothing against him. In his zeal to do things, he put in print what shrewder and really malicious men who would harm me if they could, dare not do. I believe he was honestly sorry when he found his error.

"However, the thing had its value. We're never too old to learn, and I learned to be careful with whom I cracked the simplest joke. Thank God, there are many you can joke with in safety. If we couldn't laugh once in a while what a world this would be! It wouldn't be a world—it would be a mad-house."

## Very Much So.

"Those families seem to know a great deal about each other. Are they connected in any way?"

"Oh, yes. Their ladies' maids are first cousins."

These Investigational Congressman (conducting an investigation of the cost of living)—Come in here and sit down! I want to ask you some questions. Now don't try to evade, 'cause you can't get away. Is it true that you have been profiteering in food products?

Profiteer—Yes, it's true. What're you goin' to do about it?

Congressman—Well, well, now, don't get excited. I just wanted to know if it was true.

And thus another stirring investigation is recorded.—Kansas City Star.

## Another Broken Home.

"What's this?" inquired the man with the fastidious look.

"Something I fixed up myself," answered his wife. "It's 'liberty cabbage.'"

"Oh, liberty! What crimes are committed in thy name!"

## Its Effect.

"When the singer gave 'Drink to Me Only With Thine Eyes,' had it any effect?"

"I should say so. There wasn't a dry eye in the house."
