

Institute Closes Saturday Examinations, Final

The Lincoln County Teachers' Institute which has been in session for the past ten days will close Saturday. Much has been accomplished by this educational body that does not at this time appear on the surface, but the fruits of its endeavors will be made manifest during the coming school term and beyond. Much credit is due County Superintendent of Schools, Mrs. M. L. Blaney, who is also President of the Institute, for her wisdom in engineering the affairs of that body and in the selection of the able talent which formed the balance of the faculty to conduct the same.

A standing invitation has been open to the public to attend the sessions and those who have failed to avail themselves of this opportunity have failed to do justice both to themselves and to the teachers who have so faithfully attended. In educational matters as well as in other callings, things now and decidedly important are continually being advanced which faculties in institutes impart to the attending teachers who in turn impart the same to their pupils. This is one of the main objects of the institute and one of which the public in a large measure fails to consider. Lincoln county will have a splendid array of teachers for the coming term and the advancement along educational lines will be marked with a decided increase.

The program Thursday morning which closed the exercises of the institute, proper, was as follows:

Song by the teachers.
Reading, Mrs. Burleson.
Vocal solo, Mr. J. D. N. Pope.
Reading of her own poems, Mrs. Florence Bartlett.
Limericks.
Songs by the teachers.
Reading, Mrs. Clarke.
Song, Miss Ula Edmiston.
Talk, Mrs. M. L. Blaney.
Piano solo, Mrs. J. H. Mims.
Resolutions, Mr. McCollister.

NOTES

The examinations for the 8th grade and Reading Circle work will be held Friday and Saturday.

E. M. Brickley, of the First National Bank and also member of the Board of Education, gave an interesting talk to the institute one day this week, his subject being "Banking," which was highly instructive and much appreciated by faculty and teachers.

Rev. A. C. Douglas also addressed the Institute, his subject being "Preparation of Teachers for Community Work" in which he gave his hearers some good and timely advice which will prove greatly beneficial to teachers in the future.

The teachers attended the Nogal Picnic Saturday as guests of President, Mrs. M. L. Blaney.

Miss Josephine Stetson of Ruidoso, who came here to attend the Institute was taken ill and has since been operated on successfully for appendicitis. It is unfortunate that Miss Stetson should meet with a reverse at this particular time, but we congratulate her on her road to recovery.

Bryan Says 'Heart Is in Grave With Cause'

San Francisco, July 8.—My heart is in the grave with our cause and I must pause until it comes back to me," said William J. Bryan today in giving his reason for not making any extended statement on the work of the Democratic national convention. "My views on the convention's action in reference to the endorsement of prohibition are known," said Mr. Bryan, "I regard it as a very serious mistake—it opened the door to the nomination of a wet candidate. I need not repeat here what I have said before in regard to the evasion of other issues."

Supulver Pardoned Was Wrongfully Held, Governor Says

(Santa Fe New Mexican)

George W. Supulver, sentenced in the district court for Grant county to serve from three to five years on four charges, was pardoned late yesterday afternoon by Governor Larrazolo, who stated he believed a mistake was made in the conviction of the man.

He received a petition from a great number of prominent citizens, the governor stated, asking that he show clemency for the prisoner and saying that his reputation had always been good.

The governor said he believed the conviction of Supulver was wrongfully obtained and that he was innocent of the charges against him and for that reason granted him a full pardon.

The Hanner Families Locate

Mr. and Mrs. Hanner arrived at their home in White Oaks Saturday and found Mr. and Mrs. E. M. Hanner who had arrived one day previous coming from Mt. Vernon, Ind. They traveled the entire distance by truck carrying everything needed for the journey. They report the greatest trip of their lives and are very much in love with our locality and will possibly make this place their future home.

Mrs. H. S. Hanner is delighted with her little stone house in the mountains. This is her first trip to White Oaks and wishes to live in the birthplace of "Heart's Desire" for the balance of her life. Other relatives are expected soon.

Commissioners Meet

The Honorable Board of County Commissioners met Monday and on account of holiday observance adjourned until Tuesday, when work of the past quarter was taken up. Considerable business was transacted, but due to the fact that they finished so late in the week, the proceedings will not appear in the Outlook until next week.

Ernest Prehm, of Ziegler Brothers General Store, left Thursday on No. 4 for Joplin, Mo., where he will spend about one week with relatives and friends.

Carrizozo Visited With Flood Last Friday

Sometime between the hours of 2 and 4 last Friday afternoon, the Great Water Spirit waved his magic wand over Nogal, and the precious fluid came down in the form of a "water spout." Some authorities claim that the cloud gathered above water canyon and floated on until it reached the Nogal peak, when it seemed to explode in every direction. This explanation would seem the most plausible, for water came down the mountain side completely immersing the east side, and on through Carrizozo to the Mal Pais, at a terrific rate of speed.

The flood filled the principal streets of the town, many cellars having to be bailed out after it subsided. This was an unusual sight to people of our desert locality as heretofore, we have only had glimpses of wonderful rains in the adjoining mountains or on the screen at the Crystal Theatre. The boys were quick to take advantage of the water; hustling on their rompers, they waded and swam about as though in a permanent lake or river. It was certainly fine and we are waiting for the next one.

Fire at the Tailor Shop

Tuesday evening about 9 o'clock fire was discovered at the tailor shop of V. S. Honsberger on Vlamogordo avenue. Mr. Honsberger, being at home at the time, the parties who made the discovery forced the front door and soon had the fire under control. The proprietor, in company with his wife, had left the shop at about 6 o'clock, leaving all doors securely locked, but the first ones to enter the building state that the door leading to the drying room was wide open. This would indicate that some one with a knowledge of the surroundings had been in the house after the owner had departed. Fortunately for Mr. Honsberger, the fire was discovered when it was, for had it been 15 minutes later, the entire building would have been afire. As it was, only a few suits were damaged, they being in the drying room at the time of the fire.

Probate Court Matters

Judge Kimbrell opened Probate Court Monday, but most of the probate contained cases of a minor nature which being dispensed with on short order the court finished its labors Wednesday, the Judge returning to Picacho on Thursday.

Sells Wool and Weathers

Henry Lutz & Son of the Ancho Rambouillet Sheep Ranch have shipped 100,000 pounds of wool to a certain Boston dealer. The wool is of an exceptional good variety and brings a nice price. The firm has sold 700 weathers to a firm in Roswell which will soon be delivered.

Mrs. B. J. McCarty and children are spending the heated period of the season in Cloudcroft with the hope that the coolness of that resort will be beneficial to the baby, who has been quite ill of late.

Cox Nominated On 44th Ballot

Auditorium, San Francisco, July 6.—James M. Cox, governor of Ohio, was nominated for president of the United States in the Democratic national convention on the 44th ballot at 1:40 o'clock this morning. The nomination came at the conclusion of a 44 ballot struggle in which he had steadily beaten down the forces of Wm. G. McAdoo.

When the balloting on the 44th vote had gotten to a point where Cox had 702 votes and was rapidly approaching the necessary two thirds or 729, Sam B. Amidon, of Kansas, manager of the McAdoo forces and vice chairman of the Democratic national committee, took the platform and moved that the nomination be made unanimous.

The Corona Celebration

Fully 2,500 people gathered at Corona, July 3, to take part in the big celebration and they were not disappointed. Everything that had been so carefully arranged was carried out to the letter. The big barbecue furnished plenty of fine meat for crowds and the horse racing, goat roping together with other means of sport on the program kept the good natured people busy with entertainment. A five-piece orchestra from El Paso furnished music for the dancing which continued from 9 in the evening to 2 in the morning. The management is deserving of much praise for the successful outcome of the celebration as evidenced by the unanimous verdict of all present. The hospitality extended to guests, will insure Corona a larger attendance on future occasions of this nature.

Maurice Lemon Injured

Little Maurice Lemon suffered the injury of a sprained ankle Saturday at the Nogal picnic. Some visitor had tied his horse to the limb of a tree near the dance platform and the horse became frightened, and in making a plunge, the limb broke, falling directly on the boy. As it pinned him down, his foot recled and he fell spraining his ankle. Luckily, the U. S. Hospital corps was on the ground and the injured boy was promptly attended to, but we are glad to say the injury was not serious and he able to be at his play again.

Dined at The "Oaks"

Mrs. Bartlett, conductor of the Teachers' Institute, Mrs. M. L. Blaney, County School Supt., Professor Pope of Roswell, and E. M. Brickley of the Board of Education, dined at the hotel in White Oaks, Wednesday evening, returning to Carrizozo at 9:30.

Died at Mountainair

Word was received last Sunday by Mrs. E. S. Corn, that the infant son of Henry Corn in Mountainair had died at 10:30 that morning. Mr. Corn being absent from the city, Mr. Jake Caldwell motored the family over to Mountainair where they attended the funeral on Monday.

BORN—To Mr. and Mrs. Millard Eckford on June 29, a boy. Mother and son are doing nicely.

Nogal Celebration Terminates Successfully

Saturday, July 3 being the day set aside for the big Community Picnic at Nogal, the place arranged for the event was filled to overflowing with people who enjoyed themselves throughout the day in various ways. The big barbecue was the center of attraction at the noon hour and the juicy meat was served to all present, leaving a nice supply in reserve for those who might come later in the day.

The ladies' nail driving contest was won by Mrs. Sears Crockett and the gents' contest by Jesse May. The boys' pony race was won by Wayne Brazel, the cow pony race by James Cooper, Jr., and the horse race by Marshal West.

In the goat raffle the following named gentlemen "got their goats": Robert Hurt, G. A. Tittsworth, C. A. Snow, Geo. L. Ulrick, J. A. Brubaker, Carter Fisher, Joe Finley, Llowd Taylor, Harry Norman, James Robinson. Those mentioned were holders of numbers which were drawn from a hat by a blind-folded boy. The goat roping contest resulted as follows: Luke Anderson, no time; Joe Finley, 14 3/4 seconds; S. A. Price, 34 seconds; Leslie Harmon (for Will Owen), no time; E. O. Finley, 16 seconds; Tip Frazier, 27 seconds; Carl Arnold, 31 seconds; Perry Townsend, 30 seconds; Ed Fitzpatrick, no time; Douglas Caine, 16 seconds; Leslie Harmon, no time; O. Z. Finley, no time.

In the base ball game that followed, Carrizozo far outclassed the El Paso team that there was no mistaking the outcome of the same from the start. Harry Norman struck out 16 men, the game resulting in a score of 7 to 0. The crowd that numbered near to the 3,000 mark never for a moment wanted for amusement; Ferguson's "Joy Makers" delighted the dancers with catchy dance music, the afternoon and evening being taken up with this form of pleasure between the lulls of other attractions. Much credit is due the committees for their hard work in order to make the event successful. The affair closed about 10 o'clock when the tired but happy crowds left for their respective homes.

New Mexicans Indeed

Mrs. M. A. Readel, mother of C. J. and Miss Elizabeth Readel of the Robidoux Cafe, came in the latter part of last week from St. Joseph, Mo., to make her home in Carrizozo. Miss Dorin, sister of Mrs. Readel, has returned to St. Joseph, to make arrangements for shipping the household effects of the family to this point so that they will soon be established and become New Mexicans, indeed.

Mr. and Mrs. L. H. Claunch left for their home in El Paso Tuesday, after about two months of stay at Pueblo Fardo ranch with the children, Mr. and Mrs. Floyd and Jefferson Claunch.

**New School Building
For Lincoln**

A new and commodious school building is under course of construction at Lincoln that will afford ample accommodations for all pupils of the Consolidated Schools, with the aid of the old Court House building which will hereafter be used for the Manual Training, Art, Domestic Science, and Physical Culture classes. The new building will be occupied by grades from 4th to 9th inclusive.

Four teachers for the coming term have already been secured. Mrs. Mabel Burleson will be Principal of the school. Mrs. J. H. Mims will teach the 6th and 7th grades and give special courses in music while Miss U. S. Clarke will have charge of the primary grades, and Miss Clara Peppin the 2nd and 3rd grades. With this good measure of support, Mrs. Burleson will be able to make a remarkable showing for the term and we congratulate Lincoln on its new school building, likewise on the array of talent in the teachers' list.

Silver City Normal Notes

(Mrs. E. A. Gumm)

The weather is delightfully cool which it is much needed by the large body of students in the strenuous work just completed. A class of twenty-one from the College Department has completed the High School work.

The students enjoy the musical treats in the Normal; we not only have the advantage of excellent technical training, but also in a social and functional way, we are entertained with rousing community singing, vocal and instrumental solos, and orchestral numbers.

Never have students worked harder than those who are attending, this term. The faculty is exceedingly strong. The "hikes" each Saturday afternoon and picnic teas each Sunday, likewise the receptions, add much to the social life at the Normal.

Teachers here from Lincoln county are as follows: Marguarite Hillhouse, Nora Kimmons, Frances Merchant, Cynthia Maryfield, Ruby Bryan, Dora Gonzales, Juanita Salazar, Fannie Orthorfor, Ivel Davis, Velma Dudley, Janette Merrill, Ellen Smith, Inez Holland, Ruth Broadhead, Minnie Pittman, Mrs. Grace M. Taylor, Ula Lassiter, Mrs. E. A. Gumm, Mr. J. F. Stone, Elerio Maes.

B. Y. P. U. Entertains

The Baptist Young People's Society entertained the Epworth League of the Methodist church Wednesday evening at the home of Mrs. T. E. Armstrong. The evening was pleasantly spent in playing games of various kinds and a program of singing, recitations, etc., made the event one of joy complete. Mesdames Armstrong, Smith, and Merchant ministered to the pleasure of the young folks and the affair from a social standpoint was a decided success. Dainty refreshments were served.

Those present were: Mary White, Evelyn French, Grace and Winnie Taylor, Mrs. T. E. Armstrong, daughters Alice and Elsie, and son Floyd, Mrs. L. S. Smith, and daughters Mabel and Ruby, Mrs. W. C. Merchant and daughter Lillian, Eva Wack, Laura Scharf, Edna M. Cribb, Opal Fite, Alice, Margaret and Linza Branum, Charlotte Elliott, Rosalind Burke, Marie Davis, Mabel Emerson, Daniel Elliott, Geo. Clements, Jr., John M. Boyd, Roy Stimmie, Dayton Herron. This custom of entertainment jointly conducted by the young folks of these important societies is promotive of much good from the fact that the custom cements the bonds of friendship and Christian endeavor more closely together, and better fits each religious worker for future usefulness.

Entertained at Tucumcari

(Tucumcari American)

The home of M. H. Koch was the scene of a gay party on Thursday evening when a number of young people assembled to meet Miss Bertha Mayer of White Oaks, who is the house guest of the Misses Koch. Dancing was the entertainment of the evening with Mrs. Hale at the piano. Punch was served throughout the evening and at a late hour the hostess, Miss Edna Koch served light refreshments.

Guests were: Misses Ruth Goldenberg, Norine King, Dillon Brown, Eva Braun, Lucille Wharton, Merle Koch, and Bertha Mayer. Messrs. Wharton, Davis, Greaves, Anderson, Hurley, Max, Arthur, Hurley, and Roy Goldenberg, Mrs. Hannah Krohn, Mr. and Mrs. J. J. Harrison, and M. McNamee.

Hubbard-Skinner

Saturday at the Baptist parsonage, with the Rev. Smith officiating, occurred the marriage of Reuben Hubbard and Miss Eunice Skinner, the former of Corona, the latter of Nogal. The many friends of both parties in their home town wish them a world of happiness in their new life. After the ceremony the young couple left for Corona to make that place their future home.

Ten persons were killed and nine injured, probably fatally, when a truck carrying a load of picklers was struck by a passenger train one mile west of Huntington, Ind.

Frank C. Cogswell of Minneapolis, Minn., and his daughter, Dorothy, were killed at Lakeview, Wash., near Tacoma, when an airplane in which they were passengers plunged into a sandbank.

Disension among members of the Perkins Grove Lutheran church, south of Dixon, Ill., resulted in some of the members breaking into the church during the night and with axes and saws destroying pews and pulpit.

Following a rejection of his proposal of marriage, William F. Smith shot and killed Miss Theama Gutke, 17 years old, at Douglas, Ariz. As the girl fell Smith turned the weapon on himself. A bullet entered his heart and he fell dead on the pavement beside his companion. His home is in West Virginia.

Lieut. Stanley M. Ames, commanding the Ninety-four aero pursuit group at Kelly field, is held by Mexican authorities at Matamoros, just across the Rio Grande river from Brownsville, Tex., according to reports at San Antonio. Ames was forced to land on account of running out of gasoline. The landing was made safely.

The Navajo Indian tribe in north-eastern Arizona numbers 7,844, said to be the largest single tribe of Indians remaining in the United States, according to an announcement at the district census office, Phoenix. With this enumeration completed, District Supervisor Sam Brandor said his task was finished and his office closed.

The establishment of a fund of \$100,000,000 to extend financial aid to western wool-growers, while awaiting the re-establishment of the wool market, was considered at a conference in Chicago recently of western bankers and sheep ranchers. Chicago bankers were asked to displace Boston banks in financing the annual wool clip of the country, which plan would make Chicago the wool center of the nation.

WASHINGTON

The 1920 population of Delaware is 222,015, an increase of 20,981 since 1910, or 10.2 per cent, the census bureau has announced in Washington.

The population of Continental United States is estimated at 105,000,000 by J. A. Hill, chief statistician of the census bureau. His calculation is based on the combined population of 1,400 cities and towns for which statistics have been announced.

The population of Colorado Springs, Colo., was announced at 30,105 in the preliminary statement on El Paso county, Colo., issued at Washington. That is 538 more than the city's population as previously announced, when the total was given as 29,572.

Philadelphia's population has been announced by the census bureau as 1,226,158, showing that the country's third most populous city had maintained during the last ten years the steady rate of growth it has had since the first federal census in 1790.

Brig. Gen. J. M. McAndrew, John L. Pines, Henry T. Allen and David C. Shanks have been given recess commissions as major generals in the regular army by President Wilson. It has been announced by Secretary Baker. Seven major generals are yet to be appointed under the army reorganization act.

That \$1,207,100 was loaned to 284 farmers of the United States by the Federal Land Banks on long time first mortgages during the month of May, 1920, is shown by a report recently made public by the Federal Farm Loan Bureau. Of these the Federal Land Bank of Omaha leads in the amount of loans. The bank reported \$388,200. Loans closed by other banks in May are as follows: St. Paul, \$241,100; Berkeley, \$140,700; Wichita, \$75,000; Spokane, \$75,300; Springfield, \$68,900; Baltimore, \$18,000; Houston, \$6,400. On the last day of May there were operating in the United States 1,508 farm loan associations and the total mortgage loans made by the Federal Land banks through these associations to 12,298 farm borrowers amounted to \$97,200,841.

Two American who are said to have represented themselves as big business men, are alleged to have been caught smuggling opium from Amoy, China, to Manila.

The first official meeting of the League of Nations will be held at Geneva next November, according to information received from the principal allied capitals.

The commission of jurists in session for formation of a permanent court of international justice, as provided in the League of Nations covenant, has unanimously decided that the court shall be located at The Hague.

American missionaries stationed at Reshad, Persia, near the Caspian sea, retired from that town when the Bolsheviks approached it and are safe, the State Department was advised by the American legation at Teheran.

The secretary of foreign affairs has ordered the boundary commission to investigate complaints by farmers of Ojinsja, state of Chihuahua, Mexico, that recent rains had moved the bed of the Rio Grande southward, leaving lands of Mexicans apparently on the American side.

Of all industries in Japan, ship-building made the greatest progress during the war, reports the department of agriculture and commerce. Before the war Japan ranked sixth among the powers in the number of vessels. Last year she ranked in third place after the United States and Great Britain.

More than 5,000 Americans will hereafter be entitled to wear a new bronze decoration of their uniforms, hanging from a ribbon striped alternately red and white. The medal is the new service badge of the French army, commemorative of the war. The 5,000 Americans entitled to wear it have all served with the French army.

Gen. Frederick Montes, former governor of the state of Guanajuato, who has been detained in the military prison in connection with the death of the late President Carranza, has been ordered set at liberty by Provisional President de la Huerta of Mexico. The president acted on the request of the Chamber of Deputies so that Montes might take his seat as a deputy.

Two thousand British, Austrian, German and Finnish prisoners of war were drowned when a Bolshevik steamer was sunk recently in the Neva river, according to a Helsinki dispatch to the Central News in London. A Reuter report from Stockholm would seem to confirm this dispatch, saying that a ship was sunk June 6 with 2,000 repatriated prisoners on board.

GENERAL

The State Legislature of Tennessee will be called to meet on Aug. 9 at Nashville, to consider the federal suffrage amendment, it was stated at the capitol.

Between \$2,000,000 and \$4,000,000 damage was done to corn, tobacco and cotton crops by a hailstorm which swept Wayne, Pitt, Leboir and Greene counties in North Carolina. The growers declare little of their crop can be saved.

Operating revenues of the Southern Pacific Company and proprietary companies for 1919, as disclosed in the annual report published in New York, amounted to \$239,857,272, an increase of \$18,048,000, or 8.14 per cent over the preceding year.

A \$3,000,000 cargo of South African gold, consigned to the banking firm of Kuhn, Loeb & Co., and shipped aboard the steamer Mauretania, has arrived in New York. The metal was purchased in the London open market last week.

The sum of \$50,000 and an annuity of \$6,000 were left Miss Mary Kilms, for twenty-seven years secretary to George W. Perkins of New York, by the will of the financier. The bulk of the estate was left to Mrs. Perkins and the two children.

Meat packers from all parts of the country will meet in Atlantic City, Sept. 12, 14 and 15, to discuss problems affecting the industry. Thomas E. Wilson, president of the Institute of American Meat Packers, has announced at Chicago.

President Lowell has announced gifts to Harvard during the year totaling \$6,222,615. This amount does not include sums less than \$100,000, or pledges. Total subscriptions to the proposed endowment fund of \$15,200,000 have reached \$12,157,764.

Allen A. Ryan, chairman of the State Motor Car Company, who became involved in a controversy with officials of the New York Stock Exchange at the time it was alleged a corner existed in State, has been expelled from the exchange, according to an announcement by the board of governors.

Five workers who had refused to join a strike of machinists and machinists laborers, a woman and three children miraculously escaped death at Waterbury, Conn., when a bomb was hurled through the window of one of the sleeping rooms, blowing out all the windows in the house and demolishing one side of the structure.

Southwest News From All Over New Mexico and Arizona

Western Newspaper Union News Service.

Five thousand acres of wheat, almost ready to harvest, was reported a total loss as the result of a blizzard which swept through Curry county, N. M., recently.

The old Great Eagle flouring mill in the Red Rock district in New Mexico has been taken over by James Bell and I. L. Wright and will be put into operation at once.

At a meeting of the county commissioners held in the town of Des Moines, N. M., the town of Felton was formally incorporated as a village. An election will be held soon for the purpose of choosing a mayor, four trustees and a town clerk.

Preparation of the Arizona financial budget was begun when Charles W. Fairfield, executive secretary to Governor Campbell, sent to the heads of all departments blanks to be filled in with records of expenditures and with requests for appropriations.

Reduction of the valuation placed on the property of the Aravaipa Lumber Company by the assessor of Graham county was asked by the Aravaipa company at a hearing before the Arizona Tax Commission at Phoenix.

According to reports of the Railways Ice Company of Clovis, N. M., a new plant will be erected this summer on the land west of the roundhouse which will be one of the largest in the southwest and will have treble the capacity of the present one.

Fifteen thousand dollars' worth of material for the new \$100,000 ward school building at Clovis, N. M., was destroyed by fire caused, it is believed, by defective wiring in the building where the material was stored. In addition to the material lost his motor-equipped tool shop, a motor truck and all his tools.

Plans for the new country club in Clayton, N. M., are nearly completed and the site selected will be the Otto ranch which has been donated by Mr. Otto, who is willing to lease the property to the club as long as it is active. The land is located on the Perico river and is one of the finest locations for a club of this kind in the state.

The number of applicants for teachers' certificates in Arizona shows no falling off because of salaries paid, members of the State Board of Examiners were convinced when they began grading papers of applicants who took the examination for teachers' certificates held at Phoenix. Eighty-nine from various parts of the state took the examination.

The camping ground at Roswell, N. M., which was made possible a year ago through the Chamber of Commerce, has become one of the most popular places in the city. The literature of the chamber is also distributed on the grounds every day and everything possible is done to bring the tourists in closer touch with the city and its people. Plans are now under way to erect a pavilion and reading room on the grounds during the summer.

The total motor vehicle fees collected by Arizona for the month of May amounted to \$44,088.75. This amount covers the registration of 124 cars and 82 transfers. Maricopa county again leads as having the largest number of cars registered, 457 being given credit during the past month. The total amount in fees collected for motor vehicles since the first of the year, according to the records of the office is \$176,785.84.

A new map of the Colorado quadrangle, in southwestern New Mexico, has just been issued by the United States Geological Survey, Department of the Interior. This is one of a number of maps along the Mexican border mapped by the Geological Survey in cooperation with the War Department.

Unable to find further trace of two negroes who left Phoenix in an automobile about the time of the murder of Mr. [Name], on June 6, the police have given up the search. The negroes were last seen south of Prescott and were reported traveling at night. Mr. and Mrs. Herbert were so seriously beaten about the head with a hammer that they died.

A big fire occurred near the railroad track at Holbrook, N. M., when a large quantity of beer grain which had been stacked there was burned. The grain is being cut in large quantities and shipped to eastern factories where the fiber is extracted and used in the manufacture of certain kinds of cloth. The grain had been stored for shipment by several farmers and the total loss is estimated at over \$5,000.

BOY SCOUTS GO OVERSEAS

4000 APPLAUD AS BAND GIVES FINAL CONCERT ON EVE OF TOUR.

INNES IS DIRECTOR

INDIAN PAGEANT IS BIG SUCCESS -MAYOR BAILEY SENDS GIFT TO LORD MAYOR.

Western Newspaper Union News Service.

Denver.—Amid the applause of over 4000 spectators the Denver Boy Scouts band, under the leadership of Frederick Neil Innes gave their final concert at the Auditorium before leaving for New York City. They displayed a technique that would be the envy of a much older and more experienced band of musicians.

An address by Mayor Dewey C. Bailey and the presentation of the specially bound Robert Speer memorial volume to Donald Welger, honor scout, as the Denver mayor's gift to the lord mayor of London, followed the end of the first part of the program. Mr. Innes made a brief talk in which he highly praised the scout band and expressed his deep regret at his inability to accompany them overseas. He was presented with a huge bouquet of roses by members of the band.

The second part of the program, given in an Indian setting, was begun with the muffled beating of tomtoms and the strains of a weird Indian chant. Then Indian warriors, resplendent in aboriginal costumes and head dresses appeared to give ancient Indian war songs and grotesque religious dances.

At the end of the pageant George L. Nye made the farewell speech, and on behalf of Governor Shoup intrusted two letters to Donald Welger, one to be presented to the king of England, the other to the president of France.

Owing to the length of time consumed in the presentation of the pageant, a number of musical numbers on the last part of the program had to be omitted so that the boys could pack their instruments and get to the train.

Plan for Speedy Recognition.

Washington.—Efforts of the New Mexican government to obtain recognition from the United States were intensified by Fernando Iglesias Calderon, Mexican high commissioner in this country, who held a lengthy conference with Acting Secretary of State Davis. Arguments and pleas for recognition were presented by Mr. Calderon to Secretary Davis, who prior to the conference announced that the matter would be referred to President Wilson. The mission of which Mr. Calderon is the head, it was learned, had not planned to begin the work of obtaining recognition so soon, but developments in Mexico were considered by members of the mission such as to make haste advisable. Unrest in the Mexican congress which has developed within the past two weeks and the outbreak of a new revolution against the federal government in the state of Tamaulipas, which was reported to the State Department, led the American advisers to decide in favor of quick action.

Women Prisoners Escape.

Akron, Ohio.—Three women prisoners sawed their way to freedom at the county jail here. The women occupied a cell directly over the jail office. The women, after sawing the bars, dropped to the ground directly in front of the office window.

G. O. P. Seeks Nonpartisan.

Fargo, N. D.—William Langer had a two-to-one lead over Gov. L. J. Franke, the Nonpartisan League candidate in the contest for the Republican gubernatorial nomination, when returns from state-wide primary had been received from 143 scattered precincts. Returns representing both towns and rural communities, gave Langer 16,586 votes and Franke 4,112. Almost every report showed increased strength for Langer.

Falling Scaffold Kills Three.

Chicago.—Three men were killed when a scaffold on which they were working collapsed in the interior of a concrete smelting stack at the Ingot plant of the Steel and Tube Company of America, on the South Side. The men fell 125 feet.

Alpine Strikers Live Wire.

San Francisco.—Two men and a 10-year-old boy were killed and their bodies burned when an airplane in which they were riding here struck a high voltage electric wire and crashed to the ground in flames at the Marina Spring field.

Case Seemed Hopeless

Don's Case, However, Through Complete Recovery and Health

"I used to think my case would never be cured," says Don's father, prominent judge, Mr. J. H. Carpenter, Street, Reading, Pa. "My back pained me constantly. I was an invalid as a baby and a nurse had to stay with me all the time. The kidney conditions were so bad that I was unable to work as often as every ten minutes. Sometimes my eyes were almost closed by the swollen cells beneath them and my limbs, too, swelled twice their normal size. For almost a year I was practically helpless and never expected to get downstairs again. I had been told that nothing could be done for me, and had given up all hope of ever getting better. My condition was critical when I was told about Doan's Kidney Pills. I began using them and the doctor made me hopeful of getting well again. The pain in my back ceased and my swollen limbs started to look more natural. I kept on using Doan's and became as healthy well. I owe my life to Doan's." Given in full before me.

HARRY WOLF, Notary Public. Doan's Kidney Pills. POSTER-MELBURN CO., BUFFALO, N. Y.

Here's a technical engineer writes an article on the beauty of mechanics. "What of it?" "After watching my wife make up her face I think I could write something good on the mechanics of beauty."

CUSTOMS FIFTY YEARS AGO.

Who among us would say to-day, "I never use a Dentifrice; I never have to?" Yet fifty years ago, odd as it may seem, not one person in 1,000 used a Dentifrice—or even a tooth brush. So to-day, after more than 30 years of persistent publicity of Allen's Foot-Ease, the Antiseptic Powder for the Feet, not many well-turned-out people care to confess, "You know I never have to use a Foot-Ease for the Feet!" More than One Million five hundred thousand pounds of Powder for the Feet were used by our Army and Navy during the war. The reason is this: Confining the feet in Leather or Canvas Shoes is bound to create friction more or less. Allen's Foot-Ease removes the friction from the shoes. It is this friction which causes callouses, corns and bunions. You know what friction does to your motor-car axle. Why not remove it from your footwear by shaking into your shoes to-day, Allen's Foot-Ease, the cleanly, wholesome, healing, Antiseptic powder? Get the habit, as millions now have it, who inhabit our 63,784 imperfect world.—Adv.

Girls! Girls!! Clear Your Skin With Cuticura Soap 25c, Ointment 25c and 50c, Tablets 25c.

DAISY FLY KILLER. PLEASED! ANTWERPS. I had stomach trouble over ten years; kept getting worse. I tried everything for relief but it came back worse than ever. Last fall I got out of bed; could only get light food and had no sleep. In January I got so bad that what I would eat would sour and boil; my teeth would be the chalk. I had no stomach. I started using Daisy Fly Killer and in one week I was eating solid food. One day I read about EATONIC and told my wife to get me a box at the drug store as I was going to work at 4 p. m. I took one-third of it and began to feel relief; when it was three-fourths gone, I felt bad and when it was used up I had no pain. Wife got me another box but I have felt the pain but twice. I used five tablets out of the new box and I write no more stomach trouble. Now I write to tell you how thankful I am that I heard of EATONIC. I feel like a new man; I eat what I like, drink plenty of water, and it never hurts me at all.

Prayed for Cure Finds it After 10 Years Food Would Sour and Boil - Teeth Like Chalk

Mr. Herbert M. Coomer writes from his home in Berlin, N. H.: I had stomach trouble over ten years; kept getting worse. I tried everything for relief but it came back worse than ever. Last fall I got out of bed; could only get light food and had no sleep. In January I got so bad that what I would eat would sour and boil; my teeth would be the chalk. I had no stomach. I started using Daisy Fly Killer and in one week I was eating solid food. One day I read about EATONIC and told my wife to get me a box at the drug store as I was going to work at 4 p. m. I took one-third of it and began to feel relief; when it was three-fourths gone, I felt bad and when it was used up I had no pain. Wife got me another box but I have felt the pain but twice. I used five tablets out of the new box and I write no more stomach trouble. Now I write to tell you how thankful I am that I heard of EATONIC. I feel like a new man; I eat what I like, drink plenty of water, and it never hurts me at all. W. N. U., DENVER, NO. 27-1920.

RESOLUTIONS OF TEACHERS' INSTITUTE

Carrizozo, N. M., July 8, 1920.

We, the Lincoln County Institute in order to show our appreciation for the many courtesies and educational benefits derived from our summer school, do adopt the following resolutions:

I. Resolved, That we extend to our superintendent, Mrs. M. L. Blaney our sincere thanks for the loyal support and her conscientious efforts in making this institute a success.

II. To Mrs. Florence Bartlett, our conductor, for the beneficial results obtained from her valuable instruction, ideals, and model class work.

III. To Prof. D. N. Pope for his untiring aid and interest in our welfare.

IV. It is our desire that both Mrs. Bartlett and Prof. Pope can be prevailed upon to be with us in our institute again next year.

Resolved, That we extend our sincere thanks to Rev. A. C. Douglas and Mr. E. M. Brickley for their inspiring and instructive remarks addressed to this institute, and Miss Ula Edmiston, who so kindly entertained us with a song.

Resolved, That we extend to Miss Josephine Stetson, one of our fellow teachers, our heartfelt regrets and sympathy that upon account of her illness she has been unable to share in our sessions.

Resolved, That we extend thanks to the Carrizozo Board of Education for the use of the school building and equipment.

Resolved, That believing the welfare and future progress of our state lies in the intellectual furtherance of the masses and that through the teachers this ideal may be secured, we recommend to our state legislature that the remuneration of teachers be adjusted to enable them to meet present conditions of living in a manner commensurate with their position.

Resolved, That the future success in our educational advancement can best be secured by the selection of experienced and competent superintendents and supervisors, inasmuch as this is necessary and of vital importance we recommend and endorse Mrs. M. L. Blaney as one who having proved her worth in educational fields within our county and state should succeed herself in her present position.

Resolved, That in the present state of social unrest in our nation it is necessary to inculcate a spirit of patriotism and love of country in the girls and boys in order that they may become good and orderly citizens.

To the securing of this end we urge our fellow teachers to instill into the heart of our youth true ideals of the highest American citizenship. By observing in a proper way the holidays set aside to honor the memory of our great men and events of our history.

Resolved, That these resolutions be published in the Carrizozo Outlook, the Carrizozo News, the Capitan Mountainecor, and the New Mexico Journal of Education.

T. P. McCOLLISTER,
MRS. W. P. CLARKE,
MISS MAMIE HUMPHREY,
Committee.

Good News For Ex-Service Men

Good news for ex-service men suffering with disabilities which constitute vocational handicaps was received in Carrizozo this week by the American Legion Post, the Red Cross and other agencies co-operating in the work of aiding former service men. Announcement was made that on July 29th, any man who believes himself entitled to retraining at the hands of the Federal Board for Vocational Education (a purely civilian Board) may have his case decided and if he is eligible the man be placed in training at once by appearing in Carrizozo on that day.

The coming of representatives of the Federal Board for Vocational Education to Carrizozo on the day mentioned will, it is hoped by those concerned, reach the attention of every man who might have a claim against this department of the Government and the visit of these representatives will mean for these men the following things:

That if he has not yet made application for vocational education such application will be made for him on the spot. Immediately he will be examined by a physician of the Board and his case rated. Then the case will be decided by a Washington representative of the Board and if the man is declared eligible he will be placed in training immediately.

He Came Unto His Own and His Own Received Him—But How?

Apostles may come and apostles may go, but some go on victories while others waive the baton of influence for a while until after forcing their views on others in spite of their opinions, they are relegated with a sudden lurch to the rear, or to final obscurity. Such is the position of the once mighty William Jennings Bryan in the Democratic Convention at San Francisco. Mr. Bryan came to the convention with a set determination to thwart the plans of those who were seeking to nominate a candidate favorable to the wet forces. In an interview with a newspaper correspondent at Ogden, Utah, before leaving for the coast, he said, that no candidate favorable to the wet forces would have a ghost of a chance at the convention and moreover, that he would see to this important matter himself.

At the last convention four years ago, Mr. Bryan was directly responsible for the nomination of President Wilson when he flouted the challenge to the candidates that the one who would accept the nomination independent of Wall street support, let him come forward. Mr. Clark, who at that time, was Bryan's favorite, failed to act and Wilson responding, caused him to be the nominee by accident. This conclusively showed the strength of Mr. Bryan's influence and while the convention was in an uproar, Bryan sat silent. Some enthusiastic democrat approaching him, said: "Colonel, why do you not join this demonstration?" He answered with these words: "Let me enjoy this victory, in silence."
"How the mighty have fallen." We see him entering the "Frisco" convention, determined to wield the sceptre as of yore, among the democratic hosts; with dogged indifference to the views of others, he holds the reins until the tension becomes so tight that the reins snap and others take his place at the lead. Governor Cox, the nominee, is the man Bryan has fought to prevent his nomination; every argument has been used by the Commoner to even prevent his name from being mentioned in the convention, but different from four years ago, he now sits, listening to cheers in opposition to his views, where he once listened to applause for himself and candidates whose interests he had fathered. Mr. Bryan is in a queer position; if he supports the regular nominee, he will support the wet column and sacrifice his views on prohibition for those of whom are ad-

vocating the return of John Barleycorn. This would place him in an uncompromising position with his friends in the dry column. To us, it would seem that the only policy for him to pursue in the face of existing conditions would be to mount the Republican band wagon, as to join the LaFollette forces in the proposed new party would place him in a still more ridiculous position from a patriotic standpoint. To say the least, his future actions will be awaited with much interest.

Valuable Horse Saved

Expected Horse Would Die—Now Sleek and Healthy.

In reporting his experience, Mr. J. C. Haste, of Rock Bridge Baths, Va., stated: "My horse is the best advertisement you would want for Dr. LeGear's Stock Powders. He was in a run down fix and poor and I thought he would die soon. I got some of Dr. LeGear's Stock Powders—and today he is as fine a looking horse as you can see in this section. I only used a few boxes of Dr. LeGear's Stock Powders."
Mr. Haste benefited by the advice of Dr. LeGear. By following the Doctor's advice you can also keep your stock sleek and healthy. Get Dr. LeGear's Stock Powders from your dealer; feed it to your horses, milk cows, steers, hogs, and sheep as per directions. Satisfaction or money back.—Dr. L. D. LeGear Med. Co., St. Louis, Mo. Adv.

The VACCINE That Made Kansas Famous

This is the Original Formula Kansas Germ Free Vaccine (Aggressin) which has revolutionized Blackleg treatment. It originated thru experiments at Kansas Agricultural College directed by the President of this company in person. One dose prevents Blackleg. Proved on over a million calves. Absolutely reliable—one trial convinces. U. S. Blackleg Vaccine 20c per dose.

Crow Farmer's Friend and Foe

"Twice as Good as He Is Bad,"
Writer Says of Persecuted Bird.

IS BACKED BY UNCLE SAM

Kills Young Chickens and Destroys Eggs of Other Birds, But on Other Hand He Kills Field Mice and Insects.

Washington.—The United States biological survey sends out a bulletin about the crow. It says that the big black fellow is the farmer's friend and should not be exterminated, and it goes on to assert that many crows recently examined were found to eat 88 per cent grain and 62 per cent May beetles, tussock moths, grasshoppers, gray moths, army worms, chinchbugs and brown moths. So he is about twice as good as he is bad.

But the crow also kills young chickens and destroys the eggs of other birds. George F. Burbs writes in the Columbus Dispatch. Charge that up against him along with the 88 per cent grain which he eats. Then on the other hand, set down a large number of birds which he also gets away with and there is still a balance in his favor. Besides, much of the grain the crow eats would be wasted anyway, since he picks up the scattered kernels in the field and eats a lot of very poor corn and wheat that wouldn't be any account to anybody else.

Hunted Become Intelligent.
The government bulletin isn't going to have much effect, one way or another, however. Everybody takes a shot at a crow whenever he gets a chance, but the crows persist. They have been warred upon so much that they have become very intelligent.

Take note of that—anything that is warred upon or hunted becomes intelligent. The hunted birds and animals acquire knowledge and cunning, or whatever you want to call it. Otherwise they would disappear.

If crows were stupid and sat around on fences when they see a man in the field with a gun; if they built their nests where the nests could be easily broken up; if they did not help each other by giving warning of approach-

ing danger, there would be no crows. But everybody seems to be an enemy of the glossy fellow, and he knows that he must keep at a safe distance.

He learns that he must build his nest high up in a tree, away from human habitation, and watch out every moment for somebody or something that would kill him. All of this has made him what we call one of the most intelligent of birds.

The Crow as a Pet.

—And still the crow is a sociable bird. He likes human beings, when they treat him right. He makes a splendid pet, although a naughty one, in that he is always getting into trouble. If you will take a crow when it is young and raise it, it becomes as gentle as a chicken.

He likes to be around the house, where there are a lot of boys, but at every opportunity he will fly upon the

table and snatch the food, or carry scissors or thimbles or spoons of thread or jewelry away and hide them. He is a mischief maker with the hens and chickens and fesses and quarrels and wrangles with the dog that sleeps upon the porch.

But he will not desert the family; he will remain with the boy that feeds him and attends to him, although he may take a trip occasionally to the fields and talk to the other crows, coming back at night to his regular roost.

New Crews Over the Doctors.

Huntington, W. Va.—Marguerite, the twenty-month-old daughter of E. W. Stoller and wife, was slowly wasting away. Physicians saw no hope of her recovery. She was seized with a fit of coughing and a watermelon seed she had swallowed last September was disgorged. Now she will get well.

Met Death on Duty.

Lawrenceburg, Ind.—Capt. Wesley L. Moore, aged seventy-eight, river pilot, often said he hoped he might die on the Ohio river. Death came to him as he wished. He was found lifeless in his cabin on the Ivory Wood, a vessel he operated between Cincinnati and New Orleans.

Tell Ships of Ocean Noises

Secret Ears to Be Placed on Merchant Ships by the Government.

TEST PROVES IT A SUCCESS

Hydrophones, Government Controlled Invention, Can Explain Many Sea Mysteries—Tried Out on Destroyer.

New York.—In olden times when Chinese shipbuilders designed and constructed their lateen-rigged craft for war or commercial purposes, prominent and oftentimes ferocious "eyes" were located on either side of the bow.

Today modern America, now the leading nation in ship construction, is proposing to equip her merchant vessels with "ears," the location of which, like the eyes on the Chinese junk, are

on the ship's bows, but under instead of over the water. While superstition induced the Chinaman to equip his ship so it could "see" its enemies and work its way into a safe port through shoal water, hidden rocks and through crowded waterways, science has designed the "ears" for the same purpose.

Test Is Made.

With the destroyer Breckenridge equipped as a demonstration ship, 40 or more representatives of leading steamship lines have just had an opportunity to see and test the efficacy of the listening device. It is now a government-controlled invention, used on fighting ships during the war as a protection against submarines and officially designated by the navy as "the M. V. type hydrophone." Its object is to disclose in surrounding waters the presence of other craft, to forestall the approach to shoal waters, apprise the navigator of the vicinity of lightships equipped with submarine bell signaling devices. It is expected also to disclose with a remarkable degree of accuracy the depth of water where-in the ship so equipped is sailing.

Tells Depth of Water.

The apparatus includes 48 hydrophone receivers located in a tank of water in the bow of the vessel so that an equal number is on either side. In the test the sound of the propellers of a steamer five miles distant was heard. The depth of the water is ascertained by listening to the noise made by the propellers of the vessel carrying the hydrophone as it is echoed back from the bottom of the sea. In depths beyond 100 fathoms, however, the hydrophone refuses to record, it was explained, but as a majority of collisions occur near a coast line and at congested harbor entrances, the inventors and officers of the navy predict that its adoption will remove many of the hazards of navigation now caused by fog.

Dr. H. C. Hayes, formerly of Swarthmore college, said the device had been installed on one transport, Von Steuben, and on one occasion probably saved the ship from running aground on the Long Island shore during a heavy fog. Doctor Hayes also claims that the invention will enable a mariner to locate icebergs, through the reflecting back to the operator from the submerged portion of a dangerous berg the sound of the operating ship's own propellers.

Big Freighter Launched Sideways

View of the sideways launching of the steel freighter Hamsel, built for the Panama canal commission. The vessel has a capacity of 10,000 tons.

Man Fell Into Bear Pit; Arm and Leg Torn Away

August Kabler, a medical student at Bern, Switzerland, was terribly mangled by bears into whose pit at the zoological gardens he had fallen while he was throwing carrots to them. He was taken to the hospital in a broken condition, his left leg and left arm being entirely torn away.

None Dies in This Town.

Cranmore, Cal.—This town asserts itself as the healthiest community in the state, basing its claim upon the fact that the local cemetery has not had a grave dug since 1888, the date of the last funeral in Cranmore. Since that time several residents of the community have died in other sections of the state, but it is a remarkable fact that not a single death has occurred in the community since 1888.

NEW REVOLT LOOMS

Outbreak of Junker Army in Pomerania Feared.

Kapp Supporters Scattered Among Big Estates Obviously as Farm Laborers.

Stettin.—Everyone in this section of Pomerania will tell you something is going to happen, but they do not know what.

Former Minister of War Reinhardt, who is trying to find the answer and to devise a lid for threatening outbreaks, feels the same way, but apparently he is satisfied there is no immediate danger. Under his direction the headquarters of two Junker outfits have been raided and closed, and the militarized police force has been strengthened. There are no outward signs, except that general unrest indicates a tenacity in the situation. Everybody is sleeping on his arms,

one eye open. No confidence is felt in the Reichswehr, which still retains most of the officers who supported the Kapp forces; and these still have their arms and are scattered among the big estates, obviously as farm laborers, but in reality more like small bands of mercenaries as bodyguards for the Junker barons.

The opposing forces are the actual workmen. On the estates there normally are two organizations, but it needs only the first hint of a monarchist coup when they will be under one leadership ready for battle.

Let the Defense Hang Itself.

Nobleville, Ind.—Mrs. Rosa Davis, administratrix, suing the Central Indiana Railroad company for the death of her husband, Charles E. Davis, didn't have any witnesses, but on the evidence of the railroad's witnesses she was awarded a verdict of \$8,000. All testimony for Mrs. Davis was brought out on cross-examination.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promise of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results; as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Postal Note. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Adv.

Her Reason.

She had been a troublesome patron at the school since she came to the neighborhood. The room was too cold for her little daughter or it was too hot. The lessons were too hard and the teacher must give her extra aid. And on and on it went; the mother saying that she, as a superior patron of the building, should have preference over the lesser lights.

Then came a new demand. The note read as follows: I wish the teacher to keep my Priscilla with her at recess. I don't want her to play with children who learn her to butcher up her English like the children in her room do.—Indianapolis News.

Important to Mothers

Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the

Signature of *Dr. J. C. Fletcher* In Use for Over 30 Years. Children Cry for Fletcher's Castoria

One Wild Thrill.

"The life of a cowboy must be something wildly adventurous," remarked the tourist.

"To speak the truth confidential," replied Cactus Joe, "I always found it pretty tame except once, and that was when a movie picture company came along and fooled me into going along and helpin' to give the exhibition."

ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger "Bayer packages." Aspirin is trade mark Bayer Manufacture Monocetate of Salicylic acid.—Adv.

Italian "City of Crime."

The only town in the world which can boast of possessing more criminals than law-abiding folk is the Italian city of Artens, which is known as the City of Crime. For several hundred years nearly every criminal who has escaped prison or done time in Italy has emigrated to Artens, and today practically every inhabitant of the place is a criminal or the child of a criminal.

Naturally, "I put my foot in it today." "What did you do?" "Tried on a new pair of shoes."

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire. There is a harassing discomfort caused by Eczema that becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

Stock Raising in Western Canada

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in raising Horses, Cattle, Sheep and Hogs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms.

Farm Land at \$15 to \$30 an Acre

—land equal to that which through many years has yielded from 20 to 40 bushels of wheat to the acre—grain land convenient to good train lines at proportionately low prices. These lands have every rural convenience: good schools, churches, roads, telephones, etc., close to live towns and good markets. If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, investigate what Western Canada has to offer you. For illustrated literature with maps and particulars regarding reduced railway rates, location of land, etc., apply to Dept. of Immigration, Ottawa, Can., or W. V. BERRITT, Room 4, Bee Bldg., Omaha, Neb., Canadian Government Agent.

Baby's Clothes

will be white as the driven snow when laundered if you use **Red Cross Bag Blue**. It never streaks or spots the clothes, nor does it injure the most delicate fabric. All good grocers sell it; 5 cents a package.

There is more Catarrh in this section of
 the country than all other diseases put
 together, and until the last few years
 was supposed to be incurable. For a
 great many years doctors pronounced it a
 local disease and prescribed local reme-
 dies, and by constantly failing to cure
 with local treatment, pronounced it incur-
 able. Science has proven Catarrh to be a
 constitutional disease, and therefore re-
 quires constitutional treatment. Hall's
 Catarrh Cure, manufactured by F. J.
 Cheney & Co., Toledo, Ohio, is the only
 constitutional cure on the market. It is
 taken internally. It acts directly on the
 blood and mucous surfaces of the system.
 They offer one hundred dollars for any
 case it fails to cure. Send for circular
 and testimonials.
 Address: F. J. CHENEY & CO., Toledo, O.
 Sold by Druggists, Vets.
 Take Hall's Family Pills for constipation.

CRYSTAL THEATRE

"The Home of Good Pictures"

Complete Change of Program
Each Night

Show Starts Promptly at 8:00 O'clock

March 3, 1920, the Ford Motor Co. advanced
 the price of Ford cars because of the increased
 cost of production. No specific announcement
 was deemed necessary at the time, but it has de-
 veloped that misrepresentations and misquota-
 tions of these advanced prices have been and are
 being given out. So to safeguard the public against
 the evils of misrepresentation, we herewith give
 the present prices:

Runabout	\$550	with dual electric starting and lighting system
Touring Car	\$575	with dual electric starting and lighting system
Coupe	\$750	with dual electric starting and lighting system and demountable rims
Sedan	\$875	with dual electric starting and lighting system and demountable rims
Truck Chassis	\$600	with solid tires and clincher rims

(With pneumatic tires and demountable rims \$640)
 These prices are all f.o.b. Detroit.

Fordson Tractor \$850.00 f.o.b. Dearborn, Mich.
 The dealer's name listed below, will be pleased to re-
 ceive your order, pledging the assurance of the best
 possible promptness in delivery.

PREVENT SPREAD OF ALL DISEASE

Cleaning and Disinfection of All Railroad Stock Cars is of Utmost Importance.

OTHER VEHICLES INCLUDED

All Carriers Which Have Contained Animals Affected With Communicable Diseases Must Be Cleaned and Disinfected.

(Prepared by the United States Department of Agriculture)

The cleaning and disinfection of railroad stock cars is an important means of preventing the spread of infectious diseases of live stock.

All live stock received at public stockyards or at official slaughtering establishments are inspected at the time they are received by employees of the bureau of animal industry.

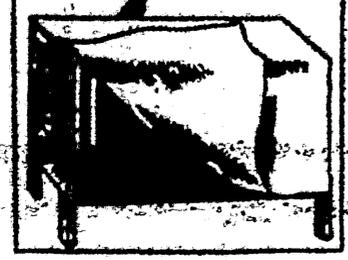

Various states also have regulations requiring that cars must be cleaned and disinfected before being used in the transportation of certain classes of live stock.

An idea of the magnitude of this work may be gathered from the fact that during the fiscal year ended June 30, 1919, bureau employees personally supervised the disinfection of 44,848 cars.

SUCCESSFUL FATTENING PEN

Sides of Coop Are Slatted So That Fowls May Obtain Plenty of Fresh Air.

A successful fattening coop is here-with illustrated. The sides are slatted so the birds may have plenty of fresh air.

Fattening Coop.

curtains should be thrown over the coop, which will place the stock in semi-darkness and at the same time admit sufficient fresh air.

EGG CIRCLE BENEFITS

The object of a community egg circle is to secure and improve better strains of poultry; to produce more eggs of good color and size; to handle eggs more carefully in order to avoid waste; to pack a uniform grade of clean, fresh eggs, in order to be able to guarantee them and thus create a reputation; to market same more directly to the consumers; to purchase supplies in a co-operative way; and to do such other things as may prove of benefit to the members and the community.

Chicken mites do not feed to any great extent upon other birds when chickens are at hand. They are carried about freely by the interchange of poultry and its crates and boxes in which fowls are shipped.

CONTROL OF GARDEN PESTS AND DISEASE

Insects May Be Poisoned by Spraying With Solution.

Plant Lice May Be Repelled With Soap Suds, Kerosene Emulsion or Tobacco Decoction—Dust Surface Mulch is Good.

Insects which attack vegetables may be divided into two groups—those which eat or chew the leaves or fruit, and those which suck the plant juices. Biting insects may be poisoned by spraying the plants with poisonous solutions or by dusting them with poison powders.

The Colorado Potato Beetle and "Stings" or Larvae at Work.

Most insects are also repelled to a greater or less degree by the presence of fine dust, which tends to close their breathing pores. For that reason, it is best to keep the surface soil well tilled to maintain a dry, surface dust mulch.

Most fungous diseases such as celery rust and potato blight, may be held in check by spraying with bordeaux mixture; four pounds copper sulphate; four pounds lime; 50 gallons water.

Where both insects and fungi are present, it is well to add two pounds of arsenate of lead paste to the 50 gallons of bordeaux mixture. This combination of spray is to be recommended especially for potatoes to control the potato beetle and potato blight.

Plants for Home Grower

The best plants for the home grower are Burbank, German Frise and Imperial. Kaiser Jockey is larger but not so heavy a bearer.

Cover Crop for Orchard

A cover crop in an orchard is a fine thing if the crop is not cut for hay, and is plowed under every third year.

PAINTING INTERIOR OF SILO

Not Advisable to Use Lead and Oil on Wooden Structures—Cadmium is Favored.

In painting the interior walls of the wood silo do not use lead and oil paint; use carbolicum or some other creosote wood preservative. One of our subscribers advised us that he painted the interior of his silo with lead paint and the paint came off in small scale, says Hoard's Dairyman.

Summer Pork Production

Comfort for hogs and the use of good forage in connection with the grain ration are the two factors which yield profit in summer pork production.

Sheep Utilize Waste. Sheep turn the wastes of the farm into money.

PLAIN AND PLAID

Interesting Wrap is Developed in Wool Serge.

Cape Cut in One Piece With Front Embellished With Lining of Green and Blue.

A wrap developed in plain and plaid wool serge is shown. Blue serge is the material used. A straight-hanging cape back has a lining of green and blue plaid and the plaid is repeated in the collar. The cape is cut in one piece with the front.

Other fashions, writes a Paris fashion authority, are on the order of the traveling coats beloved by Englishwomen. An interesting one of plaid velours—navy blue, tan and green—is in regulation coat style drawn in slightly at the waistline with a black patent leather belt.

A navy blue duvety motor wrap has as its most unusual feature a collar of blue and white-checked angora that

Coat of Blue Serge.

Contrasts down the entire length of the front at either side. The angora appears again in the form of tabs protruding from the side seams as well as in large patch pockets.

BACK TO FASHIONS OF 80'S

Sturdy and Class-Fitting Gowns by Sewing Fixed Style, According to English Writer.

Amid a wealth of oriental and futuristic color and design this season there emerges with slow persistency one outstanding tendency, conservatism.

Day of Fluffy Parasol Is Past

Coquettish Accessory Religated to Paque Lot by Motor Cars, According to Paris.

According to advice from Paris the day of the light colored sunshade is nearly over, due to the fact that the automobile has almost completely superseded the horse carriage in which elegant Parisiennes used to protect their complexions from the too ardent rays of the sun with airy and befrilled parasols.

The handles of these remain short and thick with a leather thong to be passed over the wrist. Greek handles are no longer seen.

For use with a tailored suit, the handles of the "au-cas" are of the sporting type, frequently in the shape of a golf club or a whip, made either of ivory or horn.

SPORT HAT PAR EXCELLENCE

An unusually sporty model in tan felt sport made, with fringed brim ornamented with brown cat tails, constitutes this modish creation for summer.

grace and lightness, and everybody would be wearing it were there not too many other things to do and were not trams already impossibly crowded. The era of the bustle is next on the list and the bustle is already taking its revenge on those who buried it forever under a tombstone of infamy.

The truth is, of course, that a pretty young figure can wear anything, and that any sort of change, even if ridiculous, gives it additional zest. The trouble is that there are so many figures which are neither pretty nor young and they are best suited by something which is not all too marked in this connection, however, there is more than enough choice, for while the 80's may produce the smartest fashions of the moment there are trailing dresses and clinging dresses, and bulky dresses, and dresses of cotton and dresses of cloth of-gold.

TAILORED SUITS FOR TRAVEL

Outfit Cannot Be Displaced by Any Other for Comfort and General Satisfaction.

Nothing can ever quite take the place of the smartly tailored suit for traveling. The one-piece dress is, of course, a comfortable garment and a woman always feels ship shape in such a frock; but when traveling any distance a suit has much to commend it.

For summer wear the suit of pongee cloth or shantung silk in natural color promises to be a great favorite, and the dress or better jacket model with plaid skirt is especially charming as a traveling outfit. The plaid skirt gives the necessary comfortable width that a costume for traveling should have, and the short jacket completes the outfit without adding very materially to its weight or warmth.

LATE MARKET QUOTATIONS

Western Newspaper Union News Service. DENVER MARKETS.

Table with columns for various livestock items like Beef steers, Cows, Hogs, etc. and their prices.

EASTERN LIVE STOCK

At Chicago. Chicago—Cattle—Beef steers steady to 10 cents higher, one load brings 1,400-pound steers, \$17.00; bulk all weight, \$14.00-15.00; fat steers and heifers mostly 10 cents higher; canners, cutters, bulls and stockers steady; veal calves 10 to 15 cents lower, with bulk, \$12.00-13.00.

Wool—Market active and steady. Choice native lambs, \$17.00; bulk, \$16.00-17.00; good California, \$16.00; choice to prime yearlings, \$15.00; choice ewes, \$13.00-14.00; feeder lambs, \$12.00; feeder yearlings, \$11.00.

Personal and Social Mention.

Miss Mary R. Head of El Reno, Oklahoma, sister of Mrs. V. K. Fair, of Jicarilla, accompanied by Mrs. R. S. Brown, Mrs. Fair's niece of Philadelphia, Pa., came in from El Reno this week to spend several weeks with the Fair family at their ranch home in the Jicarilla mountains. Mrs. Brown has been visiting with Miss Head at El Reno, and will, after her visit here, leave for her home in the "Quaker City."

Mrs. R. A. Espy, mother of Mrs. O. Z. Finley came up from her home in El Paso the first of this week and returned after a few day's stay accompanied by Mr. and Mrs. R. N. Marley, who have been visiting at the Finley home for the past two weeks. The Marleys will spend a couple of weeks as guests of Mrs. Espy after which they will return to their home in Lometa, Texas.

Mrs. Frazer Charles and daughter Francis left Wednesday to join Mr. Charles in Hartford, Conn., where he is engaged in some special work for the Hartford Life Insurance Company. The Charles family will make Hartford their residing place for the coming year after which they will return to El Paso.

Mrs. Leo Prude and sons, Chandler and Gunter, came in this week from Hot Springs where Chandler has been taking advantage of the mineral baths for a local ailment. The Prudes will spend the summer on their ranch at the foot of the Vera Cruz mountain.

Miss Margie Lacey, who has for the past week been visiting relatives and friends here, left on No. 3 Monday accompanied by her cousin, Miss Josephine Lalone, who will visit at the Lacey home in El Paso for a week, at least.

Mrs. C. H. Haines returned home Saturday from Las Cruces where she has been attending the bedside of her mother, who has been ill for the past two weeks, but improved sufficiently to justify her daughter's return.

Rolla Place was taken suddenly ill on Tuesday and his condition became so that Mr. Place wired for his wife, who was in East Las Vegas visiting her daughter, Mrs. Kohl, to hasten home. Mrs. Place returned Thursday and found Rolla much improved.

Mr. and Mrs. E. T. Bond, father J. P. Bond, Mrs. Kienle and son, Prof. and Mrs. J. W. May, accompanied by several friends from Valentine, Texas, are camping in the White Mountains.

Mrs. A. E. Lesnet, who has been visiting relatives here for the past two weeks, left Sunday for her home in Roswell.

Mrs. George Schale of Morinia, Arizona, is visiting at the home of her sister, Mrs. Wayne Van Schoyck, of White Oaks.

Oscar T. Atwood, proprietor of Atwood's Garage of Lincoln, was a Carrizozo visitor Tuesday. Mr. Atwood predicts a remarkable future for his home town and says that conditions are favorable to steady growth with bright business prospects. Mr. Atwood believes in advertising which he verifies with his ad in this week's issue of the Outlook. —Read it.

Mr. and Mrs. Paul Foster of Capitan arrived in town Wednesday by motor. Mr. Foster leaving the same night for El Paso on a business trip, while Mrs. Foster returned to Capitan accompanied by several lady friends from her home town.

Miss Madill, demonstrator of an important household necessity, will be at Reily & Lujan's Sanitary Store Friday and Saturday of this week—your presence is desired. Come early and avoid the rush.

A series of small articles will shortly begin in this paper the title of which will be "An Appeal to Your Reason." Watch for the first of the series.

Miss Pearl Kennedy, formerly of Carrizozo but now residing in El Paso, is visiting relatives and friends here for a short period of time.

Mr. and Mrs. Reuben Boone accompanied by Mrs. Lulu Boone, are visiting for several days this week with the Geo. C. Clements family.

Mrs. J. P. Romero and children returned Tuesday from Lincoln where she has been visiting relatives and friends.

Mr. and Mrs. A. C. Hines and children are spending a pleasant vacation on the Bonito.

Mr. and Mrs. John Dale of Ancho, were Carrizozo visitors last Saturday.

P. G. Peters of the Capitan Merchandise Company was a business visitor on Tuesday.

Mrs. Antonio Vega and children are visiting relatives in Alamogordo this week.

Rev. A. C. Douglas is visiting friends in the Lone Star state this week.

Mrs. L. B. Crawford and Mrs. J. P. Nash spent several days this week in Cloudercroft.

Mrs. Christ Schale of White Oaks, is visiting her daughter, Mrs. Desinger, of Hillsboro, N.M.

Miss Verda Neff is visiting the Spencers at the Bar W ranch.

POLITICAL ANNOUNCEMENT

County

I wish to announce myself through the columns of the OUTLOOK, as a candidate for the nomination of County Treasurer of Lincoln County subject to the deliberations of the coming Republican County Convention.

William Gallacher.
