DEATH OF THOMAS B. CATRON NOTED NEW MEXICAN

(By Guthrie Smith.)
Thomas B. Catron, New Mexico's first United States senator, died at his home here Sunday morning at the advanced age of 81 years. He had been ill for several months.

In the death of Senator Catron, the Republican party sustains the loss of one of its most sagacious and powerful leaders; the bar will lack one of the ablest and most successful members and the whole state will mark the passing of a rugged and exceedingly picturesque figure.

Born in Lexington, Mo., on Oct. 4, 1840, Senator Catron was educated in the public schools, Missouri college at Lexington and University of Missouri. He was graduated from the University in 1862 in the class with Stephen B. Elkins, who afterward achieved national prominence as United States senator from West Virginia.

Entering in the Confederate forces, Senator Catron was soon promoted to be lieutenant. He took part in a number of important engagements and at the time of the surrender of his forces at Meridian, Miss., was the commander of the Third Missouri battery.

Coming to New Mexico he located in Santa Fe in July, 1865, but removed a little later to La Mesilla, in Dona Ana county, where he was appointed district attorney for the third judicial district. Since that time he has held a great number of public offices. He was appointed attorney general in 1869, resigning in 1872 to accept President Grant's appointment as United States attorney.

In the legislature of the territory he served as a member of the council—which was the upper house—in the 20th, 29th, 32nd and 36th assembly. He was a member of the constitutional convention and has served a great many years as a member of the board of education in Santa Fe. He was elected president of the New Mexico Bar association in 1895, and has been mayor of the city of Santa Fe. In 1885, 1892 and again in 1908, he was a delegate to the national convention, and from 1892 until 1894 was New Mexico's national committeeman.

In March, 1912, at the extraordinary session of the first legislature, he was elected United States senator. A. B. Fall was elected a short time afterward. The length of term of these two senators was determined by drawing lots, and Senator Catron drew the one which ended March 4, 1917. A candidate for re-election in the campaign, Senator Catron was defeated in the convention. The Republican party made the serious tactical blunder of nominating Frank A. Hubbell, of Albuquerque. The people of the state, however, remedied that mistake by electing the Democratic candidate, A. A. Jones, by a plurality of more than 8,500.

Senator Catron and Senator Elkins were partners in the practice of law in Santa Fe, when the latter was delegate in congress for the territory of New Mexico.

As a lawyer, Senator Catron was a natural fighter, just as he was in politics. He never quit in a lawsuit, or in quest of whatever he sought in politics. Prominent New Mexico lawyers who have opposed the gentleman in the courts, frequently have declared that when they had the law and the evidence on their side, it was possible to put him in a corner—but all hell couldn't keep him there. That fighting spirit flamed in his heart to the end. Friends who called last week reported that he discussed with them plans that he was making for a trip to South America in the near future.

A gruff exterior hid a heart that rarely failed to respond to an appeal for help. In 1916, an examination of notes and mortgages in Senator Catron's vault, disclosed that these documents had a face value of nearly a million dollars. That represented the amount of "touches" he had stood for in his residence of considerably more than half a century in New Mexico. The paper now has no value except as memoranda.

His law library of more than 20,000 volumes is rated as one of the finest law libraries in the United States. His own library in his home contains several thousand volumes that were collected with greatest care and at a heavy expense.

His holdings in land were enormous. It is reported that at one time

EMIGRANTS FLEW FROM FRANCE

Arrival of Special Day Receiving 6,000 Soldiers from France to Celebrate Memorial Day.

America's Legion Weekly.
The arrival of the United States transport Wheaton at Hoboken, May 18th, with 6,000 soldiers from the battlefields of France will give added significance to the observance of Memorial Day.

The coming into the home port of this great funeral ship, bringing by sea the greatest number of American dead from overseas at one time cannot fail to stir the people of the country. Among the heroic host will be dead from practically every battlefield surving ground of the A. E. F. and probably from every State in the Union.

Nearly all of the 6,000 bodies will go to homes which have long been awaiting their coming. Only a few hundred of them will go to the National Cemetery at Arlington, Va. And by the time Memorial Day arrives with its quickening of memories and its tributes of flowers, the precious cargo that the Wheaton brings will have been put tenderly to rest in native soil beneath 6,000 new-made mounds scattered from the Atlantic to the Golden Gate. Antwerp in Belgium and Cherbourg in France were the two ports used as concentration points for the dead the Wheaton brings.

The bringing home on the Wheaton of the 6,000 will advance the entire project of returning the A. E. F. dead to a point past the half way mark for military dead overseas numbered 6,040, and the War Department has been requested altogether to bring 5,000 bodies home. The 6,000 bodies on the Wheaton will bring the total number of bodies returned up to 23,000, which is more than half of the bodies to be returned.

The result of the War Department's consulting the next of kin in all cases is to the disposition of the A. E. F. dead has been steadily and consistently 60 percent in favor of bringing home the dead and 40 percent in favor of leaving the bodies in France. At no time has there been any appreciable variation from this ratio, although for more than a year each week has seen about one hundred or so next of kin change their minds as to bringing the dead home or leaving them over there.

EDUCATIONAL NEWS

(By Mrs. M. L. Blaney.)
The Lincoln County Board of Educational Affairs will meet in the office of County Superintendent of Schools, May 25th. Directors will return estimates not later than May 24.

Sixty-two eighth grade diplomas have been granted up to date.

Corona has her crossing exercises Wednesday evening, May 19th. A splendid program has been arranged at the close of which Mrs. Blaney will address the Eighth Grade graduates and present the diplomas.

The Eighth Grade exercises of the Captain school will be held Thursday afternoon.

The pupils of San Pacifico will present a comedy entitled "Mr. Bob," Thursday evening after which the class will be addressed and presented with diplomas by Mrs. Blaney.

Carrizozo was very fortunate in having Dr. David Spence Hill, of the New Mexico University, for the Commencement exercises.

Lincoln Consolidated School will close with appropriate exercises Friday evening. Mrs. Blaney will address the class and present the diplomas.

Saturday evening the Lincoln County High School will hold their exercises. Dr. W. O. Hall of Silver City Normal School will address the audience and Mrs. Blaney present the diplomas.

Hondo School class, May 24, an appropriate program is being prepared. There has been an unusual expression of interest in the schools the past year on the part of pupils and parents.

His holdings, including land grants, reached a total of nearly a million acres.
He was a member of the Scottish Rite Masons, and a charter member of the Santa Fe lodge of E. E. S. The funeral will be held in the Scottish Rite cathedral here this afternoon. Members of the lodge of E. E. S. will attend a body. Interment will be made in the Catron vault in the Santa Fe cemetery.

Commencement Exercises and Class Play Show Merited Talent

THE Seniors of the Carrizozo High School gave the Class Play, "Mr. Bob" on Monday and Tuesday evenings to crowded houses at the Crystal Theatre. The different characters taken by the students were distributed with much wisdom, as each part was performed with the utmost accuracy and had it not been that the home audience knew each student as they appeared in their respective parts, we could not have distinguished them from professionals. Justice cannot be done the young ladies and gentlemen who took part in the play, in a major amount of mention like this; it would require a separate paragraph of mention for each one to do them justice.

The Commencement exercises on Wednesday night were carried out in a becoming manner and as each of the young ladies, Miss Lillian Merchant, Salutatorian; Miss Eva Wack, Valedictorian and Miss Laureen Wilson, in "Appreciation," faced the large audience of kindly faces, it seemed to increase their zeal for the work that was before them. To say they lived up to the expectations of eager listeners, would be putting it mildly; they did splendid work in addition to what the fondest expectations were. Dr. Hill's address was a masterpiece; not one from a standpoint of eloquence, but delivered at this particular time, when evil designers are working to undermine our educational institutions and scattering the seeds of strife and contention over our land, addresses like that of Dr. Hill's will awaken the American nature in everyone who believes that freedom and the advancement of education, must be preserved at all hazards. The singing at different times by the young ladies, with Miss Ivy Lindsay at the piano, was much enjoyed by the audience.

NEW LUMBER PRODUCTION IN SOUTHWEST

Albuquerque, N. M., May 17, 1921.
The mills of New Mexico and Arizona in 1920 produced 238,772,000 board feet of lumber according to figures just compiled by the Forest Service in cooperation with the National Lumber Manufacturing Association. This cut was produced by 103 mills, although the cut of 13 of these mills was estimated due to failure of all mills to report. Eight mills in the region was inactive throughout the year and had no cut to report. Of the 110 mills of which the Forest Service has records, 70 are in New Mexico and 40 in Arizona.

Eighty mills in the District cut in excess of 50,000 feet a year and these 40 cut the bulk of the annual cut given above. Nine of the reporting mills have an annual output of less than 50,000 board feet.

The cut for the year by states is as follows: Arizona, 121,100,000 board feet; New Mexico, 107,612,000 board feet.

The cut for 1920 is considerably greater than that for either 1917 or 1918. The 1919 figures are not as yet available being collected by the Census Bureau in connection with the recent census. In round numbers the cut for both states in 1917 was 172,000,000 feet and in 1918 it was 169,000,000 feet.

The class mills (mills cutting 10,000,000 feet and over) cut cutting of the lumber of the two states. Five mills at this class in New Mexico cut 73% of the total for that state and five mills in Arizona cut 95% of that state's report.

Western Yellow Pine contributed 82% of the total cut of lumber in the Southwest last year, the other two percent being made up of Douglas fir and White fir and a few minor species. Several mills reported sawing small orders of oak and cedar, species in this region usually considered as not falling in the commercial sawlog class.

Woman's Club Notes

The Woman's Club of Czoza has completed a splendid year's work. The closing meeting will be held at the home of Mrs. M. L. Blaney, at Czoza, N. M., on Friday afternoon, June 3. The chairmen of the various departments are requested to have complete reports of what their respective departments have completed. If not able to be present, chairmen will send in their reports.

Many local people visited the Eagle Creek Club grounds last Saturday and Sunday. They were treated to their first sight of a bear for this season, at the home of Mr. Hightower. The bear was about two years old and was trapped on the upper Rio Grande in the Indian Reservation.

HELICOPTER HOVERS WITH FULL LOAD

Vertical hovering flight, the ambition of every air-craft builder since the beginning of aerial navigation, is now an accomplished fact, an Austrian heavier-than-air machine, of the helicopter type having made, or more, vertical ascents to heights of from 80 to 160 ft. These figures would have been exceeded but for the restraining cable which held the strange-looking apparatus captive.

Designed as a substitute for the captive observation balloon, the present machine is not intended for horizontal flight, but is so made that all the power of three 120-hp. engines is converted into a straight lifting force of 4,000 pounds, about 11 lb. per horsepower, which is ample to raise its 2,000-lb. weight, plus that of a pilot, observer, gunner and machine gun, at a rate of 4 ft. per second.

Two 20-ft. propellers, placed one above the other, revolving horizontally in opposite directions at a speed of 600 r.p.m. about a vertical shaft passing through their centers, are driven through a bevel-gear transmission and telescoping sleeve shaft.

The passenger compartment, placed at the extreme top, immediately above the giant propellers, is made of plywood veneer for the sake of lightness.

Safety of craft and passengers has been considered in the present model, and besides the individual pack parachutes carried by each person, a master one having a surface of 2,080 ft. which is automatically ejected when the propeller speed falls below a certain figure is permanently attached to the machine's center shaft. Should two engines fail, which is most unlikely, the remaining one, aided by the huge parachute, will, it is thought, permit the heavy apparatus to drop gently to earth.

CLOUDCROFT TRAIN THROUGH NEXT FRIDAY

El Paso Herald.
Friday's Golden State Limited north bound from El Paso will make connection at Alamogordo with the train for Cloudcroft, according to announcement Monday by Garnett King, general passenger agent of the El Paso & Southwestern. He said that Miss Green wished to go up on that day with several nurses and five or six sick babies to open the baby sanatorium and that several cottagers also desired to make the trip, so it had been decided to hold the Cloudcroft train at Alamogordo on that day for any El Paso passengers who might wish to go. The Golden State Limited leaves here at 12:50 p. m.

Beginning on June 1, the Cloudcroft train will make daily connections with the Golden State Limited trains into and out of El Paso during the summer months, except on Sundays. On Sunday a special train will leave El Paso in the morning at 8 o'clock for Cloudcroft, returning to El Paso Sunday night at 11:30. On these days, no connections to or from Cloudcroft will be made by the Golden State.

MEMORIAL DAY PROCLAMATION

The annual memorial day proclamation setting aside May 30 as a holiday issued by President Harding, is as follows:

"Whereas the nation has been convulsed in prayer and devotion by men and women who were moved under God to found a nation whose principles of right should form the lasting corner-stone; and whereas these principles purchased at the price of great sacrifice have been fostered by a worthy posterity; and whereas the great war has laid its costly demands upon our lands; now, therefore, I, Warren G. Harding, president of the United States, do hereby proclaim Monday, the thirtieth day of May, a day already freighted with sacred and stimulated memories, a day of public memorial. I invite my fellow citizens stingly to pay homage on this day to a noble dead who sleep in homeland, beneath the sea or in foreign fields so that we who survive might enjoy the blessings of peace and happiness and to the end that liberty and justice, without no nation can exist, shall live forever.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed: Done in the District of Columbia, this third day of May, in the year of Our Lord, 1921, and of the Independence of the United States, the 145th.

WARREN G. HARDING"

CRYSTALLIZED SUGAR MADE FACTURED FROM CORN

By S. R. Winners, in the June Popular Mechanics Magazine.

The commercial production of a sugar possessing the approximate sweetness of cane sugar, obtainable from a source of low-priced raw material, with the finished product resolving itself into a crystallized form, has been the objective toward which chemists have struggled unceasingly for decades. Now, thanks to the unremitting research of an eastern chemist, sugar is being made commercially from corn. A Baltimore manufacturing establishment, working two shifts of 12 hours each, is producing approximately 70,000 lb. of corn sugar daily, chemically known as "invertose."

The new process involves the production of sugar of a group technically known as ketohexoses, or fruit sugars. The fruit sugars are sweet the sugar obtained by this process being 80 per cent as sweet as cane sugar and possessing other favorable qualities: Corn, containing from 65 to 70 per cent of starch, was selected for its starch-yielding capacity, and by reason of its well-known inexhaustible supply and availability. One bushel of corn will yield 40 lb. of invertose.

The method is first to produce an intermediate compound from starch in the material used and then convert this intermediate into fruit sugar by well-known means. The second reaction is effected by any of the well-known methods of reduction, such as hydrogenation, or treating with hydrogen gas, whereupon is formed the fruit sugar, or invertose.

Only six hours elapse from the time the ground corn—either corn meal or flour—is placed in the machine for the formation of the starch until the finished product comes from the evaporators in the form of a sirup to be barreled for shipment. Invertose is not a by-product, but is made directly from whole corn, with no waste as about 10 lb. of wet mash to every bushel is recovered as a cattle food. In solid in crystallized form, two days are required in which to crystallize the product. It is readily marketable to confectioners, preserve and fruit packers, ice-cream manufacturers, soft-drink bottlers, and for use by the restaurant trade.

Mrs. Ziegler Departs

Mrs. Albert Ziegler left Wednesday for Seattle, Wash., to spend the summer months with her daughter, Mrs. Charles Coplin. She remained until the season's entertainments for the Woman's Club closed, the last of which was the "Spring Program" a musical treat in which Mrs. Ziegler at the head of this department of the Club, carried out the program to the highest expectations of her many guests.

LESS THAN 40 PER CENT OF 1920 TAXES COLLECTED; 1 MILLION DOLLARS SHORT

Less than 40 per cent of the taxes levied for 1920 have been collected, according to reports filed with the State Tax Commission. This means that of the total taxes levied for all purposes, \$10,524,886.99, only \$4,214,738.47 were collected by March 31, 1921, and about \$1,000,000.00 short of the amount that should be collected of the first half due for 1920. The following shows the ranking of counties upon the basis of per cent of collections for the year on March 31, 1921; except that the figures for Torrance county are for February 29, 1921, and those of Hidalgo and Dona Ana counties are estimated.

Rank	County	Per Cent Coll.
1	Curry	49.53
2	Bernalillo	47.65
3	Luna	47.65
4	Grant	47.04
5	Hidalgo	47.00
6	McKinley	44.64
7	Quay	44.53
8	Dona Ana	43.77
9	Roosevelt	43.70
10	Colfax	43.54
11	Torrance	41.91
12	Lincoln	41.08
13	Valencia	40.97
14	San Juan	40.78
15	Mora	40.09
16	Doña Ana	40.01
17	Santa Fe	40.00
18	Sandoval	39.41
19	Otero	37.09
20	Rio Arriba	33.48
21	Union	33.23
22	San Miguel	32.10
23	Sierra	29.78
24	Chaves	29.57
25	Socorro	28.00
26	Eddy	25.41
27	Lea	23.51
28	Cundalupa	17.19

Of the \$9,381,359.33 levied for all purposes for 1920, over one (9) per cent is still delinquent eight months after the first half was due. This means that for the necessary expenses for 1920, the revenues were short \$872,921.40 because of the failure of taxpayers to pay and of officers to collect the levies. The following shows that 19 counties have collected over 50 per cent led by Lea county which shows a 100 per cent collection. Ten counties collected from 75 to 90 per cent. An interesting line of investigation would determine as to why the percentage varies so greatly among the several counties as shown in this table.

Rank	County	Per Cent Coll.
1	Lea	100.00
2	Union	99.79
3	Quay	93.07
4	Sierra	92.00
5	Curry	90.54
6	Colfax	90.54
7	Grant	90.31
8	Hidalgo	90.31
9	Roosevelt	86.17
10	Lincoln	84.83
11	Eddy	84.64
12	Luna	84.40
13	Torrance	83.70
14	Bernalillo	83.68
15	Chaves	83.18
16	McKinley	82.11
17	Mora	82.06
18	Doña Ana	81.35
19	Rio Arriba	81.02
20	Guadalupe	80.33
21	San Juan	80.24
22	Otero	87.43
23	Valencia	85.04
24	San Miguel	80.65
25	Santa Fe	78.93
26	Taos	78.30
27	Socorro	77.52
28	Sandoval	76.24
29	Dona Ana	74.05

A TEST OF FAITH

(Chattanooga News.)
We have frequent occasion to protest against the efforts of Japan to impose her dominion upon unwilling peoples, yet we have thus far failed to exemplify the ideals which we recommend to Japan. If we should withdraw our sovereignty from the Philippines, in accordance with our repeated promises, we could the more consistently ask Japan to follow a similar course toward Shantung, Manchuria and Siberia. Our plea would have a great deal more force if we could make it with clean hands. To say that the Philippines are not ready for independence is merely to express an arbitrary, gratuitous opinion. It is perfectly easy to create conditions in one's own mind—that no people ever could comply with. Our delay about respecting our own pledge is a reflection on our national good faith and a constant invitation to international complications in the far east.

INDEPENDENCE OF PHILIPPINES

(Alascadero (Cal.) News.)
The Philippines should be given absolute independence, which is their natural right, when it is well aware that they have not yet reached the full stature of a nation. We ourselves have not reached it so long as we insist upon governing other peoples against their will.

LIFETIME ENDED

Words Don't Express Gratitude I Feel Toward Tanlac,
 Says Mrs. Burrington.

"From childhood until I got Tanlac, I suffered from indigestion and stomach trouble," said Mrs. J. A. Burrington, 540 Stanford Ave., Los Angeles.

MRS. J. A. BURRINGTON
 Los Angeles, Calif.

Calif., "and that's been a long time, for I'm now in my sixty-eighth year. I remember when I was a child I was kept on a strict diet of limo water and milk for weeks and I have been in constant distress all these years. I suffered terribly from bloating and had to be very careful of what I ate. I became so weak and nervous I could hardly go about my housework and was in a miserable condition.

"About two years ago my husband got such splendid results from Tanlac he insisted on my taking it and the medicine wasn't but a little while in ridding me of my troubles. It gave me a splendid appetite, and I could enjoy a good hearty meal, even things I hadn't dare touch before, without any fear of it troubling me.

"Then I had the influenza and became dreadfully sick and weak, but my stomach kept in good order and it only took four bottles of Tanlac to build me up again to where I'm now feeling better than at any time I can remember. I have gained eleven pounds in weight, too, and words can't express the gratitude I feel toward Tanlac. I keep Tanlac in the house all the time now, for I know it is a medicine that can be depended upon."

Tanlac is sold by leading druggists everywhere.—Adv.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Hooked.
 Male Teacher—Don't you think we ought to form a union?
 Female Teacher—Oh, this is so sudden.—Judge.

Catarah
 Catarah is a local disease greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier. By cleansing the blood and building up the System, HALL'S CATARRH MEDICINE restores normal conditions and allows Nature to do its work.

All Druggists. Circulars free.

About half of the residents of Lower California are Indians.

There are more than 600 music schools in Germany.

Shave With Cuticura Soap
 And double your razor efficiency as well as promote skin purity, skin comfort and skin health. No more, no oily soap, no germs, no waste, no irritation even when shaved twice daily. One soap for all uses—shaving, bathing and shampooing.—Adv.

Fifty years ago it was an uncommon thing in England for women to attend funerals.

EARLY POTATOES VERY IMPORTANT

Some Essential Points in Growing That Average Gardeners Is Apt to Overlook.

FOOD SUPPLY MUST BE READY

Seed, Plump, Disease-Free Seed and Plenty of Fertilizer Are Essential—Keep Bugs Off by Dusting or Spraying.

(Prepared by the United States Department of Agriculture.)
 Irish potatoes are grown in most home gardens, but there are just a few points in the potato-growing game that the home gardener is likely to overlook which are very important. First of all, potatoes grow quickly, and their food supply must be all ready and waiting for them in the soil. Second, they are heavy feeders and want plenty to draw upon. In other words, the soil for Irish potatoes must not only be rich but it must be rich in plant food of certain kinds. Land that was well manured the previous season, and which contains plenty of organic matter is best. The first step in preparing the soil will be to spade or plow it in to a depth of eight or nine inches, then break up the clods, if there be any, and pulverize the soil practically as deep as it is spaded or plowed.

How to Use Fertilizer.
 Common fertilizers give good results for growing potatoes, especially if the fertilizer contains potash, as potatoes require more potash than is usually present in the soil. Fertilizer manufacturers mix special brands for potatoes, and these are generally rather rich in potash. How much fertilizer to use will depend upon the fertility of the soil, but as a rule eight pounds to each 100 feet of row will be about right. A good way to apply the fertilizer is to make the holes or burrows and drop the pieces of seed potato, cover them with an inch or two of soil, then scatter the fertilizer along the row so that it will become well mixed with the soil in completing the covering of the seed. Another method is to scatter the fertilizer in the furrow and mix it with the soil before dropping the pieces of seed potato.

Best Kind of Seed.
 Small, shriveled potatoes, left in the bottom of the barrel at the end of winter, are not fit for seed. Only plump, disease-free potatoes, on which the sprouts are beginning to start, should be used for seed. Seed grown in Maine, New York, Michigan, Wisconsin, or some other special seed producing section will as a rule give best results. Seedmen get the seed potatoes

walk where they require no extra space. Four to six vines of the standard varieties, and one or two of the southern type in their proper locality, will be sufficient.

In planning the garden, plant the perennial things where they will not interfere with the preparation of the ground and the cultivation of the regular vegetable garden. Place them around the outbuildings, along the fences and in the corners where they will not be in the way. Bulletins telling how to cultivate the various small fruits can be obtained from the United States Department of Agriculture.

BUSH VELVET BEAN FAVORED

Particularly Useful With Corn as It Does Not Make Harvesting a Difficult Problem.

Reports from 400 cooperators of the United States Department of Agriculture who tested bush velvet bean in 1920 for the first time are highly commendatory. Three-fourths of those reporting consider the bean a market success, and over half of them believe it to be superior to any other variety, everything taken into consideration. Two uses of the bean meet with particularly enthusiastic praise. First, is its use in corn, where its non-twinning habit is very desirable, as it does not pull the corn down and make harvesting difficult as do the twining varieties. Second, it is found ideal as a cover and green manure crop in citrus orchards, being far superior for this purpose to any other legume yet found. Its use should considerably reduce the fertilizer bill for citrus orchards.

LATE CROP AFTER POTATOES

Corn Can Be Planted Between Rows About Two Weeks Before Tubers Are Harvested.

In most sections the early potatoes can be followed by a late crop of sweet corn planted between the rows of potatoes about two weeks before the potatoes are dug. Late cabbage plants can be set between the rows of potatoes, then the soil worked about the cabbage plants when the potatoes are dug. Turnips can be grown broadcast on the land after early potatoes. Late potatoes, planted about June 1 to 20 in the north and late in July in the south, occupy the ground until frost and produce the main supply for winter use.

BIG VIRTUE OF SANDY SOILS

Roots of Plants Pass Through It Readily, But It Drains Off Quickly—Clay Holds Water.

The chief virtue of sandy soil is that the roots of plants can pass through it readily; its chief fault is that it drains off too quickly. Clay soil holds water well, but it tends to pack and harden. Both types of soil need stable manure.—It loosens up clay and helps sand to hold moisture.

GARDEN VALUE ADDED BY PERENNIAL CROPS

Bush Fruits Should Be Grown Where Space Permits.

Asparagus Will Thrive Almost Everywhere in Good Soil—Rhubarb Can Be Planted Along Fences—Utilize All Space.

(Prepared by the United States Department of Agriculture.)
 Plantings of perennial fruit and vegetables add to the interest and value of every home garden. In localities where they may be grown, some fruit trees and bush fruits should be planted wherever space permits. In addition to the small fruits there are a few permanent vegetables which should not be overlooked.

One of these is asparagus, which will thrive almost anywhere, provided it is planted in good soil. A plot of ground 15 to 20 feet square in one corner of the garden will supply all of the asparagus needed by an average family.

A few hills of rhubarb in sections where it will grow can be planted along the garden fence and furnish the family supply. The same is true of horse radish and of a number of the herbs, including thyme, tarragon, sage, Grapes of the type and variety suited to the locality should always be included in the home garden. These can be grown on an arbor over the

Crops Like These Can Be Raised in Almost Any Garden.

IN YOUTH'S GAY SPRINGTIME BOBBY WANTED THAT AGATE

Incident of Innocent Pleasure That Excited the Admiration of Gap Johnson.

"It shore does a feller good to see the innocent pleasure children get out of the coming of spring!" said Gap Johnson of Knapus Ridge. "The first right warm day most of my young 'uns swarmed, as you might say, with me and ripped 'em out of their underclothes that shod 'em up in last fall, and they hit the path for the creek, scratching and cussing merrily.

"They found there seven or eight of Gabe Giggery's kids, three or four of Jim-Tom Tully's, a bunch of Zeke Yawley's and several more than nobody could tell whose they were till they got their faces washed. Well, then there was a grand howl as they all slucked themselves and whirled in to tying each other's clothes up in hard knots, and fighting about it, and such as that. Round and round and over and under they went, till they all fell into the drink and kept right on lanning each other till they knocked all the water out of the creek."—Kansas City Star.

His Views.
 "A 'zoo' is a place to reflect on the superiority of mankind," remarked the bumptious citizen.

"I don't agree with you," answered Mr. Grunpson. "I've never visited a 'zoo' but two or three times in my life, but the thought that struck me was that all the animals were attending strictly to their own business and if mankind had less curiosity and more consideration for dumb creatures none of them would have been there."—Birmingham Age-Herald.

Very Absent.
 Maid—"Mum, the garbage man is here." Mrs. Nowlywed—"Tell him I don't want any this morning."

Owing to the shortage of small change in Paris, half the beggars have disappeared from the streets.

Decoration Day May 30

The Benjamin I. Berry Post of the American Legion of Carrizozo, N. M., will decorate the graves of ex-soldiers and sailors of the late war and other wars, on Monday May 30, 1921. All ex-service men are requested to come in uniform if possible. All citizens are requested to participate and bring their cars. Cars should be parked on 4th street, in the immediate vicinity of the First National Bank and Ziegler's store. Cars will leave for the cemetery in the following order:

Time of leaving, 2:30 p. m.

Flower Committee, Lillian Merchand, Eva Waack, Laureen Wilson, Mrs. C. A. Hooper.

Short exercises will be held at the cemetery in connection with a short address by Rev. Wm. Huffman of the Baptist Church.

Following are the graves to be decorated: Amos Aker, civil war, Confederate veteran, buried at Carrizozo; Pedro Annallo, world war, Captain; Benjamin I. Berry, world war, Overseas; Charles Walter Beaver, world war, Corona; Leland S. Bond, world war, Overseas; George Chavez, world war, Captain; Jim Dearman, world war, Overseas; William Raymond Graer, world war, Parsons; Roy Hamilton, world war, Overseas; James Robert Haged, world war, Alto; Harvey Hughes, world war, Carrizozo; William E. Knowles, world war, Ancho; Richard Cecil Morgan, world war, Carrizozo; Candido Montoya, world war, Hondo; Luis Moya, world war, Arabela; Susano Sanches, world war, Carrizozo; Gladney White, world war, Carrizozo.

The above are all the names that could be obtained by the local Post. If others are located they will receive attention. Flags will be mailed to out-of-town friends for the decoration of graves in their locality.

Post Commander,
Benjamin I. Berry Post No. 11,
Carrizozo, New Mexico.

White Oaks Notes

The Woman's Social Club met last Thursday at the home of Mrs. C. D. Mayer. Cards, music and as a feature for the affair, a Quaker meeting was held. A full attendance of the Club was present. Refreshments of cake, coffee and ice cream were served. The next meeting will be at the home of Mrs. Nix. The ladies have decided on Saturday, May 28, as "Clean-up Day" at the cemetery. Everyone interested are requested to come and help.

The Commencement Exercises and the Operetta, "Mid Summer Eve," followed by the big dance, will take place on Saturday night, May 21. The school program in its completeness is due to the splendid arrangement of the program and the careful training of the pupils by Messrs. L. Baird Payne and Edna C. Burnett. The Commencement program follows:

Class Roll
Valma Niles, Salutatorian.
John Owen, Class Proprietor.
Floyd Harmon, Class Wm.
Dora Walker, Valuatorian.
Class Motto
"Green, But Growing"
Class Colors
Green and Pink
Class Flower
Pink Carnation.

NOTICE OF CONTEST

Department of the Interior,
United States Land Office,
Contest No. 10, 112,
Roswell, N. M., May 4, 1921.

To Owen H. O'Neill, of Corona, N. M., (record address,) contestee:

You are hereby notified that James Beaver, who gives Corona, New Mexico, as his post-office address, did on November 20, 1920, file in this office his duly corroborated application to contest and secure the cancellation of your Additional Homestead Serial No. 33953, made March 11, 1920, for Lot 1, SW 1/4 and E 1/2, Section 6, Township 1 South, Range 14 East, N. M. P. Meridian, and as grounds for his contest he alleges that said entryman, as sold the lands embraced in his entries for the W 1/2 Sec. 5, Twp. 1 S, Range 14, E. to J. B. McKibben and on November 24, 1913, removed with his family to Australia. That he has wholly abandoned his additional homestead entry first above described and has failed to establish his residence thereon or improve any part thereof, and that said alleged default was not in his service in the Army, Navy or Marine Corps of the United States, or in the National Guard of the several states while in the service of the United States, or any military service rendered in connection with operations in Mexico, or along the border thereof or in mobilization camps elsewhere.

You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be canceled without further right to be heard, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically responding to these allegations, together with a copy of same, sent to the said contestee at the address in his said contest application in person or by registered mail.

You should state in your answer the name of the post office to which you desire future notices to be sent to you.

"The Promises of God," Lassie Ayers.
Conclusion, Rev. Huffman.

First Methodist Church

A splendid congregation assembled for the Baccalaureate sermon last Sunday evening. It was just the honor which should have been accorded the members of our Graduation Class. If everybody who attended on the above occasion would attend the church of his or her choice with punctuality, much good would be accomplished thereby. The Tennis Court, a good contribution to the city and one well worthy of the young people who entered it, is finished. There will be no playing on Sunday.

The pastor's sermon subjects for next Sunday are: 11, a.m., "A Wise and Reliable Oculist," 8, p.m., "What This Oculist Has Done and Can Do." Sunday School at 9:45 a.m., Epworth League at 7, p.m.

Baptist Church Notes

We had smaller congregations last Sunday than usual, owing to the fact that the major portion of our membership attended the Methodist Church to hear the Baccalaureate sermon on Sunday evening. Announcements for next Sunday are as follows:

Subject for the morning sermon will be, "Christian Unity." For the evening sermon, "Soldiers of Jesus." To all services the public is cordially invited. Stranger, if you stay over Sunday in Carrizozo, a special invitation is extended to you.

"For I was glad, when they said unto me, 'Let Us Go Into The House of The Lord.'"

Leaves With Regrets

A letter was received by me a short time ago, not signed, stating that I was requested to leave Carrizozo. That person has been misinformed. I resigned to accept a like position in the east. The position I have been holding has been offered me for the coming fall.

I am glad to know that the public mainly, has a kindly feeling for me. My work is unpleasant at times for the public and myself, but duty comes first. We, who are accustomed to public work in my line, must expect to meet with an occasional rebuff. I wish to thank the Red Cross, School Board, teachers and parents, for their kind cooperation and assistance.

Mrs. E. A. Greene.

Lincoln News Items

Our Eighth Grade Class of Graduates consists of five pupils, Amelia Vigil, Edna Pfingsten, Ruby Sellers, Lester Wright, Cree Hightower. The Graduating Exercises will be held on the evening of May 20.

Program
Chorus, "Stars Are Gleaming"
Glee Club
Rainbow Drill, 2nd and 3rd Grades.
Hoop Drill, Primary Class.
De Sare' Man, 4. and 5. Grades.
Class Song, 9th Grade.

AN EPITOME OF LATE LIVE NEWS

CONDENSED RECORD OF THE PROGRESS OF EVENTS AT HOME AND ABROAD

FROM ALL SOURCES

SAVINGS, DOINGS, ACHIEVEMENTS, SUFFERINGS, HOPES AND FEARS OF MANKIND.

(Western Newspaper Union News Service.)

WESTERN

Harry Leroy Parker, Derby, Iowa, a student at the State University at Iowa City, Iowa, was drowned while canoeing on the Iowa river. The body was recovered an hour later.

A new kind of "crop" was unearthed near Idaho Falls, Idaho, when deputy sheriffs dug twenty-four gallons of "moonshine" out of a plowed field near the city. The field's owner protests ignorance and innocence of how it was "planted."

Production of an alleged German-made film in a Los Angeles theater was stopped by the management after a crowd, including about a score of sailors, had attempted to force an entrance to the building, protesting against the performance. The sailors were stopped by a squad of police.

Three women and two men were seriously injured in an explosion that wrecked a cleaning establishment at St. Louis. The police are investigating a report that the blast was caused by a bomb. William Allen of Des Moines, Iowa, was the most severely injured. He suffered a fracture of the left arm and right hip.

Four thousands pounds of ammunition were seized and the engine crew on the Mexican Central passenger train which left Juarez was arrested near Chihuahua City, according to Rafael D. Davila, commander of customs guards in Chihuahua. The ammunition, Mr. Davila said he had been privately informed, was intended for rebels in central Chihuahua. The ammunition was hidden in the tender of the engine under the coal, he said.

WASHINGTON

The War Department slacker lists as issued from time to time will be published in the Congressional Record. Request for such publication was made in the House by Representative Johnson, Republican, South Dakota, a former service man, and there was no objection.

Reform organizations of various kinds have disclaimed the parentage of an anti-tobacco drive which got some attention in Washington recently. There was a question of just who was sponsoring it, but news of the arrival of the movement in the capital caused much alarm in many quarters.

The Townsend bill for the establishment of a post-road and interstate highway system, and the creation of a federal highway commission, has been introduced in the Senate, and hearings on it are to be held soon. This measure differs from the original Townsend bill in several particulars, and it recognizes the federal aid principle, but with reservations.

A bill said to be designed to carry out President Harding's desires for the curbing of demands from executive departments for deficiency appropriations has been introduced in the House. It would create a board, in which the chairman of the House and Senate appropriations committee would sit, to pass on applications for deficiency appropriations before they could be transmitted to Congress.

Between \$300,000 and \$500,000 worth of wool will be sold by the War Department at public auction to be held in Boston about May 20, Secretary Weeks has announced. Additional sales may be authorized if the first are satisfactory to reduce the \$50,000,000 pounds the army has on hand.

The Interstate Commerce Commission has granted the Butte, Anaconda & Pacific Railway Company in Montana permission to increase its passenger and excess baggage rates to the level in effect in interstate commerce tariffs to be filed upon five days' notice. The carrier is an electric road and on that account was omitted from the last rate order issued by the commission.

William H. Stevenson, vice director of the experiment station of the Iowa State Agricultural College, has been named permanent delegation of the United States to the International Institute of Agriculture at Rome, the Department of Agriculture announced. The appointment fills the vacancy caused by the resignation of Dean T. H. Hunt, president of the California State Agricultural College.

Twenty million acres of arid lands in the West could be reclaimed under the McNary bill to develop homesteading projects through federal aid. H. J. Haines of Seattle, chairman of the Western States Reclamation Association, testified before the Senate irrigation committee. The bill would provide a fund of \$200,000,000 from which interest-bearing loans would be made to reclamation associations. Former service men would be given preference in the acquisition of the reclaimed lands.

Southwest News

From All Over New Mexico and Arizona

(Western Newspaper Union News Service.)

Roswell, N. M., has received a new American-La France fire engine which is said to be the latest thing in fire fighting equipment.

Albuquerque has started a campaign to land the National Tuberculosis Sanitarium, which is to be built in New Mexico by the Woodmen of the World. Phoenix, Ariz., was chosen for the 1922 convention city of the United States Good Roads Association and the Bankhead National Highway Association in annual convention at Greensboro, N. C.

Hearing of complaints against the Southern Pacific and El Paso & Southwestern railroads, charging unfair freight rates from Gila, Ariz., to the Salt River valley were dismissed at Douglas, Ariz., because of faulty petitions.

The Corona-Tularosa Basin Oil Company near Corona, N. M., will resume drilling soon at the Duran well, having secured the necessary funds to go ahead with the work. Drilling has been delayed for some time owing to a cave-in.

Karl David Goodall, one of the most prominent citizens of San Miguel county and mayor of Las Vegas for six years, is dead. Mr. Goodall was born in New Hampshire in 1854, and came West in the early eighties and for many years was engaged in the drug business in Las Vegas.

While rounding a sharp curve on a mountain between Douglas and Tombstone, Ariz., Dr. C. D. Richards, a dentist of Douglas, Ariz., was killed when he is believed to have lost control of his car. The machine turned over three times. Barbara Cole, a 3-year-old child beside him, escaped.

J. E. Lewis, an Indian trader, was slain and his store, five miles north of Gallup, N. M., burned, authorities announced on returning from the scene of the fire. Lewis' charred body was found in the ruins of the store. Authorities say Indians murdered Lewis and believe they have clues which they believe will result in arrests.

Tools and equipment valued at between \$5,000 and \$10,000, said to have been stolen from the quartermaster's department at Camp Harry J. Jones, near Douglas, Ariz., were found in the basement of a home owned by Fred Walthall, civilian instructor at the camp automobile school, and ex-pugilist, well known in the Southwest.

Governor Mechem of New Mexico has announced that he would call an election Sept. 20 to elect a United States senator from New Mexico. Governor Mechem on March 11 appointed H. O. Bursum of Socorro to succeed Senator Fall, who resigned to enter the cabinet of President Harding. The election will be held to fill this place.

A movement has been started among the cattle men of Colfax county to establish a packing house in Haton, N. M., to be operated by local stockmen. W. J. Linwood, believes that a plant would be a success and the saving in shipping costs would be enormous on account of the shrinkage in the trip from Haton to Kansas City or Chicago markets.

Experimental spraying of date palms in the Tempe orchard at Tempe, Ariz., has been undertaken by the University of Arizona department of plant pathology, with a view to controlling rot of date fruit. During his visit to Tempe, the pathologist also demonstrated the method of treating cotton seed with sulphuric acid for the control of blackarm.

Mrs. Rafael A. Orilla, an aged woman, was found slain in her home at Belton, N. M. She had been gagged with a towel and beaten to death. Her husband is missing and is being sought by the authorities.

W. W. Burke, said by officials at the Atchison, Topeka & Santa Fe railroad headquarters at Prescott, Ariz., to be the oldest train dispatcher in the United States, has retired on a pension after fifty years of continuous service as a dispatcher. For sixteen years he had been on the dispatching force at Prescott. Mr. Burke began his railroad career as a messenger on the Hannibal & St. Joseph railway in 1898.

Gregory Page, former state senator and president of the Gallup State Bank, has decided to McKinley county 100 acres of land, adjoining Gallup, to be used as a park. The city is planning to make a memorial park, dedicated to the men who gave their lives for their country in the World War. The park will be called the Lyon Memorial Park, after Edward Albert Lyon, who died while serving as a lieutenant in the American army. The formal dedication of the new park is to be held on the Fourth of July.

Plans are now under way for the establishment of a modern wireless station at the University of Arizona, equipped to receive messages from all parts of the world and to reach adjacent states. Professor Coker, when asked about his plans in the matter, said the station would prove of great value to the whole community in the way of receiving market and stock news and weather reports, accurate time and news news, and will enable one local person to receive news twenty-four hours earlier at three times the cost now.

TARIFF BILL PASSES SENATE

MEASURE CARRIES ALL FINANCE COMMITTEE RECOMMENDATIONS—VOTE 63 TO 28

GOES TO CONFERENCE

TARIFF BILL RADICAL CHANGE TO MEASURE PASSED IN HOUSE

(Western Newspaper Union News Service.)

Washington, May 12.—The Senate has passed the emergency tariff and anti-dumping bill, retaining all the amendments recommended by the finance committee, but rejecting those individually proposed. The vote was 63 to 28.

The Knox amendment, continuing war-time control over imports of dyestuffs was accepted, 61 to 25. Seven Democrats—Senators Broussard, Louisiana; Jones, New Mexico; Kendrick, Wyoming; Myers, Montana; Pittman, Nevada; Mansfield, Louisiana; and Sheppard, Texas—voted with the Republicans in passing the bill. Another Democrat, Ashurst, Arizona, who was absent, was announced as a supporter. Only one Republican, Senator Moses of New Hampshire, voted against the bill.

As passed by the Senate the measure differs radically from that which was passed by the House and now goes to conference. Only the tariff features were kept intact, the anti-dumping and currency revaluation sections being rewritten and the provision added for continuation of the war-time restrictions on imports of dyestuffs.

Action by the Senate came after five hours of attack by Democratic leaders. The latter, however, were not alone in attempts to amend the measure, for several Republicans tried to broaden its scope. All amendments were swept aside by practically the same vote.

Senator King, Democrat, Utah, was not content, however, and made another effort to strike out the dye provision just prior to the final vote. That failed, also. The Utah senator, after the passage, announced he would offer a resolution soon, asking an investigation of the monopoly, which, he said, had been permanently entrenched by the Senate's action.

There were attempts by some Democrats who favored the measure to increase rates on particular commodities. Senator Ashurst, Democrat, Arizona, made a hard fight to raise the rate on long staple cotton from 7 to 20 cents. His amendment was rejected, 74 to 7. Senator Jones, Democrat, New Mexico, sought to have the bill include hides and drew forth the largest vote favoring the change that was recorded on any amendment. It was defeated, however, 30 to 40. The amendment was given support by Senator Bursum, Republican, also of New Mexico, who, in his maiden speech, declared that cattle hides were selling for "a dollar apiece and it takes a wagonload to pay for a pair of shoes."

Among the Senate conferees selected were Chairman Penrose of the finance committee, and Senator Smoot, Utah, Republicans.

As passed by the Senate, the bill is to be effective for six months, when it is hoped that the permanent tariff law now being framed by the House ways and means committee will have been enacted. It provides duties on wheat, corn, beans, peanuts, potatoes, rice, cattle, sheep, meats, long staple cotton and cotton manufactures, wool and wool manufactures, sugar, silk, wrap and filler tobacco and other farm products.

In addition, the bill carries an anti-dumping section designed to check the influx of cheaply manufactured foreign goods. Provision is made for the inspection of foreign exporters' books to determine costs where necessary for the assessment of duties.

Labor Body Scores Gompers. Huntington, W. Va.—A resolution condemning the policies of Samuel Gompers, president of the American Federation of Labor, was adopted by the West Virginia Federation of Labor in annual convention. The resolution characterized Mr. Gompers as a tool of politicians and declared that under his guidance the federation was "like a ship without a rudder."

Air Liner "De Luxe" Wrecked. Milwaukee, Wis.—With one of its wings hitting a tree on the take-off of what was to be the maiden trip, the Lawson air liner De Luxe, valued at \$75,000, crashed fifty feet to the ground. Four passengers, including Alfred W. Lawson, the designer, escaped unhurt. Damage was estimated at about \$8,000.

Federal Agents Seize Wine. New York.—Champagne and wines valued at approximately \$50,000 were seized in a raid conducted by federal prohibition officers on a store conducted by Rabbi Uri Fleischer. Prohibition officers previous to the raid had purchased several bottles of wine from a clerk in the store. According to the agents, the rabbi has a permit to sell wine for religious purposes on a rabbi's authorization. The federal agents claim they purchased the wine without any such authorization.

Air Liner "De Luxe" Wrecked. Milwaukee, Wis.—With one of its wings hitting a tree on the take-off of what was to be the maiden trip, the Lawson air liner De Luxe, valued at \$75,000, crashed fifty feet to the ground. Four passengers, including Alfred W. Lawson, the designer, escaped unhurt. Damage was estimated at about \$8,000.

Federal Agents Seize Wine. New York.—Champagne and wines valued at approximately \$50,000 were seized in a raid conducted by federal prohibition officers on a store conducted by Rabbi Uri Fleischer. Prohibition officers previous to the raid had purchased several bottles of wine from a clerk in the store. According to the agents, the rabbi has a permit to sell wine for religious purposes on a rabbi's authorization. The federal agents claim they purchased the wine without any such authorization.

LABOR BILL PASSES SENATE

MEASURE CARRIES ALL FINANCE COMMITTEE RECOMMENDATIONS—VOTE 63 TO 28

GOES TO CONFERENCE

TARIFF BILL RADICAL CHANGE TO MEASURE PASSED IN HOUSE

(Western Newspaper Union News Service.)

Washington, May 12.—The Senate has passed the emergency tariff and anti-dumping bill, retaining all the amendments recommended by the finance committee, but rejecting those individually proposed. The vote was 63 to 28.

The Knox amendment, continuing war-time control over imports of dyestuffs was accepted, 61 to 25. Seven Democrats—Senators Broussard, Louisiana; Jones, New Mexico; Kendrick, Wyoming; Myers, Montana; Pittman, Nevada; Mansfield, Louisiana; and Sheppard, Texas—voted with the Republicans in passing the bill. Another Democrat, Ashurst, Arizona, who was absent, was announced as a supporter. Only one Republican, Senator Moses of New Hampshire, voted against the bill.

As passed by the Senate the measure differs radically from that which was passed by the House and now goes to conference. Only the tariff features were kept intact, the anti-dumping and currency revaluation sections being rewritten and the provision added for continuation of the war-time restrictions on imports of dyestuffs.

Action by the Senate came after five hours of attack by Democratic leaders. The latter, however, were not alone in attempts to amend the measure, for several Republicans tried to broaden its scope. All amendments were swept aside by practically the same vote.

Senator King, Democrat, Utah, was not content, however, and made another effort to strike out the dye provision just prior to the final vote. That failed, also. The Utah senator, after the passage, announced he would offer a resolution soon, asking an investigation of the monopoly, which, he said, had been permanently entrenched by the Senate's action.

There were attempts by some Democrats who favored the measure to increase rates on particular commodities. Senator Ashurst, Democrat, Arizona, made a hard fight to raise the rate on long staple cotton from 7 to 20 cents. His amendment was rejected, 74 to 7. Senator Jones, Democrat, New Mexico, sought to have the bill include hides and drew forth the largest vote favoring the change that was recorded on any amendment. It was defeated, however, 30 to 40. The amendment was given support by Senator Bursum, Republican, also of New Mexico, who, in his maiden speech, declared that cattle hides were selling for "a dollar apiece and it takes a wagonload to pay for a pair of shoes."

Among the Senate conferees selected were Chairman Penrose of the finance committee, and Senator Smoot, Utah, Republicans.

As passed by the Senate, the bill is to be effective for six months, when it is hoped that the permanent tariff law now being framed by the House ways and means committee will have been enacted. It provides duties on wheat, corn, beans, peanuts, potatoes, rice, cattle, sheep, meats, long staple cotton and cotton manufactures, wool and wool manufactures, sugar, silk, wrap and filler tobacco and other farm products.

In addition, the bill carries an anti-dumping section designed to check the influx of cheaply manufactured foreign goods. Provision is made for the inspection of foreign exporters' books to determine costs where necessary for the assessment of duties.

Labor Body Scores Gompers. Huntington, W. Va.—A resolution condemning the policies of Samuel Gompers, president of the American Federation of Labor, was adopted by the West Virginia Federation of Labor in annual convention. The resolution characterized Mr. Gompers as a tool of politicians and declared that under his guidance the federation was "like a ship without a rudder."

Air Liner "De Luxe" Wrecked. Milwaukee, Wis.—With one of its wings hitting a tree on the take-off of what was to be the maiden trip, the Lawson air liner De Luxe, valued at \$75,000, crashed fifty feet to the ground. Four passengers, including Alfred W. Lawson, the designer, escaped unhurt. Damage was estimated at about \$8,000.

Federal Agents Seize Wine. New York.—Champagne and wines valued at approximately \$50,000 were seized in a raid conducted by federal prohibition officers on a store conducted by Rabbi Uri Fleischer. Prohibition officers previous to the raid had purchased several bottles of wine from a clerk in the store. According to the agents, the rabbi has a permit to sell wine for religious purposes on a rabbi's authorization. The federal agents claim they purchased the wine without any such authorization.

Get Ready for Hot Weather

By Purifying the Blood

Many people simply melt in summer. They can't work or enjoy life. They lack vitality. Ten to one their blood is impoverished. Rich, wholesome blood is the basis of vitality. If you have it, you sturdily withstand summer temperatures. But if your blood is poor, loaded with poisons that should be cast out, you are limp and useless in "shirt-sleeve" weather.

To avoid this, get from your druggist S.S.S., the famous vegetable blood tonic and alterative. It is just the thing for poor blooded people. After starting S.S.S., write us about your condition and we will send you expert medical advice free. Address: Chief Medical Advisor, S.S.S. Swift Laboratory, Atlanta, Georgia.

USED 50 YEARS AS A TONIC

What to Take for Disordered Stomach

Take a good dose of Carter's Little Liver Pills—then take 2 or 3 for a few nights after. You will relax your mind without fear of trouble to follow. Millions of all ages take them for Biliousness, Dizziness, Headaches, Indigestion, Stomach and Bowel Disorders, Pimples, Itchy Skin. They are the source of Constipation.

ROOM FOR YOUNGER CRITICS

They Have a Place in the World and a Duty That is Well-Worth Performing.

The younger critics, says Heywood Brown, are the lineal descendants of that little child in Anderson's fairy tale who, when the emperor was being made a spectacle of and all the world was being fooled by the sharp tailor, refused to be quiet and cried out: "He hasn't got anything on!" These young enthusiasts who have no positions to lose and no dignities to live up to go about pointing to all our literary emperors and calling attention to the scantiness of their attire of greatness, and refuse to be silenced by their scandalized or terrified elders. Good sense bids us welcome their honest gaze at even the most august persons. It can't hurt anything really fine, and it's about time we came out of some of our illusions. William Allen White used it up about right from the conservative point of view when he said in praising "Main Street": "Of course, I'm on the other side of the street myself, but that's just the reason why I like this book. It gives us fellows something to answer."

REALLY FLOWERS OF SPEECH

Sayings, Witty and Wise, That Are Worth Being Preserved in an Anthology.

Prof. Sir Arthur Quiller-Couch, in the course of his lively lectures "On the Art of Reading," gives some examples of Irish peasants' sayings with the large simplicity, the cadence, the accent of Biblical speech. The best is the benediction bestowed upon one of the two authors of the incomparable "Irish R. M." by an old woman in Skibbereen: "Sure you're always laughing! That ye may laugh in the sight of the glory of heaven!" The writer once thought of making an anthology of such wild flowers of way-side speech. He would have included in it some fair-traveled sayings, such as that of the freighter in the alkaline districts of Alberta, who said, pointing with his whip to an intensely blue lake on the horizon, "Bitter as a drying man's sweat is that same water," and the perfect definition of a ghost implied in the words of a Newfoundland fisherman, "There I see 'em warming themselves in the 'moon-light'."

Pigeon Vary Much Alive. One day I found a poor, cross pigeon, whom I thought to be dying. I took it to our office, without letting the boss know, and fed it and gave it water. Then I went out with a few bills, and imagine my embarrassment when I came back to find that the pigeon, I was positive could not live, flying around the office and the whole office force, excluding the boss, laughing.—Exchange.

There's a Reason Why Grape-Nuts

makes a helpful breakfast and a profitable lunch for the worker who must be awake and alert during the day.

Grape-Nuts is the perfected goodness of wheat and malted barley, and is exceptionally rich in nourishment. It feeds body and brain without tax upon the digestion.

"There's a Reason"

Miss Margaret Hancock of Hurley, N. M., is visiting her aunt, Mrs. I. O. Wetmore.

Dollar Day at Ziegler's, Saturday and Monday, May 21-22.

Mrs. Louise Spence, of White Oaks, is the guest of Mrs. Paul Mayer for the present week.

See the new line of Silk Dresses and fancy Sport Shirts received this week at Ziegler Bros.

Monday, May 16, was the 78, birthday of Mr. Wm. Kahler, Sr. and in honor of that event, a dinner party was arranged.

Mrs. Wm. Kahler, Mr. and Mrs. W. C. Pittman, daughter and Miss Marie Davis of El Paso, Mr. and Mrs. R. E. Hoffman, and daughter, Mrs. Ira Wetmore, Mr. and Mrs. W. P. Loughrey, and son, John M. Boyd and Wm. Kahler, Jr.

Mrs. Maxwell Smith Honor Guest at Ancho

Complimentary to Mrs. Maxwell K. Smith, the Ancho W.R. Club entertained at the home of Mrs. James Secrest with a surprise luncheon. Mrs. Smith is leaving for Dalhart, Texas, from Beeth's Spur, and in token of the high esteem in which she is held, was showered with many exquisite pieces of needlework, the handwork of each member of the Club.

Following a contest in which Mrs. Smith won the first and Miss Sadie Straley the consolation prize, a two course luncheon was served. The Club home was tastefully decorated with hanging baskets of pinion tips, bowls of Golden Prairie Daisies and Scarlet Sage. Mrs. Smith has been an active member of the Club and will be greatly missed from its circle. Members of the Club are: Mesdames M. K. Smith, J. E. Secrest, James Cooper, H. M. Belknap, T. J. Straley, T. J. Straley, Jr., Jones Pennington, Will. Dunn and Beulah Wilson.

The Saturday Night Club entertained at cards last Wednesday night in honor of Mr. and Mrs. Smith, those present being the Smith, Secrest, and Cooper families, Mrs. Belknap and W. A. Nord of Douglas, Arizona.
