DISCOVERS ART OF TEMPERING COPPER

Indian Man Solves Secret Known Only to Ancients. Patent Brings Millions.

What should prove to be an important factor in bringing back the copper mining industry and greatly increasing the demand for the metal is reported in the press from Laporte, Ind. Walker Bunton of that city has just sold to the United States Steel corporation the patents of a process of hardening copper, by which it can be made as hard as steel.

The article which bears every evidence of being reliable and accurate appeared in Wednesday's Denver Post and is as follows:

Laporte, Ind., Aug. 9.—One million dollars cash and 2 cents a pound royalty will be paid by the United States Steel corporation to Walker Bunton, of this city for his patent on tempering copper. The report was confirmed by Bunton Monday afternoon after a recent interview with Judge Gary and other steel company officials.

Bunton's discovery is one for tempering copper, an art lost since the days of ancient Romans. Tempered copper as Bunton has made it, means perhaps the hardest metal known, unless it is Elwood Haynes' "stellite."

MONTOYA THINKS STATE WILL GET SECOND CONGRESSMAN

Albuquerque, Aug. 16.—Representative Nestor Montoya returned to Albuquerque yesterday to visit his family and attend to personal business until Wednesday when he will go to Santa Fe to attend the republican state convention.

"I am confident that the congressional redistricting bill will be enacted," Mr. Montoya said today, "although not at the extra session. The bill is on the calendar with a favorable committee report, and its enactment in the regular session is expected."

"Our state has been given a second member of congress in this bill. Instead of attempting to district the state, which would be very difficult because of its vast area and scattered population, I urge on the committee the importance of leaving both members to be elected at large and this view was adopted by the convention."

RED CROSS NATIONAL CONVENTION AT COLUMBUS, OHIO, OCTOBER 3 TO 8

From October 3rd to October 8th inclusive, the American Red Cross will hold a National Convention at Columbus, Ohio.

This will, in all probability, be the largest gathering of individuals interested in the Red Cross ever held, as every Chapter in this country and all foreign and insular Chapters are being urged to send one or more delegates. A Chapter may send as many delegates as it desires. It is a legitimate Chapter expense to provide for the delegates' expenses from the Chapter funds.

A program will be presented covering the entire field of the Red Cross activities, a day being devoted to each major subject. Speakers of national and international reputation will have places on the program. If the press of public business permits, President Harding has agreed to be present and address the convention. One of the outstanding features of the convention will be the presentation of a great historical pageant in which 1500 people will participate, with two choruses of 1000 voices each.

Chapters are urged to give full consideration to the advantages to be gained to the Chapter in being represented at the convention, and to make their arrangements early enough so that the most desirable delegates may be secured. As far as possible, it is hoped that the Chapter will be represented by their chairman or members of their executive committees and by citizens who take a strong personal interest in Red Cross work.

TWO MILLION DOLLARS GOOD ROADS BOND ISSUE

If amendment No. 11 is adopted by the voters on September 20th, each county of the State will receive its proportionate share of the money realized from the sale of the bonds, determined upon the basis of assessed valuation, as follows:

Table with 2 columns: County, State Apportionment. Lists counties like Bernalillo, Catron, Chavez, Colfax, Curry, De Baca, Dona Ana, Eddy, Grant, Guadalupe, Harding, Hidalgo, Lea, Lincoln, Luna, McKinley, Mora, Otero, Quay, Rio Arriba, Roosevelt, Sandoval, San Juan, San Miguel, Santa Fe, Sierra, Socorro, Taos, Torrance, Union, Valencia with their respective apportionment amounts.

What the \$2,000,000 Bond Issue Would Do For the Counties.

What the \$2,000,000 good roads bond issue means in dollars and cents to each county if the bond issue amendment is ratified at the election.

Under the new Federal Aid act each county receives \$72 from the government for every \$28 put up.

On the basis of the apportionment of the proceeds of the \$2,000,000 issue of good roads bonds, each county will receive the following approximate amounts from the Federal Government:

Table with 2 columns: County, Federal Aid. Lists counties like Bernalillo, Catron, Chavez, Colfax, Curry, De Baca, Dona Ana, Eddy, Grant, Guadalupe, Harding, Hidalgo, Lea, Lincoln, Luna, McKinley, Mora, Otero, Quay, Rio Arriba, Roosevelt, Sandoval, San Juan, San Miguel, Santa Fe, Sierra, Socorro, Taos, Torrance, Union, Valencia with their respective federal aid amounts.

RADIUM CO. SELLS OUTPUT

Important Deal Closed With Capitalists of El Paso.

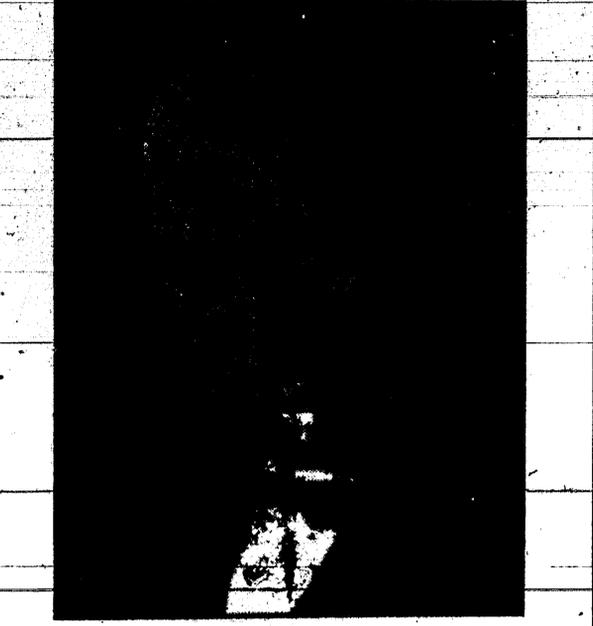

Silver City, Aug. 13.—A business deal of large proportions was consummated last week when the Radium Treatment and Sanatorium Company entered into a contract with Leo Sorenfeld and associates of El Paso by which the entire output of the mine is to be handled through a company with headquarters in El Paso.

While the sale will probably mean the almost immediate exploitation of the White Signal ores of radium it has its unfortunate features as far as Silver City is concerned since through it Silver City becomes only the shipping point for radium ores instead of the center from which they are distributed.

The Radium Treatment and Sanatorium Company in spite of lack of funds to carry on a national advertising campaign for their product, had succeeded in working up quite a widespread demand for these radium ores for medicinal purposes, which would ultimately have extended throughout the United States.

The new company will take not less than 1000 pounds of ore a month which will be placed in 10 and 15 pound sacks here and shipped to them in El Paso. Dr. Louis F. Murray of Silver City is responsible for the discovery of the remarkable medicinal properties of the torbernite ore of radium and hundreds of people in this part of the country have been benefited or cured by their use. Rheumatism, skin diseases and stomach troubles seem to be most benefited by drinking water charged with radium rays, but it has also proved very efficient in the cure of pyorrhea.

Republican Candidate for United States Senator from Our State

HON. HOLM O. BURSUM

Santa Fe, N. M., Aug. 18.—Holm O. Bursum was unanimously nominated as Republican candidate for United States senator at the September special election by state republicans meeting in convention here today. The election was called to name a successor to former senator A. B. Fall, now secretary of the interior. Bursum is filling the place by appointment of Governor Mechem pending the election.

LINCOLN COUNTY REPUBLICAN CONVENTION

The delegates selected from the different precincts last week, met in convention at Capitan on Saturday, August 13, Robert Brady, chairman of the Republican County Committee, opened the meeting and J. B. Friel, Secretary of the County Committee, read the call.

Hon. Chas. F. Grey of Oacuro, was unanimously chosen as chairman of the meeting and Hon. J. V. Tulley as secretary. On motion, a committee on credentials was appointed, one from each precinct, which committee's report was adopted by the convention.

The Committee on Rules and Order of Business reported Robert's Rules of Order to govern the convention which was adopted by the convention, and the Committee on resolution reported the following which was heartily endorsed by the convention with cheers and applause:

Resolved: That we affirm our allegiance to the Grand Old Republican Party and that we, the Republicans of Lincoln County heartily endorse the administration of President Harding and the course followed by our Representative, Hon. Nestor Montoya and Hon. H. O. Bursum, Junior Senator from New Mexico and the efficient administration of Hon. Merritt C. Mechem; that we heartily endorse and pledge our earnest co-operation to the success of amendment No. 1, to the constitution of New Mexico, giving women the right to hold office.

J. B. French, Robert Brady, Neil H. Bigger, Mrs. J. E. Farley, Mrs. H. P. Clarke. On motion, a committee was appointed to secure a list of 14 delegates to the State Convention which meets in Santa Fe, on August 18, such selection to be made from those who were desirous of attending the same. The committee returned with the following names which were adopted by the convention:

Alfredo Gonzalez, Atwood, Robert Brady, Clement Hightower, Mrs. H. P. Clarke, Charles Curry, Mrs. W. R. Lovelace, T. M. DuBois, E. H. Sweet, A. L. Burke, Geo. Spence, A. J. Roland, W. J. Klopp.

At different intervals, and especially at recesses, when the convention was waiting for committees to report, certain delegates made speeches which were received with applause. Harmony prevailed throughout the meeting and ended by all present expressing a combined determination to work for the party's interests with undivided energy.

RIVER OF BOOZE INTO RIO GRANDE VIA THE SEWERS

Three Hundred Gallons of Confiscated Whisky Destroyed by Officers.

Albuquerque, Aug. 16.—The Rio Grande is a refreshing stream today—more refreshing than usual.

Enough good wine, beer, whiskey and tequila was poured down the pipe in the federal building today to give nearly every man in Albuquerque a drink. Deputy United States Marshal Charles H. Kern upon orders from Judge Colin Noblett was busy this morning breaking barrels and emptying bottles and jugs.

The liquor destroyed included six and one-fourth 50 gallon barrels of wine; 21 pints and two jugs of corn whiskey; 22 quarts of home brew beer; 32 pints of tequila; one-half bushel of rye; three bottles and two jugs of rye; five quarts of grape brandy; two gallons of mash. Two stills were also destroyed. More than twice as much liquor as that destroyed however is still in the federal vault. The supply this morning belonged to persons who either have pleaded guilty to violations of the prohibition act or had been convicted.

REFUSE CUT IN LIVESTOCK FREIGHT RATE

Washington, Aug. 15.—Freight rates on livestock in western and mountain Pacific territory were found by the interstate commerce commission today to be not unjust and unreasonable, but the commission suggested to the railroads that present rates should be reduced voluntarily to 80 per cent of the present rates, the reductions to be not less than fifty cents a hundred pounds. Rates as suggested may be published to become effective on not less than five days notice, the commission said.

Emergency reductions granted last May still are in effect, the commission said and there is nothing to show that they materially increased traffic or that present rates have appreciably reduced the movement of livestock which must be marketed as it matures.

HOPE IRRIGATION PROJECT COVERS 250,000 ACRES

Hope, N. M., Aug. 14.—The citizens of Hope met in a large mass meeting last week to discuss plans for the construction of a large reservoir several miles northwest of the town. Several hundred people were present and enjoyed the supper that was served on this occasion.

The proposed project will cause about 250,000 acres of tillable land to be irrigated. This land is now used for grazing purposes only. The watershed for such a project is one of the largest in the western states according to the surveyors in charge. Both Hope and Artesia will be benefited by this project in a very material way.

TAX DELINQUENCY

For the year 1920, there was outstanding in uncollected taxes in New Mexico on June 30, 1921, a total of \$3,161,298.08. The delinquency for 1919 and prior years on that date was approximately \$3,000,000. This means that about \$160,000 was due the schools, counties, cities and the state from taxpayers who were charged for the support of the government. As compared with last year, we find that one month after the delinquent date, there was on June 30, 1920, uncollected 1919 taxes amounting to \$1,625,679.53. In other words the delinquency for 1920 is twice as great one month after the delinquent date as for 1919. On June 30, 1920, 82.73 per cent of the 1919 taxes had been collected while on June 30, 1921, only 71.33 per cent of the 1920 taxes had been collected. The figures are taken from reports in the office of the State Tax Commission.

Below in Column I are shown the per cent collections of 1920 taxes on June 30, 1920. In column II are the per cent collections of 1919 taxes on June 30, 1919.

Table with 2 columns: County, I (1920), II (1919). Lists counties like Bernalillo, Chavez, Colfax, Curry, De Baca, Dona Ana, Eddy, Grant, Guadalupe, Lea, Lincoln, Luna, McKinley, Mora, Otero, Quay, Rio Arriba, Roosevelt, Sandoval, San Juan, San Miguel, Santa Fe, Sierra, Socorro, Taos, Torrance, Union, Valencia with their respective collection percentages.

Investigation by the Taxpayers' Association show that delinquency exists among all classes of taxpayers. In Santa Fe County about 30 per cent of the persons listed on the 1919 tax rolls were delinquent; in Socorro County there were nearly 1000 delinquent and in Dona Ana County nearly 500 delinquent for the year 1919. Tax delinquency is not peculiar to large taxpayers, therefore, the demoralization is far reaching. As a matter of fact it will be found that in most of the counties of the state, it is the prompt payment of taxes by corporations and large individual taxpayers, which enables the schools to run, roads to be built, and the local government to function and keep its credit good.

PRAIRIE DOG AREAS NEAR MAYHILL CLEARED OF PESTS

Some of the farmers in the vicinity of Mayhill, working under the direction of Mr. Bliss, a representative of the federal Biological Survey, have been working on prairie dog infested areas, with a great deal of success. Mr. J. W. Ware, county agent, has also been assisting in the work.

Some of the territory in the vicinity of sections and the little dogs ate up all the grass and also crops that were growing near their "towns."

Mr. Bliss of the Biological Survey, first recommended a poisoned oats treatment. The oats were mixed at the home of Mr. Enoch Bible and the farmers got their quota of poisoned grain from there. The first treatment got rid of about 90 per cent of the dogs, it is estimated. The last treatment to rid the areas of the dogs was bi-sulphide of carbon and it is thought that this reached all or nearly all of the remaining 10 per cent of dogs. Other prairie dog areas will be treated in the mountains until the farmers are relieved of this pest which has proved to be a source of economic loss in the past.

WHAT MINING MEANS

The West has been experiencing a shut-down of one of its greatest industries, copper mining.

In 1913 the copper output of the country totaled 1,224,484,000 lbs. If the output for the balance of 1921 approximates the June rate, 1921 domestic production will be 440,000,000 lbs., or about 800,000,000 lbs. less than for 1913.

Many western communities which were inclined to treat mining with indifference during the war period, have at last come to realize what this great industry employing industry means in the way of western prosperity. Labor agitators and tax agitators, who have used this industry as a target for their activity will find that for some time to come in the future they will not be welcome in mining communities. Too many citizens and workmen now realize that their prosperity is inseparable from that of the mines in many of our western states.

It will be a welcome day when western copper mines can again resume their activity. Manufacturer's Magazines.

BLIND MAN TELLS OF MURDERING WOMAN

El Paso Herald

Ramon Ramirez, a blind man, 20 years old, was arrested and charged with murder when deputy sheriffs found him sleeping in a shed Tuesday morning half a mile from the house in which Mrs. Conrado Salazar, 32 years old, was murdered and her children, Conrado Salazar, jr., 4 years old; Ophelia, 7 years old; and Fannia, 8 years old, were clubbed and seriously injured Monday night.

The home is in the Sambrano addition near the "Five Mile Bridge," east of El Paso.

"Yes, I killed them," was Ramirez's statement, according to deputy sheriffs John Boone and J. C. Stansel and deputy constable R. E. Brooker.

No, I wasn't mad at them, I wanted to kill them all. It would be better for them."

Blood was on Ramirez's face and hands. A two by four scantling about two feet long was near him, the officers said.

The arrest of Ramirez, officers said, ended an all night search in which deputy sheriffs, deputy constables and police participated.

Mrs. Salazar, the three children injured and two other children, Lillie Salazar, 18 months old, and Alveda, three year old daughter, and Guadalupe Guevara, Mrs. Salazar's 14 year old niece, all were sleeping in the same room.

The husband and father went to Tularosa, N. M., Monday to hunt for work.

Everyone in the house was asleep when the slayer entered. He forced the back door open with a big knife, the officers said.

Guadalupe was the first to awaken. She said she saw through the darkness of the room, a man holding something in his hand. He was bending over Mrs. Salazar.

"I screamed," Guadalupe said, "as the man brought his hand down. I ran out the front way for help. I could hear the other children crying as I ran."

Mrs. Salazar's body was found huddled in a corner. A bloody butcher knife lay on the bed where she had been sleeping. The injured children lay about the room, deputies said, as though the assailant, "groping about, had struck wildly with his instrument, striking the children as they get near him.

When news of the tragedy scattered through the neighborhood, many persons fired their guns to attract officers to the scene. As many as a hundred pistol and shotgun shots were fired by persons trying to draw officers to the scene. City and county officers arrived soon after the alarm was given.

Mrs. Salazar was a sister to Mrs. Ben Lujan and to Juan Martinez of this place. On receipt of the sad news Messrs. Lujan and Martinez departed for the border to make arrangements for the funeral which will be held in Tularosa. Sympathy for relatives in this city and community is extended to the relatives of the unfortunate family.

BANNER BEAN CROP IN THE ESTANCIA VALLEY MATURING

Albuquerque, August 15.—"Bean growers of the Estancia valley are bunting with prosperity," is the statement of E. S. Wheeler who has just returned from a trip through central and southern New Mexico in connection with his investigation of the economic conditions of farmers of the state. He is conducting this investigation at the request of the department of agriculture, as a part of the general program of congress to find out what happens to commodities between the producer and the consumer.

Mr. Wheeler reports that the Estancia valley has never had as good a crop of beans as they have had this year. They are getting good prices for their beans, and while markets were a bit slow, there is general prosperity in the valley. The same is true of farmers who are raising wheat in the southeastern part of the state. They are getting good prices and have excellent crops, he reports. The country around Las Cruces has had a record crop of cantaloupes, and have good roads direct to the markets.

Stock raisers, according to Mr. Wheeler, are not as well off. While the stock in southeastern New Mexico are rolling in fat, there is no market. Because of high freight rates, the farmers of this section cannot dispose of their hay. "While farmers in general are doing well this year," he says "they are all living on borrowed money. The trouble is that they are all trying to live ahead of their incomes, and when they do have a good year they are barely able to catch up in their finances."

NO DIFFERENT.

The regular conductor of the advice to the love-lorn column being away, the red-headed office boy had been temporarily promoted to that job, under the general supervision of the sporting editor.

"Here's a gink who wants to know how long girls should be courted," the office boy reported. "What'll I tell him?" "Use your own brains, boy!" the sporting editor growled. "Tell him just the same way as about girls, of course."

The Tripping Tongue.
Artist (meeting friend at exhibition)—Well, how do you like Brown's picture?

She—That one? Why, I thought it was yours—but since it isn't, I can speak freely. Miserable dabb, isn't it?

And it wasn't until an hour later that she realized that she had given him a back-hander.

Conservatism.
"What sort of business is Gipping in now?"
"He says he's doing a little something in oil."

"Remarkable!"
"Why so?"
"That's the first time I ever heard of an oil operator who didn't claim to be juggling with millions."

Not Very Deep.
He (calling)—Reading poetry are you?
She—Yes, I'm wading through Tennyson.

He (glancing at page)—Ah! And you've just got to the middle of 'The Brook.'"

NO INDEED.
"So you wouldn't want to marry an old guy, eh?"
"Not if that was his only qualification."

A Trial Then.
A motor car
Is lots of fun
Unless the blamed thing
Will not run.

Hoping for a Benign Review.
First Show Manager—Do you believe in the influence of environment?
Second Ditto—Yes, on my first nights I always put the grumpiest critic in Seat B3.

What It Cost.
"Your wife looks stunning tonight, her gown is a poem."
"What do you mean," replied the struggling author. "That gown is two poems and a short story."

Preserving an Appetite.
"When I was a boy my parents did not allow me to read dime novels," remarked a serious citizen.
"Neither did mine," replied Miss Cayenne. "I'm very grateful to them for not allowing me to indulge in sensational fiction to an extent that might spoil my taste for the modern motion picture thriller."

And Then 'The Storm.
Modiste—Really, madam, this gown makes an entirely different woman out of you.
Customer's Husband—Take it, Helen—never mind the price!

Human Dynamo.
"That judge is a human dynamo. He electrified the courtroom during the trial."
"And what is he doing now?"
"Charging the jury."

Pine for Writers.
Inspiration ink—It flows freely. This is a sign we have never seen, but we hope to see it some day in a motion store.

Importance of Little Things.
She—Just think of it! A few words mumbled by the minister and people are married.
He—Yes, and, by George, a few words mumbled by a sleeping husband and people are divorced.

A Mere Trifle Nowadays.
"The largest contributor to our campaign fund wants his money back."
"Have you spoken to our candidate about that?"
"Yes. He wants to know what a million means between friends."

GROWING WINTER WHEAT IN NORTH

Hardier Varieties Introduced That Give Better Yields and Mature Earlier.

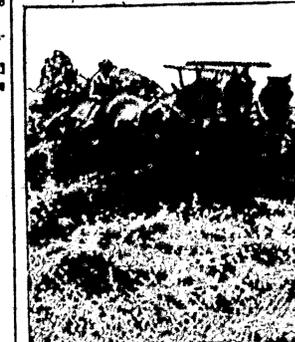

BETTER DROUGHT RESISTANT

Better Division of Labor Permits Fall Seeding and Earlier Harvesting—Careful Selection of Seed Will Aid Yield.

(Prepared by the United States Department of Agriculture.)
Since the introduction of the hardy varieties of wheat from southeastern Europe there has been a decided northward movement of the winter-wheat area. This movement has been rapid in recent years. The reasons therefor are the generally large yields of winter wheat due, first, to its earlier maturity, thus enabling it to escape hail, hot winds and disease; second, to its greater drought resistance; and third, to the better division of labor, which it allows through fall seeding and earlier harvesting.

The profitable production of wheat in the eastern part of the United States depends to a considerable extent on the choice of the best-adapted varieties. In general, the soft red winter wheats are grown, although soft white winter wheats are popular in the northeastern United States, especially in New York and Pennsylvania. In the extreme western portion of the eastern area, which is limited on the west approximately by the line of 30 inches of rainfall, hard red winter wheats of the Turkey type are grown. Along the line of 30 inches rainfall there is a transition zone in which hard and soft red winter wheats succeed about equally well.

Better Varieties for Many Farms.
Many farmers are doubtless growing poorer varieties of wheat than they might grow if they knew exactly what was adapted to their localities and farms. The United States Department of Agriculture has just issued Farm-

Harvesting Wheat.

ers' Bulletin 1168, Varieties of Winter Wheat, Adapted to the Eastern United States, which charts localities in which various types of wheat can be grown to advantage, and lists the varieties adapted to each particular locality.

The bulletin suggests that there is a large local demand in New England for wheat as a poultry or stock feed, and it should not be difficult for several farmers in almost every neighborhood to sell all the wheat they can raise at a good price to their neighbors. Winter wheat will doubtless produce better average yields, where it can be grown, than spring wheat. If proper cultural methods and suitable varieties are used.

Improve Wheat Yield.
Wheat can be improved in yield and in other desirable characteristics by the selection of good heads or good plants from the general field and growing the seed from each individual head or plant in separate rows. Continued selection will result in constantly improved seed. Another method of purifying a variety and increasing the yield is what may be called mass selection. This consists simply in picking out good heads from the field at large, sowing the selected seed in a small area, and reselecting it the next harvest time. The bulletin may be had on application.

ANALYSIS MADE OF MANURES

Dry Material Contains Large Amount of Nitrogen, Phosphorus and Potassium.

The average of analysis of manures from cattle, horses and mixed, shows that a ton of dry manure contains 38 pounds of nitrogen, 7.6 phosphorus and 30.4 pounds of potassium. A ton of fresh farm manure consists of about three-fourths water but it contains ten pounds of nitrogen, two pounds of phosphorus and eight pounds of potassium.

HOW DISEASE IS INTRODUCED

Unwholesome Foodstuff That is Decayed or Moldy Should Never Be Given to Fowls.

Disease is often introduced into a flock by unwholesome foodstuff that is decayed or moldy, but good food may be easily spoiled by placing it in dirty troughs or neglected feeding places, especially in hot weather when soft food or milk is given.

WELL-BRED POULTRY AROUSING INTEREST

Poultrymen Help Better Sires—Better Stock Movement.

Nebraska Live-Stock Owners Enrolled in Campaign Report Standard-Bred Fowls—Plymouth Rocks and Leghorns Lead.

(Prepared by the United States Department of Agriculture.)

In the absence of census data on the quality of farm poultry, information being received by the United States Department of Agriculture in connection with the Better Sires—Better Stock movement is believed to be of interest to poultrymen. For instance, of 75 livestock owners in Webster

Barred Plymouth Rock.

county, Nebraska, who in one day enrolled in the better sires drive, 65 reported standard-bred fowls. The flocks averaged 64 birds. The principal breeds reported are, in the order stated, Plymouth Rocks, Leghorns, Rhode Island Reds, Orpingtons and Wyandottes. Barred Plymouth Rocks were more numerous than other varieties in the breed. Of the Leghorns the White Leghorns were raised in largest numbers, while of the Wyandottes the white variety was somewhat more popular than the Silver-Laced Wyandottes, which were second. Buff Orpingtons were the only variety of that breed reported.

The facts stated are believed to show interest in the keeping of well-bred poultry, especially since the Better Sires—Better Stock blanks merely call for the number of poultry kept; and in all cases the live-stock owners volunteered the facts about breeds and varieties. It is also noteworthy that, whereas the better-sires drive is aimed chiefly at the improvement of breeding males, in the case of poultry a large majority of females likewise are standard bred.

FARM CHIMNEYS NEED STUDY

They Should Start From Ground and Not Be Placed on Brackets—Make Foundation Solid.

All chimneys for farm buildings should start from the ground. Those placed on brackets are unsafe and often increase the rate of insurance. A properly designed house of moderate size, one or at most two chimneys, each containing several flues, will serve every purpose. If possible, a flue should be provided for each stove, as much better drafts are thereby obtained, say specialists of the United States Department of Agriculture.

The chimney should have a solid foundation of brick or stone, and if of brick, of course, an extra footing should be laid. The exterior walls should be two bricks thick and the division walls one brick thick. In case the chimney is lined with one of the patent fire-clay linings now on the market one brick will prove of sufficient thickness for the exterior walls.

In case it is necessary to carry a stovepipe any considerable distance inside a partition to reach the chimney, a terra cotta thimble should be used, and where a pipe passes completely through a partition it should be protected with a ventilated thimble.

PLAN TO WEAN CALVES EARLY

Much Time and Annoyance Saved if Youngster Is Taken Away When Quite Young.

The cow owner who neglects to wean his calf because it is too much trouble is making ten times the trouble for himself by letting it nurse its mother. It is surprising how soon a calf can be taught to drink from a bucket, if one is determined enough. And the freedom from bothering with a hungry young bull a few weeks later, charging down, trampling one's feet and insisting upon having his way, is worth a lot.

COVER OR BLANKET FOR COW

Good Way to Keep Flies From Bothering While Milking—Obviate Tail Switching.

To keep flies from bothering while milking, make a cover or blanket for the cow from a large gunny sack, ripped open, and provided with strings for fastening under forelegs, and string across back to hold in place over the rump. If both the cow being milked and the one behind the milker are so protected there will be very little tail switching.

Children Cry For

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your *ailing* child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

THE CENTAUR COMPANY, NEW YORK CITY.

Nothing Left
Ralph—How about that £1,000,000 will case?
Gerald—Oh, they settled that to the satisfaction of the lawyers on both sides.
"Ah! Anybody else get anything?"—London Answers.

Shave With Cuticura Soap
And double your razor efficiency as well as promote skin purity, skin comfort and skin health. No mug, no silty soap, no germs, no waste, no irritation even when shaved twice daily. One soap for all uses—shaving, bathing and shampooing. Advertisement

Y. W. C. A. in Constantinople.
In the presence of a large number of distinguished guests both in political and educational circles, a new service center was opened recently in Stamboul, the old city of Constantinople, by the Y. W. C. A. Speeches were made in both English and Turkish. The house and garden obtained for the center are both attractive and well adapted to their new use, as well as conveniently situated. Another meeting and recreation place which the Y. W. C. A. has provided for Constantinople girls is a spacious garden on the beautiful sea of Marmora. It has been rented from a wealthy pasha to serve as a summer camp.

Steady Young Feller.
"They tell me that your boy, Josh, has grown to be a middlin' wild young feller since he come back from traveling around with our marines," said Farmer Brown to his neighbor.
"Wa-ll," drawled the father, "he ain't exactly what I'd call wild. He's been goin' to the movies a couple times a week, smoked cigarettes, drinks a right smart lot of lemon-cody, and has started to collect pictures of them show actresses. But I reckon the boy ain't had—he's just sown' his wild oats."—The Leatherneck.

Quite Imaginary.
Professor—Give me an example of an Imaginary spheroid.
Student—A rooster's egg, sir.

POSSIBLY HER LAST CHANCE
At All Events, the Object of His Affections Perfectly Agreed With Her Fiance.
For several minutes the young man did not speak. His heart was too full. It was enough for him to know that this glorious creature loved him; that she had promised to share his fate.

With a new and delightful sense of ownership he feasted his eyes once more upon her beauty, and as he realized that henceforth it would be his privilege to provide for her welfare and happiness, he could have almost wept with joy.

His good fortune seemed incredible. Finally he whispered tenderly:
"How did it ever happen, darling, that such a bright, shining angel as yourself fell in love with a dull, stupid fellow like me?"
"Goodness knows," she murmured absently; "I must have a screw loose somewhere."

A Celebrity Arrives.
"Great excitement in the local room."
"What's happened?"
"A beautiful woman has just shot a married man who wasn't married to her. The city editor has issued orders to get all her photographs available from her babyhood to the one taken yesterday, and two men have been sent to arrange for exclusive publication of her diary. He has also called up a friend who is in the motion-picture business who is on the lookout for new stars."—Birmingham Age-Herald.

Ups and Downs.
Two men, strangers to each other, sat side by side in a suburban train. Finally, one turned to the other and became confidential.
"I," he said impressively, "am a starter of elevators in a city sky scraper. When I signal them to go up, they go up. And your line is—?"
"I," said the other, "am an undertaker. When I signal them to go down, they go down."—The American Legion Weekly.

DIARRHOEA!
Quickly Relieved by WAKEFIELD'S Blackberry Balsam
Wakefield's Blackberry Balsam has been the surest and swiftest remedy for Diarrhoea, Dysentery, Cholera Infantum, and Cholera Morbus for 76 years. While it is quick and positive in its action, it is harmless and does not constipate. It checks the trouble and puts the stomach and bowels in their natural, regular condition. Of the millions of bottles sold, no case has been reported where a cure was not effected when directions were followed.
Every home should have a bottle of more on hand ready for sudden attacks. Size and \$1.00. \$1.00 bottle holds a three-ounce size. Sold everywhere.

Western Canada Land of Prosperity
offers to home seekers opportunities that cannot be secured elsewhere. The thousands of farmers from the United States who have accepted Canada's generous offer to settle on FREE homesteads or buy farm land in her services have been well repaid by bountiful crops. There is still available on easy terms Fertile Land at \$15 to \$30 an Acre—land similar to that which through many years has yielded from 20 to 45 bushels of wheat to the acre—oats, barley and hay also in great abundance, with raising horses, cattle, sheep and hogs in equally profitable. Hundreds of farmers in Western Canada have raised crops in a single season worth more than the whole cost of their land. With such success comes prosperity, independence, good homes and all the comforts and conveniences which make life worth living.
Farm Gardens, Poultry, Dairying are sources of income second only to grain growing and stock raising. Attractive climate, good neighbors, churches, hospitals, schools, good markets, railroad facilities, rural telephone, etc.
For certificate entitling you to receive detailed prospectus, illustrated literature, maps, description of farm opportunities in Manitoba, Saskatchewan, Alberta and British Columbia, etc., write

A protective tariff is not only justified but necessitated by the fact that in many other countries the standard of living is much lower than in America, and the cost of production of goods correspondingly lower. That being true, if there be no protective import tax, the foreigner can market his goods here, thus depriving the American producer of the work and wages incident to production. Every dollar sent abroad for foreign goods is a dollar less in circulation here and a dollar more for the upbuilding of the industries of our commercial rivals. It is merely a question of imposing an import tax that will encourage buying at home.

Practising As He Preached

Secretary of War Weeks, while a member of the senate, was the author of a resolution proposing a bi-partisan commission on reconstruction as a means of getting the nation back to normal as rapidly as possible and with the least disturbance, when war had been ended. He offered his plan several months before the armistice, but it was defeated by the Democratic administration. Now that Weeks is at the head of an executive department, he is putting his economy and reconstruction plans into operation. The country would be far better off if the Weeks plan had been adopted when proposed, or if Weeks had been at the head of the War Department when the armistice was signed.

Mischief-Makers Smile

With a grin of amusement over the predicament of the Republican administration, the Democrats read the announcement of the discovery that the Shipping Board incurred a deficit of \$380,000,000 last year. How the Republicans can pull the country out of this and other difficulties created by the Wilson administration is a problem yet to be solved, and the Democrats seem to get satisfaction out of watching the Republicans try.

NOTICE TO TAXPAYERS OF LINCOLN COUNTY

A meeting of the board of County Commissioners will be held at the court house, in the town of Carrizozo, N. M., at 9 o'clock a. m. on the 19th day of August, 1921, for the purpose of proposing and adopting a road budget, for all expenditures from the road and bridge fund for the ensuing year beginning with the 1st day of December, 1921.

Signed, Board of County Commissioners, BEN LUJAN, Chairman.

Notice for Publication

Department of the Interior United States Land Office at Roswell, New Mexico, July 30, 1921.

Notice is hereby given that William J. Hartwell, of Ancho, N. M., who on January 21, 1919, made Homestead entry, No. 042912, for all of Section 12, Township 3-S, Range 11-E, N. M. P. M., has filed notice of intention to make final 3-year proof, to establish claim to the land above described, before Grace M. Jones, U. S. Commissioner, at Carrizozo, N. M., on the 6th day of September, 1921.

Claimant names as witnesses: Jones Pennington, Lee Sharpe, Frank Dunn, Boush Wilson, all of Ancho, N. M. EMMETT PATTON, Register, Aug. 5-Sept. 2.

Notice for Publication

Department of the Interior United States Land Office Roswell, New Mexico, July 30, 1921.

Notice is hereby given that Jordan M. Telford, of White Mountain, N. M., who, on May 14, 1920, made Homestead entry, No. 047662, for Lots 1, 2, 3, 4, NW 1/4, NE 1/4, Sec. 7, Twp. 3, Range 10-S, N. M. P. M., has filed notice of intention to make final 3-year proof, to establish claim to the land above described, before Grace M. Jones, U. S. Commissioner, at Carrizozo, N. M., on the 6th day of September, 1921.

Claimant names as witnesses: A. D. Brownfield, George R. Alexander, Domingo Montoya, these of White Mountain N. M., Tip Frazier, of Carrizozo, N. M.

EMMETT PATTON, Register, Aug. 5-Sept. 2.

NOTICE OF CONTEST

Department of the Interior, United States Land Office, Contest No. 10,236.

Roswell, N. M., July 27, 1921.

To John Hargraves, of Corona, N. M., Contestee:

You are hereby notified that Antonio C. Abilla, who gives Ancho, N. M., as his post-office address, did on July 6, 1921, file in this office his duly corroborated application to contest and secure the cancellation of your homestead entry, Serial No. 039899, made September 27, 1920, for W 1/2 SE 1/4, SW 1/4, SW 1/4, NW 1/4, Sec. 25, Twp. 3, Range 10-S, N. M. P. M., Meridian, and grounds for his contest he alleges that (omitting immaterial allegations) entryman did not establish residence on said land before applying therefor and was not established his residence thereon as never resided upon nor improved said land, and that his absence from said land was not due to entryman's service in the military or naval organizations of the United States nor in the National Guard of any of the several states.

You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be canceled without further right to be heard, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically responding to those allegations of contest, together with due proof that you have served a copy of your answer on the said contestant either in person or by registered mail. You should state in your answer the name of the post office to which you desire future notices to be sent to you.

EMMETT PATTON, Register.

Notice to Taxpayers

Notice is hereby given that, under and in accordance with Sec. 2, Chapter 80 of the Laws of 1917, relating to the collection of delinquent taxes, I, the undersigned, have posted a copy of such delinquent tax list, at the front door of the court house, at Carrizozo, Lincoln County, N. M.

Now, therefore, I give notice that I will on the 30th day of September, 1921, apply to the District Court, with-

in and for Lincoln County, New Mexico, for judgement against the lands, real estate and personal property, upon which taxes are delinquent and unpaid, in said county, and for an order to sell the same to satisfy such judgement.

And, I, the undersigned, do further give notice that I will within 30 days, after the rendition of such judgement, offer for sale, at public auction for cash, at the front door of the Court House at Carrizozo, Lincoln County,

New Mexico, separately and in consecutive order, each parcel of property, upon which any taxes are delinquent and unpaid, and against which judgement has been rendered for the amount of taxes, penalties, interest, and costs due thereon, or as much thereof as will be necessary to realize the respective amounts due.

H. G. NORMAN,
 Treasurer and Collector.
 Aug. 12-Sept 9.

Aviso A Los Pagadores De Tasacion

Aviso es por esto dado que en acuerdo con Sec. 2, Chapter 80 de las leyes de 1917, con relacion ha la coleccion de tasacion atrasada, yo el abajo firmado he hecho una lista de tasacion delinquente, y la he puesto en el frente de la casa de cortes, en Carrizozo, Condado de Lincoln, N. M.

Ahora doy aviso que el dia 30 de Setiembre, 1921, yo aplicada por un Orden de la Corte de Distrito, por el condado de Lincoln, N. M., para que se realice la tasacion de los bienes de los contribuyentes del condado, y por un Orden para vender la misma para satisfacer dicho juicio.

Y, yo el abajo firmado, doy aviso que yo dentro de 30 dias despues del rendition de dicho juicio ofrecedese venta publica en frente de la casa de cortes, en Carrizozo, Condado de Lincoln, N. M., separadamente y en orden toda la propiedad en cual la tasacion delinquente, en contra de cual juicio ha sido recauido, por la suma de tasacion, penalidades, interes y costos o tanto como lo que se alle necesario para realizar la suma delinquente.

H. G. NORMAN,
 Tesorero y Collector.
 Aug. 12 Sept. 9.

SUPPLEMENT TO

Carrizozo Outlook

VOL. XVI.

CARRIZOZO, LINCOLN COUNTY, FRIDAY, AUGUST 19, 1921.

No. 25

Ancho Notes

This section of the county has been visited by many good rains and the grass is better than it has been for years. Crops are looking fine.

Professor Neve of La Luz, has been employed to teach the Ancho School for the coming year.

Mr. and Mrs. Brack Sloan are the proud parents of a bouncing baby boy. Mother and son are doing nicely.

Wm. Ellis has been doing some good work in improving his mining claims in the Bonito mining district for the past two weeks.

Mrs. E. J. Thompson, a practical nurse of Corona, is waiting on Mrs. J. W. May, who has been ill, of late.

Mr. and Mrs. Jesse Bond of El Paso spent several days last week, visiting their brother, Ellwood Bond at this place.

Mrs. L. Holguin has been quite ill of late, but her condition is improving.

Mrs. Clyde Collier has returned to her home in Grey Creek, Colorado, after a visit with friends near Ancho.

Baptist Church Notes

The pastor will not announce subjects for his sermons for next Sunday, more than to say, they will be along lines which will apply to present conditions that confront us as a people and pointing out the many avenues of escape from evils which lurk in the pathways of children of men.

Attendance at services in all departments of the Church continue good with a promise of better attendance, as the fall season approaches. The pastor will preach at Nogal next Sunday at 3 o'clock in the afternoon. To this and all other services in the different departments of Church work, the public is cordially invited.

Father Girma came up this week from Villanueva, N. M., to spend a couple of days with his friends here.

J. M. Caldwell, who has for the past year been a clerk at Ziegler Brothers' store left with his family Tuesday morning for Hot Springs, N. M., where he will form a partnership with his brother, G. W. Caldwell, in the grocery and general merchandise business. "Jake" has many old friends in this locality who will join us in wishing the new firm the greatest of prosperity. Hot Springs will be favored with a firm whose foundation for conducting business, is fair and square dealing, therefore, all parties concerned should profit thereby.

Mr. Albert Ziegler returned from his eastern trip last Friday where he made his purchases for fall and winter goods. He was pleased to find the markets in condition to buy at prices that will have the good effect on cheapening and, therefore, lessening the burden on the pocket books of his customers by buying just at the right time. Some of the goods are beginning to arrive, about \$4,000 worth arriving in one day this week. His future advertising will determine the advantage his trip has been to the purchasing public.

At The Republican Convention in Capitan last Saturday, Porfirio Chavez and Niel H. Bigger came forward and united with the Republican party. Both of these gentlemen have been Democrats for years. Mr. Chavez served one term as sheriff of Lincoln County, being elected on the Democratic ticket and Mr. Bigger is editor of the Capitan Mountain, which has supported a great many deserving Republicans. Now, he comes out on the Republican side, open and above board. The two gentlemen were escorted to the front by committees appointed by the chair amid applause from the attending delegates.

Walter K. Hoag of Kansas City, Mo., is spending a two week visit with Mr. and Mrs. Lewis.

Mr. O. W. Bamberger of the Carrizozo Trading Co., left Tuesday for St. Louis, Chicago and other markets to make purchases for fall and winter ladies' wearing apparel and gent's furnishing goods. Few towns of the size of Carrizozo can boast of the fact that their business men make trips to the eastern markets twice each year to get on the inside of prevailing wholesale prices for the expressed purpose of transferring this benefit to the trade at home. The saving will be realized in the future prices which will appear in the advertising.

Program at Crystal Theater

Friday Night August 19th, Comedy—Fatty Arbuckle In "He Did" "He Didn't"; "His Baby Doll, Militant Man".

Notice

All the interests of the Lincoln County Abstract Co., have been transferred to W. W. Stadtman, M. Ethel Stadtman and C. O. Reece, as Joint Tenants and as Trustees of the Lincoln Abstract & Investment Trust, and all business formerly conducted by the above company will hereafter be conducted by the new trust.

As president of the Lincoln Abstract & Investment Trust I shall be in a position to take care of any line formerly handled by the Lincoln County Abstract Co. which includes all classes of Insurance, the procuring of Bonds, Abstracts and Reports. W. W. Stadtman, Pres.

First Methodist Church

We were especially gratified with the Epworth League Meeting last Sunday evening. The help these young people rendered in the choir is much appreciated.

Rev. W. E. Lyon, Centenary Secretary for the New Mexico and Northwest Texas Conferences, was with us last Monday evening and told us of the work which is being done through this great movement. He audited the books of the treasurer and found them to be in perfect balance.

Rev. J. B. Cochran of Albuquerque, Presiding Elder of the Albuquerque District, will be with us next Sunday. Rev. Cochran has lived in New Mexico a number of years and is well and favorably known to many of our community. We understand his announcement to indicate that he will preach at both 11:00 a. m. and 8:00 p. m. The general public is cordially invited.

Deafness Cannot Be Cured
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedial Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by Catarrh of the Eustachian Tube, which is nothing but an inflamed condition of the mucous surface.
 We will give One Hundred Dollars for any case of Deafness cured by CATARRH CURE, sent by express, enclosed by return mail. Send for literature free.

CARRIZO OUTLOOK

THE WAY OF LAWLESSNESS

Half of the space in the metropolitan newspapers today is used to report robberies, hold-ups, murders, suicides and family troubles of various kinds. In a leading San Francisco daily the life history of one of the most noted recent train robbers is being run in a sensational form tending to make a martyr out of the man and idolize him in the eyes of the youths of the land.

A recent report of a hold-up of two women in San Francisco says, "I hate to do it, lady, but I am up against it. Give me work and I won't have to rob. If you scream I will shoot." The general impression left in the readers' mind after reading the story is that it was necessary for a gentleman highwayman to get money in this manner.

The papers in various cities are full of similar instances. What is the remedy for this condition? Most of these robberies and cases of law breaking are due to starvation or living which have been developed beyond the means of the individual to satisfy. Too many persons drey more money during the inflated war wage period, than they will ever be able to earn through their ability or skill. Preachers of discontent have tried to make millions believe that they are entitled to a living from some other man's work.

It is this false reasoning which must be knocked out of the minds of criminals and would-be criminals before the present era of crime can be curbed.—Manufacturer's Magazine.

COUNTIES CAN GET \$5,000 FOR CARRYING HEALTH WORK

International Health Board Will Continue Aid Next Year; Asks for Recommendation.

Santa Fe, N. M., Aug. 4.—From five to eight counties probably will get aid from the International Board of Health, Rockefeller Foundation, for the maintenance of their health departments next year. Dr. C. E. Waller, public health director, announced today.

He said he received word that the board was ready to receive recommendations for extending from \$8,000 to \$10,000 aid to these counties provided they entered into co-operative agreements similar to those accepted by the three counties that have already received aid.

He said he would make the recommendation as soon as a sufficient number of counties definitely signified their intention of starting full-time health departments next year.

The International Board of Health gave \$2,000 aid this year to three counties—Santa Fe, Chaves and Bernalillo. This expires Dec. 31.

Dr. Waller also said he hoped additional aid for next year could be secured from the Public Health Service which gave \$4,000 this year for four counties—San Miguel, Santa Fe, Union and Chaves.

Woman Show Her Neck Violates Rule, Held

Zion, Ill., Aug. 18.—Mrs. Elizabeth Naden, of Zion was arrested today by policeman Isaac Parry for wearing a dress, "the neck of which was cut so low as to partially show or expose the neck and shoulders of the wearer lower than the juncture of the pit of the neck with the clavicle or collar bones."

She is the second woman to be arrested since Wilbur Glenn Voliva, overseer of Zion, issued his law against alleged immodest dress.

RAILWAY OWNERS DISCUSS WAGE CUT CANCELLATION

Chicago, Ill., Aug. 18.—Refusal to meet the requests of the railroad brotherhoods for cancellation of the recent wage cut and continuation of present working rules is expected to be announced by western railroads following a conference of managers and union officials.

The employees have presented a four-fold proposition to the railroads before referring the whole situation to the rank and file for action. The employees ask that the July wage reduction be canceled, that no more cuts be asked of the railroad labor board, that the roads continue to pay time and one-half for overtime and Sundays and holidays and that the present working rules be continued for a fixed period.

Silver Tea

The ladies of the Methodist Missionary Society will give a Tea on Friday afternoon of next week August 26 at Lutz Hall, from 4 to 7 o'clock. There will be plenty of sandwiches, cake, coffee and iced tea and a program of music. Everybody is invited to attend and the tax is a free will offering of silver money.

Notice

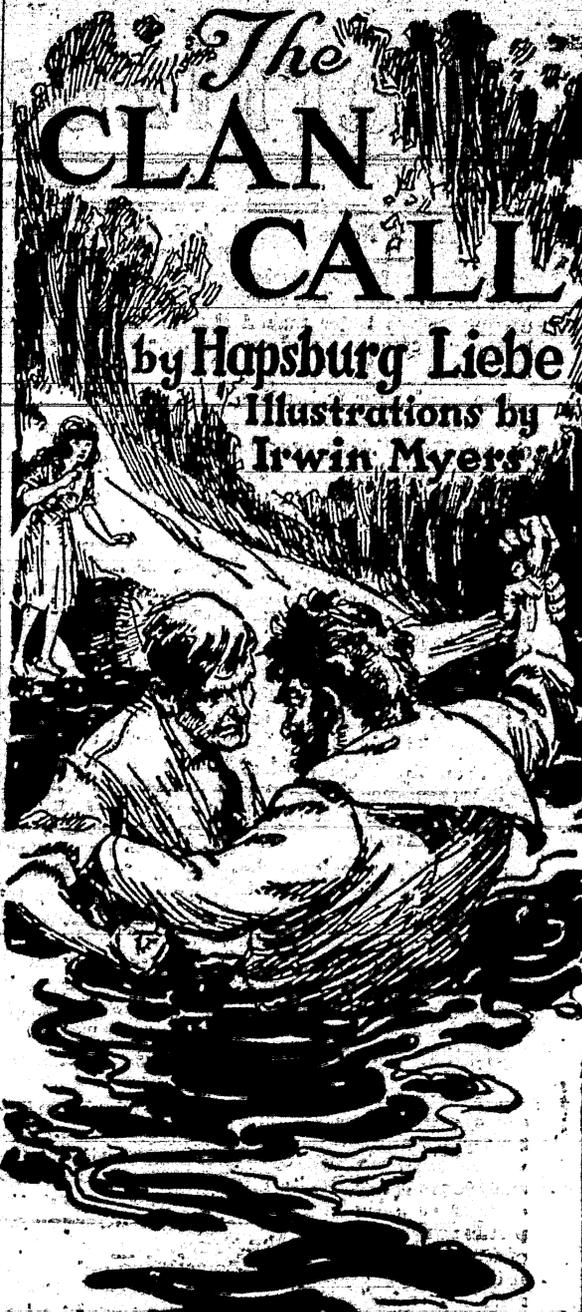

Notice is hereby given that a teachers' examination will be held throughout the State of New Mexico on Friday and Saturday, August 26th and 27th, 1921. The Examination will be conducted by the County Superintendent or their representatives. This will be the last examination held for the teachers this summer.

All teachers desiring certificates or renewal of certificates must attend.

Gorilla Jones K. O.'s Kid Brown

Albuquerque, N. M., Aug. 18.—Gorilla Jones, of New Orleans, La., scored a technical knockout over Kid Brown, of Cedar Rapids, Ia., when Brown's seconds threw up the sponge at the beginning of the fifth round of a scheduled 15 round boxing bout. Brown was on the floor at the end of the fourth round and the gong saved him from taking the count. The men are heavyweights.

READY NOW.—Bartlett Peas, \$2.00 per box. Little Sugar Peas 1.25 crats. Apples, 1.75 and 2.50 per box. T. A. Muirhead, La Luz, N. M.

THE pull of a strange fascination took Bill Dale, city-bred but mountain-minded, to the Tennessee hills. Joining the Morelands, he took up their friendships and enemies. Love healed one feud, but there was coal under David Moreland's mountain, and a new feud was born. A tale of rare charm in which the beauty and strength of a woman's love is shown rising superior to the ties of blood and tradition. Selected as a serial for the delight of readers of this publication. Do not miss it!

The above prices are offered for one day only, Saturday, August 20. LOOK FOR THE SPECIAL TAG.

Deafness Cannot Be Cured

By local applications, as they cannot reach
 the diseased portion of the ear. There is
 only one way to cure deafness, and that is
 by constitutional remedies. Deafness is
 caused by an inflamed condition of the mu-
 cous lining of the Eustachian Tube. When
 this tube is inflamed you have a rumbling
 sound or impaired hearing, and when it is
 entirely closed, you are deaf. It is the result,
 and unless the inflammation can be taken out
 and this tube restored to its normal condi-
 tion, hearing will be forever lost. Also
 some cases of deafness are caused by Catarrh,
 which is nothing but an inflamed condition
 of the mucous membrane.
 We will give One Hundred Dollars for any
 case of Deafness (caused by catarrh) that
 cannot be cured by "Halt's" Catarrh Cure.
 Send for circulars free.
 W. J. CHEENEY & CO., Toledo, Ohio.

Notice to Taxpayers

Notice is hereby given that, under
 and in accordance with Sec. 2, Chapter
 80 of the Laws of 1917, relating to the
 collection of delinquent taxes, I, the
 undersigned, have posted a copy of
 such delinquent tax list, at the front
 door of the court house, at Carrizozo,
 Lincoln County, N. M.

Now, therefore, I give notice that I
 will on the 30th day of September,
 1921, apply to the District Court, with-

in and for Lincoln County, New Mex-
 ico, for judgment against the lands,
 real estate and personal property, up-
 on which taxes are delinquent and un-
 paid, in said county, and for an order
 to sell the same to satisfy such judg-
 ment.

And, I, the undersigned, do further
 give notice that I will within 30 days,
 after the rendition of such judgement,
 offer for sale, at public auction for
 cash, at the front door of the Court
 House at Carrizozo, Lincoln County,

New Mexico, separately and in conse-
 cutive order, each parcel of property,
 upon which any taxes are delinquent
 and unpaid, and against which judg-
 ment has been rendered for the amount
 of taxes, penalties, interest, and costs
 due thereon, or as much thereof as will
 be necessary to realize the respective
 amounts due.

H. G. NORMAN,
 Treasurer and Collector.
 Aug. 12-Sept. 9.

Aviso A Los Pagadores De Tasacion

Aviso es por esto dado que en ac-
 cuerdo con Sec. 2, Chapter 80 de las
 leyes de 1917, con relacion ha la co-
 leccion de tasacion atrasada, yo el
 abajo firmado he hecho una lista de
 tasacion de leguente, y la he puesto en
 el frente de la casa de cortes, en Car-
 rizozo, Condado de Lincoln, N. M.

"BANK WITH US GROW WITH US"

NEWS TO DATE IN PARAGRAPHS

CAUGHT FROM THE NETWORK OF WIRES ROUND ABOUT THE WORLD.

DURING THE PAST WEEK

RECORD OF IMPORTANT EVENTS CONDENSED FOR BUSY PEOPLE.

(Western Newspaper Union News Service.)

WESTERN

A concurrent resolution declaring that it is the sense of the Texas Legislature that the interests of the United States and Texas may be better served by official recognition of Mexico was adopted in the House at Austin, recently.

Grain, which had been shocked, ready for threshing, was scattered over the fields, granaries were demolished and hundreds of trees were snapped off in a terrific wind storm which swept the district west of Grand Forks, N. D., recently.

Mrs. Sylvester Frenatt, who went to Butte from Oakland, Calif., to see the slayers of her husband executed, Aug. 24, will be denied permission to witness the deed. Sheriff Duggan said "I will not permit her to be present unless the condemned men consent," stated Sheriff Duggan.

Col. William H. Berger, founder of the University of New Mexico, and its secretary for twenty-five years, died at Belen, New Mexico, aged 74 years. He was a pioneer editor and attorney in the state and had held territorial positions and various offices in the G. A. R. and leading lodges of the state.

Ralph C. Nelson, discharged from the army at Fort Bliss, Texas, and death at Alamogordo, N. M., when he fell underneath a moving passenger train. He was on his way to his home in Toledo, Ohio. Alfred Krakow of West Park, Ohio, discharged at the same time, was with him when the accident happened.

Charles McAuley died from a bullet wound inflicted at a picnic park near Berkeley, Cal., when prohibition officers attempted to break up an alleged bootlegging undertaking. The officers fired their pistols when attacked by alleged bootleggers and patrons. McAuley was said to have been a bystander.

Using every effort to hide his identity, a young man walked into a small cabin about 300 yards above the hanging bridge in the Royal gorge and shot himself through the head. His body was found by W. P. Guthrie, an oil man from Wichita, Kan., who, with his son, has been camping on top of the gorge.

WASHINGTON

The request of A. D. Lasker, chairman of the Shipping Board, for \$125,000,000 from Congress was turned down. Instead of the amount asked by Lasker, the House appropriations committee granted an emergency appropriation of \$48,500,000.

A warning to Republican leaders against increasing taxes in revising the federal revenue bill was given in the Senate by Senator Borah, Republican, of Idaho, who also proposed reductions in army and navy expenditures of nearly \$500,000,000.

The prisoners of war who have been returned to their homes by the League of Nations now total approximately 100,000, with a little more than 100,000 yet to be repatriated. It was announced by the League of Nations news bureau.

Leut. R. H. Levesque, an air mail pilot narrowly escaped death at Concord, Calif., in making a forced landing after his engine went dead while he was 1,000 feet in the air. Using obstructions near the landing field his machine turned over on him and when he was extricated he said he was injured.

Republicans of the Senate privileges and elections committee voted Senator Truman H. Newberry, Republican, Michigan, whose election in 1918 was contested by Henry Ford, Democratic nominee, a clear title to his seat. Democratic committee members all voted in opposition and the long-contested case now goes to the Senate for final decision.

Investigation by the Senate Commerce Commission to determine whether there is "monopolistic manipulation" of petroleum products was proposed in a resolution introduced by Senator King, Democrat, Utah, who said depression in crude oil prices evidenced manipulation by large interests, while prices of gasoline and other products had not been reduced proportionately.

The first break in—the printers' strike in progress in Rochester, N. Y., since May 6, came when A. J. Cronback, president of the Pressmen's local No. 33, notified the Rochester Typothetae that the men have unanimously voted to return to work, dropping their demands for the forty-four-hour week.

More than a thousand Assyrian Christians fleeing from persecutions by Mohammedans, are on their way to the United States on small sailing vessels, Secretary Davis said in Washington.

FOREIGN

The only telegraph pole found standing in three villages near South Bay, N. B., swept by forest fires, held aloft a metal sign bearing this ironic injunction: "Misses, protect your forests from fire!"

The royal yacht squadron is giving a special prize to the first American six-meter yacht to finish in the first British-American cup race at Cowes regatta. The town of Cowes will give a cup for the first American yacht in the second cup race.

The Bulgarian government has drawn up a plan for the demobilization of the army and the recruiting of a volunteer force. It is inclined to believe, however, that it will be impossible to enlist the minimum of 12,000 volunteers by Oct. 1, as demanded by the allies.

In a collision between a passenger and a freight train near Nikolai, sixteen persons were killed and eighteen injured, among them a few Japanese. The collision was said to have been caused by bands of partisans who have been engaged in sporadic hostilities in that part of Russia.

The allies have warned Greece that an advance on Constantinople by her troops will not be tolerated. It was authoritatively stated today. No ground exists, however, it is added, for believing Greece contemplates such advances, which would bring her into conflict with the allied army of occupation.

GENERAL

Three men were killed and several seriously injured when a drying machine burst in the plant of the Standard Silk Dyeing Company at Patterson, N. J.

Joseph Peters paid a fine of \$50 after conviction in municipal court at Detroit for stealing 10 cents from a newsboy. When arrested, police testified, Peters had \$99 in his pockets.

Earl Welch, 20, died at Columbus, Ohio, of a fractured skull sustained when he knocked to the floor in a boxing-satch with Harold Myers, who is held by the police. Both are of Columbus, and were engaged in a friendly bout.

Official announcement of the appointment of Bishop M. J. Curley of St. Augustine, Fla., as archbishop of Baltimore, succeeding the late Archbishop Cardinal Gibbons, has been received by Catholic officials at Washington.

The fact that people are not eating so much candy now as they did during the war was one of the reasons ascribed for the failure of the Boston Confectionary Company, which filed a petition in bankruptcy at Boston, with liabilities of more than \$800,000. The company's assets were listed as \$500,805.

Where the new Pacific highway crosses the Canadian border at Blaine, Wash., a gateway is being erected to commemorate 100 years without fortifications or armies along the 3,000 miles of international boundary. Inscribed over the doorway are the legends "Open for 100 Years" and "May These Doors Never Be Closed."

Three Colorado young men are among the 208 candidates for appointment as second lieutenants in the army who qualified as a result of last April's examination. It was announced by the war department. Those commissioned from Colorado are: Harry Meyer, Denver, engineer corps; John H. Hoyer, Boulder, in field artillery; and Cressell G. Blakeney, Denver, in field artillery.

Walter Buntin, a 27-year-old metal worker in the employ of the New York Hooper Company at Laporte, Ind., modestly admits that he is about to become a millionaire and that he expects eventually to join the multimillionaire ranks. Buntin has invented a process for hardening copper for which he declares the United States Steel Corporation is to pay him \$1,000,000 and a royalty of 2 cents a pound as long as the patent exists.

Drinkers of non-intoxicating liquor in Wisconsin must stand far enough away from the bar to be unable to place their feet on the rail or to set their glasses on the counter in order to keep from violating the law, according to an opinion of J. E. Messerschmidt, assistant attorney general.

Lyle A. Turner, official of a Des Moines, Iowa, rug company, was arrested after he had tried to sell a rug valued at \$3,000 for \$150. He is said to have admitted to the police that he shipped several rugs from the stock of the company by which he is employed to himself at Chicago, and planned to sell them to help finance a vacation.

A 6-year-old child gathered flowers in a neighbor's yard in Chicago, and, carrying the blossoms back to her own yard, tried to plant them. As the result of a dispute over the punishment of the child, which followed, her grandmother, Mrs. Anna Gaugner, 62, is dead, and her mother, Mrs. Margaret Gaugner, is seriously injured. The grandmother interceded to save the child from a spanking, and the women fell down a flight of stairs during the struggle.

Lewis H. Harding, secretary of the Salt Lake Rotary Club, prominent in Masonic circles, and reported to be a distant relative of President Harding, was drowned while on a fishing trip at Jackson's lake, near Moran, Wyo., according to a telegram received by his business partner.

The prisoners of war that have been restored to their homes by the League of Nations now total approximately 100,000, with a little more than 100,000 yet to be repatriated. It was announced by the League of Nations news bureau in New York.

Southwest News From All Over New Mexico and Arizona

(Western Newspaper Union News Service.)

During the latter part of July the Plainview Grain Exchange of Clovis, N. M., shipped over 1,000 cars of wheat. This is an average of over 50 cars for each working day of the month.

An order drawing a grand jury of twenty-one members to report on Aug. 20 has been signed in the Yavapai County Superior Court at Prescott. No specific investigations were mentioned in the order.

A new oil well will soon be spudded in on the tract north of Columbus, N. M., by the Redland-New Mexico Oil Company, the contract calling for a hole 4,000 feet deep unless oil is found at a lesser depth.

The balance on hand in the state treasury on June 30, 1921, was \$2,804,318.04, as compared with \$2,651,019.55 on July 1, 1920, according to the annual report of State Treasurer Raymond Earhart of Arizona.

Building permits for the month of July in Albuquerque reached the high mark of \$84,171, which is a new record for the city for the year. This is the highest since 1920 when the mark was over \$100,000.

Canning of the tomato crop in the Miambres valley, N. M., has been started, and in spite of the blight which struck the vines the early part of the season it is thought that the crop will equal that of last year.

The harvesting of the big apple crop of the Roosevelt, N. M., valley has been started and indications are that it will compare favorably with that of other years, and on account of the high quality will bring a higher price.

Archie N. M. will ship about 1,200 carloads of apples during the full month. The crop this year is said to be of unusually good quality although the yield is small. There will be a good peach crop in the Hope country.

After a ten days' search in the mountains near Las Vegas, N. M., all hopes of finding the body of Kenneth Heron, who was lost last fall while hunting, were given up. It is thought that the fate of the boy will never be known.

Thousands of acres of land in the Santa Cruz county oil district have been leased in Arizona. Representatives of the State Land Department located about all the forestry land, it is said, but whether it was all located for the state, or some for private individuals, is not known.

The contract for the new highway from Magdalena to Wolf Wells, ten miles west, has been let and the work will be pushed to completion as fast as possible. This is part of the main road to the Arizona line and for some time has been one of the worst stretches in that part of the state.

Recent rains in practically all parts of Arizona have tended to improve road conditions with the exception of a few points where the highways have been badly washed and culverts are out, according to information received by the state headquarters of the Automobile Club of Arizona from its thirty local representatives.

The railroad valuation of \$95,039,777 fixed by the Tax Commission of New Mexico on May 5 stands as the 1921 valuation. J. E. Saint, chairman, stated. The valuation, which falls \$5,405,410 below the 1920 valuation, allows the depreciation which drew Governor Mechem's protest and which the tax commission, as the result of his demand, later disallowed and raised the valuation more than \$8,000,000.

An important link in the main highway eastward from Phoenix will be constructed this fall, bids having been asked by the state engineer for a three-mile stretch of eighteen-foot-wide concrete paving from the end of the Phoenix paving eastward on the Temple road to junction with the state highway at the Grand canal.

Announcement has been made that work on the road from Clifton, Ariz., will be started soon and with the work on the two projects in Grant county, N. M., it will mean that the dam to dam highway will be opened within the next year. This will mean much to Grant county, as this will be one of the finest transcontinental routes in the entire West.

The first work in the country will be on the stretch from Santa Rita and Sherman to connect with the scenic highway over the Block range. The second section will be from the Gila river west to the county line, and is also of great importance as it will connect with the route to Mogollon. With all the routes completed Grant county will have some of the finest roads in the Southwest.

Papers in the appeal of the Arizona Power Company, appellant, vs. C. Benjamin Hayes, administrator of the estate of the late R. W. Griffith, appellee, were filed in the State Supreme Court. The power company is appealing from a judgment of the Yavapai County Superior Court.

At the regular meeting of the Clayton, N. M., Chamber of Commerce, the dates for the big roundup were set for August 31 and September 1 and 2. Plans are being made to handle the largest crowd in the history of the city.

INCREASE IN EXEMPTION FOR FAMILY HEADS ALSO CONSIDERED BY COMMITTEE.

BIG CUT IN LUXURY TAX

WILL REPEAL LEVIES ON BOTH FREIGHT AND PASSENGER RAIL RATES.

(Western Newspaper Union News Service.)

Washington.—Even more extensive changes in tax levies than were agreed upon at the White House conference between President Harding and Republican leaders of the House of Representatives were voted tentatively by the majority members of the ways and means committee. As summarized in a formal statement, the committee action included: Repeal of the excess profits tax, effective Jan. 1, 1921.

An increase of the income tax on corporations from 10 per cent to 15 per cent, with the \$2,000 exemption retained, effective Jan. 1, 1921.

Repeal of all taxes on the transportation of freight and passengers and on seals and berths, effective Jan. 1, 1922.

An increase in the exemptions to heads of families on account of dependents to \$400 for each dependent, instead of \$200, as at present, effective Jan. 1, 1921.

Repeal of the so-called luxury taxes on clothing apparel, effective Jan. 1, 1922.

Exemption from income tax of the first \$500 of income from stock held in building and loan associations. Revisions of existing taxes included:

Repeal of the tax on fountain drinks and ice cream and the substitution of a flat tax of 10 cents a gallon on all fountain syrups, to be paid direct by the manufacturer or maker.

Repeal of the stamp taxes on perfumes, extracts, tooth paste and other toilet preparations and proprietary medicines and substitution of a manufacturers' tax of 5 per cent on the price.

Removal of the 15 per cent manufacturers' tax of 2 cents a gallon for the present 10 per cent on the sale price of unfermented juice beverages and carbonated waters or beverages or other soft drinks sold in containers.

It was also agreed to levy 5 cents a pound on carbonic acid gas sold to manufacturers of carbonated gases.

Members of the committee estimated roughly that these changes would result in a net reduction of \$555,000,000 in the total yearly tax bill. This is \$45,000,000 below the estimate reached at the White House conference, but it was explained that the estimated revenue from corporations would be \$15,000,000 greater than heretofore reckoned by reason of the repeal of the excess profits exemption of \$3,000 plus an amount equal to the 8 per cent of the invested capital for the taxable year.

Shopmen Decide Against Strike.

Philadelphia.—Shopmen of the Pennsylvania railroad will not strike to force the company to comply with the order of the United States Railroad Labor Board to meet with their union employees and draw up a new schedule of working agreements. The last threat of a strike disappeared when the chairman of the advisory board of the shop craft unions of Philadelphia-Camden district announced the unions would rely on American patriotism to force the road to obey the transportation act.

Building Boom Starting.

New York.—Preliminary returns on July building indicate that the long-expected expansion in the building industry is close at hand. Reports from 147 cities, it was stated, showed the value of structures for which permits were granted in that month was \$141,625,525, a gain of \$25 per cent over July a year ago and 4.2 per cent in excess of the total in the same cities in June this year. The report said the July aggregate will at least be the sixth largest in the last sixteen years.

Woman Auto Driver Convicted.

Los Angeles, Calif.—Miss Edna C. Duvall, a music teacher, was convicted of manslaughter in the Superior Court here by a jury composed of nine women and three men. She was charged with having caused the death of Richard A. Spang, a mechanic, last January, by running him down with her automobile as he alighted from a street car. Miss Duvall, who had been at liberty on bond, was placed in jail. The penalty imposed by law is from one to ten years' imprisonment.

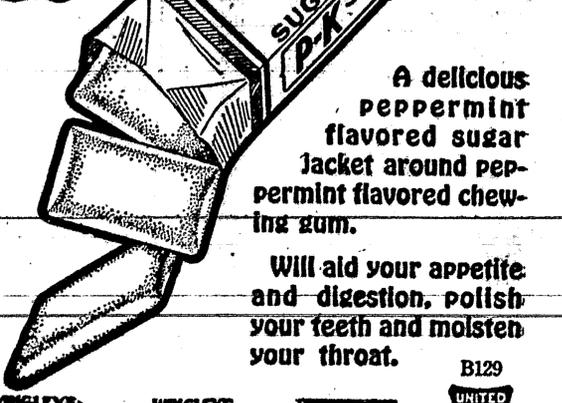

Catches Steamer in Airplane.

Norfolk, Va.—The navy store ship Rappahannock sailed for the west coast minus A. Westphal, ship's cook, but picked him out of the air, or rather out of a seaplane, down the coast. Westphal was in the city jail awaiting hearing on a minor charge when the ship got under way. He was released later, obtained passage in the plane and was back in his galley when mess call sounded.

The Flavor Lasts

That's the Way With Them!

Complimenting the Boston (Ga.) Bostonian on the purchase of a new printing plant and its installation in a new location, the Tifton Gazette says:

"That is the way with these newspaper men; as soon as they lay their hands on a little money, straightway they spend it in building up the town and developing the community; that's what improving a newspaper means."

Citizen Worth While.

"Every man should aspire to serve his country," remarked the perpetual candidate for office.

"I quite agree with you," said Mr. Dubwalte, "but he ought not to let ambition get such a strangle hold on him that it interferes with his earning a living. My idea of a patriot is a man who is also a good producer."—Birmingham Age-Herald.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it. A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism. You may receive a sample bottle of Swamp-Root by Parcel Post, address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores. Advertisement

RECORD OF PLEASANT HOURS

"Book of Night Life" Will Make Interesting Reading in the Years to Come.

The responsible position of the old family album has been usurped in the homes of an increasing number of modern young persons by the "Book of Night Life." The new volume is almost as large as the old family album. It is supposed to record the amusement meanderings of the young couple who keep it. Every theatrical program is brought home, together with the ticket stubs, and pasted in it, and the date of the performance inscribed at the top of the page.

Below each playgoer writes his and her opinion of the play with such observation as, "snappy music, but not much plot," "very sad, both of us cried," "leading man awfully conceited," and other pungent remarks.

At the end of the season the "Book of Night Life" contains a complete record of the couple's evenings in search of amusement. Visitors find it extremely interesting.—Chicago Journal.

If a woman could retain her beauty forever she would get along without brains.

Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacturer of Monocaceticacidester of Salicylicacid.—Advertisement.

Finds Peruvian Gold on Island

Man Who Befriended Beggar Is Rewarded With Key to Buried Treasure.

ROMANCE IS NOT YET DEAD

Locates After Search of More Than Seven Years Gold Hidden Half Century Ago—Church Despoiled—by Four Sailors.

Papeete, Tahiti.—Romance is not yet dead. Tales of buccannering, murder on the high seas, buried gold on lonely, uninhabited islands and charts and cryptograms of hidden treasure-trove, are not all inventions of imaginative minds or legends of a day which is long past.

Such a tale is that of the treasure of the island of Pinaki, whose hiding place, after a patient search of more than seven years, has at last been discovered. And now a schooner from Tahiti has been dispatched to bring away the gold.

Sailors Despoil the Peruvian Church.

A half century ago four sailors, deserters from a coastwise vessel, joined revolutionists in Peru and learned of a vast treasure of jewels, plate and ingots, the property of the church, which had been hidden in Peru to prevent it from falling into the hands of one of the warring factions. Secretly, the sailors searched for the treasure, found it concealed in a church and moved it to another hiding place on the coast.

Going to Panama, the seafarers, at night, boarded a small schooner, murdered the crew and, after putting the treasure aboard, set sail across the Pacific, intending to make some European port later to dispose of their wealth. Recalling that they had no clearance papers and probably could not enter a European port safely, they decided to hide the gold on some uninhabited island and then get it later in a vessel they would charter at Sydney, N. S. W., for trading purposes.

Across their path lay the island of Pinaki, in the Paumotu archipelago of the south seas, and at this uninhabited spot they stopped and hid their loot. One native, who observed them "rom-

anced beggar. Howe gave the man a few shillings and was surprised to hear the man ask his name and address. Some time later Howe received an urgent summons to a Sydney hospital. There he found the beggar, who told of how he and three others had buried their treasure, had sailed on to Australia and had set out overland for Sydney. Blacks had attacked them and killed two of the sailors. The beggar and his surviving companion, Brown, tried for years to get a ship to go for the treasure, but never obtained money enough. Brown finally disappeared, and he, Killrain, had fallen into misfortune and know his end was near. He gave Howe a map of the island, begged him to believe the story and to search for the treasure. The following day the beggar died.

Since then Howe has been searching for the treasure, and lately announced that he had found it in a shallow lagoon on Pinaki. Lately he chartered a schooner at Papeete to go to lift the gold after making a contract with the colonial government as to his rights in the matter. It is said the treasure is worth several million dollars.

Beggar Divulges Hiding Place.

In 1914, years later, a Mr. Howe was accosted on a Sydney street by an

80 Years Old—Was Sick—Now Feels Young After Taking Eatonic for Sour Stomach

"I had sour stomach ever since I had the grip and it bothered me badly. Have taken Eatonic only a week and am much better. Am 80 years old," says Mrs. John Hill.

Eatonic quickly relieves sour stomach, indigestion, heartburn, bloating and distress after eating because it takes up and carries out the excess acidity and gases which cause most stomach ailments. If you have "tried everything" and still suffer, do not give up hope. Eatonic has brought relief to tens of thousands like you. A big box costs but a trifle with your druggist's guarantee.

WAS THE NEIGHBOR'S CHICKEN

Incident That Was Embarrassing, Although It Also Had an Amusing Side to It.

Some years ago, while living in the suburbs, we kept a few chickens; our neighbors also had chickens. After the garden season was over we let them run, as did our neighbors. In this way I suppose they got more or less mixed.

One day I decided to have a chicken for dinner, and, not liking to kill it myself—my husband being away—I asked our neighbor if he would kill it for me. He kindly consented, so I brought out the particular fowl I had selected. He killed it, and I thanked him and proceeded to prepare it for dinner.

When dinner was over I went out to feed the chickens. What was my surprise to find among them the fowl I thought I had just eaten. It was my neighbor's chicken I had asked him to kill for me.

Of course, I lost no time in making apologies—and also insisted that they take ours instead, and they had a good laugh at my expense.

Literary invention.

"Yes, sir," said the author. "I figure I've got the one best seller of all history."

"What's the plot?" inquired the publisher, doubtfully.

"Never mind the plot," said the author. "You know everybody skims and jumps about in a book. Well, I've just picked out the places they jump to, and put 'em all in the first two chapters."

With a cry of joy the publisher embraced the author and threw him out the window delightedly.

WOMEN OF MIDDLE LIFE

A Dangerous Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter."—Mrs. A. KELLER, Afton, Tenn.

to carry women safely through the Change of Life. She says:

"It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more. It cured me and I am now doing my housework. Your medicine is certainly a woman's friend and you may use this testimonial as you choose."—Mrs. MARY LISTER, 608 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms.

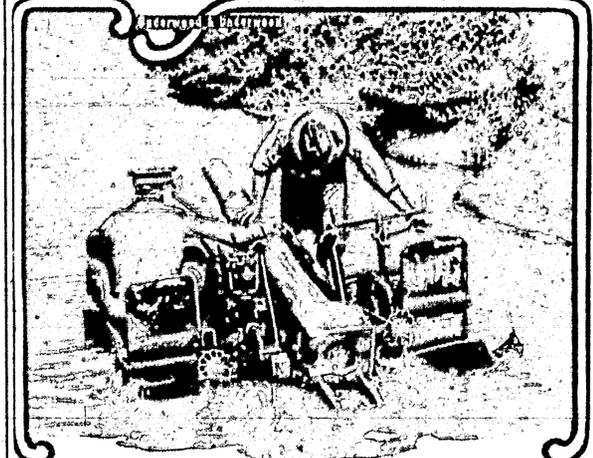

Those mothering spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Amphibious Gun Mount Tractor

Here is a gun mount tractor, with 3-inch field piece mounted, that can travel under water at a depth of 10 or 12 feet as well as on land. It is being demonstrated for army officers.

CHINESE SMUGGLED INTO U. S.

Combine Slips Yellow Men into Florida by Way of Cuba.

Few Places Where Schooners Cannot Make Easy Landing on Coast. Line of Southern State.

Tampa, Fla.—Chinese are being smuggled into the United States on a large scale by way of Cuba and Florida, according to reports from the South. Unless prompt action is taken by authorities at Washington, conditions will soon be as bad in the southern states as they were on the Mexican border, where it took five years to stamp out the smuggling of the yellow men, says Immigration Inspector Whalen of Tampa, Fla., in whose district much of the smuggling has been going on.

"We have learned that within the past few months almost 75,000 Chinese have been landed in Cuba," says

there are only a few places along the entire 1,400 miles of coast line where schooners cannot make an easy landing.

Whalen. "According to the statements we got from some of the smuggling parties that we have rounded up, these Chinese remain in Cuba only long enough to make arrangements with the smugglers to be landed on the Florida coast.

"The fact that all the Chinese who have been arrested in this vicinity are plentifully supplied with money and are able to obtain unlimited funds to defray court expenses indicates that there is a well-organized smuggling combine at work."

The latest arrests in the smuggling war were in Charleston, S. C., where four Chinese were picked up, with railroad tickets from Clearwater, Fla., a short distance from Tampa, to Washington, D. C. Six more were arrested the same day at Dunedin, Fla., also near Tampa. These six were taken when they tried to buy railroad tickets to Washington.

The coast of Florida is an ideal base for smuggling operations as

LIVING WITH WHITE PAINT.

In a hospital ward, or a "dental parlor," or a sanitary bathroom, in any place where only cleanliness is sought and a chance to detect any intruding colored object, let there be white. In a home for human beings, no, Christopher L. Ward writes in the Yale Review. White is too clean and pure and chaste and sanitary to commingle with humanity, except when humanity is temporarily cleaned and purified—momentarily, accepted and deman-

itized. No real human being can live up to—or down to—white paint. Every real human being with any self-knowledge and any appreciation of the esthetic relationship between himself and his surroundings ought to know that white paint is quite too perfect and too good for human nature's daily food.

Tests have shown that so-called blind fishes, living in caves, can be taught to see by the introduction of light.

DIAMOND 8 YEARS IN GARDEN

Ring Lost by New Jersey Woman Found and Restored by Present Tenant.

Glen Ridge, N. J.—Exactly eight years to the day after she had lost a diamond ring in the garden of her home the lost bit of jewelry was restored to the owner. Subsequent to losing the ring Mrs. Smith removed from 61 Hillside place and her former home was occupied by John Townsend.

For three years Mr. Townsend has been planting the garden, and while hoeing him he began to see what he thought was a bit of glass shining on the ground. He picked up the object and it proved to be a diamond ring. Meeting Mrs. Smith he mentioned having found the ring. Its loss was explained and the ring was restored to the owner.

Plant Makes Fine Hedge.

Japanese hydrangea (Paniculata Grandiflora) makes a very showy hedge, both in August when it is covered with panicles of white bloom and later when the flowers have turned to old rose and green. These blossoms, if picked before frost, retain their beauty all winter when placed in a vase without water.

China claims to have issued a newspaper in the early centuries of the Christian era.

LATEST MARKET QUOTATIONS

Furnished by U.S. BUREAU OF MARKETS Washington D. C.

(Western Newspaper Union News Service.)

Grain.

Markets trended lower. Extremely large receipts of winter wheat acted to depress wheat prices. Brisk selling occurred during the last two days of the week, resulting in wheat hitting new low point. Corn prices declined under selling pressure, but a favorable crop news, despite good export demand. Cash markets for both wheat and corn were active. In Chicago cash market No. 2 hard winter wheat closed at \$1.18; No. 2 hard at \$1.18; No. 2 mixed corn at 56c; No. 3 yellow at 55c; No. 3 white at 54c. In Kansas City September wheat dropped 5/8c, closing at \$1.18; September corn dropped 3/8c, closing at 56c. Minneapolis December wheat dropped 3c, closing at \$1.25; December corn at 57c. Minneapolis December wheat closed at \$1.24; Kansas City December wheat closed at \$1.24.

Dairy Products.

Butter markets firm early in the week but at the close unsettled. Full confidence in high prices and recent advances has been inclining and traders in the market have tried to favorably accumulate stocks. Receipts are running lighter. Prices of 22 Philadelphia, 44c; Chicago, 42c; Philadelphia, 43c; Boston, 45c.

Fruits and Vegetables.

Virginia eastern short Irish Cobber potatoes up \$1 to \$1.25 per bushel in New York August 4, at \$5.50@6. Other eastern markets higher, ranging \$4.25@6.25. New Jersey sacked Colorado 30 to 35 per 100 pounds in New York ranging \$3.10@3.50. Kansas sacked Early Ohio up 5c to 75c per 100 pounds from season low point in Kansas City, closing around \$1.75; Chicago market active at \$1.50@1.55.

Hay.

General level of hay prices practically unchanged. Extremely light receipts of high-grade timothy, causing firm prices for that grade. Lower grades still sell slowly. Good demand for timothy at Chicago and Cincinnati and for alfalfa at Kansas City. Some shipping demand for timothy, but only local at other markets. Quoted August 4—No. 1 timothy, New York \$3.25; Cincinnati, \$3.10; Chicago, \$3.00; Atlanta, \$2.75; Kansas City, \$1.90; No. 1 alfalfa, Kansas City, \$2.25; Memphis, \$2.10. No. 1 prairie, Chicago, \$1.75; Kansas City, \$1.60.

Live Stock and Meats.

Chicago live stock. Hogs declined steadily throughout the week, closing 70c to 90c below a week ago. Best grades beef steers steady to strong, advancing 15c to 40c. Cows and heifers generally steady with inferior grades run of grassers. Cows declined about 25c to 50c on lower grades. Best feeders, 25c higher, with lower grades of same amount. Veal calves down 75c to \$1.25. Fat lambs up 50c to 60c, feeding lambs, 25c to 50c, and best yearlings 25c. Doves down \$1.25. August 5 Chicago prices: Hogs, top (one load) \$10.90, bulk of sales, \$8.65@10.80 medium and good beef steers, \$12.50@13.75; butcher cows and heifers, \$7.00@10.00; feeder steers, \$4.75@7.50; light and medium weight veal calves, \$8.00@9.75; fat lambs, \$8.75@9.12; feeding lambs, \$6.00@7.75; yearlings, \$6.00@8.50; fat ewes \$3.00@5.25.

Better grades of western dressed fresh beef at eastern markets up 25c. Other grades steady. Veal and light pork loins up \$1, lamb up \$3@4. Mutton steady on better grades but down \$1 on lower grades. August prices good grade meat: Beef, \$17.50@17.75; veal, \$15@17; lamb, \$22@24; mutton, \$12@15; light pork loins \$24@27; heavy loins, \$17@21.

Cotton.

Spot cotton prices advanced 12 1/2 points during the week, closing at 12.00 per pound. October futures in New York up 1 1/2 points closing at 13.40c.

DENVER LIVE STOCK.

Cattle.

Prices on the majority of the sales of beef cattle were from 15 to 25 cents higher, while before the closing of the market prices on part of the offering advanced as high as 50 cents a hundred pounds.

Top steers sold at \$7, while a carload of light mixed yearlings brought \$8.50. Some very choice grades from Laraine Wyo. topped the market at \$8.65. Three carloads of good cows brought \$6.45. Calves were more plentiful than at the close of the week and sold at prices ranging from \$7.50 to \$7.75.

Good stock steers brought from \$5.95 to \$7.75. Fair and medium kinds sold at \$4.50 to \$5.25.

Hogs.

Top hogs selling at 11 cents a pound were purchased by both packers and small killers. The bulk went over the scales at \$9.35 to \$10.35. Sixty-eight choice 207-pound Poland China hogs were called the best quality on the market this season and sold at \$11.

Several loads sold at \$10.75 and \$10.85. Few pigs were offered on the market. Good stock pigs are quoted at \$9.50 to \$9.65. Butcher prices might reach \$10 on this market.

Sheep.

Three carloads of 75-pound lambs sold at \$9.25 flat, while four carloads of lambs of similar quality brought the same price through another source. Four carloads of good lambs sold at \$9.10 flat. Two carloads of fair quality ewes sold at \$4.40. A good portion of the offering was from Idaho, Utah, the rest being from Idaho and Utah.

Practically no feeding lambs were in the market. Buyers are offering prices in line with eastern markets for this kind.

Metal Market.

Colorado settlement prices: Bar silver (American) \$.99 1/2; Bar silver (foreign) .92; Copper .12 1/2 @ .13; Lead 1.00 @ 1.01; Zinc 4.40.

HAY AND GRAIN PRICES.

Corn, No. 3 yellow, per cwt. \$1.02
Corn, No. 2 mixed, per cwt. 1.07
Wheat, No. 1, per bushel \$1.25
Oats, per cwt. 1.22
Barley, per cwt. 1.33

Hay.

Timothy, No. 1, ton \$17.50
Timothy, No. 2, ton 15.00
South Park, No. 1, ton 15.00
South Park, No. 2, ton 14.00

Alfalfa, ton 10.00
Straw, ton 5.00

Work will be started this autumn on buildings for St. Luke's International hospital at Tokyo, established and for many years maintained by the Protestant Episcopal church of the United States.

Mr. Austin Pally left Wednesday for Clovis, on a business trip.

E. G. Colfer and family have returned from a visit to California.

Mrs. Harry Edmiston is visiting relatives and old Carrizozo friends in El Paso this week.

Mrs. A. J. Pace returned last Saturday from Phoenix, Arizona, where she has been visiting the R. E. Stidham family.

Mrs. Ellen V. Crutcher of the Exchange Bank and Miss Minnie B. Wahl of the Electric Light Co. spent last week in Santa Fe.

Mrs. R. E. Lemon and son Maurice arrived Sunday from Kansas, where they have been visiting relatives for the past month.

Mrs. D. R. Stuart and daughter Lucille returned Saturday from Marlin, Texas, where they have for the past two months, been visiting relatives and friends.

Mrs. J. H. Farris and children are visiting at the home of Mrs. Farris' parents in Pollard, Alabama. They will be absent about six weeks.

Albert Farley came home this week and is now relieved of all military duties to settle down to civilian life. He has accepted a position at Kelley & Sons Store, as clerk.

Miss Helen Beall of Roswell, niece of Mr. and Mrs. M. U. Finley, is spending the present week with her aunt and uncle in their ranch near Carrizozo.

Miss Belle Tignon came up from El Paso Monday and will spend the present week with Carrizozo friends. While here, she will be the guest of Mr. Joe West.

Senator Chas. F. Grey, E. H. Sweet, Mrs. Harold P. Clarke and A. L. Burke left Wednesday morning for Santa Fe, to attend as delegates to the Republican State Convention.

Mrs. Pearl Carey left last week for El Paso, where after a short visit with friends, she will extend her trip to Los Angeles, where she will spend the remaining portion of the present season, returning the latter part of September.

Judge Seth F. Crews and Mrs. Crews came in Monday from

Chicago, where they stayed over for a week, visiting with their son's family after leaving their old home in Fairfield, Ill. Judge and Mrs. Crews will reside at their home in Oscura, for the fall and perhaps the winter season. The Judge holds Oscura as his permanent residence and will vote at that place this fall.

Manager E. H. Sweet of the

Eating House opened a portion of his large and convenient dining room to the public last Sunday night, and the east portion will soon be in readiness for use. As the remodeling continues, the more convenience and comfort is shown in every quarter of the structure. The bed rooms that are now completed are arranged so homelike, that a peep into either of them, induces a sensation of rest and repose.

ONE HUNDRED \$70 INDIAN BICYCLES FOR HUSTLING BOYS & GIRLS

Every boy and girl in New Mexico who wants a new bicycle to ride to school this fall can earn one by a few days of hustling.

The Albuquerque Daily and Sunday Herald has purchased one hundred of the popular "Indian" motorbikes, electrically equipped with headlight, horn, etc. This is the best bicycle made, and sells for \$70.00. Every boy and girl in New Mexico who between now and September 15th secures thirty-five new six-months' subscriptions to the Albuquerque Daily and Sunday Herald will receive one of these handsome bicycles, delivered, with all charges prepaid.

Boys! Girls! Get busy right now and earn one of these bicycles. You can do it easily with a few days of hustling. Sit down right now and write to the Circulation Manager, Albuquerque Daily and Sunday Herald, Albuquerque, N. M. Simply say, "I am interested in earning an Indian bicycle," and give your name, age, and address, and the name and address of your parents. Do it right now.

Advance Fall Styles

Dear Madam:—

We are writing to tell you that the advance guard of the new fall fashions is here. Early as the showing is, we know it will be interesting to you, for it forecasts the styles that will be most popular the coming season.

Experience and observation have given us an intimate knowledge of the apparel requirements of the women of Carrizozo. In assembling our fall stocks, we shall cater especially to your preferences, and the preferences of other women of highest good taste, so that you will be sure to find here the apparel that pleases you best.

We cordially invite you to make this store your headquarters in purchasing fall apparel, and we are especially anxious to have you call and inspect the advance showing of fall styles. We hope to soon have the pleasure of waiting upon you.

Very truly yours,

ZIEGLER BROS.

National Gingham

— Week! —

September 6th to 10th

National Gingham Week is scheduled to take place throughout the entire country, September 6th to 10th.

Serviceable GINGHAMS—many patterns and colors; new fall designs—are now on display here. Prices are from 25 to 50 per cent lower than last fall.

New Fall Gingham—15c, 25c, 30c Per Yard.

Carrizozo Trading Company

"Quality First" "Then Price"

W. G. White, or Walker White, as he was best known here when he operated a large ranch near Nogal, has entered a new field of industry. He is now secretary-treasurer of what is known as the Border Biscuit Company in the city of El Paso.

The company starts out with good prospects and it will not be long before New Mexico merchants will have the opportunity of buying cakes, crackers and other goods of this nature within a short distance of home, and made in the west.

Come on along!
Fill up your makin's papers with P. A.

Greatest sport you know to pull out your makin's papers and some Prince Albert and roll up a cigarette. That's because P. A. is so delightfully good and refreshing in a cigarette—just like it is in a jimmy pipe! You never seem to get your fill—P. A.'s so joyously friendly and appetizing.

Prince Albert will be a revelation to your taste! No other tobacco at any price is in its class! And, it rolls up

easily because it's crimp cut and it stays put.

It's the best bet you ever laid that you'll like Prince Albert better than any cigarette you ever rolled!

And listen! If you have a jimmy pipe hankering—by all means know what Prince Albert can do for you! It's a revelation in a pipe as well as in a cigarette! P. A. can't bite or parch. Both are cut out by our exclusive patented process.

Prince Albert is sold in tippy red bags, tidy red tins, handsome boxes and half pound tin tins, and in the grand crystal glass humidor, with sponge moisture-top.
