SEN. BURSUM SUPPORTS PARK PLAN

By G. A. Martin in El Paso Herald. H. O. Bursum, junior senator from New Mexico, is heartily in favor of the creation of a proposed southwestern National All-year park.

In a telegram, answering an invitation to be present at Las Cruces on December 3, when a mass meeting is to be held to lay plans for the park, the senator gives his hearty approval and outlines a plan of action for the people of New Mexico.

His telegram follows: "I have your telegram communicated by your chairman, Frank T. French, indicating a desire that I be present in your proposed statewide meeting to be held at Las Cruces, Dec. 3, to discuss creation of a national park embracing Elephant Butte lake, portions of the white sands and Malpais and Mesquite reservation. It is doubtful whether I can arrange to be in New Mexico at that time. However, I am strongly in favor of the creation of national parks and will be very glad to cooperate towards securing the establishment of such and will introduce and push any bill required to promote such legislation. I suggest it is advisable that the several chambers of commerce throughout the state, as far as possible, should be united in support of whatever program is decided upon. Furthermore, the areas agreed upon should be such as is proposed of natural conditions essential to the creation of parks which can be developed to serve not only the people within, but without the state. Should I be able to be in New Mexico at the time of your meeting will be glad to attend.

"H. O. BURSUM"
A Meeting for Whole Section.
The date for the meeting has been set by the committee representing Las Cruces, Alamogordo and El Paso, appointed at a preliminary meeting held here recently, following an initial meeting at Las Cruces.

Invitations have been sent to every commercial organization in New Mexico and to as many leading citizens of the various cities of New Mexico as could be reached.

Every community is expected to have a delegation present. The personnel of the convention will be made up of all citizens who desire to be present and any person or community not reached by an invitation will be welcomed. It was impossible to reach every person whom it is desired to have at the meeting. El Paso expects to be represented by at least 100 delegates.

At least 500 people are expected to attend.
Gov. Mechem to Preside.
Judge W. A. Hawkins of El Paso, will probably call the meeting to order and Gov. M. C. Mechem will preside.

REQUEST FOR MRS. MILLER'S RESIGNATION WITHDRAWN

Women Insist Director Be Not Discharged Without Chance for Defense.

Santa Fe, Nov. 19.—The state board of education's request for Mrs. Ruth Miller's resignation as director of vocational education was withdrawn this morning.

The motion by Mrs. Josephine Lockhard, carried unanimously. E. L. Enloe, Benito F. Baca and State Superintendent Conway voted "aye."

Enloe, who acted as chairman, stated that Col. James W. Willson, before leaving last night, authorized him to record his vote favorably and that Governor Mechem approved the action, although he was not there.

"I think if this motion carries, a way will be found out of this matter," stated Enloe before the vote.

Mrs. R. F. Asplund and Mrs. Adolpha Otero-Warren came before the board yesterday afternoon and asked that specific charges be furnished Mrs. Miller, and that she be given a hearing.

They represented the organized women of the state, they said, after Mrs. Asplund explained that Mrs. Miller had been endorsed for the post of director of vocational education by the Federation of Women's Clubs and Mrs. Warren added that their plea was not the result of their political affiliations.

Mrs. Asplund said the board's demand for Mrs. Miller's resignation and Traveling Auditor Whittier's report had been linked together and Mrs. Miller should be given an opportunity to reply to the report.

EARLY TUBERCULOSIS

By Dr. R. H. Bishop.

(Contributed by a Reader of the Alamogordo News.)
Tuberculosis comes into almost everyone's life at some time. Few households escape it entirely. Perhaps no immediate member of your family has fallen a victim to this dread disease, but the fact that all of us have the germs of tuberculosis in our bodies waiting until some time when our systems are weakened should give us pause.

The great white plague of the north, as Oliver Wendell Holmes once called this disease, kills approximately 100,000 persons each year in the United States. Every third person between 15 and 60 dies of it, or every fourth person between 20 and 40. It disables and renders useless those who have it and often begets their families. It costs in loss of life and labor in the United States, 500 million dollars.

These facts should make a person having suspicious symptoms stop and consider. Tuberculosis, if caught in its early stage, can be cured, but left to develop, it is invincible.

The person having early tuberculosis may not suspect it or even know that he is ill. There are certain signs, however, which should prompt the intelligent person to seek expert examination.

These signs are:
1. Weariness out of proportion to the day's work, especially when it appears in a person usually energetic and active.

2. Cough. Tuberculosis may exist and become far advanced without cough or the cough may not be more than a slight tendency to clear the throat. Any cough or necessity for clearing the throat frequently that last more than two or three weeks should be looked upon with suspicion.

3. Loss of weight, not otherwise accounted for.
4. Shortness of breath, especially on slight exertion, may often be an early symptom.
5. Continued hoarseness or loss of voice should have immediate attention.
6. Digestive disturbances always accompany tuberculosis.
7. Blood in spit rarely occurs in any other condition than that of tuberculosis. Even slightly streaked spit should cause the patient to seek medical advice.

OLD MAIDS' CLUB SCORES BIG HIT

The Crystal Theatre was crowded to its capacity Friday night to witness the "Old Maids' Club" which had been advertised extensively for a week previous to the event. This curtain raised on a scene wherein a group of school children from Miss Herron's room at the Carrizozo school took the parts of the play whose queen was their teacher.

Miss Herron, joined in the finale. The next curtain revealed the lonesome, yet defiant suffragist impersonated by I. B. Dinwiddie. His (her) size, weight and determination as to what would be done with "mere man" within the next few years, caused uproars of applause as he drifted from one scheme to another in his opposition to the male sex.

Then came the meeting of the "Old Maids' Club," with Mrs. Dinwiddie as president and the following ladies as members: Medames Long, Cramer, Carl, Ajama, Misses Edmiston, Herron, Cowan and White. There were 13 of the old maids characterizing the unlucky number. Messrs. Haines and Harris were the male visitors, who were the objects of many smiles and courtesies, the old maids contending to the last ditch as to whom could bestow the most affection and distribute the most gum drops to the distinguished guests.

Mrs. Haines claimed to be in possession of certain kinds of berries which if eaten, would restore the bloom of youth to those present, thus giving them a chance in matrimony equal to those of sweet sixteen. A scramble followed in which the president was transferred to youth, as was Miss Lassie Ayers, and the two were united to the male guests in the holy bonds of matrimony. On the whole the farce was one of the best that has been witnessed here for years. Messages have been received from neighboring towns, asking that the "Old Maids' Club" perform in their towns and the proposition from Corona has been accepted for December 3.

MURDER AT CORONA

Last Friday night about six o'clock, Dr. R. R. Davis shot and killed his professional rival, Dr. J. T. Stone, county commissioner and member of the Corona school board. It being near the evening dinner hour, Dr. Stone entered the Jones butcher shop to purchase meat for the evening meal. Mrs. Davis, wife of Dr. Davis, came in shortly after. The proprietor asked Dr. Stone what he would have, whereupon, he stopped and said: "Wait on the lady first." The butcher waited on Mrs. Davis, who departed shortly after this, while the butcher was in the act of serving Dr. Stone, Dr. Davis entered through the front screen door revolver in hand and Dr. Stone turned to see who entered. Davis began firing. The first shot entered the abdomen, passing entirely through the body. The second struck Dr. Stone in the arm tearing the flesh from the bone. The last shot struck near the spot where the first entered passing through the body and entirely through the floor. Dr. Stone was taken to his office a few doors from where the murder was committed, where he died after about two hours of intense suffering. Dr. Davis was brought to Carrizozo by Sheriff Ed. Harris and Assistant District Attorney, W. C. Whately, where he was lodged in jail to await a preliminary hearing which will be held Saturday in Justice Wetmore's court. The body of Dr. Stone was shipped to Lone Mountain, Tenn. Mussel Shoals accompanying the same.

ARRESTED AND FIVE STILL SEIZED AT RATON

Albuquerque, N. M., Nov. 10.—One of the most successful roundups of alleged bootleggers in New Mexico has just been completed at Raton and in that near vicinity by federal officers working out of Albuquerque, who returned from Raton early last night.

The raids, which were conducted in rapid succession, resulted in the arrest of 15 persons, the seizure of five stills, and the destruction of several thousand gallons of wine, whiskey and mash. The officers were assisted in most of the raids by John Carleton, chief of Raton and also deputy sheriff; Sheriff Al Hixenbaugh and Tom O'Connell, a deputy. The success of the raids were due largely to these forces of the sheriff's office, according to the local prohibition force.

SCHOOL NOTES

(By Supt. E. E. Cole)

All aboard for "The Royal Gorge" on Thursday, November 24. Misses Fordon and Herron went to the Albuquerque convention in their new Ford.

Four new pupils were enrolled in Mrs. Craddock's room on the east side. Quite a number of tickets were sold for the game with Corona, which was to have been played last Saturday. These tickets will be good for the game to be played with Tularosa, Dec. 3, in Carrizozo.

Miss Ida'a Cowan is starting a class of physical training, to be held twice weekly in the Wetmore hall, charges 25 cents. "We lean the fat and 'fat' the lean"

We wish to call attention to the work of the Eighth Grade Domestic Science class, which has been doing such interesting and practical work this term, under the instruction of Mrs. Gunn.

"September lessons were devoted to hand sewing. The different stitches were learned; also their uses. Different kinds of patches were made. A sewing apron of unbleached domestic was made by hand and braid or cross-stitching, in fancy colors was used for its trimming. Besides practice work on essentials of sewing, one garment was completed each month.

"October was devoted to the making of a night-gown of cotton-crepe or muslin, the neck and sleeves finished with bias bands of contrasting colors; which color also appeared in the feather stitching of fancy designs or embroidery. Button-holes were a special feature of this month's work.

"For November, the project was a sateen undie slip with its lower edge finished with button-hold scallops. Very useful and attractive garments have been completed.

"Stocking darning has been practiced the past two months, the button-hold and weaving-stitch methods being used.

"Aprons and caps, plain and fancy, is the work outlined for December. The aim of the domestic art work is to give the girls instruction in practical, every day sewing, such as will meet their needs in making and caring for their clothing. Good workmanship, economy and suitability of material and design are the points of consideration for each garment.

"The completed work of the class has been excellent, judges say, which encourages them to greater endeavors and care. The girls have shown enthusiasm in the industrial course."

KELLEY-MAGENNIS

At the parsonage of the Methodist church Saturday evening, Captain Frank M. Kelley of Roswell and Miss Louise Magennis of El Paso were united in marriage, by the Rev. L. E. Conlin of the M. E. Church performing the ceremony. The wedding was a quiet affair, as both parties were from abroad, consequently were not well known in Carrizozo. Mr. and Mrs. H. P. Huppertz and daughter were present at the ceremony and joined in wishing the newly married couple a world of happiness. They left for Roswell on Sunday where the Captain is a military instructor and where the Kelleys will make their future home.

HURRIED TO COMFORT

Mr. and Mrs. Geo. W. McGinnis arrived here on No. 4 Wednesday from Tacoma, Washington, on their way to Fort Stanton where Mr. McGinnis entered the Marine Hospital. His condition with tuberculosis was so severe that he was unable to travel alone, so Mrs. McGinnis nursed her husband on the trip. Being a Mason, the local lodge was notified of his coming, first by station agent, C. F. Huppertz, who in turn notified secretary S. F. Miller. When the train arrived, B. L. Stimmel, S. F. Miller, Dr. E. R. Cole and A. L. Burke, carried the patient to the Carrizozo Eating House, where he was cared for by the courteous management until the ambulance arrived Wednesday, when he was transferred to his destination. Mr. McGinnis was an inmate of this institution in 1917. On being released and pronounced out of danger, went to a lower altitude which caused a return of his old ailment.

Mrs. A. E. Sweet and daughter, Marjorie, Mrs. G. L. Rowell and children all of El Paso spent Thanksgiving with the E. H. Sweet family of the Carrizozo Eating House.

TEUTONS ONLY APPARENTLY DISARMED

Washington, Nov. 21.—Germany, while apparently disarmed, Premier Briand told the armament conference today, could with her present machinery raise an army of six million or seven million men.

At least 250,000 Germans were receiving military instruction, he added. "Although a part of Germany wants peace and is ready to get back to peace pursuits, the French premier declared another portion headed by the Ludendorfs and others of the military caste is continuing to practice the old Prussian doctrine.

In a dramatic speech of an hour, the French premier outlined to the conference "What is being said at the door of France," which he added "wants peace."

As an example M. Briand read several passages from the memoirs of Ludendorff regarding Germany's aspirations for world conquest. Among these citations was Ludendorff's declaration that the institution of war was a creation of God.

"Throwing the Ludendorff manuscript dramatically on the table, M. Briand declared: "How can any one ask France to disarm under such conditions?"

Reverting to the possibilities that "the war parties of the central powers might come back to power," Briand recalled there recently was an attempted restoration in Europe which might have set the whole continent on fire.

"Fortunately for the entente," he added, "it was averted."

Germany still dangerous. Premier Briand said it was well understood that some persons took the viewpoint that as Germany was just emerging from the war she was in no position to be dangerous.

"Our soldiers had a place in the fight," said M. Briand, "and they know to what point the German soldier can carry his heroism. Germany still has 7,000,000 men who have made war. You ask it is possible to mobilize an army there tomorrow? I answer yes."

FORD AND EDISON TO JOIN HANDS IN BIG POWER PLANT

New York, Nov. 19.—Henry Ford and Thomas A. Edison today joined forces to make Mussel Shoals the "biggest thing in industry." The automobile manufacturer and the inventor in a conference here, arranged to visit the big nitrate and power plant soon after Thanksgiving, when they will make a survey to determine how much it will cost the government to complete the project so that Ford can take it over.

Ford came here direct from a bedside conference with Secretary Weeks in Washington last night. Major details of Ford's offer to buy Mussel Shoals were agreed upon at this conference.

Ford told Edison at his hotel room here, told of Week's conference and asked him to go to Mussel Shoals to look over the project. "It's the greatest thing in the world," Edison said in agreeing to go. "There's great power there. You can make anything—nitrate, steel, aluminum—anything at all."

Details of the inspection trip were then arranged. It will be made in Ford's private car and Ford and Edison will take with them a corps of technical experts.

PROMISE TO MAKE MUSSEL SHOALS THE 'BIGGEST THING IN INDUSTRY'

New York, Nov. 19.—Henry Ford and Thomas A. Edison today joined forces to make Mussel Shoals the "biggest thing in industry." The automobile manufacturer and the inventor in a conference here, arranged to visit the big nitrate and power plant soon after Thanksgiving, when they will make a survey to determine how much it will cost the government to complete the project so that Ford can take it over.

Ford came here direct from a bedside conference with Secretary Weeks in Washington last night. Major details of Ford's offer to buy Mussel Shoals were agreed upon at this conference.

Ford told Edison at his hotel room here, told of Week's conference and asked him to go to Mussel Shoals to look over the project. "It's the greatest thing in the world," Edison said in agreeing to go. "There's great power there. You can make anything—nitrate, steel, aluminum—anything at all."

Details of the inspection trip were then arranged. It will be made in Ford's private car and Ford and Edison will take with them a corps of technical experts.

ALBUQUERQUE CHAMBER OF COMMERCE TO START DRIVE FOR 1,000 MEMBERS

Albuquerque, Nov. 19.—A big drive to be staged by the local chamber of commerce, will start November 25 and the goal has been set for 1,000 members. Captains of the teams have been appointed and the drive will last three days during which time every section of the city will be visited. A big meeting will be held the first of the week to complete the final plans for the drive.

\$20,000,000 SANATORIUM MEMORIAL TO WAR MOTHERS.

Albuquerque, N. M., Nov. 19.—A committee made up of one representative of each civic organization of the city of Albuquerque will meet with Gov. M. C. Mechem to ask the governor to call a special session of the legislature to charter a memorial trust for a proposed \$20,000,000 sanatorium as a memorial to the war mothers of the nation. The movement was originated by Major J. H. Toulouse, of this city, and has been endorsed by the national disabled soldiers' league and is said to have the backing of many prominent people throughout the country.

OPPOSITION AT SANTA FE TO SOUTHWEST PARK

Santa Fe, Nov. 18.—The game commission went on record against including the Elephant Butte Lake in the proposed national park for Southern New Mexico. Game Warden Thomas P. Gable stated today. The commission felt, he said, that the lake should be stocked with edible fish and fishing in it should not be restricted except by the state game laws and the commissioner's regulations.

The commission accompanied by Governor Mechem and Game Warden Gable, visited the fish hatchery at Liberos Spring on the Pecos.

METHODISTS GET \$50,000 FROM THE IVES ESTATE

Albuquerque, N. M., Nov. 18.—In the will of Byron H. Ives, the contents of which became known here this week, bequests of \$50,000 were made to distant relatives and \$15,000 is left as a permanent fund the interest of which is to be used as scholarships for young ladies in the university. The balance of the estate, estimated at over \$20,000, is left in the hands of trustees for the benefit of a Methodist sanatorium to be known as the Ives Memorial building.

HUGHES REVEALS NAVAL POLICY

Would Junk Sixty-Six Ships and Stop Building Until Year 1931.

MEANS IMMEDIATE ECONOMY

United States to Equal Britain in New Craft, Japan to Rank Third—\$260,000,000 Saved Public at Once.

Washington, Nov. 14.—Sweeping reduction of the present naval armaments, and stern limitation to follow, by Great Britain, Japan and the United States, was the proposition laid before the international conference here by Secretary Hughes.

Actually before the delegates to the international conference were aware of what was happening, Secretary Hughes, true to his promise, had laid the cards of Uncle Sam's hand face up on the table.

Here's the American Plan. The American proposals summarized follow: 1. The United States, Great Britain and Japan agree to a navy building holiday for ten years, during which time no new ships shall be built.

Size of Replacements. 6. The size of the capital ships built for replacement shall be limited to 23,000 tons, compared with 40,000 tons, the maximum now building, and aggregate capital ship tonnage is to be limited to 500,000 each for England and the United States and 300,000 for Japan.

BRITISH EDITORIAL OPINION. London, Nov. 14.—The London Times says in an editorial: 'President Harding of the United States set the right note for the Washington conference when he assured the delegates that he welcomed them not alone for their high purpose, but for their high faith.'

SLIGHT INCREASE IN TRADE

Country's Exports and Imports for October Both Show Uphill Trend. Washington, Nov. 14.—Both the country's exports and imports of merchandise for October show slight increases over the totals for the preceding months, according to figures made public here by the Department of Commerce.

HOW 'BIG 3' WILL BANK IF HUGHES' PLAN IS ADOPTED

Washington, Nov. 14.—How the navies of the United States, Great Britain and Japan would be constituted, so far as capital ships are concerned, is shown in the following comparative table:

Table with columns: Laid down, Name, Class, Main battery, Displacement. Rows include United States, Great Britain, and Japan with various ship classes like Dreadnaught, Battle cruiser, and Cruiser.

SUMMARY THREE LEADING POWERS

Table comparing United States, Great Britain, and Japan across categories: Dreadnaught, Battle cruisers, Total capital ships, Total capital tonnage, Percentage strength compared with United States, and Gun Power.

success in the great objects of the conference will be attained. An editorial in the Daily News says: 'By a single gesture America has changed the whole face of international affairs.'

The Morning Post in an editorial says: 'Fleets and armies are but instruments of warfare. Neither France, America, nor Great Britain desires to spend one penny more than the sum requisite to secure that justice and those rights to which President Harding referred.'

FRENCH LIKE PLAN

Paris, Nov. 14.—Dispatches outlining the developments at the opening of the armament conference in Washington take first place in all the Paris newspapers.

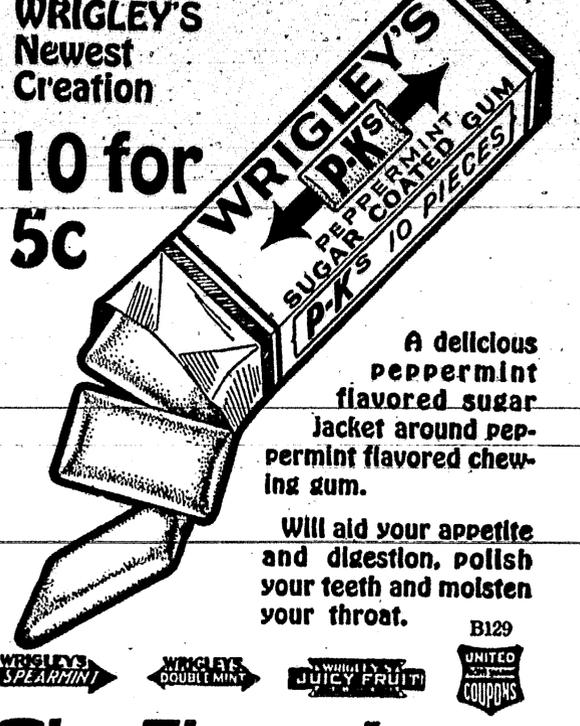

The Journal Des Debats says the Hughes plan involves the abrogation of the Anglo-Japanese alliance.

While the import and export figures are still far below those of the previous year when expressed in point of values, falling prices have been responsible for the fact that more marked recoveries are not shown.

When measured in volume of commodities, the country's foreign trade would show much more marked improvement, according to the statement.

CATARRHAL DEAFNESS
 is greatly relieved by constitutional treat-
 ment. HALL'S CATARRH MEDICINE
 is a constitutional remedy. Catarrhal
 Deafness is caused by an inflamed con-
 dition of the mucous lining of the Eusta-
 chian Tube. When this tube is inflamed
 you have a rumbling sound or imperfect
 hearing, and when it is entirely closed,
 Deafness is the result. Unless the in-
 flammation can be reduced, your hearing
 will be destroyed forever. HALL'S
 CATARRH MEDICINE acts through the
 blood on the mucous surfaces of the sys-
 tem, thus reducing the inflammation and
 enabling Nature in restoring normal con-
 ditions.

NOTICE OF CONTEST
 Department of the Interior
 United States Land Office
 Roswell, N. M.
 Contest No. 10315

To Eddie Bridge of Carrizozo, N. M., Contestee.
 You are hereby notified that Raymond C. Hobbs, who gives Bogio, N. M., as his postoffice address, did, on Oct. 27, 1921, file in this office his duly corroborated application to contest and secure the cancellation of your homestead, Serial No. 01330 made Aug. 2, 1920, for all of Section 25, Township 9 S., Range 9 E., N. M. P. Meridian, and the grounds for his contest he alleges that you have never established residence on said entry; have never resided thereon; that you have never cultivated or improved any part of said entry that you have abandoned said land for more than six months past and have never earned title to said land. That your absence from said land was not due to your employment in the military or naval organizations of the United States or the National Guard of any of the several States.

You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be canceled without further right to be heard, either before this office or on appeal, if you fail to file in this office your answer, under oath, specifically responding to these allegations, of record, together with due proof that you have served a copy of your answer on the said contestant either in person or by registered mail.

You should state in your answer the name of the post office to which you desire further notice to be sent to you.

(Western Newspaper Union News Service.)

WESTERN

Edward Casaldy, Jr., 12, went through smoke and flames and brought to safety his 6-year-old sister, Mary, who was alone in an upper room when the family home took fire in San Francisco.

Steve Maslich, Austrian, must die for the slaying of Marco Luns, a fellow countryman, near Salt Lake City, Aug. 8, 1919, the State Supreme Court held. The decision of the lower court was affirmed.

Mary Williams, negro woman, said to be the oldest negro in Texas, died at San Antonio, aged 112 years. She had lived in Texas forty years, coming from Louisiana, where for many years she was a slave.

Cornob, ridden by his owner, I. Jarvis of Edmonton, Alberta, set a new world record for the high jump by horses under 14.2 hands high at the horse show at Portland, Ore., topping the bar at six feet two inches. The Tank, former holder of the record, dropped out with the bar at five feet six inches.

Miss Lucy Stebbins, dean of women at the University of California, will direct activities of deans of women of western colleges for the coming year as the result of election of officers at Berkeley. Women students of western colleges, also in session, adjourned after selecting the University of Utah for next year's meeting.

D. C. Jackling, managing director of the Utah Copper Company, who is also heavily interested in other mining properties in the West, declared that estimates made by him indicated that the resumption of the production of copper would begin next spring, subject to the consumption being on as large a scale as within recent months.

Clubbing Sheriff George S. Bassett into insensibility with a piece of gas pipe, six prisoners escaped from the county jail at Fort Dodge, Ia. Sheriff Bassett had entered the jail to bring the prisoners extra blankets which they had requested as the result of a sudden drop in temperature. Bassett was seriously hurt, but is expected to recover.

Hipolito Villa, brother of Francisco Villa, former bandit leader of Mexico, said that he had his two children, Maria Louisa, 6, and Abton, 4, whom his former wife, Mabel Silva, accused him of kidnapping, in a private school on his ranch at Torreón, that he intended to give them a good education and then release them and permit them to return to their mother if they so desired.

WASHINGTON

Eugene V. Debs, Socialist leader, now serving a ten year term at Atlanta prison for obstructing the draft, may walk the streets a free man on Thanksgiving day, through the President's executive clemency. It was learned in an authoritative quarter.

Mechanist's Mate Colton was killed and Lieut. Steadha Aker and O. D. Spaulding were severely injured when seaplane No. 2100, from the naval air station, Pensacola, Fla., went into a tail spin at an altitude of 1,000 feet and crashed off Barrancas Beach.

The new battleship Colorado, launched last spring with Mrs. Max Melville of Denver, daughter of Senator Nicholson, as its sponsor, is doomed to destruction if the American proposal as outlined by Secretary Hughes in his address at the opening of the disarmament conference should be agreed to by the other powers.

Armament delegates have cut the red tape of diplomacy—in one regard at least. They will dispense with the "formal and official call," long a sacred institution. Somebody figured out that if all the diplomats and attaches and advisors were all to call on one another in formal fashion it would use up more than 40,000 calling cards.

America's unknown soldier received the last congressional medal of honor and the last distinguished service cross which can be bestowed for deeds performed in the war, the War Department announced. The act of Congress authorizing the President to make these awards, as well as to bestow the distinguished service medal prescribed in effect, it was explained that the awards must be made within three years after the act justifying the award. The time limit has expired.

A bill appropriating \$250,000 to be used in refunding losses by Liberty Loan subscribers through failure of five banks in which they had placed partial payments has been passed by the house and sent to the senate. The banks were located in Pennsylvania, California, Ohio, Minnesota and North Dakota.

Shoot to kill, deliver the mail or die in the attempt, was the literal instruction which Secretary of the Navy Doolittle sent to 1,000 marines who left Quantico for the job of guarding the United States mail.

FOREIGN

Five hundred native gendarmes and officers were massacred by Kurds, after occupation of the town of Sulbask, according to a dispatch from Allahabad, British India.

Vital d'Arzac, a Toulouse newspaperman, covering the Landru trial at Versailles, left the court room, telling his comrades that the case was driving him crazy. He went to his hotel and killed himself with a revolver.

A member of the Russian social revolutionary party fired two shots at Foreign Minister Tchitcherin, who was in his reception room at the Kremlin in Moscow, according to authentic dispatches. Both shots missed. The assailant and 3,000 members of the Menshevik party were arrested.

Francis Jannard, living at Dijon, France, has but one hobby in life. It is that of killing vipers around his native town. A recent fifteen days' bag totaled 550, and in ten years Jannard has accounted for more than 20,000 vipers. Vipers are found only in central and southern France, but are extremely dangerous in those regions.

While a religious ceremony was in progress at the Guadalupe cathedral, Mexico City, a bomb was exploded on the altar below the image of the Guadalupe virgin. There were no casualties though the church was crowded, and no serious damage was done. The author of the outrage was arrested, the police saving him from being lynched.

Japan's governmental budget for next year, as unofficially reported, carries an expenditure estimate of 1,493,000,000 yen, being a decrease of 120,000,000 from last year's budget. The naval estimate, said to have been decided by the budget council, carries a reduction of about 80,000,000 yen. The army estimates showed a reduction of about 10,000,000.

Important documents were seized and millions of Rumanoff rubles with considerable French and British money were discovered at Constantinople by Italian police in a raid on the office of the Russian trade mission at Constantinople. The police hauled down a huge red flag which the Bolshevik representatives had raised over their headquarters in celebration of the fourth anniversary of the soviet revolution.

GENERAL

President Harding has signed the good roads bill, carrying an appropriation of \$75,000,000 for road building, and \$15,000,000 for forestry projects.

Mrs. Lydia Southard was sentenced to serve from ten years to life in the Idaho state prison for the murder of Edward F. Meyer, her fourth husband. She was convicted after a trial lasting several weeks. The court imposed the maximum penalty under the Idaho laws. Attorneys

Charles Willson, 19 years old, a high school student, was found hanging in the bath room at his home by his mother. Willson, who told police, had gone to the bathroom two hours before to bathe. The boy is the third Chicago school student who has committed suicide by hanging in recent weeks.

At Watertown, Mass., is being built a sixteen-inch howitzer which will revolve in a complete circle, fires at a depression of 7 degrees to a 65-degree elevation, and is fired by compressed air. The rifle weighs seventy-eight tons, shoots twenty-eight miles, using shells weighing 2,840 pounds. The gun is thirty-five feet long and the total weight of gun carriage and all is 252,348 pounds. This is the first gun of its kind in the country, and is built for coast defense.

Commodore Ellsworth Price Berthoff, retired commandant of the United States Coast Guard, died in New York at the age of 63. In 1899 he received a gold medal and the thanks of Congress for heroism in saving the lives of 200 American sailors frozen in on a fleet of whalers at Point Barrow. To accomplish this feat, he led a party of three 1,700 miles overland in the frozen Arctic country. He retired as coast guard commandant in 1919.

Wishing one and all a happy New Year, the western canners beg to advise that the prices of canned goods of every description will be sharply advanced about Jan. 1—perhaps an average of 20 per cent. The canners in convention in Chicago say the pack this year, principally of beans, peas, corn, tomatoes, fruits and salmon, will be about 7,000,000 cases short.

Big Tim Murphy, union leader, former state representative and an alleged gunman, was found guilty in Chicago by a jury in Judge Kenehan's "Lauder" court of plotting the \$300,000 mail robbery at Dearborn station last April. Vincenzo Cosmano, union president and protégé of Murphy; Edward Gierum, alleged driver of the bandit's car; and Paul Volant also were convicted.

Governor Thomas B. Campbell issued a proclamation of emergency, authorizing the board of directors of state institutions to expend \$3,750 in repairing damage done to the capitol building and grounds by the Cave creek flood. Parties interested in the control of Cave creek met in the governor's office and agreed in steps to be taken to prevent future floods similar to that of last August.

William Hayes was sentenced at Ironton, Mo., to be hung for complicity in the murder at Herculaneum last Feb. 28 of Andrew Deck, federal prohibition investigator. The jury deliberated twenty-two hours. Hayes is the fourth man to be given the death penalty for the murder of Deck. Otto and Jess Thomas are yet to be tried.

The new electrically driven coast guard cutter Tampa, replacing a vessel of the same name, torpedoed and sank during the war, was dedicated to the service of saving life and property at sea.

Southwest News From All Over New Mexico and Arizona

(Western Newspaper Union News Service.)

John T. Hughes, 47, pioneer, former publisher of the Arizona Daily Star and one of the most prominent criminal lawyers in Arizona, died at his home in Tucson after a long illness.

The general university extension work for the year 1921-22 is being actively encouraged. The Woman's Club of Casa Grande, Ariz., has arranged for a series of six lectures during the year.

Charles Clay, who for the past five years has been in charge of the hotel at Jemez, N. M., will start this month on the erection of a new \$30,000 hotel which will be supplied with hot and cold water direct from the springs.

The September record of the Biological Survey of New Mexico, according to reports received at Albuquerque, is made up of two predatory bears, seven wolves, six mountain lions, thirty-seven coyotes and eleven bob cats.

Ray, N. M., is to call another election to vote on bonds for the completion of the new school house. The new building has been started, but more money will be needed to finish the work according to the original plans.

Reports of the contractors of Las Vegas, N. M., show that there are now under construction at the present time twenty-three houses and several business blocks. The total amount of building in the city is estimated at over \$80,000.

The contractor who is erecting the new school building at Tres Piedras, north of Tuson, N. M., reports that the concrete work on the building is complete and that the new school will be turned over to the board about the middle of December.

Montezuma valley came to the front the past week in the effort to secure a rail outlet from Farmington, N. M., to the south. Several enthusiastic meetings were held and the fund subscriptions now total over \$1,500,000 and there is still about sixty days to raise the balance of \$1,000,000.

Secretary de la Huerta of the Mexican treasury department, issued a decree abolishing the duty on cattle and horses imported into Mexico, according to dispatches received at Nogales, Ariz. Secretary de la Huerta was reported to have said: "I take this step to enable Mexican ranchers to stock up with the best cattle obtainable."

The Albuquerque office of the U. S. forest service announces the promotion of J. H. Sizer of Roosevelt, Ariz., to forest supervisor of the Apache national forest, with headquarters at Springerville, Ariz. Mr. Sizer is not new either to the service or to the Apache forest, on which he was at one time ranger and later deputy supervisor.

Arizona's College of Agriculture is growing. The attendance is larger than ever before. Extension work is reaching more people in the state than at any previous time. The agricultural experiment station is better organized for effective research than ever before. These facts furnish occasion for making a few comparisons of public interest.

J. A. Tutum, representative of the Southwest Lumber Company of Alamogordo, N. M., has just completed a 2,500 mile trip through New Mexico and Arizona and states that the copper mines in all sections of the southwest will soon be in operation. Mr. Tutum thinks that most of the mines will be running in the next six months and some of them before that time.

The Tucson chapter of the Rotary Club has appropriated the sum of \$1,000 to form a loan fund for the purpose of helping some worthy students of the University of Arizona on recommendation of the student loans and scholarships committee.

Miss Elbe Tules, state superintendent of public instruction of Arizona, announced that she had apportioned state school funds among the counties of the state. She said the apportionment had been made in advance of the usual time, which is in January, for the benefit of counties where funds have been exhausted and where it has been necessary to register warrants.

The Agricultural Science Club, headed by L. E. Freudenthal, recently organized at Las Cruces, N. M., to bring the farmers of Dona Ana county into closer touch with the New Mexico Agricultural College's experiment station and extension service, is planning a series of lectures on timely agricultural problems to be delivered over wireless telephones by experts connected with experiment stations located within the radius of the Las Cruces apparatus.

A committee of fifteen has been formed in Roswell, N. M., to assist in the marketing of the livestock of the valley. A big meeting will be held soon when all the livestock men of the valley will attend and ratify the committee and assist in the future plans of the organization.

Citizens of Gallup, N. M., have pledged over \$1,500 to the fund for the new railroad which is to run into that city from the San Juan valley. The drive was in charge of the Kiwanis club and the balance of the \$2,500 will be raised soon.

CHINA DEMANDS "BILL OF RIGHTS"

THE FAR EASTERN QUESTION
BROUGHT TO ATTENTION OF
ARMAMENT CONFERENCE.

POLITICAL FREEDOM

JAPANESE FAVOR PART OF PROPOSAL;
WILL REQUEST STUDY ON
SOME POINTS.

(Western Newspaper Union News Service.)

Washington.—The Washington conference turned to consideration of Far Eastern questions with almost the same momentum with which it tackled naval armaments. It was the Chinese delegates who led the way this time. In the committee of nine, at which all nations participating were represented, they produced a basis for discussion which represents their views.

The open sympathy of the United States with their position was at once manifest. British support in many respects. The positions of the others were not so clearly defined, although members of the Japanese delegation have given expression of approval, in part at least, of China's "bill of rights."

In brief, China wants guarantees for territorial integrity and political and administrative independence; she proposes the open door for all in all parts of the country; she wants all spheres of influence relinquished; she wants treaties made affecting her without being consulted.

The full extent of China's position is much broader than this, but these are the essentials. The last feature may be construed as affecting the Anglo-Japanese alliance, although the British take the opposite view.

The Chinese minister read the following statement:

In view of the fact that China must necessarily play an important part in the deliberations of this conference with reference to the political situation in the Far East, the Chinese delegation has thought it proper that they should take the first possible opportunity to state certain general principles, which, in their opinion, should guide the conference in the determination which it is to make.

Certain of the specific applications of the principles which it is expected that the conference will make it is our intention later to bring forward but at the present time it is deemed sufficient simply to propose the principles.

In formulating these principles, the purpose has been kept steadily in view of obtaining rules in accordance with which existing and possible future political and economic problems in the Far East and the Pacific may be most justly settled with due regard to the rights and legitimate interests of all the powers concerned. Thus it has been sought to harmonize the particular interests of China with the general interests of all the world.

Perishing Kisses "War Mother."

Philadelphia.—General Pershing, upon being introduced to Mrs. Amalia Emma McCudden, British war mother, at the banquet to Marshal Foch, complimented Mrs. McCudden upon her visit to America and then leaned forward and kissed her. "Your visit to America will do much to create a friendly spirit between England and America," he said, and then he kissed the English woman who sent three sons into the British army none of whom returned.

Miners Get Relief.

Washington.—The House passed by a vote of 177 to 137 a bill providing for financial relief to owners and operators of mines and mining properties stimulated by the government during the year to maximum production. The sudden termination of the war left a number of small and high cost properties prepared for production, but with no demand from the government for the ores or minerals. Claims have been presented by these miners for relief by the government, and the House bill provides for the sharing of loss sustained by the miners.

Labor Insists Germany Pay.

Berlin.—German trade unions served a virtual ultimatum upon the government to insure reparations payments to the allies. The unions demanded government confiscation of 25 per cent of all stock shares in private hands, socialization of the mines, reorganization of railway traffic, restriction of imports to bare necessities, heavy taxation of exports and bourse profits and government control of private monopolies.

Bandit Goes Back To Prison.

Phoenix, Ariz.—Roy Gardner, who was captured by Herman E. Indell, a mail clerk, in a mail car at the Atchison, Topeka & Santa Fe railway station here, will not be tried for the attempt to rob that car, but was sent to Leavenworth, Kansas, to finish serving sentences which were hanging over him when he escaped from the federal prison at McCall's Island, Wash., on September 5, according to Thomas Flynn, United States district attorney.

THE ECONOMY

BAKING POWDER

CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the most economical leavening agent. It saves in more ways—and makes more important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of other articles. Costs but little more than cheap powders—far more valuable in quality.

You save when you use it. Possesses more than the ordinary raising force—you use only half as much as is ordinarily required.

You save materials it is used with. Calumet never fails with any kind of recipe or with any kind of flour—always produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. Calumet produces light, sweet, wholesome, flaky bakings. You will notice with some of the cheaper brands the bakings are soggy, heavy, dark in color, and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plants. Best by test. A trial proves it.

The Law Says 16 oz. to a Pound
A pound can of Calumet contains full 16 oz.
Some baking powders come in 12 oz. cans
instead of 16 oz. cans. Be sure you get a pound
when you want it.

It might be well, while correcting our disobedient offspring, to remember that we did not die young. Don't fail to lay up something for the rainy day, if it's nothing more than the borrowed umbrella.

"Oh, you can never fool my Ma, I know just what she'll say. That's as much like Faultless Starch. As night-time is like day."

FAULTLESS STARCH

WESTERN CANADA

Land of Prosperity

Offers to home seekers opportunities that cannot be secured elsewhere. The thousands of farmers from the United States who have accepted Canada's generous offer to settle on FREE homesteads or buy farm land in best provinces have been well repaid by bountiful crops. There is still available on easy terms

Fertile Land at \$15 to \$30 an Acre
—land similar to that which through many years has yielded from 20 to 40 bushels of wheat to the acre—corn, barley and flax also in great abundance, with raising horses, cattle, sheep and hogs is easily profitable. Hundreds of farmers in western Canada have raised crops in a single season worth more than the whole cost of their land. With such success comes prosperity, independence, good homes and all the comforts and conveniences which make life worth living.

Farms, Gardens, Poultry, Dairying
are sources of income, secured only by grain growing and stock raising. Attractive climate, good neighbors, churches, schools, good mail, railroads, facilities, rural telephone, etc.

For Illustrated Map, plan, description of farms and conditions which make life worth living, write to the nearest Canadian representative, American and British Consuls, or nearest railway agent, since 1910.

W. V. BENNETT
Room 4, Box 544, Omaha, Neb.

Authorized Agent, Dept. of Immigration and Colonization, Dominion of Canada

What to Take for CONSTIPATION

Take a good dose of Carter's Little Liver Pills—then take 2 or 3 for a few nights after. They cleanse your system of all waste matter and regulate your bowels. Mild—so easy to take as sugar. Contains liver salt—no other. Small Pill. Small Dose. Small Price.

SUFFERED SEVEN LONG YEARS

Finally Relieved by taking Lydia E. Pinkham's Vegetable Compound

Ravenswood, W. Va. "For seven long years I suffered from a female trouble...

I continued using it until I had taken eight bottles. Now I am very well and can do my own housework...

BETTER DEAD

Life is a burden when the body is racked with pain. Everything worries and the victim becomes despondent and downhearted.

GOLD MEDAL HARLEM OR CAPSULES

The National Remedy of Holland for over 200 years is an enemy of all pains resulting from kidney, liver and uric acid troubles.

There Was No Reply. Robert Perry, age six, is the son of Paul Perry, of Greensburg. Like all boys of school age, he is of an inquisitive turn of mind...

Make Your Own Opportunities. When you feel the fancied greater opportunities of other fields tugging at your sleeve just hold a short communion with yourself...

DON'T FEAR ASPIRIN IF IT IS GENUINE

Look for Name "Bayer" on Tablets, Then You Need Never Worry.

To get genuine "Bayer Tablets of Aspirin" you must look for the safety "Bayer Cross" on each package and on each tablet.

Spud Murphy's Girl. Spud Murphy says: "I don't mind that girl of mine being stuck on her folks, but I'm darned if I know why she thinks that every time I call it's up to her to bust out the family album."

BOSCHEE'S SYRUP

Alloys Irritation, Coughs and Heals Throat and Lung Inflammation.

The almost constant irritation of a cough keeps the delicate mucous membrane of the throat and lungs in a congested condition, which Boschee's Syrup gently and quickly soothes and heals.

Time Kept by Standard Clocks. The time of the whole of the United States east of the Rockies is regulated by three standard clocks kept in an underground vault at the naval observatory in Washington.

Cuticura for Sore Hands. Soak hands on retiring in the hot suds of Cuticura Soap, dry and rub in Cuticura Ointment.

Daily Short Story. Potiphar Wampondio had words with his wife at breakfast about the way the eggs were cooked.

First "Weather Man." An Englishman, Francis Galton, was the first real weather man. Galton was a cousin of Charles Darwin.

Make Your Own Opportunities. When you feel the fancied greater opportunities of other fields tugging at your sleeve just hold a short communion with yourself...

BLEND OF COLORS

Delightful Shadings Features of Knitted Costumes.

Suits of Plain Skirts and Slip-On Top Portion—Dress and Cape Combinations.

Delightful color blends in wool and silk and wool mixtures are a feature of the new knitted costumes. Suits composed of plain skirts and slip-on top portion, dress and cape combinations, and new notes in sweater numbers are among the points of especial interest.

A two-piece suit of a shade between brown and henna is banded at the skirt edge and about the coat in narrow silk strips of bright orange, the tie at the neck and belt being of the same inspiration.

All silk sweaters carry out this theme of bright color bands, as noted in a stunning gray tuxedo model with narrow band trims of burnt orange.

OF HENNA DUVETYN AND SILK

This is a winsome street costume of henna duvetyne and black silk, girdled with bronze beads.

THE FROCK OF BLACK VELVET

Simplicity is well exemplified in this street frock of black velvet, faced with gray squirrel and trimmed with lobster-red braid.

Both red and orange are introduced in the separate tunics that Paris is showing, but Jenny uses splashings of brocades, such as were worn by the men of old Persia.

NEW BELTS FASTEN AT SIDE

Decorations Sold in Paris Shops is Narrow; One Made by the Dressmaker is Wide.

Both red and orange are introduced in the separate tunics that Paris is showing, but Jenny uses splashings of brocades, such as were worn by the men of old Persia.

Girdles.

Girdles of all sorts may be had to add to afternoon and evening gowns. Some of them are made of segments of metal and others of some composition like celluloid held together with metal rings.

The Use of Fringes.

Even separate skirts are not exempt from fringe, pounce and sport silk ones having pointed or straight bands of it in self-color.

BIRD SOCIETY NOTES.

"Well," said Mr. Collared Butcher Bird, who was living in the zoo, "I think we should have a Bird Newspaper and report all the important society events which happen in the zoo."

"I've heard people who've come to the zoo, talking about the news they have read in the newspapers, how so and so was married, and how a new little girl arrived at such and such a house."

"Who Would Write?" "It seems to me we should have something of the sort here with news about the zoo."

"Ah," said Mr. Cassowary, "but who would write the news?" "No one need write it," said Mr. Collared Butcher Bird, "for we will not exactly copy the people with our newspaper. We will have something a little different."

"We will refile our news instead of writing it or printing it. As we can't write, and as we can't print, it would be better that way."

"I see, I see," said Mr. Cassowary. "Your idea is very good, very good, indeed."

"And," said Mr. Collared Butcher Bird, "we can each tell whatever news we have to tell, just as we would write it or print it if we could write or print."

"We can each speak in turn, and we can call our newspaper 'The Birds' Paper,' or we could call it 'Nature Happenings in Our Town,' or we could call it, 'Events of Importance to Those They Concern.'"

"We even might call our paper, 'The Society Paper of the Birds, a Paper Telling of the Society Notes of Interest and Importance in the Bird World.'"

"Good idea," said the Cassowary. "Then, instead of writing our news we will each speak a piece of news or a society note in turn."

"And we might like to give you a little notice," said Mr. Sparrow, who was outside of the Collared Butcher Bird's cage.

"Of course, you would want to be in it too," said the Goldfinch, who was in the park of the zoo, not far from the outside cage yards of the zoo birds.

"And so would you," chirped the Sparrow. "You know you would."

"Room for all," said Mr. Collared Butcher Bird. "Well, I will begin. 'This will be my item of news.'"

"Mr. Collared Butcher Bird, late of Australia, who has recently taken a cage at the Bird Apartments, Zoo Park, wishes to inform his friends that he never weighed the lizards and small birds he ate in the free state, nor charged them to himself. And in spite of his name he never overcharged customers, mainly, he states, because he had no customers."

Then Mr. Sparrow said: "My item is this: 'The Sparrow Family of Tree Six, River Driveway, had one of their worst quarrels the other day. They claim, however, they can do better still.'"

"My news is this," said Mr. Cassowary. "Mr. Cassowary, Yard Home, the Zoo, late of New Guinea, recently informed his friends he had swallowed a door-knob. When asked if he felt the ill effects he said not as yet, though he had swallowed the door-knob four years ago."

"I have something to add," said Mr. Squirrel. "The Squirrel Family are putting away their winter stock. They will need plenty so as to be fully prepared in case of coal strikes. Food is warm, they say."

"I will give mine now," said Mr. Goldfinch. "Mr. Goldfinch is getting out his winter suit and will wear it upon the first real winter day. Friends will remember how becoming this quilt suit is to Mr. Goldfinch with its darker, more subdued plumage."

Then Old Man Weather came swishing about. "I have an item of news," he said. "The Old Snow King sent a telegram to his friends the other day stating that he had been delayed in his journey, but that he might be expected soon. He said he would doubtless bring with him his friend Sir Freeze-the-Ponds, who had been promised work for the winter."

One on Bobbie. "Mother, can't I have two pieces of pie for dinner, today?" "Yes, Bobbie. Just cut the piece you have in two."

LATEST MARKET QUOTATIONS

Furnished by U.S. BUREAU OF MARKETS Washington, D.C.

Live Stock and Meats. Chicago hog prices declined generally from 50c to 55c. Good and choice light and medium weight steers and yearlings mostly \$22.00 to 40c lower. Heavy steers down 50c to 75c. Common grassers and westerns lost 25c. Butcher cows and heifers down 25c to 40c. Stockers and feeders down 25c to 50c. Fat calves generally 75c lower. Fat lambs steady to 5c higher. In-between grades up to 75c higher. Feeder lambs advanced 25c to 40c. High beef steers, \$5.75 to 10.75; butcher cows and heifers, \$4.25 to 8.75; feeder steers, \$3.50 to 6.50; light and medium weight yearlings, \$6.50 to 8.50; fat lambs, \$8.75 to 9.40; feeding lambs, \$7.40 to 8.40; yearlings, \$5.75 to 8.00; fat ewes, \$3.75 to 5.00. Hogs and pork declined, while veal, lamb and mutton were generally firm to higher in eastern wholesale fresh meat markets. Pork loins ranged steady to 5c lower for 100 lbs.; medium grade veal down 5c to 10c; good veal 10c to 15c higher; November 10 prices good grade meat, beef, \$12.00 to 13.00; lamb, \$18.00 to 21.00; mutton, \$8.00 to 11.00; light pork loins, \$18.00 to 21.00; heavy loins, \$14.00 to 17.00.

Grain. The market had a good undertone throughout the week and prices advanced steadily. Chicago December wheat advanced 1/2c, closing at \$1.09 1/2; Chicago December corn, 1/2c, at 47c. Export business larger and stock market and foreign exchange stronger. Milling and much better with millers seeking yellow and hard winter wheat. Country offerings to arrive light; reduced receipts expected next week. Corn moderately active and slightly higher. Closing prices in Chicago cash market: No. 2 red winter wheat, \$1.32; No. 2 hard winter wheat, \$1.10; No. 2 mixed corn, 48c; No. 2 yellow corn, No. 3 white oats, about 33c. Average price to farmers in central Iowa for No. 2 mixed corn about 32c; 40 farmers in central North Dakota, \$1.13; 100 dark northern wheat, \$1.04 1/2; to farmers in central Kansas for No. 2 hard winter wheat 32c. For the week Illinois December wheat up 1/2c, closing at \$1.29 1/2; Kansas City December wheat up 1/2c, at \$1.04 1/2; Winnipeg December wheat up 1/2c, at \$1.13; Chicago May wheat closed at \$1.13; Chicago May corn, 53c; Minneapolis May wheat, \$1.19 1/2; Kansas City May wheat, \$1.06; Winnipeg May wheat, \$1.11.

Fruits and Vegetables. Potato markets held steady to firm during the week, but are slightly weaker at close in some cities. New York packed round whites slightly weaker in Philadelphia, at \$2.00 to \$2.10 per 100 lbs.; nearly steady at shipping points at \$1.75 to 1.85. Bulk steady in New York at \$2.10 to 2.20 per 100 lbs. Northern sacked round whites, 1 cent up in Chicago, at \$1.70 to 1.95; firm in Cincinnati at \$2.15, down 5c in production elsewhere at \$1.54 to 1.55. Cabbage markets steady to firm; demand moderate. New York Danish type, \$5.00 per ton bulk in New York City, up 10 in city or market at \$5.00 to 45c up 32 at shipping points. Northern Danish stock firm in Chicago and St. Louis at \$10.00 to 11.00. Supplies of barrel apples limited markets slow and dull New York Hudson apples, A's, steady in New York at \$7.50 to 8.00 per bin, slow and steady in Chicago at \$1.00 to 1.10; up at shipping points at \$6.50. Northwest extra fancy boxed Jonathan slow and dull in eastern markets, at \$2.00 to 2.40 steady in Kansas City at \$3.00 to 3.10. Eastern Yellow Globe onions slightly weaker in New York and Philadelphia, at \$3.25 to 3.50 per 100 lbs. up 10c to 50c in Boston at \$2.75 to 3.00; firm at Conn Valley shipping points at \$3.25.

Dairy Products. Butter markets unsettled and irregular. But line has been quiet for some time, the market was given a good amount. The offering was well assorted and desirable, and the demand for the feeder and butcher class were at the disposal of buyers. Demand for all classes was good and with a good deluge of outside buyers a good deluge of competition prevailed. Best feeding steers sold from \$5.75 to \$6, with good to medium grades ranging from \$5.25 to \$7.75. Flaxseed type sold as low as \$1.50.

Cotton. Spot cotton prices declined 184 points during the week, closing at 16.37c per pound. New York December futures down 200 points, at 16.15c.

BENEFIT LIVE STOCK. Cattle. With receipts on the local cattle market of better size and better quality than has been the rule for some time, the market was given a good amount. The offering was well assorted and desirable, and the demand for the feeder and butcher class were at the disposal of buyers. Demand for all classes was good and with a good deluge of outside buyers a good deluge of competition prevailed. Best feeding steers sold from \$5.75 to \$6, with good to medium grades ranging from \$5.25 to \$7.75. Flaxseed type sold as low as \$1.50.

Sheep. Packers, small killers and butchers were all represented in the field and though they did not compete real keenly for the stock, they were placing bids at about steady levels and most of these buyers succeeded in getting a fair share of the supply.

Hogs. Although values on the local hog market continued to sag in conformity with the eastern centers, the trading was the best seen for some time. Demand for stock has held up consistently here, and dealers have hardly ever complained of any difficulty in disposing of their stock.

The run of stock was remarkable from the standpoint of both size and quality. Over 1,000 head arrived and cleared all of the supply. The market for hogs of hogs. Some real choice types were offered.

Values were called 10 to 15 cents lower, but this decline was felt by traders to be merely a reflection of eastern reports and not a real change of local conditions. Three loads of choice hogs weighing about 200 pounds sold for \$7.15, and a load of choice sugar hogs brought the top bid at \$7.25. Small killers took both of these lots and made other purchases around the \$7 mark. Packers bid high at \$7.10. A few sold at \$6.35, and built for the day was called \$6 to \$7.15.

There was not enough stock arriving to meet the demand, nor has there been for some time, and at the present feeder buyers are watching the market closely, thus assuring shippers of a certain and ready outlet for their stock.

Most of the stock offered was in small lots, and consisted of all classes, fat lambs, feeders, weaners and ewes were well represented in the deals. Values were being called about steady to strong. Two loads of packed lambs of good quality shipped from the San Luis valley sold for \$5.30, which was the early top in the fat lamb section. These lambs weighed 75 pounds. Feeder weaners were selling for a nickel a pound and nearly all class showed a steady to strong tendency.

METAL MARKET. Colorado settlement prices: Bar silver (American) 12 1/2; Bar silver (foreign) 12 1/2; Copper 12 1/2.

Why guess about it— When you can know about it? Suppose a guide said— "This way there's a safe and pleasant road to your destination, with no risks or troubles on the way," and— "That way there's a road that a good many have stalled on and turned back from, but you may get through." Which would you take? Postum is a thoroughly agreeable and satisfying meal-time drink, and you're sure that it's perfectly safe for health. Coffee contains drug qualities which disturb and harm the health of many. Postum or coffee? Which road? Why guess when you can know? Postum comes in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water. Postum cereal (in packages of large bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes. Sold by all grocers. Postum for Health "There's a Reason"

OUTFITS FOR THE OUTDOOR GIRL

Miss 1921 is Permitted to Don Breeches and Coat Not Unlike Clothes Brother Wears.

This is the age in which the girl who goes for a canter down the bridle-path is dressed in smart breeches not unlike her brother's, and with them she wears a coat of severe cut and excellent workmanship, a derby or pressed beaver sailor tops her head; a tailored blouse, riding boots and heavy gloves complete her costume.

She is truly a contrast to her grandmother, who mounted a sidesaddle in a trailing full skirt with lace frills at her wrists and throat, and on whose head rode a large plumed hat. However, this is not the only way in which Miss 1921 is a contrast to her grandmother.

For the goat course and the country hike, the hunting trip and the skating party the new knickerbocker suit has made its welcome appearance. These suits are made of rough tweeds and come with the knickerbockers and the short skirts, which button up the front and have large, roomy pockets at the sides.

In case these suits are not warm enough for the winter winds, stunning topcoats of heavy velvets and tweeds cut on simple masculine lines, or woolen sweaters in many different designs and colors, are distinctly feminine.

purpose of sweater and scarf by throwing the ends about the throat and permitting them to hang down the back.

Heavy plaited striped skirts are worn with these sweaters, one stripe of the skirt being of the same color as the sweater. This makes a very attractive costume to wear before the log fire in the hunting lodge at the end of a perfect day in the big outdoors.

Gingham Frocks.

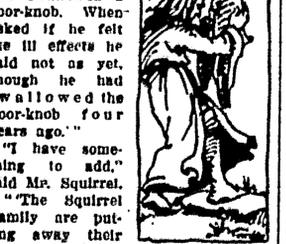

You are wise to make frocks of gingham, but you are unwise if you make them without first shrinking the gingham. On second washing, even, gingham shrinks a little so make the frocks a little larger than you will need them, and then you will not have to cut them down for little daughters, as has been the case with some women who fashion their gingham frocks of unshrunk fabric. Probably the cheaper gingham shrinks more than that of better quality.

Velvet Neck Band Again.

The narrow black velvet neck band is finding favor again this fall for wear with afternoon or party gown. A tiny jeweled slide or buckle worn directly under the chin or to one side brightens the neck piece and makes it most effective.

Popular Shades.

All shades of tango, orange and vivid yellows, including buttercup and marigold, are listed as favorites.

COME EARLY SATURDAY
NOVEMBER 26.

LOCAL AND PERSONAL MENTION

Miss Florence Spence is spending a few days in El Paso this week.

L. J. Fulmer, Jr., came in from the east so as to be home on Thanksgiving. He has been absent for several months.

Spence & Sons sold 2,000 sheep this week to August Sale of Albuquerque. They were driven over to Mountainair where shipment was made to the Duke City.

The Misses Ada Jane and Annie Beator, teachers at the Spindle school, stayed over for a few hours last Monday on their way to the Teachers' Convention at Albuquerque.

Mr. and Mrs. Albert Ziegler, Mrs. Elizabeth Gumm, and Mr. and Mrs. A. C. Barnhart motored out to Ancho and regions surrounding that place last Sunday, returning late Sunday evening.

Mrs. Win Kelly, Morgan Kelly and Mrs. Boula Gokoy came up from El Paso Thanksgiving Day. Mrs. Kelly had been visiting her relatives at the border city for the past week and they accompanied her home to spend Thanksgiving.

W. A. Placo and family left Thursday for Las Cruces, where they will locate on a ranch near that place. We are sorry to lose the Placo family, but at the same time wish them an abundance of happiness and prosperity in their new home.

Mayor A. J. Rowland spent Thanksgiving with his daughter, Miss Helen, who is attending the Loretto Academy at Santa Fe. Mrs. W. C. McDonald, who has been in the Capital City for the past two weeks and has been the honor guest at many social events, will return with Mr. Rowland.

A. R. Dugger and several others were doing some excavating near Nogal last week, when they unearthed nine Indian skeletons, six of the nine were found in sitting positions, the remaining three were standing upright. This was presumably an ancient massacre, and the fact that they were Indian skeletons, were proven by tomahawks and implements of ancient design.

Orville Smith of the Sanitary Sheep Board, came in from the Jicarilla region Tuesday and reported a raging forest fire about two miles long and one-half mile wide in the neighborhood of the Haskins ranch. He phoned the warning in to the nearby towns and ranches; fire fighters soon swarmed in from every quarter and at last reports the fire was under control.

Mr. and Mrs. S. R. Beecroft of Tucson, Arizona, have arrived in Carrizozo to make this place their future home. Mr. Beecroft has succeeded Mr. D. R. Stewart as local manager for the Foxworth-Galbraith Lumber Company. Mr. Stewart is undetermined as to where he will locate, but the place will be in a lower altitude on account of the health of Mrs. Stewart. We regret to lose the Stewart family, but we extend a hearty welcome to the Beecrofts.

Alex Jenkins of Corona was in from his ranch and farm near that place last Saturday. Mr. Jenkins says he raised corn to the amount of 5 tons to the acre and corn that averaged thirty bushels to the acre last season. Mr. Jenkins is proud of this demonstration, as it was his first trial in that locality.

George Fridenblooff came in from Clovis last Sunday and remained the greater part of the week. He told of our former citizen and business man, Austin Patty, who is now in the grocery business at that place. Mr. Patty is one of the three grocery men of Clovis and is doing a nice business, which he justly deserves.

WHITE OAKS ITEMS

Prof. W. J. Klopp and Miss Stella Hyatt of Captain were guests at the Hanner ranch Sunday.

Gordon Wells and several of his El Paso friends spent several days at the W. O. Spring ranch hunting deer.

Mr. and Mrs. Henry Piko, Mr. and Mrs. Paul Raymond of Kansas City spent several days with Mrs. Anna Brown, on their route to Los Angeles.

The Co-Operative Store was robbed last Tuesday night, the thieves entering through the back door. \$600 in cash was taken and cigarettes, tobacco and a few articles of a minor nature, as far as Manager Leaset can ascertain, completed the loss. Mayor's Cash Grocery was also a sufferer to the extent of three fine turkeys. Verily, the robbers determined to eat turkey and smoke cigarettes on Thanksgiving Day, whether with or without thanks.

The crowning event of the season was John Little's birthday party given by his mother, assisted by Mrs. H. S. Hanner. Numbers of games and contests were enjoyed. Messrs. Miller Price and Ellis Leslie were the winners of the prizes. Delicious refreshments were served. Those present were: Misses Floy Jones, Dora and Ruthy Walker, Betty Ward, Mary Lou Townsend, Messrs. Gordon Wells, Rolly Ward, Emory Chastain, J. B. Collier, and Ben Walker.

DEER HUNTERS SUCCESSFUL

A party composed of E. M. Brickley, O. E. Finley, Joe Finley, and Bryan Casler, staged a hunting trip last Saturday, bringing in four fine bucks. This seems remarkable, that four men could locate and shoot an equal number of deer in so short a time, but if doubting Thomases will take the pains, they may have the truth demonstrated to them, so the hunters say. Walter and Roy Grumbles brought in a fine four point buck on Monday. Others have been reported as killing deer, but these mentioned are the only certainties.

Mrs. Carl E. Freeman has returned from St. Joseph, Mo., where she has been visiting her mother, who was ill, but is recovering nicely.

Woman's Club Bazaar

Last Friday afternoon, the Carrizozo Woman's Club entertained at Lutz Hall with a Bazaar which was well patronized. Ladies of the Club donated to the affair and aside from fancy work of various kinds, refreshments were served. After an accounting was made, the committee found that the neat sum of \$55.00 had been realized. Mrs. E. W. Harris, assisted by Mrs. E. S. Corn are the ladies who conducted the affair and the ladies wish to thank all who contributed. Mrs. Jack Callahan's home made candles were delicious as was evidenced by the liberal patronage it received and receipts derived therefrom. The next event which is looked forward to with much pleasure will be a musicale at the home of Mrs. Albert Ziegler on the evening of Nov. 29.

Methodist Church Notes

(L. E. Cankin, Pastor)
The regular services will be held Sunday morning. The pastor will preach and Miss Claire Adams will sing a vocal solo.
Sunday evening the following musical program will be rendered, beginning promptly at seven fifteen:
Piano Solo, Mrs. Scott; Saxophone Solo, E. L. McCarty; Piano Solo, Mrs. D. S. Donaldson; Hymn 461; Hymn 468; Oratory, Mrs. D. S. Donaldson; Vocal Solo, Miss Carrie Roberts.

6—"Their Religious Status"
Lillian Merchant
7—"The Mission Work"
Ella Rowland

BAZAAR AND TEA

Tuesday afternoon, the Woman's Missionary Society of the Methodist Church held a pleasant meeting at the home of Mrs. B. L. Stimmel. The business of the Society consumed most of the afternoon. The hostess served refreshments. On Saturday afternoon, Dec. 2, at Lutz Hall, from 2 to 5 o'clock, a Bazaar and Tea will be held. There will be aprons, towels, pillow cases and many other articles suitable for Christmas gifts, on sale. Prices will be reasonable. Sandwiches and coffee will be served for the small sum of 25 cents. Everyone should plan to attend this sale.

Pork sausage, Pork Steak and Chops, Mutton Chops, Lamb Chops, Head Cheese, Minced Ham, Baked Ham—At Mayor's Cash Grocery & Meat Mkt.

Floyd Rowland was down from Corona this week. Mr. Rowland has resigned his position with the Corona Lead & Silver Mining Co., and is now connected with a garage at that place.

Fresh Raisins, Currants, Dates, Figs, Citron—just arrived at Mayor's Cash Grocery & Meat Market.

We make 2 deliveries: 9:30 a. m. and 3:30 p. m.; please have your orders ready for these two deliveries. Mayor's Cash Grocery and Meat Market.

Colorado Potatoes, \$3.25 per cwt. Mayor's Cash Grocery & Meat Market.

Miss Helen Butcher, teacher at the Ancho school, is attending the convention at Albuquerque this week.

Our Home-Made briet Chili is certainly nice—Mayor's Cash Grocery.

Girls' dresses, well made. Best Materials. Latest styles at Ziegler Bros.

For first class cement work, see A. L. V. Nilsson, Phone 114, Carrizozo, New Mexico.

Don't forget—An extra pair of pants with our Boys' School Suits—Ziegler Bros.
