CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, FRIDAY, OCTOBER 26, 1923

PRICE \$2.00 PER YEAR

Oklahoma Bull Dehorned; Seeks Injunction

Oklahoma City, Oct. 24.—Governor J. C. Walton was suspended from office at 6:40 p. m., when the state senate by a vote of 36 to 1 adopted a resolution temporarily relieving him of his official duties, following the submission by the lower house of a bill of impeachment against him.

The suspension resolution was introduced by Senator W. M. Gulager, of Muskogee. A committee was named to inform the governor and lieutenant governor of the action. Lieutenant Governor Trapp is in Sapulpa, Okla., and was notified by telephone.

A temporary restraining order preventing Lt. Gov. Trapp from assuming the duties of the governor's office was issued late today by Judge Tom B. Chambers, Sr., in the state district court, upon application of Gov. J. C. Walton. Hearing to make the order permanent will be held tomorrow.

Judge Chambers is an appointee of Gov. Walton.

A Narrow Escape.

Parties who were motoring east last Sunday morning, when nearing the foot of Nogal Hill, witnessed the spectacle of a runaway car which was descending as others were about to begin the ascent. The car was the property of a gentleman from Vaughn, who had been to Lincoln and was on his return with fifty bushels of apples. As the car was about half the distance down the hill, watchers noticed that the brakes refused to work, and the rapid descent of the car caused it to turn turtle two different times, throwing the two occupants to the ground and leaving the car hanging over the edge of a dangerous cliff. Fortunately, neither of the men were injured above receiving severe shocks, and the car was brought here, where the damages were soon repaired. The apples were scattered in every direction, some of which were were picked up by the owner, the remaining portion left to Nogal residents who claim that there are still plenty of apples on Nogal Hill.

Mr. and Mrs. Henry Lutz, daughters Belle, Mrs. O. W. Bamberger and grandson 'Billy' Bamberger, Mr. and Mrs. R. E. Lemon and son Maurice, motored over to Lincoln on Sunday, spent the day among friends and returned Sunday evening.

Superintendent of Lincoln Consolidated schools, Prof. R. E. Robbins, Mrs. Robbins, sons, Freeman and Robert Earl, were visitors from Lincoln last Saturday. The professor is arranging a splendid program for Halloween which promises to be both interesting and instructive.

Postmistress E. A. Gumm returned Monday from Washington, D. C., where she attended a convention of Postmasters of U. S. Mrs. Gumm also visited Mt. Vernon, Va., where the George Washington Memorial Cathedral is now under course of construction. She was the only delegate from the state of New Mexico to represent her town, as far as can be ascertained.

Bogle Items

(Mrs. Edna C. Burnett)

Quite a number of "Coyotes" attended the dance at Ancho last Saturday night. They report a splendid time spent in visiting with friends and tripping to the Cooper orchestra. Among those who attended were: Mr. and Mrs. Roy Bogle, Harry Fambrough, Walter Smith, and Mrs. Burnett.

Several cars of clay were loaded at Coyote last week. There were quite a number of men employed in this enterprise and work in the pits is being carried on. It is a very fine grade of clay.

Vernon, the infant daughter of Mr. and Mrs. W. A. Conner, has been dangerously ill, but is now convalescent.

Eltee Brinson has been on the sick list and had to be absent from school this week.

Rev. McPherson, pastor of Carrizozo, delivered an excellent sermon to an appreciative audience last Sunday afternoon. We are pleased to learn that he is to preach for us every third Sunday afternoon.

Bunk Boydston and William Fambrough were visitors in Coyote last Sunday.

Mr. Howard Bullard and mother went to Carrizozo Saturday night, Mrs. Bullard to visit Mrs. McCammon and "Shorty" to attend lodge.

Walter and Harry are surely "blue" these days. They do nothing (outside of school hours) but roam the hills and sigh. Cheer up boys, she'll only be in Bisbee a few days longer.

Mrs. Fambrough and two sons, Alex and Roy, were visitors in Bogle Saturday evening.

Mrs. Lester Wilkins has been quite sick but is improving.

Bogle school honor roll for the past week: Calvin Conner, Viola Conner, Ila May Conner, Walter Leonard, Harry Fambrough, Albert Bogue, Dean Hobbs, Dow Hobbs.

Mr. and Mrs. Bogue attended the show in Carrizozo last Friday and Saturday nights.

The teacherage at Bogle has recently been improved by adding a partition and a lovely big closet which adds very much to the appearance and comfort of the house.

Mrs. Howard Bullard and daughter Mildred arrived home on Tuesday morning from Bisbee, Ariz., where they had been visiting Miss Lucille Jones.

Mr. and Mrs. Roy Bogle visited at the Gallacher home last Monday night.

Back from Coast-to-Coast Trip.

Mrs. Henrietta Belknap, of Ancho, returned last Friday from an extended coast-to-coast trip, visiting relatives and friends.

She visited former Ancho friends in Ohio, relatives in Pennsylvania and New York, from which state she sailed around to California where she visited relatives and old friends who were once residents of this section of New Mexico. Her trip covered a period of about six weeks.

Bank President Surrenders

D. L. Hill, former president of the lamented Lordsburg State Bank, voluntarily presented himself before Judge Ryan last Friday in District Attorney Fielder's office at Deming and pleaded guilty to violating the banker's laws of New Mexico which as far as we know, are the punkest laws in the United States as far as the state banks are concerned. National banks are O. K., as Uncle Sam sponsors them.

It is said that he exonerated all other officers and directors of the bank, taking all the burden of blame upon himself.

After considering the case from all sides, Judge Ryan gave him from one to five years in the state penitentiary at Santa Fe, Sheriff Oscar Allen conveying him thither, Friday night. Everybody appears to think that his giving himself up should have a bearing on the case, but if one is guided by street talk his sentence should have been from one to a hundred years. Some say that his broken physical condition indicates a sufficient punishment at the present time. Some say his wife and child should be considered but most people that Judge Ryan is fully competent to weigh all the facts in any case that comes into his court and do the wisest thing according to his best judgment. — Lordsburg Liberal.

The Halloween Dance

Halloween has for centuries been looked forward to with keen interest by the amusement-loving public, for on this occasion something of unusual interest is expected. Now, that the important date is approaching, one of the best dances of the season will take place tomorrow night at Lutz Hall. The "Fidgety Four" orchestra will furnish the music which is an assurance of a good time to begin with, and, of course, you are going to be there. The Rebekahs will have a booth in the hall, where coffee, doughnuts and hot lunches may be obtained. Tickets have been selling rapidly which is a strong indication of a big attendance.

New Mexico Knights

Washington, Oct. 23.—The supreme council of the Scottish Rite Masons of the Thirty-third Degree, Southern jurisdiction, in the biennial session here, has created one Thirty-third and two Knights Commander of the Court of Honor for New Mexico. Rueben Perry, of Albuquerque, was made a Thirty-third, while John D. DeHuff and Rev. Walter S. Trowbridge, both of Santa Fe, were made Knights Commander of the Court of Honor. Salmon Spitz, of Santa Fe, one of New Mexico's oldest Thirty-thirds, attended the session. He called at Senator Bursum's office during his visit in Washington. "I have known Senator Bursum a great many years," Mr. Spitz said, "and I would not want to come to Washington without calling at his office, although I know he is now very busy in Mexico and New Mexico affairs."

Miss Mora Ferguson of the Nogal-Mesa, accompanied by her brothers Champ and Bon, arrived home Thursday from Wilmington, Cal., to spend the winter with their parents, Mr. and Mrs. Wm. Ferguson.

Carrizozo Woman's Club

The Carrizozo Woman's Club held its regular meeting at the home of Mrs. J. B. French on Friday afternoon, Oct. 19, and in recognition of "Fire Prevention Week," the hostesses prepared the following program: a playlette was given by the pupils of the seventh and eighth grades of the Carrizozo schools in which gasoline, kerosene, match, lightning, electricity and others, were tried before the judge for causing destructive fires, but were found "not guilty," while carelessness was found "guilty" and was given the death penalty. Mrs. Thos. M. Carr sang, "By the Waters of Minnetonka" (Lieurance) with Miss Marguerite Sweet at the piano. An interesting paper on "Fire Prevention" was given by Mrs. W. W. Stadman. "Over the Waves," a duet, by the Misses Eleanor Connell and Hilary Cooper closed the program, after which the hostess served refreshments. The next meeting will be at the home of Mrs. W. W. Stadman on the afternoon of Nov. 2.

Theresa Sheehan Concert Company

The above named company, the first number of the Lyceum course which we are to have this season, appeared to a good sized audience at the Crystal Theatre Wednesday night. The three ladies, Miss Sheehan, Miss Tripp and Miss Peck are artistes in their particular lines and from the time the entertainment began until the curtain fell, there was not an idle moment.

Miss Sheehan is an exceptionally good elocutionist and monologist and interested her hearers with many and varied readings, principal among which were "The Sinking of the Titanic," and her ending number, a very humorous monologue, "When the Froggies-go to Bed."

Miss Tripp possesses a rich soprano voice which she controls with the greatest of ease and accuracy and delighted the audience with her talent and becoming expression.

Miss Peck, violinist, is an artiste of more than ordinary ability. She is the proud possessor of what is said to be one of the oldest violins in the United States, but as the gun in times of warfare is of no avail without the man behind it, the musical instrument is without its merits in the absence of the true musician. Miss Peck brings out the true, mellow tones of her violin in a professional manner and won praise from an appreciative audience.

Other numbers on the course will acquit themselves in a remarkable manner if they excel the Sheehan Concert Company.

Carrizozo Entertainers

Karma Deane of El Paso, Ethel May Copeland of Nebraska and the Carrizozo Entertainers will appear at the Crystal Theatre on the evening of Nov. 8. Miss Copeland is a graduate of the Nebraska University, has specialized in dramatic art and interpretative English, directed and played leading lady in the Bridgeport Players for four years. Karma Deane, El Paso's most famous classic and interpretative dancing teacher will coach the chorus, besides giving one of her favorite Gypsy dances. The Carrizozo Entertainers will be there and will contribute their part to the program. The audience should be prepared to assist in singing "There's a Long, Long Trail."

Nogal Nuggets

The Ferguson boys of the Mesa, Jesse Peacock, Homer McDaniel, et al, of Nogal, the road builders on the Carrizozo-Socorro highway, left today for the job.

We are glad to learn that Mrs. Jesse May who is now in Mayo's Sanatorium, has had encouraging reports on her condition. The doctors have located the trouble and her recovery is now, perhaps, merely a question of time.

The pupils of the school are working on a Halloween entertainment program which is to be given on the night of the 30th. We are handicapped in this undertaking on account of having an insufficient number of helpers but we are going ahead just the same.

C. C., D. C. and Miss Mora Ferguson returned from Long Beach, Cal., where they had been visiting for a few weeks, arriving here in time for the semi-monthly dance. Their home is on the Mesa.

O. A. Fox, and Miss Connell, (nom de plume "Lady Connell") passed through this place Saturday evening from Carrizozo, where they called on our efficient County Superintendent, Mrs. Coe. Miss Connell is the teacher at Angus; Prof. Fox has already had official recognition—he's a good scout and lives up to his name.

Marion Hust, the highway artist (by this we don't mean a landscape artist) pitched tent near the top of Nogal Hill, presumably to get a fresh breeze, and who holds a commission as speed cop, and is "there" to stop the speeders over the Hill. If our hypothesis is not faulty, we suggest the position as "copper" would be more favorable at Nogal, where the 'fiends' come through like they were on a race track. But what's human life worth, anyway?

"Dennie" McDaniel went to Carrizozo on the mail car Saturday and had a little fun at the skating rink, and was back in time to spend the evening at the dancing pavilion at the rear end of the schoolhouse. Quite a number of dancing enthusiasts were present and had a good time.

Mrs. Amanda Foreman made a brief visit to her sister, Mrs. O. C. Davis, leaving for Carrizozo Saturday.

Velma Estes, a high school student of Carrizozo, spent the week-end at home here.

Neil H. Bigger Dies

Last night at 8:45 Neil H. Bigger, editor of the Capitan Mountaineer, died at his home about two miles from Capitan. Mr. Bigger came here from Texas about ten years ago, since which time he has edited and managed the Mountaineer with the assistance of his son, Sam Bigger, who will continue along the same lines. Funeral arrangements will be made after the arrival of his eldest son, who will be here today. Mr. Bigger, in his younger days was employed by the government printing office at Washington. The surviving relatives have the sympathy of the entire community.

New Flivver Party Soon to Be Organized

Detroit, Mich., Oct. 24.—Formation of a new national political party, with Henry Ford as its standard-bearer, will be undertaken at a national organization conference of all Ford-for-President clubs here Dec. 12, 13 and 14. The call for the conference was decided upon at a meeting last night of several Michigan Ford clubs. The conference, according to leaders, probably will name a date and place for holding a nominating convention next spring.

Wool Demand

Boston, Oct. 23.—The Commercial Bulletin says: "The demand for wool has continued moderate during the past week and prices have been generally well sustained. The manufacturers have favored especially the low to medium qualities, rather than the finer grades, request for these descriptions coming chiefly from woolen and knit-goods manufacturers."

The foreign markets have been strong; especially for good wools, with inferior descriptions occasionally slightly irregular. Bradford quotes medium to cross bred tops up a half penny. "Mohair is rather slow and prices are only steady."

"Ace of Hearts" and "Cappy Ricks" at the Crystal

On Tuesday, Oct. 30, the great Gouverneur Morris story, "The Ace of Hearts," will be shown at the Crystal Theatre, with Lon Chaney, John Bowers and the beautiful Leatrice Joy heading a perfect cast. It is a screen melodrama of compelling power and suspense that is maintained to last foot of film, complicated with an unusual twist that grips your heart as well as your interest, holds you on the edge of your seat and satisfies your longing for a gripping story perfectly told. In terms of the most thrilling melodrama, it tells how the lives of twelve people hung on the ticking of a clock and the turn of a card. And it leaves you glowing with an inspired message—the supremacy of love over hate, the ascendancy of good over evil.

On Saturday, Nov. 3, Thomas Meighan and Agnes Ayres will gladden your heart in the screen version of Peter B. Kyne's great novel of the sea, "Cappy Ricks." A romance as salt as Davy Jones, as full of thrills as a hurricane, and rippling all over with fun. So, all aboard for a cruise from Frisco into Southern Sea! Through glorious fights and stirring rescues! With Youth at the Helm and the Port of Lovers' Dreams at last!

Attention!

There will be a special communication of Carrizozo Masonic Lodge, No. 41, A. F. & A. M., Saturday night, Oct. 27. Work in the Third Degree is the object of the meeting. All Master Masons are cordially invited to attend.

D. A. Saunders, W. M., S. F. Miller, Sec'y.

Mrs. B. L. Stimmel is in receipt of a letter from Mrs. J. C. Bender at Gattysburg, Pa., in which she enclosed a donation to the Ladies' Aid Society and sends regards to old friends.

WESTERN

On orders from B. M. Jewell, president of the railway employees department of the American Federation of Labor, the six Cheyenne federal shop crafts called off the fifteen months' strike against the Union Pacific Railroad.

Thomas Baron, his mother, L. Richardson and five other persons have been arrested at Kimball, Neb., in an alleged plot to burn that city "because of its wickedness." The three named are said to be leaders in a small religious sect at Kimball.

Hopes for the finding of additional bodies from the wreckage of Burlington passenger train No. 30 at Colo creek were practically abandoned when the hoisting of the huge locomotive from the sands failed to reveal the bodies of Engineer E. J. Spangier and Fireman Ollie Mallon, engine crew.

Conspiracy to paralyze the rice industry of the Sacramento valley and extend the paralysis into the agricultural industry of the entire state through a general strike of the I. W. W. was exposed in Sacramento by C. B. Morrill, chief of the state bureau of criminal identification, who sent telegrams to all district attorneys and sheriffs in the state warning of the proposed action.

A total of 21,500 acres out of the aggregate of 25,000 acres of all leases offered at auction at Santa Fe, New Mexico, by the government—all on the Navajo Indian reservation—were sold under the hammer. Two groups of leases were offered. Group 1 leases cover land in "wildcat" territory, and Group 2 leases are in the hogback structure, where the Midwest Oil & Refining Company has two producing wells.

W. Mont Ferry, vice president and managing director of the Silver King Coalition Mines Company, who was chosen chairman of the silver producers' organization at the silver conference held in Reno, Nev., on Sept. 4 and 5, announced in Salt Lake City his fact-finding and recommendation committee, which was authorized at the time of the conference. The duties of the committee will be to collect all facts concerning the silver industry and make recommendations for improvements. The study will be made from a world standpoint, but particularly from the standpoint of the silver producers of North and South America.

WASHINGTON

President Coolidge has suggested to Samuel Rea, president of the Pennsylvania railroad, that a freight rate reduction be put into effect by the railroads on wheat designed for export and that railroads institute the same rate on export coal as on coal for domestic use.

Wealthy Americans who violate the eighteenth amendment and "reds" who denounce constitutional provisions designed to protect property, Senator Borah of Idaho declared in an address in Washington, are both traveling the road of lawlessness, sowing the seed of destruction and undermining the whole fabric of law and order.

President Coolidge has decided to follow the course of President Wilson and President Harding in refusing to abrogate certain commercial treaties which Congress directed should be terminated in 1923. The treaties, thirty in number, prohibit the United States from instituting preferential tariff duties on imports carried in American bottoms.

Another message naming Governor General Wood of the support of the Washington government in his disagreement with a group of native political leaders in the Philippines has been sent to Manila by Secretary Weeks. It is expected in Washington that General Wood will make it public in connection with the latest phase of the internal controversy in the islands.

A sweeping inquiry into the "entire field of activities and responsibilities of the bureau of reclamation" was instituted with the assembling in Washington of the special advisory committee, invited by Secretary Work to undertake that task, former Governor Thomas E. Campbell of Arizona was elected chairman and Dr. John A. Wilder, former president of the University of Utah, vice chairman and secretary.

Successful completion of the recent five-day test in the transcontinental air mail service was only possible, in the opinion of officials of the Postoffice Department, because of the extreme care taken to keep mail planes in perfect condition. Each of the seventy air mail ships is inspected daily in the most minute detail.

Postoffice department expenditures during the last fiscal year were \$358,000,000, with revenues of \$282,000,000, showing an apparent deficit of \$76,000,000. It was announced a few days ago by Postmaster General New,

FOREIGN

Three persons are dead and many wounded at Meiningen, in the duchy of Saxony, following a violent battle between citizens of Reichswald, said a dispatch from that place received in Berlin. Disorders continue at Brieg in Prussian Saxony.

Yukio Ozaki, former mayor of Tokio, a member of the late Okuma cabinet, and a liberal leader of the diet, is opposed to Japan making a foreign loan. He stated recently in Tokio that he believes strict economy will make possible a domestic loan sufficient for reconstruction.

Fifty or more stores were sacked of food and clothing in Duesseldorf by unemployed and lawless elements. Looting continued almost unhindered, except by a few resolute, but quickly vanquished, store owners and shopkeepers. Pillaging likewise is reported from many other parts of the Ruhr.

Mention of the name of Eamon de Valera was greeted with prolonged cheering at the opening session of the general assembly of the Sinn Fein, which met at the Mansion House in Dublin. About 1,500 delegates, representing 750 Sinn Fein clubs in all parts of Ireland, filled the round room in the building, the attendance including a few members of the clergy.

It is feared the situation of the workmen and their families in the Ruhr district will become desperate before the month is over. The German state authorities are powerless to offer relief, as the Berlin government has decided that, beginning Oct. 17, all responsibility for unemployment in the Ruhr will be transferred to the local municipal authorities in the occupied area.

Speaking of the signs of prosperity and happiness in Chicago and the Middle West, Mr. Lloyd George said, "It is worth while for a poor citizen of torn, distracted Europe to come here to see a vision of the future, even of Europe, for, as you can make races here live in unity which in Europe dwell in the pieces of wrath and anger, so ultimately Europe will find her way along the paths of peace."

The British government's acceptance of the suggestion of the Belgian foreign office for a reference of the Belgian reparation plan to the inter-allied reparation commission as the basis of a concrete plan in the impending negotiations for a settlement of the question of German reparations, was received at the foreign office in Paris a few days ago. This completes the general accord by all the allies.

GENERAL

There was a difference of \$2,047.54 between the individual shares of the winners and the losers of the World series. The Yankee players received \$6,160.46 each, the biggest figure in the game's history. The Giants' share was \$4,112.92.

The first definite report of loss of life in the flood in Oklahoma City was received when police rescued B. H. Loose and his daughter, Beate, 10, from a tree top in Wheeler park and learned from them that a boat in which they had attempted to escape had been capsized, drowning Mrs. Loose and a daughter, Clara, 8 years old.

Working with the efficiency and precision of a body of troops under command of a military strategist, nine armed bandits drove a motor truck into the busy warehouse district of New York City and at the point of pistol forced workmen at the Carolina Deringola storehouse to load their truck with bolts of silk valued at \$50,000.

All stores were flooded and numerous residences were partly submerged by a nine-foot wall of water which swept through parts of Woodward, Okla., when the North Canadian river overflowed from recent heavy rains, according to reports reaching Enid, Okla., over crippled wires. Scores of persons are said to have been made homeless, although no lives are believed to have been lost.

A petition to set aside the recent order of the Federal Trade Commission directing the United Typotheta of America to cease using its standard cost system was filed in the United States Circuit Court of Appeals at Chicago by counsel for the Typotheta. The fate of cost-finding methods of scores of trade associations was said to be involved.

The New York Yankees are the kings of the baseball universe for 1923. Coming from behind in the eighth inning when defeat seemed certain, the American League champions crushed McGraw's last pitching ace, Art Nehf, and scored five runs in the sixth game of the series. The final score was 6 to 4. The Yankees won four of the six total games.

Eight children, ranging in ages from 3 to 14 years, were killed when a Pennsylvania train, known as the Cleveland, struck a school bus drawn by horses at Atwater's Crossing in Rootstown, near Ravenna, O. Five persons were killed and five injured when a passenger train on the Etimira division of the Pennsylvania railroad struck the Williamsport-Trout run bus at the Hepburnville crossing near Williamsport, Pa.

Lowland residential sections of Oklahoma City were flooded as the North Canadian river registered a fourteen-foot flood stage. Dwellers in the river bottoms watched what few belongings they could and were conveyed in ambulances and other vehicles and other shelters offered by authorities.

Confidence in a great future for Canada was expressed by David Lloyd George, British war premier, in a farewell address to the Dominion delivered at a mass meeting in Olympic park at Winnipeg.

New Mexico State Items

After being idle for some time owing to the lost tools, the Florida oil well near Denning has again resumed drilling.

At a big meeting of the students of the Itaton High school a new organization was formed to be known as the Itaton High School Band.

The cotton harvesting season around Artesia is now in full swing and the two big gins are taxed to capacity to handle the crop as fast as it is brought in.

The melon crop, which was marketed in Dona Ana county brought the farmers of the county over \$100,000 in the last week. Late estimates are that the value of the cotton crop will run over a million dollars.

The annual convention of the Odd Fellows and Rebekahs, which recently closed at Albuquerque, was one of the most successful ever held in the state and was attended by over 400 people. At the close of the session Albuquerque was chosen as the meeting place for the year of 1924.

If the plans of the Taos sportsmen are carried out all the mountains in that vicinity will soon be well stocked with trout. Fifty thousand young trout will be planted in the streams in November, all of them raised in Taos by the sportsmen. The little fry were secured from the Federal Fish hatcheries last July and placed in small ponds where they have been fed during the latter part of the summer and a very low mortality is reported.

According to reports received by the cotton growers in the section around Roswell the cotton acreage of the lower Pecos and Rio Grande valleys is more than double that of last year. In 1922 a total of 28,000 was reported in the entire state while that of this year, according to the latest reports, is over 67,000 acres. With the success of the crop in the upper Pecos it is believed by many of the cotton experts that the total in 1924 will reach the 100,000 acre mark.

When the big bucket scoop came to the surface of the cinder pit at the Santa Fe roundhouse at Albuquerque a few days ago, John J. Ray, in charge of the machine, was horrified to see that it contained a human body. It lay in the body placed at the side of the pit and gave an alarm. The body was identified as that of Remigio Nunez, engine wiper. A coroner's jury returned a verdict that "Nunez came to his death by falling into the cinder pit while engaged in his regular duties."

Commencing Jan. 1, 1924, the population of New Mexico served by full time county health departments will amount to 47.7 per cent of that in the state. In other words, nearly half of our people will have experienced health officers and nurses to guard their welfare; the schools will be protected from the dangers and losses due to contagion; the mothers can have the help of doctors and the nurses in caring for their babies, and, in short, the entire level of health in these communities will be raised.

Sheepmen of the San Juan basin will score a big year according to reports of growers all over the valley. The May lamb crop was a record-breaker and the wool crop was above the average and brought a good price to the sheepmen. Many of the lambs coming off the summer range weighed sixty-five pounds and were rapidly sold for 10 cents per pound. Most of the irrigated sections have harvested three cuttings of alfalfa and after this will have plenty of feed for the herds for the coming winter. With the recent heavy rains there is now indications that the coming year will be another good one as far as feed is concerned.

J. H. Higgins was appointed receiver for the partnership of Dodd & Gagner of Albuquerque, contractors, in an order in the District Court of that city. It is alleged in this complaint that the partnership, which was organized in 1918, has done no less than \$300,000 worth of business since it was formed, and that Gagner, as manager of the firm, has now about \$50,000 in his keeping, for which Dodd asks an accounting.

After an all-day conference in Santa Fe by representatives of the United States Indian bureau, the Santa Fe railroad, in the state of New Mexico, private land owners and cattlemen, an agreement was reached on the plan for an addition of nearly 1,000,000 acres to the Navajo Indian reservation in New Mexico. The meeting was called by H. J. Hagerman, commissioner to the Navajos. The land to be added to the reservation is in the vicinity of Crownpoint, N. M., and the railroad company and the state of New Mexico will be given funds to replace those ceded to the Navajo Indian reservation by the terms of the agreement. Cattlemen and other private land owners will be reimbursed by Congress, the agreement stipulates.

The Rosita Gold Mining Company, an extension of the Aztec Gold Mining Company, and one of the most promising in the state, has started operations on Baldy mountain, near Raton. Officials of the company are greatly enthused over the progress that has been made.

An industrial night school recently opened for the third consecutive year at Albuquerque under supervision of the city superintendent of schools, John Milne. Classes will be held three nights a week in the industrial arts shop of the Albuquerque High school.

FLOOD PERILS MANY LIVES

RUSHING WATERS CAUSE VAST
DAMAGE THROUGHOUT STATE
OF OKLAHOMA

LOSS IS \$2,500,000

FARMERS AND STOCKMEN ARE
HARD HIT AS CATTLE AND
HOGS ARE DROWNED

Oklahoma City, Okla.—Staggered by the greatest flood in the history of the state and virtually isolated by rail and highway, Oklahoma City sheltered her little army of refugees and waited for the muddy, turbulent expanse of the North Canadian river to recede and reveal the damage it has wrought.

The total damage is placed at \$2,500,000 in preliminary estimates of city officials.

More than 2,000 of the 15,000 persons who fled before the on-rush of the water were homeless. They are quartered in halls and churches throughout the city. The remainder of the host had returned to their homes by means of vehicles that passed, often hub deep, through streets still filled with backwater.

The known dead list stood at two, but city officials and members of rescue crews declared it probably would be greater when the receding waters make possible a thorough search of the flooded areas.

The dead thus far known are Mrs. R. H. Loose and her daughter, Clara, 8 years old, who were drowned when a boat in which they attempted to gain land, after tarrying in an effort to save their personal effects, was caught in the mill race at Wheeler park, a municipal resort, and capsized.

At the city reservoir a break in the retaining wall precipitated the unprecedented flood upon the city.

With the lake draining, pumps were turned directly into the river and the city water supply was maintained.

The city cremated the bodies of hundreds of head of live stock that were washed into the city. Fifteen hundred head of hogs were lost by one shipper alone.

Many stories of heroism were recounted as the work of rescue continued. One of the most vivid, perhaps, was that of Gordon Chapman, city fireman, who gave his place in a rescue boat to a sick woman while he remained in the path of the flood and took his chance of being picked up.

An appeal for clothing for flood sufferers has been issued by a relief committee.

Democracy in Peril, Says Ex-Premier

Chicago. Five years after the world war, Democracy, which in 1918 won a great victory over autocracy, is in peril, David Lloyd George declared in a luncheon address here. A wave of autocracy seems to be sweeping over the world, he said, but against it the United States and France will stand together. "Russia throw over Democracy a few months after starting the experiment," the former premier asserted. "Italy, Spain, Bulgaria and now Germany is talking about a dictatorship."

Drowned in Attempt to Enter U. S.

Detroit, Mich.—Five of six Armenians in a rowboat, piloted by a Canadian, were drowned in the Detroit river, between River Rouge and Ecorse, Mich., when an unidentified steamer struck the small craft and precipitated the human cargo into the water. The Canadian pilot also was drowned.

Confesses Murder of Patrolman

Salt Lake City, Utah.—Robert Saunders, one of the three youths held by authorities at San Bernardino, Calif., has confessed to the murder of Patrolman David H. Crowther of Salt Lake City, whose body was found on the bank of the Jordan river here. Chief of Police Joseph Burbridge has received a telegram from San Bernardino stating that Saunders confessed, but exonerated his two companions whom he said he met after leaving Utah. Crowther's body was found on the banks of the Jordan river, a bullet fired from behind having entered his head, killing him instantly.

Crimes Bared by Horoscopes

Seattle, Wash.—Decipherings made of horoscopes declared to have been sent to film stars by Arthur Covell, astrologist of Marshfield, Ore., who has been charged with the murder of Mrs. Elba Covell in an indictment disclosed none relating directly to William Desmond Taylor, motion picture director, who was slain in his home in Hollywood, Los Angeles, said Luke S. May, detective.

Hungry Mobs Riot in Berlin

Berlin.—The food riots which have been going on in Greater Berlin culminated in serious outbreaks in the heart of the city. Mobs estimated to aggregate 12,000 unemployed, accompanied by women and youths, besieged the town hall and the rioting which followed continued intermittently for four hours, and was quelled only after police reinforcements used their bayonets and fired volleys to awe the crowds. The immediate provocation for the outbreak was the abandonment of the official bread card.

Essential to Profitable Farming

The Utility Express Truck \$550 Chassis Only
Express Truck f. o. b. Flint, Mich.
Fits any Standard Truck Body

No business can succeed unless its product is profitably sold. Most farms have a fine production department but no sales department. They grow crops and stock bought by buyers who set the price.

One of the chief reasons for this unprofitable situation is the average farmer's poor facilities for moving his crops or stock to the place where he can sell or ship to the best advantage. Because of the time and expense of horse delivery millions of dollars worth of produce spoils annually on American farms. The saving of this waste would, in many cases, change a losing farm to a money-maker.

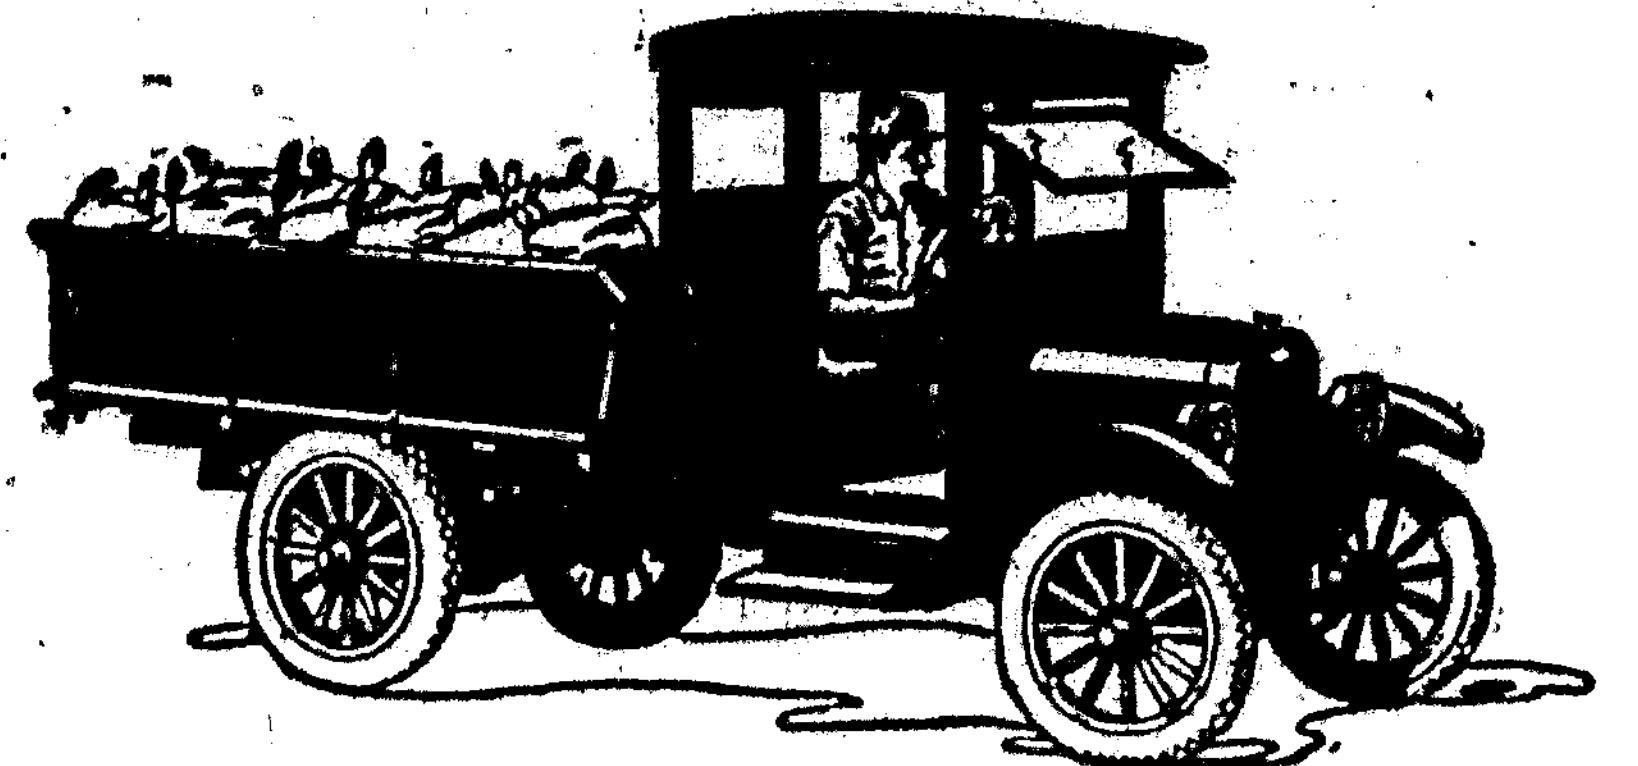

This low-priced, high-grade, reliable truck was designed as a money-saver and money-maker for farmers and business houses needing fast low-cost haulage of heavy or bulky goods. It fits any standard type of ton truck body. Ask any Chevrolet dealer for price of the style of body you require.

Thunder Brings Out Worms.

"It is the thunder that causes so many worms to be seen on the ground after a rain," says J. W. Gannon of Montgomery, Ala., in the Detroit News. He explains: "They leave the ground on account of the vibration caused by the thunder. They are never seen except after an unusually hard thunderstorm. The thunder does it; not the rain."

"Down here, where we would rather fish than eat, if you ask a native about getting his bait he will tell you that he is going to 'fiddle 'em out,' or 'saw 'em out.' He drives a stout piece of plank down in the ground a foot and a half or two feet deep and then takes a heavy piece of plank and draws it across the top of the piece driven in the ground for a few minutes, causing a vibration of the ground, and all the worms within a radius of several feet will come out in a hurry."

Plow Lays Cable.

The plow has been set to work laying electric-light cables. A cast-steel implement for deep plowing was adapted for the purpose, and with a small force of workers the plow installed 1,000 feet of single, lead-covered cable in one day.

It was fitted with a clamp to hold the end of the cable, and a gasoline engine, with a drum, was hitched to the drawbar. The cable was pulled along beneath the surface of the ground by the plowshare, so that, as the plow proceeded the cable was laid in the trench made.

The company making the experiment attained a still better record when the plow was pulled by a more powerful gasoline engine. Application of the device is limited to use in city parks or in suburban installations where cable has to be strung across a large lawn. The outfit can be hauled anywhere by a small truck.

Pitiless.

"Why do you refer to the notices of my divorce as pitiless publicity?" asked the eminent artist.

"Because," replied the press agent, "we don't care how much they offend the sensibilities of the readers."

He Knows.

Cole—They say your divorced wife has made up her mind to marry a struggling young lawyer.

Wood—Well, if she has made up her mind he might as well cease struggling.—Yonkers Statesman.

How Women Mail Letters.

Femininity has its own way of posting a simple, everyday letter, according to one keen observer. For instance, out of 30 women who were watched at a street letter box in the residential section of a large city, 21 withdrew the letter before quite letting go of it, to scan both sides of the envelope, to be certain the letter was securely sealed, properly addressed, stamped and to make sure nobody could look through the envelope to read the contents.

Why the Doctor asks: "Do you drink coffee?"

If you are troubled with headaches, insomnia, indigestion, or sluggishness of the liver or bowels, probably one of the first questions your doctor asks is, "Do you drink coffee?"

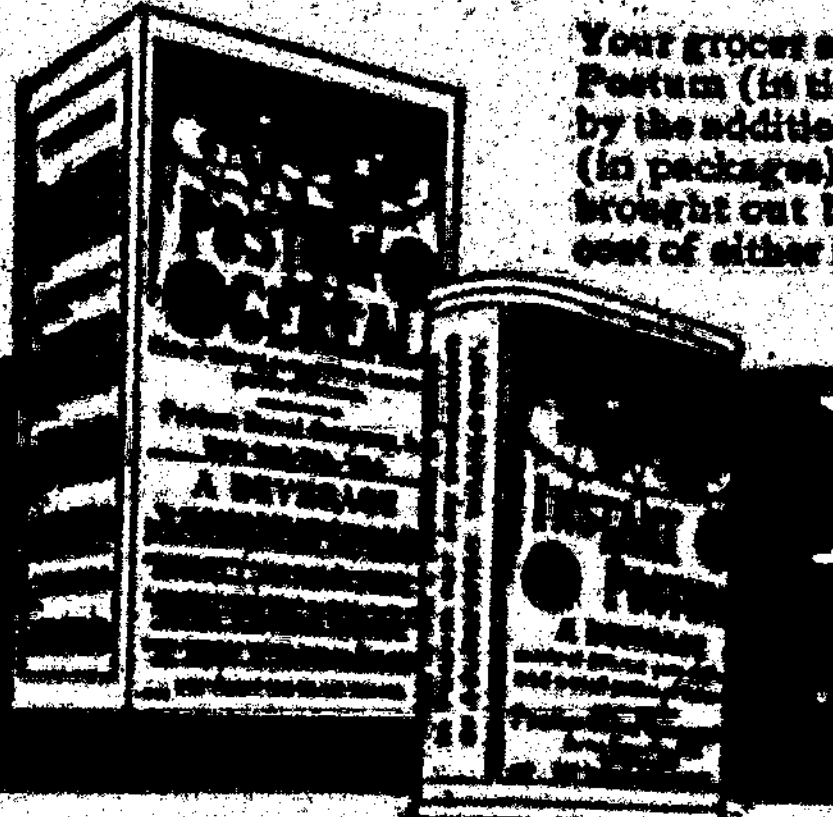

He knows, better than anyone else, that the drug, caffeine, present in coffee, tends to irritate the nervous system and is a frequent

cause of disturbance to health.

If coffee causes trouble, and you value health, stop coffee and drink Postum.

Postum is a pure cereal beverage—absolutely free from caffeine or any other drug. It has a delicious flavor, that many people prefer to coffee.

Your grocery store Postum in two forms: Instant Postum (in tin) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in package) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.

Postum
FOR HEALTH
There's a Reason

MRS. HINKLEY'S NERVOUS WRECK

Two years ago I was completely run-down and my nerves were a wreck. I could not sleep a room without weeping. I could not do my work except a little at a time, and the doctor's medicine did not help me. One day I saw one of those little bottles of Lydia E. Pinkham's Vegetable Compound, and before I had taken the whole of that bottle I knew it was helping me. I took six bottles, and then in about three months I took two more. Now I am in perfect health. I do all of my own work and could do more. I can truly say that I know Lydia E. Pinkham's Vegetable Compound gave me my health.

—Mrs. O. J. HINKLEY, 316 Union Ave., Memphis, Tenn.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Mass. This book contains valuable information.

LIFE'S LITTLE JESTS

MY DOG

The beautiful movie queen was obdurate. "I will not jump off that cliff." Her press agent attempted to reason with her. "Why, you have risked your complexion a thousand times in worse jumps than that." "But this director is a brute," she explained. "Huh?" he asked. "He wants me to jump with my dog in my arms."

Trouble. "Oh, my! Isn't it awful!" The worried woman rubbed her head frantically. "What's trouble?" asked her friend. "Oh, I've saved up just enough money to get a divorce, but it'll take at least six months to get it, and then I'll need a fur coat!"

Modern Complexities. "John, our new maid is leaving because we don't like the things she likes." "Good heavens! It's got so that one has to consider not only a girl's references, but her preferences as well."

A Sufficient Task. "Do you enjoy playing the new Chinese game?" "I haven't thought of learning the game," replied Miss Cayenne. "I am merely trying to master the vocabulary and the scoring system."—Washington Star.

MOTHER! GIVE SICK CHILD "CALIFORNIA FIG SYRUP"

Harmless Laxative for a Bilious, Constipated Baby or Child.

Constipated, bilious, feverish, or sick, colic babies and children love to take genuine "California Fig Syrup." No other laxative regulates the tender little bowels so nicely. It sweetens the stomach and starts the liver and bowels acting without griping. Contains no narcotics or soothing drugs. Say "California" to your druggist, and avoid counterfeit. Insist upon genuine "California Fig Syrup" which contains directions—Advertisement.

TOO PERSONAL

"My personal property was greatly over taxed this year, was yours?" "Yes, the doctor told me I had a severe case of over taxed nerves."

Mysteria of Credit. A man whose credit is in a sure to pine and fret; With too much credit, soon he'll be in grief because of debt.

Long Skirts. "I hope the women won't let their skirts mop the sidewalks." "Sh! Don't irritate 'em. First thing you know every wife will wear a street train, and every husband will have to quit work to carry it."

At the Antiquarian's. Customer—What? One thousand dollars for this chair? Last time I asked the price it was only \$600. Shopkeeper—That's true, sir; but remember labor and material have gone up a great deal since then.

An Explanation. A new upholsterer was asked why he didn't make a garden. "I prefer," he replied, "to depend on the grocer for my vegetables. When I ask him for beans he doesn't give me fismson weed instead."

Live Stock and Meats

Chicago prices: Hogs at \$9.35; bulk of sale \$1.75 to \$2.15; medium and good best steers, \$1.15 to \$1.40; butcher cows and heifers, \$1.40 to \$1.75; feeder steers, \$1.50 to \$1.75; light and medium weight calves, \$1.50 to \$1.75; fat lambs, \$1.15 to \$1.25; feeding lambs, \$1.15 to \$1.25; yearlings, \$1.25 to \$1.50; fat weaners, \$1.25 to \$1.50; Beef, \$1.15 to \$1.25; veal, \$1.15 to \$1.25; lamb, \$1.25 to \$1.40; mutton, \$1.15 to \$1.25; light pork loins, \$2.00 to \$2.25; heavy loins, \$1.75 to \$2.00.

Cattle. Spot quotations advanced 72 points during the week, closing at 28.50 per pound. New York Oct. future contracts advanced 116 points, closing at 29.20.

Timothy hay market firm because of light receipts. Demand for better grades continues good. Prairie hay market lower at Chicago, excellent export demand.

Quoted: No. 1 Timothy, New York, \$30; Pittsburgh, \$28; Memphis, \$28; Cincinnati, \$28; Minneapolis, \$28; Kansas City, \$17.50. No. 1 Prairie: Chicago, \$18; Minneapolis, \$16.00; Kansas City, \$14.50.

Feeds. Markets remain quiet. Wheat feed prices steady to slightly easier. Offerings good and storage stocks accumulating. Interior demand continues very light, and speculative traders who bought feed some time ago show anxiety to resell. Flour mill offerings light for nearby shipment but rather free for future shipments.

Dairy Products. Butter markets became firm with prices averaging one to two cents higher. Supply of fresh butter no more than moderate and withdrawals are limited. Prices on 92 score: New York, \$7.45; Chicago, \$7.00; Philadelphia, \$6.15; Boston, \$7.45.

Cheese markets showing a tendency toward weakness. Buyers supplying themselves only for current needs. Both fresh and hold cheese selling at same prices. Wholesale prices on Fresh Cheese at New York: 20c; Double Daisies, 25c; Longhorns, 25c; Squaresprints, 25c.

Potato markets about steady, demand slow to moderate. Long Island Green Mountain potatoes, \$2.45 to \$2.65 bulk round white, \$2.00 to \$2.10. New York and Baltimore. Northern round whites, 5c lower in Chicago to \$1 to \$1.25 at shipping points to \$1 to \$1.25 at demand. Demand steady; onion markets dull; closing at \$3 to \$3.50 Eastern stock, \$2.75 to \$3.50 midwestern stock, \$2.00 to \$2.50. Fresh domestic round type, \$2 to \$2.25 bulk per ton in New York and Baltimore, mostly \$1.75 to \$1.85. New York City markets, mostly \$1.75 to \$1.85 Eastern apples, demand slow, markets dull. Eastern Baldwin, \$3 to \$3.25 per barrel in New York. Demand for potatoes, \$2.00 to \$2.50 midwestern Jonathans, \$1.50 to \$1.75 in Chicago.

Grain. Prices in Chicago cash market: No. 2 red winter wheat, \$1.15; No. 3 hard winter wheat, \$1.10; No. 2 mixed corn, \$1.07; No. 2 yellow corn, \$1.09; No. 3 white oats, 4c.

Future farm price No. 2 mixed corn in Chicago, December 1924, \$1.08 1/2. Chicago December corn, 76c; Minneapolis, 75c; Kansas City, 74c; St. Louis, 73c; Winnepeg, December wheat, \$1.05 1/2.

Denver Markets. Cattle. The top price for choice steers was \$7.05, paid by a speculator for nineteen head that averaged 664 pounds each. Twenty-six steers that averaged 610 pounds sold to the packer for \$5.65. The average run of prices in the feeder section was from \$5.50 to \$6.25. One bunch of twelve heifers that weighed 672 pounds each sold for \$4.20. The average price on cows was from \$4.75 to \$5.40 on down to \$3.40 with the canner grades going for almost a fixed price of \$2. The average range of prices for heifers was from \$5.15 down to \$2.85 for the poorer class. Two calves sold to an order buyer for \$1.50 each. One lot of 15 yearling calves, which weighed the top 150 pounds each, sold for \$1.50 was made to a large packer. A few sales of bulls were made with prices ranging close around \$3 and \$2.25.

Hogs. The top price paid was \$2. This price was paid for four hogs, weighing 300 pounds each, by one of the large packers. The average run of prices for hogs was from \$2.15 down to \$2.00 with a few sales below the latter figure. One bunch of packer sows sold for \$2.00.

Sheep. Seven loads of 73-pound lambs went to a large packer for \$12.50. This was top price for this class of stock. Three carloads of Colorado lambs averaging 71 pounds each, sold to one of the big small packers for \$12.50. Two loads of feeding lambs, averaging 60 pounds to the head, went for \$11.75. One lot of 15 yearling, that weighed in at 91 pounds each, sold for \$5.50 to one of the small packers. A large packer paid \$5.25 for 150 ewes that weighed 112 pounds each.

When She Was a Bride

Red Top the Rooster would boast of the days when he had been a young rooster and tell of how everyone had paid attention to him and had listened, amazed and wonder-struck, at his crowing.

The pigs would grunt and squeal and tell of famous pigs in the family—pigs who had been splendidly greedy and wonderful eaters!

There would be adventure stories to tell of animals who had wandered away from the barnyard and what had happened to them, of the narrow escapes they had had and oh—of the marvelous stories they could tell when they were back, safe and sound, in the barnyard.

There were stories to tell which would make the animals laugh and grin and at times the barnyard was filled with the laughter of the barnyard animals—such funny laughter as it is too.

Maybe you have heard it at times? Of course, too, at times the animals did all sorts of things which would never be forgotten and later on these actions would be described to even younger chicks and turkeys and pigs and ducks.

Mrs. White Hen told of the days when she was a bride and how everyone admired her wedding feathers and said that they were just suitable, for everyone really should have white for a wedding.

And she hadn't put her wedding feathers away and hadn't allowed them to become yellow with age so that they'd fall apart and be useless except as a curiosity.

No, she had made good use of her white feathers and had worn them right along.

The parrot in the enormous cage on the back porch squeaked and screamed and yelled at times with merit for he had lots to say for himself and lots to remember.

The parrot had, at one time, helped to collect money for a hospital. The money had been needed badly and the parrot had sat up on a balcony and had shrieked:

"We need money. The doctors need money for the hospital. Help the doctors. Help the doctors and the hospital with your money."

Everyone had looked up and had seen that the parrot was making all these cries and it was the parrot who was so successful in raising the funds that were needed. That was a favorite story in the barnyard, and the parrot was very proud of that too.

Then the parrot had at one time escaped from the hospital—he had thought "I would be rather fun to go adventuring. And one day he got away and flew up to the branch of a nearby tree, but all he did when there was to call for his doctor friends and they opened his cage door so that he was able to go back to safety and his own real home.

And later on he had been given to the farmer who owned this barnyard.

Yes, the parrot was a splendid parrot to have around, so many adventures had he had!

So story telling and wonderful deeds had their part in the life of the barnyard.

And this life in the barnyard went along so that every day it seemed that the animals were even happier than the day before.

The farmer fed them well, his children were always good to them.

Dash, the dog, was like a private watchman for them, and altogether the barnyard was as jolly and pleasant a place as ever a group of barnyard animals could have.

And when the barnyard animals heard that not only had they their stories to tell and to set but that stories about them were being told all about, the pigs grunted, the rooster crowed, the hens cackled, the ducks quacked, and all the others chattered in their own peculiar way and said: "Well, we're glad people know of us! After all we're a pretty good set of animals!"

Edgeworth's Ready-Rubbed Plug Slice

Probably there are any number of reasons why men smoke Edgeworth. One friend actually admitted he smoked it because his wife liked the shape of the Edgeworth glass jar to fit on her pantry shelf.

However, the one outstanding feature of Edgeworth, as seen by most smokers, is its uniformity. Year after year, another can be sure of getting the same high-grade quality of tobacco.

There are no changes in the blend—no variations in the flavor or fragrance. It is always a good smoke.

If you have not tried Edgeworth send your name and address to Larus & Brother Company, 75 South 21st Street, Richmond, Va.

They will be glad to mail to you some free samples, generous helpings of both Edgeworth Plug Slice and Ready-Rubbed. Then you can smoke a few pipefuls and see if Edgeworth agrees with your smoking temperament.

If you will also include the name and address of your regular tobacco dealer, your courtesy will be appreciated.

To Retail Tobacco Merchants: If your jobber cannot supply you with Edgeworth, Larus & Brother Company will gladly send you prepaid by parcel post a one- or two-dozen carton of any size of Edgeworth Plug Slice or Ready-Rubbed for the same price you would pay the jobber.

HIGHER PRICES FOR FARM CROPS REPORTED DURING SEPT.

Washington.—Farm prices tended upward during September and on Oct. 1 the index figure of prices paid to producers for the principal farm crops was 27.3 per cent higher than a year ago, 25.0 per cent higher than two years ago, but 11.3 per cent lower than the average price of the last ten years on Oct. 1.

These statistics were announced a few days ago by the Department of Agriculture, which said the price level increased about 2.2 per cent during September, while the level for the last ten years decreased about 4.2 per cent during that month.

Prices of hogs, cattle, sheep and chickens paid to producers increased 7.0 per cent from Aug. 15 to Sept. 15, while in the last ten years prices decreased 1.5 per cent in the corresponding period.

The index figure of prices for these meat animals on Sept. 15 was about 1 per cent lower than a year ago, 7.9 per cent higher than two years ago and 21.4 per cent lower than the average of the last ten years on Sept. 15.

Wallace Says Troubles Near End

Syracuse, N. Y.—Readjustment which is in progress will end discontent among agriculturalists in the opinion of Henry O. Wallace secretary of agriculture here for the world's dairy congress and the national dairy exposition. "The farmer is not radical and never will be," Secretary Wallace said, "he is our best conservative citizen and any talk of radicalism is bunk." Former Governor Frank O. Lowden of Illinois stated the American wheat farmer must organize co-operatively and study world conditions.

I. W. W. Denounced by Federation

Portland, Ore.—The Industrial Workers of the World were denounced as a force aiming to destroy organized labor, and investigation of its activities was ordered by the American Federation of Labor in convention here. "Let us not overlook the fact," said a declaration which was adopted, "that there are Industrial Workers of the World at the top of the industrial world, and that these are very influential and much more dangerous than the Industrial Workers of the World among the working people."

Colorado Film Company Organized

Denver.—Vermer Z. Reed will head the new film organization, Colorado Pictures, Inc., organized for the purpose of producing a Western feature film around the theme of the pony express of pioneer days. The sum of \$75,000 has been subscribed for the purpose of producing the initial production of the film, "The Birth of the West," which will be directed by Frank J. Carroll of New York.

R. S. Lovett Resigns as U. P. Head

New York.—On the advice of his physicians, Robert S. Lovett resigned as chairman of the executive committee of the Union Pacific. The resignation becomes effective Jan. 1. Mr. Lovett, however, will continue his association with the company. Mr. Lovett will remain a member of the board of directors but is relieved of duty or responsibility with respect to the general management. A new position—that of chairman of the board—was created for Mr. Lovett.

Bible in Translation

The Bible is far in advance of any other book in the number of its translations, for it has actually been rendered in whole or in part into 770 languages and dialects and the end is not yet in sight. The translation is still progressing at the rate of one complete book of the Bible in a new language every six weeks, a speed record which has been maintained for over twenty years.—The Mentor.

HIGHER PRICES FOR FARM CROPS REPORTED DURING SEPT.

Washington.—Farm prices tended upward during September and on Oct. 1 the index figure of prices paid to producers for the principal farm crops was 27.3 per cent higher than a year ago, 25.0 per cent higher than two years ago, but 11.3 per cent lower than the average price of the last ten years on Oct. 1.

These statistics were announced a few days ago by the Department of Agriculture, which said the price level increased about 2.2 per cent during September, while the level for the last ten years decreased about 4.2 per cent during that month.

Prices of hogs, cattle, sheep and chickens paid to producers increased 7.0 per cent from Aug. 15 to Sept. 15, while in the last ten years prices decreased 1.5 per cent in the corresponding period.

The index figure of prices for these meat animals on Sept. 15 was about 1 per cent lower than a year ago, 7.9 per cent higher than two years ago and 21.4 per cent lower than the average of the last ten years on Sept. 15.

Wallace Says Troubles Near End

Syracuse, N. Y.—Readjustment which is in progress will end discontent among agriculturalists in the opinion of Henry O. Wallace secretary of agriculture here for the world's dairy congress and the national dairy exposition. "The farmer is not radical and never will be," Secretary Wallace said, "he is our best conservative citizen and any talk of radicalism is bunk." Former Governor Frank O. Lowden of Illinois stated the American wheat farmer must organize co-operatively and study world conditions.

I. W. W. Denounced by Federation

Portland, Ore.—The Industrial Workers of the World were denounced as a force aiming to destroy organized labor, and investigation of its activities was ordered by the American Federation of Labor in convention here. "Let us not overlook the fact," said a declaration which was adopted, "that there are Industrial Workers of the World at the top of the industrial world, and that these are very influential and much more dangerous than the Industrial Workers of the World among the working people."

Colorado Film Company Organized

Denver.—Vermer Z. Reed will head the new film organization, Colorado Pictures, Inc., organized for the purpose of producing a Western feature film around the theme of the pony express of pioneer days. The sum of \$75,000 has been subscribed for the purpose of producing the initial production of the film, "The Birth of the West," which will be directed by Frank J. Carroll of New York.

R. S. Lovett Resigns as U. P. Head

New York.—On the advice of his physicians, Robert S. Lovett resigned as chairman of the executive committee of the Union Pacific. The resignation becomes effective Jan. 1. Mr. Lovett, however, will continue his association with the company. Mr. Lovett will remain a member of the board of directors but is relieved of duty or responsibility with respect to the general management. A new position—that of chairman of the board—was created for Mr. Lovett.

Back Given Out?

It's hard to do one's work when every day brings morning lameness, throbbing backache, and a dull, tired feeling. If you suffer thus, why not find out the cause? Likely it's your kidneys. Headaches, dizziness and bladder irregularities may give further proof that your kidneys need help. Don't risk neglect! Use Doan's Kidney Pills. Thousands have been helped by Doan's. They should help you. Ask your neighbor!

A Wyoming Case

W. Edwards, 117 W. Buffalo St., Buffalo, N.Y., says: "My kidneys acted too frequently and I had to get up at night to pass the secretions. My back was sore and stiff and when I stooped I had a catch in my back and I could hardly straighten again. After using one box of Doan's Kidney Pills the backache became less severe. Doan's cured me completely of the attack."

MY DOG

The beautiful movie queen was obdurate. "I will not jump off that cliff." Her press agent attempted to reason with her. "Why, you have risked your complexion a thousand times in worse jumps than that." "But this director is a brute," she explained. "Huh?" he asked. "He wants me to jump with my dog in my arms."

Trouble. "Oh, my! Isn't it awful!" The worried woman rubbed her head frantically. "What's trouble?" asked her friend. "Oh, I've saved up just enough money to get a divorce, but it'll take at least six months to get it, and then I'll need a fur coat!"

Modern Complexities. "John, our new maid is leaving because we don't like the things she likes." "Good heavens! It's got so that one has to consider not only a girl's references, but her preferences as well."

A Sufficient Task. "Do you enjoy playing the new Chinese game?" "I haven't thought of learning the game," replied Miss Cayenne. "I am merely trying to master the vocabulary and the scoring system."—Washington Star.

DEVELOPERS

Chicago prices: Hogs at \$9.35; bulk of sale \$1.75 to \$2.15; medium and good best steers, \$1.15 to \$1.40; butcher cows and heifers, \$1.40 to \$1.75; feeder steers, \$1.50 to \$1.75; light and medium weight calves, \$1.50 to \$1.75; fat lambs, \$1.15 to \$1.25; feeding lambs, \$1.15 to \$1.25; yearlings, \$1.25 to \$1.50; fat weaners, \$1.25 to \$1.50; Beef, \$1.15 to \$1.25; veal, \$1.15 to \$1.25; lamb, \$1.25 to \$1.40; mutton, \$1.15 to \$1.25; light pork loins, \$2.00 to \$2.25; heavy loins, \$1.75 to \$2.00.

Cattle. Spot quotations advanced 72 points during the week, closing at 28.50 per pound. New York Oct. future contracts advanced 116 points, closing at 29.20.

Timothy hay market firm because of light receipts. Demand for better grades continues good. Prairie hay market lower at Chicago, excellent export demand.

Quoted: No. 1 Timothy, New York, \$30; Pittsburgh, \$28; Memphis, \$28; Cincinnati, \$28; Minneapolis, \$28; Kansas City, \$17.50. No. 1 Prairie: Chicago, \$18; Minneapolis, \$16.00; Kansas City, \$14.50.

Feeds. Markets remain quiet. Wheat feed prices steady to slightly easier. Offerings good and storage stocks accumulating. Interior demand continues very light, and speculative traders who bought feed some time ago show anxiety to resell. Flour mill offerings light for nearby shipment but rather free for future shipments.

Dairy Products. Butter markets became firm with prices averaging one to two cents higher. Supply of fresh butter no more than moderate and withdrawals are limited. Prices on 92 score: New York, \$7.45; Chicago, \$7.00; Philadelphia, \$6.15; Boston, \$7.45.

Cheese markets showing a tendency toward weakness. Buyers supplying themselves only for current needs. Both fresh and hold cheese selling at same prices. Wholesale prices on Fresh Cheese at New York: 20c; Double Daisies, 25c; Longhorns, 25c; Squaresprints, 25c.

Potato markets about steady, demand slow to moderate. Long Island Green Mountain potatoes, \$2.45 to \$2.65 bulk round white, \$2.00 to \$2.10. New York and Baltimore. Northern round whites, 5c lower in Chicago to \$1 to \$1.25 at shipping points to \$1 to \$1.25 at demand. Demand steady; onion markets dull; closing at \$3 to \$3.50 Eastern stock, \$2.75 to \$3.50 midwestern stock, \$2.00 to \$2.50. Fresh domestic round type, \$2 to \$2.25 bulk per ton in New York and Baltimore, mostly \$1.75 to \$1.85. New York City markets, mostly \$1.75 to \$1.85 Eastern apples, demand slow, markets dull. Eastern Baldwin, \$3 to \$3.25 per barrel in New York. Demand for potatoes, \$2.00 to \$2.50 midwestern Jonathans, \$1.50 to \$1.75 in Chicago.

Grain. Prices in Chicago cash market: No. 2 red winter wheat, \$1.15; No. 3 hard winter wheat, \$1.10; No. 2 mixed corn, \$1.07; No. 2 yellow corn, \$1.09; No. 3 white oats, 4c.

Future farm price No. 2 mixed corn in Chicago, December 1924, \$1.08 1/2. Chicago December corn, 76c; Minneapolis, 75c; Kansas City, 74c; St. Louis, 73c; Winnepeg, December wheat, \$1.05 1/2.

Denver Markets. Cattle. The top price for choice steers was \$7.05, paid by a speculator for nineteen head that averaged 664 pounds each. Twenty-six steers that averaged 610 pounds sold to the packer for \$5.65. The average run of prices in the feeder section was from \$5.50 to \$6.25. One bunch of twelve heifers that weighed 672 pounds each sold for \$4.20. The average price on cows was from \$4.75 to \$5.40 on down to \$3.40 with the canner grades going for almost a fixed price of \$2. The average range of prices for heifers was from \$5.15 down to \$2.85 for the poorer class. Two calves sold to an order buyer for \$1.50 each. One lot of 15 yearling calves, which weighed the top 150 pounds each, sold for \$1.50 was made to a large packer. A few sales of bulls were made with prices ranging close around \$3 and \$2.25.

Hogs. The top price paid was \$2. This price was paid for four hogs, weighing 300 pounds each, by one of the large packers. The average run of prices for hogs was from \$2.15 down to \$2.00 with a few sales below the latter figure. One bunch of packer sows sold for \$2.00.

Sheep. Seven loads of 73-pound lambs went to a large packer for \$12.50. This was top price for this class of stock. Three carloads of Colorado lambs averaging 71 pounds each, sold to one of the big small packers for \$12.50. Two loads of feeding lambs, averaging 60 pounds to the head, went for \$11.75. One lot of 15 yearling, that weighed in at 91 pounds each, sold for \$5.50 to one of the small packers. A large packer paid \$5.25 for 150 ewes that weighed 112 pounds each.

Edgeworth's Ready-Rubbed Plug Slice

Probably there are any number of reasons why men smoke Edgeworth. One friend actually admitted he smoked it because his wife liked the shape of the Edgeworth glass jar to fit on her pantry shelf.

However, the one outstanding feature of Edgeworth, as seen by most smokers, is its uniformity. Year after year, another can be sure of getting the same high-grade quality of tobacco.

There are no changes in the blend—no variations in the flavor or fragrance. It is always a good smoke.

If you have not tried Edgeworth send your name and address to Larus & Brother Company, 75 South 21st Street, Richmond, Va.

They will be glad to mail to you some free samples, generous helpings of both Edgeworth Plug Slice and Ready-Rubbed. Then you can smoke a few pipefuls and see if Edgeworth agrees with your smoking temperament.

If you will also include the name and address of your regular tobacco dealer, your courtesy will be appreciated.

To Retail Tobacco Merchants: If your jobber cannot supply you with Edgeworth, Larus & Brother Company will gladly send you prepaid by parcel post a one- or two-dozen carton of any size of Edgeworth Plug Slice or Ready-Rubbed for the same price you would pay the jobber.

School Notes

(Supt. E. E. Cole)

Examinations for the second
month of the school year this
week.

The fire slide on the south side
of the High School building is
affording a great deal of pleasure
to the boys and girls. They
would go down stairs by
that route every time if we
would let them. We hope they
will never be compelled to use it
in a real fire.

The class in dramatics, under
Miss Meux, is preparing a play
entitled "The Exchange." It is
a fine little play and will be given
in about three weeks. The
proceeds will be used to buy
some books which are badly
needed for the library. We have
a pretty good library, for a high
school, having nearly one thou-
sand books. This includes the
Legion Library of four hundred
and forty-five volumes, loaned
to us by the Legion of Carrizozo
and Lincoln county. Still, there
are a number of books which are
needed and we hope the public
will liberally patronize "The Ex-
change."

Friday of last week the fol-
lowing program was given by
the Literary Society of the High
School:

1. Reading, Nellie Shaver
2. Current Events, Louise Sweet
3. Debate: "Resolved, That Her-
edity is More Influential than
Environment."
Affirmative, Maurine Collier
and Edena Shaver.
Negative, Lillie Elliott and
Jessie Rustin.
The judges decided in favor
of the affirmative.
4. Reading, Albert Roberts
5. Wit and Humor, Mary Candler
6. School Paper, Nonie Littell
and Charlotte Elliott.
7. Scientific Talk, Julian Lalone

On the afternoon preceding
Hallowe'en the sixth grade will
give "The Hiawatha Play," a
study of the Indian legend and
dramatization of Hiawatha's
childhood. Nearly all the rooms
are preparing programs of some
sort.

We are very much interested
in the dictionary work in the
fourth grade. At the last re-
port, Warden Maxwell, Lester
McClane and Robert Bullion, in
the order named, looked up
twenty words in the dictionary
in eight minutes. Not bad for
fourth graders.

The little play, "Trial by Fire,"
prepared by the Women's Club,
under the direction of Mrs. J. B.
French, and to be given during
Fire Prevention Week, by re-
quest, was given in the audi-
torium of the High School build-
ing on Friday afternoon of last
week. The play was preceded by
"Little Orphant Annie's Re-
turn," a parody on "Little
Orphant Annie," dealing with
fire prevention, which was very
ably rendered by Maurine Col-
lier. The cast of characters in
the play follows:

The Judge, Max Shaver
The District Attorney, Don English
Clerk of the Court, Maurice Lemon
Defense Counsel, Raymond Lackland
The Defendants were:
Kerosene, Robert Taylor
Cigarette, Boyd Loughrey
Match, Fred Eldridge
Electricity, Lorene Dinwiddie
Rubbish, Henry Humphrey
Gas, Lorene Stimmel
Defective Chimney, Maben White
Gasoline, Vera Richard
Lighting, Ruth Brickley
Bonfire, Beatrice Treat
Spontaneous Combustion, Jeanie Reily
Carelessness, the Arch Criminal,
David Saunders

NOTICE OF SUIT
No. 2287

In the District Court, State of New
Mexico, County of Lincoln.

The First National Bank of Carrizozo,
a Corporation, Plaintiff, vs. B. D. Zum-
walt and May Zumwalt, Defendants.

You, the above named defendants, and
each of you, are hereby notified that
an action has been commenced and is
now pending against you, and each of
you, in the above entitled court and
cause, and between the parties therein
named, the objects of which are to
foreclose a certain chattel mortgage
executed by the defendants, B. D. Zu-
mwalt and May Zumwalt, on March
12, 1923, to the plaintiff, to secure the
payment of two promissory notes, more
particularly described in plaintiff's
complaint, which said chattel mortgage
was filed for registration in the office
of the County Clerk of Lincoln County,
New Mexico, the 13th day of March,
1923, and numbered 7708; and to fore-
close the lien of said chattel mortgage
upon the property described therein,
being the entire herd of cattle of the
defendants, increase and additions; and
also to foreclose a certain mortgage
deed executed by said defendants, on
the 12th day of March, 1923, to the
plaintiff, to secure the payment of said
two promissory notes, and to foreclose
the lien of said mortgage deed upon
the real estate, situate in the County
of Lincoln, State of New Mex-
ico, to-wit:

The southeast quarter of the south-
east quarter of the northeast quarter;
east half of the southeast quarter; south
half of the northwest quarter of the
southeast quarter; south half of the
north half of the northwest quarter of
the southeast quarter, all in section
eighteen, township nine south of range
thirteen east of the New Mexico prin-
cipal meridian, New Mexico, containing
120 acres.

You and each of you are further
notified that L. R. Hust has been ap-
pointed Receiver of said mortgaged
chattels and real estate. You and each
of you are further notified that unless
you enter your appearance in said
cause on or before the 24th day of
November, 1923, judgment will be en-
tered in said cause against you by de-
fault, and plaintiff will apply to the
court for the relief prayed for in its
complaint, and the chattels and prop-
erties above described will be sold, and
the proceeds arising from such sale
will be applied upon the indebtedness
above mentioned.

A. H. Hudspeth, postoffice address:
Carrizozo, New Mexico, is the attor-
ney for the plaintiff.

Witness my hand and the seal of
said court, this, 11th day of Octo-
ber, 1923

(SEAL) R. M. TREAT,
Clerk of said Court

Chevrolet Prices Slashed.

The substantial reduction in Chevrolet prices
announced September 1st caused a great sur-
prise in the automobile world, in view of the
common opinion that good grounds existed for
expecting higher prices, but instead, a substan-
tial reduction has been made. There is no
change in the models. The following are com-
parisons of the old and new prices:

	Old List Prices	New List Prices
Roadster,	\$510.00	\$490.00
Touring,	525.00	495.00
Utility Coupe,	680.00	640.00
Sedan,	860.00	795.00
Commercial Chassis,	425.00	395.00
Light Delivery,	510.00	495.00
Utility Express Truck,	575.00	550.00

SPOHN'S
DISTEMPER
COMPOUND
 Will relieve Coughs and
 Colds among horses and
 mules with most satisfactory results.
 For thirty years "Spohn's" has been
 the standard remedy for Distemper,
 Influenza, Pink Eye, Catarrhal Fever,
 Hooves and Worms. Excellent for
 Distemper and Worms among dogs.
 Sold in two sizes at all drug stores.
 SPORN MEDICAL CO GOSHEN, IND. U.S.A.

Washable Paper.
 Many possible uses suggest themselves for a special paper recently produced and patented by a Japanese inventor. The paper is said to be reasonably strong and can be crumpled up and washed with soap and water. So durable is this paper that it can be used as a covering for umbrellas and, when soiled, can be easily cleansed at home. As a wrapping paper, it could be used over and over, being washed when soiled. It is said that the product can be made at a reasonable price. It has a texture somewhat like cloth, and is not to be confused with oiled paper.

A FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.
 Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy.
 The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.
 It is scientifically compounded from vegetable herbs.
 It is not a stimulant and is taken in teaspoonful doses.
 It is not recommended for everything.
 It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.
 If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.
 However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.
 That Provides the Time.
 X—Could you spare the time for an hour's talk?
 Y—Certainly. My wife has just told me she'll be ready in a minute.
 There is nothing to be gained by being a knocker.

Mrs. Eva Tidmarsh

Health Brings Beauty
 Girls, Read This!

Pueblo, Colo.—"When my daughter, now Mrs. Eva Tidmarsh, was sixteen she suffered terribly at times as many girls do, and did not feel real good at any time. She had pimples all over her body. A friend told me to get her a bottle of Dr. Pierce's Favorite Prescription, as her daughter had taken it and had derived wonderful relief from it. My daughter took three bottles and now she is perfectly well—never has a headache or backache. We both never forget to recommend Dr. Pierce's Favorite Prescription."—Mrs. Lula Davis, 108 E. Evans Ave.

Your health is most important to you. It's easily improved.
 Obtain Dr. Pierce's Prescription now, in liquid or tablets, from your druggist or send 10c for trial pkg. of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or write for free medical advice.

U.S. Leads World in Aeronautics

Report by Army Air Service Says Americans Excel in Speed Records, Etc.

Washington.—The Army Air Service in a report just issued here claims that the United States, which was so backward in aeronautics in the perilous World War days, has taken the lead over the rest of the world within the last year in development of the airplane motor and other phases of aircraft construction.

The Air Service declares that this superiority is demonstrated primarily by the fact that Americans have taken practically all the world's airplane records during the last ten months.

Credit for improvements along technical lines which have made possible this record is given to the Air Service engineering division at McCook field, Dayton, O., the bureau of standards and the national advisory committee for aeronautics.

Vast Improvement Made.
 The long list of records attained by Army pilots have been achieved, the report states, because of the greatly increased efficiency of the new planes and engines. This increased efficiency, it is claimed, is the result of the combined efforts of private manufacturers and the engineering division in experimentation and research work.

In airplane design great progress has been made along the line of producing more efficient wings as well as greater structural strength. The study of the substitution of various metals and alloys for former construction materials has been exhaustive, with the result that a better grade of duralumin is being produced in America now than in any other country of the world.

Liberty Motor Triumph.
 To the improvement of the wartime Liberty engine is attributed the success of the transcontinental flight. Such a performance reflects to the credit of the engine with which the airplane was equipped, because a more

severe and grueling test hardly could be imposed.

In the Pulitzer trophy race, the report says, there again was evidenced improvement in airplane engine design when the tremendous horsepower of the engine is compared with the fragile craft which it was required to drive through the air at nearly 250 miles an hour.

Keeping abreast with the world's efforts to develop a flying machine that could ascend and descend vertically the Army Air Service, the report points out, produced during the year the De Bothezat helicopter. This machine, built entirely within the service, is among the first successful machines of its type.

HE MURDERED VILLA

This is an exclusive photograph of Jesus Salas Barraza, self-confessed murderer of Pancho Villa, as he looked in jail. Barraza stated he would kill Villa again if he arose from the dead.

MAYOR THOMASON PRAISES TANLAC

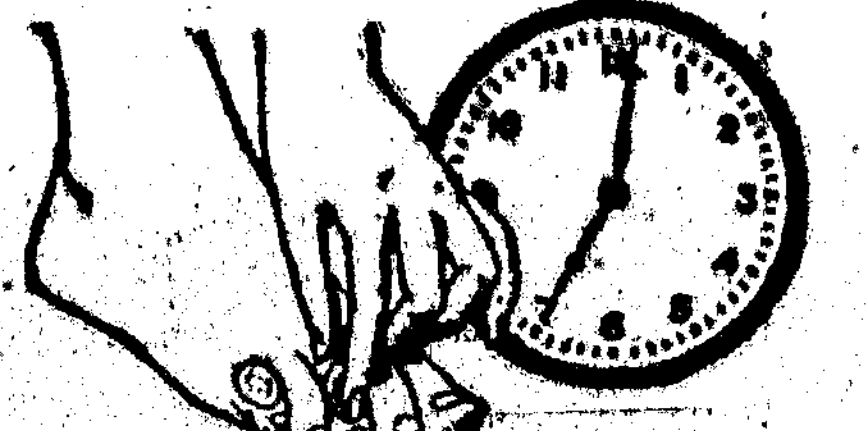

Judge George Washington Thomason, Mayor of Tarrant City, Ala., and one of the most highly respected citizens of the state, is still another man of prominence and unimpeachable integrity to give his unqualified endorsement to Tanlac.

"Chronic indigestion brought me to the verge of a general breakdown three years ago and nothing seemed to afford much relief," said Judge Thomason. "I could hardly eat enough to keep going, and became so weak and nervous I could hardly attend to my duties."

"Finally I started on Tanlac and six bottles fixed me up so fine that I felt ten years younger, and my good health still remains with me."

Tanlac is sold by all good druggists. Take no substitute. Over 40 million bottles sold.—Advertisement.

CORNS

Stop their pain in one minute!

For quick, lasting relief from corns, Dr. Scholl's Zino-pads stop the pain in one minute by removing the cause—friction and pressure.

Zino-pads are thin, safe, antiseptic, healing, waterproof and cannot produce infection or any bad after-effects. Three sizes—for corns, calluses and bunions. Cost but a trifle. Get a box today at your druggist's or shoe dealer's.

Scots Made Pistols

Before the advent of the American revolver, the Scottish cities of Perth, Stirling and Dundee were great centers of the pistol-making industry. Scottish pistols were famous as far back as 1615, and were exported to many countries. There were at one time nearly 100 concerns in Scotland engaged in the industry.

Entertained Them Royally. "Did you have a good time at your summer cottage this season?" "No, but dozens of our friends did."

Eggs 10 Million Years Old Found

Nest Made by Dinosaur Discovered in Mongolia by Members of American Expedition.

Peking.—Dinosaurs, the colossal reptile creatures of a prehistoric era, laid eggs five to six inches long. They had nests like any gentle domestic fowl of today.

The early mammalian beasts of Asia and America were in and roamed across the two continents on the land bridge that joined them in those remote times.

These are some of the discoveries announced by the third Asiatic expedition of the American Museum of Natural History on its return here after five months on the Mongolian plains.

Nine Tons of Fossils.
 The party was in Peking recently with what its members termed the largest find of the remains of prehistoric animals in the history of paleontology. Nine tons of fossils have been collected and will be shipped to America.

One of the leaders of the expedition, Henry Fairfield Osborn, the paleontologist, said the fossil beds found in Mongolia were the largest known to science. For the first time, he explained, explorers had at their disposal terrestrial deposits of enormous extent, still preserved in their pristine grandeur, thus enabling the reconstruction of much of the life in the middle period of the reptilian age.

The adventurers of science returned with the opinion that they had proved the Mongolian plateau to have been the center of dispersion of the most ancient animals traced.
 Dr. Osborn and Roy Chapman Anderson.

draws, the naturalist, consider a spectacular feature of their discoveries the twenty-five fossilized dinosaur eggs which they found in several nests in sedimentary strata among the skeletons of medium-sized dinosaurs of a species known as protoceratops andrewsi. These are the first dinosaur eggs to be revealed to science, according to members of the expedition, who said that hitherto it had not been known that the dinosaur laid eggs. The eggs are elliptical, five to six inches in length, their shells now covered with a buff-colored coating. Their age is estimated at 10,000,000 years.

The explorers brought out seventy-two skulls and twelve complete skeletons of these "terrible lizards," as the two Greek words forming the term dinosaur describe them. The dinosaur nests were situated at longitude 102 east, latitude 44 north.

The expedition also found numerous remains of mammals, principally of a giant rhinoceros-like beast, which is said to prove kinship among the earliest fauna of Asia and America. The scientists explained that a land bridge joined the continents in those dim past days.

Former Soldiers Study Everything but Warfare

Sacramento, Cal.—How conditions have changed. Six years ago hundreds of thousands of men sought to increase their proficiency in the science of warfare. But not so in 1923.

Eight hundred ex-service men began school training this fall, according to E. R. Coughley, educational supervisor of the state veterans' welfare board. Virtually every known trade or profession has its quota of applicants except study in warfare. Not one of the 800 has applied for entrance to a college of military training.

Thirty of the World War veterans who seek educational rehabilitation throughout the state expect to become ministers of the gospel, said Coughley, while 100 will train for dentists, thirty for physicians, 100 for lawyers, fifteen for artists, five for newspapermen and scores for teachers.

Heirs to Sue for Lots Valued at \$75,000,000

Lexington, Ky.—Final arrangements for filing suit against present occupants of property in the heart of New York valued at more than \$75,000,000, will be made by heirs of Robert Edwards at a meeting to be held here. It was decided by more than 100 heirs who gathered in a hotel here. It is claimed Robert Edwards owned 77 acres of land in what is now in the Fifth ward of Manhattan borough, but that he died intestate during the Revolutionary war after leasing the property for 99 years. When the lease expired the property was sold.

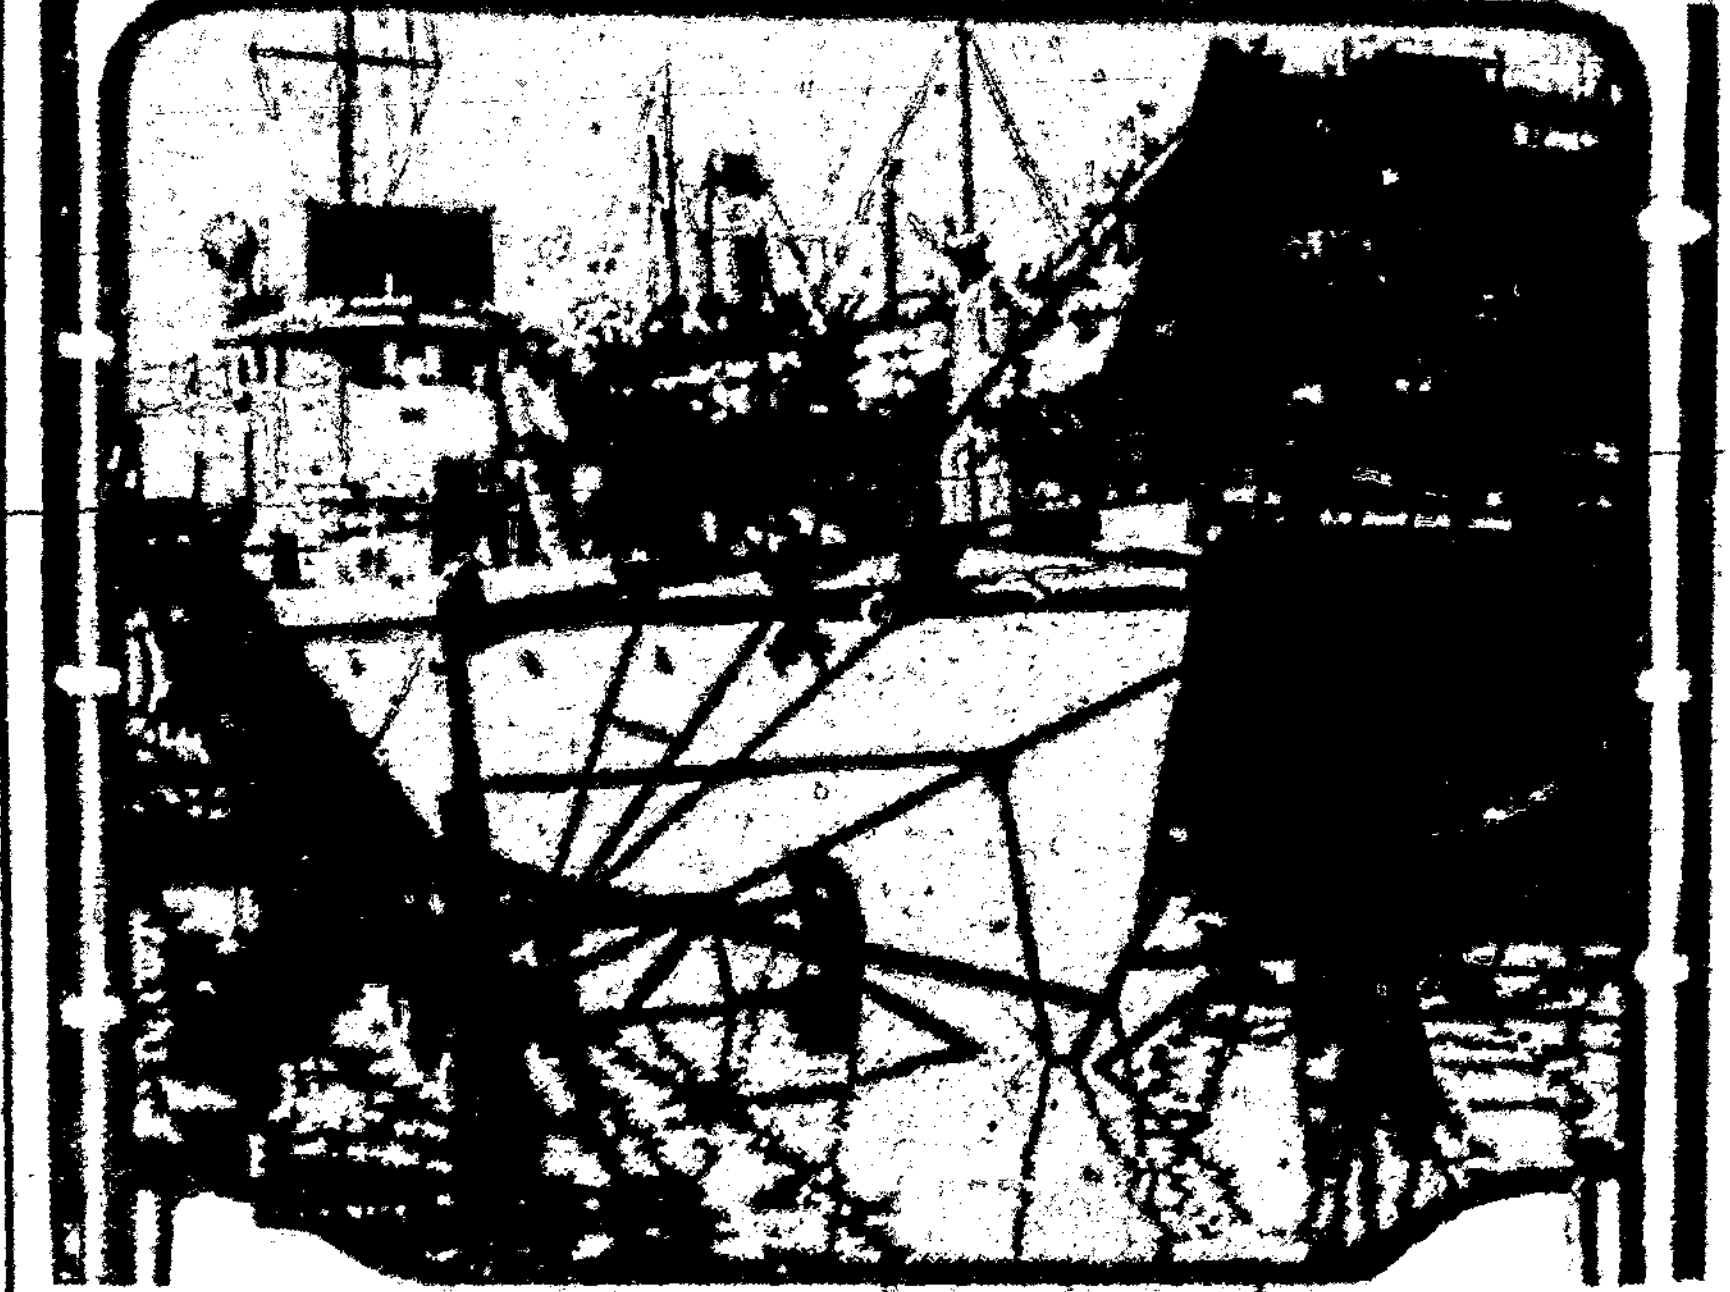

The Edwards heirs scattered about Kentucky and Ohio, have been investigating the situation for two or three years.

Boy Makes \$2,500 on \$24 Investment

Chicago.—How an office boy invented \$24 and made a profit of 10,000 per cent was related by post office officials here.

A man tried to sell a Chicago business man a block of air-mail stamps, on which an airplane was printed inverted by mistake, but the man refused. The office boy, hearing of the offer, bought the stamps for \$24. Recently he sold them for \$2,500 to Col. E. H. Green, son of Mrs. Hetty Green.

Poor Fish Don't Have a Chance

The boat Demonstrator, owned by the Lybeck Ocean Harvester company of New York, harvests the Demizens of the deep by methods which make the old way obsolete. The net or scoop at the bow of the boat is lowered to a depth of 15 feet. As the boat goes through the water the fish are gathered in this scoop and carried by an escalator to the hold of the ship.

FOSSIL CHANGES IDEAS OF BOTANICAL HISTORY

Search Rewarded by Important Geological Find.

Chicago.—Discovery of the stem of a plant similar to that of a corn stalk in a lump of limestone found imbedded in a coal seam in Illinois has changed hitherto accepted ideas of plant evolution and pushed the mystery of the origin of flowering plants millions of years further back into the geological past. Prof. A. C. Noe, paleobotanist for the University of Chicago, unearthed the revolutionary evidence after a systematic search.

The strata from which he obtained the limestone lump, or "coal ball," was identified as belonging to the carboniferous, or great coal, age of the Paleozoic era, the next to the oldest of the four great geological time divisions which contain the fossil record of the past life on the earth. He

classified the fossil stem as that of an angiosperm, or a flowering plant which had its seed inclosed in a seed container, as are the seeds of our apple, rose and oak.

No flowering plants of this sort have heretofore been proved to have grown so far back as this period of ancient geological times. The specimens previously reported of land plants with such highly organized structure have been found in parts of the earth's crust formed during the Mesozoic era, or geological middle ages, millions of years nearer to the present time.

Botanists have assumed from such evidence that the flowering plants had just begun to appear about the latter part of the age when the plants that form our coal fossilized. They have expected to find the more primitive flowering plants at this earlier time. Professor Noe's discovery in the coal measures of a plant representing what

California's County Supervisor Seeks County Supervisor

Sacramento, Cal.—The worm has turned and the job really seeks the man. Gov. Friend W. Richardson is in the unusual position of having a political plum which apparently nobody wants. It is in Alpine county, where the reluctance of the inhabitants to hold office has caused the governor to have posted in the courthouse at Markleville a notice calling for applicants for appointment as supervisor.

Supervisor George H. Luhn of Alpine county created the vacancy by resigning. Patiently the governor waited for the army of seeking applicants. None came. When he decided to advise, he found there was no newspaper published in the county, had been taken to be a far advanced stage in plant evolution indicates that land plants must have gone through an enormously long period of development before the earliest period recorded in the fossil rocks.

LOCAL AND PERSONAL MENTION

Mr. and Mrs. J. H. Farris received a box of fine Satsuma oranges from their old home in Pollard, Alabama, this week, a portion of which they presented to this office and for which we return our thanks. The oranges were raised on the old homestead where Mrs. Farris was reared, and are surely fine.

Mr. and Mrs. T. A. Spencer and two sons returned last Saturday from a trip to Missouri where they visited Miss Jane Spencer, who is attending school at Columbia, besides other relatives in other parts of the state.

Mr. and Mrs. W. H. Herahberger left Sunday for Tucumcari, where Mr. Herahberger has been transferred by the E. P. & S. W.

Major H. J. Warner of Fort Stanton, Mrs. Warner and two sons, Mrs. S. J. Mann and Mrs. T. B. H. Anderson were visitors from the Fort last Saturday.

Prof. Luther M. Stone, teacher at the Nogal school, was here on Saturday in the interest of school matters at Nogal.
