The Old Shell Game

Now You See It; Now You Don't

THE OLD Shell game which Governor Al Smith is trying to work is causing some of his most ardent supporters to criticize his actions, because after advocating certain things in his speech of acceptance, he comes out now and denies he ever said them. One thing in particular, is his views on Immigration. He, in his acceptance speech, advocated a change in the year upon which immigration quotas are based, 1890 to the year of 1920...

County Fair

The second annual Lincoln County Fair and Track Meet is now history. In spite of the terrific rain Thursday night which made possible for only those on the highways to get to Carrizozo Friday, a large crowd was on hand and many exhibits came in later in the day. In due time and when the bills are all in and collections all made, a financial report will be published. The audit has proceeded far enough to assure the Fair will be a financial success.

Dillon, an Ideal Governor

The Chief Executive of this great Commonwealth of ours has made an ideal Governor. He is temperamentally fitted to occupy this great office to which he was called some two years ago by the citizens of this State. He possesses the dignity of character, serenity and soundness of judgment which has won for him the confidence of a big majority of the people of this State, regardless of party affiliation.

County Exhibits

We were very proud of the showing made by the farmers truck gardeners of Lincoln county and many tourists and out-of-town people spoke in glowing terms of the high quality of the exhibits shown. The task of judging and giving the prizes was handled entirely by Mr. Ware of the State College. Space does not permit a detailed description, owing to the great variety of stuff shown. We had everything from wheat, oats, apples, garden truck, etc., to home-made soap, canned goods and bread—so we will just give a list of the prize winners: Glencoe Woman's Club Southern Pacific Farms Mrs. Ed Keller Oscar Clouse E. M. Brickley Erma Poage & Ollie Vega

Will Entertain Distinguished Visitor

On the evening of Friday, Nov. 2, Comet Chapter No. 29, O. E. S., will entertain the Grand Matron, Mrs. Merle Davis of Tucumcari on the occasion of her annual visit to the local Chapter. Elaborate arrangements will be made for her reception and as this will be the date of the regular meeting, there will be a double purpose in the event, chief of which, will be the reception and entertainment of the Grand Matron. After the regular business is transacted, the degree of the Eastern Star will be conferred for the inspection of the superior officer and a banquet will be served at the Community Hall, with the Grand Matron as the honor guest.

Don Making Good

Don Lemmon, who is attending the Roswell Military Institute is making good both in his studies and in his musical calling. He is a member of the Academy orchestra and is the first Freshie who has ever been admitted to that musical organization, but rules were suspended on account of Don being thoroughly capable of delivering the goods. Mack Shaver visited Don a short time ago and he brought back the good news of one of our boys, to whom we wish much success.

EDITORIAL COLUMN

Why Labor Likes Mr. Hoover

It was so newly - created enthusiasm which inspired the deluge of messages congratulating Herbert Hoover on his recent labor speech at Newark.

Mr. Hoover, as one who has made a living with his hands, knows the problems of labor and he can speak the language of the workgr. At Newark he approved collective bargaining and condemned the indiscriminate use of the injunction, he emphasized the need for stabilized conditions of employment, and he repeated his doctrine that American labor deserves "the highest possible wage."

Mr. Hoover's friendliness for the workers of the country and his efforts in their behalf have been known for years. Long before his death Samuel Gompers, for many years the president of the American Federation of Labor, made this statement:

"There is a department of the government which devises the most efficient processes, and new one still more efficient which does many things for industry and labor. It is possible to so understand the requirements of industry, the psychology of our own people and the philosophy of our own movement as to set forth a guiding, helpful policy, beneficial both to labor and capital. I speak now of our Department of Commerce, of which Herbert Hoover, who did such signal service for humanity during the World War, as the director of food and relief, is Secretary. What Mr. Hoover has built for industry and the commerce of our country is most helpful to labor

This is but one indication of a growing grasp, of the bigness and rightness of this industrial policy which Mr. Hoover has so carefully worked out for the people of our Republic."

The security which Mr. Gompers felt in the policies advocated by Mr. Hoover now extends into every class of men who work for a living, or, as Mr. Hoover once put it, "have the will to work." Labor is far safer under a Republican Administration with a high tariff protecting the fruits of its toil than under a Democratic Administration with a low tariff, which throws American workers into direct competition with the cheap labor of Europe and Asia.

Hoover is Best Bet

The likelihood is that, under Herbert Hoover's direction, agriculture would achieve stabilization more quickly, more certainly, with fewer waste motions, and with less knocking and backing and gear-grinding than under the direction of any other man may bring. — *Minneapolis Tribune.*

To the Voters of Lincoln County

Carrizozo, N. M.

To the Voters of Lincoln County Ladies and Gentlemen:

On the solicitation of many friends, both Republicans and Democrats, I have accepted the nomination for the office of County Treasurer on the Republican ticket.

The time is very short and it will be impossible for me to see all the voters, and I am taking this method of soliciting your support in the coming election on November 6th.

As you know I have filled public offices in Lincoln County several times and feel that I am qualified for the office of County Treasurer.

My record speaks for itself, and if you can consistently support me in the coming election it will be appreciated.

Yours very truly,
Ramaldo Duran.
