

Benefit Program

Following is a tentative draft of the program to be given at the Community Hall, Saturday, Nov. 24, at 8 p.m., for the benefit of the Athletic Department of the Carrizozo Schools. The program will be in three parts; substantially as follows:

1. Song by all present—"The Long, Long Trail," led by the High School Glee Club, with Miss Alene Thompson in charge. The song will be printed in an issue of this paper and on the program. Those who do not sing will have to pay a penalty.

2. Introducing the H. S. Basketball teams, boys' and girls, by Prof. J. M. Helm of the Carrizozo Schools.

Remarks by the Mayor or a member of the city council.

4. Prof. A. D. Boucher of the Corona Schools will be asked to make a short address, and also will be requested to take a place on the program with Mrs. Boucher and sing.

5. Prof. C. V. Koogler will be asked to furnish a number from his school.

6. Song by the High School Glee Club.

7. Dance (at present in the making.)

Intermission for lunch to be served by Miss Marie Delp and the Domestic Science Class of the Carrizozo Schools. Lunch will consist of sandwiches, coffee and lemonade and will be sold and the proceeds covered into the general fund.

Dance for those who care to indulge at 10 cents per.

The program will last from 8 to 12 p. m. Admission will be 25 and 50 cents, the entire net receipts will be turned over to the Athletic Association.

A committee will be in charge of the entire program assisted by the town of Carrizozo. This will be Old Home Night for the boys and girls who carry into their activities the ambitions and hopes of Carrizozo. Folks generally are invited to put into it the same spirit they expect the teams to display when they go into action.

Committee.

1
Nights are growing very lonely,
Days are very long,
I'm growing weary only,
Listening for your song.
Old remembrances are thronging
Through my memory,
"Till it seems the world is full
of dreams,
Just to call you back to me.

Chorus

There's a long, long trail a
winding,
Into the land of my dreams,
Where the nightingales are sing-
ing
And a white, moon beams;
There's a long, long night of
waiting
Until my dreams all come true
Till the day when I'll be going
down that long, long trail with
you.

2

All night long I hear you calling,
Calling sweet and low
Seem to hear your footsteps
falling,
Ev'ry where I go;
Tho' the road, between us
stretches,
Many a weary mile
I forget that you're not with me
yet,
When I think I see you smile.

After Election: The Happy Warriors

Result of the County Election

The election Tuesday, as far as the county is concerned, was the result of a campaign free from mud-slinging and conducted in a modest, fair and square manner by the county organization headed by J. V. Tully, chairman and S. W. Kelsey, secretary. Mr. Kelsey led his candidates over the county and appeared with them at every meeting. His earnest efforts and hard work, going many nights without rest, should not be overlooked and the good work, wherein he was always on the job, told in the winding up of the campaign with all candidates on the Republican ticket elected except R. A. Duran, for the office of treasurer. Below, will be found the result which is truly gratifying from a Republican standpoint.

Office	Candidate	Total Votes	Majority
Representative, 16th District	T. J. Simer, R	985	
	Mrs. Marie Cavanaugh, D	1810	325
Commissioner, 1st district	Allie F. Stover, R	1275	238
	W. B. Rose, D	1047	
Commissioner, 2nd district	Earl Rountree, R	1812	309
	Lon Jenkins, D	1003	
Commissioner, 3rd district	Chas. F. Grey, R	1251	179
	H. D. Jackson, D	1072	
Probate Judge	Elerdo Chavez, R	1252	203
	John Kimbrell, D	1049	
County Clerk	S. E. Greisen, R	1274	214
	Mrs. Zoe Glassmire, D	1060	
Sheriff	John E. Brady, R	1270	205
	E. W. Harris, D	1065	
Assessor	Meyer J. Barnett, R	1169	5
	John L. Bryan, D	1164	
Treasurer	R. A. Duran, R	1057	
	M. B. Paden, D	1278	221
School Superintendent	Mrs. Alice Franch, R	1227	117
	Mrs. S. H. Nickles, D	1110	
Surveyor	A. H. Harvey, R	1356	387
	G. C. Brown, D	969	

The above figures are complete with the exception of Encinosa, the result of which was taken from the books by watchers before the box was locked and will be opened by the Commissioners tomorrow morning at the courthouse. The reason for this is, that the keys were accidentally left inside the box when it was locked and the same cannot be opened until the Board meets.

Ft. Stanton News

A good many of the local hunters are cleaning up their guns in anticipation of the deer and turkey season. November this year sees two big events — election (now over) and big game hunting. Normalcy should return after the twentieth.

Dr. O. I. Nesbit and family left Sunday morning for Espanola, where Dr. Nesbit will be connected with activities of the U. S. Indian Service. His many friends wish him success in his new work. Dr. Nesbit was manager of the local ball club last year and has been the Outlook's correspondent at the Fort for about two years.

Mrs. L. H. Merrill had the misfortune to lose a pocket book at the polls in Lincoln Tuesday containing nearly \$100.00. The name "L. H. Merrill" appeared on the face of the pocket book and it is hoped that the finder will return it to either Mr. or Mrs. Merrill at the Fort. A liberal reward will be given to the person returning the same.

Mrs. W. H. Hendren, who is visiting here, will return to her home in Tulsa, Okla., Sunday.

All local radio receivers had plenty of listeners to the final campaign speeches this week and Tuesday afternoon and night all who could gathered to hear the returns from the election. Reception for the most part was very good.

A preaching mission conducted by the Very Reverend H. R. A. O'Malley, Dean of St. John's Cathedral of Albuquerque, at the Chapel of our Redeemer at Fort Stanton, beginning Tuesday at 7 p. m., Nov. 13 to the 16th inclusive. The Dean will preach at Lincoln on the evening of Nov. 15. A cordial invitation is extended to our friends and neighbors. — Milton J. Swift, Chaplain, U. S. Marine Hospital, Fort Stanton, New Mexico.

Change in Management at the Crystal Theatre

A change took place this week at the Crystal Theatre, whereby T. J. Pittman of Cloudercroft assumed management and J. C. Burkett retiring.

Mr. Burkett has managed the Crystal for about two years, during which time he has given the public the best of service in his power, and it has been appreciated by our people, but school work has taken up so much of his time that there was none left to devote to the theatre, hence his retirement and the change mentioned above.

Mr. Pittman, the new manager, has been conducting the theatre in Cloudercroft during the summer season, and will probably conduct the same next season, as his contract here will expire next June.

Mr. Pittman was accompanied by his son, who, like his father, is an operator, and well acquainted with the business. The remainder of the family, Mrs. Pittman and daughters, will come to Carrizozo about the first of the coming year and will make Carrizozo their home. We wish the Pittmans the best of success and extend the hand of welcome.

Crystal Theatre

T. J. PITTMAN, Mgr.

Friday-Saturday—Monte Blue and Betty Bronson in "BRASS KNUCKLES." Also a 1-reel "Snap" comedy.

Sunday - Monday — Warner Baxter in "The COWARD," and 2-reel comedy, "O ur Gang." Matinee Sunday at 2:15 p. m.

Tuesday - Wednesday—H. o t Gibson in "Wild West Show." Also Felix comedy and Pathe News Reel.

Thursday — Greta Garbo in "The Divine Woman." Also a 2-reel Stern comedy.

Republicans Hold Watch Meeting

JOYFUL Republicans and friends who had assisted in making the election successful for the ticket, assembled at the Republican Headquarters Tuesday night to receive the returns which kept constantly coming in and rolling up the majorities one after another.

The Republican Woman's Club provided the watchers with sandwiches, doughnuts and other good things to eat, and E. H. Sweet, proprietor of the Carrizozo Eating House, the King of Good Coffee Makers, provided that luxury for the vast throng.

Many Republican beds were empty until the early morning hours, and many went to their places of business and toiled the following day, without wink of sleep or a period of rest—but it was worth it, and we would do it again.

The County Republican candidates, with one exception, have every reason to be proud of the handsome vote they received. They have nothing to regret, but on the other hand, will rest content in the fact that they conducted a clean campaign and won with hands down.

As to the good showing they will make, it is a foregone conclusion that they will end their terms with full satisfaction to those who have expressed confidence in them by electing them to the various offices.

The state ticket went over the top with pluralities ranging from 10,000 to 15,000 which was a rebuke to the many falsehoods hurled at the Dillon administration and Senator Bronson Cutting. All over the state, a clean campaign was waged by the Republicans and they have nothing to regret nor apologies to offer. The state is more than safely Republican and will continue the good work of boosting New Mexico.

6 o'Clock Sunday Dinner at R. C. Sowder Home

Last Sunday, Mr. and Mrs. R. C. Sowder entertained a number of their friends at a 6 o'clock chicken dinner at their ranch home. Those present were: Mr. and Mrs. E. H. Sweet and daughter Louise, the Misses Mae Brown and Alice Wilson, L. A. Whitaker and Edwin Lewis.

Mrs. Morris at Hot Springs

J. F. Morris of Capitan came over today from Hot Springs, where he took Mrs. Morris for treatment for rheumatism. Mrs. Morris will remain at the springs for several weeks.

Comfy Pajamas for Coeds

By JULIA BOTTOMLEY

As a lounging and daytime robe, it is often made quite long so that it serves somewhat in the capacity of a kimono. This is true of the youthful model shown to the right. This ensemble combines pastel blue silk crepe with striped crepe which features several dainty shades.

Perhaps the most interesting innovation as regards fabrics used for lounging robes and coolie coats is the adoption of sheer dainty woolsens for their making. Chief among these is old-fashioned challis, which has become very new-fashioned only just recently. Challis with its quaint pretty patterns is especially apropos for the schoolgirl negligee.

Of course, a gay coolie coat belongs in every collegiate wardrobe. Hand-painted satin types are especially pleasing, and some of them present a gorgeous spectacle of flowers and birds and figures. The newest is the modernistic patterning which paints cubes and triangles in high color, outlining these with gold bronze.

Another item of comfort which especially fills the needs of the young girl at boarding school or residing in college dormitory is a cunning little bed jacket. Some of them are designed very simply of dainty colored French flannel. Others are quite elaborate. For a Christmas gift to the coed nothing could be lovelier than a pastel taffeta bed jacket with hand-quilted border.

(©, 1934, Western Newspaper Union.)

Tasty Egg Sandwich

Mix hard-boiled egg, finely chopped, with mayonnaise dressing and spread on slices of buttered bread, preferably Graham. Chopped olives may be added to the egg mixture if it is desired.

Warm Clothing for Children

(Prepared by the United States Department of Agriculture.)

Winter months, especially north of the Mason and Dixon line, mean weather so much colder that a definite change to warm clothing must be planned for all the members of the family, if they are to keep well and feel comfortable. Warm washable dresses may be made of some of the heavier close woven cotton fabrics such as plique or broadcloth.

Simple Little Dress.

Light-weight wool material may be preferred. Washable wool challis, all-but, and wool georgette are all practical. While these materials will require washing from time to time they may clean several days if protected with aprons while at play and fewer garments are needed in the wardrobe.

The bureau of home economics suggests this simple little dress, made with raglan sleeves for comfort and width across the chest and back. Fullness is provided by taking four large pleats in front. The wide collar is in two parts. They are bound with a bias binding harmonizing with the colors in the fabric. Binding is also used on the cuffs. One button and a loop make the fastening. The material in this case is a wool challis having red and blue figures on a tan background. Since this dress does not have bloomers to match it is made two inches longer than if it were with bloomers of the same material. Separate bloomers of saten or Jersey harmonizing with the tan background of the fabric would be suitable.

MAY REPRODUCE RADIO RECIPES

(Prepared by the United States Department of Agriculture.)

Radio casts a ray of light into the lives of the blind. Among the most enthusiastic radio listeners are the persons for whom the light has faded and who must depend upon touch and sound to "see" the world in which they live.

Now radio is teaming up with Braille, the special form of printing for the blind, just as radio and the usual sort of printing have gone together in educational programs for persons of normal vision.

"Aunt Sammy's Radio Recipes," a cook book issued by the radio service and the bureau of home economics of the United States Department of Agriculture, will be reprinted in Braille if the wishes of blind-women listeners are followed.

"A group of blind women from different parts of Michigan who recently met at the biennial convention of the Michigan Association for the Blind, have asked to have 'Aunt Sammy's Radio Recipes' reproduced in Braille." Charles F. F. Campbell, director of the Detroit League for the Handicapped, has written the Department of Agriculture.

The league, which has a small fund for reproducing in Braille reading matter for the blind, is considering the publication of the radio cook book in special Braille edition for the blind readers. Some 185,000 copies of "Aunt Sammy's Radio Recipes" have been distributed to listeners of station broadcasting the department feature for home makers—the "Housekeepers' Chat," a daily program supplied to some 100 co-operating stations.

TIMBALES WITH VEGETABLES

Timbales made with vegetables are suitable for a nice lunch or supper. Like all custard mixtures, timbales should be baked at low temperature. These directions for spinach timbales are from the bureau of home economics.

- 4 eggs
- 1 cup milk
- 1 cup finely chopped spinach
- 1 tablespoon melted butter
- 1/2 teaspoon salt
- dash of pepper

Hard-cook two of the eggs and chop fine. Beat the other two eggs, add the milk, cooked spinach, chopped hard-cooked eggs, melted butter, salt, and pepper to taste. Pour the mixture into greased custard cups and cook in a pan surrounded by water in a medium oven for 25 to 30 minutes. When set in the center, remove, and serve hot.

Some Good Things to Eat

By NELLIE MAXWELL

Remove the yolks of four hard-cooked eggs, mash and add two tablespoons of fine bread crumbs; chop the whites and add one and one-half tablespoons of chopped red pepper. Put into a saucepan four tablespoons of butter; when melted add the egg mixture and cook until smooth, adding a little cream. Add one cupful of crab meat; season highly and serve on circles of bread, toasted and buttered.

Fruit Nestle.—Squeeze the juice from six oranges after grating the rind from three. Add one pint of juice, pressed from canned raspberries and one cupful of sugar; stir until dissolved over heat, but do not boil. Cook the grated rind in one pint of boiling water for a few minutes, then strain. When cool add the fruit juice. Dilute with an equal volume of ice water. Fill tall glasses and add a dash of ginger ale to each. Garnish with fresh berries if at hand.

Chicken Pie.—Stew a chicken until tender with an onion or clove of garlic and boiling water to cover. Remove the large bones and lay the chicken into a baking dish, cover with the broth and small baking powder biscuit. Bake in a hot oven. Just before serving add one cupful of good rich cream.

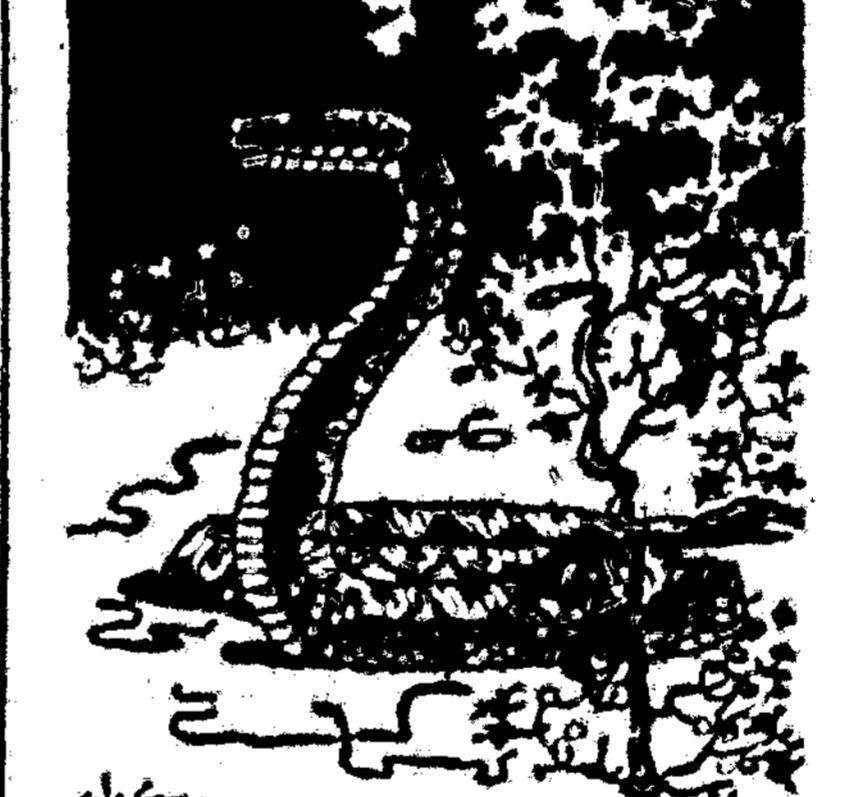

Pepper Hash.—Chop twelve large red and twelve green peppers, removing the fiber and seeds. Peel and chop twelve small onions, then add boiling water to cover. Let stand five minutes and drain. Cook three pints of vinegar, three tablespoons of salt, two cupfuls of sugar and add the vegetables; boil up once and turn into sterilized jars. Seal.

Baked Apple Salad.—Peel and core one-half dozen apples, fill with sugar and put into the oven to bake or stew in a little water on the top of the stove. While cooking add a few cinnamon drops to color the apples. Cook until tender but not broken. Place on lettuce, all the centers with chopped celery and almonds. Serve with a rich salad dressing.

Roll Jelly Cake.—This is a cake everybody enjoys. Take three eggs, beat very light, add one cupful of sugar, a pinch of salt and two tablespoons of water (cold). Add the sugar to the beaten yolks and stir until dissolved—the cold water will carry this. Add one cupful of flour sifted with two teaspoons of baking powder. Then fold in the stiffly beaten whites of the eggs with any desired flavoring. Bake in a dripping pan well greased. Turn out on a towel wrung from cold water. If the

"Quite right, my dear, you may go to the head of the class, as the teacher says in school, for you're bright little snakes."

"But they weren't frightened any more. They heard a little girl go by singing, but they liked her song, and

"You Know Just What to Do."

this was what they heard—in fact it soothed them to sleep:

Of all the months in all the year, I love October best. The trees are red, the air is clear It fills me full of zest.

I love the hills which seem so near, For nuts I go in quest. The wild geese overhead I hear, And Jack Frost is our guest.

(©, 1934, Western Newspaper Union.)

Vary Meals With Changing Weather

Few people are so foolish as to wear heavy clothing when the mercury mounts and moun, but many eat food during hot weather which is just as out of place and inconsequent as would be furs and woollens out of season, says the Farm Journal. Vary the meals with the changing weather. About the same amount of food is needed in summer as in winter, but it is better to serve less meat and more milk, cheese and eggs during that period. Plenty of vegetables are not only tempting when appetites lag, but healthful as well.

WORK OF THE "TESTING CIRCLE"

Comparing Value of Two Vacuum Cleaners.

(Prepared by the United States Department of Agriculture.) One activity which has become popular in connection with home demonstration club meetings is that of the "testing circle," by which the merits of various kinds of household equipment can be tried out under home conditions. Labor-saving devices of all kinds interest the farm homemaker, and if she can have an opportunity to see whether a given article answers her special needs she is in a position to know whether or not to invest in it. Sometimes manufacturers or retailers loan the articles to a home demonstration club to be tested, and sometimes one of such type is purchased and tried in turn by those interested. A Virginia woman is comparing two vacuum cleaners before making her selection.

SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1876, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings. The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your druggist, or write "Syrup Pepsin," Dept. B, Monticello, Illinois, for free trial bottle.

Aerial Taxis Predicted

Will buildings in American cities continue to be built higher and higher? Architects say yes, that in the cities of 1975 the buildings will rise half a mile into the air. Air taxicabs will be rigidly supervised by the traffic department and because of so much air travel and high-rise living, there will be public oxygen baths in the parks. Copper's Weekly.

Los Angeles Boy Needed Help

Leroy Young, 1116 Georgia St., Los Angeles, is a "regular fellow," active in sports, and at the top in his classes at school. To look at him now, you'd think he never had a day's sickness but his mother says: "When Leroy was just a little fellow, we found his stomach and bowels were weak. He kept suffering from constipation. Nothing he ate agreed with him. He was fretful, feverish and puny."

"When we started giving him California Fig Syrup his condition improved quickly. His constipation and biliousness stopped and he has had no more trouble of that kind. I have since used California Fig Syrup with him for colds and upset spells. He likes it because it tastes so good and I like it because it helps him so wonderfully!"

California Fig Syrup has been the trusted standby of mothers for over 50 years. Lending physicians recommend it. It is purely vegetable and works with Nature to regulate, tone and strengthen the stomach and bowels of children so they get full nourishment from their food and waste is eliminated in a normal way. Four million bottles used a year shows how mothers depend on it. Always look for the word "California" on the carton to be sure of getting the genuine.

A Trying Day

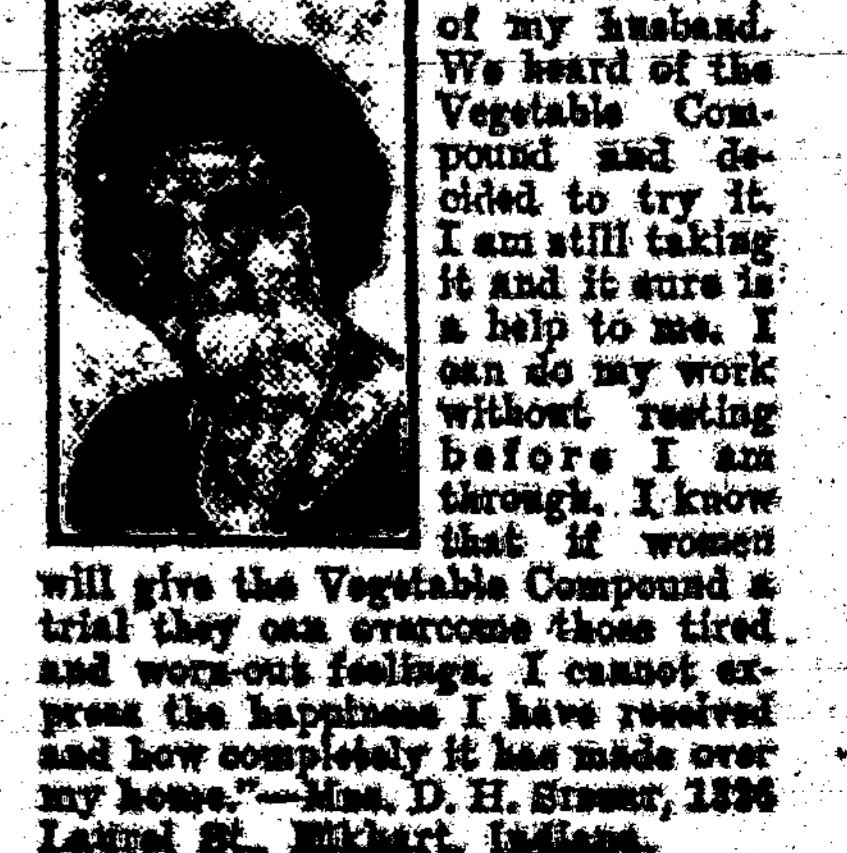

"Your nurse has a contagious smile." "That's why I keep her in the anteroom," stated the harassed doctor. "It won't hurt some of my patients to catch it."—Louisville Courier-Journal.

When competition ceases, "federal commissions" will be asked to regulate.

COULD NOT GET OUT OF BED

Lydia E. Plakham's Vegetable Compound Strengthened Her

Elkhart, Ind.—"I had a tired feeling and was unable to get out of bed without the help of my husband. We heard of the Vegetable Compound and decided to try it. I am still taking it and it sure is a help to me. I can do my work without tiring before I am through. I know that if women will give the Vegetable Compound a trial they can overcome those tired and worn-out feelings. I cannot express the happiness I have received and how completely it has made over my home."—Mrs. D. H. Brown, 1236 Laurel St., Elkhart, Indiana.

EDITORIAL COLUMN

The Political Result

The election last Tuesday resulted in the most decisive defeat for the standard-bearer of the Democratic party, Governor Al Smith, that has ever been known in the history of this country.

In the victory, the Republican party claims no victory for itself other than that its candidate headed the ticket and his experience, intelligence, patriotism and many other becoming qualifications made him an ideal candidate to place before the people. In his campaign, he offered no abuse to his opponent, but on the other hand, he devoted his time to campaign issues which involved things of vast importance to the future welfare and happiness of our nation as a whole, in words that endeared him to the hearts of everyone who heard him.

The victory, as we have said, was not the result of the Republican party alone. There are many good Democrats and members of other political parties to whom credit belongs. We have idle men in this country; we always will have, but the fact remains that this country is enjoying prosperity and the question arose, why change a certainty for an uncertainty? The Republicans had nothing to change for, but those of other parties joined them in the expression of confidence.

Gov. Smith's affiliations with Tammany was a strong factor in his defeat. Another was his views on immigration; another, his lack of knowledge of the west and its needs. In his campaign, he would say things at one place and deny them at another, all of which caused him to lose ground rather than to gain. His repudiation of the platform which was built for him to uphold, was another factor in his defeat, principally was it so in repudiation of the upholding of the 18th Amendment of the Constitution, all of which formed a huge monkey wrench which he threw into his own machinery and accomplished his defeat.

As we predicted in our editorial of Nov. 2, the cause of the unprecedented registration over the country was due to the mothers and daughters of America who were determined that the saloon should never return. They believed that Hoover would stand by the Constitution, while they dreaded that Gov. Smith would work for its nullification. Due credit must be given to the womanhood of this country for their activity and aid in bringing about this wonderful victory.

In the result, Tammany has lost another opportunity to gain a foothold on this government and the everlasting fact remains: the flag of this country waves more gallant, the stars and stripes shine more brightly than ever before.

CAPITAN NEW MEXICO

Outwears 4 to 5 Casings

The service life of Polson Super Tubes is four to five years. To put it another way, it will probably last as long as you drive your present car, and will outwear at least four to five sets of casings. This means that by the mile or by the year Polson Tubes are the cheapest you can buy. In addition, they will increase your tire mileage 25% and maintain air pressure evenly for months.

Self-Seals 95% of All Punctures

The cross section at the left shows the heavy inner tread of Polson Super Tubes, highly compressed when the tube is inflated. This cushion-like tread self-seals 95% of all punctures.

Low Cost

In spite of all these advantages Polson Tubes cost no more per mile than old style tubes. It will pay you to investigate.

Revenge is Sweet

Two strong, handsome Slav girls who work as domestics were comparing notes. "Missus is fine, but Mister is very cross," said one. "He is?" "Yeah, but I get even with him." "What do you do?" "Every time he scolds me I put starch in his handkerchiefs."—Youngstown Telegram.

Christianity Means Emancipation From Thrall-dom of Superstitious Fear

By BISHOP JAMES E. FREEMAN (Episcopal).

WE HAVE been reminded in certain quarters of late that the teachings of Christ place large limitations upon life, that they produce a form of slavery and restricted freedom of action. There is certainly nothing in the words of the great Master to confirm this. He declared that He came to usher in "the more abundant life." He contended with the narrow churchmen of His age for their ungenerous and repellent systems, and sought to make evident to men the value of a religious habit and practice both appealing and life-renewing. There is urgent need that the youth of our generation should be made to understand that the Christian life as conceived by the Master is designed to enrich and emancipate men from the thrall-dom of superstitious fear and burdening anxiety. In one of the most remarkable utterances of Jesus he said, "Ye shall know the truth and the truth shall make you free." It was the inspiration of such teaching that prompted the early disciples, in speaking of their new-found faith, to characterize it as "the liberty wherewith Christ hath made us free." They preached this liberty to men and women who all their lifetime had been subject to bondage through fear. It was such preaching and teaching that wrought a change in the habits and practices of men as had not been known before.

Christianity stands today as the sponsor and guardian of human liberty. Its ideals, carried into the common things of everyday practice must effect finer conditions of individual and social life and contribute mightily to the happiness and peace of mankind the world over. Christ is the exponent of a philosophy of life that bears immediately upon our dearest and finest interests. To accept such a philosophy and live by it means to recognize plan and purpose as well as objective in the scheme of life. It means to make the part we play indispensable to the outworking of an orderly universe. It means to see in the cumulative effort of life the gradual consummation of our highest hopes and expectations. It means to see at the end of its way the dawn of a better day and the attainment of life's supreme aim.

Only Reasonable for Mankind to Believe That There Is a Life After Death

By REV. JOHN A. VOLLENWEIDER, New York (Methodist).

While I do not put much confidence in immortality on the basis of future rewards to be obtained, or think of heaven as a fire escape from hell, there is, I believe, available for all men the power of endless life. Some men deny the fact of immortality on the grounds of reason and lack of scientific verification and also on the grounds that it is "wish thinking," based on emotional and not on intellectual reaction. Others, frankly in doubt and confused, say "I do not know." On the other hand, the reasons advanced by some people for belief in immortality bring the question of life after death into disrepute because a life after death, consisting of blissful, inactive enjoyment with a generous supply of golden harps, angelic choirs, crowns and golden streets, is certainly far from attractive to thoughtful people.

Emphasis has been given also to so-called communications with departed spirits, but the evidence is slender. Psychology has given scientific explanations of many phenomena once puzzling to the human mind. It is, however, reasonable that any demand as persistent and universal as is the demand for immortality be satisfied. It is reasonable that there be life after death.

Without immortality life would be characterized by futility and mockery. The hope of ongoing life extends our whole conception of the worth and dignity and significance of human life.

Divinity of Mankind Can Be Relied On to Overcome Present-Day Ills

By DR. GEORGE GILMOUR (Unitarian), Denver.

The feelings of mankind instinctively revolt against any system of thought that threatens to lower the dignity of man. Hence the mechanical theory, the reduction of man to a mere machine, has evoked a great protest from those who behold their spiritual aspirations threatened.

The results achieved in the course of evolution naturally lead up to identify the creative power with the mighty forces and capacities of nature that explain the perpetual life and growth of plants, animals, man and ideals. This cosmic order is a wonderfully sublime order and there is evident progress toward the higher in the world.

The religion of Christianity and evolution makes it clear that man is endowed with divinity. Of self-seeking intrigue in politics and an increase in loose living in domestic relations, there is no need for despair. There is enough moral and spiritual power resident in the human beings of this generation to create mankind.

The normal human being has a wholesome admiration for justice, honesty, truthfulness, forbearance, good will, unselfishness, and these are the advance guards of life.

A revival of the true religion of Jesus will come when the moral law has a sufficient voice in the life of the churches and church leadership pledges itself to make men more keen for truth.

Enlightened Systems of Education Have Largely Done Away With Truancy

By CHARLES L. MOSHER, New York Educational Director.

Adjusting the school to the various types of children—rather than adjusting the children to the school—is part of the system of education as developed by the state departments of education.

Not very long ago a child was subject to an inflexible course of study from the first grade to high-school graduation; and in that period education literally was shoved into his head, no allowance being made for mental ability or emotional adequacy.

But this system, after years of study, has changed and will continue to change. Adjusting every year of school to the child means greater power. There are as many different personalities as there are children and as many stages of native capability. Today we do not ask a boy to absorb more than he has power to, and thus we avoid the conflict and the rebellion bred in the old system.

The wider scope of the educational objective has also solved for the most part the truancy problem. We are still troubled to some extent by such factors as foreign-born parents and economic hardships making for illegal absence, but the transient of the old type who stayed out of school as an expression of rebellion against the order of things has disappeared.

Snake-Saving Campaign To save harmless snakes from being killed by small boys, hunted by plentickers and destroyed by farmers, C. Edward Roehrig, a California physician, has started the Herpetological Society of California. Signs have been placed along the road in the society's educational campaign informing the public that the only dangerous snake indigenous to the state is the rattler and that all others should be spared because of their economic value.

Mrs. James A. McClintock's Appeal For Her Child

"My little girl, 2 1/2 years old, has trouble with her stomach and bowels. She runs a fever and her passages are green—just acts like a bilious attack. I am thinking of giving her Milk's Emulsion. Please send me special directions for children. March 22, 1923."

"My little girl has not had any more of those attacks since I started giving her Milk's Emulsion, and she didn't have but one cold all last winter and played out every day. She is 3 1/2 years old now and just getting along fine. Emulsion has built her up in every way, and I want to thank you for your advice. I will always talk for Milk's Emulsion whenever I can." Yours truly, Mrs. Jas. A. McClintock, May 9, 1924, 1930 N. Beverly Ave., Indianapolis, Ind. Guaranteed by all druggists to give satisfaction or money refunded. The Milk's Emulsion Co., Terre Haute, Ind.—Adv.

We Beg Pardon

In our last issue, we made an error in the call from the Republican Woman's Club, the error appearing in the first line of the call, which read: "Carrizozo Woman's Club," when the same should have read: "Republican Woman's Club." The call, nevertheless, was signed, "The Hoover Woman's Club" at the foot of the call, but we apologize for the error in the first line.

Judge Norton Here

from Jearilla last Wednesday, getting election returns, also attending "Rookies," featuring the inimitable Karl Dane at the Crystal Theatre.

Expression of Thanks

The judges and clerks of election wish to express their appreciation to Mesdames Ira Greer and C.M. Lucky for the delicious pie and coffee they brought to them on election day.

Here from Los Angeles

D.R. Catlin and family arrived in Carrizozo Monday from Los Angeles, where they have been for the past six months. They arrived at their home near Jearilla in time to vote the Republican Ticket—Straight.

Here from Lincoln

Hilario Maez, Salomon Garcia and Bernardo Salazar came in Wednesday morning with the Lincoln ballot box, these boys being judges of election of that precinct.

Up from Oscura

Mr. and Mrs. Chas. Thornton, Mr. and Mrs. Ira Robinson and Judge S. H. P. (reva) were Carrizozo visitors Tuesday evening and helped to swell the big crowd at the Republican Headquarters, where the election returns came in.

Assisting Assessor

Mrs. Henry Jones is assisting in the office of Assessor John L. Bryan for the remainder of this year, Larry Dow, the assessor's assistant having left for Lincoln to spend his vacation with home folks.

Cheap Apples

Windfalls, 25c per box
Sound Apples, \$2 per box
Allbraugh orchard, 6 miles southwest of Capitan.

Mrs. Coe is Grateful

To the voters of the 18th Senatorial District I wish to express my sincerest appreciation for the support given me in the recent election, and as a Representative in the Legislature I hope to prove worthy of the confidence you have expressed.

Mrs. Louise H. Coe.

The King of Kings, Crystal Theatre, Nov. 16-17

Beautiful and Reverent

Aye - inspiring, uplifting, is this remarkable story all the world has ever known—the martyrdom and crucifixion of Jesus. An immortal, emotional, reverent drama of the Christ—the motion picture of the century—pre-eminently the greatest picture ever shown in the screen. Supreme in theme—gigantic in execution—magnificent in investiture—every Biblical character of the Passion superbly portrayed—acclaimed by world-famed divines—this is the truth, the Picture of Pictures.

Show Appreciation

It is very evident that in the recent election, the Spanish-Americans of the state of New Mexico, both Republicans and Democrats alike, showed a keen appreciation for what the Republican party did for them at the State Convention at Albuquerque last July. In this county, spokesman Isidoro Armijo asked the various Spanish-American audiences that he addressed: "What else do we want, fellow citizens? We have been recognized in an equal manner."—His words were truthful beyond a doubt, and these citizens responded with ballots for the Republican party in general.

The Junior Woman's Club

will meet with Miss Lois Stadman this afternoon; all members are expected to be present. We will have our year books out soon.

Five o'Clock Dinner

Mrs. E. F. Gensler of Fort Stanton will give a 5 o'clock dinner at the Buena Vista Hotel at Capitan, Saturday, Nov. 10, in honor of Mrs. Hendren, who is visiting her son, W. C. Hendren at the Fort. Mrs. Gensler will entertain.

Woman's Club

The Carrizozo Woman's Club will meet at the home of Mrs. R. E. Lemon Friday afternoon, Nov. 16.

New Ford Details

Absolute uniformity of service on the new Ford Model 'A' cars and Model 'AA' trucks is being maintained by the Ford Motor Co. through a plan which involves the training, in the Ford plants, of 10,000 garage mechanics.

The Ford branch plants, and the Detroit factories, have assumed the character of a gigantic training school, to which every Ford dealer in the United States is sending one or more representatives.

This school for service men began with the training of superintendents and foremen of the 36 branch plants of the company in the United States. Before the Model 'A' Ford car was introduced, these men from the branch plants were being schooled, in the Ford factories near Detroit in the manufacture and assembly of the new car. They returned to the 36 Ford branches and immediately began the training of men for dealers in their respective localities.

The men came in relays, each group as large as the branch house can handle conveniently. The groups are purposely kept small, in order that the most intensive training can be given. Each man is put through the same course given the branch man at Detroit, and upon its completion is given a vigorous examination. This examination includes many points about the car which might not be considered essential, from the service man's viewpoint. The Ford Company is requiring complete knowledge of the car on the part of every dealer's service men.

Failure to make a passing grade means that the man has to take the entire course again. If he fails a second time, he is sent back to the dealer with the suggestion that he is not considered qualified to give Ford service; whereupon, the dealer sends another man for the next training school session.

This requirement for trained service men extends to every Ford dealer, no matter how small his establishment may be. Many dealers have sent two or more men to the branch for training. Upon passing a satisfactory examination, these men return to the dealer's shops and pass on to the entire shop organizations the same careful instruction given at the branches.

Here from University

Miss Evelyn French came home yesterday from Albuquerque, where she is attending the State University. She was accompanied by Mr. and Mrs. A. H. Kuder who came in from Chicago, and stopped off at Albuquerque on their way here, and will remain at this place for the deer hunting season. Miss French will remain at home for a few weeks before returning to the 'U.'

Miss Helen Rolland at Home

she came in Wednesday from Los Angeles, where she is attending the St. Vincent Nurses' Training School. Miss Rolland will remain at home until after the holidays, after which she will return to her studies at the above-named institution.

Talks About Oil Well Drilling

In a letter to D. L. Byron concerning the leasing of lands in this part of the state for oil drilling purposes, Mr. E. F. Jones, formerly of Oscura, but now located at Inglewood, Calif., says: "Dear Mr. Byron:—

I have just been down town and had dinner with E. H. Short. He told me you were getting leases for him

and I want to tell you what I know about him.

I worked in his office in Long Beach when I first came to California, and we worked together on the third oil well that was drilled on Signal Hill. Have been in several other deals with him and can say he is one of the straight, dependable men in the oil game.

We have all been looking forward for years to having a well drilled in that country and now there is a good opportunity. Hope no one will hold back on giving a lease, for if there is oil there we will all be well paid, and if there is no oil, no one is hurt. Wishing you success and with best wishes

Yours truly,
Eugene F. Jones.

Here from Santa Fe

Mr. and Mrs. Chas. Spence, daughter Virginia and son Chas. Jr., came over from Santa Fe last Friday, stayed over until Thursday, leaving for home in the afternoon. While here, Mr. and Mrs. Spence voted and assisted in rolling up the majorities for our candidates.

"UNIVERSAL PROVIDERS" CARRIZO, N. M. ESTABLISHED in 1886

Cheerful "Meya"

Trailing some 60 something votes behind on election night and a 'close second to Al Smith,' as he put it, Meyer Barnett, Republican candidate for assessor was the most cheerful man this side of the Mississippi river. His defeat was conceded that night by many, but when the sun peeped up on top of Carrizozo mountain next morning, Meyer had descended from his grave on the short end with 8 votes, but still smiling. Meyer is our next county assessor by a slim majority, and we can say for this boy that he is a game loser and a modest winner.

Here from Capitan

County clerk-elect S. E. Graisen and mother, Mrs. Fisher were here from Capitan Wednesday. Ben is well satisfied with the majority he received in the recent election and wishes to thank the voters of Lincoln County for their support given him.

See our beads and costume jewelry at the Outlook Art & Gift Shop.

Back from Fort Worth

Carl E. Degner returned the latter part of last week from Fort Worth, Texas, where he has been for the past month conferring with certain parties interested in the Real Del Monte Metals Company, now operating the Red Cloud mine at Gallinas. Mr. Degner reports that an additional crew will soon be put to work at the mine for the purpose of sinking the main shaft from 200 to 500 feet level, where considerable drifting will be done in blocking out a large body of ore now uncovered. It is estimated that between \$25,000.00 and \$30,000.00 will be expended for this development work alone, which should be of considerable benefit to Lincoln County.

Pillow tubing, hemstitched for crocheting and stamped for embroidery. Pillow cases, large line to select from. All kinds of linen stamped goods at the Outlook Art & Gift Shop.

The Golf Club dance was a complete success, being attended by people from all over the county.
