

Divers Training for Submarine Rescue Work

Should there ever be another disaster like the sinking of the submarine S-4, a skilled group of navy divers, specially trained in Washington for submarine rescue work will be ready to rush to the scene. Daily, under the tutelage of men who worked on the S-4 and S-51 wrecks, recruits are trained to work in depths as great as 300 feet. The photograph shows Chief Torpedoman L. G. Michaels (center right), explaining the functions of a diver's dress to members of the rescue class.

Building President Hoover's Fishing Camp

View of the United States marine engineering camp on Fork mountain near the Rapidan river in Virginia, where President Hoover will fish during the summer months. More than 50 marines in charge of Capt. C. A. Phillips were building the President's camp.

Monument to Germany's War Dogs

Prof. Otto Richter, prominent German sculptor, with his fine monument to the Red Cross dogs who served heroically in the World war. The memorial will be placed either in the Tiergarten or Unter den Linden, Berlin.

He Is "Pigeon King" of Chicago

Harry Lane, treasurer of Orchestra hall, Chicago, has a hobby and it is named "The Pigeon King." For years as part of his daily routine he has never failed to feed the birds at least a pound of grain.

BREAKS DISCUS MARK

When it comes to spinning the wooden platter they call the discus, Ed Moeller of Oregon university is hard to beat. In a recent meet against the University of Washington he spun the discus 100 feet 1 inch, breaking the accepted world's record.

CLAIMS 155 YEARS

Chief Rafal Rabal, venerable Arab, who claims he is 155 years of age. He is keen of mind and remembers the details of an Arabian massacre of 1811. He remembers when George the third was king of England, when Louis the sixteenth was king of France, and knew Napoleon when he was only a young artillery officer.

Lesson for June 9

THE STORY OF THE RECHABITES (Temperance Lesson.)

LESSON TEXT—Jeremiah 35:1-19. GOLDEN TEXT—We will drink no wine. PRIMARY TOPIC—Strong to Do the Right. JUNIOR TOPIC—Loyal to Do the Right. INTERMEDIATE AND SENIOR TOPIC—Accepting a High Moral Standard. YOUNG PEOPLE AND ADULT TOPIC—Forms of Modern Persecution.

I. Who Were the Rechabites? They were Kenites of Hamath of the family of Jethro, Moses' father-in-law (Num. 10:29-32, cf. Judges 1:10). They entered Canaan with the Israelites. It seems that in order to preserve their identity they chose a nomadic life. Saul was considerate of them (I Sam. 15:6). They were characterized by:

1. Abstinence from strong drink (35:8). 2. Voluntary poverty (35:9). 3. A nomadic life (35:10).

II. The Rechabites Tested (vv. 1-5). In the days of Jehoiachin the Lord charged Jeremiah to bring the Rechabites into the house of the Lord and test them regarding the drinking of wine. This he did in a place where the people might behold them, the aim being to teach Judah by example. The father of the Rechabites had given the command that they should not drink wine. Their ill will should put to shame the children of Judah for their lack of obedience to their Heavenly Father. Jonadab, the father of the Rechabites, was only a man, but the commands which Judah disregarded were from the Almighty God, their Creator and Savior. They stood the test. They were loyal to the traditions of their fathers, even turning away from the luxury and degeneracy of Judah and maintaining their simple life. It is God's plan that every man be tested. Being a free agent, he can have character only through testing. It was for this reason that God placed Adam and Eve in Eden and permitted the devil to test them. While we should be concerned about the removal of temptation from men, we should be more concerned with showing them how to overcome it.

III. The Filial Loyalty of the Rechabites (vv. 6-11).

Though they were out of their own country and among a foreign people, they refused to drink wine, declaring that they had been true to the instructions of Jonadab all their lives. Obedience to his instruction had been practiced by the men, women and children. It is a fine thing when children keep in mind their fathers and render obedience to their commands.

IV. The Loyalty of the Rechabites Contrasted with the Disloyalty of Judah (vv. 12-16).

1. The appeal (vv. 13, 14). This appeal was made on the basis of the filial loyalty of the Rechabites. He reminded them that though their father had been dead a long time, the Rechabites remained loyal to his command. The prophet appealed to them not only on the ground of this example, but on the ground of God's earnest entreaty through the prophets.

2. The ministry of the prophets (vv. 15, 16). When the people failed to render obedience to God, He sent them prophets who pleaded with them to amend their ways by turning away from idols. Matthew Henry indicates the points of contrast as follows:

(1) The Rechabites were obedient to one who was but a man. The Jews disobeyed the infinite and eternal God. (2) Jonadab was dead long since and could not know of their disloyalty or correct them concerning it. God is all-wise, lives forever and will punish the disobedient. (3) The Rechabites were never put in mind of their obligations, but God sent His prophets who rose up early to remind Judah. (4) Jonadab left the charge, with no one to bear the expense of the charge, but God gave Judah a goodly land and blessed them in it. (5) God never tied up His people to any hard task as did Jonadab, but God's people disobeyed Him, while the Rechabites obeyed their father.

V. Judgment Upon the Jews for Disobedience (v. 17). God declared that He would bring judgment as pronounced against them.

VI. The Rechabites Rewarded for Their Loyalty (vv. 18, 19). Because they had been true to the commands of Jonadab, they should have continued representation before God.

Walk While Ye Have Light The people answered Him. We have heard out of the law that Christ shall rule for ever; and how sayest thou the Son of Man will be lifted up? Who is this Son of Man? Then Jesus said unto them, Yet a little while ye have the light, but darkness cometh upon you; for he that walketh in darkness knoweth not whither he goeth. While ye have light, believe in the light, that ye may be children of light.—John 12:34 to 36.

Saxophone Second to

Accordion in France

This year, 1929, marks the anniversary of the accordion. It is doubtful if even in its native Vienna, where the humble accordion first was devised by an instrument maker named Damain in 1829, the anniversary will attract as much attention as has been given to it in France. Never in all its 100 years has the accordion enjoyed such prestige with the "elite," the sophisticated, the wealthy, as it does today. Jazz music is responsible. The saxophone was not melancholy enough. The accordion was substituted. It is the instrument of the street, of the soloist, of the waltzes that are scorned as the ashes of the past on Montmartre, but still are flushed and gay with the breath of life in the corner bistro, where neighbors gather after nightfall; of the villages of the provinces, and of the airports where "at twilight the nostalgic spirits of sailors beneath foreign skies become drunk with its cajoling music and the simple music which brings back to them their faraway native land."

For your daughter's sake, use Red Cross Ball Blue in the laundry. She will then have that dainty, well-groomed appearance that girls admire.—Adv.

Crabs Four Feet Long

King crabs measuring four feet in length and even longer have recently been found in the Alaskan waters and they are being taken in great quantities and their meat shipped to the United States, where it is highly esteemed, as evidenced by a rapidly growing demand. The crabs are caught in nets sunk deep in the water of Cook Inlet, and when brought to the surface and dressed, the average yield of meat is six and a half pounds per crab. These are said to be far superior to the great crabs which have been taken from the Japanese waters.

Pretty Costly

Loneliness is the price the bachelor pays for his freedom. Loneliness is the price every one pays for selfishness.—American Magazine.

You can't conceal age, of course, but a little tinkering will make one better looking.

DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, head aches, and to break up fevers and colds. Get a bottle today, at any drugstore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial bottle, just write "Syrup Pepsin," Dept. BB, Monticello, Illinois.

For Baby's Tender Skin Cuticura TALCUM

The ideal powder for his daily toilet and for soothing his personal comfort. Daintily medicated and unexcelled in purity, it prevents chafing and irritation, and soothes, cools and comforts tender skin.

Sold everywhere. Talcum 25c, Soap 25c. Olusmet 25c. Sample each free. Address "Cuticura," Dept. 26, Malden, Mass.

MIDWEST MOTOR FUELS AND LUBRICANTS

It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctor's word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

Office Phone No. 24

EDITORIAL COLUMN

Uncle Ben Pankey

In the passing of this estimable gentleman and state official, New Mexico loses one of its foremost citizens and prominent officials.

Mr. Pankey was noted for his cheerfulness under all circumstances, and although possessing at one time an enormous tract of valuable ranch land, he lost it all, but instead of brooding over his loss and making his friends miserable by reciting his misfortunes, he joked about it and to all appearances, laughed it off.

His appearance on the platform among his political associates was always looked forward to, for the people could expect something good and humorous from Uncle Ben. This attitude in the face of what he had lost and the people well knew it, made him still greater and while it was not so intended on his part, gained him votes not only from those of his own party, but from the ranks of the Democratic party as well.

In naming his successor, Governor Dillon will have a task to perform in order to appoint one that will be his equal in all things. As it now looks, state chairman Ed Safford will be the appointee and the selection will be a good one. We, therefore, hope that the Governor will appoint Ed and also hope that Ed will accept.

Mine Activity

The editor of this paper made a visit to the Red Cloud group of mines in the Gallina mountains, which are being operated by the Real Del Monte Metals Co. There is considerable activity at this camp, as the main shaft of 200 feet is being completely rebuilt with solid cribbing, 6x6 timbers being used. Aside from this, which is almost completed, they are building a

large gallows frame, 40 feet high and at a cost of \$500.00; the power house is being enlarged to its double capacity for deep sinking of the shaft. Carl E. Degner, Pres. and General Manager, stated to the writer that his company expects to start regular shipments of ore to smelters in July, and expect to have a reduction plant at the mines inside of a year.

The Necessity of Mining

The Manufacturer:

Probably few people realize the extent to which our modern civilization is dependent upon metal mining. Without mines there would be no telephone or telegraph or electricity, no stoves or machinery or jewelry. There would be no medical instruments or any of the thousands of necessities and luxuries that play a prominent part in our industrial and social existence.

At the present time metal mining is in the midst of the most progressive age in its history. Scientific and engineering progress have resulted in higher recovery, overhead is cut and production increased. Executive genius is stabilizing the price and equalizing supply and demand.

Great industrial projects of many kinds have caused an unprecedented demand for the base metals. The result is high standards of employment at good wages and increased mining activity that is playing an increasingly important role in forwarding our epochal prosperity.

Facts About the Telephone

There are now five private telephone companies operating in Italy.

Great Britain now has telephone communication with eighteen foreign countries.

More than 1,000,000 telephone calls are made in the city of San Francisco every twenty-four hours.

Eight telephone cables have been placed in the Pennsylvania tube under the North River, New York City, since January, 1914.

An average of 326,000 telephone calls, including over 9,000 toll and Long Distance calls, are made every twenty-four hours in the city of Pittsburgh.

The 600,000th telephone was recently installed in the London telephone area which has more than one-third of the total telephones in Great Britain and Northern Ireland.

A total of 12,000 miles of telephone wire were added to the Bell System in the state of Wisconsin during 1935. This brings the total mileage within the state up to 1,236,000 miles.

Years of service in MODEL T FORDS

THE Model T was so strongly and sturdily built that it is still rendering reliable, economical service to motorists in every section of the country. Millions of these cars can be put in shape for two, three and five more years of use at very small cost.

So that you may have this work done economically and satisfactorily, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts. It will continue to do so as long as they are needed by Model T owners. The following list gives the approximate labor charges for reconditioning the Model T Ford:

Engine	
Tune motor (including replacement of commutator case, brush and vibrator points if necessary)	\$1.00
Grind valves and clean carbon	\$3.75 to 4.00
Overhaul carburetor	1.50
Refine detachable car transmission bands	1.50
Install new pistons or connecting rods	6.00
Tighten all main bearings	6.00
Overhaul motor and transmission	\$20.00 to 25.00
Rear System	
Replace rear axle assembly	2.50
Install universal joint	3.00
Refine brake shoes	1.50
Replace rear axle shaft, drive shaft piston, or drive gear	5.00
Rebuild complete rear axle assembly	\$5.75 to 7.00
Rebush springs and perches	1.75
Oil and graphite springs	3.00
Front System	
Overhaul front axle	\$4.50 to 5.00
Rebush spindle bodies and arms (both sides)	2.50
Replace or straighten spindle connecting rod	.75
Tighten radius rod or steering ball cap	.60
Tighten all sockets and joints of front end	1.50
Replace front spring tie bolt or new leaf	2.50
Straighten front axle	3.00
Chassis	
Replace rear fender	1.75
Overhaul steering gear	2.50
Repair muffler	1.00
Overhaul radiator	7.50
Repaint Coupe	25.00
Repaint Sedan	25.00
Repaint Touring Car	30.00
Rebuild Motor	3.00
Repaint Touring Car	15.00
Replace top deck (Coupe or Sedan)	4.00
Overhaul starting motor	3.00
Overhaul generator	2.00

These prices are approximate and are for labor only, because the need and number of new parts depend on the condition of each car. The charge for these parts is low, however, because of the established Ford policy of manufacturing and selling at a small margin of profit.

FOUR TELEPHOTO ADS IN A SINGLE ISSUE

A Los Angeles newspaper carried four advertisements recently that had been sent from New York by telephone. Three of these were financial advertisements, which appeared in the financial section, thereby making possible simultaneous advertisements on both the Atlantic and the Pacific Coasts. It is not unusual for this particular Los Angeles paper to carry advertisements sent by telephone, but this is believed to have been the first time that four of these advertisements had been sent by wire for a single issue.

Now more than a MILLION FRIGIDAIREs have been built
With every department of the Frigidaire factories running at maximum capacity, with orders greater than at any time in the history of the business, on Thursday, May 16th, the Millionth Frigidaire was built
In both the Household and Commercial fields Frigidaire leads in sales to customers
THERE are definite reasons why more Frigidaire are in use than all other makes of electric refrigerators combined; why it is the choice of home owners, of builders, of apartment owners, of commercial refrigeration users throughout the world.
Beauty, power and convenience
Frigidaire has surplus power that meets every emergency in the hottest weather, and yet operates economically always.
Frigidaire cabinets are beautiful--they are finished in gleaming porcelain enamel, or white Duco--clean and easy to keep clean. The mechanical part is completely enclosed and so quiet that you don't hear it start, stop, or run. Food shelves are elevated so that stooping is unnecessary.
The famous "Cold Control"
And in addition to the standard temperature regulator which automatically maintains an ideal temperature in the food compartment, Frigidaire is equipped with the famous "Cold Control" that speeds the freezing of
ice cubes and makes possible dozens of new and delicious desserts and salads.
Low Prices
Because Frigidaire has achieved the million mark--because it is the overwhelming choice of the majority--the economies of quantity production have made prices so low that every model represents a tremendous saving to the buyer.
The Frigidaire equipped with the "Cold Control"
Only \$240.00
complete, delivered and operating in your home

PERSONALS

S. W. Wells

of Palmsdale, Cal., brother of Mrs. Elizabeth Gallacher, is in Carrizozo this week, attended the funeral of John Gallacher, and will remain for a short time to comfort his sister and assist her in some of her business affairs before returning home. Mr. Wells was at one time a resident of this place and was an operator at the local S. P. station, which position he now holds at his home town, to which place he moved with his family about 18 months ago.

Ernest Lopez

came in last Saturday night from El Paso, where he has been taking treatment in a local sanatorium of that city for the past few months. Ernest looks fine, we are glad to say. He will remain here with the home folks for two or three weeks.

To Grand Canyon

Lute Skinner, Mrs. Skinner and daughter Zuma, R. C. Skinner and daughter Marion, who came here last week, visited their relatives here and at Nogal after which they left for Hot Springs, where after a short stay, they will take a trip through Arizona and finish up with seeing the Grand Canyon. They expect to be absent from their home in Malaga, N. M., about one month.

Alfredo Lopez

came in last Saturday morning on No. 1 from Albuquerque, where he has attended the State University for the past two terms.

Eugene Dow

of Lincoln had some dental work done at the office of Dr. Blaney on Saturday of last week.

Card of Thanks

We wish to extend our thanks to our many friends who, with acts of kindness, words of sympathy and consolation, contributed to our comfort during the illness and after the passing of our beloved husband, son and brother, John Gallacher. Also for the beautiful floral offerings of love and esteem.

Respectfully,

Mrs. Elizabeth Gallacher, Mrs. Jane Gallacher, Mrs. Wm. Kelt, William and Harry Gallacher.

John Rolland

of Alamogordo, son of Frank C. Rolland and nephew of A. J. Rolland is here and will manage the Rolland Drug Store during the absence of the proprietor who with Mrs. Rolland, is visiting in the eastern states. John is a practical druggist and will fill your prescriptions to the letter and with the utmost accuracy—besides he is courteous, obliging young gentleman and will make you feel like stepping in again, after meeting him and being served by him.

Martha Lenore Brown

baby daughter of Project Engineer and Mrs. T. G. Brown, won first prize at the Baby Contest which closed at the Crystal Theatre last Friday night.

Little Martha closed with nearly 500 votes to the good and her many friends have extended their warmest congratulations.

BORN — At the home of Mr. and Mrs. D. LaVallee to Mr. and Mrs. Elvia Harkey of Santa Rosa, a boy. Mother and son are doing nicely. Elvia is an operator for the S. P. and is

The Catholic Society

from the east side are preparing a program to be presented for the annual visit of the Bishop from Santa Fe, the date of which is not known yet. The main event will be a beautiful Spanish drama in 3 acts, entitled (Deberes y Sacrificios) 'Duties and Sacrifices,' and the cast, Miss Bertha Vega, Joe Chavez, Juanjo and Juan Martinez, Carlos Vigil and Juanito Jauregui, are rehearsing every night and have their parts now well committed to memory. The Misses Mary Navarro, Cecilia Vidaurri, Messrs. Ben Sanchez and Sabino Vidaurri will take part in a comedy full of laughs and fun. Besides these, there will be a violin solo by Saturnino Chavez, Jr.; a saxophone solo by Celestino Sandoval; a classical Spanish dance, and singing by a choir of 'senoritas.'

Sisters

Syrian, Mary Irene, Mary Claudid, and Mary Winifred, came in last week from Clovis, and will spend the months of June and July with the other Sisters of the Santa Rita school, returning to Clovis about the first of August.

Ted Edelman's

college boys will give a dance at Community Hall Tuesday evening, June 11. This aggregation comes highly recommended and have been playing recently in and around the Yellowstone Park. They will be located for the summer at Navajo Lodge.

Miss Elizabeth Simms

daughter of Mr. and Mrs. A. J. Simms of Roswell and niece of Mrs. T. G. Brown, is here this week as a guest at the T. G. Brown home.

Mr. and Mrs. J. M. Frame

Mmes. H. Belknap and Pete Frame were Carrizozo visitors from Ancho Saturday. They report range and stock in excellent condition as a result of recent rains.

For Sale

Though we are not very big, we have most everything that you will need in the line of General Merchandise.

We think that you will like to trade with us. Come in and see us and look around.

Fresh Strawberries coming Friday.

Capitan Mercantile Company, Capitan, N. M.

Mrs. Meyer Barnett

children and sister Miss Ethel Johnson left Monday morning for Santa Fe, where they will visit with Mr. and Mrs. S. W. Kelsey. From there, Miss Johnson will go to Las Vegas to attend the State Normal for the summer term.

Week-end Visitors

Mrs. Kessler and daughter Edna of California, were week-end guests of Mrs. A. H. Harvey, stopping over on their return trip after visiting friends at Tucumcari.

Rodeo BRAND

WORK PANTS
they wear longer because they're stronger.

There is no gambling about a pair of Rodeo pants. They positively out last, out wear and last out longer because there is better stuff in them and they are put together to stay.

You'll jot that down for a fact the minute you start wearing a pair. You'll like the way they fit; their easy freedom and fullness of cut and the many special features no other work-pant can boast. *Get Rodeo pants not no more than you have been paying.*

Just got in some more Rodeos!
