

Lake Forest Coeds Win Their Garter Strike

Coeds at Lake Forest college, Lake Forest, Ill., have won their strike and once again the social calendar teems with teas and dances. The male students have capitulated to a decree issued by the coeds to the effect, "Rolled Socks, No Dates." The boys resisted a long time but now they are wearing garters.

Concerning Haiti

The republic of Haiti, which embraces only the western portion of the island known as Haiti, has an area of about 10,200 square miles. The population, chiefly colored, is 2,000,000. The eastern part of the island is occupied by the Dominican republic, which has an area of 19,000 square miles and has an estimated population of 700,000. The language of Haiti is chiefly French or a patois of French, while the language of the Dominican republic is influenced more by Spanish.—Patrick Manning.

Lesson for March 9

THE PARABLE OF THE SOWER

LESSON TEXT—Matthew 13:1-23.
GOLDEN TEXT—Who hath ears to hear, let him hear.
PRIMARY TOPIC—Hearers and Doers.
JUNIOR TOPIC—Hearers and Doers.
INTERMEDIATE AND SENIOR TOPIC—Giving Heed to Jesus' Teaching.
YOUNG PEOPLE AND ADULT TOPIC—Take Heed—How Ye Hear.

In this thirteenth chapter of Matthew the "mysteries" of the kingdom are unfolded. By "mystery" in the Scriptures is meant truth undiscoverable by human reason, made known by revelation. The seven parables of this chapter set forth in a most graphic manner the admixture of moral and spiritual affairs in the world between Christ's ascension and return to the earth.

I. The Sower (v. 3).
The sower is not named in this parable. In the parable of the wheat and tares, the sower is the Son of Man (v. 37). It is evident that the sower in this case is the Lord Jesus Christ. Through the centuries He has been sowing the seed of divine truth by means of prophets, apostles and ministers.

II. The Kind of Soil (vv. 4-8; 10-23).

The soil is the human heart (v. 10). The seed sown is the Word of God (v. 10). The difference of results lies in the condition of the soil, which in turn is the state of the human heart. Notwithstanding the faithfulness of the sower and the purity of the seed, the results of preaching God's Word depend upon the condition of the human heart. This parable reveals four kinds of soil or hearers.

1. The wayside, or hard hearted hearer (v. 4, cf. v. 10).

The wayside means the track beaten down by the hoofs of animals and the feet of men. Because the soil was unbroken and uncultivated the seed could not get beneath the surface, therefore was devoured by the fowls. The great truth taught is that the heart unbroken and hard is not favorable soil for the gospel.

2. The stony places, or superficial hearers (vv. 5, 6, cf. vv. 20, 21).

This means stones with a thin layer of soil upon them. Under such conditions the seed springs up quickly, but likewise scorches quickly. Hearts superficially impressed receive God's Word with joy, but when persecution and trials come they are not able to endure.

3. The thorny ground, or pre-occupied hearers (v. 7, cf. v. 22).

In this case the ground is good, mellow enough and of sufficient depth, but has thorns in it. Such really hear the Word of God, but the cares of this world and the deceitfulness of riches and the lusts of other things, entering in choke the Word and it becomes unfruitful (Mark 4:10).

Many are the "thorny ground" hearers of this age. The good seed cannot mature because (1) of worldliness. Men and women are completely absorbed in the things of business and are burdened with care. (2) The deceitfulness of riches. Anxious care in business brings riches to many. The effect of riches is to blunt the spiritual perception of men. (3) Lusts of other things entering in. This means the pleasures of life. All these things choke the Word of God. Many of the enjoyments of the world may be innocent in themselves, but they attract so much attention and consume so much energy and time that one has no time for Bible reading, meditation and prayer.

4. The good ground, or fruitful hearers (v. 8, cf. v. 23).

"But other fell into good ground and brought forth fruit." This ground differed from all the rest. It was mellow, deep and moist, therefore it was capable of bringing forth fruit, a hundred, some sixty and some thirty fold. In the measure that the heart is kept free from worldliness, riches and pleasures, the good seed matures.

III. The Purpose of Teaching in Parables (vv. 10-17).

There is much misapprehension concerning teaching in parables. The parabolic method of teaching makes clear the truth to those that love it, but conceals it from those who have a distaste for it. Jesus did not teach by parables till the rulers had set their hearts against Him. When in the light of His miracles and wonderful works they turned against him and attributed His works to the devil, He denounced them in the most scathing terms and began to teach in parables, in fulfillment of the prophecy of Isaiah (Matt. 13:14, 15; cf. Isa. 6:9, 10).

God Ever Ready to Protect

God often strikes away our props to bring us down upon his mighty arms. What strength and peace it gives us to feel them underneath us! Far as we may sink, we cannot go farther down than those stretched arms.—Doctor Cuyler.

What Love Is

Love is the simple desire for the highest good of another or of others, and is the expression of a spirit of self-surrender.—Bishop Westcott.

MAJORS SPENDING MONEY IN MINORS

New York Yankees Drop \$20,000 at Chambersburg.

A checkup in the Blue Ridge league for the season of 1929 reveals the enormous amount of money that the major leagues are expending in maintaining farms. Conditions in the Blue Ridge circuit differ somewhat but not radically from other leagues in the country, especially those below the Class A classification.

Cleveland at Frederick dropped \$21,000; the Yanks at Chambersburg, \$20,000; the Athletics at Martinsburg, \$11,000, and the Cardinals at Waynesboro, \$7,000.

Hanover received \$5,000 from Detroit, and also lost considerable more. Hagerstown had to be helped out to the extent of \$3,000 to retain its franchise, and the club management also lost considerable.

Cleveland, the Yanks, Athletics and Cardinals spent well in trying out young ball players. Apparently they tried out every youngster recommended. They paid these players' fares both ways, and the big majority of them hardly remained overnight in the town to which club they reported.

Whitcomb and Boojum, leading juveniles in 1929, will not run in the Kentucky derby next May, Tom Wally, trainer for H. P. Whitney, announces.

The Whitney pair were favorites in the winter books on the derby.

Whitcomb led the money winners among the juveniles last year, earning \$135,435 for Whitney. Boojum was the third best money-maker among the 1929 two-year-olds, bringing in \$57,030.

J. B. Adoue, wealthy Dallas banker, was placed fifth in the official ranking of Texas tennis players for 1929. He is forty-seven years old. Only Berkeley Bell, University of Texas star, and three others rate ahead of him.

Five feet five inches tall and weighing only 124 pounds, Earl Jansen, one of the smallest athletes in St. Louis prep circles, has won 13 letters in track, baseball, basketball and football at Cleveland high school.

Peto Donohue of the Reds has just got married. Maybe his battle with Hack Wilson was merely a training stunt.

To promote interest in wrestling and to honor Cornell's veteran wrestling coach, Walter F. O'Connell, who has brought ten intercollegiate championships to the university, eight medals will be awarded annually to those members of the wrestling squad who have given their best efforts to the sport and have not been able to win their letter or the university championship medal. According to the announcement which was made by Thomas L. S. Boak, '14, of Seneca Falls, former intercollegiate champion, the medals were underwritten by Charles K. Bassett, '14, of Buffalo, N. Y., a former member of the wrestling squad.

One of the entertaining features of the sales of publicity now being sent out concerning Primo Carnera is the frantic effort to find some sort of popular nickname for the phenom with the No. 10 shoes and the No. 7 hat.

It's a quaint old custom of the ring, this business of making a fighter affectionately known by anything else except his real name. It goes clear back to ye old John L. Sullivan, who preferred to be known as the "Boston Strong Boy," and followed the sport down through the modern Wild Bulls of the Pampas, the Big Rocks from Down Under, the Manassa Maulers, and the like. These were expressive and became more or less popular.

But in the case of Carnera the attempts so far seem to have been a melancholy bust. Right now, lacking anything better in the way of an inspiration, they're trying to make Carnera known to the hot polloi as the "Dinosaur of the Dolomites."

The pitching and not the lively ball is responsible for the run of slugging, according to Bobby Quinn, president of the Boston Americans. Quinn is widely known in the Association, having handled the reins of the Columbus club for many years. Columbus men are interested with him in the ownership of the Boston club.

"The pitching is more to blame for heavy hitting than the lively ball," says Quinn. "When a pitcher has control you do not see any runaway score. The first game of the World's series is an example. The ball did not prove very lively that day. Of course, when you get a pitcher who can't pitch it where he wants to, and when the batter takes a toe-hold, you're going to see some long-distance hitting."

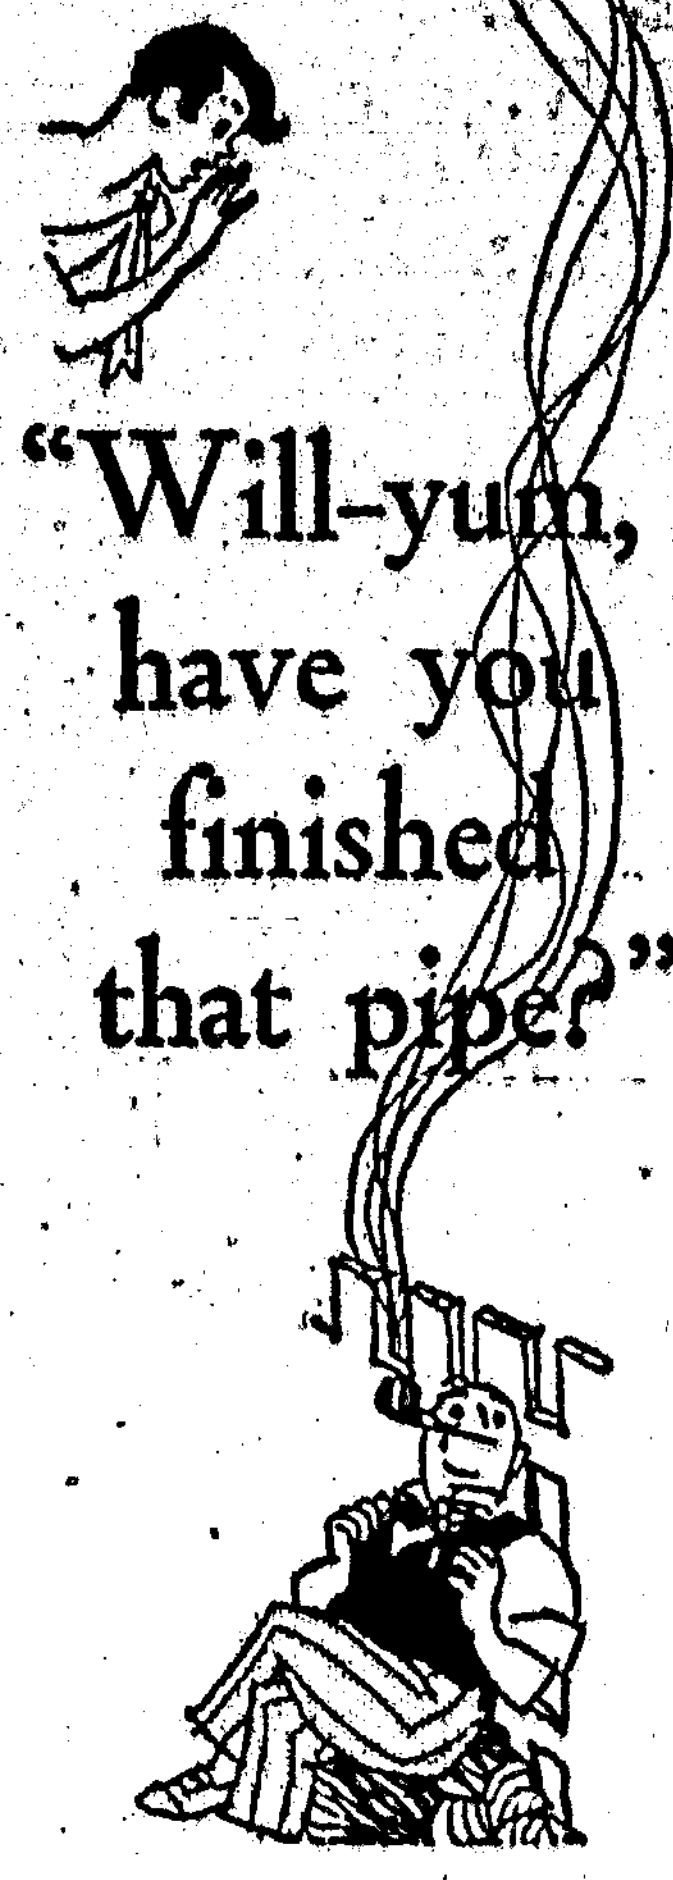

Boston's regular first basemen, Phil Todd, of the Red Sox, and George Siskler, of the Braves, will have to hustle to keep out Bill Sweeney and Johnny Neun this spring.

Horton Smith on one occasion said that his major vice was missing short putts.

Bobby Jones says that short putts are what you have to worry about on the green, not the long ones.

Great putters are the boys who consistently sink putts within a radius of three feet.

Great golfers have to be able to sink the kind of putts that dub golfers expect innocently to concede to them.

You don't have to take the old briar outdoors if you fill it with Sir Walter Raleigh's tobacco. Wives like the fragrance of Sir Walter—husbands say it's the mildest, mellowest smoke that ever came out of the South. And the gold foil wrapping inside the tin keeps it fresh to the very last pipeful. Sir Walter can bring your pipe out of the woodshed into the parlor.

A Sour Stomach

In the same time it takes a dose of soda to bring a little temporary relief of gas and sour stomach, Phillips Milk of Magnesia has acidity completely checked, and the digestive organs all tranquilized. Once you have tried this form of relief you will cease to worry about your diet and experience a new freedom in eating. This pleasant preparation is just as good for children, too. Use it whenever coated tongue or fetid breath signals need of a sweetener. Physicians will tell you that every spoonful of Phillips Milk of Magnesia neutralizes many times its volume in acid. Get the genuine, the name Phillips is important. Imitations do not act the same!

The Chain Store Menace

An echo of the opening gun fired by the Retail Merchants' Association of Alpine against certain types of chain stores was heard at the chamber of commerce luncheon Monday when H. G. Watson, Alpine wholesale grocer and prominent in the community's civic affairs, branded these stores a "menace to the community" and appealed to the C. of C. members and all the people of Alpine to stand by the independent merchant "who has made it possible for us to have blocks of paved streets and other conveniences and improvements the town now enjoys."

Watson defined the "three types of chain stores" and read statistics from publications which claimed that in communities where chain stores of one of these particular types abound, a general depression in business conditions prevailed and a higher tax rate was obtained for the reason that the independent merchant was "frozen out" by the unfair competition.

He compared the methods of buying and distribution of the particular type of chain store to which he referred and which the system claims to be superior and more economical with the one employed by the independent merchants to show that there is no economical advantage held by the 'chain' system, as compared to the other and that the chain stores' claim that they can sell cheaper by reason of their superior organization and methods of handling are unfounded.

Watson's talk was followed by a meeting of retail merchants held last Friday at which it was decided that immediate steps should be taken by that organization to "combat the propaganda put out by the chain stores" by acquainting the people through an educational campaign with "facts as they really exist."—Alpine Avalanche.

Glencoe Woman's Club

Mrs. H. J. Gottlieb was hostess to the club for its regular meeting in her charming residence, Curio Shop, Mar. 1. The beautiful display of curio provided a very fascinating surrounding for the meeting.

Mrs. H. O. McCahan, chairman of the Department of Literature of the General Federation, sent greetings congratulating the club on our report of Book Week, stating it received a high grade and will be passed on to the Association of Book Publishers, as among the best stories.

Arrangements were made to have an Art Exhibit of Helen Henderson's group of Pastel and Water Color Painting. Mrs. Gottlieb, art chairman, will have charge.

Mrs. Geo. Coe, chairman of Public Welfare made arrangements to distribute the first aid kits, given by the club, to each of the 8 schools in the club district. Plans were made for an entertainment Mar. 17. A small amount will be made for the ben-

The above picture shows a sectional view of Samson "Oil-Rite" Windmill illustrating principle of Pump, also location of Four Timken Roller Bearings

The AUTOMATIC OILING SYSTEM and lubrication of the various parts is accomplished as follows: The oil is poured into the gear case, which submerges the lower part of the double gears, including the wrist pins when at the bottom of stroke. The rotation of the gears carries the oil up and floods the pinions, and the oil running down over the inside of the gears floods the gear shaft. The trough which is part of the hub of wheel head, maintains a level that submerges the lower part of both front and rear Timken bearings, and the surplus oil is returned to the gear case through a passage in the main frame extension. A felt oil retaining washer and paper gasket prevent any oil from working out around the wheel shaft.

AUXILIARY OIL PUMP

One of the outstanding features of the SAMSON "OIL-RITE" is the extreme simplicity, efficiency, and practicability of the pump.

The main frame on the Oil-Rite mill forms a reservoir that holds a sufficient amount of oil to lubricate the mill for one year. A sheet metal helmet completely encloses the reservoir and covers all working parts thus eliminating waste and making it dirt, rain, sleet and snow proof. No water can get in to flood the oil, no dust can blow in to grind out the bearings. This construction prevents squeaks, rattles and gear howling brought about by insufficient lubrication, all of which is avoided in the automatically oiled "OIL-RITE" mill. The ball bearing turn table, the constant supply of oil always flooding the moving parts and the Timken roller bearings insure the owner the "OIL-RITE" mill will pump water in the slightest breeze.

Geo. T. McQuillen, Mayor.

D. L. Byron

was here the latter part of last week from the huge city of Polly trying to gather information about what was going to happen to Carrizozo in the future. Mr. Byron is optimistic concerning things around here and stays with the prediction that there'll be "something doing" before long.

Mr. and Mrs. Ben Stimmel, Jr.

who were here last week for a visit with the Ben Stimmel family have gone to El Reno, Okla., to visit Mrs. Stimmel's mother, Mrs. Humphrey. They will remain there for a few days, after which they will start on their return trip to their home in Stockton, Calif., and will make a short stop here on their way. In a conversation with Ben, Jr., while here, he said that during their long trip from the Golden State, he had not traveled over better roads than those of New Mexico.

Mr. and Mrs. Roy P. Nelson

came over Wednesday from Socorro, where they spent about six weeks on account of the illness of Mr. Nelson. They went to Alamogordo, where they will reside for an indefinite period.

Mrs. Henry Jones

of Tucumcari spent several days of this week with her parents, Mr. and Mrs. Wm. Rely, leaving for home yesterday.

Judge Seth F. Crews

of Oscura spent Sunday and Monday here, registering at the Carrizozo Eating House. While here he transacted some business in the probate court.

Mr. and Mrs. Clint Branum

of Tucumcari are spending a few days this week with the home folks, the Wm. Rely family, Mrs. Nellie Branum and Mrs. Oscar Clouse.

Sabino Vidaurri

left last week for Los Angeles, where he will visit for an indefinite period with the Louie Vidaurri, Francisco Jauregui families and other relatives.

Carrizozo Boys Enter Tournament

Carrizozo Hi Boys' basketball team left Thursday to enter the District Tournament at Alamogordo. This is the first district tournament of District No. 8 consisting of Lincoln, Torrance and Otero counties.

Our boys have had a successful season, winning 8 out of 12 games played, with a total score of 195 points to our opponents' 178 points.

The boys are in good shape, with Mose Lewis and Tom Brown back in the game after being out on account of sickness. Our team is determined to make a good showing in the first tournament in the new district.

T. J. and J. V. Stokes

are here from Midland, Texas, they being the parties who purchased the ranch holdings from R. C. Sowder. They have taken possession of the ranch, and their families will be here in about two weeks, we understand. We welcome the Stokes families to Carrizozo.

Former White Oaks Residents In Re-Union

Mrs. Edgar H. B. Chew, 814 E. Rio Grande street, El Paso, Texas, was hostess at a party in her home last Friday afternoon, honoring Mrs. Charles Beresford of Los Angeles, who is visiting her parents, Mr. and Mrs. W. J. Littell, 3518 Jackson street. The affair was also a re-union party, as the guests included a group of former residents of White Oaks, all of whom were school-mates in days gone by and are now residents of El Paso. A St. Patrick's color scheme was carried out in the decorations and refreshments.

Guests present, were: Mesdames Adele Littell Beresford, Amanda Aguayo Treat, Irene Tinnon Van Schoyck, Myrtle Tinnon Bohling, Sarah Aguayo Fisher, Florence Wharton Nutting, Ethel Littell Igoe, Pearl Keith Tompkins, D. N. Tinnon, W. J. Littell and J. E. Wharton. The hostess was assisted by her daughter, Mrs. E. H. B. Chew, Jr.

Ed. note—There is nothing more pleasant than these gatherings of old friends and former neighbors where they have changed locations and get together at affairs like the above and live for an evening over the familiar scenes and events of long ago. At Riverside, Calif., there are a goodly number of former Carrizozo people, among whom are Mr. and Mrs. Ed R. Keley, Mrs. M. R. Grumbles and son Roy, besides others whose names we do not recall, just now. They arrange for a gathering once a year and make merry together for a day.

Loyalty

Last week, through these columns, and by postal cards, we called upon the members and friends of the Methodist Church to show their loyalty during the month of March by attending every service possible. As a result we noted a substantial increase in the Sunday School attendance. We believe our Sunday School and our church services are worthwhile. Let us keep up the good start we have made. There will be a special chemically illustrated sermonette for the children during the Sunday School hour. Your children will enjoy and profit by this. "Suffer little children to come unto me, and forbid them not." It is better to bring your children to Sunday School and church now, than to sing, later, "Where is my wandering boy tonight?" There will be special music at each church service. Gospel sermons of inspiration, instruction and help. "Thou shalt worship the Lord thy God," is the first commandment. Let us put first things first. Remember our slogan, "Every member and friend of the Methodist Church should be at every service during the month of March." The church needs you. But more than that you need the church. So does your neighbor. Bring him.

Will Dedicate Tree

The Class of 1930 of the local High School will dedicate a tree at the Community Hall on Arbor Day, March 21, 1930. They have been invited to do this by the Trustees of the Hall, the Mayor and the City Council concurring.

Business houses are asked to close from 10 to 11 a. m. on that day. It would display a fine spirit if every one would consider him or herself a committee of One to see that all who can are on the street or Court House Lawn to listen to the

following program by the local schools—

- 1—Musical selection Carrizozo High School Band
- 2—Dedication Address Tom Cook of local Hi School
- 3—Remarks, Prof. J. M. Helm
- 4—In the Hall, selection by the famous Kiddie's Band, Mrs. J. M. Shelton in charge.

Adjournment

Married

Last Friday night, with Judge Harvey performing the ceremony, Miss Beatrice Pino and Benny Sanchez were united in marriage. The bride is a local high school student and is the daughter of Mr. and Mrs. Gregorio Pino. The groom is an employee at the railroad shops. Their friends wish them much happiness in their new life.

P. G. Peters

our neighboring merchant at Capitan, was a business visitor here last week.
