

LOCAL MENTION

Prof. J. E. Koonce who taught school at Derry, N. M., for the past term, is attending the summer Normal term at Las Vegas, according to word received from him this week. Sheriff Brady stopped over for a short time last week on a return trip from Santa Fe and met the Professor and others from Carrizozo who are also attending the Normal.

The Blackshere Family moved to their ranch on the Red Lake Tuesday of this week and the Roy Shafer family of the Carrizozo Auto Company have moved into the residence formerly occupied by the Clarence Spence family, which the Blacksheres have vacated. As the matter now stands, everybody is satisfied. The Blacksheres were anxious to get into their new home on the ranch and the Shafers were glad to get where the children could have plenty of room.

Fred R. Birney head of the Journalism Department and Publicity Director of the Houston Public Schools and the Houston Junior College, who taught in the Carrizozo High School five years ago and married Miss Ivy Bingham of Carrizozo and Capitan, is leaving after a week's visit with relatives and friends in Capitan and Carrizozo, to visit his parents at Las Animas, Colo. Mrs. Birney and the two children, Billie and Betty Jean, will remain for a month's visit with her family and relatives.

Mrs. J. S. Ross came in Monday from Oklahoma City and is at home in the Pace residence, as mentioned in this paper last week. Before leaving Oklahoma City, Mrs. Ross was present at the wedding of her son Charles, to Miss Ruby Stewart, one of the city's prominent young ladies, and of the event, the Oklahoma City Times says: M. F. Stewart announces the marriage of his daughter, to Charles S. Ross, which was an event of Wednesday at the Pilgrim Congregational Church. Rev. Frank M. Shelton of that church presided as minister. Mr. Ross is the son of Mr. and Mrs. J. Sherman Ross of 1315 W. 14th street. Miss Juanita Qackenbush was Mrs. Ross' maid of honor, and Virgil Wright served as best man. Richard Lyon, Jr., was the ring-bearer, and Gertrude Nelson was the flower girl. The bride was dressed in white georgette over white satin and her veil was of rose point lace. Her arm bouquet, was of white roses. After the wedding, the couple left for a honeymoon trip and on their return, June 15, they will be at home at 1315 W. 14th street.

When Charlie's vacation period arrives, the young couple have promised us a visit, and the many friends of the Ross family will be glad to tender congratulations to the newlyweds, and as this paper reaches Charlie every week, here's wishing you both the best of everything for your future welfare and happiness.

CORONA GLEANINGS

Thurmon Yates of the State Highway Department stopped over Tuesday in Corona, enroute from Las Cruces to Santa Fe.

Mr. and Mrs. Caleb Brown of Hayden, Ariz., are visiting Mrs. Brown's parents, Mr. and Mrs. Clint Brooks.

Mrs. H. R. Dean has just returned from Chickasha, Okla., where she has been spending the last few weeks.

Mrs. Sybil Lee, artist and humorist of Lubbock, Tex., who has been a guest at the Dean ranch while doing landscape scenes, has left for a short stay in Albuquerque.

The announcement of a marriage last month of Miss Sybil Morin to Mr. Roy Holcomb came as a surprise to the many friends of the couple. Mr. and Mrs. Roy Holcomb are at home to their friends in Duran, N. M.

Mrs. Herman Hilger of Hot Springs, Mrs. Ross Schwab of Roswell and Mr. and Mrs. Galentine of Quemada have been visiting their sister, Mrs. Minnie Perkins.

D. P. Barry went to Hot Springs last week to take advantage of the baths.

Miss Bertha Butler and Mrs. Lola Jones left Friday to attend the summer session of the University of New Mexico at Albuquerque.

Mr. and Mrs. Hubert Reynolds have returned from a visit in Texas. They were accompanied home by Mrs. A. S. McCamant, who has been there for medical attention for the past 3 months.

Miss Margaret Dearn and Mr. Oren Downing of the State College and Miss Elaine Simpson of the University have returned home for their vacation.

Miss Dorothy Arnold spent a few days with her parents between terms of the New Mexico Normal University of Las Vegas. She was accompanied on her return trip by her brother, Bill Arnold.

Mrs. Mason Asbury has returned to her home in Sentinel, Ariz. She came to Corona for a visit with her mother and to attend the commencement exercises in which her sister, Miss Jane McFadden, was a participant.

The Misses Donnie Franks and Dorothy Wright are at the New Mexico Normal University. Both are teachers in the Corona schools.

The American Legion Post at Corona is giving a dance here Saturday, June 14, with music by the Carrizozo orchestra.

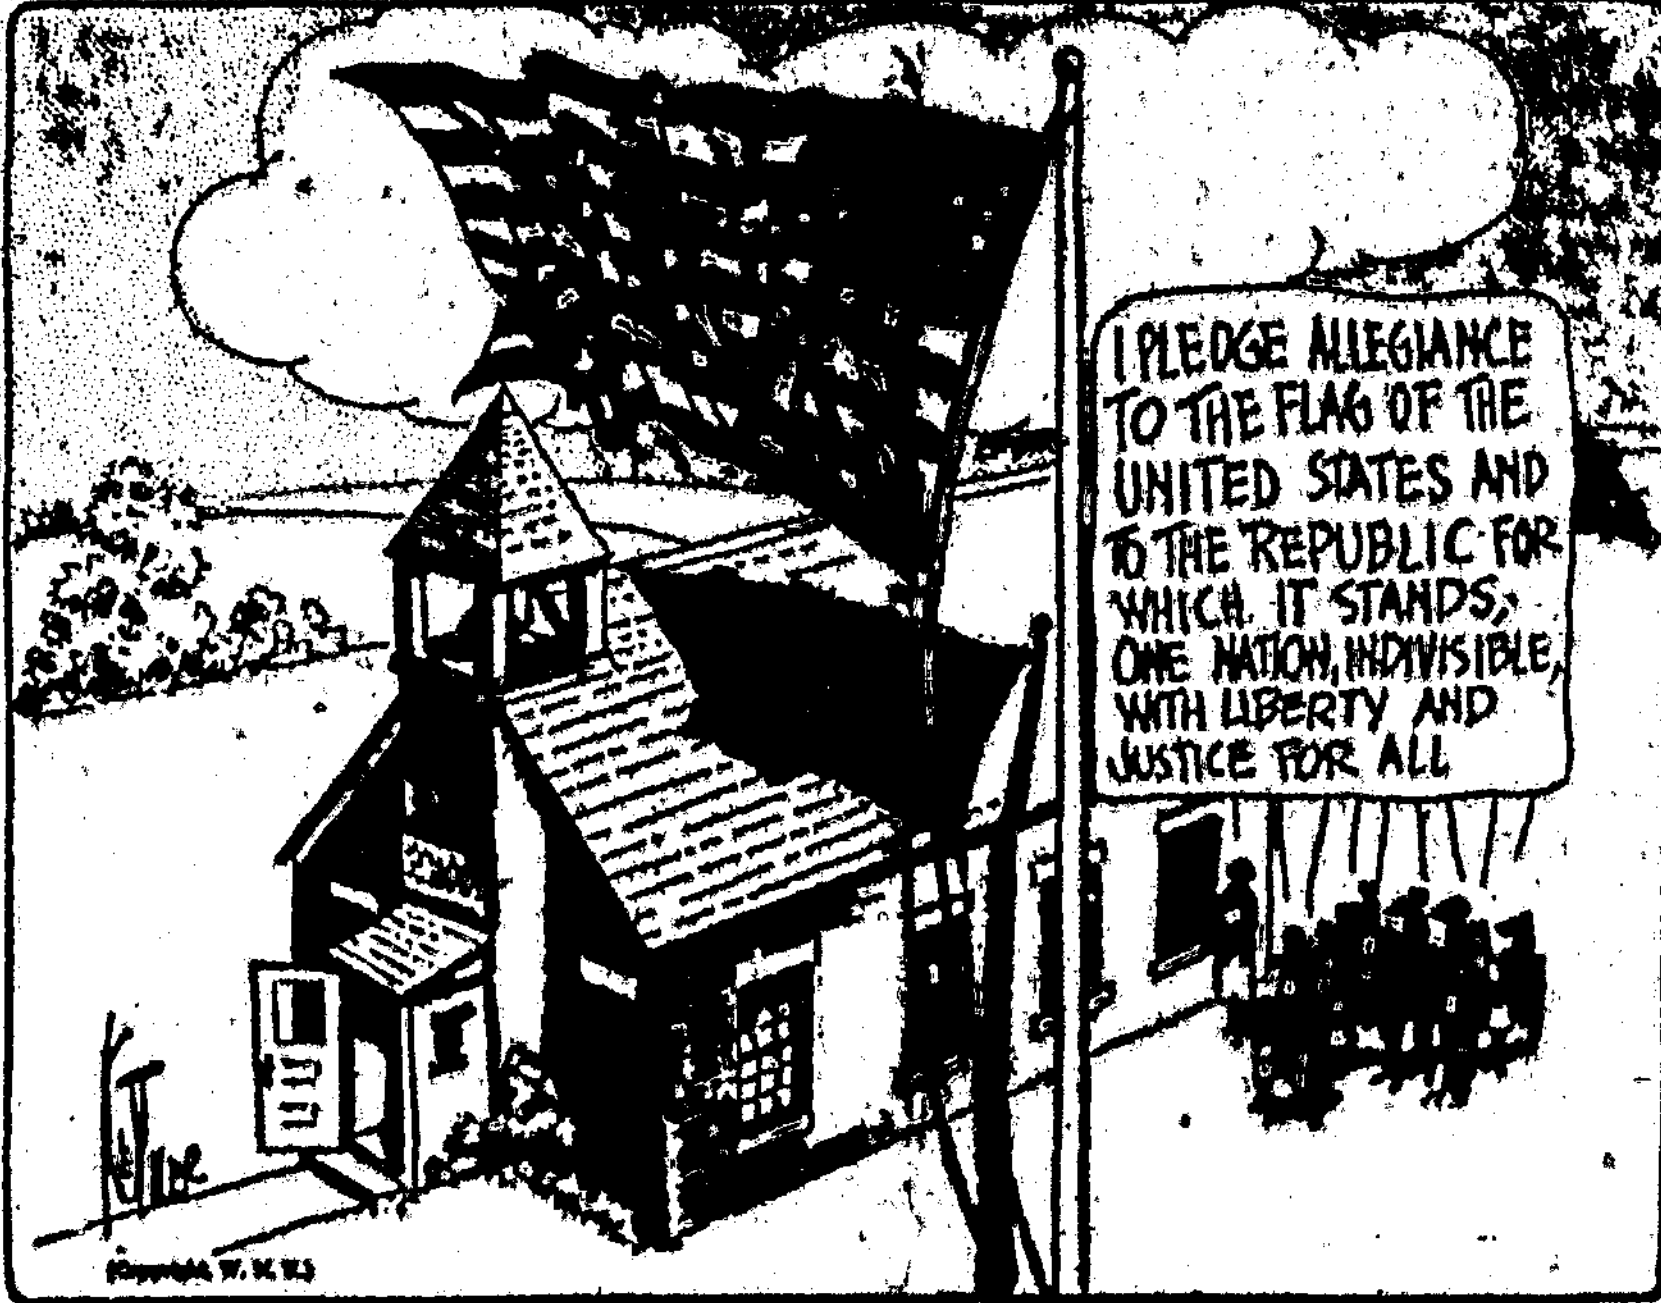

Miss Gladys Wood of Cloudcroft is the guest of Mrs. D. C. Simpson.

Tom McCamant was taken to El Paso Sunday night for medical treatment; Mr. McCamant has been suffering from appendicitis and mastoid trouble.

Hall in this region this week has caused a great deal of damage to cars and numerous sheep have been killed or blinded.

Mr. and Mrs. Henry Boucher

Flag Day

Mrs. R. A. Walker of the Star Cafe, who has been ill for the past ten days with rheumatism, shows little signs of improvement at this writing. Her mother is here from San Angelo, Texas, and will remain until her daughter recovers from her illness.

Helen Rolland came home Tuesday from Greeley, Colo., where she now has a position in a large hospital as the trained nurse's staff. She arranged her visit so as to be here during the stay of her uncle and aunt, Mr. and Mrs. Chas. Rolland of Fenton, Michigan.

W. W. Stadtman sons Floyd and Earl and daughter, Lois, were here for a few days this week from their home in Roswell.

left recently for the University of Missouri, where both will be in attendance during the summer and winter sessions. Mr. Boucher has a teaching of Fellowship, but will spend the greater part of his time working for his Degree.

Miss Lois Martin has gone to Pocatello, Okla., for a visit with relatives this summer. She will return in the fall to resume her duties here as head of the English department of the Corona High School.

Bobbie Crossett of El Paso is spending a few weeks with his grandmother, Mrs. A. W. Colbaugh.

Mrs. Floyd Snodgrass and children of Belen are visiting her parents, Mr. and Mrs. A. S. McCamant.

Mrs. Chappell of the Corona Trading Company was called to Mountainair because of the illness of her mother-in-law.

Mr. C. Douglass and family were in Estancia last week at the bedside of Mr. Douglass' father, during his last illness. Funeral services were held Saturday.

At Rest
Little Jack Monk, 12-year-old son of Mr. and Mrs. W. C. Monk, was laid to rest in the Corona cemetery, May 29. Besides his parents, he is survived by two brothers and a host of other relatives and friends. The bereaved family have the sincerest sympathy of the entire community in their sorrow.

Marshall Beck has returned from State College having graduated from that institution with this term. He will remain at home until about the first of August, when he will go to Pittsburgh, Pa., to accept a position with the Westinghouse people.

Mrs. Minnie Zimmerman niece of Mrs. S. E. Barber of White Oaks, who had been with her aunt for the past year, left for her home in Los Angeles yesterday, following the receipt of a message to the effect that one of her brothers was very ill.

Sam Wells was a business visitor from White Oaks Tuesday.

Svahniel and Dorothy

McCrory of Alamogordo are the guests of Lala Joyce this week. Lala visited at Alamo last week and the McCrory girls are paying Carrizozo a return visit.

Frank M. Clough

aged 67, Supt. of bridges and buildings for the Southern Pacific on the New Mexico Division, died at El Paso Monday. The funeral was held Wednesday afternoon; many of his old friends along the line as far as Dawson, attending.

Foreman Russell

of the Southern Pacific construction Department has a force of men putting a new asbestos shingle roof on the Carrizozo Eating House. The are being put on over the old roof and corresponding in color to the newly painted building, the structure presents a striking appearance.

Boom, and then Boom!

About this time of the year, overly-anxious boys are shooting off fireworks, not content to wait until July 4th. It seems strange that boys should commence celebrating the glorious 4th long about June 12. But we were young once ourselves; boys will be boys!

W. W. Stadtman

who was here the first of the week from Roswell received word that his father was ill at his home in San Bernardino, Calif. He hurried back to Roswell and found a message stating that his father was dead. C. M. Lucky of this place received a similar message. Mr. Stadtman has gone to attend the funeral.

CAPITAN MOUNTAIN-AIRINGS

Prof. Parson, Supt. of the Architectural Department of the State University at Albuquerque, came in last Friday, accompanied by Bill Lumpkins and spent several days at the Lumpkins home. During their stay, Bill took the Professor to the many places of interest in this locality, such as Ruidoso, Eagle Creek, Mescalero Indian Agency and White Oaks. They also visited the Bonito Dam, where work on the structure is going ahead nicely.

Mrs. Sam Bigger has been ill for the past week, but is much improved at the present writing.

Rev. Rowland of the Carrizozo Baptist Church, preached to a good sized audience here last Sunday.

County Clerk S. E. Greisen was here from Carrizozo and spent the week-end with Mrs. Greisen and his mother, Mrs. Chloe Fisher.

The Capitan Ladies' Missionary Society met May 28, at the home of Mrs. Bert Provine, where an all-day meeting was held and a quilt made for the Orphans' Home. Each lady was requested to donate the sum of 50 cents and also a poem or a piece of prose on how she obtained the 50 cents. After hearing the different contributions, many of which were very humorous, all agreed that we have plenty of talent in Capitan. The following was from one of our elderly ladies:

In some way to earn 50 cents For the Missionary Society I tried with not much success at work, my husband's Pants I spied and while Quietly sleeping, my hand Into his pocket was slyly Creeping and the 50 cents I needed was there, but I Left his pockets BARE!

Mr. and Mrs. Jim Howard left last week for Taos, N. M., but Jim returned Saturday, leaving Mrs. Howard and the children to visit for a month with Mrs. Howard's mother.

Ben Payne was here from his ranch last Saturday, attending to some business with the local land office.

Mr. and Mrs. Roy Copeland and children spent Sunday in Tinnie.

Billy Yeager of Artesia, one of the "Mountain Boomers" was here for a few days this week. Billy says the mountains have an attraction for him.

Mr. and Mrs. Morris, purchasers of the Boone ranch west of here, made a trip to Roswell last week and were accompanied by Miss Wynona Hall, who did some shopping in our neighboring city.

Capitan is on the boom. Several new houses are going up in the residence district. The train arrives every day with equipment and supplies for the Bonito Dam which are unloaded here and trucked up to where the work is under progress.

Main street of Capitan is getting a new coat of gravel which will be a wonderful improvement when finished.

BASEBALL!

Encourage the Game!

The game last Sunday with Corona resulted in a score of 12 to 10 in favor of the visitors. In the first 3 innings, Corona made a lead of 9, but a change of pitchers from Vega to Gallagher stopped the visitors and from that time until rain stopped the game, with Jordan replacing Gallagher in the 6th, Carrizozo made 10 and Corona 3 more. We play Duran here, Sunday.

White Mountain I. O. O. F. Association

June 10, 1930.

Dear Members: We have our annual meeting of the White Mountain I. O. O. F. Association Sunday, June 29, at Camp Lee Robinson on Cedar Creek.

It is not long until that time—so get busy and work up an interest in your Lodge. Please urge as many to attend as possible. Make this a picnic day for you and your family. We will try to have a good program and would to have each Lodge represented, and share in this social gathering for the good of the Order.

Every Vice - President kindly take it upon yourself to notify your own Lodge members.

Dues 10c per member.
A. J. Newsom, President.
Zoe Glassmire, Sec'y-Treas.

BORN—at the city of Los Angeles Tuesday, June 10, to Mr. and Mrs. Linza Branum, an 8 lb. boy. The message also contained the information that mother and son were doing nicely.

Ziegler Bros. Sacrifice Sale

beginning Monday, June 16, will be the biggest event held here in many years.

The Sale will be the bargain-hunter's delight, for there will be bargains galore. Coming at this opportune time, all should take advantage of this Sacrifice Sale.

See their 2-page ad on the inside of this paper, and come early to avoid the rush.

Schmeling Wins on Foul

at the end of the fourth round in the contest for the world's heavyweight championship title in New York last night, Sharkey landed a heavy blow in the pit of Schmeling's stomach, which sent the Bavarian boy to his corner, sick, distressed and unable to talk for a time. In view of a foul which was plainly visible to the doctor, referee, seconds and spectators, the title was awarded to Schmeling. This takes the belt across the sea, but we would rather have it so than for it to have been kept on this side by a foul. We are of the opinion that Sharkey could have won, if the fight had lasted longer, but his old falling returned and he missed his chance.

Might Have Been Worse

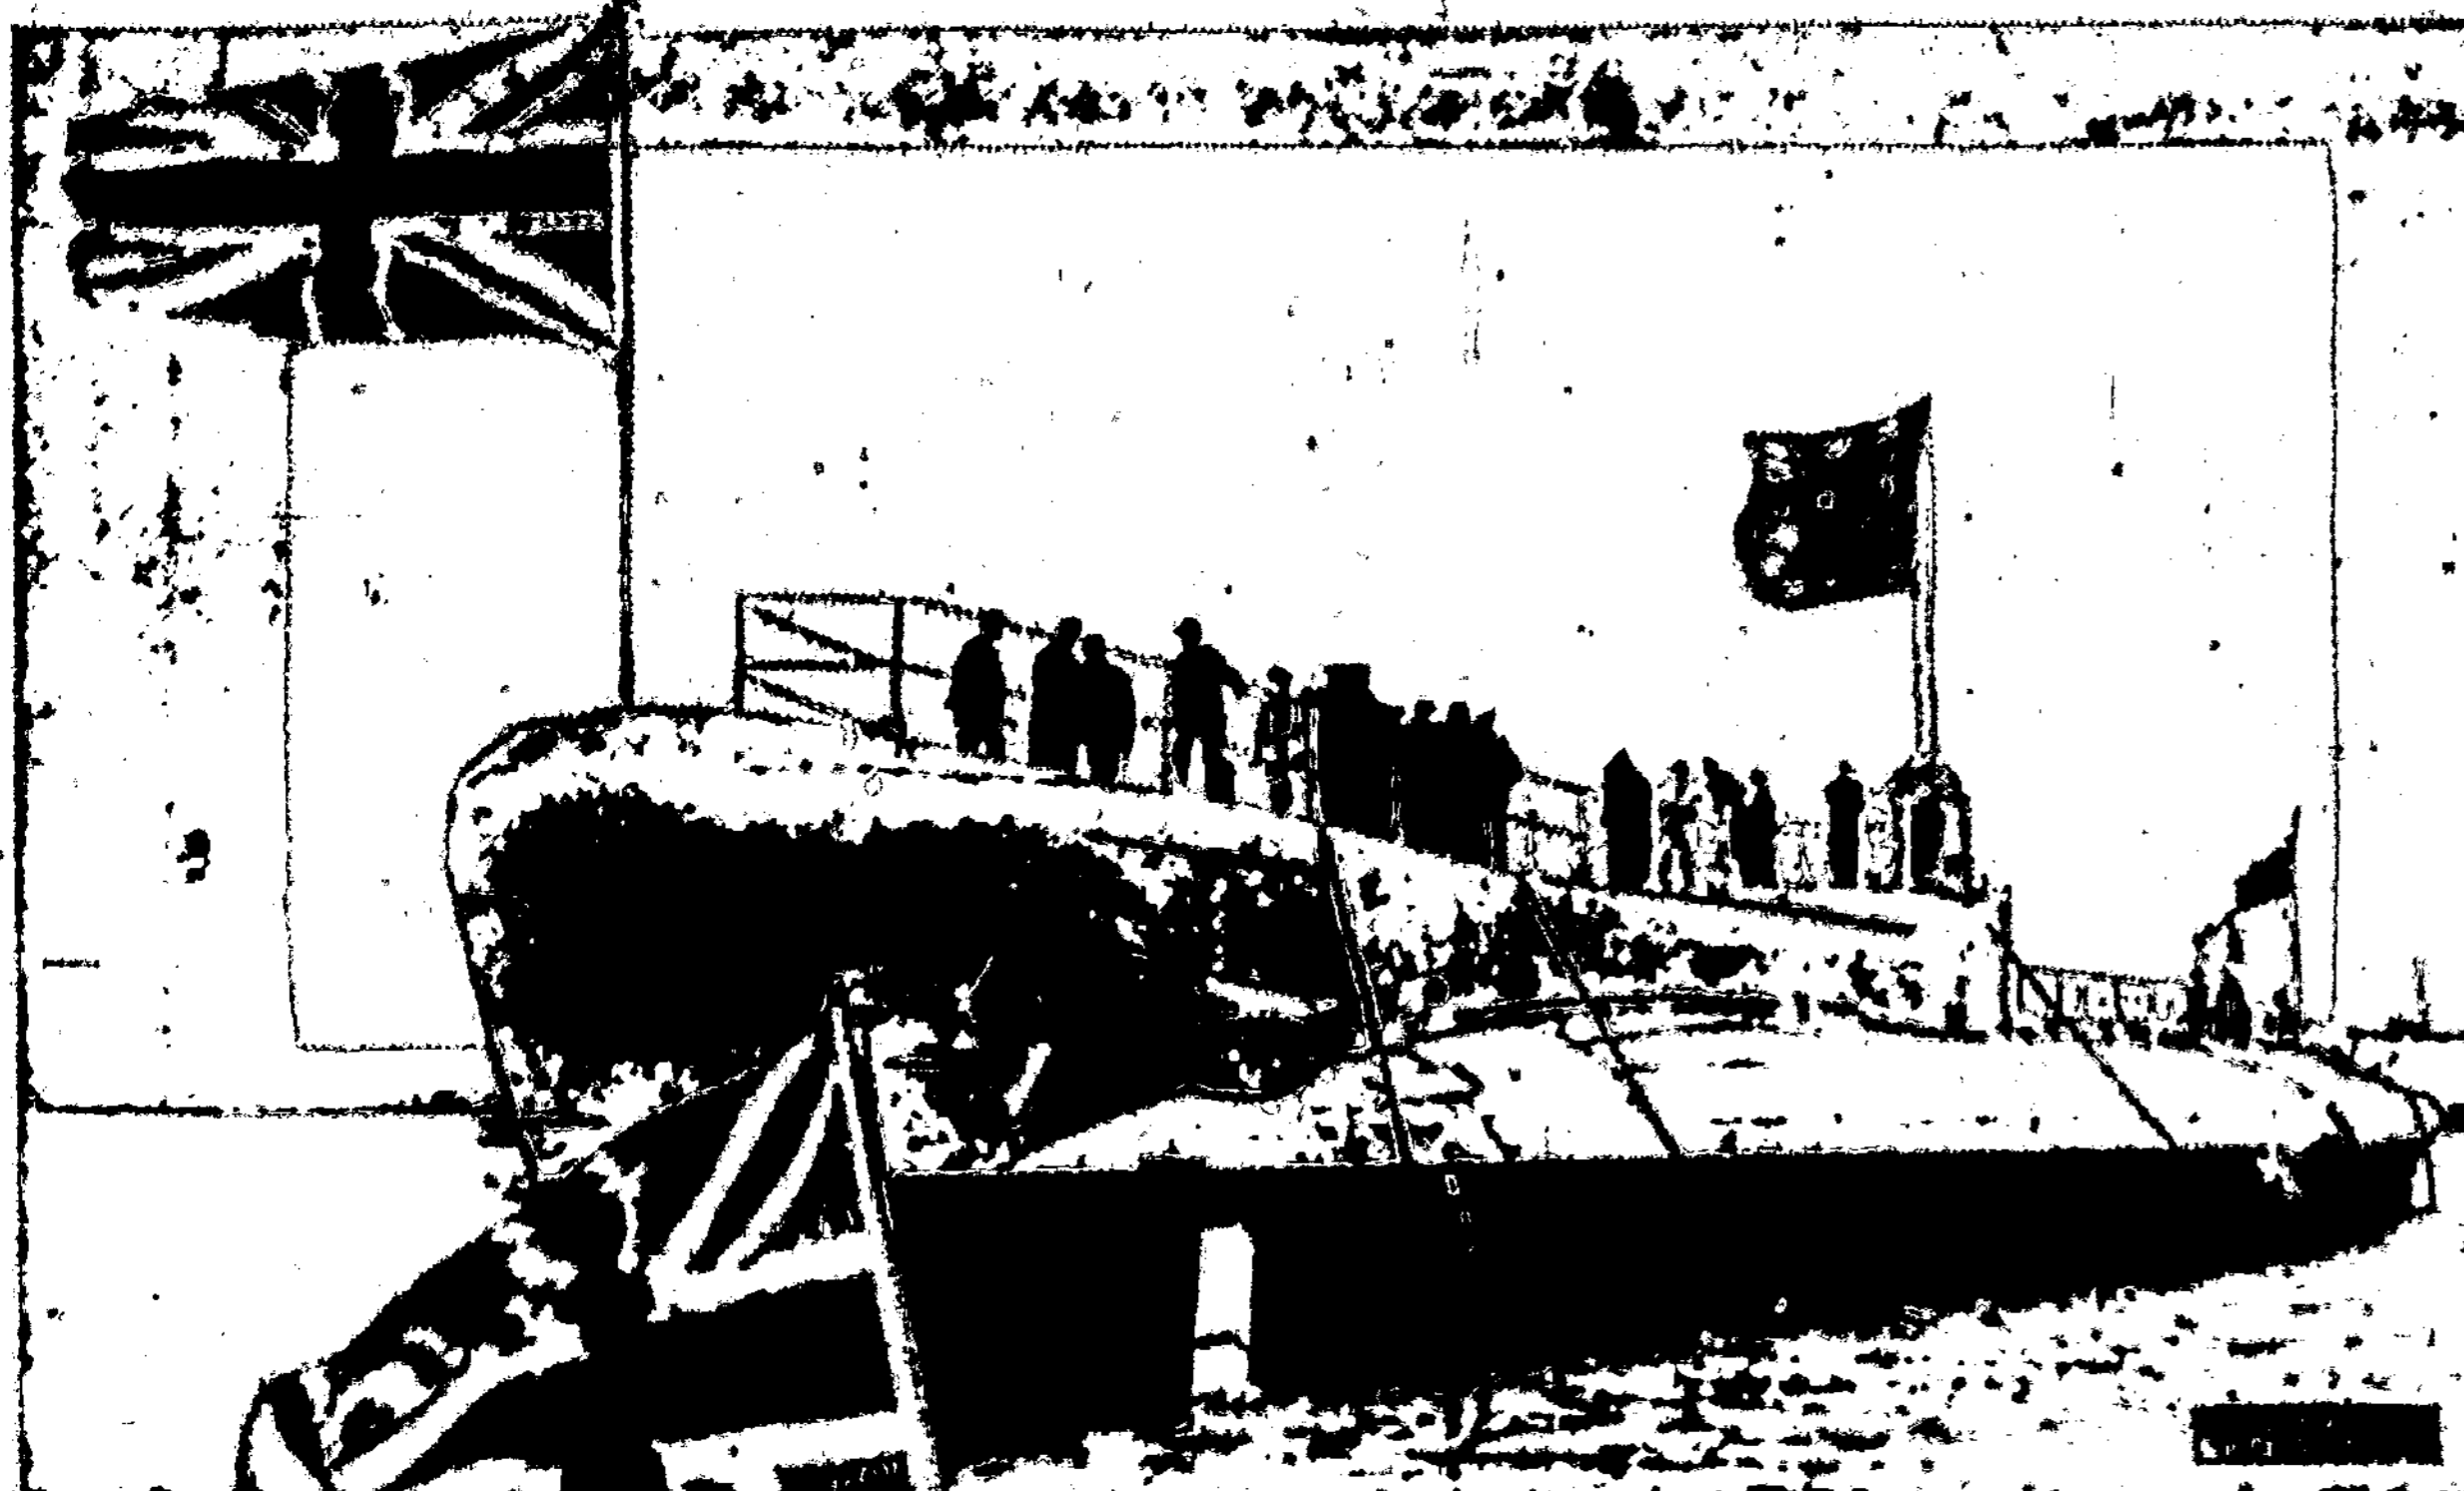

as Will Ed Harris started for White Oaks Monday morning he met another car at the intersection of the highways east of town. Mr. Harris is a careful driver and seeing the man had lost control of his car, he hugged the right side of road as far as he could, but the cars collided and the offending car containing a man, woman and child, turned over, but aside from a nasty scratch on the baby's cheek, no injuries were sustained.

Taking the Census in Big Bend Country of Texas

Mrs. J. H. Nall of Alpine, Texas, taking the census along the Rio Grande in the Big Bend country of Texas. Over 1,100 miles of travel by auto and several hundred miles of mountain climbing were necessary to accomplish her task.

Great Britain's Newest Submarine, Rainbow

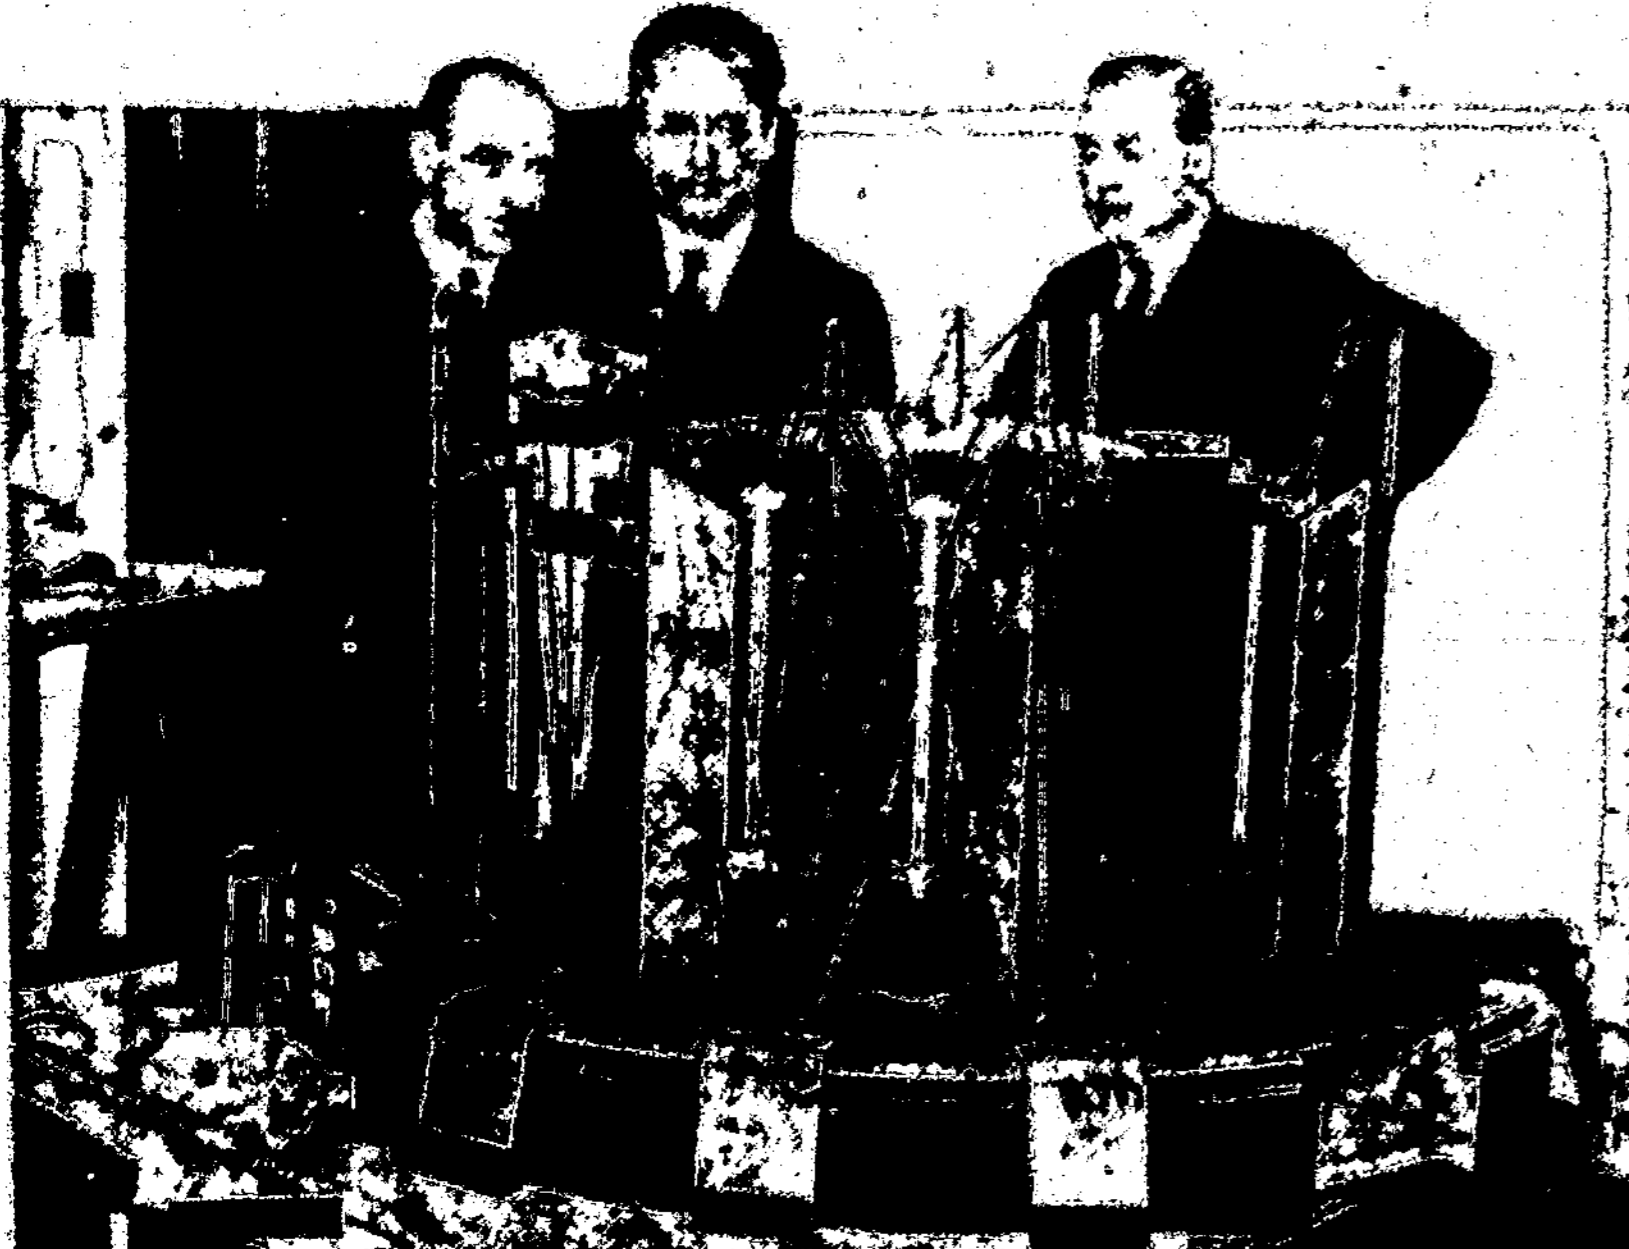

Great Britain's newest submarine, Rainbow, the first on the 1923 program, after it was launched. The vessel weighs 1,475 tons (2,015 tons submerged) and is expected to carry one four-inch and two smaller guns.

Father and Son Rifle Champions

Two rifle championships in the same family is the unusual record that has been achieved by Samuel A. McKone and his seventeen-year-old son, Samuel A. McKone, Jr. A few hours after the elder McKone had won the senior championship of the Kansas State Rifle association at Junction City, his son won the junior championship. The father's score was 248 out of a possible 250, while the son's was 193 out of a possible 200.

Odd Architecture for Chicago Fair

Architecture for the Century of Progress exposition in Chicago is going to be decidedly different from any that has ever been used. For example, this photograph of the model of one of the domes of the Travel and Transport building shows how cables on the outside will do away with the necessity of having pillars and posts on the inside. The men inspecting the model are Manager L. R. Lohr, Assistant Director of Works C. W. Farrler and Secretary Daniel E. Burdham.

WANTS NORRIS' TOGA

Dr. Jennie Callfas of Omaha, Neb., who was ousted as Democratic national committeewoman after she had refused to support Al Smith for President, is seeking the Democratic nomination for senator. That seat is now held by George W. Norris, Republican. Doctor Callfas said she would fight for revision of tariff rates to benefit agriculture, as part of her campaign platform.

WINS OVER GLENNA

FANS HAVE LITTLE USE FOR ARBITERS

President Heydler Says Umpires Have Few Friends.

After his many years in baseball, John A. Heydler, president of the National league, is convinced that players and fans have little use for the umpires. Heydler just about says so in his "special instructions" to the officials.

"If there is any doubt about it, read as follows, and find out for yourself: 'Study the rules daily. A thorough knowledge of them is your greatest asset. Be courteous and firm and so compel respect from all, and never lose sight of the fact that friendship for the umpire, appreciation of his arduous duties, and practical co-operation in his troubles rarely extend outside of this office.'

Another thing, Heydler likes umpires who are able to "stand on their own feet" and are not overlastingly appealing to a fellow mate to make the decision in some intricate play. He wants them to be in the right spot at the right time and get their own plays.

Fisherman and sportsmen generally will be interested in the announcement that the Anglers' club of Sarasota, Fla., will give \$3,000 in cash prizes to anglers and guides for the best fish caught during the national tarpon tournament to be held there May 9 to July 13 inclusive. This is said to be the largest sum ever offered in a fishing tournament. These awards are in addition to cups, trophies, fishing tackle, etc., usually given at such an event.

Ed Barrow, business manager of the New York Yankees, has issued a warning to gamblers who make the stadium their headquarters while the Yankees are playing at home. "I am opening heavy fire on those who bet openly at the stadium on Sundays," said Barrow. "I have prepared warnings which will be handed to patrons, and I hope the fans do not take offense and will appreciate what I am trying to do. I have been fighting gamblers at ball parks ever since I came into the game, and I am never going to give it up. The situation at the stadium has become serious, and I am going to stamp out the evil."

Hafl J. Rockefeller, graduate manager of athletics at Rutgers university, announces that Dennis Mulligan, captain of the West Point football team in 1923, has been appointed coach of the Rutgers freshman football eleven. This gives the Rutgers' coaching staff two former West Point stars. Mulligan succeeds Don Storek, his teammate for four years on the army squad, who will be chief assistant to Head Coach Rockefeller next fall.

Another boost for the managerial ability of Donie Bush, leader of the White Sox, is the one play of Bill Cissell, Sox shortstop, who is playing second base under the Bush regime. Cissell gives Bush credit. In 1923 Cissell was a widely heralded star of the Coast league, playing with Portland. Comiskey is said to have paid \$123,000 for his release, \$75,000 in cash and \$48,000 in players. "Bush has helped me immensely," says Cissell. "He has shown me several things that have been helpful to me, and I am playing with greater confidence than ever before. Bush is the greatest manager I've played under."

George Duncan, a gentleman who knows golf if anyone ever did, picks Hoylake as the hardest course in Great Britain. It is the No. 1 course on his list.

There is no watering system at Hoylake (watering systems being straggled to nearly all British courses) and Hoylake often dries out. When the course is dry it is like cement. The greens turn light brown in color and become smooth as glass. A pitch shot is impossible; the player must run up the ball.

"Like the weather so Hoylake," they say over there and the American players who have tried Hoylake agree.

Have Glut of Bibles

and of Epsom Salts
No more Bibles or epsom salts are wanted at Tristan da Cunha, the "world's loneliest isle" in the South Atlantic. The reason is that kindly people have sent so many of these articles that every inhabitant is supplied for years. According to Rev. R. A. C. Pooley, the missionary in charge, there has been a flood of Bibles, some houses having six copies, and many "Good Books" are awaiting new arrivals. He adds that there are still 200 pounds of epsom salts to be taken when required. His letter was written a year ago, but has just arrived in England, the boat touching the island only about once a year. A new school was erected last spring for the 150 inhabitants, who are descendants of the British garrison in the days when Napoleon was at St. Helena.

Wooden Hats for Women

Paris' new fashion of wooden hats for women is being accepted. The hats are made of three-ply wood, and the brims, which are cut in two, are fitted with hidden springs so that they may be pulled over the hair. The headpieces preserve the cloche shape, and are trimmed with delicately carved ornaments, some of which are the work of artists who devoted much time to them. It is claimed that they are just as light and comfortable as felt and much more durable because they do not develop creases. But they are much more expensive.

German Red Lips Costly

Keeping the lips of infants and mothers of Germany a rosy red costs \$2,500,000 a year, according to an estimate based on government reports. Last year 624 tons of lipstick, valued at \$1,750,000, were imported. German lipstick manufacturers supplied \$750,000.

She Lost 19 Pounds of Fat in 27 Days

During October a woman in Montana wrote—"My first bottle of Kruschen Salts lasted almost 4 weeks and during that time I lost 19 pounds of fat—Kruschen is all you claim for it—I feel better than I have for years."

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "it's the little, daily dose that takes off the fat"—Don't miss a morning. The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's life-giving salts is carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

If you want to lose fat with speed get an 56c bottle of Kruschen Salts from any five druggist anywhere in America with the distinct understanding that you must be satisfied with results or money back.

Division of Palestine

A plan to divide Palestine according to the faith of the population—Jewish, Moslem and Christian—has been suggested. Mr. Ben Avri has proposed that 10 cantons be formed—6 Jewish, 7 Moslem and 3 Christian. The object is to place the inhabitants in congenial surroundings, giving each group freedom to govern itself in accordance with its own traditions. All would come under a central government, the mandatory power for Palestine.

EDITORIAL COLUMN

Of Interest to Ranchmen

The news recently sent here by Congressman Simms to the effect that restrictions on grazing lands in Mexico will be removed in the new tariff bill will come as a glad piece of information to the ranchmen of this section, who, in recent years, when they were victims of drouth, were compelled to ship cattle to Mexico and pay heavy duty coming and going to the grazing lands. Of course, in this as in other measures, some time must be designated as to how long the cattle are allowed to remain on the other side of the Rio Grande, and the assurance comes that the time allowed for their stay being eight months is ample.

In times past, when drouth had come to this and other sister states of the west and southwest, cattle were shipped across the river into the grass countries of Chihuahua, Sonora and Coahuila, allowed to remain there until our rains came on and the range gets in fit condition to bring them back, and even after paying duty on the same, it saved the herds—but how much more should the stockmen feel grateful now, that they have the assurance that they may send their cattle over and have them returned free of duty.

Disturbances across the border have caused the ranges to flourish and just now they are in fine condition to graze on, and should another drouth come to this or any section of the west or southwest, what a boon it will be to ship the cattle over and have them returned without having to pay anything above pasture charges to the owners of the land, and the duty on shipping entirely removed.

Such will be the case, according to assurances sent out by Mr. Simms and it is safe to say that the information is correct.

BANKERS STUDY CHAIN BANKING

The Economic Policy Commission of the American Bankers Association has been specifically instructed by the general convention of the association to study and report on chain and group banking developments, and also on the proposal of the Comptroller of the Currency for an extension of branch banking in the national banking system, to permit those banks to conduct branches in the trade areas surrounding their locations.

R. S. Hecht, President Hibernia Bank and Trust Company, New Orleans, Louisiana, is chairman of the commission. The members are: George E. Roberts, Vice President National City Bank, New York, N. Y., vice chairman; Nathan Adams, President American Exchange National Bank, Dallas, Texas; Leonard F. Ayres, Vice President Cleveland Trust Co., Cleveland, Ohio; Frank W. Blair, Chairman of Beard Union Trust Company, Detroit, Michigan; Walter W. Head, President Foreman-State National Bank, Chicago; W. D. Longyear, Vice President Security-First National Bank, Los Angeles, California; Walter S. McCluskey, Chairman of Board Commerce Trust Company, Kansas City, Missouri; Max B. Nahn, Vice President Citizens National Bank, Bowling Green, Kentucky; Melvin A. Traylor, President First National Bank, Chicago; Paul M. Warburg, Chairman of Board International Acceptance Bank, New York, N. Y.; O. Howard Wolfe, Cashier Philadelphia National Bank, Philadelphia, Pennsylvania; Gardner Edwards, American Bankers Association, New York City, secretary.

A survey showing the extent to which chain and group banking has developed in the United States has been made and issued in booklet form by the American Bankers Association of New York City.

SECTIONS WHERE SAVINGS DECREASED

A regional analysis of the drop in the nation's savings deposits in banks, as recently reported by the American Bankers Association's Savings Bank Division in its annual compilation for 1929 showing the first recession in national savings in the twenty years during which it has published this data, reveals that all sections except the New England and the Pacific States groups recorded losses. The published figures showed that on June 30, 1929, the total savings deposits in banks and trust companies of continental United States stood at \$27,217,655,000, which was \$195,000,000 below the similar total for 1928, when there was an increase of \$2,200,000,000. The regional analysis by state groups discloses, however, that the six New England states as a group gained more than \$43,000,000 in savings and \$123,000 in savings deposits, while the seven Pacific states as a group gained over \$75,000,000 in deposits and nearly 275,000 in number of depositors. The gains in these two sections, however, were smaller than the gains recorded there for 1928. The sections which showed losses are the Middle Atlantic States, Southern States, West Central States and the West Pacific States.

IT'S WISE TO CHOOSE A SIX

SIX

reasons why it's wise to choose a "SIX"

1. *It's Smooth!* Chevrolet has a 50-horsepower six-cylinder valve-in-head engine that delivers its power with a smoothness and silence that are impossible with anything less than six cylinders.
2. *It's Comfortable!* Chevrolet offers modern spring suspension, roomy bodies, and a smooth-running six-cylinder engine.
3. *It's Easy to Drive!* Chevrolet provides an extra-easy ball bearing steering mechanism. And six-cylinder flexibility means unusual simplicity of control.
4. *It's Beautiful!* Chevrolet is the only low-priced car with Body by Fisher. Hence, its style compares favorably with that of costly cars.
5. *It's Economical!* The Chevrolet costs no more for gas—oil—tires—or service. And six-cylinder smoothness holds down costs, by protecting the car from destructive vibration.
6. *It's Easy to Buy!* The G. M. A. C. payment plan, with its easy terms, is available to all Chevrolet buyers. Come in! Confirm all the reasons why it's wise to choose a Chevrolet Six.

SERVING MANY BUSINESSES

Experience of large fleet owners reveals the unusual reliability and economy of the new Ford

A SIGNIFICANT TRIBUTE to the value of the new Ford is found in its increasing use by Federal, state and city governments and by large industrial companies which keep careful day-by-day cost records. In most instances, the Ford has been chosen only after exhaustive tests of every factor that contributes to good performance—speed, power, safety, comfort, low cost of operation and up-keep, reliability and long life.

Prominent among the companies using the Ford are the Associated Companies of the Bell System, Armour and Company, The Borden Company, Continental Baking Corporation, Firestone Tire and Rubber Company, General Electric Company, Goodyear Tire and Rubber Company, Kellogg Company, Knickerbocker Ice Company, Morton Salt Company, Pillsbury Flour Mills Company, The Precter and Gamble Company, and Swift & Company.

Each of these companies uses a large number of Ford cars and trucks. The Associated Companies of the Bell System use more than eight thousand.

Modern business moves at a fast pace and it needs the Ford. Daily, in countless ways and places, it helps to speed the production and delivery of the world's goods and extend the useful service of men and companies.

Constant, steady operation over many thousands of miles emphasizes the advantages of the sound design of the Ford car, its high quality of materials, and

unusual accuracy in manufacturing. Beneath its graceful lines and beautiful colors there is a high degree of mechanical excellence.

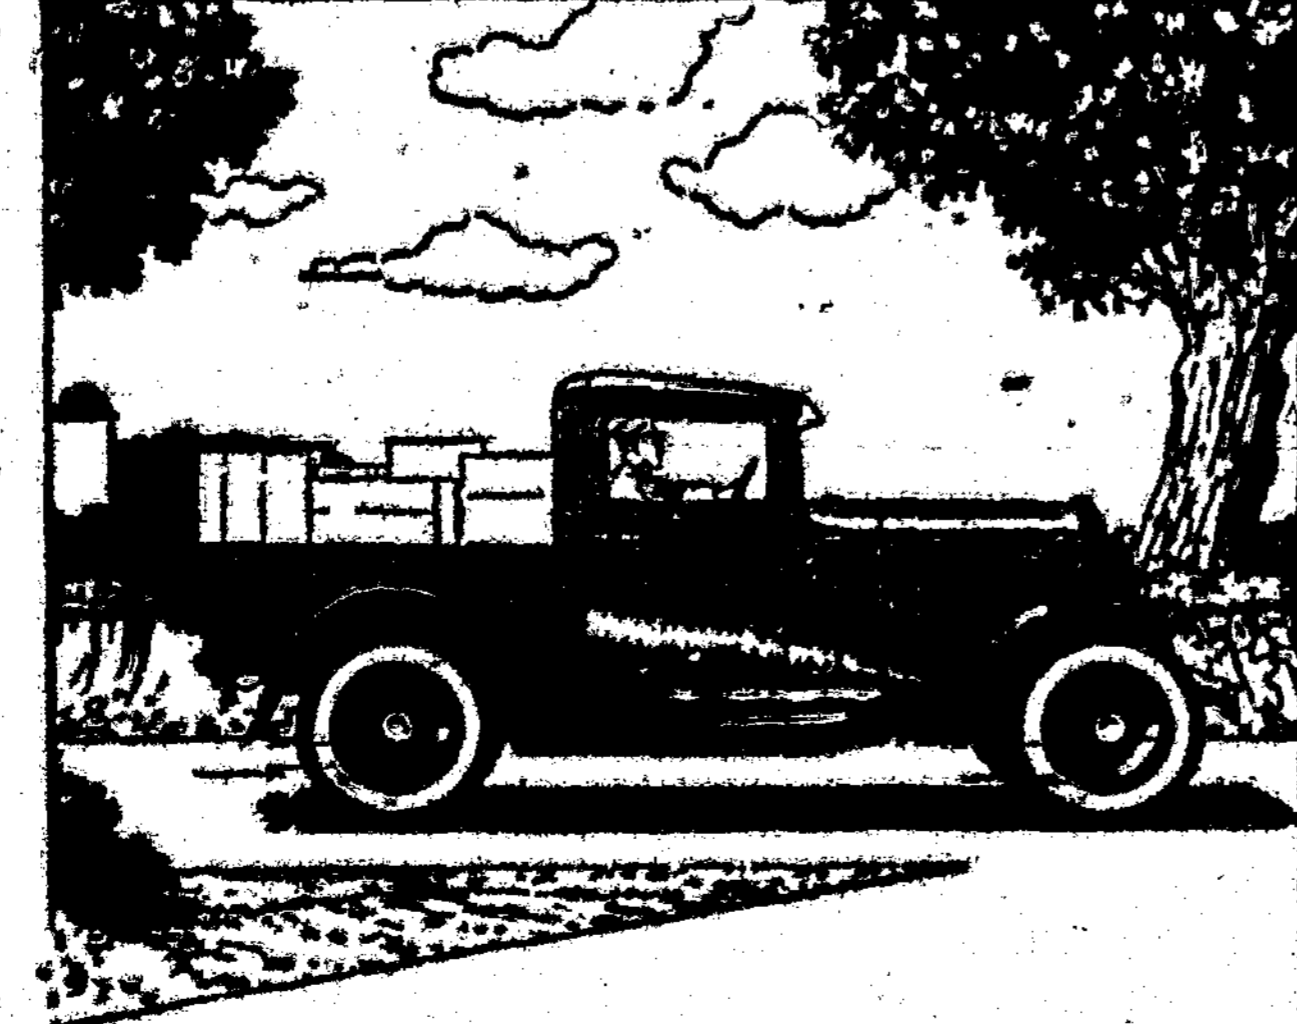

An example of the value built into the Ford is the use of more than twenty ball and roller bearings. They are hidden within the car and you may never see them. Yet they play an important part in satisfactory, economical performance. Their function is similar to the jewels of a fine watch.

Throughout the Ford chassis, a ball or roller bearing is used at every place where it is needed to reduce friction and wear and give smooth, reliable mechanical operation.

At many points, as on the transmission counter-shaft, clutch release, fan and pump shaft, and front drive shaft, these ball and roller bearings are used where less costly types of bearings might be considered adequate.

Additional instances of the high quality built into the Ford are the extensive use of steel forgings, fully enclosed four-wheel brakes, Rustless Steel, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, and the Triplex shatter-proof glass windshield.

The Ford policy has always been to use the best possible material for each part and then, through large production, give it to the public at low cost.

FINDS STATE BANKS WELL SUPERVISED

Bankers' Body Sees Less Politics in Banking Departments With Better Facilities in the Hands of the Responsible Officials.

A survey of state banking departments by the State Bank Division, American Bankers Association, discloses a distinct tendency the past five years to take bank supervision out of politics, to increase the discretionary powers of bank commissioners, to lengthen their terms of office, to supply them with adequate forces of qualified examiners and to relieve banking departments of duties foreign to banking, says a recent statement issued by the association.

"We have consistently urged that the office of bank commissioner be as free from partisan politics as the judiciary itself and that it be divorced from all other functions of state government," the statement says. "Further, that his term of office be made more secure and lasting, with sufficient salary and power granted to attract and retain the services of men of outstanding executive ability, courage, resourcefulness and successful banking experience.

Five years ago the first survey of state banking departments by the division demonstrated the need for improvements. On the basis of data now in hand it is evident that, through the revision of statutes in many states, rapid steps are being taken in the right direction. One by one the states are coming to recognize the primary importance of strong, competent banking departments. The demand for increasing the effectiveness of banking departments is beginning to be met."

How Bank Commissioners Are Chosen
The office of bank commissioner is now operated as an independent department of state government in thirty-four states, the bankers find. In two states the bank commissioner is elected at general elections; in one he is appointed from eligible lists of the civil service and in another he is selected by the banks. In one state the bankers' association elects a list of five names from which the governor appoints one as superintendent of banks; in another he is appointed by the State Corporation Commission and in another by the State Banking Board.

"Terms of office of bank commissioners have been lengthened in several states during the last five years," the report says. "In 23 states the term is four years, in one, five years, and in three it is six years and in some the term is indefinite. A short term is condemned on the grounds that the commissioner has insufficient time to become thoroughly conversant with his field work. A longer term permits his rendering useful service through capitalizing his experience. Five years ago the average length of service was less than three years, while now it has risen to five years."

Higher Standards Required
"Signs of an awakening to the necessity of making successful banking experience a qualification for bank commissioner are evident. While eleven states report no banking experience necessary, the majority require experience of this sort, ranging from two to five years. Twelve states now have banking boards, with powers ranging from acting in an advisory capacity to full power over all state banks, to issue and reject charters.

"A healthy sign is the number of reports which disclose that the commissioners have full power to appoint bank examiners or that these appointments are made from civil service lists. This power is now granted to the commissioner by twenty-seven states. Three require that selection be from civil service lists. Complaints are still made in a few states of political pressure in the appointment of examiners, but the contrary seems to be true in a growing number of states. The most capable commissioner cannot successfully perform his duties unless he is able to command the services of efficient, honest examiners. The safety of depositors is dependent on their work, and their appointment, fitness and compensation are highly important. The number of examiners has increased 25 per cent in the last five years."

BANKERS TO HOLD GREAT CONVENTION

Cleveland, Ohio, has been designated for the 1928 annual convention of the American Bankers Association. This organization, which numbers about 24,000 banks with \$65,000,000,000 in assets, is annually the nation's most important financial event. The attendance ranges between five and ten thousand.

Cleveland is especially significant in the history of the Association's educational traditions since it was in this city, when the organization met last there in the year 1888, that the original resolution was presented looking to the formation of an educational section. This subsequently resulted in the American Institute of Banking in which are now enrolled 35,000 bank men and women engaged in the study of the technical and scientific phases of the business.

Ford Phaeton
THE Ford Phaeton, shown above, is equally popular as a family car, and as a sport car for young people. The seating arrangement provides for the driver and one passenger in front and three passengers in the rear. Seats are upholstered in two-tone green cloth with artificial leather. The top is of the quick collapsing type, easily handled by one person, and folds flat. The windshield, of Triplex bullet-proof glass, is of the folding type and can be tilted forward. The windshield wings fold over it, emphasizing the sport effect of the car.

Hundreds of thousands of Frigidaires
have never required any SERVICE
this is ONE reason why

Frigidaire is sold with a definite guarantee—backed by General Motors.
And still more important to you as a purchaser is the fact that year after year Frigidaires continue to give satisfaction—long after the guarantee has expired.
If service should be required it is rendered instantly and without removing the machine from the premises.
