WOMAN'S CLUB

met April 20, in White Oaks at the home of Mrs. Tom White, with Mmes. Lemon, Clegghorn, Finley, Elliott, Misses White and Brickley as hostesses. The meeting was opened by the president, the club singing "The Star Spangled Banner." Then followed the salute to the flag and the roll call, demanding the name of each member's favorite flower. This met with ready response, a great variety of favorites being given, with roses predominating.

Business having been disposed of, Mrs. Blaney took charge of the club's birthday program. The first number, which had been assigned in the year book, was "The History of the Club," by Mrs. Blaney. This was unusually good, only the salient points being touched upon as the years were passed in review. It was shown how each president, in her own way, stressed and had carried out in the club's work, some helpful measure in its onward march, exemplifying the club's motto of service to others. Mrs. Spenger made a motion for a rising vote of thanks for the paper and for the ever ready loving services which Mrs. Blaney stood ready to give at all times and had given at times when the club had badly needed them. It was an appreciative club that rose to its feet.

The second number was "The Old Refrain," sung by Misses Ruth Petty, Leslye Cooper, Mary Pickett Warden. They encored with "Don't Kid Us." The third was a piano solo, "Ondoiement," by Mrs. Marby Burns, which everyone enjoyed.

This being the club's birthday, a cake was brought in and 14 candles lighted. Best wishes from absent presidents were read, and oral ones from those present were expressed. Everyone was invited to take a piece of cake, and cake par-excellence it was.

Mrs. R. E. Lemon led in singing, "If Your Heart Keeps Right." Their hearts were right just then, for it was time for refreshments, which came as delicious cake and coffee were served.

The club left, glad to have been entertained at one of the old aristocratic homes of White Oaks, where fancy could rehabilitate the scenery of White Oaks in her palmy days.

The Carrizozo Business Men's Club met at the regular six o'clock dinner at the Carrizozo Eating House Wednesday evening. With no business to bring up and no reports to be heard, the meeting adjourned after the announcement that members of the out-going and in-coming boards of village trustees will be guests of the club at its next meeting, Wednesday, May 2.

Singular and worthy of note will be the Eighth Grade Graduation exercises this year at the Bogle school. There will be but one graduate, little Miss Kathleen Shields and we congratulate her on her advancement.

"That trio of broadcasters 'sho' were burning 'up,'" said Leandro.

Mr. and Mrs. Edgar Martin visited the E. W. Bell family on the Bonito Sunday.

The Domestic Art Club met at Mrs. Tom Zumwalt's Thursday.

Mr. and Mrs. Clayton Hust of Las Cruces visited the Homer McDaniel family last week.

Earl McDaniel of Las Vegas visited friends and relatives in Nogal last Sunday. Mr. McDaniel is contemplating on locating here in the near future.

Mr. and Mrs. Sam Cox spent Sunday with Mr. and Mrs. Floy Skinner.

Mrs. Chas. Pfingsten has returned home after a recent operation in El Paso.

Local Trees and Gardens

In addition to those whom we mentioned last week, we would include the Camp Malpais, where Mr. and Mrs. B. Prior have 60 fine healthy trees, mainly of the Chinese elm type. Camp Malpais has a border of salt cedar surrounding it and with flowers of various kinds over the place. It affords an excellent view to visitors who arrive in town over the Carrizozo-Socorro highway.

At the C. A. McCammon home you will see a well-kept yard full of beautiful roses almost ready to burst into bloom and with ferns, plants of different species and a goodly amount of shade trees, is a showing of how perseverance is rewarded in desert soil. They also have a thrifty vegetable garden.

There are two fine rows of young Chinese elms on Alamogordo avenue between 5th and 6th. On the west side, in front of the residences of Mrs. A. V. Swearingen, Henry Lutz, R. R. Sale, Pat Dolan and Dr. Shaver, while on the east side they border the J. F. Petty residence and the brick flats of C. D. Mayer.

The Harvey Service Station is also well shaded with a fringe of young trees while the yards at the Village Trustees' building, Community Hall and Courthouse are in fine condition. If you have a nice yard, let us brag about it. Let's show other people that we have something here besides a volcanic ash bed.

A duo-surprise party, in honor of Hilda Anne Barnett and C. O. Davis, Jr., was given today at the home of Mrs. C. O. Davis, by Mesdames Meyer Barnett and Hazen Davis. About 25 guests were invited. Refreshments were served and games played on the lawn.

Attended Alamogordo Golf Tournament

The following golf players went to Alamogordo last Sunday and played the Alamo's best, defeating Alamo by one point—the score being Carrizozo 14; Alamo 13:

M. U. Finley, Harry Miller, Ralph Petty, Wm. Gallacher, Harry Gallacher, Leo Ortiz, Sat Chavez, Sr. and Jr., Ben and Leo Sanchez, Clint Branum, L. P. McClintock and J. M. Beck.

The ladies, Mesdames Beck, Finley, Jane Gallacher, McClintock, Wm. Gallacher and Miller, accompanied the boys. They had a Dutch Lunch on the park, and spoke about the nice way they were treated by the Alamogordo people. The Alamo golfers are expected to come up soon to play a return match, and this next time possibly there'll be a different story to relate—Quien Savvy!

Attention, Sheepmen

Lupe Gabaldon of Claunch was a business visitor here last Saturday and while in town, made this office a friendly call. Lupe has lately purchased a new and up to date sheep shearing machine and is prepared to shear in any locality in rapid fashion and the work absolutely guaranteed. The machine has 12 drops and with a man at each drop, it will shear 1200 sheep in a day. Heretofore, sheepmen have been having their shearing done by people from other states, but now they may have the work done here, thereby patronizing the home industry and keeping the money within our borders where it will be spent with our merchants.

Mrs. A. B. Zumwalt of Nogal left Wednesday for Phoenix, on account of the illness of her daughter-in-law, Mrs. Clifford Zumwalt.

Mrs. Horace Chaney and sister, Miss Pearl Cummings of Capitan, were visitors in town Wednesday.

Mrs. J. B. French came over the latter part of last week from Albuquerque and remained until yesterday, spending the major portion of the time as a guest of Mrs. E. H. Sweet at the Carrizozo Eating House. While here, she visited many of her old friends.

Melvin Franks, County Commissioner from the Corona district, was a business visitor in town Saturday.

ANCHO ITEMS

Mrs. P. Miller was hostess to the Woman's Club Saturday at the home of her mother, Mrs. Drake. Meeting was called to order by Vice-Pres. Mrs. Hightower. Roll call, "Wise Sayings" and "Mrs. Franklin D. Roosevelt" was responded by 11 members. The verse of the day was read; then the club litany led by Mrs. Ed Miller, followed by the Lord's Prayer. Mrs. S. J. Pruett was selected delegate to the district meeting. Mrs. Kile gave a 4-year report on the condition of the club library which is steadily growing. Mrs. Ed Miller was in charge of the study and gave a demonstration on making a home braided rug. The social hour was taken up in a pencil contest with the price going to Mrs. Wilson. Guests were Mrs. Harvey Fambrough and "Granny" Cooper. After refreshments Lucille and Lala Lee Drake entertained with songs, one of which, composed by Lucille on New Mexico, was quite a hit. Next meeting with Mrs. Pruett on May 5.

The ball team and fans went to White Oaks Sunday for a big game. The game was very interesting and although Ancho was defeated 4 to 0, the boys feel they will be stiff competition with a little more practice.

Mrs. Harry Straley had as her guests for the week end Mr. and Mrs. W. C. Baker of El Paso.

"Granny" Cooper is visiting at the Bryan Hightower ranch this week.

Mrs. J. M. Frame has returned home from a short visit in El Paso.

There will be church services Sunday at eleven. Sunday School at ten.

T. J. Straley is visiting in El Paso this week.

DIAMOND DUST

Last Sunday afternoon, the first real game of the season took place between Corona and Carrizozo. It was a fast and good game, featuring many brilliant plays and although there were numerous errors on both sides, they might have been expected at the beginning of the season. There were several discussions, or rather, misunderstandings, but they were settled in a friendly manner. The game ended with a score of 11 to 10 in favor of Carrizozo. The Corona boys are good sports and took their slight defeat in a manner that proved metal as good losers. It may be the other way the next time, boys. For Carrizozo, Huffmeyer and Luceras divided the pitching burden, while "Slim" Whittis did the receiving. Hilton and Simpson pitched for Corona and Walter Gage wore the bird cage. The boys played well on both sides and the teams were evenly matched. Clyde Smith hit two homers for Carrizozo. Pete Frame was put in as a pinch hitter in the 9th and saved the day for Carrizozo with a three-bagger. Manual Ortiz also hit for the circuit. Red and Andy pitched good ball. The Carrizozo team goes to White Oaks next Sunday. Clyde Smith will be on the mound.

Wm. Gallacher sold 100 head of yearling steers the first of the week to McNamara & Atterbury of Colorado Springs. The shipment was made on Wednesday. It was a nice bunch of young steers and brought a fairly good price.

But a foot had found purchase, a leg had straightened; under that drive the canoe shot outward and although LaFane buried himself forward and swam stoutly he could not overtake it and as he gave up the sword of swift paddle strokes reached their meekly.

Stephen Drake, with his four-year-old son, is rescued from a blizzard by Jim Flynn, big timber operator, whom Drake has robbed. Flynn forgives the theft, and Drake, with his death, impresses on the boy, Steve, the debt they owe "Old Jim".

CHAPTER IV—Continued This all required time and it took more time to set the gun with proper firmness, stock held fast by those well-arranged rocks.

LaFane had guided into the light that fell through the store doorway, a tall, staccato figure. He stood a moment, at some little distance, before he spoke.

"What are you getting at? Somebody gone to my shanty?" LaFane nodded. "What?"

Drake swung out a hand to grapple with the figure before him but he was too late. The canoe rasped bottom, water splashed. Steve floundered, LaFane behind him.

Steve had kept the job alive by his ability to give men confidence in his leadership. This was no feeling of self-satisfaction, of conceit; it was simply the fact.

They stood still, listening to these words grow fainter. Then Steve, reaching into his pocket for a flashlight, turned its beam on his left hand. In his palm was a button, four threads clinging to it; a plain, brown button.

Steve cut the cord, set the safety and ejected the shells. He gave no sign of excitement but when he spoke his voice was somewhat husky.

Another canoe rounded a long point and came toward him and as the distance narrowed Steve's lip quirked. It was Franz, whom he had not seen or heard of since their encounter on the upper river.

Steve's eyes dropped to the man's clothing and his outfit. The bottom of his canoe was smeared with red clay.

"Don't you figure you've crawled about far enough out on this particular limb?" Franz asked.

Steve's head did swim then, for an instant. It was not thought of what Young Jim Flynn might do that caused confusion. The factor in the situation which loomed high in his consciousness was the effect on a blinded girl, hundreds of miles away, that the arrival of the one with true authority might have.

Steve had kept the job alive by his ability to give men confidence in his leadership. This was no feeling of self-satisfaction, of conceit; it was simply the fact.

"Not a great deal, that's true. But a man who's careless about where he leaves buttons from his clothing is likely to stir up interest in other folk's minds."

"You'd naturally say that. But it's a good gun. It had been well cared for. There's plenty of gun oil on it to keep the rust off and to take the print of a man's fingers."

"Right after we tried to get more than a buttonhold on this bird, this witness and I found a gun set in my trail, loaded and ready to blow me to kingdom come. That gun is covered with finger-prints."

"Talk!" he snarled. "Bunk! If you think you can lie me up to something I don't know about you've got a flock of guesses coming!"

"I'll make you this promise, Franz: one word from you about the case I'm playing—which I admit to you freely, now—or about another man said to be Young Jim Flynn in this country, and I'll have the sheriff on you and an attempted murder charge against you."

"Don't think I'm stalling because I don't go through with this thing now. A whole lot depends on keeping what you and I know to ourselves."

"Walk up and touch him," LaFane said, amusement in his face.

EDITORIAL COLUMN

The Proverbial Work Mule Must do the Pulling

The vicious, greedy, corrupt, unscrupulous and hard-boiled interests have apparently soaked the poor man again. The legislature seems disposed to inflict a straight two per cent income tax upon the people which would double the income tax already assessed upon the \$1,000 a year laborer in the vineyard and reduce the income tax heretofore assessed upon the rich and wealthy malefactors of the state.

The highest bracket previously paid four per cent and this is cut in half, to two per cent, to relieve the Special Interests and the Multi-millionaires. The lowest bracket was one per cent and this has been raised to 100 per cent.

Fat and Pletoric Big Business has swatted the under dog again if this goes through. It is noteworthy that the Sinister Interests which ride in brass-trimmed yachts and luxurious airplanes are determined to grind down further the impecunious and the medium salaried worker, who pays already a federal income tax, a property tax, a gasoline tax and all the other taxes.

State employees are not immune and this means that the \$1,900 a year school teacher will have to dip further into her meagre and pitiful stipend, while the Parasites wallowing in their ill-gotten Billions in this state have their share of the burden reduced.

Shall the gluttonous special interests press down upon the brow of the schoolmarm, and the horny-handed toiler this crown of thorny taxes? Shall they crucify the common people on this double-cross of economic oppression. —Santa Fe New Mexican.

Goats and Other Things

The common scrub goat has been declared a nuisance and his destruction is near at hand. He has become so detrimental that it is decided to remove him entirely from the ranges. He is to be sent back east to meet the awful fate of contributing to the fertilizing industry. There are other nuisances which will soon be relegated to the scrap heap. Meaning what? Certain members of the New Mexico legislature.

A certain rural editor went home to supper, very tired, but with an unusual smile lighting his poor old face.

"Have you had some good luck at last?" his daughter inquired.

"Luck? I should say so," responded the editor. "John Smith, who hasn't paid a cent on subscription for 5 years, came in and stopped his paper. I guess he'll think we'll stop publishing the sheet, according to his remarks."

We Invite You—

Knowledge is truth. Nothing is more convincing.

Our obligation as Ford dealers in this community is not only to sell and service cars. Just as important is our duty to acquaint the public with up-to-date facts about automobile values. We believe that only in this way can intelligent comparisons be made.

So, this invitation is given to everyone — owners of large or small cars — machinists — other automobile dealers, come in and inspect the new 1934 Ford V-8. You will find out why a Ford buying wave is going over the country.

If you would like to drive the new Ford that is your privilege. New thrills will delight you. We will not bombard you with requests to buy—the car will do that.

We are looking for you!

RED CROSS CLOTHES THE NATION'S NEEDY

Flour, Bread, Clothing Reach Into
More Than Five Million
Homes of Jobless

The greatest task ever undertaken by a relief agency in the history of private charity is drawing to a close with the final distribution of cotton clothing to more than five million families by the American Red Cross.

At the direction of the Congress, beginning eighteen months ago, the Red Cross undertook to convert the wheat and cotton surpluses of the Farm Board into food and clothing for the unemployed and needy. In the consequent operation, this relief agency entered upon a commercial enterprise greater than any single commercial firm has ever undertaken in the same period of time.

In the ensuing months the Red Cross converted 85,000,000 bushels of wheat into flour and bread and gave it to 5,303,000 families. The distribution was through 3,700 Red Cross chapters and hundreds of other charitable agencies. During the severe northwestern drought of 1931 the Red Cross also gave wheat in the form of food for livestock to 134,188 families.

The clothing — dresses, underwear, overalls, jumpers, sweaters and stockings for men, women and children, and even blankets and comforters — was distributed to 5,485,416 families. More than 54,000,000 ready-made garments and 92,000,000 yards of cotton cloth were given to the needy. This clothing came from 344,000 bales of cotton.

The wheat distribution was concluded in June, 1933, and final distribution of cotton clothing is occurring in the fall months.

**No Trick Gadgets
On Ford V-8 Car**

No matter what the possibilities for sensational publicity Ford has never resorted to stunt features to sell his cars. Freakish body designs on an automobile are just as speculative as freakish designs on houses.

Millions of dollars were spent to sell American Motorists on free wheeling. Ford declined to put it on his cars.

The Ford purchaser gets a proven car both in style and operation. There are no trick gadgets to catch the fancy and later on prove to be mistakes.

The Ford policy of continuous improvement is well shown in this year's car. It is the best car the Ford Motor Company has ever built.

CHRIST'S STANDARD OF GREATNESS

LESSON TEXT—Matthew 20:17-28. **GOLDEN TEXT**—Even as the Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many.—Matt. 20:28. **PRIMARY TOPIC**—How to Become Great. **JUNIOR TOPIC**—How to Become Great. **INTERMEDIATE AND SENIOR TOPIC**—Who Are Truly Great? **YOUNG PEOPLE AND ADULT TOPIC**—Greatness Through Self-Denying Service.

I. The King Foretells His Death and Resurrection (vv. 17-19).
1. On the way to Jerusalem (v. 17). This was his last journey to the beloved city. He took the twelve disciples aside from the traveling pilgrims to make known unto them what was before them.

Good Idea to Clean Out That "Drawer" in Mind

I was cleaning out my desk drawer. Finding myself in need of space to place papers and notes, I discovered that the desk was so filled with material which I never used that there was no space left for placing things of which I had daily need. So I got on the job to clear them out.

I was amazed to find how things had accumulated. The greatest variety of notes, clippings, reminders—all not only interesting at the time they found their way into these drawers, but very important to the various avenues of interest to which they happened to refer.

But today all these things were passe, useless. A description of an exhibition which I had clipped to read—and thrown into the drawer. It was not read—and so I missed the exhibition. An idea for certain reading, which I had jotted down, research that would greatly enrich something that I was writing. The idea went into the drawer—and stayed there. The piece of writing was finished—and published, without that additional touch that would have so greatly enriched it.

That reminder to write a letter—that at the moment might have helped some one in distress. That went into the drawer and stayed there; and today the person can no longer be helped.

It was the grave of good intentions, that drawer. And as I cleared into the waste basket so much worthless dead material, that had once had life and importance, but had, in the verbiage of the day, "missed the boat," it came to me that practically all of the items could have been disposed of in just a few minutes at the time they went into that drawer.

Many of us have a drawer like that in our minds. It is the receptacle for bright ideas, good intentions—that we have no time, at the moment, to carry out. They go into that drawer into our minds and stay there. The drawer is their coffin. So it would seem if we are going to save those thoughts and ideas we must get to work on them when they come to us. Let us keep the space in our minds, like the drawer in the desk, for active, living occupants, that are used. Let us leave no space to swallow up

things, whether they are clippings and notes, or ideas and intentions, that go in living and rich with usefulness, but come out so much refuse, useless and dead.

Claim Paper Violin Is of Superior Quality

A violin made from the gummy paper used in orthopedic appliances has been shown in Vienna, and it is claimed that it possesses a tonal quality comparable to instruments made from selected woods by the best Italian craftsmen.

The acoustic properties of the gummy paper were accidentally discovered during the manufacture of orthopedic appliances and the violin was made as an experiment.

While it is possible to construct easily enough from paper an instrument rigid enough to permit of use as a violin sounding board, the purity of tone could not be gauged without a test. Popular opinion regarding the nature and qualities of woods employed in old violins have recently been controverted by scientific tests.

Even trained musicians cannot readily distinguish between the notes obtained from a "Strad" and other highly prized makes when properly tuned and played.

Behind the Times

The Russian Izvestia reports that a Christmas message to the late czar and his family was received in Leningrad the other day. It came from a Siberian tribe which had not yet heard of the Russian revolution.

Authority Shows That Beds Preceded Chairs

The bed is the ancestor of the chair. Such is the conclusion of Dr. Walter Hough, head curator of anthropology of the Smithsonian Institution. He bases his conclusions on a systematic study of primitive furniture and primitive human postures.

His study of the furniture of the most primitive "houses" shows that rest was the prime motive. First appeared the rudiments of the bed when man learned to interpose some buffer between his body and the hard, cold ground. At first the bed was

only a pile of furs, grass or leaves. Then came the banquette, a raised pile of earth, upon which the family lounged and slept. And the banquette was the forerunner of both beds and benches in some parts of the world. The chair made its first appearance in the form of a throne, either as the seat of a king or a god. From this it presumably descended, through various gradations, to become a common article of furniture.—Pathfinder Magazine.

Think It Over
No part of mind is permanent. This starts the happy, but it assists the sad.—Emily Dickinson.

"Two things I wanted—"

"...and it was all so simple when I found out my trouble. My physician said I had no organic disease, but I did have what is so commonly and truthfully called a low percentage of hemo-globin in the blood.

"The reasonableness of one of the S.S.S. ads caused me to think that S.S.S. Tonic was just what I needed for my let-down feeling, pimply skin and low resistance. I wanted more strength and a clear skin.

"It didn't take S.S.S. very long to get my blood back up to normal—and as my strength and energy returned my skin cleared up."

If your condition suggests a tonic of this kind, try S.S.S. It is not just a so-called tonic but a tonic specially designed to stimulate gastric secretions, and also having the mineral elements so very, very necessary in rebuilding the oxygen-carrying hemo-globin of the blood.

S.S.S. value has been proven by generations of use, as well as by modern scientific appraisal. Sold by all drug stores...in two convenient sizes...the larger is more economical.

II. The Ambitious Request of James and John (vv. 20-23).

1. The request (vv. 20, 21). This request was made by their mother. It was for a place of prominence in the kingdom. This is not the last mother whom children have used to carry out that which they are ashamed to do themselves. It is not wrong for mothers to be ambitious for their boys, but they should know that life's pinnacles are exceedingly dangerous. It is most desirous that parents should get places for their children near to Jesus, but the vain ambition of the world should not occupy their minds.

2. Jesus' answer (vv. 22, 23). He spoke directly to the men, not to their mother, declaring that they know not what they were asking. He showed them that the way to this position of glory was through suffering. The cup which they were to drink was of great pain and agony. The way to the places of glory in the kingdom of Christ is through the path of lowly and self-forgetful service.

III. How to Be Truly Exalted (vv. 24-29).

1. The angry disciples (v. 24). When the ten heard of the request of James and John they were filled with indignation against them. Their displeasure did not arise from the fact that they were free from the same selfish spirit, but that these two had crowded to the front.

2. Greatness among the heathen (v. 25). The rule of the world has always been by the strong hand. The standard has not been moral excellence but position and power. Even today the reason one nation rules another is that the one possesses heavier artillery than the other.

3. Greatness among Christ's disciples (vv. 26, 27). The standard here is a sharp contrast. The way to the place of prominence in Christ's kingdom is the way of self-abasement. To give is greater than to receive. The way up is down. To be serving some one is much better than being served. It is not wrong to be ambitious to be great but the basis of true greatness is that which human selfishness seeks to avoid. There will be degrees of rank in Christ's kingdom, but this rank will be character, not position or authority. The spirit of Christ substitutes the "greatness of love for the love of greatness."

4. Christ is the supreme example of greatness (v. 28). All who will be great should study and imitate Christ. Let us bear in mind that true greatness expresses itself in service to others, even to the giving of our lives. This will eliminate all our scrambling for place and power. The one grand test by which to know whether Christ's spirit controls one is whether he is serving others or seeking to be served.

We, Too, Can Forgive

In the power of his forgiving we cease to be contemptible. By the heart of his great love for us we can be warmed into the love for our poor brethren. In the might of his forgiveness we, too, can forgive.

Not Wholly Lost

"Up and be doing" is the word that comes from God for each of us. Leave some "good work" behind you that shall not be wholly lost when you have passed away.

A MAN MUST EAT EVEN ON WASHDAY

Wash Day Like Any Other Day Now ... Clothes are Whiter—Brighter—Last Longer!

THAT EVENING

OH, BOY! WHAT A STEAK—WHAT A STEAK! BUT SAY... WASN'T THIS WASHDAY? YOU SEEM AS FRESH AS A DAISY!

IT WAS WASHDAY, BUT I GOT THROUGH LONG BEFORE NOON... AND YOU NEVER SAW SUCH A CLEAN, WHITE STACK OF CLOTHES!

THANKS TO OXYDOL!

READ MRS. JENKINS' LETTER

"Thanks to Oxydol, wash day has become a normal day in our household, and my family is no longer made conscious of its drudgery with makeshift meals and the unnatural disposition of a too tired mother."

THE amazing new discovery of the world's most famous soap experts, the makers of Ivory—this new and improved Oxydol does these things no other soap can do or has ever done:

(1) Soaks out dirt in 15 minutes. Without boiling or back-breaking rubbing. Hence—cuts washing time 25% to 40% in tub or machine, giving you your afternoon free!

(2) Gets clothes 4 to 5 shades whiter. By the scientific whiteness-measuring Tintometer test. Whiter even than other granulated soaps (heretofore considered "whitest washing") can do in two washings!

(3) Yet, due to its new and improved formula,

colors won't fade; fabric won't wear out! Even cotton prints and children's dainty frocks are safe. Yet, despite its amazing cleaning power, it leaves hands soft, finger nails lustrous and uncracked.

Thick 3-inch Suds in Any Water

Oxydol is specially fitted to water conditions in each district where it's sold. The Oxydol you get here already contains just the right amount of water-softener to fit the water you use. You can see the results in the suds. Oxydol multiplies 500 times in suds! Makes rich 3-inch suds in any water, hard or soft!

And Oxydol is economical. Many ordinary granulated or flake soaps cost 8% to 30% more for the same amount of soap. Oxydol gives you in some cases a third more soap for the same money.

Make This Test

Get Oxydol today from your grocer and make this two-way test: (1) With a ruler, measure Oxydol's thick suds and compare with the suds made by your usual soap—note how long they last; (2) watch the clock to prove to yourself that Oxydol does soak out the dirt in 15 minutes!

Baseball Benefit Dance

Manager Vidaurri of the East Side team wishes to announce a dance and a REAL Spanish supper at Community Hall tomorrow night, April 28, for the benefit of his team. Supper from 5 to 8 p. m. Everybody guaranteed a good time. Come!

Mr. Vidaurri and Captain St. John went to White Oaks with their team Sunday and lost by a wide margin to that aggregation of sports. This was the East-Siders first game and although the team had only four or five seasoned ballsters, the boys did their best against a stronger organization. The boys' brilliant yellow jackets blended beautifully with the inspiring and wonderful White Oaks scenery. Watch these boys get together and begin to win ball games.

Alfredo Lopez pitched a fine game, but the weak gaps spelled his downfall. Better luck next time, Alfredo! The White Oaks boys were also in their new uniforms.

School Picnic

The annual picnic of the 6th, 7th, and 8th grades of the Carrizozo school was held Monday, Apr. 23 at Nogal Canyon.

About 65 children, led by their teachers, Mrs. Maude Blaney and Clara Snyder, motored from Carrizozo to the picnic grounds where everything that goes to make a successful picnic was held.

Each child was served in turn and soon boys and girls were enjoying a bountiful lunch, as only children can.

After everyone was served, games were enjoyed and many of the children climbed the mountain. Parents and friends who assisted Mesdames Blaney and Snyder were Mesdames Roy Shafer, Johnson, McNallen, Carl, Freeman, C. A. Snow, A. C. Hines, Bolling, Frame and Young.
