How Many Pennies Your Child's Life?

Don't Try to "Save" on Home Remedies—Ask Your Doctor

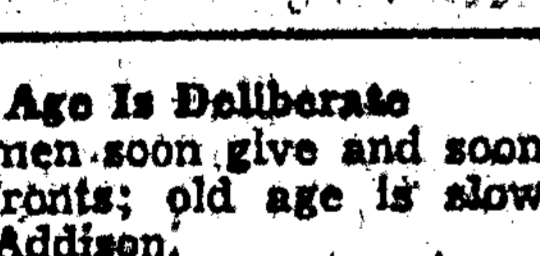

There is one point, on which practically all doctors agree. That is: Don't give your child unknown remedies without asking your doctor first.

All mothers know this. But sometimes the instinct to save a few pennies by buying "something just as good" overcomes caution.

When it comes to the widely used children's remedy—"milk of magnesia"—many doctors for over half a century have said "PHILLIPS' Milk of Magnesia is the standard of the world. Safe for children."

Keep this in mind, and say "PHILLIPS' MILK OF MAGNESIA" when you buy. Comes now, also in tablet form. Get the form you prefer. But see that what you get is labeled "Genuine Phillips' Milk of Magnesia." 25¢ for a big box of the tablets at drug stores.

ALSO IN TABLET FORM: Each tiny tablet is the equivalent of a teaspoonful of Phillips' Milk of Magnesia.

Old Age is Deliberate Young men soon give and soon forget affronts; old age is slow in both.—Addison.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your Creomulsion will guarantee relief. Creomulsion acts to reduce your coughing and soothe your throat. Get Creomulsion right now. (Adv.)

Refinement Feels Decency arises from a natural predilection for refinement.

Washington Digest

National Topics Interpreted by William Bruckart

National Press Building Washington, D. C.

Washington.—It has always been said that politics makes strange bedfellows. History has shown this statement to be true because in every political battle one can note unusual combinations, odd types working together, personal enemies fighting side by side—in truth, bedfellows for the time being.

Never has the truth of this old adage been better demonstrated, however, than in the current political fight that was precipitated by President Roosevelt's demand that congress pass a law which will allow the Chief Executive to add six new members to the Supreme court of the United States.

While this condition is interesting, it is by far less striking as I watch the proceedings than the extreme bitterness that is now developing. While, as I said, the controversy is hardly under way, there is even now personal animosity evident in the senate to a degree that I never have seen before.

As the fight of packing the Supreme court waxed warmer, one can not help noting how even clever politicians make mistakes.

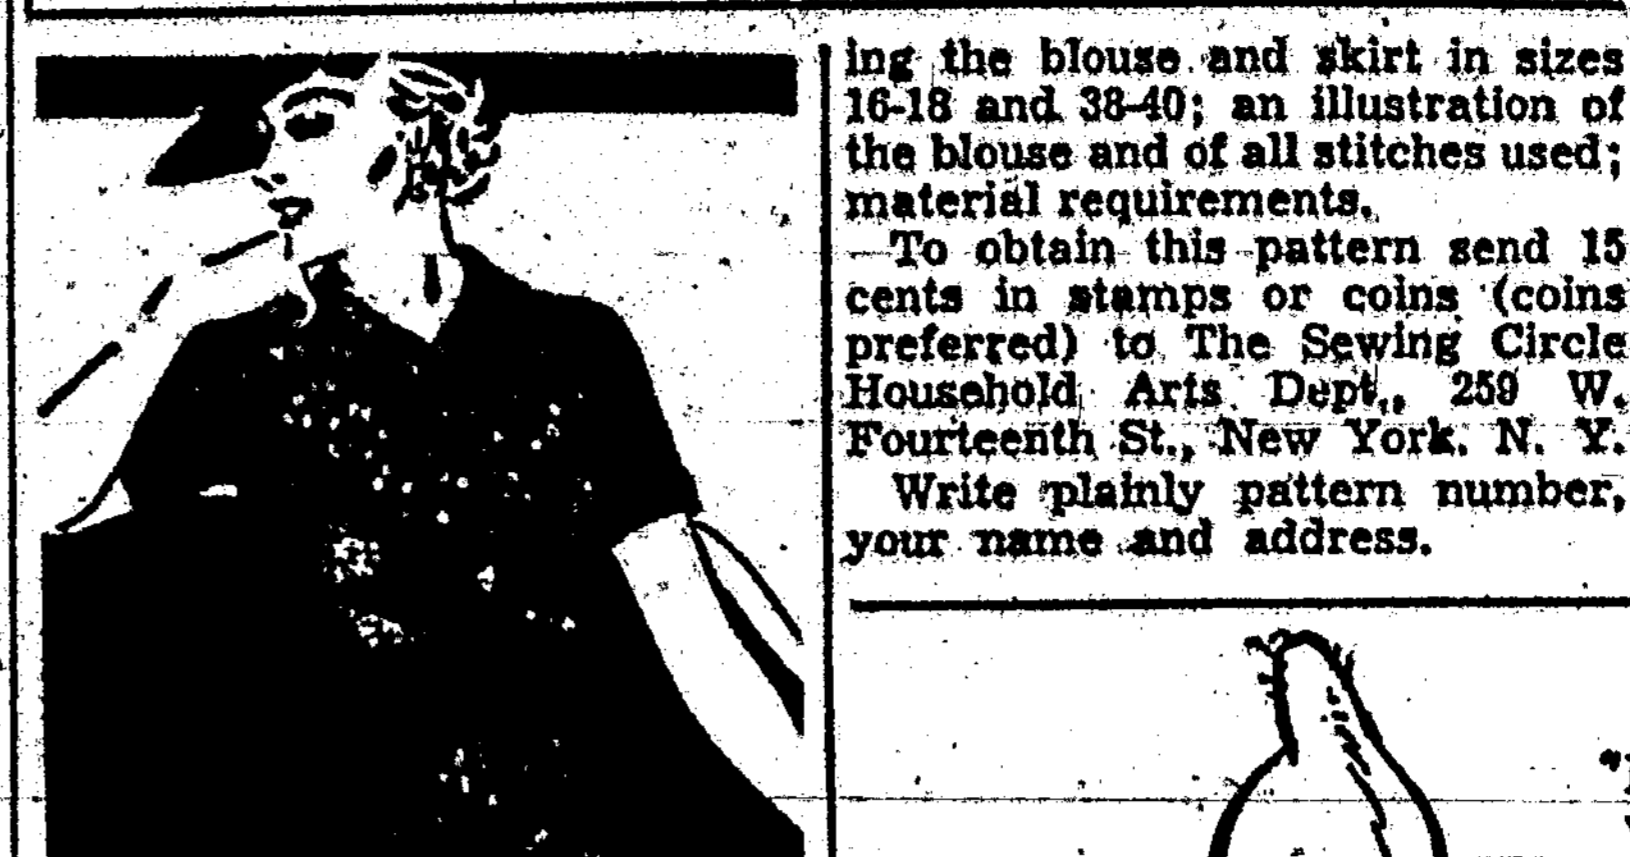

There are many who believe that Mr. Roosevelt made a grievous error in proposing revision of the Supreme court in the fashion he chose while there are others who say that he was elected by such a tremendous majority that he will have the people behind him regardless of the character of proposition advanced to congress.

It is interesting to note how many congressmen and senators are dodging the issue. Their silence is positively thunderous because they do not know how the people back home feel about the general proposition.

Then there was the mistake which Senator Robinson of Arkansas, the Democratic leader, made in the senate the other day. He vigorously denounced what he termed propaganda and a conspiracy to defeat the President's plan.

One might refer in this connection also to the explosive type of speech made by Harry Hopkins, relief administrator. Of course, everyone knows that Mr. Hopkins has made his life's work that of looking after suffering humanity.

The Slumbering Lion Awakens

The haste and hurry in which President Roosevelt demanded that his measure of increasing the members of the Supreme Court should be put through, has awakened the lion which has slumbered so long under conditions which show that one of the boldest movements against the nation's safeguard has been launched. The slumbering lion, the great American public has been aroused. It sees that the movement is a stroke at the foundation of our liberty, freedom of press, pulpit and speech is about to be destroyed if the Executive's plan is carried out by the national legislature. The people, regardless of party affiliations became suspicious when the word came to push the measure through without consulting the will of the people of this land.

The move against the President's plan is not the move of the Republicans—it is a movement by and from the people, who foresee the danger which would plunge us into a state of fascism, dictatorship and ruin. As Senator Burke, Democrat of Nebraska said, "we are having a rendezvous with death." Death to Democracy, freedom of speech, press, pulpit and patriotism.

As the Santa Fe New Mexican has aptly said: "The reason for the haste arises from the fact that he is afraid of the American people. The delay in procedure will increase the will of the people against his plan. It is plain to them that it is only in a spirit of revenge for the court declaring the NRA and the AAA unconstitutional that he now seeks to have the power to appoint judges who will bow to his will in everything he attempts. His move is one of contempt, revenge and spite and if allowed to be enacted into law, one that will eat out the foundation of our Republic. Mussolini and Hitler are lending all in their power to further the President's scheme—they are greatly concerned with the interests of this country. Oh, yeah!

Those who favor his plan are those who are feeding at the public crib, like Robinson, who would turn the tables on the liberty of this country to the disgust and displeasure of the rank file of the people. As the situation now stands, the American public is fighting with its back to the wall, while the President, the one in whom they should look for support, is waging warfare against them. He may yet win; but if he does, the foundation of our national structure will be gone and dictatorship enthroned on the ashes of the destruction.

The Missionary Society will hold an Easter Basket and Baked Sale at the Carrizozo Hardware Company, March 27. They will have their next meeting Wednesday, March 24, at the home of Mrs. John E. Hall.

LITTLE MOMENTS IN BIG LIVES

VINCENT LOPEZ WASN'T MUCH OF A SUCCESS AS THE SECRETARY TO A MILKMAN, BECAUSE HE HAD TO WORK TOO NEAR A FIRE HOUSE.

The P. T. A. held their monthly meeting on March 5th at the H. S. Auditorium; Mrs. Blaney presiding. In the absence of Mrs. Spencer, Mrs. Snyder acted as secretary pro tem.

A letter was read to the association inviting local P. T. A. members to a meeting at Roswell on the 18th. Mrs. Roe, a National Field Worker, will conduct a Training Class for P. T. A. leaders.

Mrs. Beck, Chairman of the Finance Committee, reported a profit of \$14.00 on the recent P. T. A. benefit program.

The first number of the program was the selection "Japanese Sunset" by Dappen, which was sung by the Girls' Quartet, who have since been rated as "excellent" at the Alamogordo Musical Festival.

Mrs. Roselle, the County Librarian, had charge of the program of the day. Her talk on the work of the Lincoln County Library was very informative as well as extremely interesting. She told how the library is financed, and how books and materials are distributed to the rural schools. Her displays also added interestingly to her talk.

Mrs. Roselle's discussion was supplemented by talks from Mrs. Pierce, who gave the association an insight into the library situation at CCC Camp, by Miss Lyle, who told of her library experiences in the Junior-High Department, and Mr. Ming, who mentioned several features of the High School Library.

It was a very worthwhile meeting, and enjoyed by all present.

My dear Mrs. Wolfe:

On the happy occasion of the first anniversary of The Democratic Digest I desire to offer the Women's Division of the Democratic National Committee my hearty congratulations. The Digest has proved its usefulness abundantly during its first year. It has given valiant and faithful support to the Administration, a support which I am happy to acknowledge at this time. I trust that the paper, under its present able leadership, may have a long career of constructive usefulness.

Very sincerely yours,

American Guillotine

The original guillotine which decapitated King Louis XVI, loyal friend of the American colonies when they needed a friend, was sold in France on St. Valentine's day for \$167.

With American liberties at stake it might not be inappropriate to buy that guillotine and set it up in front of the new Judicial temple which frowns across the park that separates it from the Capitol.

The Democratic Digest is something more than just a Democratic newspaper. It is a Democratic newspaper published and edited by the Women's Division of the Democratic National Committee. It is a Democratic newspaper whose policies are approved by the Democratic candidate for president. Evidently it expresses the ideas and policies of the Democratic party. The item here is an exact reproduction taken from the March, 1936, issue of this Democratic newspaper. It records the sale of a French guillotine, and then expresses the belief that it should have been purchased by America and erected in front of the Supreme Court building in Washington. The inference is certainly clear and distinct: It represents what the Democratic party and those who direct its activities and policies think of our supreme national tribunal.

ARE YOU ONLY A THREE-QUARTER WIFE?

MEN, because they are men, can never understand a three-quarter wife—a wife who is all love and kindness three weeks in a month and a hell out the rest of the time.

Now make how your back aches—how your nerves scream—don't take it out on your husband.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three weeks of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife. Get LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through!"

BEAUTY HINTS FOR GIRLS
"Housework is the greatest aid to beauty," says a noted authority. Sweeping, washing windows, dusting, and even doing the daily dishes will help keep a girl limbered up. Then there is rug beating and numerous other household tasks, that have all the movements of golf, tennis or rowing beaten a mile. Washing by means of the washboard and old-fashioned tub is highly beneficial to reduce the waist - line. — Mother will be pleased, too; try it and see. P. It's farther between filling stations in the Ford "60"

The 60-horsepower Ford V-8 engine was first developed for Europe, where fuel costs are high. Two years' usage there proved its unusual economy.

When the "60" came to this country this year, the Ford Motor Company made no mileage claims—waited for facts, written on American roads by American drivers.

Now Ford "60" owners are reporting averages of 22 to 27 miles on a gallon of gasoline. That makes it the most economical Ford car ever built!

Best of all, the Ford "60" is just as big and roomy—just as handsome, sturdy and safe—as the famous 85-horsepower Ford V-8. And it sells at the lowest Ford price in years.

If you want a big car for a small budget—a car you can drive with pride and profit—see the thrifty "60" soon!
