**PUBLIC NOTICE OF PROPOSAL FOR LEASE OF CARRIZOZO MUNICIPAL PROPANE GAS SYSTEM**

The Board of Trustees of the Village of Carrizozo, New Mexico, hereby give notice, in accordance with Chapter 168, Laws of 1933, that it contemplates to lease to M. B. Harwell and Sewell Harwell on December 21, 1940, the Carrizozo Municipal Propane Gas System, together with all its appurtenances, including lots 11, 12, 13, 14, of block 1, McDonald Addition to the town of Carrizozo, for a term of twenty-five years.

That the proposed lease which is to be entered into is as follows:

**GAS SYSTEM LEASE**

This lease, made on this 21st day of December, 1940, by and between the Village of Carrizozo, Lincoln County, New Mexico, a municipal corporation, (hereinafter known as the Lessor) and M. B. Harwell and Sewell Harwell, of Fort Sumner, De Baca County, New Mexico, (hereinafter known as the Lessees).

**WITNESSETH**

That, for and in consideration of the payment of the rental and the performance of all the covenants and agreements hereinafter contained by the Lessees, said Lessor hereby leases, demises and lets unto the said Lessees, for the term of twenty-five years, to-wit, from the 21st day of December, 1940, to the 21st day of December, 1965, the Carrizozo Municipal Gas System, together with all of its appurtenances, fixtures and equipment of every kind and description, including the storage tanks, mains, service pipes, meters, connections, valves and all other equipment, supplies, and property, now owned by the said Lessor, necessary for the convenient and proper operation of the said Municipal Gas System, together with Lots 11, 12, 13 and 14, Block 1, McDonald Addition to the Town of Carrizozo, New Mexico, and together with the right to operate, use and maintain the said gas mains, pipes, connections, conduits, meters, etc., together with all necessary or desirable attachments, connections, fixtures and appurtenances now existing, and to lay and construct, equip, use or operate and maintain such additional gas mains, pipes, connections, conduits and

meters as may be necessary or desirable, in the discretion of the Lessees, across and through the streets, avenues, alleys, roads, highways and other public places and grounds of and within the Village of Carrizozo, as now or hereafter laid out, for the purpose of storing, conveying and transporting gas into, out and through said Village for distribution and sale for light, fuel, power, heat and any and all other purposes, to persons and corporations inside, beyond and outside of the limits of said Village, provided that should the village limits of Carrizozo be extended into new areas, Lessees shall have the same rights herein granted in such new areas, all upon the following terms and conditions:

1. That the Lessees shall operate and maintain said gas system, and any extensions thereof, for the full term of twenty-five years, and provide and sell gas to the inhabitants of the Village of Carrizozo and comply with all regulations and requirements of this lease and there shall be no discrimination by the Lessees, or their successors in interest, as to the use of said property and/or the facilities afforded by said gas system, by any person, regardless of race, color or creed.

2. That, as rental for the said gas system, with the appurtenances, fixtures, and equipment, and the rights and privileges granted herein, the said Lessees shall pay all outstanding bonded indebtedness of said municipal gas system, being the present outstanding issue of Carrizozo Municipal Gas System bonds, represented to be in the principal sum of \$14,500.00, and the interest coupons thereto attached, as of the date of this contract, as and when the same shall become due and payable, and in the manner and at the times as hereinafter provided, to-wit:

a. It is hereby stipulated and agreed that the moneys on hand in the Municipal Gas System Fund representing unused and unobligated bond proceeds, and accretions thereto, resulting from the operation of said gas system, as of the date of this lease, shall be credited to the Lessees and applied on the payment of the interest installment to become due and payable on said bonds on the 15th day of January, 1941, and on the bonds to become due and payable on the 15th day of July, 1941, and that the Lessees shall pay monthly, commencing with the date of this lease, to the Lessor's treasurer, such sum as, with the credits aforesaid, may be required to assure a fund on hand sufficient to meet the interest requirements on the said 15th day of January, 1941, and the bond and interest requirements on the said 15th day of July, 1941.

b. That thereafter, to-wit, from and after the said 15th day of July, 1941, the said Lessees shall pay monthly to the Treasurer of the said Village of Carrizozo a sum equivalent to one-twelfth of the annual requirements for the respective year for principal and interest on the said outstanding revenue bonds of the Village of Carrizozo Gas System, until the same, both principal and interest, shall have been fully paid.

3. That for the first five years from and after the date of the said proposed lease, the Lessees shall furnish and sell gas through the said system to the inhabitants of the Village of Carrizozo, applying therefor and complying with the provisions of this lease and the municipal ordinances in effect, in accordance with the following schedule:

1st 1,500 cu. ft. \$1.50 minimum  
2nd 1,500 cu. ft. .70 per thousand  
Next 7,000 cu. ft. .48 per thousand  
Next 10,000 cu. ft. .38 per thousand  
Next 30,000 cu. ft. .58 per thousand  
All in excess of

40,000 cu. ft. .50 per thousand

Provided, however, that under special conditions of use and for quantities in excess of 40,000 cubic feet per month, the Lessees may, with the consent of the Lessor, establish rates in particular cases lower than, but not in excess of 45¢ per thousand, provided no discrimination shall be made between consumers using gas in like quantities and under like conditions.

All of the above rates shall be subject to revision after five years from the date of this lease, and at the end of each three year period thereafter, upon the mutual agreement of the Lessor and Lessees; provided, however, that in event the Lessor and Lessees cannot agree upon a proposed revision thereof, then and in that event, either the Lessor or Lessees may submit said question to the then presiding judge of the District Court in and for said County of Lincoln, State of New Mexico, whose decision shall be accepted by both the Lessor and Lessees as final and without the right of appeal.

4. This lease may be terminated by the Lessor upon the giving of ninety days notice in writing to the Lessor providing the Lessees shall pay all sums as rental due to the date of the termination and all current accounts payable, without claim or right of damages to the Lessor against the Lessees.

5. The Lessees agree to protect and save harmless the Village of Carrizozo and its officers, or their successors, from any liability or damage, in connection with the operation and maintenance of said gas system and Lessees agree to forthwith obtain and keep in force during the leasehold period adequate public liability and property damage insurances, running in favor of and protecting the said Lessees, the Village of Carrizozo, and the members of the Board of Trustees of the Village of Carrizozo.

6. That upon the termination of this lease by expiration of the primary term, by cancellation, forfeiture, or otherwise, all rights of the Lessees herein shall cease and determine and the Village of Carrizozo shall be entitled to full possession, ownership and control thereof, together with all extensions, and additions thereto, and in as good a state of repair as the system now in, ordinary wear and tear, and of gas and equipment over which Lessees have no control, ac-

cepted.

7. The location of all additional mains, pipes and laterals by the Lessees, and the depth thereof, shall be reported to the Mayor of the Village of Carrizozo, or the duly authorized representative thereof, and proper maps and plans, showing all mains, pipes and laterals shall be furnished to the Village of Carrizozo by the Lessees. Such gas mains, pipes, conduits, connections and feeders shall be laid at a minimum depth of eighteen inches, unless the existence of other pipe lines, such as sewer, water, etc., may require them to be laid at a greater or lesser depth. In the opening and re-filling of all openings by the Lessees, it shall relay the pavement and do all other work necessary to complete restoration of the streets, sidewalks or ground to a condition equally as good as when disturbed; and when the Lessees shall open any ground in the Village for the purpose of laying any gas pipes, or for any other purpose whatsoever, the Lessees shall open no more space at any one time or at one place, nor keep the same open any longer than is necessary to properly execute the work for which the same shall be opened; and shall do all such work in such manner as to interfere with travel as little as possible; and it is specifically required that, in all cases where work requires the exercise of skill, as in the laying or relaying of pavement, curbs or sidewalks, the Lessees shall employ skilled workmen familiar with the execution of such work. In all cases of construction work upon the streets, avenues, alleys, public places and parks within the Village of Carrizozo, Lessees shall give the Village at least two days' notice of such construction work prior to the commencement thereof. Whenever deemed necessary by the proper authorities, the Village shall have the right to designate its engineer or other persons to superintend and supervise the refilling and repairing of highways, streets, avenues, roads, alleys and other public places and grounds; and the relaying and refilling of sidewalks, curbs and pavement or other ground so disturbed for the laying of said pipe lines, shall be at the expense of the Lessees, but, nevertheless, the same shall be done to the satisfaction of said Village, its engineer, or engineers, designated by it; and if the Lessees fail to restore the streets to the condition they were in before being disturbed, in accordance with this section, the Village may give fifteen days notice and if the streets are not placed in such condition, or diligent efforts are not being made by the Lessees to place the same in such condition before the expiration of fifteen days then the Village may, at its election, restore said streets, sidewalks, pavements, curbs, avenues, roads, alleys and other grounds and public places to their former condition, and the Lessees shall pay the reasonable cost thereof to the Village, upon presentation of bill therefor. That where practicable, all pipes necessary to be laid in the Village of Carrizozo shall be placed along the curbs or in the alleys.

8. This lease shall not be assigned, nor shall the properties hereby leased to the Lessees, or constructed or purchased by them as an extension, improvement or appurtenance thereto, or their right to operate under this lease, be assigned, or transferred, without the written consent of the Lessor; provided, however, that such consent shall be promptly given by the Lessor, upon request of the Lessees, unless there shall be some substantial and cogent reason why such consent should be refused, and, in event such consent be refused after request made by Lessees, the Lessor shall fail to act thereon within a reasonable time, the Lessees are hereby given the right to submit the question to the then presiding judge of the District Court in and for the County of Lincoln, State of New Mexico, and both the Lessor and the Lessees hereby agree to accept and be bound by the decision of said presiding judge, without right of appeal.

9. The Lessees shall at their own expense and without further or other order provide, erect and maintain at all times during the progress of construction work, suitable barricades, fences, signs or other adequate protection and shall provide, keep and maintain such red lights, danger signals and watchmen as may be necessary for the proper protection of the public.

10. The Lessees agree that they shall deliver hereunder shall be at all times at a standard of not less than 530 British Thermal heat units per cubic foot tested at 7 ounces above atmospheric pressure at Carrizozo, New Mexico, and to determine whether the gas supplied is of the heating value above specified, the Village of Carrizozo may have tests made by a competent analyst under recognized and scientific processes, according to the approved method of making the same. Such tests shall be of samples of gas collected from the gas mains at any point or points in the Village. If the average result of such tests during any one month show that the heat value of the gas supply was below 530 British Thermal heat units per cubic foot, then said Lessees shall immediately take such steps as may be necessary to bring said heat value up to and maintain it at said required standard.

11. The Lessees guarantee to keep at all times a continuous and uniform pressure in the service pipes within the Village of Carrizozo of not less than four ounces, nor more than ten ounces, with a pressure variation of not to exceed four ounces in any one day. The Lessees further agree that they will at all times keep and maintain a sufficient pressure in their mains at the Village gates of the Village of Carrizozo to amply protect the consumers within said village against any danger of a deficiency in gas pressure in the service pipes of said Lessees being caused by sudden or unusual increases in the consumption of gas within said village. Provided that in the event such pressure shall ever drop below four ounces the Village may demand that Lessees main-

tain thereafter at all times an increased pressure at the village gate in such an amount as to insure against a repetition of such deficient pressure and such demand shall be immediately and continuously complied with by Lessees. Provided, further, that in the event it be necessary for Lessees to install intermediate lines within the Village of Carrizozo in order to maintain the pressure herein provided for, the pressure in said intermediate lines shall not exceed thirty pounds.

12. The Lessees agree to keep proper books of account and records, covering their operations under this lease, and to allow the Lessor, its proper representatives and agents, and the owners and holders of the said bonds, or any of them, to inspect such books of account and records at all reasonable times, and further to submit to the Treasurer of the Lessor, quarterly during each calendar year, if so requested, a full financial report of their operations under this lease, to include a statement of receipts, disbursements, bills and notes receivable and bills and notes payable, and other pertinent financial information, and, if requested, to also furnish a consolidated financial statement within thirty days after the close of each calendar year, showing, among other pertinent financial information, the net return to said Lessees from their operations of the said gas system hereunder.

13. All gas furnished or supplied by the Lessees shall be metered, and for that purpose the Lessees shall, at their own proper cost and expense, provide and install for each consumer a good and accurate meter of standard make, which said meter shall at all times be maintained to the accepted standard of accuracy; provided, however, that Lessees may use such of the meters as are now on hand and belonging to the Lessor and be required to provide only such additional meters as may be necessary in order to comply with the requirements of this paragraph.

14. The Lessees shall have the right to require from each consumer a reasonable deposit to guarantee payment of gas bills, which deposit shall be refunded to the consumer when service is discontinued. Provided, however, that any amount due Lessees upon unpaid bills of such consumer may be deducted prior to such refund.

15. The Lessor reserves the right to adopt from time to time in addition to the provisions herein contained, such ordinances as may be deemed necessary in the exercise of its police power, or otherwise; provided that such regulations shall be reasonable and not destructive of nor inconsistent with the rights herein granted, and not in conflict with the Constitution or Laws of the State of New Mexico.

16. That upon written request of the Board of Trustees, or any consumer, the Lessees will extend their lines at their own expense, a distance of not to exceed one hundred and fifty feet in order to serve any one consumer; that in the event an extension of more than one hundred and fifty feet is necessary in order to properly serve any one consumer, the Lessees herein shall extend such line, provided such consumer shall pay the actual cost thereof to the Lessees over and above said first one hundred and fifty feet; and provided further that said cost, over and above said first one hundred and fifty feet, shall be refunded to said consumer by the Lessees, as additional consumers are connected with said extension, and pay the Lessees their proportionate part of the cost of such extensions as herein provided.

17. That in case of a shortage of gas supply due to any cause, and Lessees are for said reason unable to furnish gas for said purposes, preference shall be given domestic consumers, schools and hospitals, in the use of gas until such time as the gas supply shall prove adequate for all purposes.

18. This lease is conditioned upon the faithful performance of and compliance with all of the terms and conditions hereof, and any failure on the part of the Lessees to so perform or comply with, or any violation thereof, if not remedied within a reasonable time and, at all events, within thirty days from and after receipt of written notice thereof by the Lessees from the Mayor or Board of Trustees of Lessor, shall, at the option of Lessor, operate as a forfeiture hereof, and in the event it shall be necessary to bring an action in a court of competent jurisdiction to enforce such forfeiture, then and in that event, and provided such action shall result in favor of the Lessor, the Lessees shall pay all proper costs of suit, including a reasonable attorney fee to be fixed by the Court.

19. This lease and each and every of the terms and conditions thereof, with all of which the parties hereto agree to comply, shall extend to and be binding upon the successors, executors, administrators and assigns of the parties hereto.

IN WITNESS WHEREOF we have caused this notice to be dated and given this November 6, 1940, and ordered published in the Carrizozo Outlook of Carrizozo, New Mexico, on November 8th, 15th, 22nd and 29th, 1940.

For your Thanksgiving long distance telephone calls will be in effect

**ALL DAY NOVEMBER 21**

Again this year, long distance rates will be reduced all day Thanksgiving. The same low rates which apply after 7 o'clock each evening and on Sundays will be offered all day Thanksgiving.

A few states are observing November 28 as their Thanksgiving holiday. If you should call some one in those states on Thursday, November 28, the reduced rates will also apply, just as on November 21.

If any of your family, friends or relatives can't be with you on Thanksgiving, make them happier with a telephone call... It's a pleasure you all will enjoy.

ject to revision after five years from the date of this lease, and at the end of each three year period thereafter, upon the mutual agreement of the Lessor and Lessee; provided, however, that in the event the Lessor and Lessee cannot agree upon a proposed revision thereof, then and in that event, either the Lessor or Lessee may submit said question to the then presiding Judge of the District Court in and for said County of Lincoln, State of New Mexico, whose decision shall be accepted by both the Lessor and Lessee as final and without the right of appeal.

7. The location of all additional mains, pipes and laterals by the Lessee, and the depth thereof, shall be reported to the Mayor of the Village of Carrizozo, or the duly authorized representative thereof, and proper maps and plats showing all mains, pipes and laterals shall be furnished to the Village of Carrizozo by the Lessee. Such gas mains, pipes, conduits, connections and feeders shall be laid at a minimum depth of eighteen inches, unless the existence of other pipe lines, such as sewer, water, etc., may require them to be laid at a greater depth.

10. The Lessee agrees that the gas when delivered hereunder shall be at all times at a standard of not less than 530 British Thermal heat units per cubic foot tested at 7 ounces above atmospheric pressure at Carrizozo, New Mexico, and to determine whether the gas supplied is of the heating value above specified, the Village of Carrizozo may have tests made by a competent analyst under recognized and scientific processes, according to the approved method of making the same. Such tests shall be of samples of gas collected from the gas mains at any point or points in the Village. If the average result of such tests during any one month show that the heat value of the gas supply was below 530 British Thermal heat units per cubic foot, then said Lessee shall immediately take such steps as may be necessary to bring said heat value up to and maintain it at said required standard.

12. The Lessee agrees to keep proper books of account and records, covering their operations under this lease, and to allow the Lessor, its proper representatives and agents, and the owners and holders of the said bonds, or any of them, to inspect such books of account and records at all reasonable times, and further to submit to the Treasurer of the Lessor, quarterly during each calendar year, if so requested, a full financial report of their operations under this lease, to include a statement of receipts, disbursements, bills and notes receivable and bills and notes payable, and other pertinent financial information, and, if requested, to also furnish a consolidated financial statement within thirty days after the close of each calendar year, showing, among other pertinent financial information, the net return to said Lessee from their operations of the said gas system hereunder.

PUBLIC NOTICE OF PROPOSAL FOR LEASE OF CARRIZOZO MUNICIPAL PROPANE GAS SYSTEM

The Board of Trustees of the Village of Carrizozo, New Mexico, hereby give notice, in accordance with Chapter 168, Laws of 1939, that it contemplates to lease to M. B. Harwell and Sewell Harwell on December 21, 1940, the Carrizozo Municipal Propane Gas System, together with all its appurtenances, including lots 11, 12, 13, 14, of Block 1, McDonald Addition to the town of Carrizozo, for a term of twenty-five years.

all regulations and requirements of this lease and there shall be no discrimination by the Lessee, or their successors in interest, as to the use of said property and/or the facilities afforded by said gas system, by any person, regardless of race, color or creed.

That, for and in consideration of the payment of the rental and the performance of all the covenants and agreements hereinafter contained by the Lessee, said Lessor hereby leases, demises and lets unto the said Lessee, for the term of twenty-five years, to-wit, from the 21st day of December, 1940, to the 21st day of December, 1965, the Carrizozo Municipal Gas System, together with all of its appurtenances, fixtures and equipment of every kind and description, including the storage tanks, mains, service pipes, meters, connections, valves and all other equipment, supplies, and property, now owned by the said Lessor, necessary for the convenient and proper operation of the said Municipal Gas System, together with Lots 11, 12, 13 and 14, Block 1, McDonald Addition to the Town of Carrizozo, New Mexico, and together with the right to operate, use and maintain the said gas mains, pipes, connections, conduits, meters, etc., together with all necessary or desirable attachments, connections, fixtures and appurtenances now existing, and to lay and construct, equip, use or operate and maintain such additional gas mains, pipes, connections, conduits and meters as may be necessary or desirable, in the discretion of the Lessee, across and through the streets, avenues, alleys, roads, highways and other public places and grounds of and within the Village of Carrizozo, as now or hereafter laid out, for the purpose of storing, conveying and transporting gas into, out and through said Village for distribution and sale for light, fuel, power, heat and any and all other purposes, to persons and corporations inside, beyond and outside the limits of said Village, provided that should the village limits of Carrizozo be extended into new areas, Lessee shall have the same rights herein granted in such new areas, all upon the following terms and conditions:

1. That the Lessee shall operate and maintain said gas system, and any extensions thereof, for the full term of twenty-five years, and provide and sell gas to the inhabitants of the Village of Carrizozo and comply with

2. That, as rental for the said gas system, with the appurtenances, fixtures, and equipment, and the rights and privileges granted herein, the said Lessee shall pay all outstanding bonded indebtedness of said municipal gas system, being the present outstanding issue of Carrizozo Municipal Gas System bonds, represented to be in the principal sum of \$14,500.00, and the interest coupons thereto attached, as of the date of this contract, as and when the same shall become due and payable, and in the manner and at the times as hereinafter provided, to-wit:

1st 1,500 cu. ft., \$1.50 minimum  
2nd 1,500 cu. ft., .75 per thousand  
Next 7,000 cu. ft., .65 per thousand  
Next 10,000 cu. ft., .60 per thousand  
Next 20,000 cu. ft., .55 per thousand  
All in excess of 40,000 cu. ft., .50 per thousand  
Provided, however, that under special conditions of use and for quantities in excess of 40,000 cubic feet per month, the Lessee may, with the consent of the Lessor, establish rates in particular cases lower than, but not in excess of .45 per thousand, provided no discrimination shall be made between consumers using gas in like quantities and under like conditions.

13. All gas furnished or supplied by the Lessee shall be metered, and for that purpose the Lessee shall, at their own proper cost and expense, provide and install for each consumer a good and accurate meter of standard make, which said meter shall at all times be maintained to the accepted standard of accuracy; provided, however, that Lessee may, at its option, provide only such additional meters as may be necessary in order to comply with the requirements of this paragraph.

15. The Lessee shall have the right to require from each consumer a reasonable deposit to guarantee payment of gas bills, which deposit shall be refunded to the consumer when service is discontinued. Provided, however, that any amount due Lessee upon unpaid bills of such consumer may be deducted prior to such refund.

days from and after receipt of written notice thereof by the Lessee from the Mayor or Board of Trustees of Lessor, shall, at the option of Lessor, operate as a forfeiture hereof, and in the event it shall be necessary to bring an action in a court of competent jurisdiction to enforce such forfeiture, then and in that event, and provided such action shall result in favor of the Lessor, the Lessee shall pay all proper costs of suit, including a reasonable attorney fee to be fixed by the Court.

19. This lease and each and every of the terms and conditions thereof, with all of which the parties hereto agree to comply, shall extend to and be binding upon the successors, executors, administrators and assigns of the parties hereto.

IN WITNESS WHEREOF we have caused this notice to be typed and given this November 6, 1940, and ordered published in the Carrizozo Outlook of Carrizozo, New Mexico, on November 8th, 15th, 22nd and 29th, 1940.

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Greeks Stall Italian War Machine As British Occupy Island of Crete; Nazi Air Raids on England Slacken; U. S. Calls First Draftees This Month

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) (Released by Western Newspaper Union.)

In National Limelight . . .

Lindsay C. Warren, former Representative from North Carolina, is pictured as he was sworn in as Comptroller General of the U. S. He replaces Fred Brown, former New Hampshire Senator, who resigned due to illness. Warren was sworn in by Judge Vinson, U. S. Court of Appeals.

Senator Hattie Caraway (above), of Arkansas, acted as Senate Majority Leader in the absence of Senator Alben W. Barkley, regular Senate Majority Leader, thereby becoming the first woman to assume those duties in Capitol history.

GREECE: A 'Dark Horse'

The stand that the Greeks were making against the Italian modern and mechanized army supported by considerable air strength was distinctly a surprise in the war news of the week.

Ioannina (Janina), far from falling a quick victim to the invaders, proved no easy nut to crack and instead of the Fascist troops falling over themselves on the road to Salonika, there were reports that Greeks had bayonet-charged their way into Albanian territory, capturing Biglata.

Whether or not the Italian invasion was bogging down, Count Galeazzo Ciano was rushed from Italy into Albania with instructions to speed up the Italian advance.

At last reports the Turks were sharpening their tools of warfare, oil army leaves were cancelled, and it looked very much as though Ankara was getting ready for immediate action in case any of the other Axis spectators "piled on."

British aid was of a concrete nature, as forecast at the outset of the Rome-Athens difficulty. Islands of strategic import have been occupied by land forces, rushed from Egyptian bases.

R. A. F. planes are aiding the Greeks in force, and the battle seems joined on a more equal footing. Where the Albanians stand is still a mystery. Rome has asserted that Albanian units are fighting with the Fascist legions. Greece simply refers to these troops as "irregulars."

British occupation of Crete is variously interpreted. Some observers saw in this move the bottling up by the British Mediterranean fleet not only the Adriatic, but also the approach to the Dardanelles.

ORDERS: Moving Manpower

The big lottery party in Washington put some 17,000,000 young men where the breeze of conscription could blow about 10 per cent of them into Uncle Sam's uniform for a year of military training.

Those who were carrying serial and order numbers around in their pocketbooks on little white cards were putting red rings around four dates on their calendars.

Late this month the first 30,000 will move toward "41 a month and room and board for a year."

Another group will have a date with their local boards early in December, and the third and fourth allotments will start for camp, according to present schedules, in January and February.

It is taking higher mathematics to determine the ratio on which the various local boards will select their quotas. But the effort is to make it "even Stephen" according to number of registrants, each board permitted to subtract the numbers of volunteers, also those now serving in the army, navy, marine corps and the National Guard.

Of the \$60,000 to be taken, 117,000-odd will come from New York state, but even the most sparsely populated

ed sections of the nation will do their share.

How many will come back to civil life—how many will embrace the army as a permanent career—that is a big question. But the regular officers will do their best, when they find lads with a flair for the military life, to do a job of salesmanship.

The officers' training schools will do their part. When a \$20-a-week clerk finds he can bark commands, and gets a yellow bar on his shoulder and a company to order around, what kind of a bot is it that he will want to go back to his desk?

FIFTY-FIFTY: U. S. Aids British

Reports from London indicated that the pace of German air raids over that city and most of England had shown a decrease in numbers and intensity. Whether this slackening of pace was only temporary these reports could not predict. One thing was sure however: America's aid to Britain is not likely to soon slacken.

Just before the election dust settled down, President Roosevelt, in one of his final campaign addresses, brought the war right into the battle as an issue, and there it stayed for the rest of the race.

Americans were treated to the odd picture of campaign boosts for one side or the other coming, not from our own sidelines, but from across the big pond via short-wave radio. When the Nazis issued a criticism of Roosevelt defense policies, that was translated by the candidates' supporters, from Flynn on down, as a message that the Nazis were rooting for the election of Willkie. And vice versa.

The war and peace issue, the question of taking sides with one or the other of the European combatants became a real issue.

In the closing days Roosevelt startled the nation by announcing that Britain was getting, would continue to get, one of every two planes coming off American assembly lines.

The U. S. bomb-sight turned out to be two bomb-sights, both better than any now in Europe, one belonging to the navy, one to the army. The latter, not quite so good as the former, was to be released to England, our nation hanging onto the latter, exclusively.

The army bomb-sight was to be put on all planes delivered to Britain and the navy-sight was to go on all our own army and navy ships.

AVIATION: Mishap

Ten persons were killed as an east-bound airliner crashed in a blinding snowstorm in the Wasatch mountains, ten miles north of Salt Lake City, Utah. Bound to Salt Lake from San Francisco, the huge transport was carrying seven passengers and a crew of three. Air officials stated after their first investigation that the crash probably was due to the "failure of the range or radio beam." Last word from the plane came as the pilot radioed he was approaching the Salt Lake airport following the radio beam.

Inspection

LONDON, ENGLAND.—Prime Minister Winston Churchill and his rarely photographed wife are shown as they watched firefighters during a tour of London docks after a German bombing raid. A special target for German raiders, the docks are important military objectives for their destruction would hamper or eliminate shipping facilities.

HISTORY: Still Repetitious

During the World war, the nation's fledgling airplane industry was unable to cope with the need for Liberty motors to drive American fighters and bombers.

The work was "farmed out" to auto-factories, geared to mass production.

Today the airplane industry is a giant—but the orders for planes and parts for their manufacture have come on such a gigantic scale that history has repeated itself, and once more the industry has proven inadequate to meet the situation.

The industry had geared itself up to better than 1,000 planes a month, but when orders began coming in for 20,000-bombers-of-one-type-alone, it bogged down again.

Now Washington is giving orders for plane parts to auto makers, and they are hard at work, tooling up for this process. Even as in 1918.

TRAVELER: With Umbrella

Sir Neville Chamberlain, umbrella man of appeasement, who saw the Nazi dog of war howl him out of his post of power in Britain and send him down into the limbo of nonentity in his native land, may end his days in sunny California.

Traveling in utmost secrecy and unheralded, he is said to be on his way to the land of climate and peace, accompanied only by his wife.

Chamberlain's departure from his home shores had its paradoxical side. At Munich he had signed a pledge with Hitler that would mean, as he put it later, "peace in our time"—a phrase that was hurled back in his teeth later when bombs dropped on London.

TWO MEN: Saga of the Sea

Fishermen, wandering among the dunes on Eleuthers Island in the Bahamas, saw a boat with tattered sail grounded on shore, and two spectral forms crawling painfully across the sand.

They were Robert George Trapscott, 19, and Wilbert Roy Widdicombe, 24, able seamen of the late British steamer Anglo-Saxon, shelled and sunk by a Nazi raider 500 miles off the Azores—August 21.

Seventy days later, the sole survivors of seven who had cut their way loose from the sinking freighter, they had landed safely on British soil.

Later, somewhat recovered, they were flown to Nassau and told their story, a tale that recalled Charles Reade's novel "Fool Play," and brought reality to the visions of the Ancient Mariner, Robinson Crusoe, Treasure Island and other yarns of sailor men.

NAMES

. . . in the news

KING CAROL, desperate of improvement in his affairs, went out and bought 1,000 sheets of white paper, started to write his memoirs.

AMBASSADOR JOSEPH KENNEDY, who returned from Britain just in time to give support to President Roosevelt by declaring the English needed his re-election.

JACK KNIGHT, airline official, who reported one of his test pilots had flown an army machine at 320 miles per hour, and had driven it straight up in the air, 6,000 feet a minute. (Ed. Note—the fastest elevators go up about 120 feet a minute; and 6,000 feet a minute is close to 120 miles an hour.)

MARY and ITALIA D'ARPE of Brooklyn, charged with throwing an onion at the President. It turned out that they were having a picnic luncheon on a roof, tore up newspapers for confetti and the onion got mixed up in the mess.

Greek Capital and Nation's 'Man of Destiny'

NIBLETS . . . of the week's news

At Vichy, France, reports the birth of quintuplets to a French mother, four boys and a girl. The girl died, but the boys are said to be healthy, well-formed and likely to survive. A rare book sale was held in New York. An early Robert Burns edition brought \$18,000, and a presentation copy of "Alice in Wonderland" by Lewis Carroll went for \$12,300.

In fall and winter storks migrate from Holland to South Africa. Johannesburg reports finding one that had eluded Nazi censorship. Attached to a leg was the message from a Dutch stork: "We, inhabitants of Bergen-Op-Zoom tell you that life under Nazi occupation is hell." Another message said, "The Dutch people are dying under injustice."

**Funeral of Jean Laxague**

Prominent stock grower, who was found dead at his ranch home on the morning of Nov. 7, was held at the St. Rita Church Monday morning, with Father Salvatore conducting High Mass for the deceased. The gathering at the church was large, showing the high esteem in which the deceased was held in our community. A mixed choir of singers chanted the solemn litany for the dead as the sacred rites proceeded. The remains were then conveyed to the local cemetery where interment was made with the many friends following the funeral cortege to the last resting place.

Jean Laxague was born at Basses, Pyrenees, France, Aug. 24, 1894. After arriving at manhood, he came to America April 1, 1918, first locating in Colorado where he met his uncle, Ferdinando Laxague, with whom he worked until his uncle went back to the mother country. Jean then came to this section of New Mexico and united with the Red Canyon Sheep Co., with which company he continued until his death. Mr. Laxague had many friends and no enemies. He was a careful businessman—honesty and square-dealing being his aim at all times. The Sheep Co., with which he had been associated for so long and who were his close confidential friends, have the sympathy of this community.

Turkey Shoot at the Country Club, Sunday, Nov. 17, beginning at 9 a. m. Try your luck!

Mr. and Mrs. Gregorio Pino and Mr. and Mrs. Ben Gallegos were business visitors from the ranch Saturday.

S. P. Agent Ben Burns and Marshal Royce Ward bagged a deer spine the latter part of last week.

**Legion Auxiliary**

A district meeting was held by the American Legion Auxiliary on Saturday, Nov. 9, with Mrs. Rachael West as District President, having as our guests Mrs. Ethel Howard, Carol Williams, Grace Burleson, Bessie Cummins, and May Templeton of Capitan, Mary Ferris, R. W. Boyer, L. Holmes and small son of Ruidoso. Due to inclement weather, other units of this District could not be present.

Sandwiches, pickles, olives, cheese, a variety of pies and hot coffee was served. Lou Fink, Federal music teacher, playing violin, accompanied by Thelma Shayer and Marilda Ramey with accordions, furnished music during the noon hour.

The business session was opened by all singing "God Bless America." Mrs. West presided, giving a brief outline of the Auxiliary work. Mrs. Ferris of Ruidoso, Howard and Burleson of Capitan, also gave a brief outline of their yearly activities.

An invitation was extended to everyone by the Capitan ladies to a fried chicken dinner, held Nov. 14, at the home of Mrs. Carol Williams.—Mary Fink, Reporter.

Mrs. Pearl Barnovsky of Capitan was a Carrizozo visitor this Tuesday and made this office a friendly call.

J. R. Blackshore of his ranch in the Red Lake country was a business visitor here Saturday, and was a friendly caller at this office.

Highway Engineer and Mrs. Walter LaFleur and children of Lincoln were week-end guests of Mr. and Mrs. A. J. Rolland.

Ben Holguin, the roadmaster's clerk at the S. P. station, has been transferred to Deming.
