## BANKS AND THE WAR

What Will Win  
The War?

There are many statements, loosely circulated, to the effect that food, faith, hope, courage, production, unity, etc., each is the one thing that will win the war. However, the truth is that military might will win—nothing else. The things mentioned above, and many others, are highly important, some vitally so. But let's not be distracted from the fact that FORCE is what we must have to win. Let's bend our every effort to build the greatest-striking force of all time.

## WOMEN "40's"

who hate these trying years!

HERE'S GLORIOUS NEWS!  
If you—like so many women—begin to feel the signs of aging at 35 and 40—this period in a woman's life when you notice, nervous, dizzy, tired and blue at times—your hair and skin, wrinkles and clothes of "irregularity"—  
Start at once—try Lydia E. Pinkham's Vegetable Compound in the best known medicine you can buy today that is made especially for women—It's famous to help relieve such distress when due to this female functional disturbance.  
Thousands upon thousands of women have "smiling their" annoying middle age symptoms. ALSO very beneficial for younger women to help relieve distress of monthly functional disturbances. Follow local directions. Lydia Pinkham's Compound is well worth trying!

# JUNK needed for War

"What's it good for?"  
"Guns, tanks, and maybe  
part of a plane"

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines. The production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full

rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced. The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin. The junk which you collect is bought by industry from scrap dealers at established, government-controlled prices. Will you help? First—collect all of your waste material and pile it up. Then—sell it to a junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee. If you live on a farm, consult your County War Board or your farm implement dealer. Throw YOUR scrap into the fight!

## JUNK MAKES FIGHTING WEAPONS

**MATERIALS NEEDED**  
Scrap iron and steel.  
Other metals of all kinds.  
Old rubber.  
Rags, Manila rope, burlap bags.  
Waste Cooking Fats—When you get a pound or more, strain into a large tin can and sell to your nearest dealer.  
**NEEDED ONLY IN CERTAIN LOCALITIES:** Waste motor oil and tires—wanted only in certain areas—announced locally. **NOT NEEDED:** at all—Waste blades—glass.

This message approved by Conservation Division  
**WAR PRODUCTION BOARD**

By L. L. STEVENSON

Blindfold a veteran New Yorker—Conrad Thibault is doing this column for me—and he'll tell you what street he's on. It's not done with mirrors or are New Yorkers especially steeped in the occult. Rather it's done with the ear for New York is a city of unique noises. For example: You know you're on "long-haired" 57th street when you hear contralto "la-la-las" floating above the rumble of traffic. These trained voices pour out of the high, old-fashioned windows of the many music studios neighboring Carnegie and Steinway halls. Frenzied and more rhythmic voices pour out of other studios and their "zaz-zu-zaz" quality tells you that you're on Broadway and 48th street, near the Brill building, the Palace Theater building or the Strand building—headquarters for music studios where young hopefuls from all over the world give endless auditions for musical shows, for night-club reviews and for one-night stands.

Not all of New York's voices are singing, however. The heated, ungrammatical bickerings of the city's dead-enders, or the raucous volcings of the hucksters tell you that you are near the East Side or the West Side waterfront. The despairing, unshamed "Spare a dime, mister?" would tip this observer off to the shadowy Bowery or sun-drenched South street. Wild, lowdown and sensuous rhythms and "jive," which passes for conversation, these are the oral landmarks of Harlem after dark. Animated controversies, bordering on the belligerent, of a socio-political nature are a dead giveaway of Union square. No longer of Columbus circle, however. There the loud blatherings of the soap boxers have been cancelled for the duration.

A soft babble of voices, an urbane discussion of art values, tinged ever so neatly with the Bohemian concept, that could be no other place than Greenwich village. Excited talk of the theater, maybe a vigorous exchange of opinions regarding a play, a playwright or an actor, that must be 44th street west of Broadway where even the rain is a Shubert production. The hushed whisperings of sycophants tell you that you are on Riverside drive, and the sprightly clickety-clack of the hooves of horses is ample proof that you are in Central park, where hansom cabs, fetching reminders of another day and another New York, still travel their appointed rounds which is a clear case of aiding and abetting love.

On the other hand, New York is a city of unique sights, many assuredly not very inspiring or even pretty, but almost all overwhelmingly human in their mingled elements of greed, kindness, despair, joy, struggle, hypocrisy, humanity, psychopathia, and nausea. Fleeting pictures that become fixed in the mind like a crazy quilt or some giant panorama of movement and people and noise. The great lights of the city are now dimmed because of the war. But the surging night life which they once illumined, is still very much alive.

Recollections. A collar with a touch of supermanita, getting a kick out of scaling a great sign construction off 42nd street, ambling precariously along a ledge some 75 feet above ground while a crowd gawks below, knowing not whether to appear horrified or amused. A tattered W. C. Fieldston mendicant on Lexington avenue begging a dime and then intoning a prepared two-minute benediction on his "sainted sucker." A loud and offensive character, known as "Broadway Rose," approaching celebrities of the entertainment world, demanding hand-outs of money, insulting them and sometimes spitting in their faces if they refuse. She has been put away on various occasions, but as I am writing, is again at liberty.

These and a million and one other dramatic minutiae make New York the swarming and unbelievable microcosm it undoubtedly is. It's full of raw impulses and is driven by a great lust for living. It is eternally fantastic and wonderful. It glories in the praises that are sung to it—and yet it defies description!

**U. S. Spends \$110,000 A Minute in the War**  
 WASHINGTON.—Average daily federal expenditures for war purposes jumped to \$158,000,000 last month as the total for the month reached a new all-time high of \$4,123,000,000, the War Production Board revealed.  
 This means that every minute during the month the government spent more than \$110,000.

U. S. Coast Guards Get in Trim

Dig 'em in deep, boys, heave-ho, so you'll be able to give the Axis what they've got coming. The "boys" are coast guards at their new camp near Battle Creek, Mich., the first of its kind in the Midwest, and the pictures were taken as thousands went into training there. In photo at the right the coastguardsmen go through a night drill in their breeches buoy. They are training for any kind of warfare.

Welcoming Committee for Japs

In the photo at the left Australian and U. S. fighting men are shown resting near bombers at a United Nations bomber squadron base somewhere in New Guinea. From bases in the Pacific, United Nations fliers are constantly harassing Jap shipping, as well as bombing Jap bases on the many tiny scattered islands. Inset: "Just give us some trespassers" is the prayer of these gunners of the U. S. Caribbean command, who maintain ceaseless watch over that area, so vital to the safety of the Panama canal.

Inside World's Largest Air Transport

This picture, retouched by order of the war department, is the first of its kind ever published, and shows how fully equipped U. S. infantrymen occupy specially designed seats alongside mobile equipment in the new Curtiss Commando (C-46) military transport, world's largest twin-engine airplane. Unrevealed numbers of jeeps and troops can be carried in this plane, which is now being produced in large numbers for the war department.

Middies Learn How to Handle Big Ones

Midshipmen of the reserve officers training corps, USN, are shown at gunnery practice aboard a navy battletowon on a training cruise. The middle with the earphones and speaker is receiving aiming data. The man at the breech shouts the number of the shell loaded, the man at the angle and scale controls says "ready," and the man at the range control yells "Fire."

'Diamond King'

Werner Von Clemm, relative by marriage to German foreign minister Von Ribbentrop, shown in federal court, New York, as he went on trial on charges of conspiring with Nazis to flood this country with diamonds seized in low countries.

Old Settler

"When I drove those Indians out of Oklahoma I really got thirsty," says William Corlies, 84, National Indian war vet, shown while at the Old Settlers' picnic in Chicago. His thirst seems still to be with him.

Cut Your Fuel Wood During Slack Periods

Release Transportation, Improve Forests That Way

By J. E. DAVIS

(Extension Forester, University of Illinois College of Agriculture.)

Woodland owners can release transportation for war purposes by burning their own wood and supplying wood for similar use in towns and cities.

Fuel-wood cutting according to a definite plan to correct poor forest conditions resulting from mistakes of the past is suggested.

Fuel wood can be obtained from misshapen trees, dead and insect-ridden trees, other cull trees, from tops of trees cut for saw logs and from suppressed or unthrifty trees cut in thinning or woodland improvement operations.

Trees suitable for lumber, veneer logs, box bolts or other special products should not be taken for fuel. Large quantities of oak are needed for ships, hickory and ash for handles and lumber and pulpwood for other war industries.

These products can be obtained only from well-formed trees, and cutting them for fuel is a waste of valuable resources.

During Slack Periods.

Fuel wood can be harvested during slack periods on the farm, but some time must be allowed for seasoning. Cutting should also be planned to promote a better stand of thrifty growing timber by removing "wolf" and "weed" trees.

For seasoning, the wood should be stacked, not heaped, on bed pieces over dry ground, and preferably in an open yard to get greatest air circulation. Fuel wood burns more efficiently and yields much more heat when it has dried at least six months.

Labor-Saving Device

Farmers will have to work more hours to reach their 1942 production goals unless they adopt electricity as a labor-saving device, just as tractors are being used to speed up field work.

It has already been demonstrated that much labor can be saved at a little expense in the use of electricity for lights, for putting water under pressure, for processing and handling feeds, for electric fencing and for operating milking machines and brooding pigs and chicks.

Electricity will play an important part in making the development of rural industries possible. On farms where secondary agricultural production is not practiced, the extra time resulting from the present system of mechanized farming may be used to advantage in the shop operating a wood lathe or other wood-working equipment, or on an electric welder making some part or a complete item of commercial value.

Vegetable Insect Control

Is Not a Difficult Task

Follow a few simple rules and control of vegetable insects is not difficult.

A duster may be obtained for a dollar up, but one may be made at home with a tin can, a stick and a piece of cheese cloth. Ask the county extension agents how it's done. Next, have ready a supply of insecticides for use at the first sign of insect injury. These are cryolite for control of bean beetles, cucumber beetles, cabbage worms and other insects which feed upon the fruit and foliage of the plants; rotenone and sulphur to control tomato fruit worm, flea beetles, plant lice and leaf hoppers; and concentrated pyrethrum dust for squash bugs, stink bugs, and harlequin cabbage bugs. Watch the garden for the first sign of injury and dust both sides of leaves.

Apply poison bait late in the afternoon for control of cut worms, grasshoppers and adult wingless May beetle, or June bug. Poison bait also will control mole crickets which frequent sandy soils.

A bait made of cryolite, finely chopped carrots or turnips and wheat bran will control the adult weevil.

Agricultural Notes

Adequate curing of the hay crop reduces the danger of a barn fire.

Government purchases now take four-tenths of all pork and seven-tenths of all lard produced in federally inspected packing plants.

Last year's shoe production figures smashed all past records, and came within 7,000,000 pairs of the 800,000,000-mark, with an even greater output scheduled for 1942.

When Your Back Hurts

And Your Strength and Energy is Below Par

It may be caused by shortage of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.  
 You may suffer neglected backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, grumbling, insomnia. If you feel any of these symptoms with aching and burning in another place than these something is wrong with your kidneys or bladder.  
 There should be no doubt that proper treatment is vital to your health. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less thoroughly tested. Doan's has been tried and tested and found to be the best of all drug stores. Get Doan's today.

DOAN'S PILLS

One Buck out of Every Ten you earn should be going into U.S. War Bonds-Stamps.

Last Saturday morning at St. Rita Church, Father Salvatore united in marriage Miss Clara Sandoval and Alfredo Fresquez. A big dance was held at Miller's Pavilion that night, where their friends offered congratulations.

Miss Dorothy Ferguson underwent a successful tonsillotomy at the Turner hospital this week.

Mrs. Edna C. King of Glencoe attended the Inter-Tribal Indian Ceremonial at Gallup, Aug. 12 to 15.

Miss Ruth Spear of Claunch spent the week-end with the Bowlin twin sisters, Etta Loy and Nell Joy.

Mr. and Mrs. James Baxter have returned from their vacation which they spent at Tucson, Arizona. On their return trip, they were accompanied by their son Jimmy and Mrs. Baxter's sister, Miss Alice Getzwiller, who will visit for a month with the Baxter family.

The M. T. Prust family have moved from Bowie, to Tucson, Arizona. The above families are among our old subscribers and former residents of Carrizozo.

Mrs. V. Kell is putting a front porch on her hotel.

**PROCLAMATION**

WHEREAS, at the request of the War Production Board, the New Mexico State Conservation Board in conjunction with the U. S. D. A. War Board, the Farm Implement Manufacturers and other interested organizations have designated the period from September 1 through December 31, 1942, inclusive, for the National Scrap Harvest in New Mexico for the purpose of intensified salvage collection campaign, and

WHEREAS, there is an extreme shortage of all metals and rubber and other critical items for war purposes, and

WHEREAS, the ranchers and farmers of this State can greatly aid in the prosecution of this War by making a strenuous effort in the collection of all salvage scrap available and not now in use:

NOW, THEREFORE, I, JOHN E. MILES, GOVERNOR OF THE STATE OF NEW MEXICO, do hereby proclaim the period from September 1 through December 31, 1942, inclusive, as a period for the official Scrap Harvest in New Mexico, and urge all ranchers and farmers of this State to participate to their fullest ability in this Harvest.

DONE AT THE EXECUTIVE OFFICE THIS 10th DAY OF AUGUST, 1942.

Witness My Hand And The Great Seal Of The State Of New Mexico,

JOHN E. MILES  
GOVERNOR  
Attest: Jessie M. Gonzales,  
Secretary of State.

**LACEY-WANDELL**

At the office of Probate Judge Marciel St. John, Tuesday, August 18, Mrs. Adele Lacey and George Wandell of San Antonio, Texas, were united in marriage with Judge St. John performing the ceremony. Mr. and Mrs. Wandell were schoolmates in days gone by and we might add, they were also childhood sweethearts in their old home town and now being united, we wish them a future of undisturbed happiness. Mrs. Wandell is a sister to Mrs. Graves of Nogal and after about two weeks visit with the Graves family, they will leave for San Antonio.

In the Third Judicial District Court of the State of New Mex. Within and for Lincoln County

C. H. PARKER,  
Plaintiff,

vs.  
ERNEST KEY, Treasurer of Lincoln County, New Mexico, as Trustee, impleaded with the following named defendants, against whom substituted service is hereby sought to be obtained, to-wit: James Hale, Frank Hale, the following named defendants, by name, if living; if deceased, their unknown heirs: William H. Marr, Eva L. Marr, John W. Poe, Sophia Poe, Dora Lena Bonnell; unknown heirs of the following named deceased persons: Roland H. Box, Sr., Martha A. Box, Walter F. Box, Ada V. Box, Albert F. Box, Maude Ida West Box, and all Unknown Claimants of interests in the hereinafter described premises adverse to the Estate of the Plaintiff, Defendants.

NOTICE OF PENDENCY OF SUIT THE STATE OF NEW MEXICO:

To each of the above named defendants against whom substituted service is hereby sought to be obtained, GREETING:

You and each of you are hereby notified that a certain cause wherein you and each of you are defendants, and C. H. Parker is plaintiff, being Civil cause No. 4978 on the Civil Docket in the above named Court, is now pending against you.

The general object and purpose of said suit is to establish and quiet plaintiff's title in and to the real estate and property described in the Complaint in said cause, the same being in the County of Lincoln, State of New Mexico, and in:

Sections 15, 17, 18, 19, 20, 21, 22, 23, 24, and 25, All in Township 18 South, Range 14 East, N. M. P. M.

against the adverse claims of you and

each of you, and anyone claiming by, under, or through you, or any of you, and to forever bar and estop you and each of you from having or claiming any lien upon, or right or title to, or interest in said real estate and property.

You are further notified that unless you enter your appearance in said cause on or before September 11, 1942, judgment will be rendered in said cause against you and each of you by default.

That the name of plaintiff's attorney and his postoffice address is John E. Hall, Carrizozo, New Mexico.

Given under my hand and the seal of the Third Judicial District Court of the State of New Mexico, this 27th day of July, 1942.

(D. C. Seal) Felix Ramey,  
District Court Clerk.
