Headline — Anti - Rationing Group Gunning for Henderson.

An Oklahoma Senator quoted as saying before the House: "Trillions for defense; but 15 cents for Leon Henderson is too much!"

We heard a prominent Lincoln County Democrat remark: "If those gasoline rationing officials come to Texas and Oklahoma, they should be tarred and feathered."

You know the answer?

Swiped from the Tucuman American:

A Soldier's letter—I was called in class A. The next time I want to be in class B. "B" here when they go and 'B' here when they get back.

The veterinarian started to examine me. He asked me if I ever had the measles, smallpox, St. Vitus dance, or if I ever threw fits. I replied, "No, only when I stay in a saloon too long."

The second morning they put my clothes on me—what an outfit. As soon as you are in it, you think you can lick anybody. They have two sizes—too big and too small.

I passed an officer all dressed up with a fancy belt and all that stuff. He said, calling after me, "Didn't you notice my uniform?" I said, "Yes, but what are you kicking about—look what they gave me."

At five below zero one morning they called us out for an underwear inspection. You talk about scenery. Red flannels, B V D's and all kinds. The union suit I had would have fit Tony Galento.

At the ple supper recently held at Claunch Frank Maxwell, popular stockman of that locality was voted as the Ugliest Hombre in that neck of the woods. —Senor Frank told us so, Si, Amigo. We wonder if he thought we'd print it. Frank enjoys a good joke—even on himself.

The above article was all in fun—Seguro Caballero.

A good one on ourselves; We awoke Wednesday morning, built a fire in the kitchen stove, lit the gas fireplace in the living room, had a cup of coffee before breakfast in traditional Western style — then we looked at the clock. It was 4 (four) in the morning! Needless to say we went back to bed.

BANKS AND THE WAR

Needed--SCRAP

We know just how you feel. You are restless, mad, anxious to do something definite and concrete to help win the war. Well, here's how. Have a scrap hunt in your home and on your property. If it's metal its needed to make munitions. Track down every ounce of scrap metal you own and start it on its way to war. Remember this—even though you can't fight, your scrap can.

Over the Top by New Year's Is the Plea of Secretary Morgenthau

November 13, 1942

As of today twenty-one million American workers are investing eight per cent of their salary - every pay day - in United States War Savings Bonds. This is a very remarkable tribute to our armed forces who are fighting this war. But this job is only two-thirds accomplished.

There are nine million additional American workers who are not investing in War Bonds every pay day.

This appeal is directed to two groups of Americans:

First - the twenty-one million people who are investing eight per cent of their wages. We ask them to increase their investment to ten per cent or more.

Second - the other nine million whom we ask to join the Payroll Savings Plan and to invest ten per cent or more of their earnings.

It is our earnest hope here at the Treasury Department that by New Year's Day thirty million Americans will be investing ten per cent or more of their wages in War Bonds through the Payroll Savings Plan.

Henry Morgenthau Jr.

"TRY THE TRAIN"

Between Dec. 15 and Jan. 5

- ★ Advance reservations must be made for both coach and sleeping car travel between Dec. 15th and Jan. 5th.
- ★ We can not make coach reservations by telephone.
- ★ No coach reservations will be made unless you have a ticket.
- ★ Seats in coaches will be sold only to seating capacity of cars.
- ★ No extra sections of regular trains will be operated.

Southern Pacific is facing a critical situation in connection with holiday travel. Many thousands of men in uniform are being given holiday furloughs. We think everyone agrees that these men should be given first consideration. We intend to carry them wherever they wish to go.

Where men in uniform are not going on furlough they will be visited, in many cases, by their parents or wives. Their travel requirements must be recognized, too.

The tide of war traffic - troops, equipment, supplies and war materials - is mounting higher and higher, and we are hard pressed to supply the equipment to move it. Every locomotive we have or can rent is being used. The supply of passenger-carrying cars left for civilian use is naturally reduced.

Consequently, we will not be able to carry all the people who want to make holiday trips, despite all our efforts to increase the passenger-carrying capacity of our trains.

This is why we ask you not to travel during the holiday season.

SADDLE and RIDE
By ERNEST HAYCOX

THE STORY SO FAR: Clay Morgan has decided to play a lone hand against Ben Herendeen, a rancher bent on running the cattle country his own way...

He hit him once, knuckles slashing McGeen's cheek.

and didn't recognize them; he was thinking about this when Herendeen came to the porch. 'Ben,' Morgan said at once, 'I followed a pretty broad trail out of Government Valley this afternoon...'

his gun, whereupon Herendeen jammed a foot down on McGeen's arm, hard enough to make McGeen yell. Herendeen ripped the gun from McGeen's holster and stepped back...

Mrs. Roosevelt (left) says women help men at front by buying War Bonds. At right is the label tag which volunteers will wear during Women At War Week, Nov. 22 to 25.

Ev'rybody Ev'ry Pay Day

6,000,000 Women Enrolled in War Savings Payroll Plan.

WASHINGTON, D. C.—Women At War Week, opening Nov. 22, during which women will seek to sell the greatest single week's volume of War Bonds and Stamps will serve to put the spotlight on the mighty contribution women generally are making toward financing the war.

Six million women are on War Savings payroll plans. Their monthly deductions total \$70,000,000.

The customers of 300,000 newspaper boys who have sold more than \$50,000,000 in War Bonds and Stamps are mostly women.

Volunteer saleswomen run nearly all the Bond booths in theatres from Maine to California. They also are sparking the War Bond sales in retail stores.

Ralph G. Engelman, Associate Field Director of the payroll savings section of the War Savings Staff, readily admits that without the support of women the phenomenal record of payroll savings enrollments would not have been achieved. Payroll savings plans are now in operation in 148,000 businesses and factories. Employees of twenty-five thousand of these firms are converting at least 10 percent of gross payrolls into War Bonds every payday.

Associate Field Director Engelman says that women have contributed directly and indirectly toward this record. When a man devoted 10 or more percent of his pay envelope to War Bonds, the woman at home has had a powerful voice in the decision. Her planning, her economies and her cheerfulness play their part in the success of payroll savings.

The Treasury Department is counting upon this woman influence in its current campaign to "top that 10 percent by New Year's." By the first of the year the Treasury hopes to enroll at least 3,000,000 women workers in a payroll savings plan and 8,000,000 more men with total deductions for War Bonds over the 10 percent mark.

'This Is My Fight Too'

Proud of her investment in the American way of life and equally proud of the grip of war production on her face and arms, the young lady in this "Women At War Week" poster symbolizes one of the great sources of women at war.

Government is asking the American Farmers to dedicate the remaining weeks of 1942 to an intensified scrap hunt. Steel Mills need more scrap and the farms are one of the best sources of this list of metal. We need your further help in this farm drive and in aiding our salvage committees to continue this effort throughout the next few weeks. All salvage committees are being instructed to continue to make available to the farmer all the transportation facilities and manpower and to cooperate in every possible way.
