### FANTASTIC!

The better brains of the country have been drawn into the war administration. Politics has to be forgotten when a burglar has a gun at your head. Domestic problems have been largely sidetracked in the public mind as they have seemed superficial compared with the war. Bureaucracy has run wild in Washington. The simplest acts in family life have been made complicated issues. One has but to read the requirement for cutting up a beef in order to comply with price ceilings, to see how confused a local butcher must be. Running a grocery or merchandise store has become a problem so complicated that stores are going out of business by the thousands. Instead of receiving cooperation from government bureaus, everyone is threatened with a \$10,000 fine or ten years in jail, or both, as the penalty for every failure to comply. The people are heart and soul for winning the war on the battle front. Boys from every family are there. We are proud of the results they are accomplishing. The people are also heart and soul for winning the production and distribution problems on the home front to back up our whole war effort. But they are beginning to open their eyes to waste and confusion and politics as usual on the home front. The situation has become fantastic and it is high time that thousands of burgeois who never raised a objection, a hog, or a cow, and who never produced an article by manual labor, and who never maintained a payroll or sold a yard of goods, be replaced by men who knew something of the actual problems of production and distribution. Let brains come to the top in domestic affairs as they have in military affairs.—Industrial News Review.

Mr. and Mrs. L. B. Corn, sons Martin V. Jones, H. and Ted Machic Randels, were here last Saturday from Corn ranch near Roswell. They reported everything fine on their ranches. All stock, cattle, sheep and stock in general, have wintered over in the best of shape. Mr. Corn extended to us his customary invitation to visit at his home, and added "You could come to Roswell and stay 365 days and meet a new Corn every day." The above mentioned people were entertained at dinner at the restaurant by L. H. Dow of this city.

Wanted—Wood. Apply to L. A. Whitaker, Country Club.

For Sale. I have 8 good pigs to sell, six weeks old, while they last. See A. J. Bivins at Malpais Station.

WANTED — A gentle saddle pony for children to ride; must be gentle.—Inquire W. J. Balow, Ancho, N. M.

Attention, Dog Owners The 1943 dog license is long past due. Please call at the City Hall and obtain your 1943 dog license. All dogs without tags in the Village will be picked up and summarily disposed of. By Order of Village Council, M5

### IS AMERICA

Standing at The Cross Roads of Destiny? If so Why Turn? As much as we admire our Allies we would not want to turn left to communism, or turn to Fascism or Nazism on the other hand. Is it necessary to turn at the crossroad? The policy of America has been straight ahead and this I am not any time to turn either to the right or left, but still continue straight ahead.

### SCRAP DRIVE

The scrap drive in the Carrizozo Schools was very good with a net total of more than thirty tons of metal. The Santa Rita School had a total of more than \$20 when the scrap was sold. The Carrizozo Public School had a total of 109.50 when the scrap was sold. The schools extend thanks for the cooperation of all who helped in the drive.

Herman Kelt, Jr., now in the Navy, is with the U. S. Base at Nouma, New Caledonia, east of Australia. Herman likes the service and also the country in which he is located. He is a Seaman, 2nd Class.

### BREAD SLICING

The bread slicing ban apparently hit home in Washington at last, and may be brought up on the floor of Congress. An Indian representative says he's either going to have a good reason for the ban from the OPA or raise the question on the floor of the house. And so far, he reports, no one has been able to advance any good reason for the curtailment on slicing activities by the bakery trade. Local bakers report the savings involved are so infinitesimal that they make little difference in the total cost of producing a loaf of bread.

If the OPA is looking at the picture as a whole, they should consider the fact that in the home a knife must replace the knives in the slicing and wrapping machine—and anyone who has tried to buy a bread knife knows there is a shortage. The slicing of bread is just a little thing in itself, but it is typical of things that creep into the nation's effort at conservation and price control. At one moment we accomplish, through the OPA, a wise and very necessary move. At the next, we see a ruling that works an undue and unnecessary hardship on the public, accomplishing nothing whatever.

Rationing and price-fixing is a difficult thing indeed. But if those charged with the job would consult with those affected before making any move, their actions would accomplish the desired purpose with more frequency.—Roswell Dispatch.

### Jivettes Orchestra

Saturday night at the Country Club the all girl's orchestra, Jivettes gave their opening dance. An enormous crowd attended and everyone had a delightful evening. The following are members of this orchestra: Mary Simpson, Anita Campbell, Evelyn Roberts, Elizabeth Jordan, and Jane Gallagher. They plan to keep organized for the remainder of this school term. If you want good music that's superb for dancing, just listen to the Jivettes. Miss Mary Simpson is the director.

Mrs. Helen Meeks of Lincoln was a visitor in town Monday.

Messrs. Emil Reynolds and Junior Leslie, U. S. Navy, formerly of Carrizozo and Capitan, who recently completed a electrical engineering course at the University of Minnesota, visited here this week. Mr. Reynolds left Tuesday for the Receiving Ship San Francisco, Calif. Mr. Leslie left Thursday for Receiving Station Destroyer Base, San Diego, Calif. This separation from each other is the first that they experienced since their voluntary induction into U. S. Navy Service. All their Carrizozo friends offer best wishes to them for the best of everything in Navy life.

A young lady, finding herself stranded in a small town, asked an old man at the station where she might spend the night.

"There ain't no hotel here, but you can sleep with the station agent."

"I'll have you know that I'm a lady," she haughtily replied. "So is the station agent," the old man answered.

Mr. Harry Straley says there is a Mesa near Ancho that was an "Indian lookout" and the place they held their pow-wows. It is plainly visible from the highway, a short distance from that place. This Mesa stands out prominently. Harry says that after a rain, numerous pieces of pottery, arrow-heads, etc., may be found.

## Quintuplets to Sing in English

Toronto, Feb. 12.—The Dionne quintuplets can sing "The Star-Spangled Banner" in English and, furthermore, will do so when they go to Superior, Wis., next May 9 to christen the "Quint Fleet"—five ships built by the United States Maritime Commission for Great Britain under lend-lease.

Assurance on this point was given by Premier Gordon Conant of Ontario when a member of the Provincial Parliament asked what language the famous children would use as they christened respectively, the Marie Dionne, Emelie Dionne, Cecille Dionne, Annette Dionne, and Yvonne Dionne.

## Save Tin To Win

Sometime this month the ration point system will be in operation. The general public will make smaller purchases in canned foods. Make every moment count for our tin salvage program. Tin is a vital material for war needs. Much of our war machinery depend upon tin. There is no substitute. Plans are being formulated for shipment of tin cans out of New Mexico. It is your job to save tin cans and have them ready when the collection program starts. "SAVE TIN TO WIN."

## POINT RATION EFFECTIVE MARCH 1st

Rationing of commercially canned, bottled and frozen fruits and vegetables, including juices, all soups, and dried fruits, under the point system will begin Monday, March 1, it was announced by Wm. W. Gallacher, chairman of the local War Price and Rationing Board.

Retail sales of the foods to be rationed will be suspended as of midnight Saturday, Feb. 2, and registration of the civilian population for War Rationing Book Two will be conducted during the six days beginning Monday, Feb. 22nd.

The first ration period will cover the month of March. Each holder of War Board Book Two, except those possessing more than the allowable maximum of five cans, will have 48 points to "spend" for the rationed foods when retail selling resumes on Monday, March 1.

These 48 points will be represented by blue stamps bearing the serial letters "A," "B" and "C." This gives each person 8-point stamps, 3 5-point stamps, three 2-point stamps and three 1/2-point stamps. These three things are his hobbies. Mr. Slaughter is expecting his wife and seventeen year old son, who is senior in high school, to arrive here the last week of February. His daughter is teaching in Arkansas.

## Western Livestock and Rodeo Show

The Annual Southwest Livestock and Rodeo Show, under the sponsorship of the Chamber of Commerce and Sheriff's posse of El Paso County has been set for February 18, 19, 20 and 21. The rodeo will be directed by Elliott and Nesbitt, outstanding producers. Also there will be food production, conservation and preservation displays and equipment for dehydrating and freezing.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten percent every pay day.

**What You Buy With  
WAR BONDS**

Washing machines and other household appliances are not available today. Manufacturers have converted their plants to war work. If you save today, however, by buying War Bonds, this money saved will start these factories rolling and put millions of Americans to work after the War is won.

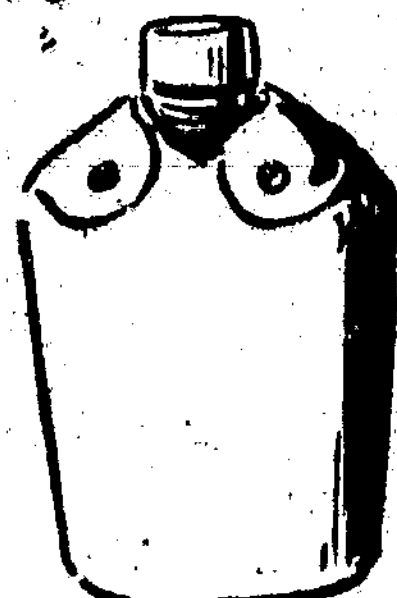

Join the payroll Savings plan a your office or factory. Save a definite amount every payday, ten percent or more of your pay check. Your pay check today buys a payday for tomorrow and gets you \$4 back for every \$3 you invest.

U. S. Treasury Department

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

**What You Buy With  
WAR BONDS**

One of the most essential articles of equipment for our soldiers is his canteen. In equatorial countries and in other warm climates they are particularly important to the welfare of our fighting men.

The canteen, now being largely manufactured of plastics, costs about 43 cents. The canvas cover about 41 cents or 84 cents in all. Your purchases of War Bonds, or People's Bonds, will buy many of these for our men in the Solomons or in Africa where they are badly needed. Buy War Bonds every payday . . . at least ten percent of your income . . . through a Payroll Savings plan.

U. S. Treasury Department

Men are dying for the Four Freedoms. The least we can do here at home is to buy War Bonds—10% for War Bonds, every pay day.

**What You Buy With  
WAR BONDS**

The Women's Auxiliary Volunteer Emergency Service, more familiarly known as the WAVES, has been established as a part of our Navy. They are doing a great work and relieving many men from office to active service.

Cost of a WAVE uniform, exclusive of accessories, is approximately \$137.35. This includes suit, skirt, hat, overcoat, raincoat and service bag. Your purchase of War Bonds helps pay for the uniforms for these patriotic women. Buy War Bonds every payday with at least ten percent of your income.

**THE COW THAT DIDN'T GET MILKED**

She was a Holstein. There are many like her on our farms.

But this cow was not on an American farm. She was grazing in a little pasture in Holland, native country of the Holstein, when hell broke loose. A new kind of horrible hell called a blitz.

She went crazy. She ran until her tongue hung out. She wasn't milked that morning, or that night, or the next day, or the next. Her beautiful udder spoiled. But maybe it is just as well—Hitler and his men take all the milk. They take everything from enslaved Holland.

Remember this story as you milk your good herd. Keep on remembering it—and buy U. S. War Bonds—every dollar's worth that you possibly can.

Buying Bonds will help with the war right now—and be one of the best investments you ever made. They never sell for less than you pay for them. They increase in value every year. If held for ten years, they return \$4 for every \$3 invested. And they can be cashed any time after sixty days if you need the money. Buy Bonds—for yourself and for your country—at your bank or post office.

**Business Men's  
Club**

The Business Men's Club met at the S. P. Hotel February 17, 1943. Eleven members were present and no visitors. Minutes of the previous meeting were read and approved. Mayor M. U. Finley introduced for discussion the matter of the truancy problem existing in the local school system. It was generally agreed that drastic action must be taken, but due to the lack of information the matter was deferred until next meeting. In line with the program sponsored by the Club to provide entertainment for the nearby soldiers the Secretary was instructed to write the USO Director in Alamogordo and the Field Recreation Representative of the FSA in order to determine what type of entertainment should be devised and offered to the boys. The Club meets next Wednesday evening at Community Center for a Chicken Pie dinner prepared by the Methodist Missionary Society. Felix Ramsey, Secy.

We take this opportunity to thank our friends for their kindness and floral offerings, during bereavement in the loss of our mother. Signed:

"There are periods in a lifetime when it is more difficult to live for your country than it would be to risk your life for your country. You and I are living in such a time today. We must fight for our principles, our rights, and our convictions, at home even if in that fight, the opponent is our own government."—Carl W. Ackerman, Dean, Columbia University.

**THE OLD JUDGE SAYS...**

"Judge, would you mind telling Charlie here what you told me the other night when I came home from lodge. I can't word it just the way you did."  
"Sure thing, Tim. Here's what I told him, Charlie. There's no such thing as votin' a nation, a state, a county, or even a community dry. We had proof enough of that

during our 13 years of prohibition. What you really vote for is whether liquor is going to be sold legally or illegally... whether the community is going to get headed taxes for schools, hospitals, and the like, or whether this money is going to go to gangsters and bootleggers. That's the answer, boys... simple as A-B-C."
