### ALLIED TO FOLLOW THE COURSE OF "DEARED" FLYNN

At this particular time, it appears that the nomination of James V. Allred, ex-Governor of the State of Texas, who was called upon a district federal judge to run against Senator Lee O'Daniel and was defeated, has been nominated now to the Fifth Circuit Court bench, but as his appointment must be confirmed by the present Congress it has hit a snag, much like the appointment of Edward Flynn, who was thrown down by that body, the news of which is still fresh in the minds of the readers of the Outlook.

Allred was one among the many candidates for different offices over the country sponsored by the President, all of whom were defeated. Flynn was pushed out of the chairmanship of the National Democratic Committee by the anti-New Dealer as means of salve, he received the appointment as ambassador to Australia. Congress, seeing as it said, it was to pay off a political debt, promptly refused to confirm the appointment. Now the same comes up about Allred and Congress again puts its foot on the deal and again the chief executive is in the seat of embarrassment.

We all distinctly remember that when the New Deal was in the saddle, the chief executive had to say anything and the oft-quoted "rubber stamp" was ready, but the new Congress believes that that body has a mind of its own—at least, we have not heard any orders being placed for rubber stamps—the new Congress doesn't need them.

### BOB SHAFER IN NAVY

At San Diego, Cal. Bob is making good as he usually does in all his undertakings. He is the son of Mr. and Mrs. Roy E. Shafer of this place.

### BINGO PARTY AT YESO

Friday, Feb. 12th Mrs. J. C. Mosteller, principal of the Yeso School sponsored a Bingo party for the benefit of the hot lunch for school children.

Alexis Dobradin, formerly of Ft. Stanton, sent this office a photographic booklet from Sydney, Australia, depicting the beauties of that country.

### SUBSIDIES NOT NEEDED

Albuquerque, March 2—L. D. Merchant of Capitan, vice-president of the New Mexico Cattle Growers Association, declared in a radio address tonight that all measures "savoring" of agricultural subsidies are unnecessary. Merchant speaking on one of a series of radio programs preceding the annual convention of the cattle growers here March 12-13, struck out at Secretary of Agriculture Wickard for arousing "the highly controversial issue of subsidized agriculture."

### GIFTS OF BIBLES FOR SENATORS

To show how badly the United States Senate is in need of some spiritual advice, the 'Gideons' have presented each Senator with a copy of the Bible, handomely bound in white leather, with his name embossed on the cover.

Past experiences have been recorded that at the opening of Senate proceedings, various denunciations have responded to invitations to opening the sessions with prayer. Running low on material for that important mission, they invited Dr. Frank W. Bankhead, leading Christian Scientist, who opened the session with silent prayer and followed by repeating the Lord's Prayer, in which all senators were to join the leader.

The Senators stood with bowed heads, but only a few were heard to join and their voices were hardly heard from the galleries. The Gideons, seeing the vast need of spiritual understanding in the assemblage, hastily presented the bibles. This would prove that law, is law; bills, are bills, but when it comes to bibles, our Senators lose out as to what that sacred volume really contains. In the midst of war, pestilence, rationing, and everything that goes directly in opposition to spiritual needs in this time, a school of instruction should be set up in Washington as an addition to the bible gifts, which the Gideons have been so generous.

### Water Users Meeting

The Nogal Water Users Association of Nogal, held its regular monthly meeting last Sunday at the J. L. Graves store with a good attendance. Mr. Graves is chairman of the organization.

The Association re-elected J. L. Graves as President and W. L. Miller was elected Secretary to fill vacancy caused by the resignation of Homer McDaniel.

## RED CROSS WAR FUND MARCH - 1943

Symbolic of the role the Red Cross is again playing, the 1943 Red Cross War Fund poster depicts the organization as a mother ministering to the needs of the men of the United States armed forces and the victims of war throughout the world. The poster is an appeal to all men and women for contributions to the War Fund. Lawrence Wilber, noted illustrator, designed the poster. Helen Mueller is the model.

### Business Men's Club

The Club convened at the S. P. Hotel at 6:30 p. m. with twenty members present and eight guests. Pres Kelt introduced the guests as follows: District Judge N. C. Frenger, Miss Louise Stansel, Court Reporter; Mrs. Ola G. Jones, County School Superintendent; M. A. Threet, District Attorney; Bill Jeuggins, Asst. Dist. Atty.; Court Interpreter Julian Salas; John Wright, Co. Treasurer; Larry Dow, Co. Assessor; Roy Shafer, County Commissioner; and Felix Ramey, Clerk. Judge Frenger gave the members some serious thoughts for the post war period and many enlightening hopes for the future.

Mr. Threet pointed out the procedure for taking care of the truant problem now existing in our local schools, a matter which has been before the club for several days. Pres Kelt announced the necessity for other arrangements to accommodate the meetings of the club as the hotel is hard pressed because of the war rationing program. Mr. A. L. Burke moves that the chair appoint a committee to contact the Woman's Club and other local societies to see if other arrangements could be made. Motion is seconded by Mr. Curry and carried. The Chair appoints Mr. Burke, Dr. Turner and Mr.

Kelley to work with the President in making the necessary arrangements. A letter of appreciation from the Woman's Club for this Club's presentation of the bonds was read by the secretary. Following the dinner Dr. Turner showed several reels of his photographic art which was greatly enjoyed by all present. Felix Ramey, Sec.

Be sure to attend the Spring Carnival at the High School Gymnasium March 5. A good time is guaranteed to all.

The Lincoln County Board of Commissioners met in regular monthly session Monday and due to an extraordinary amount of business, continued over to Tuesday, with Roy Shafer, chairman presiding.

At the meeting of the Lincoln County Board of Education Monday, Mrs. Blanche Clayton of Ancho, was appointed to fill the position of Mrs. Grace Simpson, who resigned after leaving the county and now residing in Roswell. We commend the Board on the appointment.

Pvt. Tom Jones was called from the Roswell Military Institute after enlistment in the army last October. Tom is now in the service and stationed at Shepard Field, Texas, in A. S. N. 18121 having reported for duty Feb. 17. Tom is the oldest son of Mrs. Ola Jones, County School Superintendent.

**"GEORGE SAID IT"**

**GOVERNMENT WASTE THE USUAL QUOTA**

The present session of the New Mexico legislature is producing its usual quota of foolish, unwise and unnecessary bills, despite all pleas for economy and quick action in both houses.

For example there is Senate Bill 88 which would make it unlawful to carry a deadly weapon either concealed or otherwise in or about settlements of this state. The measure proposed is so drastic it would practically prevent a hunter from leaving his own premises with his gun in order to reach the game he is after.

Probably the author of this measure, which by the way carries the emergency clause, was well intentioned, when he introduced it, but like so many measures introduced in our legislature it was ill considered.

That is just a sample. There are a large number of other measures just as unwise and ill-considered as this one. Included in the list is the usual quota of personnel that have been defeated time after time.

It is more than we have any right to expect, but we would like to see one session of the legislature stick to business, and leave out the foolishness.—Roswell Record.

**TROUBLE WITH CONGRESS**

It seems that the administration is having mounting troubles with Congress. Congress, the new Congress, that is, is no longer willing to be just a "rubber-stamp" but seems to be exercising some of the functions conferred upon it by the Constitution and as trying to represent the people who sent it there and not merely placing an "O. K." on "must" legislation.

Of course the administration doesn't like it, but it is something that it must put up with, for, after all, the Congress is the people.

There are a lot of differences that are in process of being thrashed out, from rubber to farm ceilings, from millions of draft-age men holding down government desk jobs to price inflation. Sometimes the administration sees eye-to-eye with Congress but often that does not happen. Heretofore Congress gave way and the administration had its way, but that is not going to happen any longer, if the apparent anti-New Deal majority can help it.

Mounting difficulties face Congress, troubles over food supplies, public dissatisfaction with the handling of war production and other war problems, manpower, the handling of draft deferments, labor difficulties and the pampering of union labor, politics in the war, favoritism and a lot of other matters, from wooden guns and dummy soldiers to work stoppages and absenteeism in war industry.—Roswell Record.

**CARNAL MIND CANNOT PENETRATE THE SPIRITUAL**

Sixteen years ago, Harry Houdini, Master Magician and performer of exploits of more than ordinary legerdemain, died after making a compact with his wife, that if it were possible, he would contact her from the world beyond.

All through that long period, Mrs. Houdini waited patiently for some manifestation from his dying promise, but nothing came. She visited all seances and sat silently through long silent nights listening and hoping for some mysterious message from Harry, but the same silence prevailed. A short time ago, she died.

To those who are well versed in discerning the vast differences between the material and spiritual, that silence would mean nothing. The bible plainly teaches, as for instance, in the parable of Lazarus in the bosom of Abraham, there was a great gulf, or veil, to make it plainer, between that place and the rich man, who bemoaned the act of refusing the beggar even the crumbs that fell from his table and begged that Abraham send Lazarus to him so that he might undo the wrong he had inflicted on the beggar, who was at his mercy. But there was the gulf that separated them, much as to mean. That the material world cannot discern things of a spiritual nature, which, if true, Mrs. Houdini already knows.

**PLOW UP COTTON**

Arizona cotton farmers couldn't get labor to pick all of their long staple cotton and so they have started plowing under some 15,000 acres. This is the sort of cotton that is needed in the war effort, for parachutes and other essential war materials, but the lack of labor will cost the nation thousands of bales of this cotton. The Arizonians place the blame on the department of agriculture and the U. S. Employment service.—Roswell Record.

**PAPER SHORTAGE**

While numerous newspapers are walling over what they fear is impending shortage of paper, the Record is enjoying and utilizing the government subsidy of stock to the fullest. Instead of consigning the hundreds of federal agency and bureau releases to the proverbial wastebasket, we carefully pile and preserve the white sheets of 'news' stories and have found that a supply can be kept on hand at all times ample for copy paper and single wrapper purposes. Where our government wastes we conserve.—Roy Record.

**Schools Open Drive To Buy 10,000 Jeeps**

THE little jeep which is serving so nobly from Guadalcanal to Africa has become the symbol of the gigantic efforts of millions of American school children in their War Savings program.

Thousands of public, private and parochial schools soon will be displaying a certificate of honor from Secretary of the Treasury Henry Morgenthau, Jr., signifying that they have paid for at least one jeep by buying \$300 in War Stamps and Bonds.

Countless others will be flying the Schools At War banner awarded to schools with 90 percent pupil participation in War Savings.

Ten thousand jeeps and a hundred bombers! This is the new goal of America's schools as 30,000,000 children continue their Schools At War program under the auspices of the Treasury Department and the U. S. Office of Education.

Results so far in the program reported by Dr. Homer W. Anderson, Associate Field Director in charge

**Battle Flags of the Schools**  
of the education section of the War Savings Staff, are: More than 7,000,000 elementary and high school students from 30,000 schools have prepared special Schools At War scrapbooks for state and local exhibits. War Stamp and War Bond purchases may reach a grand total of \$300,000,000 for the school year.

**What You Buy With WAR BONDS**

The Bofors anti-aircraft gun is designed for greater range and heavier calibre than the average anti-aircraft or rapid fire gun. They are mechanically intricate and more costly. The two-gun Bofors mount costs approximately \$98,000 while a Bofors quad-mount runs up to \$140,000.

We want our fighters to have the best equipment possible and your purchase of War Bonds will help pay for these guns, giving them an advantage over our enemies. Buy War Bonds every payday. At least ten percent of your income, or as much as you can buy will help pay the war cost, provide you with a nest egg for the future, and pay you good interest. U. S. Treasury Department

**Live Without And Like It!**

This is the meaning of total war—that the home front and the fighting front pull together. It is not enough that men fight, and give their lives. This will be in vain unless the millions of Americans at home fight and give them. Would you jeopardize victory for a cup of coffee and another lump of sugar, for a tire and another gallon of gas? Would you want to hear again from some far-flung military outpost the words of defeat, "Too little and too late"? Or are you willing to drive less, drink less, eat less of certain foods, in the sure knowledge that we can achieve total victory only through total war?

Rural Electrification has made great strides during the past ten years, bringing to thousands of farm homes the conveniences of their city brothers. Today, however, copper wiring, fixtures—all the materials which are required for rural electrification—are "out" for the duration.

The farmers of the nation, however, can start now buying rural electrification and all the equipment which goes with it through purchase of War Bonds. Your War Bonds today will buy rural electrification tomorrow and give you back \$4 for every \$5 you invest.

U.S. WAR BONDS

**THE ASS THAT STARVES WITH HIS MASTER**

Both are hungry. For both there is not much promise of food. Why? Because they live in Greece.

Because in Greece the Axis took every scrap of food and every source of food—and deliberately left the people, the dogs, and a few useless burros to starve and to die.

Remember the farmer of Greece as you eat your Friday evening supper. Remember him the next day, as you market your produce. Remember—and buy Bonds. All the U. S. War Bonds

that you can. Buy Bonds with every cent that you don't actually need to run your farm.

Buying Bonds will not only help win the war, but will provide you with a nest-egg for the future. They are the best investment in the world today. They never sell for less than you paid for them. They increase in value every year. In ten years, they are worth a third more than you paid. And you can cash them any time after sixty days.

Buy Bonds now—from your bank, post office, or rural mail carrier.

**Red Cross Needs \$125,000,000 To Finance Wartime Program**

WASHINGTON, D. C.—Faced with the greatest wartime program in history, the American Red Cross will launch its 1943 War Fund appeal for \$125,000,000 on March 1, Chairman Norman H. Davis has announced.

Pointing out that the bulk of the fund will be used to expand Red Cross services to the men of the armed forces and their families, Chairman Davis urged every American man and woman to contribute to the fund.

With the approval of President Roosevelt, who also is President of the American Red Cross, the month of March is being observed as Red Cross Month. Walter B. Gifford, president of the American Telephone and Telegraph Company, is chairman of the Red Cross 1943 War Fund.

"Red Cross services to our armed forces and to the needs of distressed civilians on the battle and home fronts can be supplied only by great expenditures and sacrifices," Chairman Davis said. "We are exerting our utmost efforts to accomplish these tasks with the least possible drain upon the resources of the people in funds, time and energy. We must never falter in our determination to meet these definite obligations. The Red Cross is confident that all our people will be generous in their support of the 1943 War Fund."

More than 45 percent of the fund received by the national organization will be devoted to meeting Red Cross responsibilities to the armed forces. These include the Red Cross overseas club program, recreation and hospital program, the stationing of field directors at all foreign and domestic military camps and bases, the huge surgical dressing production program, and the blood-plasma project which recently was expanded to a total of 4,000,000 pints at the request of the Army and Navy.

Chairman Davis pointed out that the 1943 program will be vastly greater than the accomplishments of last year, in which the Red Cross aided millions of war victims through its foreign war relief program; gave aid to thousands of prisoners of war; collected 1,800,000 pints of blood for the armed forces; produced \$20,000,000 surgical dressings, and aided more than 1,800,000 servicemen and their families.

The \$125,000,000 quota, he said, will finance the local, national and international work of the Red Cross for the entire year, barring unforeseen emergencies.

His Pigs Go to War

Young Johnny Clay of Rocky Mount, North Carolina, is typical of farm children raising victory pigs and devoting profits to War Bonds.

**Farm Youth of U. S. Looks to Tomorrow**

TOMORROW'S farmers and farm homemakers are second to no school group in their enthusiasm for investing in War Bonds and Stamps to make sure their future is secure. Through the Schools At War program they are investing what they save and earn in War Stamps and Bonds.

First evidence of this is the amount the 4-H Club boys and girls and the FFA boys invested in war savings in 1942 from "Victory Pig" and other projects. A million and a half 4-H Club members put \$5,000,000 of their own savings in War Bonds and Stamps and sold \$2,500,000 worth of War Savings to their neighbors. Nearly a quarter million members of Future Farmers of America invested more than \$1,500,000.

Spurred by the realization that the financial welfare of farm families the next 20 years depends on how wisely they use today's higher incomes from increased food and other wartime production, both groups have set their goals still higher for 1943.

These farm youths are building financial reserves, and urging their parents to do the same, for after-the-war necessities, to meet financial emergencies and to help them get started in college.

They're building reserves today for tomorrow's farm buildings and for the other things they will need when they're tomorrow's farmers and homemakers.

HOUSEHOLD MEMOS... by Lynn Chambers

Fish Fulfills Protein Needs of the System

Fish filets served with juicy lemon wedges and generous garnishes of radish roses and parsley make an attractive main dish.

Fish Is Flavorful

One very direct and effective way of meeting the meat shortage is by serving fish in its many delectable ways. Few families have been initiated into the many ways of preparation for fish, few know how succulent are their steaks when baked, or how tart and crisp are fillets when fried. Bones have been removed from many types of fish so this need concern the cook little. If they have not already been removed, this can be done easily since they are usually together.

French Fried Fish Fillets. Desired number and kind of fish fillets. 1 egg, well beaten with 1 tablespoon water. Crumbs, corn meal, flour or potato meal. Salt and pepper. Salad oil for frying. Wash fillets in cold water, drain on absorbent paper. Sprinkle with salt and pepper; dip first in dry coating—(crumbs or other if preferred), then in egg mixture and again in dry coating. Place in deep salad oil—(375 to 385 degrees)—or hot enough to brown a 1-inch cube of bread in 40 to 50 seconds. Fish is good when baked—especially with tomatoes and green pepper.

\*Baked Whitefish, Creole. (Serves 5 to 6) 2 1/2 pounds whitefish, cleaned and boned. Salt and pepper. 3 tablespoons butter. 1 small onion, chopped. 1/4 cup green pepper, chopped. 1 tablespoon flour. 1 1/2 cups tomato soup. 1/2 teaspoon salt. 1/2 teaspoon Worcestershire sauce. Place fish in greased-baking-dish, skin side down. Sprinkle with salt and pepper and brush with one tablespoon of the melted butter. Bake in a moderately hot oven (400 degrees) for 15 minutes. Melt 2 tablespoons of butter in saucepan and add chopped onion and green pepper. Simmer five minutes. Add flour and blend thoroughly. Then add tomato soup, salt and Worcestershire sauce. Cook until mixture thickens, then pour it over the partially baked whitefish. Return to oven for 20 minutes more or until fish flakes easily.

\*Baked Whitefish, Creole. (Serves 5 to 6) 2 1/2 pounds whitefish, cleaned and boned. Salt and pepper. 3 tablespoons butter. 1 small onion, chopped. 1/4 cup green pepper, chopped. 1 tablespoon flour. 1 1/2 cups tomato soup. 1/2 teaspoon salt. 1/2 teaspoon Worcestershire sauce. Place fish in greased-baking-dish, skin side down. Sprinkle with salt and pepper and brush with one tablespoon of the melted butter. Bake in a moderately hot oven (400 degrees) for 15 minutes. Lynn Says: Sauces for Fish: They're a must with fish because they make it most delicious dish. You'll like browned butter with lemon juice and Worcestershire sauce. Or, just cream the butter and season with lemon juice. Horseradish is popular with fish. Take 1/2 cup drained, prepared horseradish, season with salt and pepper and one tablespoon vinegar, then fold in 1/2 cup of whipped cream. Tartar is not just another name for sauce, it's an affinity with fish filets. Make it by adding 1 teaspoon minced onion, 2 teaspoons chopped, sweet pickle, 1 teaspoon chopped green olives, and 1 tablespoon vinegar to 1/4 cup mayonnaise. Make a cup of medium-thick white sauce and add to this 1/2 cup grated cheese and let the cheese melt. Or, 2 chopped, hard-boiled eggs added to white sauce, make a golden crown for baked or fried fish.

Hallbut Steaks. Have center cut slices of hallbut steak cut one inch thick; salt and pepper them and dredge lightly with flour. Fry to a light brown in butter. Remove to a platter and cover with sliced sauteed mushrooms, using about a pound for 2 steaks. Over this pour the following sauce: Stew 1 No. 2 can of tomatoes with 1 cup of chopped celery, 1/2 chopped green pepper and 1 large chopped onion. When vegetables are tender, run all through a coarse sieve. Into this melt 1/4 pound of grated cheese, 1 tablespoon of butter, and salt and pepper to taste. Heat fish thoroughly in oven and just before serving sprinkle with cheese and run under flame to brown.

There's distinction in salmon when it's combined with discreet seasoning—lemon juice and tomato: Baked Salmon Slices. Salmon cut in individual servings. 2 tablespoons oil. 2 tablespoons lemon juice. 1 teaspoon salt. Dash pepper. 1 onion. 1 tomato. Bacon strips. Brush slices of fish on both sides with the oil. Place in a baking dish, sprinkle with the lemon juice, salt and pepper. Then lay a thin slice of onion on each piece. Cover onion with a 1/4-inch slice of tomato and top with a strip of bacon cut in two. Place in moderate oven (350 degrees) for 45 minutes. Salmon Fondue. (Serves 6) 5 slices bread. 1 cup milk. 2 tablespoons butter. 1 cup flaked, cooked salmon. 3 eggs, separated. 1/2 teaspoon salt. 1/4 cup grated American cheese. Trim crusts from bread and cut into 1/2-inch cubes. Heat milk in double boiler, add bread cubes, butter, liquid from salmon, and well-beaten egg yolks. Season with salt and cook until thickened, stir constantly. Remove from heat and stir in cheese. Cool for 10 to 15 minutes. Beat egg whites stiff and fold into mixture. Pour into greased baking dish. Place dish in pan of warm water and bake in a moderate (350-degree) oven for 1 hour or until a knife when inserted comes out clean. Note: Chopped shrimp, flaked tuna or minced clams or oysters may be used in place of the salmon.

A platter of fish with broccoli and corn fulfills a good portion of daily dietary requirements. An early touch of spring goes into the menu with a fresh green salad: Toss-Up Salad. (Serves 6) 1/2 head lettuce. 1 cup diced celery. 2 fresh tomatoes. 2 hard-cooked eggs. 1 clove garlic. 1/2 bunch radishes. 1/2 bunch watercress. 1 cup raw spinach leaves. Shred lettuce, dice celery, cut tomatoes and slice radishes. Cut eggs into slices. Rub salad bowl with garlic and add vegetables. Serve with French dressing.

BIBLE TEACHINGS AGAINST DRUNKENNESS

LESSON TEXT—1 Samuel 30:16, 17; Isaiah 26:14, 7; Galatians 5:19-21. GOLDEN TEXT—"Strong drink shall be bitter to them that drink it."—Isaiah 24:9.

Sowing and reaping is one of those universal laws which applies in all realms of life. What we sow we reap, whether in the farmer's field, in our national life, or in the life of the individual. It is true physically, mentally, morally and spiritually. How surprising then that intelligent Americans think we can go on with the use of intoxicants which have destroyed other nations and expect to escape the same sad consequences. Professional men have wrecked their careers, business men lost their hard earned positions, and rich men dissipated their inheritances; and at the same time each of them has fallen into moral decay—all through their inability to control their desire for drink. Yet we continue to license its sale, and so another generation of young men must meet the same temptation. Our lesson presents three results of drunkenness. I. Military Defeat (1 Sam. 30:16, 17). A crisis in the life of King David is related in this chapter. The Amalekites had taken Ziklag. The king and his family were prisoners, held by a host of barbarous men far too strong for them to oppose. He inquired of God and was told to attack. With his little army of 400 men he defeated them. Why? Because in a drunken debauch they were celebrating their victory of the day before. This was not the first, nor the last, time that military defeat followed indulgence in alcoholic beverages. It has happened even in the present war. Have we learned the lesson? Will we avoid that danger? In this country our armed forces and defense workers are constantly exposed to temptation—and how many of them fall, anyone may know who has eyes to see. From distant battlefronts come disquieting reports that intoxicants are among the "supplies" which find quick transportation to the very front, where they are soon put to their destructive use. II. National Decay (Isa. 28:1-7). Isaiah was a mighty voice against moral corruption, and for the righteousness of God. With true prophetic insight he saw beneath the outward prosperity and apparent glory of his people, and exposed the sins which would soon destroy them as a nation. Outstanding among these destructive forces was drunkenness. Turning first to the northern kingdom of Israel (for the nation had now been divided), he tells them that though their valleys may be fertile and their cities resplendent, the collapse of all their boasted greatness will surely come if they live in revelry and drunkenness. He speaks of the coming of "the mighty and the strong one" (v. 2) who will be like a destroying storm. He refers to Assyria—Itself an ungodly people, but used of God to scourge His own people who had become indulgent and sinful. There is a truth here which we need to learn. When nations forget God and fail in their responsibilities to Him and to their fellow men; when they become vain and self-indulgent, God will bring judgment upon them. He may use as His instrument nations who are themselves pagan, to accomplish His purpose. The people should be led in repentance and righteousness by their religious leaders. How sad that some set an example in the other direction. Others who live personal lives above reproach are silent on these important questions lest they give offense to someone who may make it difficult for them. How sad! III. Eternal Destruction (Gal. 5:19-21). Military loss and national declension should be enough to align every right thinking person against intoxicants. But far worse is the fact that they bring many, many men and women into eternal separation from God. In this passage "drunkenness and revellings" find their proper place with the other works of the flesh which close the door to the kingdom of God. There is no use trying to dismiss or cover it up as the unfortunate weakness of an otherwise nice person, or the natural result of a bit of social fellowship. America has too long regarded a drunken person as a joke—or at most a bit of a nuisance to be indulged and tolerated. The Bible says that "they who practice such things shall not inherit the kingdom of God" (v. 21). That is plain enough, isn't it? Mr. Drinker, outside or inside the church, had you better not think about that before you drink again? Church of Christ, is it not time for you to do something more effective to deliver the young men and women of America from the constant temptation now placed before them?

THE OLD JUDGE SAYS...

"Quite a discussion some of the boys were having down at lodge meeting last night, Judge... you know, in the anteroom before the election of officers."  
"Sure was... and Herb was dead wrong. The alcoholic beverage industry does account for more taxes than any other industry. I checked the figures in my office this morning. Why the figure on alcoholic beverages is pretty close to a billion and a half dollars a year. Lucky thing we haven't got

prohibition or the government would have to make up the money some other way. And there's only one answer to that—more taxes. You know what that would add up to?... about \$25 more taxes a year for every man and woman in the country. In other words you and Sue would have to pay about \$50 more in some form of tax. I guess about the only ones who'd come out ahead on that deal would be the bootleggers and gangsters."
