PERSONALS

Mr. and Mrs. George Goodson of Luna were shoppers in town Monday.

Mrs. Edna King of Glencoe was a business visitor in town this Monday.

Wm. Thomas and Clarence Griffin of Corona were here on business last week.

George Wandell of Nogal is appointed to carry the mail from Nogal to Bonito.

Mrs. Ch. A. Ferguson of Captain visited her mother, Mrs. Anna Brazel this Wednesday.

Mr. and Mrs. Louis Naida of their Red Canyon ranch visited relatives and friends here Wednesday.

Mrs. Ola C. Jones, County School Superintendent, spent the week-end at her ranch near Glencoe.

Mr. and Mrs. Marion Hust of Three Rivers visited relatives and friends here Wednesday of this week.

Mr. and Mrs. Jimmy Garner and small cute daughter Garnette of Coyote were shoppers in town Monday.

Jim Cooper has been appointed Day Marshal; John Littleton, former day marshal, is now on the night shift.

Mr. and Mrs. George Titaworth and Mrs. H. M. Belknap of Captain were business visitors here this Tuesday.

Cres Mares, life insurance man of Corona, was a visitor in town Wednesday, making this office a friendly call while here.

L. E. Hust has sold his ranch near Nogal to Mr. Burton; he is residing at present with Mr. and Mrs. Jim Greer on their ranch near this place.

Mr. and Mrs. Dan McKinley have received word from their son George who joined the navy May 5th. He is stationed in San Diego, Calif.

Sgt. Jack Adams of the Medical Corps in Fort Bliss spent a few days here this week, visiting the W. J. Ayers family and many local friends.

Corporal Juan Padilla, son of Mr. and Mrs. Andy Padilla of this place, who is here spending his 15-day furlough, will leave May 15 to resume his duties at Fort Bliss.

J. L. Raines, bean grower of the Glaucoch country was here Tuesday. He said they had a nice rain Sunday, but needed much more before June 1, when the latest planting begins.

Delores McKinley who has gone to St. Rita school for eight years is proud to say she has attended every day without missing one day for five years. She will be a Freshman next school term.

In a letter received Tuesday from Raymond C. Bishop, who was at one time brand inspector here, but now located at Logan, N. M., he stated that Mrs. Bishop will return to New Mexico from Temple, Texas, where she is recuperating from an illness at a clinic.

Roswell Club Pledges To Oppose New Deal

Roswell, N. M., May 10, 1943: Roswell's club on Constitutional Government today went on record pledged to oppose the New Deal form of government and announced they would support any candidate in 1944 opposed to "bureaucracy". One of the strong supporters of the club's action is Senator John Mullis, long-time Democratic leader in the state.

Joe Bivens, wife and baby are here for a visit with Joe's parents, Mr. and Mrs. A. J. Bivens at their ranch near Ocuero. Joe is with the S. P. water system and stationed at Douglas, Arizona.

REV. JOHN J. LOUDIN Methodist Minister

Rev. John J. Loudin, a native of West Virginia, a graduate of West Virginia Wesleyan College A. B. and of Boston University School of Theology, Bachelor of Sacred Theology. He served churches in Massachusetts and in West Virginia.

His family, Mrs. Loudin a graduate of West Virginia Wesleyan College A. B. and in piano with some special work in music at Boston. Ruth who will graduate at West Virginia Wesleyan the last of this month. Mary a senior in Ripley High School and Frank who is in the seventh grade. A veteran of World War I.

Loss Keenly Felt

(Ripley, West Virginia, Herald) The announcement that Rev. John J. Loudin has resigned the pastorate of the Ripley Methodist church and has accepted a call to a church in New Mexico, is a loss which is not confined to the Methodist church alone, but is shared by the town of Ripley and surrounding communities. That Rev. Loudin is an able, aggressive and diplomatic church leader is generally recognized by all who had the pleasure of knowing him. But even beyond that John Loudin was always ready to lend his help and his influence to every worthwhile community effort. He knew and understood young people, and they in turn admired and loved him and his influence with them will long be felt in the community. It is not only a great loss to the Methodist church, but to Ripley as well, that conditions of health made it necessary that he go to a climate different from our town, but "out there" in the wide open spaces of the West John Loudin will be a power for good, and while Ripley feels her loss most keenly there are no individuals here who do not wish him Godspeed in his new work. — Jackson County, W. Va., Herald.

ANTI-NEW DEAL CLUB ORGANIZED IN STATE

The "Club for Constitutional Government," pledged to oppose the New Deal and "to return government of the people and by the people," emerged Sunday at the second meeting of the recently formed Southern Republican Club of New Mexico.

The name change of the organization came after a series of addresses in which speakers including State Senator John Mullis, Chaves County Democrat, assailed bureaucracy and called for support of any 1944 candidate who opposes the New Deal. Under By Laws adopted the club seeks to furnish an instrument through which people interested in good government and opposed to the New Deal can unite to return government of the people to the United States. The club also is pledged to support and co-operate with the Republican party.

Former Governor R. C. Dillon of Encino, another speaker, said he was not interested in who is going to run for office nor in any office for himself. "Let's all of us work for the good of the state and the nation," he said. Joe Tondre, Republican gubernatorial candidate in 1942 told

the meeting that the government "was not all bad." He said "incompetent leadership is responsible for present conditions."

Other speakers were M. C. Roberts, a Texas Democrat, who assailed the New Deal and called on the meeting to give "full support to any candidate in the next election who opposes it." Seth Alston of Lovington who urged the meeting to make plans for the next election, W. A. Dunnain of Artesia, Lyman Raef of Socorro, Representative Earl Douglass of Socorro, President Champion of Tularosa and many others.

Lincoln County was well represented at the meeting, and our county can look with pride to the organization that was formed here in Carrizozo only two months ago. It gives every indication of becoming a militant and fighting organization, championing the cause of good government. Attending from Lincoln County were Mrs. Elizabeth Long, Herbert Smith, A. L. Burke, J. C. Morrison, Mr. and Mrs. Roy Shafer, J. G. Moore, Lewis Burke, Sheriff A. F. Steyer, Nick Vega and B. W. McGinnis.

Food Distribution Meeting

A district meeting was held at Roswell, Tuesday evening, May 11, of representatives of the Food Distribution Administration, the Office of Price Administration, County USDA War Boards, and other interested individuals.

The purpose of the meeting was to discuss the acute meat situation and the development of "black market" and to enable those interested and affected to present their recommendations in order that the governmental officials would be in a position to take steps to remedy the present situation.

Those attending the meeting from Lincoln County were L. D. Merchant, Chairman of USDA War Board, C. P. Radcliff, County Extension Agent, John R. Curry, Farm Security representative, and Messrs. J. F. Petty and Ralph Petty and Ralph Bonnell, merchants.

Visitors From Nogal

Mrs. J. L. Graves and brother-in-law, George Wandell of Nogal were business visitors here Tuesday having some notary work done for the sale of some property belonging to Mrs. Graves in Texas. In a short time, Mr. and Mrs. Graves will have their flower garden in full bloom and lovers of fine flowers coming or going through Nogal would be pleased to stop and see their garden, which the folks will be glad to show you.

Mrs. Robt. Hemphill and small son are here from California and will remain for an indefinite period.

Rain Maker Graves

J. L. Graves, postmaster at Nogal is generally known to be successful in anything he attempts and to hear that out, he attended the Lyric Theatre last Sunday afternoon with Mrs. Graves and George Wandell, after not seeing a picture show for ten years and behold, it rained. Moral: If you want it to rain every ten years, attend a picture show.

Captain Livingston Noell And Mrs. Noell Captives

Captain Livingston P. Noell, nephew of Mrs. Sherrill of Carrizozo is now a prisoner of the Japs in the Philippine Islands. His wife, a Red-Cross Nurse, is also a prisoner, being detained at Manila. Captain Noell, after undergoing training at Kelly Field, was sent to Manila and afterwards sent to Bataan, where with many others, he was made a prisoner. He was at first listed as missing and it was not until April 12 that the above information was received. Captain Noell is a physician and surgeon and as such, he was what is known in military circles as a "Flight Surgeon". Being a prisoner is bad enough, but the news of his being alive furnished a thrill of pleasure to the folks at home.

Mrs. Pauline Peek and baby daughter are here from Hagerman visiting Mrs. Peek's sister, Miss Lou Collins. They will return to Hagerman today or Saturday.

Spending Week Here

Miss Eva Vigil, daughter of Carlos Vigil, who is employed in an airplane factory at San Diego, Calif., arrived here Monday and is spending the week with her parents and sisters. She will return to San Diego next Monday and will be accompanied by her sisters, Prestina and Olympia. During the summer months, Prestina will attend business college at San Diego.

ROBERT L. ALLEN

Evangelist of the Church of Christ, of Portales, New Mexico, who is to begin a series of protracted meetings in the Church of Christ building in Carrizozo, at 8:45 p. m., May 18th

It will be remembered that Brother Allen labored with us as local minister and evangelist for two years beginning Sept. 1938 and closed his work here in Sept. 1940. During his stay among us he proved himself to be an earnest hard working man of God, and he made a host of friends while here. He hopes to meet them all again and many more in the meeting.

We the members of the Church extend to one and all a cordial invitation to attend these meetings. Come and be with us "and we will do thee good". Brother Allen will present the Christ in his suffering, death, burial, resurrection and glorious ascension, together with the full gospel. In the morning meetings at 10 o'clock a. m. brother Allen will speak on Christian living, and all who worship God will, we feel, be greatly edified and benefited.

Messages for Members of U. S. Armed Forces.

The War Department has requested for Reasons of National Security, that we discontinue immediately the acceptance of messages for members of the United States armed forces missing in action.

Therefore, in accordance with this latest ruling, messages may not be sent to men in the armed forces missing in action unless Official Notification has been received that They Are Prisoners of War.

However, this change in Red Cross procedure will not interfere with communications between officially listed as prisoners of war or as civilian internees and their relatives.

Bringing Victory Closer

Battles these days are being fought in the air, on every continent, every sea, aided by the nation's communications lines.

Telephone operators are handling the greatest volume of calls in our history . . . largely calls dealing with war and war production. They and the other telephone men and women are occupying vital battle stations . . . backing up the war front.

Uncle Sam depends upon the telephone for swift, reliable communication, and it is the task and the privilege of more than 10,500 men and women in this Company to see that he gets it.

**War Takes .96¢
Of Each Dollar**

Out of every \$18.75 that is in-
vested in a War Bond, \$18 goes
into guns, planes, tanks, ships
and other military equipment.
The 75 cents goes for ordinary
governmental expenditures. Out
of every dollar .96 cents goes
toward the war effort and 4
cents goes for Government
"business as usual."
The same ratio applies to all
other securities the Government
has offered investors in the
Second War Loan campaign for
13 billion dollars.

THE OLD JUDGE SAYS...

"I've been meanin' to ask you for the last
couple of weeks, Judge, what you think of
this prohibition talk that keeps croppin' up
every so often."
"I've heard some of it too, Henry, and
I feel like this about it..."
"It comes from a comparatively small
group of reformers... the same type that
plunged us into prohibition during the last
war. And, as we all remember, into nearly
14 years of the worst crime and gangsterism

this country has ever known. Everybody
had all the liquor they wanted only it came
from bootleggers at exorbitant prices and
the government was deprived of millions and
millions of dollars in taxes."
"It seems to me, as I told my Congress-
man down in Washington last week, that
we've got all we can do here at home to
help win this war without wasting time
arguing about things we know, from sad
experience, won't work."

FIRST AID AID HOUSE by Roger N. Whitman

Roger N. Whitman—WNU Features.
You may not be able to replace worn or broken household equipment. This is war. Governmental priorities come first. So take care of what you have as well as you possibly can. This column by the housewife's friend tells you how.

Floors Have Darkened

Question: I have hardwood floors that are about six months old. They were shellacked. When the floors were new I applied paste wax on an average of once a month. The floors are now beginning to darken. Will you let me know the best method to restore the floors to their original color?

Answer: The floors have been overwaxed, and the thick layer of wax has picked up dust and dirt. To clean the floors, moisten a piece of cheesecloth thoroughly with liquid wax (not self-polishing) and go over the floors with this, turning out a clean part of the cloth frequently. Work with clean cloths only. Then apply a thin coat of paste wax and polish the floors by rubbing well. Floors should be waxed about twice a year. Around doorways it may be necessary to do this more frequently.

Chimney-Cleaning

Question: My furnace burns anthracite coal and I have a wood burning fireplace in frequent use. How often should the chimneys be cleaned? What is the best way?

Answer: The burning of hard coal does not leave much of a deposit in a chimney. For your fireplace, open the damper and hold a mirror in such a position that the length of the flue is reflected in it. You should be able to judge whether or not the chimney needs cleaning. Cleaning is usually needed once every three or four years. For cleaning, close the opening of the fireplace with a piece of heavy canvas or otherwise. An old fire chain is then let down the top of the chimney and swung around as it descends. This will scrape off all soot and any possible loose obstructions.

Ready-pasted wallpaper is proving a boon to homemakers during these days of shortage of all types of labor. Applying the wallpaper is simply a matter of unrolling it on the wall.

Kough Farm Road

Question: I have a road leading up to my farm that is about three-tenths of a mile long, all upgrade, and about eight feet wide. It is of gravel and deeply rutted from previous traffic and now has a high crown, which makes travel difficult. I would like your opinion on the best and cheapest way to put the road in condition.

Answer: The road should be leveled off and made smooth. In some communities you can get a road contractor with road equipment who could do this work properly and quickly. After smoothing the road, an asphalt binder should be put over the gravel. Your local road commissioner can give you the names of road contractors and makers of asphalt binders.

Radiator Size

Question: What is a formula for determining the correct size of a steam radiator for a room?

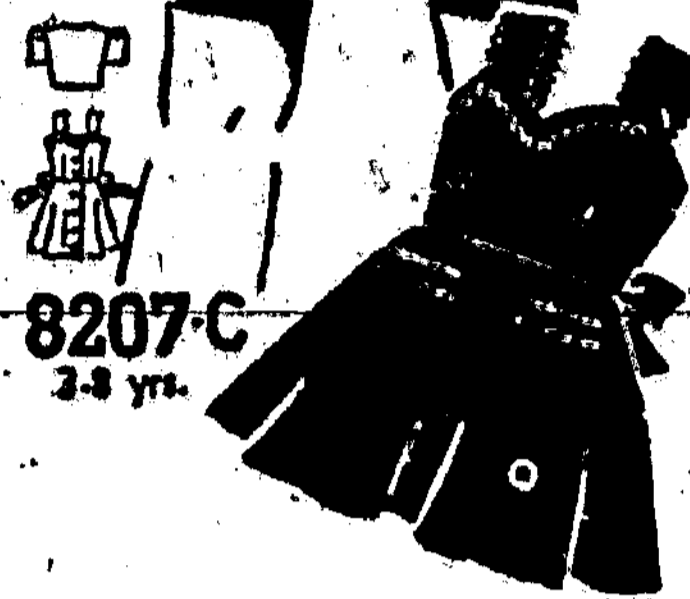

Answer: One formula allows one square foot of radiation for each two square feet of glass, one square foot of radiation for each 20 square feet of outside or exposed wall, and one square foot of radiation for each 200 cubic feet of contents. Increase this by 25 per cent for a north or north-east room. This formula is only a foundation; it should be varied according to house construction and to local conditions.

Magazine Feed Boiler

Question: Will you give me your opinion of a magazine feed boiler using buckwheat coal on a one-pipe, hot water heating system?

Answer: It is an economical and satisfactory type of boiler, requiring little attention. Make certain, however, that the boiler is large enough.

Her Own Bolero

IT'S true, not every little girl can boast a bolero dress of her own! This one is something very special with its heart-shaped neck, huge pockets and bow-tied belt. The bolero itself might be worn with other dresses.

Pattern No. 8207 is in sizes 3, 4, 5, 6, and 8 years. Size 4 bolero and dress take 2 1/2 yards 36-inch material; 6 yards rick-rack.

AROUND THE HOUSE

It's handy to have someone hold the skein of yarn on outstretched arms while you wind it into a ball. But if no one is present to perform this service for you, simply slip the skein over the lamp shade, loosen the top screw, and wind away. The shade will turn as you wind.

If there is a tear in your lace curtain, tack tissue paper over it, loosen the tension on your sewing machine, and stitch back and forth across the paper both ways until it is covered. A strong durable mesh will result. Paper may easily be removed when the curtain is laundered.

The best coat linings are made of slippery material which will help to get the coat on and off easily.

Do not wash eggs before putting them on ice as washing destroys the protective film that keeps out odors and air.

Is the number of your house clear and plain to the passing public? Perhaps it needs a freshening up with some black or gold paint and that is all that is wrong with it. Friends, delivery boys, and letter carriers will all appreciate a plain, easily found number. In some suburban districts the number is painted in white on the curb, making deliveries a simple matter.

When armored knights met, it was customary for each knight to raise the visor of his helmet as a means of identification. This gesture has come down through all armies in the form of the salute. Traditional, too, is the Army man's preference for Camel cigarettes. With men in the Army, Navy, Marines, and Coast Guard, actual sales records in their service stores show that Camel is the favorite. It's one of the favorite gifts with service men. And though there are Post Office restrictions on packages to overseas Army men, you can still send Camels to soldiers in the U. S., and to men in the Navy, Marines, and Coast Guard wherever they are.—Adv.

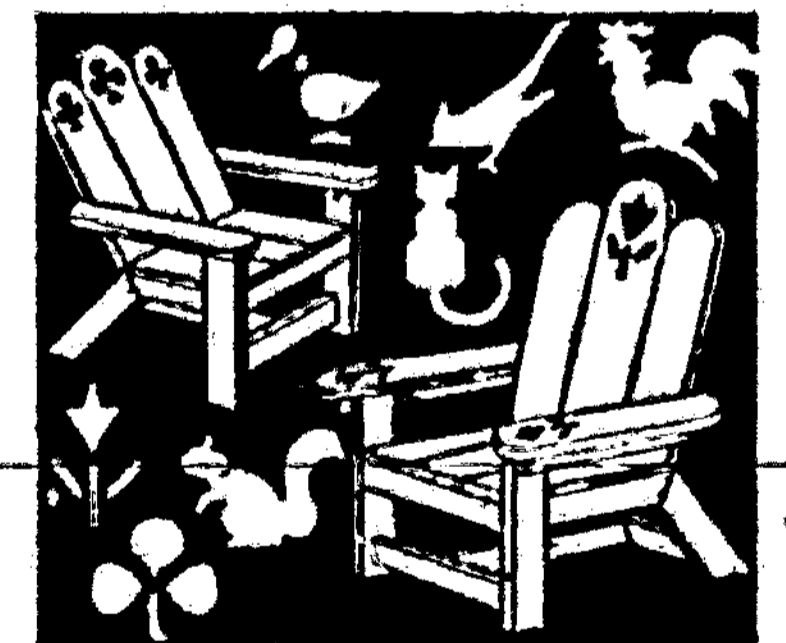

Width Whittler
HERE is a real irresistible—a beautifully cut princess that whittles your width down to the minimum. It has such charm, too, with its neck-to-hem parade of bright rick-rack. Many a girl won't be able to put it down once she starts sewing on it! Sew and Save.

Pattern No. 8368 is in sizes 10, 12, 14, 16, 18 and 20. Size 12 takes, with short sleeves, 3 1/2 yards 36-inch material; 13 yards rick-rack trimming.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

Animals Not Stuffed

Despite their appearance, many animals in museums are not stuffed, says Collier's. In the American Museum of Natural History in New York city, for example, all the mammals in the North American Hall, including bison, moose, elk and musk oxen, are mounted on hollow forms and are so light in weight that they can be lifted easily.

25 Tons of Violets for One Ounce of Perfume

Ever since the dawn of civilization woman has used perfume as an allure. At one time, when baths were looked upon as both unhealthy and ungodly, perfume was a necessity, but since then women have used it as an added attraction, something that accentuated their femininity.

Some of the best perfume came from France, Italy and the Balkans. In those countries perfume-making was a very important trade, and millions of roses, jasmine, violets, and other flowers were harvested. These were bruised, boiled, and pulped until they had given up their oils.

The petals were boiled in water, the steam caught and condensed, and the essential oils skimmed from the surface. It was an expensive process, too, for it took 3,500,000 roses to make one quart of pure perfume. One ounce of pure violet perfume was the result of the compression and pulping of 25 tons of blooms.

A certain fat is used in the process, but the composition of it is kept secret by the distillers.

When the oil was finally extracted it was very strong, and a single ounce of it would be sufficient for many thousands of bottles.

That was the reason pure perfume was so very expensive, but scientists have discovered how to make synthetic perfume that smells just as nice and lasts just as long.

"I say, waiter, is this peach or apple pie?"
"Can't you tell by the taste?"
"No."
"Then what difference does it make?"

Relapse Coming

Young man in hospital—Nurse, I've fallen in love with you. If I get well I'll have to leave, so I don't want to get well.

Pretty young nurse—Don't worry, you won't. The doctor's in love with me, too, and he sees you kissing me this morning.

The Price Support

For 1943 Beans

Officials have announced that 1948 U. S. No. 1 dry edible beans cleaned and packed in the carlots at community shipping points will have a support price of \$8.50 per hundred pounds. (No incentive payments are now contemplated) where they are stored on the farm or in ware-

houses,

The support price of \$8.50 per cwt. however applies only to the 1948 crop and farmers are urged to sell their 1942 beans now as there will be no advantage in holding the 1943 crop in expectation of a higher price. The 1942 bean crop is badly needed at this time to meet the necessary military, lend-lease, and civilian demands. Carl P. Radcliff, County Extension Agt.

Young Little Old Lady

Reminiscing on The Past (Roswell Dispatch)

A young little old lady, who has passed her 101st birthday sat relaxed in her rocking chair in her home at 406 S. Montana as she reminisced at a bit of the days gone by.

Granny Elizabeth Oldaker was born way back on the 17th of March, 1842, at what is now the capital of the state of Iowa, Des Moines, as she remembers it, was nothing but a post office and a miscellaneous collection of a few houses, the rest being rolling Iowa land.

When about five years old, the family moved to Council Bluffs, Ia., where her grandfather owned and operated a livery stable. As Granny said, "That was a good business then and from the looks of things, it will be again." Council Bluffs, in these early days, was a great trading center for the Indians and for the more adventurous folks heading on west. Its name was derived from some bluffs where many Indian councils were held.

The boys of that day, Granny stated, blossomed out with at least one gun upon reaching the age of fourteen and considered themselves real he-men and somewhat undressed if they were caught without the artillery.

Granny first married at the age of eighteen, to Mr. Ward of

Council Bluffs, Iowa, and to them was born a set of twins. After his death she remarried; this time to J. D. Oldaker who passed away not so many years ago. In all, Granny had a family of seven boys and eight girls and laughingly stated that she had not had any trouble raising them.

She remembers well the Iowa boys leaving for camps and battle fields of the Civil War, which she considers the worst war that she has seen in her long life.

Stockman H. O. Smith of the Capitan vicinity was here on business yesterday, making this office a friendly call while in town.

FOR SALE: Five-room house, four lots and garage; also circulating heater and range for either coal or wood. Practically new. Apply to Mrs. J. P. Romero or at this office. 1tpd.

Aid to Enemy

"Any American who wilfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy. . . . We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' " — Secretary Morgenthau.
