## PERSONALS

Flo Vega was in from his ranch near here Friday.

Mrs. Roy Harmon has been appointed Weather Observer.

Mr. and Mrs. Albert Wood of Oscura were here the last of the week.

Mr. and Mrs. Henry Dale of Ancho were visitors in town Saturday.

Mr. and Mrs. W. L. Miller and small son of Nogal were shoppers in town Saturday.

Stockman H. O. Smith of the Capitan country was here on business Saturday.

Harry Straley, popular stockman of Ancho was a business visitor here Saturday.

Miss Wanda Post, one of deputy county clerks, is residing in Phipps Apartments.

Guard George (Smitty) Smith of Fort Stanton visited relatives and friends here Saturday.

Mr. and Mrs. A. W. Drake of the Drake ranch near Ancho were shoppers in town Saturday.

Mrs. Ernest Key and children left this week for Enid, Okla., for a visit with Mrs. Key's parents.

Mrs. T. C. Key and daughter Mrs. Jack Young of Capitan visited the Ernest Key family Saturday.

Mr. A. N. Runnels, daughter Mrs. Joe Coe and Mrs. Orval Runnels were here from the Bonito country Tuesday.

Mr. and Mrs. Ben Greisen of Capitan were visitors in town the last of the week. Ben is a guard at Fort Stanton.

Mr. and Mrs. Ira Greer of Tucuman are in California, visiting Mr. and Mrs. Fred Greer, Fred being their son in the service.

Mr. and Mrs. Simpson Pearson, daughter Megell, and Mrs. Beatrice Jenkins were business visitors from Bingham last Saturday.

Mr. and Mrs. Colonel Jones, J. F. Tom and Mr. and Mrs. Tom Shields attended the singing convention at Roswell Sunday.

Mr. and Mrs. Ray Dukeminier have returned after spending the past week in El Paso. Mr. Dukeminier is manager of the local telephone exchange.

Les Harman left Saturday for Oakland, Cal.; his daughter Mrs. Ross Martin met him in El Paso and accompanied him to her home in Oakland where Les will visit.

Lt. Carl E. Hartley stopped over for a few days' visit with relatives and friends both in Capitan and Carrizozo, while enroute from Biggs Field, Texas, to Topeka, Kans.

Mr. and Mrs. G. O. Williams and daughter Mrs. Myrtle Anderson and son Stanley of Capitan were here Sunday. The Williams are from Wichita Falls, Texas and has purchased Albroe ranch 5 miles southwest of Capitan.

## Funeral Services For

### Pvt. Robert E. Bigger

Funeral services were held at 4 P. M. Tuesday at the Capitan Methodist Church for Pvt. Robert E. Bigger with the Rev. Mr. Wood and Military Personnel and American Legion officials in charge. After Church services the flag covered casket was taken to the Capitan Cemetery for commitment services.

Private Bigger, 21, was drowned Wednesday, June 16, 1943, in the enlisted men's swimming pool at Barksdale Field, Shreveport, La. He was the son of Mr. and Mrs. Samuel J. Bigger, well known ranchers and citizens of Lincoln County.

The body was found in the deepest part of the swimming pool directly beneath the diving board, the Barksdale Public Relations Office said that it was thought he may have been struck unconscious while diving in the pool.

He was taken to the family home Monday with a Military Escort Commander who accompanied the body here from Barksdale. He was graduated from the Capitan High School in 1941 where he had been prominent in football and track activities. He is survived by his parents and one brother Gordon Bigger who resides with his parents on their ranch near Capitan, and one sister Miss Marietta Bigger, Hotel Dieu Nurses' Training School, El Paso.

Mr. and Mrs. Geo. Goodson of Luna were shoppers in town Wednesday.

Mr. and Mrs. Geo. Titworth of Capitan were visitors in town Wednesday.

Mmes. John Bell and J. M. Beck of Jicarilla were shoppers here the first of the week.

County Clerk and Mrs. Felix Ramey returned Wednesday from Albuquerque where Mr. Ramey attended a meeting of the officials of the various counties over the state. Much good resulted from the meeting, said Mr. Ramey.

A letter was received Monday of this week from Mr. and Mrs. R. M. Price, formerly of Capitan, but now located in Compton, Cal. They want to keep up with the happenings in Lincoln County, so they are renewing their subscription to the Outlook. The Prices send best regards to their friends in Capitan and all over the county.

Dr. J. P. Turner, A. N. Spencer, Ralph Petty, Wm. Gallacher and son Bill and Lonnie McClintock returned the first of the week from a fishing trip to Boquilla Dam, old Mexico, where they report good luck. They were served with a fish dinner Tuesday evening at the Country Club—proof of the pudding is the eating thereof.

Mrs. Elmer Eaker and children made a trip to Las Cruces last week, where they met Mrs. Eaker's mother, Mrs. R. H. Taylor, who came from her home in Long Beach, Calif., to visit her children. She came here with the Eaker family, visited for a few days and left for Bowie, Texas, to visit another daughter, Mrs. Pearl Reasoner, after which she will return to Long Beach.

## What You Buy With WAR BONDS

Beans

So long as a soldier can eat and think up disparaging names for his equipment the Army will do all right. Food is either "beans," or "chow."

"Chow" may consist of a well cooked meal or if circumstances demand our fighting men have learned to subsist on "Ration K," the concentrated food that all of them carry into battle.

With millions of men and women in the services it will require a lot of War Bond buying on our part to keep them happy.

## Chaves-Martinez

At the hour of 9 o'clock, a. m., June 21, at the Santa Rita Catholic Church, Miss Bertha Chaves and Pvt. Arturo Martinez, both of Carrizozo, were united in marriage with Father Salvatore performing the ceremony. The bride wore a beautiful wedding dress with train and carried a bouquet of flowers. The groom was attired in his Army uniform.

Mrs. Ben S. Burns played the wedding march. The best man was Luis Gabaldon and Mrs. Gabaldon acted as bridesmaid. Manuel Chaves, gave the bride away, he being the bride's brother. In the evening, a wedding dance was held at Harry Miller's Pavilion, an orchestra from Tucuman furnishing the music. On June 22, the couple left for Pvt. Martinez's Army Camp with the best wishes of their friends in their home town. Contributed.

## Some Good Beef Brought to Town

(Alamogordo News)

Like carrying coals to Newcastle two of our market men went over into the Pecos Valley this week and got some superfine corn-fed beef. W. E. Groom, of Groom's Market and Gene Dale of the Piggly Wiggly, secured a good supply of corn fed beef.

Grooms also got a herd in Lincoln County.

The Safeway Store also has a large quantity of fine beef in their refrigerators.

So you can get some fine beef—if you have the money and the points.

## Big White Mountain Bear Kills Prize Hog

Tuesday, while Mrs. A. N. Runnels was here from the White Mountain country and nobody home except Mr. Runnels a big black bear came down from the White mountains, looking for fresh meat and got it. Mr. Runnels heard a scream from the pig pens and before he could reach the pens, the bear had done his butchering and got away with it. He not only killed the big pig, which weighed nearly three hundred, but ate all he could hold and scattered the remains all over the lot. Runnels made for the house to get his gun, but before he could return, the bear had disappeared into the mountains.

## Three In Service

Bert and Bill Skinner are here from El Paso for a few days visit with their sister, Mrs. Pinkie Ruth Rickerson. Bert is still in the Navy, after having served two years. Bill will accompany Bert to San Francisco, where he will enlist in the Coast Guard. This will complete the list of Skinner boys in the service with the exception of Pete, who is too young, being only 14.

Bob is in the army, being in India. Bert in the navy and with Bill in the coast guard, will make three of the Skinner boys in the service and the only thing which keeps Pete out is his age. Quite a record.

## Funeral Services for Infant Sedillo

Funeral services were held Monday 2 p. m. at Santa Rita Church for Leroy Sedillo, infant son of Mr. and Mrs. Laurence Sedillo. Interment was at Evergreen Cemetery.

## Capitan Woman's Club Honors Father's Day

The Capitan Woman's Club met in regular session June 18, with a good attendance. We had a nice program consisting of one number on club government, after which, in honor of "Father's Day", Marjorie Hood and Geraldine Cummins sang a duet, entitled "Silver Haired Daddy of Mine". After the program, refreshments were served by the hostesses, Mesdames W. C. Hackleman and Tom Bingham. Mrs. Bob Hobbs, Reporter.

Mrs. Ola C. Jones was elected Treasurer of the recent meeting of the New Mexico County Officials—Congratulations.

## Frozen Cream Puff Bemoans Loss of Salary

There is to be no raise in salary for Manpower Chief and National "Cream Puff" Paul McNutt, who expected to be have a raise from \$12,000 a year to \$15,000, which the appropriations committee recommended to congressman Tabor entered a protest that the raise would violate the War Labor Board's freeze and the House agreed with him and put the 'cream puff' in the refrigerator. Paul McNutt, like many more on the New Deal "frozen bag", was paid a political debt by being given the job of Chief of War Manpower and he knows more about the WAACS, WAVES and beauty culture than he does about manpower. This deprives him of 3,000 a year less than he expected, but the New Deal will take care of him in some manner in order to keep him out of the poorhouse, or should we say, the doghouse?

## Checks For Service Men's Families Stolen and Cashed

(Scottish Rite News Bulletin)

One of the meanest forms of thievery that the imagination could conjure up has been brought to light by the Secret Service of the United States Treasury. It is stealing of government checks belonging to service men's families from letter boxes in apartment houses and other places, forging the payee's name and then cashing them in stores, offering them in payment for a few small purchases and pocketing the balance.

Often the check means subsistence the rent for the wife and children of a soldier on the fighting front in North Africa or the South Pacific. The largest check of this nature is for \$152 per month for a wife with ten children. The great majority of the checks are for \$50, which is the allowance granted the wife of an army private.

Frank G. Wilson, chief of the Secret Service, states that persons cashing government checks should insist on identification of the person who is asking to have the check cashed. Persons should be on hand when checks are expected to be delivered by the mail man. A check should not be endorsed until the payee is ready to have it cashed, and he adds that checks should be cashed promptly.

When the Treasury receives a forged check, it notifies the Federal Reserve Bank. This, in turn notifies the bank which cleared the check and this bank, under law, is permitted to deduct the amount of the check from the account of the merchant who cashed it.

## WHO PAID?

To The Monitor:  
Who paid for the 100 cases of liquor which the State Department had sent to the Food Parley in Virginia? This in addition to the gallon each delegate and attaché was allowed to bring under the provisions of Virginia's liquor law.

## Stockmen's Camp Meeting At Nogal Meet July 28th

The annual Stockmen's camp meeting will be held at Nogal Mesa in the White Mountains, again this year, it was announced here yesterday. The services will be conducted by Ralph Hall, and the dates for the meeting have been set for July 28 to August 1.

A large crowd of stockmen and their families is expected for the meeting this year, despite travel restrictions brought about by the war. Most of those attending will bring their camping equipment and stay through the entire series of this religious service. In past years the people from all parts of the state have attended.

## Carrizozo Scouts Go to Water Canyon

Boy Scouts of America, Troop 58, left Monday for a camping at Water Canyon. They will return Saturday. Camps are being operated all over the country, most of them troop camps.

## New Deal Frankness

"Heartaches, apathy and lack of confidence are the inevitable results of distrust about the frankness of the government."  
—Boston Herald.

A correction — Word was received from Mrs. Mollie A. Thornton this week concerning the mention we made June 11 of Sgt. H. L. Edwards, Air Ordnance in Africa doing his part to defeating the Axis. This have read Lieutenant Edwards.

Fashion Note— Sugar is found to be very valuable according to the WACK magazine it is found to be just the thing for the girls, as when burnt, it makes good lipstick. Of course they have more sugar than they need, so they found another use for it.

A former resident of Capitan whose name is Bill, held this hired hand up with a six-shooter and demanded space herein for the telling of the cock-eyed world that the mountain metropolis is going to have a ring-tailed toster of a rodeo on July 1, under direction of the Lincoln County Roping Club. Rough riding stuff will be there in full bloom. If your 'A' card will get you there you will agree that it was worth while.

**What is a Strike?**  
By the Old-Timer in the Eddy County News—

A feller came into the office the other day to palaver about food prices and rollbacks. 'Yep' continued the feller, 'Strikes everywhere. Even capital is striking against the war effort. We asked him how he figured capital was striking. "Well," he said, "it's like this. When Payton Packing Co. couldn't make a profit from meat it actually went on a strike against the O. P. A. What is the difference between dairymen, packers, ranchers, food handlers quitting and miners or men in defense plants walking out. All are equally unpatriotic. Only we condemn the workingman—and think it all right in the case of the packers."

**Payroll Savings Buys Comfort For Your Fighting Relatives**

Not all of your payroll savings and other War Bond purchases are used for tanks, planes and gunpowder. A part of your investment goes for the comfort of your father, brother, son or friend.  
Put your war bond buying through your payroll savings plan on a family basis to do the most effective job in providing for the care and safety of your men in the armed forces. Figure it out for yourself how much beyond 10 per cent of the aggregate income of your family you can put into war bonds above the cost of the necessities of life.  
Remember a single \$18.75 war bond will buy for a fighting soldier on the front: Two cotton undershirts at 44 cents; two pairs of cotton shorts at 78 cents; two pairs of cotton socks at 34 cents; one pair of shoes at \$4.31; a cotton khaki shirt at \$4.64; pair twill trousers at \$4.16; one web waist belt at 23 cents; two cotton neckties at 44 cents; 2 khaki caps at \$1.26 and one twill jacket at \$2.16. Total \$18.74.  
An \$18.75 war bond should make a marine comfortable for the night with a 25-pound mattress at \$3.20; two blankets at \$13.54; a pillow at 56 cents and two pillow cases at 39 cents. Total \$18.69.  
Or he could be provided with a rubber poncho at \$4.77; a helmet with its lining and other items of its assembly at \$5.82; a rifle cartridge belt at \$2.15; a marine corps pack consisting of haversack, knapsack and suspenders at \$5.10; a canteen and its cover at \$1.05. Total \$18.69.  
Those of you who worry about the comfort of your boy in service can help insure his comfort by buying war bonds. And 10 years from now you'll take back \$25 for every \$18.75 you put in.

**You can speed his visit home by giving up your summer train trips**

High point in many a service man's life is his short leave or furlough after months of strenuous training. This is often his last chance to visit home before going overseas—a last chance to see his parents, wife or sweetheart.

Furlough days are far too precious to be spent waiting for train accommodations. Yet nowadays our trains are so crowded that even service men on furlough sometimes have to "wait their turn."

Will you help make more room on our trains for service men and other essential war travelers this summer?

Please cancel reservations promptly if your plans change—release this space for use by other travelers. Postpone all train trips of a merely social, sight-seeing or pleasure nature until after the war.

This summer—unless your train trip is urgently necessary—you can do your country a real service by staying close to home!

**INTRODUCES BILL**

In the House of Representatives, May 11, 1943, Mr. Cannon of Missouri introduced the following bill, which was referred to the Committee on Ways and Means:

**THE BILL**

To aid in the stabilization program and the war effort by paid newspaper advertising in connection with the sale of United States bonds, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the Secretary of the Treasury is hereby authorized and directed to purchase and pay for during each fiscal year, beginning with the fiscal year ending June 30, 1943, not less than \$25,000,000 nor more than \$30,000,000 of advertising space in newspapers published in the United States for the purpose of advertising the sale of bonds, notes, and other obligations of the United States, and for the publication in such newspapers in connection with such advertising of information, sales arguments, and appeals relating to, and promoting or encouraging, such sales. The advertising space so purchased shall be divided equitably among newspapers of general circulation which are entered as second-class matter under the Act of March 3, 1879, as amended; Provided, that not less than one-half of the total amount made available during each fiscal year pursuant to this Act shall be expended for the purchase of such advertising space in weekly, semiweekly, triweekly, and monthly newspapers.

Sec. 2. The Secretary of the Treasury is authorized to prescribe such regulations consistent with the provisions of section 3 as may be necessary to carry out the provisions of this Act.

Sec. 3. The Secretary of the Treasury shall, in cooperation with recognized existing publishers' associations, be designated by him (including one such association representing only daily newspapers, one representing only weekly newspaper advertising agencies,) prescribe regulations for carrying out the newspaper advertising program herein provided for so as to—(a) secure the best financial results for the United States consistent with such program; (b) completely safeguard the freedom of the press; (c) fairly allocate advertisements to individual newspapers; (d) prepare material for submission to newspapers for use as advertisements; (e) avoid interference in any manner with the independence of any newspaper or its responsibility in serving its readers; (f) keep the war finance campaign in all of its phases as nonpartisan as possible; and (g) protect editors and publishers in their right to publish criticism of the policies or conduct of the Secretary of the Treasurer or of any other public official whenever they determine that such criticism is justified.

Sec. 4. For the purpose of carrying out the advertising programs in their respective agencies, Secretary of Agriculture, the War Food Administrator, the Price Administrator, and the Chairman of the War Commission may, with the consent of the Secretary of the Treasury and under the regulations prescribed by him pursuant to section 3, each spend for advertisements in newspapers such part of the total amount to be expended under this Act as the Secretary of the Treasury may approve.

Sec. 5. There are hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, such sums as may be necessary to carry out the provisions of this Act.

Sec. 6. The authority conferred by this Act shall terminate six months after the cessation of hostilities in the present war as proclaimed by the President.

**TIME FOR CHANGE**  
(Las Vegas Optic)

By its announced decision yesterday the Supreme Court of the United States has upheld the authority of bureaucratic government to assess fines against the producer of food crops in excess of amounts stipulated by the Department of Agriculture. By that decision the people of the nation are informed that the policy of compelled scarcity must be continued in this country in spite of the present peril to our food supply.

Under the Agricultural Adjustment Act passed through pressure of the Department of Agriculture, the Secretary of Agriculture can control the number of acres planted to wheat on every farm. He can compel the farmer to plow under wheat planted eight months before the law was passed. As it was seen in the Supreme Court decision, the Secretary of Agriculture can impose a penalty of 49 cents per bushel for 1941 and 57 cents a bushel for 1942 on so-called excess wheat.

If such a penalty can be imposed under existing federal law, then the same law can penalize the farmer \$1 a bushel or \$100 a bushel by merely continuing the authority of the Secretary of Agriculture to fix the quantity of production and the number of operating acres. Under such law granting power to bureaucratic agencies, the farmer who attempts to raise 100 bushels of wheat of which 50 bushels are needed for his own use and 50 bushels are to be offered for market, can be compelled to raise only 50 bushels and have one for sale.

Representative William Lemke of North Dakota who pleaded the case before the Supreme Court said in a speech before the House of Representatives last April that "if these acts are constitutional, then Congress can prohibit a person from making a single lead pencil and either using it himself, or giving it to his wife for a birthday present. The Congress can direct the number of eggs that a hen is allowed to lay per week. It can compel the farmer to dispose of, or give to the Secretary of Agriculture, any hen that lays more than three eggs per week. If this law is constitutional then a farmer's wife who raises sheep, shears the wool from their backs, spins the wool on an old spinning wheel, knits the yarn into a sweater, can be told by Congress that she cannot wear the sweater but must give it to the Secretary of Agriculture or store it or else she will be penalized.

If Congress can do this in the case of wheat, then it can do it with every other commodity or manufactured article. Admit this doctrine and constitutional government is the present threat to essential food production. By its program of compulsory scarcity the Department of Agriculture has established want in the land. Diminished production because of the Agricultural Adjustment Act, unintelligent application of price control and distribution by the OPA, and the blundering uncertainties of all bureaucratic agencies in wartime now confront a harassed people. They are compelled to face the possibility of hunger because of governmental experimentation with natural laws in a time when generous nature might have been an ally to help win the greatest war of all history.

The time has arrived for the Congress to abolish this unconstitutional method of government before the people rise in their resentment against these needless encroachments upon their rights.

**Jar Rubbers Are Different This Year**

It is now thought that red rubber will be available for jar rings this year but there will be no cause for alarm if the rubbers you buy turn out to be black. It is the rubber, not the color, that counts. True, you may be a bit startled when you open your first package of the jar models. "But what of it?" asks Gladys Kimbrough, Home Service Director of Ball Brothers Company. "Our grandmothers got along well enough with lipless rubbers and so can we."

Months ago, manufacturers began experiments to learn how to make jar rings that would conserve both rubber and food—the government set its scientists to the same task. One of the first things upon which all agreed was that lips are unnecessary for opening jars. The point of a thin knife can be run under the rubber to make a tiny space for air to seep through and break the seal. It is then easy to remove cap or lid. It was also agreed that jar rings could be a small fraction of an inch narrower but the thickness must remain at the present standard.

Was time rubbers will keep jars sealed air-tight, but they won't stand abuse. To get good results, break yourself of that never-good habit of stretching to test and follow these four simple rules:  
1. Wash and rinse rubbers. Boil them to sterilize if you can fruits the old-fashioned open-kettle way. If processing is to be done, drop the rubbers in boiling water and set aside until needed.  
2. Have rubbers wet when they are used—and be sure that each rubber lies flat on the sealing surface of the jar.  
3. Partly seal all jars before processing.  
4. Screw zinc caps and bands on glass top seal closures slowly when sealing, as quick or jerky turns cause rubbers to slip out of position.

**Albuquerque Dog Expert Scores Bill for Dog Feed**

In spite of all of the meat rationing, wherein the lovers of a good juicy steak are being deprived of that morsel right where the ranges are overrun with choice cattle, a bill has been brought before Congress for an allocation of \$8,500,000 to furnish dog feed for the War Department's 40,000 dogs. That announcement so aroused Dr. Wesley Fish, veterinarian, Albuquerque, to the point he said, quote: "I could feed that many dogs on \$1,022 for one year I know what it takes for I have been feeding dogs for the past 50 years." Dr. Fish agreed with a certain Congressman, who bitterly opposed the bill, when he said that waste from the army camps could more than feed all dogs in the war department.

**Fourth Term Draft a Joke**

The masses are tired of living on promises that have failed to materialize in ten years under the New Deal. They want a change and the old hocus-pocus of being "drafted" for President is as stale as a Joe Miller joke book. President Roosevelt has not only passed the stage of usefulness, he has never achieved that eminent position.

A fourth term? A fifth term? Is this what we are fighting for? Definitely not!—Fort Lauderdale (Fla.) News and Daily Sentinel.

You may not be able to replace worn or broken household equipment. This is war. Government priorities come first. So take care of what you have... as well as you possibly can. The columns by the housewife's friend tell you how.

**CARE OF FLAT ROOF**

**Question:** The guarantee on the flat roof of my bungalow has expired. I will have to repair the roof at my own expense. Will you advise me just how to go about it? That is, what to buy and how to apply it?

**Answer:** When the roofing begins to show signs of drying and hardening, the surface should be given a mopping coat of liquid tar or asphalt roof coating. This will prolong the life of the roof. You should find out just which type of roofing you now have, and be sure to use the same type of material for the coating. Do not mix the two.

**Flagstone Terrace**

**Question:** I am planning to lay flagstones on a dirt terrace. Is it necessary to lay a concrete foundation, or will cement between the stones be enough? I don't want frost and ice to ruin the job. How should I go about it?

**Answer:** If the joints are to be made watertight, there should be a concrete foundation laid on a six-inch bed of cinders. Water must be prevented from collecting underneath. In a similar case I laid flagstones on the earth and packed the joints with dirt, sown with grass seed. The soil being sandy this has worked very well; there has been no heaving.

**Leaky Pail**

**Question:** I have a galvanized pail in excellent condition, except that the bottom is rusty and has two pin holes. It is too good to throw away, considering the scarcity of metal things in country places. How can the bottom be made tight?

**Answer:** Coat the bottom of the pail with roofing cement, which can be liquefied either by heating or with turpentine. Cut a piece of building felt to fit, lay it on the bottom, and put a coat of roofing cement on top.

**Sweating Windows**  
**Question:** Our contractor told us that the sweating of our windows was due to not having heat in the house. But the house having been heated for the month that we have been living in it, our steel windows are still sweating. What will stop it?

**Answer:** The air in any new house is damp from the drying out of plaster and concrete. The sweating should stop when the house is thoroughly dried out.

**Washing Machine Cover**

**Question:** My washing machine cover is starting to chip on the inside. Can you tell me what to put on to prevent further chipping?

**Answer:** Nothing but careful handling of the cover will prevent further chipping. The chipped spots can be touched up with a touch-up enamel made especially for the purpose. It comes in small bottles and is sold at most hardware and paint stores.

**Leaking Slate Roof**

**Question:** My slate roof looks in good condition, but wind-driven rain sifts in. Can I paint anything on the inside?

**Answer:** The slates are apparently nailed to roofing lath instead of to solid boarding. Under that condition about the best that you can do is to raise the lower edge of each slate so that you can put a dab of roofing cement underneath.

**SEWING CIRCLE**

1724

**Bright Colors**

**THE** brighter the better... a two-piece that lends itself to brilliant contrasting colors. Flattering-top, young skirt.

Barbara Bell Pattern No. 1724-B designed for sizes 12, 14, 16, 18 and 20. Corresponding bust measurements 30, 32, 34, 36 and 38. Size 14 (32) bodice requires, with short sleeves, 1 1/2 yards 29-inch material; skirt 2 1/2 yards; 6 yards ribbon trimming.

**Favorite Apron**  
**APRONS** are certainly turning out to be fashion's pet these days and this one, with patchwork border, is one of the favorite models.

Barbara Bell Pattern No. 1741-B designed for sizes 14, 16, 18, 20; 40, 42 and 44. Size 18 (34) requires 2 1/2 yards 35-inch material; 7 yards bias-fold. Use scraps for bottom.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers. Send your order to:

**ASK ME ?** A quiz with answers offering information on various subjects

- The Questions**
1. What is the khamsin which was mentioned so often in news reports from Africa?
  2. What country flies its flag upside down while at war?
  3. What per cent of the numerical strength of modern air armies is in training planes?
  4. How do military experts rate the two biggest factors, production and supply, and battle, in winning this war?
  5. What is anchor ice?
  6. Before Henry J. Kaiser built ships, of what three great dams did he head the construction?
  7. When does the vice president have a vote in the senate?
  8. What does the First amendment to the Constitution guarantee?
  9. What is an atoll?
  10. Why is no one allowed to whistle on board a navy ship?
- The Answers**
1. It is a hot African wind which fills the air with sand.
  2. The Commonwealth of the Philippines is the only country in the world that flies its national flag upside down while at war.
  3. Approximately 60 per cent.
  4. Seventy-five per cent rests on production and supply and 25 per cent on battle.
  5. Ice formed at the bottom of a body of water.
  6. Grand Coulee, Boulder and Bonneville dams.
  7. In the case of a tie.
  8. The freedom of speech, of the press, and the right to petition.
  9. A coral island.
  10. The boatswain's pipe, which is blown to exact silence before he makes announcements or gives orders, has the pitch of a human whistle. Navy men are forbidden to whistle.

**Household Hints**

Never, never put electrical appliances into water to clean them. A damp cloth and a mild abrasive are sufficient in most cases. Guard wires against dampness.

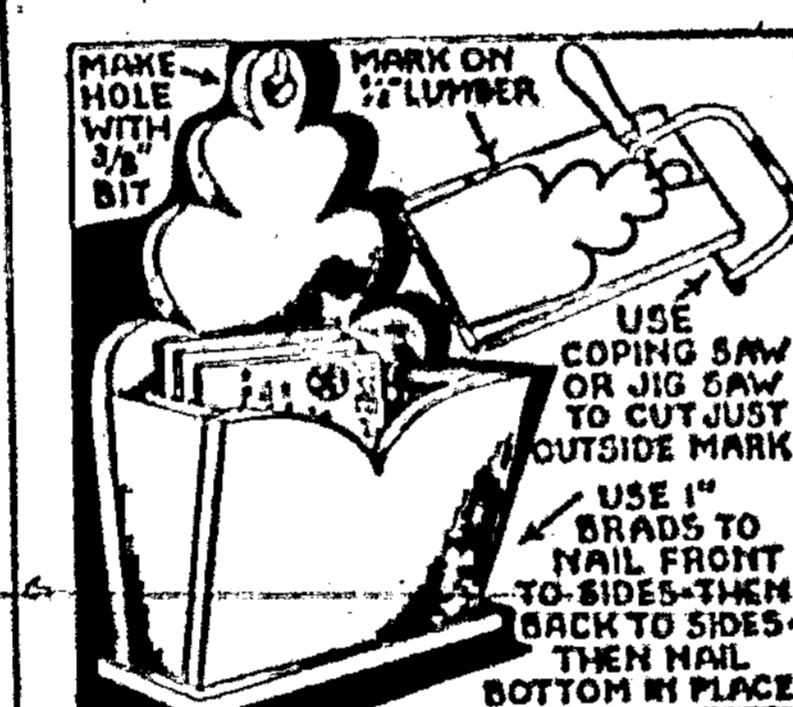

Start root vegetables in boiling, salted water, about one teaspoon of salt to a quart of water.

A cushion or pad underneath a rug not only makes it feel softer and warmer but will also make the rug last longer.

When drying a sweater or sweat shirt, use a wire coat hanger and bend the ends almost together while putting the garment on the hanger or removing it. This prevents stretching the neck of the garment.

Baked ham is glorified by pouring honey over the ham before browning. It gives a delicate brown color and a delicious flavor.

**ON THE HOME FRONT**  
with RUTH WYETH SPEARS

**EARLY** American wall pockets cut out of light weight pine or scraps of half inch material may have many modern uses. In the kitchen they are just the thing for ration books and a pad for the grocery list. Just inside the front door one will lend a decorative note and make a convenient place for driving gloves and keys.

Originally these pockets were made in a great variety of designs and were used for letter boxes. They are still useful for this purpose or for a leave-a-note pad and pencil. If you enjoy working with wood you may want to cut these pockets out by hand with a coping saw as shown here. If

you have a jig saw it is much faster, or you may mark your design and take it to a woodworking shop to be cut out for a few cents.

**NOTE**—Mrs. Spears has made patterns in actual size for three of these Early American letter boxes. The patterns are on one sheet with complete directions for making and finishing. Request Pattern No. 261, enclosing 15 cents. Address:

### THE OLD JUDGE SAYS...

"Just one more question before you go, Judge. What is this thing called propaganda you hear so much talk about these days?"  
"I'll give you an example, Hank. Last night I was reading an interesting little book called 'Hitler is in Favor'. It told how Hitler would very much like to see Americans fighting among themselves over prohibition because that would create disunity, waste the time of Congress and legislatures in wet-dry arguments and cripple our war effort. It

also mentioned a booklet written about Hitler's government telling how Hitler's gang wants to maintain contact with foreign temperance organizations and how it contributes annually to an international temperance union.  
"You can bet Hitler isn't interested in seeing prohibition advanced in our country for any reason except that he knows it's a good way to stir-up trouble. That's what they mean by propaganda, Hank."
