PERSONALS

Mrs. Clara Larsen of Capitan is ill at the Turner Hospital.

Capt. George (Buddy) Strauss, Jr. of the Air Force is now in North Africa.

Wallace Ferguson, Conoco agent at Capitan was a business visitor Tuesday.

Mr. and Mrs. E. H. Johnson of Capitan attended the show at the Lyric Theatre Monday.

Pvt. Manuel Carlos spent a week visiting Mrs. Chana Dolan Dolan and family this week.

Mr. and Mrs. Robt. Lacey of the Lacey ranch near Nogal were shoppers in town Wednesday.

Mr. and Mrs. Will Ed Harris of the Harris ranch in the Claunch country were here this Wednesday.

On the eve of going to press, we learned that Wayne Van Schoyck passed away. Particulars next week.

Mr. and Mrs. Frank Maxwell and sons of their ranch in the Gran Quivira country attended the Sheriff's Posse rodeo.

Mr. and Mrs. John Dale and son Elmo of Ancho were here on business Tuesday. Elmo is owner of the Ancho Trading Co.

Mmes. Maggie Pfingsten, Fred Pfingsten, Roy Lamy and little daughter Judy were here from the Nogal-Mesa Wednesday.

Mr. and Mrs. Andy Padilla are the proud parents of a bouncing baby daughter born Aug. 23, at St. Joseph's Hospital, Albuquerque. Mother and daughter are doing nicely.

C. F. Burton and sister Mrs. Watkins, who is visiting her brother at his home in Nogal, were here last Friday. Mr. Burton and Mrs. Watkins had not met for the past 35 years previous to her visit here.

SSt. Bill Elliott is here on a furlough after most of the countries across the water. Bill gives a vivid description of the modes and customs of those foreign people and says that they are 150 years behind the good old U. S.

Mrs. Evelyn Greer of Long Beach is here this week, visiting relatives and friends for a few days. She will then go to Norman, Okla., to visit her husband, who is attending the Naval gunnery school.

Among letters received from our good friends and subscribers this week was one from Mrs. Letta Prehm, Hillsdale, Michigan, who spoke of the grand summer they have had and plenty of refreshing rain, all of which we "aint" had.

Mr. and Mrs. Everett Myers of Moranc, Ariz. and Mrs. Coe of Tularosa visited Everett's mother Mrs. Elva Sherrill several days last week. They attended the Sheriff's Posse rodeo while in town.

May we come in? We need some help in order to figure this thing out:

The recent plague of mosquitos in Carrizozo is attributed to New Mexico being in the Deep South, as the powers-what-am designate the Sunshine State.

The British and American governments had secretly arranged the armistice terms with Italy without Russia. — Draw Pearson.

Russia is going ahead with its own peace plans. Sumner Welles was dismissed because he was too lenient in his attitude towards the Soviets. — Washington Merryground.

It is reported that the war with Hitler will be over by Christmas. The war with Japan will be over in 1944.

F-l-a-s-h — Eastern motorists should be happy, and they can go joy-riding. They have been allowed 1 1/2 gallons of gas on their 'A' card.

The other day, F. Snipes of Roswell wrote in the Speaking the Public Mind column:

Comments — What does the name "Carrizozo" mean?

Ans. — It means "Ready."

In old historic Lincoln county, in the glorious Sunshine State, is a town, not very famous, but we love it; think it's great!

Carrizozo, western village. Restless, daring, relentless, bold, May you ever grow and prosper Through the ages yet untold. — Hazel Melana.

Mr. and Mrs. H. M. Kennedy of the Kennedy ranch in the Jicarilla mountains were here on business this Monday.

In a nice letter from Fred Trevino, former resident of Carrizozo, but now in San Diego, he mentions among other things, that in company with his mother, he used his vacation in making a pleasure trip to Colorado, Nevada and Wyoming, during which they met his brother Cris at Trinidad, Colo., and Mr. and Mrs. Fred Greer, Albert Sanchez, both in the service and many others. Fred sends his kindest regards to all of his friends in Carrizozo and regrets that he was unable to come here during his vacation.

Third Annual Rodeo Highly Successful

The third annual rodeo, which was staged here last Saturday and Sunday was by far the largest of its nature ever undertaken in Carrizozo. Early Saturday morning, people from every direction came pouring in and before 10 o'clock, the town was full of our neighbors from our own and surrounding counties.

Beginning at 2 o'clock and continuing until 5, the events as advertised were carried out, much to the pleasure and satisfaction of the good-natured crowds, coming here to have a good time and were not disappointed.

The Carrizozo Woman's Club had a booth near the grandstand where they served refreshments of ice cream, coca-cola, lemons and to the thirsty and was much appreciated.

The dance and community hall Saturday night was more than well attended, the big hall being hardly large enough to accommodate those who enjoyed that favorite pastime. The business houses closed during Saturday afternoon, but opened up after the program to accommodate the crowds which thronged the streets in search of things which they found in our stores.

We wish it were possible to give the people a list of the events of each day, but space forbids. In the many contests, harmony prevailed and the winners, of course, were glad and the losers were good sports and took their medicine in true western style. Old friends met and renewed olden times and visitors expressed themselves as being entertained to their utmost satisfaction. Taking the rodeo as a whole, it was a success beyond the expectations of the committee which labored so hard in order to make the affair a success, which it decidedly was.

Boy Scouts Entertained at Dinner

Carrizozo, N. M., Aug. 30.—Last Friday evening, the Boy Scouts of Carrizozo were entertained at dinner, by the Lincoln County Chamber of Commerce. Captain Harper in charge of the metal salvage group, a branch of

the army, stationed here, was the main speaker of the evening. Other speakers were, Sam Welch, Scout master, J. F. Petty, J. E. Hall, Rev. John Loudin and Dr. Blaney, Mr. J. H. Fulmer, President of the Chamber of Commerce presided. The Missionary Society, of the Methodist Church prepared and served the dinner.

Mrs. Sid Wilson is the new clerk in Petty's ready-to-wear department, replacing Mrs. Elizabeth Sproles.

Mr. and Mrs. Joe Garcia and granddaughter Edna Phillips have returned from California, where they visited relatives and friends for the past two months.

Benjamin L. Stimmel

Saturday morning, after a lingering illness of ten months Benjamin L. Stimmel, nearing his 86th milestone, "crossed the bar", peacefully going to his rest.

At first, the word went abroad, that the remains were to be shipped to the state of Washington for burial, but after the arrival of his oldest son, George, it was found that the father's request made to himself and others of the family, was that he desired to be buried at White Oaks, his first New Mexico home, where he was married and where most of his children were born and reared. This caused a misunderstanding and kept many of his ardent friends from attending the funeral. Therefore, in order to conform with his request, services were held at the Methodist Church at 3 o'clock Monday afternoon conducted by Rev. Loudin and followed by Masonic Rites after which, the remains were conveyed to the White Oaks cemetery and there interred by Masonic hands.

A trio of ladies, Mesdames Margie Clouse, R. E. Lemon and Miss Annette Lewis, sang two selections, "In the Garden" and "Abide With Me," with Mrs. T. E. Kelley at the piano.

Active pallbearers were L. Z. Manire, Roy Shafer, George Fitzworth, A. L. Burke, Marvin Burton, Frank English. Honorary pallbearers were A. J. Roland, John Wright, Peter Johnson, Jimmie Duncan, Paul Mayer, J. E. Thornton.

The flower-bearers were Mesdames Henry Hoffman, Wm. Gallacher, Roy Shafer, Elmer Eaker, Ben S. Burns, M. J. Barnett. The floral emblems were many, and were beautiful tributes of the love and esteem in which the deceased was held.

OBITUARY
Benjamin L. Stimmel was born in Columbus, Ohio, September 25, 1857 and died August 28, 1943 at the age of 85 years, eleven months and three days.

He was united in marriage to Anna C. Mackel in White Oaks, N. M., Jan. 26, 1886. To this union nine children were born, three of whom preceded their father in death. Together with his wife the following children survive: George, Ben, Roy and Charlotte in the state of Washington, Lee in California, and Lorene here. He has two brothers living, Ira in Oklahoma and Amer in Canada, also 13 grandchildren.

In his early life at White Oaks he served as deputy Sheriff of Lincoln County and was later foreman of the Old Abe mines at White Oaks. In later years he was active in the cattle business.

He belonged to the Blue Lodge and the Scottish Rite of the Ancient Free and Accepted

Masons, and was very active in both.

Editor's Note:—Few, if any of the many friends of Benjamin Stimmel were more closely associated with him nor enjoyed his friendship more than did the writer. He was a true type of the New Mexican pioneer. In the many close conversations with him, he was always found to be a man of lofty ideals. A good citizen, strong patriot, charitable in his nature, all which made him an ideal Mason. Through all of his misfortune in illness, he was always the same friendly, kind and considerate gentleman as he was when skies were less cloudy and fortune smiled kindly on him. When he saw the hour of "Low Twelve" approaching, he was unafraid. To his loyal, devoted wife and children, the sympathy of our community is tendered.

The following poem was one of Mr. Stimmel's favorites:

CROSSING THE BAR

Sunset and evening star,
And one clear call for me,
And may there be no moaning at the bar
When I put out to sea.
But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.
Twilight and evening bell,
And after that the dark;
And may there be no sadness of farewell,
When I embark.
For though from out our bourne of Time and Place
The floods may bear me far,
I hope to see my Pilot face to face
When I have cross'd the bar.
—Alfred Tennyson.

Business Men's Club

The club met at 6:30 Sept. 1st at Community Center. Minutes of the previous meeting were read and approved. V. Pres. Curry presided in the absence of Pres. Kelt. John Hall reported that contracts had been made on the underpass project. The

Sec'y report on membership standing. Mr. A. E. Huntelinger gave a short talk to the members and called to the attention of the group the seriousness of the shortage of feed for livestock feeding. There being nothing further the club adjourned.
Felix Ramey, Sec.

Word was received at this office the first of the week from SeeBee Otto Prehm, now in Richmond, Va., attending the Officer's Training School. He sends best regards to old friends here.

Many Carrizozo residents are now receiving diminutive income tax declaration form which must be filed with the Collector of Internal Revenue on or before Sept. 15th, in case of farmers Dec. 15. The form is somewhat complicated and taxpayers will no doubt find the services of an expert accountant useful in determining what method should be used in supplying the information required.

Directors Urge Saving of Feed

Members of the Roswell Production Credit Association are being urged by their Board of Directors to save every pound of feed this year.

"Never before in the history of the nation, has a feed crop been more important", B. J. Bonnell, Association Director, declared in announcing the Board's recent action. "Drouth" in many areas and the large numbers of livestock and poultry made the feed situation acute. Conservation of this year's feed crops to assure study production of livestock is another way in which we can cooperate with the War Food Administration."

P. C. A. members are being advised to put at least part of the feed crop in a silo. Mr. Bonnell pointed out that the maximum feeding value is preserved when the mature feed is put in a silo, while a considerable portion is lost in field curing, particularly with the immature crops.

Attention of PCA members is called to the trench silo as an inexpensive and practical means of feed storage. It is constructed and filled with the minimum of labor. In most communities the labor problem can be solved by neighbors working together. Information on approved methods of constructing and filling trench silos is available from the County Agent's office.

S. P. Pacific Port, Aug. 21:—The submarine Guardfish, commanded by Lieut. Commander N. G. Word of the Indianhead, N. M., was awarded a Presidential citation for sinking 60,000 tons of Japanese shipping and damaging 14,000 tons in enemy waters. This is the submarine on which our Carrizozo boy, Reid Dudley is the radio expert. Five of the crew were decorated.

JOSEPH C. GREW, former U. S. ambassador to Japan, says "To beat the Japanese and to do the job thoroughly, we have got to understand them thoroughly." The latest March of Time, "And Then Japan!" does more than hundreds of books and newspapers could do to help the public to do it. It traces the gains Japan has made, and shows how she is converting her newly won wealth into armaments and weapons; other scenes show the people, at home, in night clubs, and at work. It's a valuable background for current history.

Shirley Mitchell's had plenty of experience in being a sweetheart; she's done it on the air with Gildersleeve, Rudy Vallee, Groucho Marx, Red Skelton, Johnny Mercer, Wil-

Ham Bendix, and currently with Fred Brady. She got her experience when she did daytime serials in Chicago on "First Nighter"; had a different one each week!

If you've wondered, when you heard Vera Vague on the Bob Hope program, just what she looked like, prepare to see her in the All Star Comedies that she's making for Columbia. She's working now in the first of a series of four.

When Paramount hired Victor Young to write original music for "For Whom the Bell Tolls" they had no intention of causing him to be mistaken for a messenger boy, but that's what happened. Victor, who also conducts the music on John Charles Thomas' Sunday program, bought a motorcycle to convey himself to and from the Paramount lot and NBC, carrying his orchestration in a messenger's dispatch case, slung over his shoulder. So far as the general public was concerned, he was just another messenger boy.

It's a publicity story that just had to come along all about the five-year-old tot who got so worried about what Fred Astaire would do for dancing that she bent him her shoe coupon. Her name's Dorinda Hasteley, and Astaire bent the coupon back.

Carol Ann Heery, 12-year-old daughter of Wallace, made her debut in films when Robert Benchley carried her across a ship's deck in "China Seas" bent on being an actress, she's taking another whack at it in "Rationing," in which her father stars.

Harry Sherman, who tops the list of producers of historical outdoor pictures with more than 100 to his credit, now has eight leading actors for his U. S. releases. The newest addition is Rod Cameron, who'll get the same kind of roles that carried William Boyd, Richard Dix and Albert Dekker to fame as Western heroes. You'll see him first in "Wherever the Grass Grows."

Comedienne Cass Daley has a new hobby, like Gracie Allen, she's a one-finger pianist, only she's discovered that she does better on a pipe organ. So she's acquired three pipe organs; all antique, placed them in her bedroom, living room and den, and husband Frank Kunsella, hearing her practice and glancing at the check stubs, is trying to switch her to collecting stamps.

Charlie Spivak, "The Man Who Plays the Sweetest Trumpet in the World," just can't understand Hollywood. His drummer doesn't believe in making faces; just placidly drums. But the 20th Century-Fox folks felt that in order to look like a swing drummer in "Pin Up Girl" he ought to grimace so that he'd look like a "drummer"—and hired for him a tutor—who's never played a drum!

ODDS AND ENDS—CBS is interested in a girl vocalist for John Carr's "Telo"—he's the lad who started Dinah Shore... It's rumored that RKO will sign Victor Borge's lovely wife to a contract... Max Marcin, the "Crime Doctor" author, will appear in a quick flash in the next Columbia production of "Crime Doctor"... The amusing chatter handed out by the guest stars on the Bing Crosby program are the result of the joint efforts of Crosby and his writer, Carroll Carroll. Bing can think up some well-insults for the guests to hurl at him... Gale Page is coming out of retirement to replace Binnie Barnes in "Perpetual Emotion."

Soldier Newspapers Are Important Factors In Keeping Up Morale of Our Fighting Men

By ELMO SCOTT WATSON
Released by Western Newspaper Union.

THERE'S an old saying that if two men meet anywhere in the world and one of them is an Englishman, the chances are he'll suggest they start a club.

If that's true, then it's equally true that when any unit of the American army, larger than a squad, arrives at a new post, be it on home or foreign soil, one of the first things the soldiers do is to start their own newspaper! This seems to apply to the fighting fronts as well, for soon after the American forces in Sicily had captured the town of Vittoria, a one-page sheet, called the Doughboy News, made its appearance.

As a matter of fact, the News is a "transplanted" soldier newspaper. It is published by and for the men of the 45th division of the United States Seventh army and it was started while the 45th was in training at Pine Camp near Carthage, N. Y., where the paper was printed in the shop of the Carthage Republican-Tribune, a weekly. Its editor is Sgt. Don Robinson, formerly a reporter on the Oklahoma City (Okla.) Daily Times.

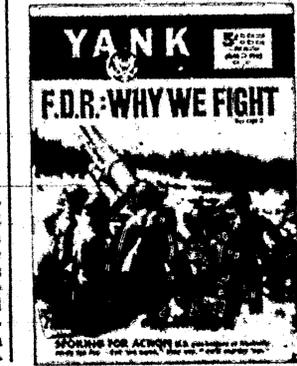

The Doughboy News, however, is only one of more than 1,000 such publications—220 camp newspapers in this country, 72 navy papers and 110 service papers abroad. The number of these papers reflect two things:

1. The fact that Americans are the greatest newspaper-reading people in the world, so when an American marches away to war a newspaper seems to be an essential part of his "equipment."

2. Although the home town newspaper is one of the most welcome pieces of mail that a soldier, sailor or marine receives, even this isn't enough for these news-hungry Americans. They want to read news of their own "outfits," their own activities and have the thrill of seeing their own names in print. Hence, the service newspaper.

These service newspapers have every imaginable variety of format, size and frequency of issue. There are dailies, semi-weeklies and weeklies. Most of them are printed but many of them, issued where printing facilities are not available, are mimeographed. But they all have one thing in common—they are primarily for the enlisted man and produced by enlisted men.

Outstanding among these publications are two which are international in their scope—Yank and the Stars and Stripes. When Yank was established last year it was intended to be a newspaper for men in the armed forces overseas—soldiers, sailors, marines, members of the coast guard and the merchant marine. However, six weeks after it started it was distributed to men in the camps at home as well as those overseas. Now it has eight editions—two in New York (one for the United States, the other for general overseas distribution), a British edition in London, a Caribbean edition in Puerto Rico, and others in Trin-

id, Australia and Hawaii. Other editions are planned for Panama, Alaska and the Persian Gulf Command, the reason for all these editions being to speed up distribution.

On April 18, 1942, a new version of the Stars and Stripes, famous soldier newspaper of World War I, made its appearance in London. Unlike Yank, which began publication later, the Stars and Stripes was not to be for the whole army but for the AEF in the British Isles. It started as a weekly but in November, in response to a demand from its soldier readers who wanted more news from home than they were getting in the English newspapers, it began publishing daily. Since that time it has given birth to several lusty "offspring" in Africa. Soon after the great invasion of November, 1942, the Stars and Stripes was hauled up on an editorial masthead in Algiers and began publication as a weekly. Later it began issuing a daily edition as well as a weekly; and daily editions are also issued in Oran, Casablanca and other African cities.

The African edition of the Stars and Stripes is typical of the American soldier newspaper—breezy and informal in the style of its writing, reflecting "the humor without which democracy would die." Like most service newspapers it prints much soldier verse and one of its poems promises to become immortal. In one of the early issues appeared an eight-line poem by Private William L. Russell under the title of "Tune From Tunis" which told about "Dirty Gerrie From Bizerte."

"Tune From Tunis" was reprinted in Yank where Paul Reiff, composer of "The Isle of Capri," saw

it, wrote some additional verses and set it to music. Since that time other soldiers have added verses of their own (most of which can NOT be printed) and now it seems likely that "Dirty Gerrie From Bizerte" will be the World War II counterpart of "Mademoiselle From Armentieres" of World War I fame.

Another soldier newspaper which has won considerable fame for its verse is the Kodiak Bear, published by and for the soldiers, sailors and contractors' workmen stationed at Fort Greely and the naval air station on Kodiak Island in the Gulf of Alaska. It started the same week that Pearl Harbor was bombed and one of its most famous poems was called "Valentine Verses to a Geisha Girl" which was an invitation to

Geisha Girl of far Japan
Get aboard an old sampan;
Paddle to some late Pacific...
Kodiak, to be specific.

The poem went on to assure the geisha girl of the warmth of the welcome awaiting her, but ended with this abrupt warning:

Come straight to us, my Lotus Flower;
Come to our bear-infested bowers;
Bring your sisters, brothers, too;
Bring your whole damn sect of two-girl nudes.

But be ready for one helluva battle when you get here!

Although army regulations forbid giving out weather data, the Kodiak Bear has its own method of getting around that. For instance, there was this prediction:

The Weather:
Chungking: Belly cold.
Courtesy KODK Weather Bureau.

It is such things as these—bits of humor, typical American "gags," "wiccercacks" jokes at the expense of themselves as well as their officers, both commissioned and non-coms (especially the latter)—which help relieve the monotony and drudgery of the military routine and which make the service man's newspaper such an important part of his everyday life. Military officials testify to the fact that there is nothing like these newspapers to boost the morale of our men in the armed forces, maintain his interest in the job before him. So whether he's stationed in Alaska, Iceland, Trinidad, Australia or Iran, he looks forward each publication day to the arrival of HIS newspaper.

And as the African and Sicilian campaigns have demonstrated, he sees to it that his newspaper goes right along with him to the firing line. The Doughboy News, published in Vittoria, Sicily, may be the latest example of such a paper published deep in what was recently "enemy territory" but it's certain that it won't be the last.

The other day a staff sergeant who is the managing editor of one of the daily editions of the Stars and Stripes in Africa wrote back to his editor-father in the States:

THE AUTO OF THE FUTURE

Airplane and auto companies are already busy on plans that will give post-war America a combination plane and motor car that will be at home on or off the ground.

Designs for a family jitney that will "fly through the air with the greatest of ease" when popper's patience with red lights runs out are being revealed. Some models combine all the hair-raising features of a jeep, a fighter-plane and a witch's broom.

One, the "aeroflyver," has quick detachable wings! And a demountable tail! Whoops!!

The "aeroflyver" has a regular auto body to which the flying features can be attached "as easily as changing a tire." It's gotta be easier than that, mister!

When you have cooked up a weekend trip that will be too monotonous if you stick on all four wheels, you clamp on the wings, rudder, etc., and—"Gangway! Daddy's playing sea gull!"

Then there's the "helicab," a combination helicopter-and-coupe. Nothing detachable about this baby. It comes all in one piece, looks like a Jap beetle that has been living with Henry Ford and can run, jump, fly and "hover."

No head-start, no impetus! It rises straight off the rear lawn like a cricket off a hot griddle. It can go backwards, forward or stay still in midair like a kingfisher over a school of shiners. What fun!

It combines the best features of a Sunday bus trip to Finnegan's Beach with those of a tryout for the Air Corps, a balloon ascension and an afternoon over the hurdles without a horse.

The auto of the future will jump over traffic cops, skim the red lights, blitz the road rules and make touring an aerial exploit.

The question will not be "How many miles does she give per gallon?" but "How many states can she hop per hour?"

One of the first things an auto buyer will ask of the salesman is going to be, "Do I bail out from the left or right?"

And in time we can picture the ladies being appealed to by a sales talk emphasizing that parachutes come in old rose, beige, canary yellow and robin-egg blue, with compact attached.

It all sounds far-fetched but auto and aviation men are deadly serious about it. They insist that with the end of the war the flying urge will be international.

Mitsa, bring in the kiddies! Here comes the flying laundry wagon, the milk see and the Jones boy in his helicopter-jeep car!

VANISHING AMERICANISMS

1—Let's take a train ride and relax.

2—Plenty of seats up forward!

3—If you don't see what you want on our menu, ask for it.

4—Take this steak back and bring me back one that is really worth 60 cents.

5—Lemme see your dollar dinner?

6—This car is air-conditioned.

7—Big barbecue Sunday at Finnegan's Cove; Tickets including dinner, beer and games, \$1.50.

8—Here, my good man, is a half dollar; go get yourself a haircut and shave.

9—We give the biggest glass of beer in the city for a nickel.

10—Owing to the quality served we are obliged to raise the price of highballs from 15 cents straight to two for a quarter.

11—You look hungry; take this dinie and get yourself a sandwich and a cup of coffee.

12—Set 'em all up, Eddie, out of the change from that dollar bill.

13—They can't do that to me!

14—Let's order the \$1.75 shore dinner with both the fish and lobster on it.

15—If we buy one more the house will set 'em up.

16—Hey, waiter, more bread and butter!

17—Try our \$1.25 planked steak dinner.

18—The money isn't much but I like the job.

19—And make me an extra pair of trousers with the suit.

20—If I quit I'll give you at least two weeks' notice.

21—Have them send up a limousine for a demonstration.

22—This auto will take you anywhere!

23—Would you like another helping?

24—The customer is always right.

25—One thing you can be sure of in buying this house; it was built by a conscientious builder.

26—Do you think Hitler, really wants war?

27—Taxes are paid out of the sweat of every man's brow.

BLOOD DONORS

One of the ways of serving one's country these days is by giving some blood to be stored until such time as it is needed by our wounded soldiers. The transfusion of the blood itself or concentrations of the blood bring in many a shocked soldier back from the brink.

There are what are called professional donors, or givers of blood who are "on call" from various hospitals, and the giving of a pint of blood every couple of months causes no faintness or weakness at the time or afterward.

Such, however, is the demand for blood and so willing are men and women to help in the war that many are volunteering for this service at the Red Cross or other blood depots.

As some of these "new" donors are high-strung or nervous individuals who have conscientiously felt that they should give blood, a few of them may faint during the giving of the blood or even after they return to their work. It can readily be seen that a man or woman who faints after he or she returns to work is not likely to encourage other workers to give their blood.

It is agreed that those who faint from other sights or events in life are likely to faint when they give up some blood, but fainting should not ordinarily occur in others who are not in the habit of fainting.

An article in the British Lancet states that factors which do seem to contribute to fainting are fatigue and hunger; persons who hurry to their appointment to give blood are likely to faint, as are those who have not eaten for three hours or more.

It is stated that the temperature and moisture of the room are not important, but it should be airy and light, with beds rather than couches, and no screens used, as there is comfort in the knowledge that others are going through the same ordeal.

In general blood donors should remain lying down for 15 minutes, and after refreshment should sit on a chair for another 15 minutes, leaving the hospital not sooner than 30 minutes after giving their blood.

These points should be kept in mind by those giving blood for others. First, do not hurry to the appointment; second, go within one to two hours after eating; third, lie down for 15 minutes after giving blood; fourth, sit down for another 15 minutes before returning to work.

Pain in Shoulders, Arms and Neck

During the last war, among soldiers and civilians there were many cases where the patients suffered with pains back of neck, in shoulder and down the arms to the hand. It was thought to be a form of rheumatism or arthritis, and teeth, tonsils, gum, gall bladder and other parts were carefully examined but often no cause could be found. Finally an X-ray of the neck, chest and shoulder showed in some cases a "short" or extra rib which was causing pressure on the nerve which accompanies one of the muscles running from the top of the first rib to spinal bones in back of neck. The removal of this spur, or short rib, gave instant relief in these cases.

In Archives of Physical Therapy, Dr. K. G. Hanson states that this group of symptoms called cervicobrachial syndrome (name of the nerves involved) may be due to: (1) high first ribs which do not give the muscle and nerve room between the bones of the shoulder, (2) extra rib or a rib or spur on the neck spinal bone where there should be no rib or spur, (3) pressure on the muscle running from first rib to spinal bones in neck, (4) poor posture, standing or sitting which makes a pull on the bones where this muscle is fastened at back of neck. It is this pull that causes the pain in practically all cases because the patient lets himself sag.

The treatment, naturally, would be to remove this pressure and this is obtained by rest and support during the acute or severe stage. Then exercises are given to hold the shoulders high—arms in line and above the shoulders, rolling of shoulders—arms at full length in line with shoulders; standing and sitting erect, shoulders high and back, chest out, chin in. Heat is applied before and after exercise. This will help 85 per cent of the cases.

QUESTION BOX

Q.—Will you please tell me something about arthritis?
A.—Arthritis is the new name for rheumatism. Can be caused by infection, wrong food, injury, exposure to cold and dampness.
Q.—Is there any help that can be given for eyes affected by diabetes after the disease has been brought under control?
A.—Would depend upon what damage had been done—cataract, inflammation of the retina, etc.

U. S. Soldiers Issued Papers During Wars in 1846-7 and 1861-5

"A new development of the Mexican war was the camp newspaper, nearly a score of which were published by soldier-printers on small hand-presses to serve the various army camps. The most important of these was the American Flag, of Scott's army, which was first published at Matamoros; after the war it was continued at Brownsville, Texas. William G. Toby, a correspondent of the Philadelphia North

American, published a North American in Mexico City during the occupation. . . . During the Civil war various army and navy papers were issued, usually for brief periods, in both the Northern and Southern forces. Opportunities for such papers came when printer-soldiers were able to secure presses and to use them during intervals between the requirements of active service. Among the camp papers were the Swamp Angel, published on Morris

Island, in Charleston Harbor during the siege; the Red River Rover, printed on ruled foolscap on board the steamer Des Moines; the Yazoo Daily Yankee, issued semi-occasionally during the siege of Vicksburg; and the Camp Kettle, published at every opportunity by the field and staff officers of the Roundhead Regiment, which was the 100th Pennsylvania." — From "American Journalism" by Frank L. Mott (Macmillan).

**ISRAEL CALLED TO BE
A HOLY PEOPLE**

LESSON TEXT—Leviticus 19:1-4, 11-18, 32-34.
GOLDEN TEXT—Be ye holy; for I am holy.—I Peter 1:16.

Labor Day, 1943, with a war-torn world, finds us facing a social order deeply divided regarding the rights and wrongs of the relationship between man and man, especially capital and labor.

For these many years we have talked of a planned economy where kindness and justice shall control all dealings of man with his fellow man. But to accomplish such a result apart from the hand of God to guide and restrain, has proved to be impossible.

Selfishness and sin control too much of the thought and action of our world. We need to be reminded, as was Israel in our lesson, that God has called us to be a holy people. His holiness is not just something of which one sings in a hymn or talks in a sermon. It means among other things, real social justice.

God has always stood for social righteousness. The underlying moral law of the universe demands it, and the law of God as revealed to His people developed and implemented it for successful functioning, were we only wise enough to see and follow it.

It is time that all God's people emphasize God's moral principles in the life of society. Never forgetting that its first business is to preach the redeeming gospel of Christ, the church ought also to make its influence felt for social righteousness.

Our lesson speaks first of the foundational matter in all social justice, namely:

I. Holiness of Heart Before God (Lev. 19:1-4).

Because God is holy, His people were to be holy. It was not a matter of choice or impulse. They belonged to a holy God, they were to be a holy people.

There is an idea current in the church today which has served Satan well, namely, that holiness of life is something which is not required; that it is expected only of a few folk who are spiritually minded, and that the other professed followers of Christ may go on living a worldly, careless, powerless life. It is the devil's own lie. God expects every Christian to be holy.

Such rightness with God shows itself in a rightness with others, which we note as our second point:

II. Holiness of Life Before Men (Lev. 19:11-18, 32-34).

How intensely practical and workable in daily experience were the laws here given to Israel. They are just as apropos to our present day.

1. Honesty (vv. 11-13). No stealing, no perjury, no lying, no oppression, no withholding of wages, none of these could be tolerated. For they dishonored God's name. Think what the elimination of men would accomplish. Most of our social problems would be solved overnight. Merchants would do well to read verses 35 and 36 in this connection.

2. Kindness (v. 14). The deaf cannot hear what we say about them, nor can the blind see what we do. But the eternal God hears and sees, and He expects us to be kind to them.

3. Fairness (vv. 15, 16). Some assume that a man must be right because he is rich. Others are equally sure that the poor are always worthy of special consideration.

Note the condemnation of the tale-bearer. Every gossip who reads these words knows that God condemns that evil practice. Nor does He countenance indifference to the welfare of others. Their blood cries out to Him for deliverance (v. 16).

4. Love (vv. 17, 18). "Love thy neighbor as thyself." That is the standard. How much have we done to meet it?

A rebuke may be necessary, but love will not permit grudges, or the seeking of vengeance, even when we have been wronged.

5. Respect (vv. 3, 32). God's Word always stresses the need of a right attitude toward parents. Children need to learn anew the lesson of verse 3.

They're there are the aged (v. 32). Old age pensions doubtless have their place in our complex social order, but perhaps they would not be needed if men and women honored the hoary head and the face of an old man.

A pension does not take the place of honor and love for the aged, even though it may pay the bills. God has high standards.

6. Consideration (vv. 33, 34). The man who knows God will not be party to taking advantage of a stranger. He remembers that he too has been a stranger. To meet with loving kindness and tender care when one is in a strange place should inspire one to go and do likewise.

This Week's Menu
*Stuffed Eggplant
Head Lettuce Salad with French Dressing
*Caramel Cinnamon Muffins
Sugared Peaches Beverage
*Recipe Given

a platter with corn on the cob and fresh, sliced tomatoes.

English Baked Squash (Serves 6)

- 1 quart peeled, thinly sliced Hubbard squash
- 1/2 teaspoon salt
- 4 tablespoons sugar
- 1/2 cup rich cream
- 1 teaspoon cinnamon

Place squash in well-greased baking dish. Sprinkle with salt and sugar. Add cream and sprinkle with cinnamon. Bake covered in a slow (325-degree) oven for about 50 minutes.

Another vegetable comes in for honor—and very different but delicious is this dish, too!

Sour Cream Cabbage (Serves 5 to 6)

- 1 head of cabbage
- 2 tablespoons butter
- 1 clove garlic
- 1/2 cup sour cream
- 1 tablespoon vinegar
- 1 tablespoon sugar
- 1 teaspoon salt
- 1 egg

Shred the head of cabbage medium fine. Heat the butter in skillet and cook in it slowly the clove of garlic, minced fine. Add cabbage and 1/2 cup water. Cover tightly. Bring to a quick steam, reduce heat and cook for 10 more minutes. Just before removing from range, add sour cream sauce made by mixing together the sour cream, vinegar, sugar, salt and egg beaten light. Pour over cabbage and bring to a quick boil. Serve at once.

Here's a spaghetti dish that has a fall tang to it, and is excellent served with fried eggplant and apricot upside-down cake.

Sausages and Spaghetti (Serves 6)

- 8 link sausages
- 1 small onion, sliced
- 1 green pepper, chopped
- 1 1/2 teaspoons salt
- 1/2 teaspoon pepper
- 2 tablespoons flour
- 2 1/2 cups tomatoes
- 1 1/2 cups spaghetti, cooked

Cut sausages in inch lengths; fry until golden brown. Add onion and green pepper and brown lightly. Add seasonings and flour and blend. Add tomatoes and spaghetti. Bake in a greased, baking dish in moderate (350-degree) oven 30 minutes.

***Caramel Cinnamon Muffins (Makes 1 1/2 dozen 2-inch muffins)**

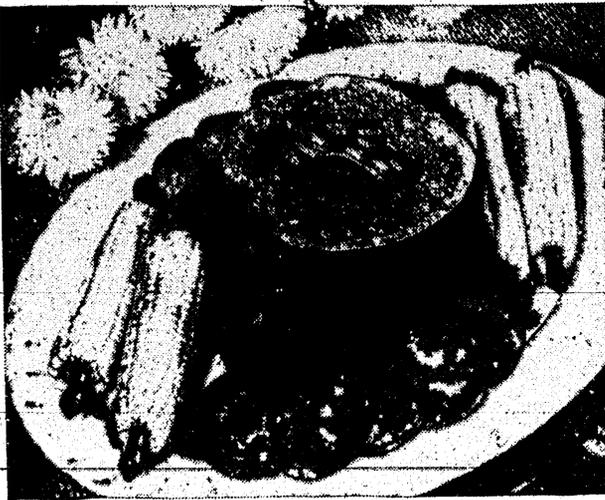

- 2 cups sifted flour
- 2 teaspoons baking powder
- 1 teaspoon cinnamon
- 1 teaspoon salt
- 1 egg
- 2 tablespoons light corn syrup or honey
- 1 cup milk
- 2 tablespoons melted shortening

Sift together flour, baking powder, cinnamon and salt. Beat egg, add syrup, milk and shortening. Blend thoroughly and add to flour mixture. Stir only until flour is moistened. Bake in a moderately hot oven (425 degrees) 20 minutes. Prepare muffin pans as follows for these muffins: Into each muffin cup, put 1/2 teaspoon butter or margarine and 1 teaspoon corn syrup. Fill with batter 2/3 of an inch full.

HOUSEHOLD MEMOS... by Lynn Chambers

Stuffed Eggplant Will Keep Your Points Down!
(See Recipes Below)

Harvest Foods

Late summer is the truck garden's paradise, and this summer we might well say the Victory garden is paradise, for there are many gay and attractive foods ripening now, which may make a truly appetizing appearance on your table. For example, the season's choicest tomatoes in their fullest, ripest red merrily at the table now.

There's also golden-eared, tender sweet corn, at its best when picked not more than half an hour before eating. And one of the most dramatic vegetables to do justice to fall dinners is the eggplant—smooth, deep purple, and shiny in appearance.

Most of you are undoubtedly familiar with eggplant served sliced and fried—and there's no doubt it's good that way. But for a change, try it baked with a savory stuffing and make it a main dish feature of your dinner. The total cooking time for preparing it in this new way is only 35 minutes—10 minutes for boiling the eggplant in rapidly boiling water, and then 25 minutes baking in a moderate oven.

***Stuffed Eggplant (Serves 6 to 8)**

- 1 eggplant
- 1 cup bread croutons
- 4 strips bacon, cut in squares
- 1 tablespoon onion, minced
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 1 egg

Cook whole eggplant in boiling water for 10 minutes. Cut lengthwise slice from top of eggplant. Remove pulp with a spoon, leaving a substantial shell. Chop pulp. Add croutons. Fry bacon. Brown onion in bacon fat. Add to eggplant pulp. Add the egg and season with salt and pepper. Fill eggplant shell with the mixture and top with the following:

- Corn Flake Crumb Topping.**
- 2 cups corn flakes
- 1 egg yolk
- 1/2 teaspoon dry mustard
- 1 teaspoon lemon juice
- 1/4 teaspoon salt
- Paprika
- Butter

Roll corn flakes to fine crumbs, combine with egg yolk, mustard, lemon juice and salt. Cover stuffed eggplant with crumb mixture, dot with butter and sprinkle with paprika. Bake in a moderate oven (350 degrees) for 25 minutes. Serve on

BACKACHE

may **BEG** for fast diuretic aid

WHEN KIDNEY FUNCTION LAGS from this need . . .

Functional kidney disturbance due to need of diuretic aid may cause stabbing back ache! May cause urinary flow to be frequent, yet scanty and smarting! You may lose sleep from "getting up nights" often—may feel dizzy, nervous, "headachy."

In such cases, you want to stimulate kidney action fast. So if there is nothing systemically or organically wrong, try **Gold Medical Capsules**—They've been famous for prompt action for 30 years. Take care to use them only as directed! Accept no substitutes. 35¢ at your drug store.

CHAFED SKIN

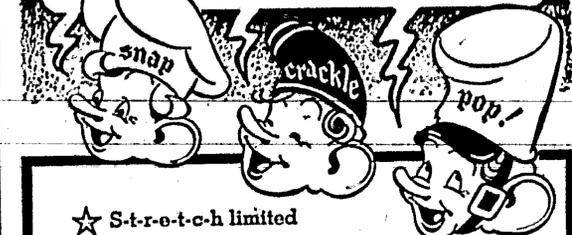

Raw, smarting surface relieved amazingly by the soothing medication of **RESINOL**

When you see news photos of soldiers "off duty" in camp or behind the battle-lines—notice how often you'll see them smoking a cigarette. There's a good reason for that: Army officials say that cigarettes are an appreciable factor in maintaining morale—and the soldiers themselves add that a carton of cigarettes from home is always welcome. What brand? Well, sales records in Post Exchanges and Canteens show that Camels are the favorite cigarette with men in all the services. Though there are Post Office restrictions on packages to overseas Army men, you can still send Camels to soldiers in the U. S., and to Sailors, Marines, and Coast Guardsmen wherever they are.—Adv.

TABASCO

The sanest seasoning known, and the world's most widely distributed food product! A dash of the pungent sauce gives a rare flavor to any food. **TABASCO**—the seasoning secret of master chefs for more than 75 years!

RICE KRISPIES MAKE A LITTLE MEAT GO A LONG WAY!

★ **S-t-r-e-t-c-h** limited meatsupplies. Add crisp, delicious Rice Krispies to meat loaf, hamburger, casserole dishes. Perks up their flavor. Adds extra nourishment—Rice Krispies are rich in the whole grain food values of thiamin (Vitamin B1), niacin, and iron.

What You Buy With WAR BONDS

Pig Boat
At sea on a submarine isn't exactly the "life of Riley." In the Battle of the Atlantic, or on the great stretches of the Pacific these sailors know the hazards of their work.

One of the spots aboard these "Pig Boats" that all crew members enjoy is the galley, or kitchen. Space limitations prevent an elaborate set-up, but cooks aboard these vessels are justly proud of the meals they prepare for their crews. Your increased purchase of War Bonds helps make submarine life as pleasant as possible.

Words from the Birds
... ABOUT SHARING

Birds long since discovered that there's room for all if they share the space available.

It's like that with telephone service. In wartime more people have to share what is available, and since telephone materials are also vital war materials, we can't add more facilities. So we suggest that since more people are sharing party lines, brevity merits special rewards these days . . . Please avoid long conversations - answer promptly.

WOMEN IN YOUR 40'S

who hate these trying years!

HERE'S GLORIOUS NEWS!

If you—like so many women between the ages of 38 and 52—find this period in a woman's life makes you restless, nervous, cranky, so tired and blue at times—perhaps suffer hot flashes, dizziness and distress of "irregularities"—

Start at once—try Lydia E. Pinkham's Vegetable Compound! Pinkham's Compound is the best known medicine you can buy today that is made especially for women—It's famous to help relieve such distress when due to this female functional disturbance. Follow label directions. Lydia Pinkham's Compound is well worth trying!

(This poem was written by the a friend, and dedicated to one of our own Lincoln County boys, Lt. Joe Drake, who is with the A. A. in North Africa and who lost his three tent mates in a bombing raid recently. Also to all the boys who so valiently are waging this war for freedom on foreign battle fields for us.)

I'M ALONE IN MY TENT TONIGHT

I'm alone in my tent tonight
 Far out on the desert sands.
 The stars are bright, the moon hangs low,
 Far from my native land.

'Twas just last night, my pals were here
 We talked and laughed and sang,
 Four pilots in in army tent
 The time flew by on wings.

Morning came we were ordered out
 To make a call on 'Jerry'
 Far out over 'No Man's Land'
 With bombs—No time to tarry.

In formation we flew along
 Me first, then Jack and Bill,
 And last was Jims big fortress
 We sped o'er plains and hills.

Then suddenly and from the rear
 The fighters from our foe
 Flew in and struck us on the left
 It was an awful blow.

The lead and shells flew thick and fast
 It was a dirty shame
 To see our mighty fortress
 Descend to earth in flames.

Finally when the air was clear
 And the enemy had flown
 We started back to our home base
 All but the missing ones.

We gave them shell for shell I know
 We really did our best
 But Bill and Jack and Jim
 Failed to come thru with the rest.

Soon I learned it was my Pals
 Thanks to those dirty snakes
 That went down in that hell of fire
 You may know it is hard to take.

Three smiling lads will ne'er return
 To the dear old folks back home
 To settle down in peace and quiet
 Never wishing more to roam.

I'm alone in my tent tonight
 It's very still and quiet
 Guess I'll say a prayer for them
 And turn in for the night.

Tomorrow we'll be ordered out
 To make a call on 'Jerry'
 We'll pay him back with interest
 There is no time to tarry.

Booby Trap Detector

In the snow, in the sand, on the beaches, on the roads, in the woods, everywhere the Axis soldiers hide "booby traps," to slow the movement of oncoming fighting men of the United Nations. The detector does the same work on land as the mine sweeper does at sea.

Like buying War Bonds, the soldier operating the detectors will never know just how much they have aided in the success of their campaign, but he knows his work is necessary and must be accomplished. If more Americans on the home front will come to realize this, the success of our War Bond campaigns will be assured.

WEEKLY NEWS ANALYSIS

Allied Military Representatives Plan Over-All Strategy for Defeat of Axis; Red Troops Close on Nazi Strongholds; October Draft Quota to Include Dads

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper. Released by Western Newspaper Union.

With the historic Chateau Frontenac in the background, English-American political and military leaders meet for memorable conference. Seated from left to right are Prime Minister Mackenzie King of Canada; President Roosevelt, and Prime Minister Winston Churchill of England. Standing from left to right, Gen. H. H. Arnold, Sir Charles Portal, Sir Allan Brooke, Adm. Ernest King, Sir John Dill, Gen. George Marshall, Adm. Sir Dudley Pound, and Adm. William Leahy.

MEDITERRANEAN: Zero Hour

The zero hour for Italy arrived. Across the Mediterranean, Allied transports massed in North African ports. Axis planes flying in to bomb the shipping were met by walls of steel anti-aircraft fire and scores of fighter planes.

Plowing along the Italian shoreline, Allied cruisers and destroyers poured heavy shells into important railroad junctions and power stations. Overhead, all kinds of bombers, fighters, medium and heavy—dropped high explosives on Axis troops moving along open roads and through mountain passes.

Gen. Dwight Eisenhower

Artillery pumped shells into Italy from Sicily. Gen. Dwight Eisenhower counted 167,000 Axis casualties in the 39 day campaign which won the island. Our own losses were placed at 25,000.

Peace and the Sword

Assault of Hitler's European fortress and policies for dealing with re-occupied countries upon these momentous questions turned the sixth conference between President Roosevelt and Prime Minister Churchill in Quebec.

Formulating the military grand strategy were approximately 350 army and navy officials from the U. S., Great Britain and Canada. Over their maps they planned, first, the invasion of Europe, then, the conquest of Japan.

Joining Roosevelt and Churchill were their foreign secretaries, Cordell Hull and Anthony Eden. With them, the two Allied leaders discussed the measures to be taken in restoring order in re-occupied nations, and the policies to be pursued to meet Russia's territorial claims and demand for participation in the rehabilitation of Europe.

RUSSIA: Push Nazis Back

Russian troops closing in on the charred ruins of what was once the mighty industrial city of Kharkov, found their advance delayed by strong German counter attacks. But as fighting raged at the gates of the former "Pittsburgh" of the Ukraine, other Red forces worked their way northwest to seal off the fast railroad running out of the embattled city.

Farther to the south, the Nazis claimed the Russians threw in tanks to reinforce 150,000 Red troops hammering along the big bend of the Donetz river. This would indicate the Russians concentrated their striking power along the whole Ukrainian front, where the Germans have been making a slow retreat with the Reds pressing forward in the teeth of intensive defensive artillery, mortar and machine gun fire.

The Russians claim the Nazis have 211 divisions, approximating 3,000,000 men, on the eastern front, with 30 divisions in reserve in Poland.

TAXES

Americans buying goods over and above actual necessities may have to pay a spending tax in 1944. Such a tax is under study by the treasury department, which is considering sources for raising an additional 12 billion dollars in revenue next year.

The treasury also has under study a congressional proposal for taxing all income over and above an individual's normal peacetime return. At any rate, individual and corporation income taxes, excess profits and goods' taxes face an increase.

FOREIGN PACTS:

Due for Congress' O. K.

Agreements that the executive branch of the government may enter into for the temporary management of conquered countries will be subject to a majority vote of the house and senate, according to plans developed in conferences between Secretary of State Cordell Hull and congressional representatives.

Arthur Vandenberg

Such action would give congress a check over the government's policies in the restoration of order in the devastated areas. Since congress would be called upon to appropriate funds for the execution of such policies, it demanded the right to control their expenditures to protect this country's best interests.

In discussing the plan, Sen. Arthur Vandenberg of Michigan stated that mere congressional majorities for approving temporary agreements in no way would affect the constitutional provision for a two-thirds vote of the senate for the ratification of a final post-war treaty.

SOUTH PACIFIC: Finish Job

Heading northward, American airmen nosed their craft for Weewak, New Guinea. Raiding that Jap air and supply base the day before, they had surprised the enemy and shot up 120 planes parked wing-to-wing on the ground.

As they returned, 30 Jap interceptor planes zoomed up. But the American air armada mowed its way through the attackers, knocking out 28. Then sweeping low over the airfield, the Yanks bombed and cannonaded the planes and hangars that had been spared. Of the total of 225 enemy craft that had been sent to Weewak to re-enforce the Japs on the Australian front, 215 were demolished.

Meanwhile, American warships lurking in the Solomons, pounced on a Jap convoy moving supplies to its beleaguered forces. Broadside struck three enemy destroyers, sinking one. Most of the barges in the convoy were shot up in splinters.

FASTEST TANK

Killing two birds with one stone, the army has produced the M-5 tank, with an automatic gear shift and two Cadillac engines which auto mechanics can easily service on the battle field.

Reputed to be the fastest tank, the M-5 has two hydraulic transmissions which operate through a transfer unit, to deliver

the power of the engines to the tank tracks. This is said to be the first automatic shift ever installed in a military vehicle.

To every one mechanic schooled in air-cooled aircraft engines generally used in tanks, there are 10 mechanics familiar with automobile engines, army officials said. Hence, adoption of an auto engine for tank use will allow the use of many mechanics for servicing on the front with a minimum of instruction.

GAS: Planes Fill Up

Gasoline for airplanes, ships, tanks, trucks and other vehicles of the armed forces will consume 29.6 per cent of total production east of the Rocky mountains for the rest of this year and approximately 40 per cent for 1945.

Airplane consumption of gas is enormous, heavy bombers eating up a weight of fuel equal to the weight of its engines for each two hours aloft. Flying Fortresses average more than one gallon to a mile. In the Tunisian campaign, 1,100,000 gallons of gas were burned daily in the planes in May. Gen. James Doolittle's command.

Civilian allotment in the 17-state East-coast area approximates 13,778,000 gallons of gas daily. When 128 refineries in the U. S. begin producing 100-octane gas for military planes, their capacity will be in excess of the East-coast area's daily quota. Many are in operation, while others are being rushed to completion.

LEND-LEASE: Record Shipments

America's lend-lease exports during the first half of 1943 exceeded normal U. S. exports for a full year during the 10-year period from 1929 to '39.

In round figures, lend-lease shipments amounted to slightly less than four billion dollars. Other exports of 1 1/2 billion dollars for which America received payment, brought total shipments to nearly 5 1/2 billion dollars.

Washington Digest

Peace Planners Emphasize Need for Orderly 'D' Day

Planning Board Report Envisions Reintegration of Men Into Services Where Skill, Ability Are Recognized.

By BAUKHAGE, News Analyst and Commentator.

Next week's release of "Washington Digest" will be written from Quebec, where H. R. Baukhage covered the history-making Roosevelt-Churchill conference for Western Newspaper Union and its affiliated newspapers.

WNU Service, Union Trust Building

As the plans which received their final approval at the Quebec conference start, turning from ink and paper to moving men and machines, the thoughts of other planners turn toward another zero hour—"D" Day.

The war is not over by any means but hard-headed people who realize that you can't wait until it rains to prepare for a rainy day know that you can't wait until the sun comes out to buy your summer clothes.

"D" day is as important as "M" day. Demobilization is as big a problem as mobilization. Various plans have been worked on, none has been perfected. The President has offered one. The Republican party will offer another. Industry will present its program. The administration, whoever is at the helm when peace comes, will have a heavy responsibility. The National Resources Planning board has already made a report expressing its opinions on a plan drawn up by a special committee on post-war readjustment which, at least, gives us a point of departure.

Plan Needed Now

The board points out that victims of the war are already coming back and the time is ripe. Only the other day, I went through Walter Reed hospital here and saw some of those victims. Saw photographs of the conditions in which they come back and others showing what medical skill has done for them. I also saw the workshops where wounded men are being rehabilitated, fitted to take up work which, in spite of their handicaps, they could learn to do.

This plan emphasizes the need for an orderly demobilization. It is important to get every man who can be spared from the armed forces, the moment he can be spared without threatening the nation's security, back into civilian life. I know how glad I was when I got out of uniform into civvies after the last war.

But the report emphasizes that still more important than speed is order in demobilization. "We not only want the men out of the armed services; we want to get them into peace services where skills and abilities can be fully recognized, utilized and rewarded." That is the thesis of the planning board.

Responsibility for the placement of veterans in industry is acknowledged by the re-employment division of the selective service system under the selective service act. The selective service system is not perfect but considering the job it had to do, it has worked out in a manner that is a triumph of the democratic method. Draft boards are groups of "neighbors" who pass upon each registrant, and on that basis, select or reject him. The same system will put the soldier back into his old job—if his old job is there, and if he can fill it. But many had no jobs. Others for one reason or another will be unable to fill the ones they had before the war. These cases must be taken care of.

Board's Principles

- 1. Three months' furlough at the end of the war at regular base pay not to exceed \$100 a month, plus family allowances.
2. Beyond that time, if necessary, unemployment insurance for 26 weeks for those who register with the government employment service.
3. Special aid and counsel regarding readjustment and compensation.
4. Special provision, including tuition and allowance, for the continuation of education interrupted by the war or to follow a special course of training.

BRIEFS... by Baukhage

In Britain, about 150,000 tons of timber, salvaged from bombed buildings, have been refinished and made into crates and boxes for important war uses.

With German war nerves somewhat frayed at the edges, the Nazis are conducting a politeness campaign to ease the irritation and get Germans to be nicer to each other.

5. Veterans credit for old age and survivors' insurance on the basis of service in the armed forces.
6. Opportunities for agricultural employment and settlement for a limited number of well-qualified men. But no dumping of men on farms simply because industrial employment is not immediately available.

Re-Training Program

Similar provisions must be made for war workers as war industries close or change over. Meanwhile, the government will maintain centers where assistance and re-training for civilian jobs can be arranged. In order to prevent a too rapid attempt at change-over of industry, a moderate policy of continuation of war contracts some of which can be continued in the national good.

Of course, nothing can be done permanently to stabilize the labor situation without a rapid expansion of peace-time industry toward a goal of full employment. It is well understood even by the most fervent of government planners that private industry and not the government must eventually furnish the employment.

Already industry is offering plans of its own but it cannot be expected to do the whole job. One suggestion is that government loans be made to industries turning to peace-time production in proportion to the number of men such industries employ.

Business cannot take over the burden alone. In 1939, we were at peace although we were making a lot of war supplies for the Allies. Then 4.1 million workers were employed in munitions making. Eight and six-tenths millions were working on farms or agricultural pursuits. At the end of last year, the workers in war plants had more than doubled. They were 10.5 millions. In agriculture, unemployment has not greatly changed, comparatively speaking; farm workers amount to 8.9 millions. But the men in the armed forces, more than doubled. In the same period the unemployed had decreased from 8.7 millions to 1 million. (Some of these we shall always have with us—the lame, the halt and, of course, the lazy.) But it is estimated there were 900,000 persons jobless and deserving work in July of this year.

There may be points to the committee's plan to which objections will be raised. It is not offered as a working drawing, merely as a basis of discussion, but how much better such a procedure is than the policy after the last war when the soldier was a football and where each congress tried to vote more dollars out of the treasury without rhyme or reason; money which didn't provide jobs, which in many cases, pitifully failed of its purpose, and in others simply filled the coffers of the bootlegger and the shark and left the recipient nothing.

Diary of a Broadcaster

Over the land, the Victory gardens are bringing in their rich yields to many a person who probably never worked as hard—physically—for his supper before. And probably never had more fresh, sweet and luscious vegetables. But I wandered over a farm recently that was crying for rain. I couldn't help thinking, as I pushed through a wood lot beside a shrunken stream, stained brown from the yellow leaves that carpeted it, how all the living things were anguishing with thirst. Twigs snapped under one's feet like dry bones, there was an ugly growl instead of a happy hum from the insects—it seemed that only the tough blue-bottles could survive. Not far from the stream where the earth in the bed of a spring was still damp, one cricket was singing gratefully but there were few of his fellows about. Leaves on tall weeds hung to the stem like a flag at half-staff on a day when no breeze stirs, one yellow-headed flower stood out in a spot of color, it looked like a very sleepy little girl, her damp locks glued to her face almost concealing her tired smile. I thought: "I wish I could stay here until the rain comes singing through the leaves, wetting cracked lips of the peeling furrows—I believe I would hear a real hymn of rejoicing go up."

Lawyer Met His Match In Tinsmith, On and Off

A lawyer, noted for his success in cross-examination, asked a witness how long he had worked in his business of tin-roofing. "I have worked at it off and on for some time." "How long off and on?" "Sixty-five years." "How old are you?" "Sixty-five." "Then you have been a tin-roofer from birth?" "No, sir; of course I haven't." "Then why do you say you have worked at your trade 65 years?" "Because you asked how long off and on I had worked at it. I have worked at the trade 65 years—20 years on and 45 off." Here there was a roar in the courtroom, but not at the expense of the witness, and the lawyer hurriedly finished his examination in great confusion.

Trinity Methodist Church News

The Woman's Society of Christian Service met on Wednesday afternoon at the home of Mrs. John Loudin. Rev. Loudin gave a talk on 'The Church Extension of the Future,' which is the study course.

Mrs. Hodgins conducted the business session, in which the society bought a new gas stove for the parsonage, paid all bills and voted to serve the Boy Scout Banquet on Friday evening, and the proceeds of which is to go to church benevolences.

During the social hour the committee served refreshments which were enjoyed by all. The next meeting will be September 8th at the home of Mrs. Roy Shafer.

On Friday evening the women of the church served the Boy Scout Banquet. Five of the girls waited tables, Jane Gallacher, Mary Lou May, Mary Loudin, Jeanne Hall and Elizabeth Jordan. The tables were decorated in red white and blue. There

were twenty one Scouts and guests present.

Our District Superintendent, Dr. I. L. Morgan was with us on Sunday evening for the Fourth Quarterly Conference.

We are sorry to report the death of Mr. Stimmel. Our sympathy goes to the family.

We have Church School at 10 o'clock each Sunday and preaching service at 11. Youth Fellowship at 7:30, with Mary Loudin leader. Intermediate Girls Choir meets Friday after school at the church.

COAL

It is rumored that coal will be rationed in the early winter. From reports I have received, this will not happen, if the present volume of coal now taken from the mines is continued; care for the movement of coal are hard to get now and freight moves slowly, and will move slower as the movement of troops and war materials grow heavier. It is suggested by mine operators, that you order your winter supply of coal now, while available. Dr. R. E. Blaney, Sec'y, Chamber of Commerce.

WARNING

35 miles per hour is speed limit. Anyone exceeding this speed limit and anyone seen will be reported. If brought to trial and found guilty, mileage ration books will be revoked. War Price and Rationing Board, 14, Carrizozo, N. M.
