Headline—Roosevelt in 1948. —Give us something new!

It has been said—The Democrats swept the nation (except Lincoln County!)

Fritz Kuhn, the German-American Bund chief, is, or was, a prisoner at the Nazi camp in Fort Stanton.

Note—We'd be delighted to welcome Adolph Hitler as a prisoner of war, also. There's plenty of room for all Nazi celebrities. We'd be pleased to have Hängman Heinrich Himmler there, too.

A Nazi robot attack on the Atlantic coast is probable within the next two months.

Remember how the Germans did with the submarine? The U-boat showed up on the Atlantic coast and took us by surprise during world war I.

The Nazis are clever; they execute a person first—then discuss the matter at their leisure time.

An AP dispatch says that isolated Japs are enjoying meals of crickets and lizards, and drinking coconut whiskey.

Note—How'd some nice arsenic do for dessert?

This fine weather is a "weather-brooder." This has been said before. A guy said he didn't enjoy it nice here, for a sandstorm was sure to follow—and when there was a dust storm, he was tickled to death, for the hombre said swell weather would soon follow.

In counting up his change one night this week, Geo. Boucourt, proprietor of the Depot Cafe, was surprised to find that he had a silver dollar 86 years old. It had been hoarded by someone, for it showed very little signs of being used.

The Yanks invaded Luzon Island in the Philippines this week. A good many Jap prisoners of war from this locality, namely: Lt. Jack Rogers, Ernie Prehm, Lorenzo Mirabal, Sgt. U. D. Walker, Buster Graves & Ben Leslie should have some hope—it won't be long now until they are liberated (we trust.)

The Lion's Club of Ruidoso gave a big dinner at the American Legion Hall Wednesday night, at which, the Lions had their wives as their guests. The Ladies' Auxiliary of the American Legion prepared and served the dinner.

Last Election Had Readers of the Funny Papers

At a recent meeting of educators in Chicago, Dr. Robert Maynard Hutchins of the Chicago University, was the first speaker. In a well worded speech, Dr. Hutchins said, quote: "What we need as a nation, is a good liberal education". He meant political education.

Dr. Hutchins, during the last campaign, was one of the most outstanding advocates of change in the administration and bitterly opposed to not only a fourth, but a third term for the President of the United States. In the first place we are reminded by that celebrated educator, that in spite of all of the arguments presented during the last campaign exposing the rotten conditions at Washington, a majority of the voters voted blindly in favor of a fourth term. Why?

They failed to get a "good education" of the political situation. After voting for a fourth term for the President, they realized too late that they have been learning too much about things that are not worth knowing, continued Dr. Hutchins. During the last campaign, the writer asked a certain party, whom he considered a reading

man, what he thought of a certain mess of rules and decrees that had been exposed over the radio and in the newspapers. He answered, quote: "I am for Mr. Roosevelt and I don't read anything but the funny papers and I have no radio and don't listen to any messages of any kind"

We have the greatest respect and admiration for the many good Democrats and Republicans who walked gallantly to the polls and cast their votes for true Americanism. These patriots, men and women are the "salt of the earth" and they are the ones and their following that will ultimately save this country. When grown-ups will lay aside the funny papers and listen to the trend of politics, discern between right and wrong, pick out the rottenness in politics, vote down the danger of dictatorship, tyranny and government

misrule, listen to the warning from the post, that "Wrong Rules the Land and Waiting Justice Sleeps", this country will again take its place wherein the will of the people will reign supreme instead of having it ruled by a horde of political vampires which are sucking the life-blood from our nation.

Mr and Mrs. Wilay Hansen and small son, Johnny, were here from Capitan Wednesday. The Hansens are proprietors of the Golden Key Night Club, two miles east of Capitan. They have an ad in this paper on page 8, which will be of interest to Capitan visitors.

Crisply-Coated Fish Takes It Easy on the Budget (See Recipes Below)

Serve Fish Often

As civilian meat supplies grow leaner, fish will again come to the rescue as a good protein food. Fish is easier to prepare than meat, and it bakes, broils, fries and cooks quickly.

By that, I mean, the bones separate from the delicate flesh, and the coating is crisp and golden brown if the fish is pan-fried or broiled.

This delectable food is available in large quantity now, and it's wise to plan to serve it not once a week, but several times, to lessen the drain on red points. When served with a garnish of lemon and parsley or one of the excellent sauces, fish can become a regular family favorite.

Condiments should be used wisely so that fish can take on an agreeable flavor. Their flavors should be subtle rather than pronounced so that the delicate flavor of the fish is not completely lost.

Baked Whitefish. 2 pounds whitefish, 2 1/2 cups bread crumbs (dry), 2 tablespoons bacon, minced, 1 teaspoon green pepper, minced, Onion, large, minced, 5 slices bacon, 1/2 teaspoon salt, Pepper.

Broiled Halibut. Anchovy butter or lemon Halibut, Salt and pepper. Wipe fish with damp cloth. Brush with melted butter and season with salt and pepper.

Baked Fish With Mustard Sauce. 1 1/2 pounds fillet of haddock, 2 tablespoons melted butter, 1 tablespoon flour, 1 cup boiling water, 1 tablespoon lemon juice, 1 tablespoon prepared mustard, 1/2 cup dried bread crumbs, Salt and pepper.

Lynn Says: Have Sauces with Fish: Combine melted butter with lemon juice and chopped parsley. Serve at once. Take 1 cup hot white sauce (medium) and mix with 2 hard-boiled eggs and 1 chopped dill pickle. Keep hot until served.

Lynn Chambers' Point-Saving Menu: Baked Fish With Cheese Sauce, Baked Carrots Mashed Potatoes, Whole Wheat Rolls, Green Bean Salad, Orange Chiffon Pie, Beverage.

Cut fillets in six servings. Season lightly with salt and pepper. Lay in shallow, well greased pan. Make sauce of 1 tablespoon butter, flour, water, lemon juice and mustard, stirring constantly until thickened.

Fish Souffle. (Serves 6) 1 package flounder or similar fish, 1/2 cup boiling water, 1/4 teaspoon salt, Heavy cream, 2 1/2 tablespoons sour cream, 2 tablespoons butter or substitute, 1/2 teaspoon pepper, 4 egg yolks, stiffly beaten, 4 egg whites, stiffly beaten.

1 3-pound pike, 2 tablespoons butter, 1/2 pound mushrooms, chopped, 2 tablespoons chopped onion, 1/4 cup bacon drippings, 1 cup cooked rice, Salt and pepper, 1/2 teaspoon poultry seasoning, 2 beaten eggs.

Place fish in shallow pan and broil under moderate heat for 15 minutes, basting with the 2 tablespoons of butter. Turn; broil 10 minutes.

Season with salt and pepper. Cook mushrooms and onions in bacon drippings until tender. Add rice, seasonings and eggs; mix well and mound the stuffing in center of serving platter. Place fish, skin side up over stuffing. Fish may also be baked with stuffing, in a moderate oven for 45 minutes, basting with butter. Garnish with lemon slices.

Cheese sauce is an excellent accompaniment for fish as in this case: Baked Fish With Cheese Sauce. (Serves 4) 1 chopped onion, 1/4 pound sliced cheese, 1 2 1/2-pound pike, halibut or perch, 1 1/2 teaspoons Worcestershire sauce, 1 teaspoon dry mustard, 1 teaspoon salt, 1/2 teaspoon pepper, 1 cup milk.

Place onion and half of cheese in fish cavity. Place remaining cheese on top of fish. Add remaining ingredients and pour over fish. Bake in hot oven (400 degrees) for 25 minutes.

JESUS BEGINS HIS MINISTRY

LESSON TEXT—Matthew 3:13-17. GOLDEN TEXT—Thou shalt worship the Lord thy God, and Him only shalt thou serve.—Matthew 4:10.

Ready for service—this is the next scene from our Lord's life which comes before us in Matthew. Thirty years had passed since His birth, but these are hidden in silence, save for the one glimpse of Him in the temple which is given only by Luke.

These were not years of idleness or luxury. He was obedient to Joseph and Mary. He worked in the carpenter shop. He fellowshiped with God's people, and best of all, with His heavenly Father. He showed obedience and faithfulness in life's ordinary things: And then, all at once, the day of His public ministry was at hand.

His baptism and temptation were a part, the opening event, of that ministry. We find Him: I. Identified With Sinners (3:13-15). John, the fiery forerunner of Jesus, had come with a burning message of repentance, and sinners were coming to him to be baptized as a sign of their contrition.

Suddenly Jesus appeared. John pointed to Him as the "Lamb of God which taketh away the sin of the world" (John 1:29). When He offered Himself for baptism, John demurred. There was no sin in Jesus that He should need baptism.

There was no occasion for Him to express in a special act His obedience, for He always did the will of God. (Heb. 10:7).

Why then was Jesus baptized? We find the answer in the central purpose for which He came into the world, namely, to save sinners. Here at His official entrance upon that work He, who though He knew no sin was to become sin for us, took the sinner's place in baptism. It was not because He had Himself sinned, but because He was to become the substitute for the sinner. What marvelous condescension and grace!

II. Approved of God (3:16, 17). The Holy Spirit, like a dove, rested upon Him. The dove is one of the symbols of the Spirit, and speaks of gentleness, meekness, purity, peace and love.

Out of the eternal dwelling places in heaven came the voice of the eternal Father expressing His approval and pleasure in His son. The person and work of Christ bear their own commendation of Him to us as divine. Here we have the Father's word, and the Holy Spirit's coming. Thus we have here the entire Trinity.

III. Tempted by Satan (4:1-11). A time of testing was ahead. Jesus did not fear it, but notice that He did not seek it either. He was led by the Spirit into this great conflict. We may learn that we must not seek nor put ourselves in the way of temptation, but when it comes we may meet it without fear. God is with us.

He was tempted as the Messiah, and the Son of God, and it was a real testing, one from which we need to learn what to do when tempted. It was threefold: physical, spiritual and vocational.

1. The Physical Temptation. Forty days of conflict with Satan made His body hungry. Under such circumstances it was a terrific temptation to use His divine power to make bread. He could have done it, but He did not. One doesn't have to live, but one does have to obey and honor God.

Note how effectively Christ used Scripture (from Deuteronomy—have you read it lately?). It is the only sure answer to Satan's temptations, but you must learn it if you are going to use it.

2. The Spiritual Temptation. Here Satan asked Him to presume on the grace of God. If he cannot get you to abandon your faith, he will urge you to go to some fanatical and unscriptural extreme in using it.

God always cares for His own when they are in the place where He wants them to be, but He does not deliver us from foolhardy and unnecessary risks which we want to call "faith."

3. The Vocational Temptation. Christ had come into this world to wrest from Satan, the usurper (who is now the prince of this world—John 12:31), the kingdoms of this world. Satan suggested to Him that He could accomplish this by simply bowing down to him—thus escaping Calvary's cross.

Satan is busy urging men to take spiritual bypaths. He has his own leaders who skillfully evade and avoid the cross. They have a religion without the offense of the cross, but, mark it well, it is not Christianity, even though it bears that name. Jesus met and defeated Satan by the use of Scripture, and by honoring God the Father. Jesus' resistance of the devil caused him to go away. It still works. Read James 4:7. Then came the angels to minister to Him. Victory over the enemy of our souls brings peace and spiritual refreshment.

We've Come a Long Way

Before Columbus, America was an unknown quantity. Today, it is the champion of freedom-loving people everywhere in the world.

America's strength lies in the will of its citizens to fight, work and save for the things they believe in. It's the American Way—and it gets results!

See Better Dogs In Artificial Breeding

Substantial improvement in the quality of America's—and the world's—dogs in the post-war period as the result of advances in the science of artificial breeding, is predicted by the Gaines Dog Research Center, New York City.

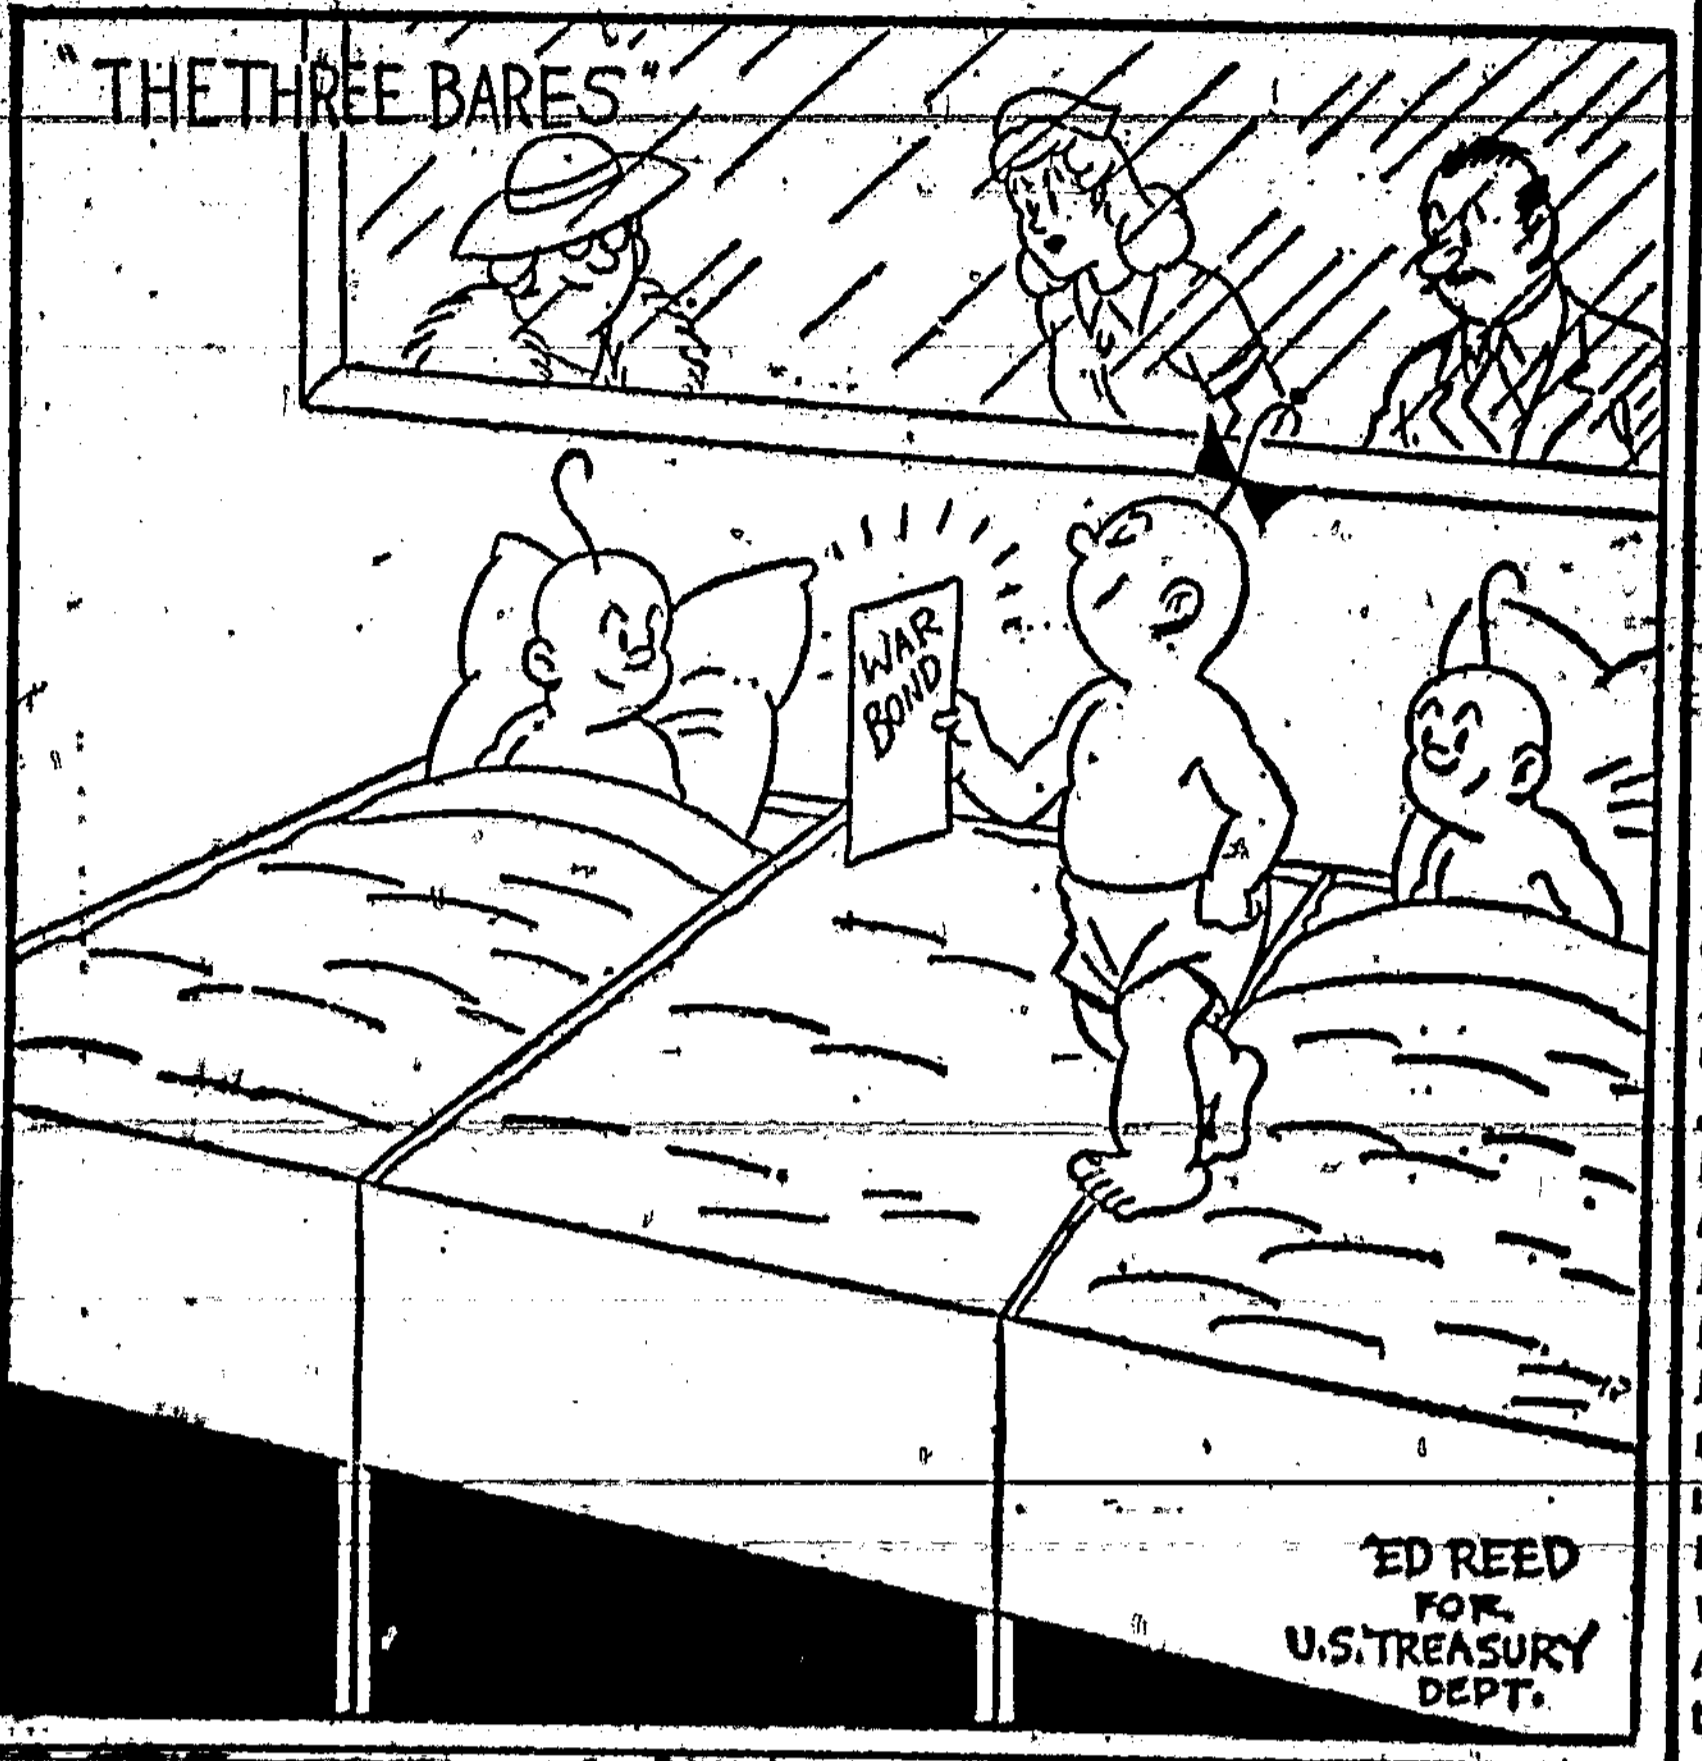

Fewer but better dogs will serve large numbers of females at great distances and poorly accessible places. A trained individual, most likely a veterinarian, will effect the

transfer of the life-element of the desired sire from its airmail tube to the selected female without risk of injury or death to either animal in shipment.

The Center is planning as soon after the war as possible an exchange of the sperm of the most desirable studs in the United States with those of Great Britain, Russia and perhaps other countries.

The war interrupted a number of artificial breeding experiments in progress both here and abroad but these are expected to be resumed with the cessation of hostilities.

WNU RELEASE

The story thus far: After graduating from West Point as a second lieutenant...

the burning of the train in Indo-China, and the news of my one-man war in Burma, the story got to the war correspondents...

In the days that followed I sank barges filled with enemy soldiers, bombed enemy columns and strafed enemy soldiers swimming in the water from the barges I had sunk...

For the time being, though, there was just the one ship, and I nursed it like a baby.

On my second raid I dropped a five-hundred-pound bomb on the largest building in Homalin...

In British Intelligence reports I read that Radio Tokyo had mentioned Homalin. One bombing had taken place, it seems, with very slight damage...

My raids with "Old Exterminator" continued through May and into June. Some days I'd climb out of India through the rain clouds...

Some of the flights into Burma were just a waste of gasoline; I would see nothing. It follows that I have written of the more exciting ones.

Early in June I did have one exciting trip. From reports of the ferry pilots I heard that the Japs were building a bridge over the river N'umzup...

For I had a plan. Dive-bombing from a P-40 is not the most accurate in the world; you can't dive very steeply or the bomb might hit the propeller...

I went back to India and continued my single-ship raids on the Japs. After my fight with the AVG...

Soon I saw my target—and sure enough, there were loaded barges coming out of the broad Chindwin and heading for the docks of Homalin.

For I had a plan. Dive-bombing from a P-40 is not the most accurate in the world; you can't dive very steeply or the bomb might hit the propeller...

ship, I would begin to pull out slowly and count—one count for every thousand feet of my elevation above the target...

I let the four barges get almost to the makeshift wharf; then I dove from my cloud cover. As I got the middle two barges on my gun-sight...

The five hundred pounds of TNT exploded either right beside the leading barge or between the barge closest to shore and the docks...

On my second raid I dropped a five-hundred-pound bomb on the largest building in Homalin, which the British Intelligence reported the next day had been the police station...

In British Intelligence reports I read that Radio Tokyo had mentioned Homalin. One bombing had taken place, it seems, with very slight damage...

My raids with "Old Exterminator" continued through May and into June. Some days I'd climb out of India through the rain clouds of the monsoon and fly on into Burma...

Holla Hopper: Looking at HOLLYWOOD

To a small group in Hollywood the year 1945 means the beginning of fame; for movie land, already jammed with stars...

There will be many surprises not in the cards at present, but from where I sit on the side-lines...

Bill Eythe, at 20th, landed smack in the lap of Lady Luck. This means that the lad from Mars, Pa., unknown to movies two years ago...

Lauren Bacall saw the rushes he said, "Eythe is the greatest star material I've run into in 20 years."

That Uncertain Something Lauren Bacall, that glamorous menace whose pussy willow face and half-mast eyes are her trademark...

Quite a different type is Universal's Ella Raines. A girl with clean blue eyes and a well washed look.

Home Town Boy Type When Metro found Van Johnson they hit a rich vein of talent ore.

Eyde Emerson has had all along what it takes to make a young star. Already she's been stepped into the lead role in "Happiness."

You might keep your eye also on red-haired Lucille Bremer, M-G-M's most promising young dancer. She gets star billing in "Ziegfeld Follies."

"Destination Tokyo" gave us three boys that hit the popularity target dead center—James Craig, Bob Hutton, and Dane Clark.

Never Too Young Peggy Ann Garner was the child prodigy in 1944. But Elizabeth Taylor will be in 1945.

You can shout and scream about the great discoveries of the year, but for my money Bob Walker tops 'em all.

Six Girls Turn the Tables Six Goldwyn girls had so much confidence in Allan Dadd, former collegiate wrestler from Tulsa, Okla., and recently discharged from the army...
