Arbor Day Proclamation.

Whereas—The legislature has directed that the second Friday in March of each year be observed as Arbor Day, and thus a new official sanction has been given to the beautiful and useful custom inaugurated here by proclamation in 1890.

Now, therefore, I, L. Bradford Prince, Governor of New Mexico, do proclaim and give notice that

Friday, March 13,

is set apart for Arbor Day, to be observed by the people in the planting of trees, for the benefit and adornment of public and private grounds, roads, streets and avenues, and in such other undertakings as are in harmony with the general character of such holiday.

In accordance with the newly enacted law, I recommend and enjoin the due celebration of the day on all our people. The day shall be a holiday in all public schools in New Mexico, and school officers and teachers are required to have it observed by the schools under their charge, by the planting of trees and other appropriate exercises.

I repeat the suggestion made a year ago, that trees be planted along all acequias, as this in a very short time, will entirely change the appearance of our valleys, and also afford grateful shade and refreshment to man and beast.

Witness my hand and the great seal of the Territory of New Mexico, at Santa Fe, the Capital, this 2nd day of March, in the year of our Lord, 1891.

[Signed.]
L. BRADFORD PRINCE.
Governor of New Mexico.
By the Governor:
B. M. THOMAS, Sec. of the Ter.

THE El Paso Tribune publishes a column of mining news from the LEADER, and then puts it's own in thus:

"The Tribune is personally and reliably informed that Mr. Wilson met with a hacket with his second-hand mill, the machinery being of no account, compelling him to replace it with new. This mill would have been running now on his rich ore had the machinery been good. Mr. Wilson is one of the oldest miners in White Oaks, and he is now on the road to make a fortune either by getting the ore out or disposing of the mine. He claims $1,000,000 for the mine, but if he gets half that we predict he would be satisfied. Five hundred thousand dollars piled up on our imposing stones would be a great inducement to the Tribune to shut up shop and go fishing.

FROM WEED.

Weed, Feb. 20, '91.

EDITOR LEADER—

As your paper is the only Christian paper published in the county of Lincoln I will give you a synopsis of a little trouble in this part of the moral vineyard.

On the 6th of this month Milbern Mackay and Jim. Mackay, two brothers, took their wagon and went out into the woods, there killing a cow and steer for beef. Some men in the neighborhood saw them and conveyed the news to Garst's ranch. Frank Garst, and his foreman, Fred. Behingro, started out to see what cattle they were killing, and had not gone far when they met the Mackay's. Frank asked to see the hides and consent was given, but as a hide was thrown out by one the other drew a gun, but Frank got the drop on him, and soon satisfied himself as to the brand being his. A search found a hide belonging to Morgan Davis. A warrant was then issued for the arrest of the Mackay's but they skipped and now the deputy sheriff is after them. A search was made for the other hide and it was found where the beef was butchered, cut half in two and the side having the brand on was gone and the ears were cut off, and some eight or nine pieces were found scattered about.

These men are hard citizens—one of them killed a man in Texas while the other has killed two in this county. They are dangerous, and some say they will not be taken; but that is nonsense as anybody can be taken if well located.

I would wager that Garst has lost 50 head of cattle that have been illicitly killed for beef. A class of men hunt for elk and get cattle instead, and as Garst's cattle are always fat the thieves get choice beef.

If the fugitives can be located they will surely be captured, and we hope to see them at Lincoln court. May God help on to their arrest.

Feb. 23, '91.

Frank Garst, a good stockman, citizen and Republican, to day received from Sheriff Roberts the appointment of deputy sheriff. A good appointment. The Mackay boys are in the woods hiding from law offended through their killing beef that did'nt belong to them.

There is plenty of water in the creek this year and I think there will be peace and harmony among settlers henceforth as disturbance caused by lack of water will not ensue.

If you want good crops it is time you were fixing for planting.

There is a good farm or two for sale here.

I am told that the Banner man will talk to us on Monday night.

The Lincoln County LEADER is the best paper in the county.—I can't see why everybody don't take it.

Old Tom Catron, as you face fiendly call him, had a narrow escape from dem. guns. Tom is a stumbling block to the dems., and they want him out of the way, but were he out others would take his place.

COR

Lecky, the historian, says geology has completely disproved what was once the universal belief concerning the origin of death. That this fearful calamity appeared in the universe on account of the transgression of man; that every pang that convulses the frame of any created being, every passion or instinct or necessity that contributes to the infliction of suffering, is but the fruit of the disobedience in paradise, was long believed with unfaltering assurance, and is even now held by many who cannot be regarded as altogether uneducated. And this general proposition became a great archetype, a center around which countless congenital beliefs were formed, a first principle or measure of probability, guiding the predispositions of men in all their inquiries. If all death and all pain resulted from the sin of Adam it was natural to give every particular instance of death or pain a special signification; and if these the greatest of terrestial imperfections were connected with the history of man, it was natural to believe that all minor evils were no less so. But geology has now proved decisively that a profound error lurks in these conclusions. It has proved that countless ages before man trod this earth death ragged and reveled among its occupants; that it so entered into the original constitution of things that the agony and infirmity it implies were known at present when the mastodon and the dinotherium were the rulers of the world. To deny this is now impossible; to admit it is to abandon one of the root doctrines of the past.

Mr. Blaine's Article.

"The Youth's Companion" of March 5th is to have an important paper by Hon. James G. Blaine, entitled "How Reports of Debate in Congress Grow."—Such a paper, relating to the National Legislation and written by our eminent Secretary of State, will be of universal interest.

***

Another of those Double Numbers which the publishers of "The Youth's Companion" seem to delight in offering as a pleasant surprise to it's readers comes to us this week. A careful reading of one of these Special Numbers renders it easy to understand why this favorite paper rarely loses an old friend and gains so many thousands of admirers every year.

Half a million copies of this, the March Double Number, are published.

LADY cricketers are in fashion in Melbourne, but a sad discovery is likely to unsettle the public faith in feminine honesty. Recently a team of lady cricketers carried all before them, owing chiefly to the skill of their captain, who played with the deftness of a masculine professional. One day this talented lady was playing in a high wind, and as she ran a sudden squall caught her cap and carried off, not only the cap, but the fem inine wig beneath. Alas! an unmistakable boy's head was revealed, and the secret of the feminine proficiency was out—the supposed damsel was a disguised medical student.

Raised the American Flag.

Secretary Phoebe Cousins, of the board of lady managers, is a patriotic woman. Recently she noticed that there was not an American flag in the building, which are the officers of the Columbian Exposition, at Chicago. She went from one office to another, scanning the walls carefully, but never mentioning the occasion of her visit Friday morning she brought two silk flags into the building and tossed them over a picture frame in the rooms of the board. "It is peculiarly appropriate," she said, "that it should be left to the women to raise the first American flag for the World's Columbian Exposition. The flag was designed by a woman, Mrs. Betsy Ross, of Philadelphia. Betsy Ross was born in 1742. She was a member of the Society of Friends and had a sort of a bazar in Philadelphia, where her many sisters and neices worked. Betsy was the most expert needle worker of her day. Being a Quaker, she understood the grandeur of primary colors. General Washington, Jared Ingersoll and Robert Morris were her intimate friends and freqently complimented her work. Betsy used to adorn the halls of Congress at Philidelphia and she cut a star with a single clip of her scissors. At the request of Dr. Franklin, John Adams and Thomas Jefferson she designed a flag, composed of thirteen red white stripes and a field in the upper left hand corner. This flag was officially adopted by congress July 4, 1776, and with it we acquired our present name as a nation, "The United States of America," which was inscribed on the flag. Red was chosen to typify fervency and zeal, white integrity and the blue field, and the stars, unity, power and glory.—Before many weeks a handsome portrait of Betsy Ross will adorn the walls, the ladies having decided to pay that tribute to the patriot's memory.

COMPARE the salaries paid to cabinet members with some of the amounts allowed to men in like positions abroad—say in England. There the First Lord of the Treasury, who performs similar duties to those of our own Secretary, is paid $25,000 a year, and he has a number of other little lords to help him, who draw all the way from $5,000 to $8,000 each per annum. The Secretary of State for home affairs has $25,000 per annum; so has the Foreign Secretary and the First Lord of the Admiralty. None of these officials do half the work that is performed by any one of our cabinet ministers and all of them are possessed of large private incomes.

THE Tennessee legislature has declined to pass a bill forbidding sheep to run at large. Per contra, the Missouri solons recently enacted a law prohibiting domestic geese from appearing on the high road or in other public places under penalty of imprisonment.

THE Lancaster News says that a fool out west drank a quart of whisky and it killed him. A woman in New York drank seven cups of tea and the result was death. A man in our own State drank fifteen glasses of water and died.

LAST Sabbath night was an era in the Christian history of White Oaks. It being understood that on said night Rev. Lane would deliver his farewell sermon and take final leave of the ministry, at an early hour the church was filled, largely with regretful admirers of the parson. The subject preached upon was "Crimes and criminals—rewards and punishments," and the text, "Show thyself a man." The speaker was at his best and his every word found lodgement in the minds and hearts of his auditors. During the day a purse of $41 was gotten up for him and presented. Had the effort been made on a week day over a $100 could easily have been secured.—As it was voluntary additions were made which swelled the purse to about $60. The Dr. will hereafter apply his talents to mining.—If he succeeds in enriching himself as successfully in his new field as he did in impoverishing himself in the field just vacated his many friends will have just reason to rejoice.

THE Land Court Bill has passed Congress and been signed by the President, hence is a law. It is hoped and believed that the workings of this law will do much to settle long standing feuds growing out of lands held under disputed land grants.

WHEN the bill prohibiting free railroad passes was ordered engrossed for a final reading in the Nebraska Legislature, Church Howe, of Nemaha County, stepped to the front and tore up his "annual," calling upon the other members to do likewise. In the excitement of the moment he forgot his recent declaration that he had accepted no passes, but his associates recalled the assertion to the great detriment of the dramatic effect which Howe had hoped to create. We know Howe well, and never knew a bigger demagogue. It goes without saying that he is a "reformer."

AMONG the notable utterances at the recent congress of women in Washington was Susan B. Anthony's statement: "With all of Belva Lockwood's faults I stood by her until she began to bleach her hair and paint her face. I couldn't stand that." And Miss Anthony's disgust was quite justifiable. A woman who aspires to be commander in chief of the armies of the United States has no business with hair bleaches and face paints.

At Sheridan's funeral General Sherman became impatient at some delay, and said to Senator Carlisle: "I am not going to have any of this nonsense at my funeral." "How do you know?" responded Senator Carlisle; "you will be there, but helpless."—Gen. Sherman replied: "I have already made all arrangements for my funeral, and if they are not obeyed to the letter I will do some tall kicking, dead or no dead."

Lawyer (to female witness)—Will you please tell this court and jury what your age is?

Excellent Train Service.

The present schedule of train service on A. T. & S. F. R. R. from New Mexico is an excellent one.

A fast express leaves El Paso, Deming and Silver City early each forenoon arriving Florence to Kansas City, and from Wallace to La Junta, by daylight, arriving at Kansas City evening of second day, and Chicago morning of third day after day of departure. This train carries Pullman palace sleepers from El Paso to Kansas City, and Los Angeles to Chicago; with Pullman tourist sleepers Los Angeles to Kansas City making direct connection at La Junta for Pueblo, Colorado Springs and Denver, and at Barton for St. Louis via the Frisco Ry.

The train from San Francisc (with palace sleepers to Kansas City and tourist sleepers to Chicago) leaves Albuquerque daily about noon, strikes Cuckoos near Wagon Mound, arriving in Kansas City evening of next day, and in Chicago the following morning. An additional Pullman sleeper is attached at Las Vegas, running through without change to Denver via La Junta and Trinidad.

The Santa Fe Route runs by its fast time, fine equipment and reasonable rates, to merit the patronage of the traveling public.

Inquire of local agent, or write to A. T. Nicholson, G. P. & T. A., Topeka, Kans.

Free Reading Matter.

There are various schemes for supplying reading matter at a trifle above actual cost. What would you think if you could get good literature free?

Drop a postal to G. T. Nicholson, G. P. and T. A., A. T. & S. F. R. R. Co., Topeka, Kan., and ask for a copy of "To Mexico by Palace Car." You can also procure free copies of "A Santa Barbara Holiday," Guide to San Diego Bay Region," Las Vegas Hot Springs Guide," and folders relating to Texas, Oklahoma and Kansas.

Newspaper Laws.

Dr. Tuckerman, editor of the Workman Cleveland, has taken some pains to collect and compile the decisions of the U S Courts on this subject and gives to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers remove to other places without informing the publisher, and the papers are sent to the former direction they are held responsible.

5. The courts have decided that refusing to take newspapers and periodicals from the office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

GRAND PREMIUM OFFER!

WORKS OF CHARLES DICKENS,

In Twelve Large Volumes,

Which, in Connection with a Year's Subscription to this Paper, is a Trifle More than Our Regular Subscription Price.

CHARLES DICKENS.

Wishing to largely increase the circulation of this paper during the next six months, we have made arrangements with a New York publishing house whereby we are enabled to offer as a premium to our readers a set of the Works of Charles Dickens, in Twelve Large and Handsome Volumes, with a year's subscription to this paper, for a little more than our regular subscription price. Our readers will unhesitatingly endorse any offer heretofore made. Charles Dickens was the greatest novelist who ever lived. No author before or since his time has written the same number of volumes that he has, and his works are even more popular to-day than during his lifetime. That abound in wit, humor, pathos, masterly delineations of character, vivid descriptions of places and incidents, thrilling and skillfully wrought plots. Each book is intensely interesting. No person could be without a set of these grand and remarkable works. Not to have read them is to be far behind the age in which we live. The set of Dickens' works which we offer as a premium contains the following world-renowned works, each one of which is published complete, unabridged, and handsomely illustrated:

DAVID COPPERFIELD,
MARTIN CHUZZLEWIT,
NICHOLAS NICKELLY,
DOMBEY AND SON,
BLEAK HOUSE,
LITTLE DORRIT,
OUR MUTUAL FRIEND,
PICKWICK PAPERS,
BARNABY RUDGE AND CHRISTMAS STORIES,
OLIVER TWIST AND GREAT EXPECTATIONS,
THE OLD CURIOSITY SHOP AND THE UNCOMMERCIAL TRAVELER,
A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every household corner of the civilized world. Yet there are thousands of homes in America and yet not one but what a set of Dickens, the rarest high class books possessing people in existence, are debarred from enjoying this luxury. But now, owing to the use of modern improved machinery, the extremely low price of white paper, and the great contraction in the book trade which we can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

Lincoln County Leader one year and full set of Dickens, for $2.75.

Excellent Train Service.

The present schedule of train service on A. T. & S. F. R. R. from New Mexico is an excellent one.

A fast express leaves El Paso, Deming and Silver City early each morning arriving via Rincon to Wagon Mound, and from Wallace to La Junta, by daylight, arriving at Kansas City evening of second day, and Chicago morning of third day after day of departure. This train carries Pullman palace sleepers from El Paso to Kansas City, and Los Angeles to Chicago, with Pullman tourist sleepers Los Angeles to Kansas City making direct connection at La Junta for Pueblo, Colorado Springs and Denver, and at Burrton for St. Louis via the Frisco Ry.

The train from San Francisco (with palace sleepers to Kansas City and tourist sleepers to Chicago) leaves Albuquerque daily about noon, strikes Cucheta near Wagon Mound, arriving in Kansas City evening of next day, and in Chicago the following morning. An additional Pullman sleeper is attached at Las Vegas, running through without change to Denver via La Junta and Trinidad.

The Santa Fe Route signs by its fast time, fine equipment and reasonable rates, to merit the patronage of the traveling public.

Inquire of local agent, or write to A. T. Nicholson, G. P. & T. A., Topeka, Kans.

Free Reading Matter.

There are various schemes for supplying reading matter at a profit above actual cost. What would you think if you could get good literature free?

Drop a postal to G. T. Nicholson, G. P. and T. A., A. T. & S. F. R. R. Co., Topeka, Kan., and ask for a copy of "To Mexico by Palace Car." You can also procure free copies of "A Santa Barbara Holiday," "Guide to San Diego Bay Region," "Las Vegas Hot Springs Guide," and folders relating to Texas, Oklahoma and Kansas.

Newspaper Laws.

Dr. Tuckerman, editor of the Workman Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on this subject and gives to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publishers and papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them unclaimed for, is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a postal card notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

GRAND PREMIUM OFFER!

WORKS OF CHARLES DICKENS,

In Twelve Large Volumes,

CHARLES DICKENS.

Which by Offering with a Year's Subscription to this Paper for a Little More than Our Regular Subscription Price.

Wishing to largely increase the circulation of this paper during the next six months, we have made arrangements with a New York publishing house whereby we are enabled to offer as a premium to our subscribers a set of the Works of Charles Dickens, in Twelve Large and Handsome Volumes, with a year's subscription to this paper, for a little more than our regular subscription price. Our readers will acknowledge Charles Dickens was the greatest novelist who ever lived. No author before or since his time has been the home that he achieved, and his works are more popular to-day than during his lifetime. They abound in wit, humor, pathos, masterly delineations of character, vivid descriptions of places and incidents, thrilling and skillfully wrought plots. Each book is intensely interesting. No household should be without a set of these grand and remarkable works. Not only have read them in the far behind the age in which we live. The set of Dickens' works which we offer as a premium, is handsomely printed from entirely new plates, with new type, bound in cloth, stamped, and generally elegant.

DAVID COPPERFIELD,
MARTIN CHUZZLEWIT,
NICHOLAS NICKLEBY,
DOMBEY AND SON,
BLEAK HOUSE,
LITTLE DORRIT,
OUR MUTUAL FRIEND,
PICKWICK PAPERS,
BARNABY RUDGE AND CHRISTMAS STORIES,
OLIVER TWIST AND GREAT EXPECTATIONS,
THE OLD CURIOSITY SHOP AND THE UNCOMMERCIAL TRAVELER,
A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every household corner of the civilized world. Teachers are thousands of homes in America not yet supplied with a set of Dickens, the most high cost of the books prevented people in moderate circumstances from enjoying their luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great competition in the book trade which we can offer it per year. Every home in the land may now be supplied with a set of the great author's works.

Lincoln County Leader one year and full set of Dickens, for $2.75

The World Renowned.

It is the boast of the present day that the production of everything that will contribute to the material welfare and comfort of mankind are almost unlimited, but when Lyrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

"Godey's Lady's Book" for March is ahead as a fashion journal. None of the fair sex but what will appreciate the efforts of the publishers in sending out such delightful number. They have added a further attraction in offering three current numbers for twenty-five cents, so every one can try and see how they like the magazine. Godey Publishing Co., Philadelphia, Pa. ELLA G. TIMONEY, P. M.

IT is rumored that a valuable lead of galena has been struck in the Tenderfoot Mine in the Gallinas, recently. Messrs Young & Taliaferro ar principal owners, and have long had an abiding faith in their property. Jonesy is now at the mine and as the work goes ahead the true value of the new find will become known. We hope it will prove rich.

THE run of 40 tons of Lady Godiva ore at the South Homestake Mill last week was a flattering success. The sorting could not be done as closely as desired, but the clean up was satisfactory. It gave nearly $50 per ton. Prof. Dye is to be congratulated on the reward of his years of labor in endeavoring to make this a paying property, and if present indications are realized the Lady Godiva will at no distant day be a constant bullion producer.

ON Tuesday last a party consisting of our townsmen, Dr. N. W. Lane, Ed. Keeley, Dan. Enal Jones and Peter Reid, left, by special conveyance, for the Sierra Madre Mountains, in northern Mexico, State of Sonora. They are each and all energetic and practical mining men and are on the track of what promises to be valuable property in that famous mineral region of Old Mexico.—They will go via. El Paso and Deming. Dr. Lane resigned his position as associate editor of the Leader simultaneously with his surrender of the ministerial portfolio of the Congregational Church but freely and cheerfully accepted a commission as special correspondent for the people's favorite journal, so that our readers can confidently look for letters from him every week. Each member of the party is well known and their host of friends will hear from them each week through the LEADER.
