Perfectly Well.

FILLMORE, Dubuque Co., Ia., Sept. 1st, '90.
Miss K. Finnigan writes: My mother and sister used Pastor Koenig's Nerve Tonic for neuralgia. They are both perfectly well now and never tired of praising the Tonic.

Twenty-one Years.

writes the Rev. M. J. Fullmer of Freeland, Pa., January 18, 1890, was Cath. Dawson suffering from his kidneys and bladder. She had taken so many remedies that doctors, without any relief, but since she began to use Pastor Koenig's Nerve Tonic she is able to work, and looks her own living—Another case is that of M. Gallagher, of the same place. He is 17 years old, had for a whole year so severe that we thought several times he would die, tried different doctors and medicines without relief; but since he used Koenig's Tonic he had only slight attacks, which were probably caused by violent exercise.

QUEER HISTORY.

It has long been said that "history repeats itself," and every newspaper student will verify the axiom. The New Orleans and the Valparaiso incidents will create a genesis.

A few days ago the great dailies of New York, those opposed to the administration, had a sensation from Bridgeport, Connecticut.—According to the story and embellishments, a British vessel sailed into the harbor of Bridgeport with the Union Jack up and no American Flag exhibited at the fore. Thereupon a great mob assembled and demanded that the American Flag be at once hoisted. The skipper from Johnny Bull's land refused, and then the mob, reinforced by a company of local militia, attempted to board the vessel, threatening death and destruction to the subjects of the Queen occupying her decks. But the captain pulled a bull-dog revolver and swore he would kill the first man that touched his vessel with his profane American feet, and the mob, including the militia company, ran away.

Then the great metropolitan editors wanted to know what the administration was going to do about this insult from the British government! It was worse than the Valparaiso incident, it was worse than any outrage on a friendly flag that the editors aforesaid had ever heard of, and the administration was certainly at fault if it didn't do something to avert a war right away.

In a few days the people of Bridgeport heard of the trouble and were amazed. It was news to them. Then the reporters interviewed the British captain and he laughed and said it was a hoax. He said that when he hitched to the wharf a half dozen small boys guyed him, but he didn't pull a revolver or any other attention to their fun.

LAST SATURDAY the rumor came to us that a shaft or pocket of the Old Abe mine Wm. Watson discovered and brought to light a nugget weighing over 11lb. We swallowed the story at one gulp and Col. Heman being present we together figured the value of the find and estimated it at $3,000.—Shortly afterwards we met friend Watson and told him the result of our figuring, whereupon he smiled—and we were away off—that the value of the nugget exceeded that of the "he's Old Abe Mine—and further that he didn't uncover it from shaft or pocket with shovel, pick or other vulgar tool—and still further, that the nugget was not a solid one but a mine and that one father and child are doing well, and if Father Watson don't watch [illegible]

A Visit to Our State Agricultural College.

Nothing in any way related to the institutions of New Mexico has ever gratified me as the State Agricultural College, situated at Las Cruces, and which it was my pleasure to visit recently. It is only a little more than fifteen months since the corner stone of the building was laid and now it is completed and the grounds beautifully laid off, with the portion allotted to agricultural purposes receiving its share of attention.

The building is of beautiful gray stone and would do credit to any State. It is furnished with the latest and best heating apparatus and the most comfortable seats. All the black boards are great slabs of slate, and every department of the institution is furnished with the most approved and complete apparatus necessary for a thorough study of the subject included.

It possesses an excellent library including the best books of reference, all the best periodicals and leading newspapers. The department of mechanical arts, with its engines, turning lathes, saws, and various machinery, is a source of delight to the boys who have entered upon that branch of learning.

The furnishing of McFie Hall is not yet complete. It is intended for an audience and lecture room and will be fine when finished.

In front of the college a wide boulevard extends through the grounds, on either side of which are pleasant walks made to continue along the banks of the acequia that intersects the wide street at right angles near its terminati n. This will be delightful in summer, for it is lined with shade trees.

No arrangements are yet made for boarding students near the College and all who are there from a distance stop in Las Cruces or Mesilla. Most of those in attendance ride or drive in every morning, and the horses are cared for in the long, low built stables back of the College.

This, like all other institutions of learning in New Mexico, has to include a preparatory department, but it is to be devoutly hoped that this may soon be eliminated from the College and find its place in the public common school where it properly belongs.

The faculty of this College is composed of as fine, intelligent and scholarly professors and instructors as will be found in any like institution.

White Oaks has one representative in the school who is showing his appreciation of the advantages offered him in a most commendable way. M. H. H.

A Very Common Want.

"Out of sorts," "distrait," "the blues," these new familiar appellatives for uncomfortable, undoubtable sensations, accompanied with lassitude, nervousness, indigestion, poverty of the blood, to remedy which an effective stomachic persistently used in the permanent mood, is productive evidence that the system is inadequately nourished because food not eaten, the food is not assimilated. It follows the sluggish exertion of the stomach, portends an irregular condition of the bowels, or may be a healthful assertion of the bile with Hostetter's Stomach Bitters. For over thirty years this popular medicine has corrected the common ailment of the nervous invalid, the dyspeptic and all persons deficient in vitality, or physical tone. To the penury of impoverished circulation is attributable its efficacy as a preventive of malaria and la grippe. Thoroughly effective is it for rheumatism, kidney complaint and neuralgia.

FROM NOGAL.

Nogal, Feb. 12, 1892.

EDITOR LEADER—

Seeing so much derogatory to our interests in the Old Abe Eagle, of White Oaks in reference to the coal mines at the Solodo, prompts us to try to enlighten the public mind in regard to the matter.

Instead of a small deposit of worthless coal at the Saledo as represented, we have untold quantities in said camp from 4 to 7 feet thick of the best quality that has been tapped at any place. The statement should have reversed—"large quantities at the Solodo and very small at the Oaks." The truth will prevail and the A. T. & S. F. Co. have already found out the misrepresentation in reference to our coal, and still better they, through their officials, have found out that they can reach said coal by a much shorter route than via, White Oaks.

Mr. Editor of the National Bird why not let us have a chance at one road? Why try to down us by misrepresenting our interests, and when that fails try to get an option on all the coal mines at the Saledo! We rejoice at your prosperity as a camp and town because it is a benefit to all the county.—Will you let us alone and see if we can't be of some benefit also Insinuations are a damnable detriment to all classes of business and should not be tolerated or indulged in. The encouragement of all the industries of our county is the proper thing for all good citizens.—"Chickens will come home to roost." THOS. W. HANLEY.

[Nearly all that our correspondent says carries with it the true ring. No benefit can accrue to any portion of Lincoln County that will not pulsate the veins of White Oaks. Our, at present in embryo town, has elevations that are being crowned by attractive residences and peopled by brave men, good women and pretty children, living the *tout ensemble* the appearance of comfort, contentment and vigorous hope. What occasion then, for the "green-eyed monster, jealousy," to bivouac here. But when Mr. H. defiles our coal resources and makes effort to overshadow the developed or at least proved and proven coal mines of White Oaks by the Soledo prospects, flattering though they are, he flounders in the same mire that does the late importation from Colorado who he criticises. On any and all occasions it should be remembered, that "two wrongs never make a right."—ED. LEADER.]

The Denver News says that the Las Vegas & El Paso road is no longer a possibility—it is a probability. The Denver chamber of commerce held a railroad meeting, at which Jefferson Raynolds of the First national bank, of this city, was present. Mr Raynolds says it was the feeling that this road must and shall be built, and that Denver will make it the first enterprise which has pushed to the front.—Optic.

The latest official information relative to the A. T. & S. F. company's plans for building in New Mexico this season comes from C. K. Holliday, a member of the A. T. & S. CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all throat and lung affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. New Mexico Irrigation Convention.

Territory of New Mexico,
Executive Office,
January 11, 1892.

Pursuant to a generally expressed desire, and in order to carry forward the work so successfully inaugurated at the Irrigation Congress held at Salt Lake City in September last, I hereby call a Territorial Irrigation Convention to be held at Las Vegas,

MARCH 16, 1892,

and the subsequent days, to consider the question of Irrigation and the improvement of arid lands in New Mexico and the surrounding region.

To this convention delegates are invited to be sent as follows from New Mexico:

From each county, to be appointed by the county commissioners, 10 delegates.

From each city or incorporated town, to be appointed by the municipal authorities, 5 delegates.

From each board of trade or commercial club, 5 delegates.

From each incorporated irrigation company, 3 delegates.

From each newspaper, 1 delegate.

From the Territorial Bureau of Immigration, to be appointed by its president, 5 delegates.

All persons interested in the general subject of irrigation, living outside of New Mexico, will be welcome, and will be received on such terms as to representation and membership as the convention may decide.

L. BRADFORD PRINCE,
Governor of New Mexico.

Newspaper Laws.

Dr. Tuckerman editor of the Workman, Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on this subject and gives to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical, the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them uncalled for is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

7. The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

Excellent Train Service.

The present schedule of train service on A. T. & S. F. R. R. from New Mexico is an excellent one.

A fast express leaves El Paso, Deming and Silver City early each afternoon, making the run to Rincon, and from Wallace to Las Vegas, by daylight, arriving at Kansas City evening of second day, and Chicago morning of third day after day of departure. This train carries Pullman palace sleepers from El Paso to Kansas City, and Los Angeles to Chicago, with Pullman tourist sleepers Los Angeles to Kansas City making direct connection at La Junta for Pueblo, Colorado Springs and Denver and at Burrton for St. Louis via the Frisco Ry.

The train from San Francisco (with palace sleepers to Kansas City and tourist sleepers to Chicago) leaves Albuquerque daily about noon, strikes darkness near Wagon Mound, arriving in Kansas City evening of next day, and in Chicago the following morning. An additional Pullman sleeper is attached at Las Vegas, running through without change to Denver via La Junta and Trinidad.

The Santa Fe Route aims by its fast time, fine equipment and reasonable rates, to merit the patronage of the traveling public.

PICKWICK PAPERS,

The above are without question the most famous novels that were ever written. For a character of a century they have been celebrated in every book and review of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the moral high tone of the books pleasing people in moderate circumstances from enjoying their luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

WORLD

Under one management.

A. T. & S. F.

An eminent example of American Enterprise, Energy and Perseverance.

In the hands of young men this great system has been so carefully managed that it has earned a reputation second to none for convenience, safety and the luxuries of travel. It is fast becoming the popular route for transcontinental travel, in connection with the Southern Pacific railroad.

It has opened up an almost unlimited field for pioneer enterprise in the far West. No other railroad can carry a man, who is seeking his fortune, to golden opportunities such as are open along a thousand miles of this great system.

Special freight rates are given to settlers and immigrants.

IF YOU WANT

a San Francisco paper and of course you want a good one, the WEEKLY EXAMINER fills the want completely, for it is the best. It gives you every week not only all the news, but the best literary and miscellaneous matter published on the American newsstands—that is its specialty; being the best. It wants your subscription—yours particularly—and offers not only to you, but to every other subscriber, one or more attractive premiums.

In the first place, it gives every subscriber, one of the five magnificent etchings or paintings described below, and delivers it safely at his address, postage paid.

"The Retreat from Moscow," by Meissonier,
"The Roman Chariot Race," by A. Wagner.

Each of these pictures is 27x38 inches, and they are elegantly reproduced in our daily, showing every line and color of the great originals, either one of which could not be purchased for $100,000.

"Women and Children First," by C. Napier Hemy,
"Christ Leaving the Prætorium," by Gustave Doré

Each of these pictures is reproduced by photogravure, after highly and exclusively by all the framing, and will adorn the walls of the most refined house.

Each subscriber has the choice of any one of these five pictures, which will be mailed him in a tube direct from the EXAMINER office, as soon as the subscription is received.

In the second place, he will get a share in premiums valued in the aggregate at about $125,000, to be given away this year. If there are 50,000 subscribers, one in ten will get one of these premiums. If there are 100,000, only one in twenty. But no matter how many there are each and every one of these premiums—which range in value from 50 cents to $5,000—will be given absolutely without cost to some of those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as your banker, or the Wells Fargo & Co. or any bank or commercial agency in San Francisco will assure you, and the leading men of the city will see that the premiums are distributed exactly as agreed and that every subscriber no matter where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you may just as well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. HEARST, Publisher, San Francisco, Cal.

The EXAMINER and the LEADER, the combined price of which is $3.50, will be sent you for one year, postage paid, for $1.85. Send the money to the office of the LEADER and your subscription will be promptly forwarded to the EXAMINER, and you will receive therefor the EXAMINER'S numbered receipt. You can get a Premium Supplement by applying at the office.

THE weather continues pleasant.

DR. WATSON, of Iowa, is in town visiting his brother, William Watson.

THE Hewitt Block is nearly enclosed and will soon be ready for the plasterers.

LYN BROOKINS has been quite sick for the past week, but rumor reports him recovering.

L. B. PEARD, lawyer, is lying very sick, at Brothers' hotel—in fact he is not expected to recover.

WORK on the new two story stone building adjoining Stewart's grocery store is progressing rapidly.

GUHM AND SONS are erecting a large frame building near the Methodist Church to be used as a carpenter and paint shop.

WM. LEWIS has attached an engine to his artesian well machinery in lieu of horse power which was too light for the business.

THERE is a hardware store in Lincoln, Col., run by Griswold & Co. The firm were formerly White Oakers—A. H. Griswold and Pete McCourt.

THE Lincoln Independent says that the paragraph going through the Territorial press that Mrs. W. P. Blanchard had been appointed master of Lincoln is not true.

MISS HURSTON, an estimable lady of Trinidad, arrived here last Sunday. She is a sister of and to our fellow townsman, Mel. Hurston, who broke his ankle here last week.

IN A FRUIT SHOOTING AFFAIR other lines of business Brown & Underhill have established a bakery. This week they have built an oven and secured a first class baker and are now ready for business.

THE masque ball given by the young men of the town at the K. of P. Hall last Monday night was a complete success. There were quite a number of elegant costumes, together with the majority of extremely comical ones. There were two prizes given, one for the best character of the ladies and one for the gentleman, of which the latter was captured by Mate Dalton and a New Mexico girl, represented by Mrs. [illegible] Mr. Underhill [illegible] lady. Everyone enjoyed the evening and wish for a repetition [illegible]

WE learn that W. A. Hawkens of Eddy, district attorney of this judicial district, has tendered his resignation to Gov. Prince. This is very unfortunate for the district, as Mr. H. gave evidence of being well equipped for the office, and had the respect of representatives of both political parties.—Among other aspirants for the vacancy it is said that our townsman Capt. Timoney is in the field with flattering prospects of success.

The World Ransacked,

The facilities of the present day for the production of everything that will contribute to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was ransacked with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

WE learn that the instruments of the White Oaks band are on the way from Chicago and will soon be here. As the boys have not realized money enough from the subscription list, and show to meet the expense they have concluded to give another entertainment in the near future.

THE owners of the Buckhorn Lode adjoining the Kempton Addition, have completed arrangements to have their property surveyed and platted. As soon as the survey is completed there will be a building boom on the Buckhorn Addition.

THE White Oaks Band and Minstrels will give another entertainment at the Theatre next week. The boys promise a better show than their first one. Everybody turn out and help the boys complete the payment of their instruments.

WE understand that Dr. Carl Regan, an eminent physician and surgeon of the East, will arrive here on or about the 22nd or 23rd inst., with his family and will very likely remain with us and continue the practice of his profession.

AUTOMATIC SEWING MACHINES.

Prices reduced. Every family now can have the best Automatic Sewing Machine in the market at reduced prices. For particulars send for our new illustrated Circular with samples of embroidering. Our Illustrated Circular shows every part of the Machine perfectly, and is worth sending for even if you do not buy a Machine. Kimm & Murphy Mfg. Co., 225 and 227 West 24th St., N. Y. City.

MEASLES have been epidemic here of late but of a mild type.

THE LEADER has for sale a piano, an organ, 2 wagons, 2 carriages, 2 carts, 2 type writers, a watch, a soda fountain, a shot gun, a stove and range, 2 bicycles, one for a lady and one for a gentleman, also a first-class sewing machine. Gavin Fish is our agent for the sale of any or all of the above—See him and secure bargains.

Old Soldiers Take Notice.

I have received a large supply of Pension blanks and will make out your applications, proof of claims, and forward them to Col. S. P. Hinsdale, at Washington, D. C., a thoroughly competent Pension Attorney who will see that your claim is properly cared for.
